EIGHTY-FIFTH YEAR

NUMBER 39

MANCHESTER, WASHTENAW COUNTY, MICHIGAN

THURSDAY, JUNE 5, 1952

FIVE CENTS PER COPY

\$2.50 PER YEAR IN ADVANCE

Judge Payne Elected To National Ass'n Office

Judge Jay H. Payne, Wash-tenaw County Probate and Juvenile Court Judge, was elected as one of the Vice Presidents of the National Council of Juvenile Court Judges of America at the 15th Annual Meeting of that Association recently held in Indianapolis, Indiana. Other officers elected were, Chris T. Barnette, Judge of the Juvenile Court for Caddo Parish, Shreveport, Louisiana, President; Donald E. Long, Judge of the Circuit Court, Portland, Oregon, Vice President; Talbot Ellis, Judge of the Domestic Relations Court, Birmingham, Alabama, Vice President; Leo B. Blessing, Judge of the Juvenile Court, New Orleans, Louisiana, Secretary; and Harry W. Lindeman, Judge of the Domestic Relations Court, Newark, New Jersey, Treasurer.

Judge Jay H. Payne

An Executive Committee consisting of fifteen judges having Juvenile Court Jurisdiction in various states from coast to coast and including Gustav L. Schram, Judge of the Allegheny County Juvenile Court at Pittsburgh, Pennsylvania and Victor B. Wylega, Judge of the Juvenile Court of Buffalo, New York, who are Past Presidents of the Association, was also selected.

The National Council of Juvenile Court Judges is an Association comprised of the twenty four hundred judges having Juvenile Court jurisdiction in America. Its meetings are designed for the exchange of ideas for the betterment of the administration of Juvenile Courts, for the enlargement of their service to children and for the enactment of legislation making the operation of Juvenile Courts more uniform throughout America.

Judge Payne served as a member of the Executive Committee of the Council last year. At the Indianapolis meeting he presided at a Work Shop Panel Discussion on "An Inventory of the accomplishments and needs for the future to better service for children and a review of the philosophy underlying the Juvenile Court." During the four day session, Judge Payne also served as a member of the Resolutions Committee and the Committee on the Time and Place of the next meeting. The next meeting of the Council will be held in New Orleans, Louisiana in late April of 1953.

New Pastor At Sharon Church

Rev. J. A. Beardsley, newly appointed minister at the Sharon Evangelical-United Brethren church, and his wife have moved to the parsonage at 302 Ann Arbor street, Manchester. Prior to his appointment here the Rev. Beardsley was pastor at St. Marks Evangelical and United Brethren church in Detroit for five years and during that time built the new St. Marks church which was dedicated two years ago.

He was ordained at the conference at Sunfield, thirty-one years ago. Among the pastorates he served included Trinity Lutheran in Detroit for eight years and the South Haven E. U. B. church.

Others in the family besides his wife Ida are a son Paul of Grand Rapids and a daughter, Mrs. Dorothy Mitchell, wife of Rev. R. W. Mitchell of Westminster Presbyterian church in Detroit. Another son, James, arrived here Monday from Otterbein College at Westerville, Ohio, where last year he completed his freshman year preparatory to entering the ministry. James is planning to accept a position in Detroit for the summer. Rev. Beardsley is a trustee of the college.

House Heating
No harm would be done in letting an empty house get cold, provided all plumbing and heating pipes are completely drained. The harm that is usually done is in heating it again, with condensation of moisture of walls, ceilings and floors. Such damage can be avoided if, when you reopen the house, you heat it very gradually, with adequate ventilation to prevent the condensation of moisture.

Recreation For Summer Starts June 16

With the opening of the village playgrounds June 16th, Manchester residents can anticipate a summer of enjoyable and healthful recreation. Directed by the Recreation Committee in cooperation with the Village Council, the Community Chest, the Board of Education and the Red Cross, the program aims to serve both children and adults. Charles Mills is the local director.

Organized playground activity will undoubtedly be a powerful factor in luring the smaller children away from dangerous and inadequate playfields every week day morning for a couple of months. In the afternoons the program will be devoted to junior and senior high school groups. Evenings will feature the ever popular softball games, band rehearsals and concerts, and square dancing if there is a demand for it.

Community planning for recreation and wise use of leisure time is one aspect of maintaining temperate sound living. The aim of the Manchester program effort opportunities for the enrichment of leisure time which is to open through community individuals alone are unable to secure, to use available volunteer leadership as a means of broadening the program and to realize the contributions such a plan will make in developing a desirable Community Spirit. All policies and procedures at the playground are based upon democratic procedure—"The greatest good to the greatest number."

The season will open with the second annual Field Day Festival on June 16th. All details for this and other definite plans for the summer will be announced in the next Enterprise. The junior playground will be open every morning, except July 4th, from 9:30 to 11:30 unless it is raining. There is no playground on rainy days. Some of the things scheduled are supervised play, games, music, hikes, crafts and story hour.

A correction for the age of children included in the junior group should be noted. It is the same as the past few years—4 and 5 year olds who are eligible to enter kindergarten in the fall and children to or through 10 years of age are welcome to attend the junior group at the school playground. Children who are under kindergarten age may not attend the public playground without being accompanied by a competent caretaker.

Mrs. Robert Kuhl is director for the junior group this summer. Volunteer assistants are needed and teen agers and adults who can give a few hours of help between the dates of June 16 and August 8 may call Mrs. Marvin Oats (5101) with their offers or questions.

The senior program will again include a junior softball league for boys under 15 years of age. A league schedule will be set up and teams will be chosen during the first week of the program, and games will start on Tuesday, June 24. The league will again feature night games for the league leaders.

The senior program will also include swimming, tennis, badminton, horse shoes, girls' softball, bike hikes, croquet, and other activities for which there is a demand.

Permission blanks for swimming will be printed in the next issue of the Enterprise, and anyone planning to take part in this program should be sure to bring his permission slips to Mr. Mills before the first day of swimming.

Jolly Farmerettes New 4-H Club

A new 4-H Club has been formed in the Manchester area. The Jolly Farmerettes has been organized under the leadership of Mrs. Harold Stevens. The officers were elected at the first meeting which was held at the home of the leader: president, Pauline Buss; vice-president, Rosie Sauers; secretary, Cathy Sauers; treasurer, Lois Stevens; games, Mary Ann Paul and reporter Donna Kemner.

The girls plan to meet every two weeks and their summer project will be cooking, with preparing breakfast the first undertaking of the group. The June 10th meeting will be at the home of Mary Ann Paul.

Rep. Meader's Announcement Of Candidacy

I will be a candidate for nomination on the Republican ticket for Representative in Congress from the Second District of Michigan.

My record in the 82nd Congress is my platform. My statements in debate, my votes on legislation and the policies and programs I have sponsored reveal rather completely my views on national affairs.

My pledge to the voters of the Second District of Michigan is that I will continue to fight for the reestablishment of true representative government and for intelligent decisions on national problems. I will resist the forces which are driving this country toward bureaucratic control and direction of our national economy.

As I view it, the issue of control by the government as opposed to the liberty of the individual is presented in the 1952 campaign in a more dramatic way than it has ever been presented before. The President's seizure of the steel industry and his claim to inherent powers to do anything which in his opinion is for the welfare of the people point up the issue.

The Republican Party and its leaders face a historic challenge in 1952. The American people must recapture their rights to self-government and individual liberty. Only through the Republican Party can they achieve this goal.

Children's Day At Bethel Church

Children's Day will be observed at the Bethel church, Freedom township on Sunday, June 8th, at the 10 a. m. service when the children will present a special program directed by Miss Ila Pfeifle. Included will be a skit "We Are All One". In the cast will be Richard Audritsh, Mary Ann Boettner, John Bihlmeyer, Ronnie Wild, Paul Menzel, Joanne Hieber, Donna Esch, Elizabeth White and Roland Guenther.

After the program there will be a potluck dinner on the church grounds for the children and their parents. The Rev. T. W. Menzel is pastor at the church.

Stanley Samonek Injured In Accident

Stanley Samonek, jr., 28 of Manchester suffered severe cuts on his face early Sunday when his car sideswiped an automobile being driven by Clifford Creek, RED-2 Manchester on Pleasant Lake road near Fletcher road according to state troopers at the Clinton post.

Mr. Samonek was taken to St. Joseph's Mercy hospital, Ann Arbor. Troopers Harold Morrison and Russell Lane said his car careened off the road after the impact and smashed into a tree.

Softball Results

On Tuesday evening, May 27 the opening game of the softball season was played—earlier games had to be postponed because of rain. In the opener Manchester Fords walloped Klager Chicks 12-9 with Bill Romelhardt pitching for the winners and Lee Hertler, the losing pitcher.

In the second game the Manchester Fireballs beat the Farmers 14-5.

Thursday, May 29, the Tecumseh Products beat Saline American Legion 6-5 with Art Golas the winning pitcher.

In the second game the Grass Lake Merchants beat Chelsea 5-3 with Brumbaugh pitching for Grass Lake and Schiller for Chelsea.

On Tuesday, June 3, in the first game the Farmers beat Klager Chicks 4-2 in eight innings with Hertler pitching for Klagers and Ben Creason for the Farmers. In the second game the Fireballs beat Saline American Legion 13-2 with Ross and Dunny pitching for the Fireballs and Sieler for Saline.

Thursday of this week Manchester Fords will play Chelsea and Grass Lake Merchants will play Tecumseh Products. Then on Friday night two of the games rained out the first night will be played when Manchester Fords will meet the Farmers and the Fireballs will play the Tecumseh Products.

Youngest President
James Abram Garfield, 20th U.S. president, was 49 years old at the time of his death, in 1881.

Weekend Crash Claims Life Of Manchester Youth

Above left, Raymond Dunny; above right, Richard Kensler; lower right, William Aiken, all injured in fatal crash.

David J. Hopstead (above) who was killed in a car-truck collision near Fremont, Ohio.

Hopstead Rites Held Wednesday

Funeral services for David Hopstead were held at the Jenter Funeral home on Wednesday, June 4, at 3:00.

He was killed in an automobile accident early Sunday morning.

He made his home with his mother at 13560 Schlewies Road. His stepfather Henry Hopstead lives in Detroit. There are no other survivors.

He was born July 6, 1934 and attended Tappan Junior High School in Ann Arbor until he entered Manchester High School.

He recently enlisted in the

Navy and was waiting his call for training.

Funeral services were held at the Jenter Funeral Home with Reverend Harry Young officiating. Burial was in Oak Grove Cemetery in Manchester.

Moms Hold Meeting

The Manchester Moms held their meeting at the hall with 21 in attendance. It was decided to hold Tag Day on June 28, at which time the members of the group will be on the street selling tags. Following the meeting refreshments were served by Mrs. Clare Walter, Mrs. Ed Steele, sr. and Mrs. Albert Wellhoff.

Graduation Parties Highlight Social Events of Past Week

Among those who have been entertaining for Manchester graduates during the past week were:

Mr. and Mrs. Kenneth Snyder entertained for their daughter Peggy at a reception on Wednesday evening Mr. and Mrs. Guy Sellers from McGuffey, Ohio, Mrs. William McBride of Philadelphia, Pennsylvania; Mr. and Mrs. Richard Fink and family, Mr. and Mrs. Thomas Bradshaw, Mr. and Mrs. Allen Carson, Mr. and Mrs. H. A. Sott, Mrs. Clara Sott, Mr. and Mrs. Frank Carson and Mr. and Mrs. Hershall Snyder all of Manchester.

A reception honoring Patricia Grindall was given by her father following Commencement exercises on Wednesday evening. Relatives and friends were present from Parma, Jackson and Michigan Center. Miss Grindall was the recipient of many lovely and useful gifts.

Mr. and Mrs. Leo Scully entertained at a reception for their daughter Rosemary. Guests were Mr. and Mrs. Clarence Miller, Mr. and Mrs. Glenn Tiffany both of Jackson, Mr. and Mrs. Joe Brooks, Mr. and Mrs. Harold Dietle, Mr. and Mrs. William Kirk, Mr. and Mrs. Paul Wilde, Mr. and Mrs. Lynn Burch, Mr. and Mrs. Thomas Walton, Mr. and Mrs. Charles Mills, Mr. and Mrs. Ray Tirb, Mrs. Birdella Flood, Miss Amanda Schauble, Miss Janet Scully, Mr. and Mrs. Irwin Huber, Mr. and Mrs. Herbert Blumhardt and Miss Mary Bater all of Manchester.

Mr. and Mrs. Edgar Little entertained for their son Edgar at a reception Mr. and Mrs. L. A. Penny, Mr. and Mrs. Frank Jaworsky both of Detroit, and Mr. and Mrs. Douglas Price of Ann Arbor.

Mr. and Mrs. Russell Fuller entertained at reception for their daughter Arlene with out of town guests present from Wayne, Mt. Clemens, Jackson, Napoleon and Chelsea.

Mr. and Mrs. Roland Guenther entertained in honor of their daughter Joan's graduation 60 relatives, neighbors and friends. They were present from Ypsilanti, Ann Arbor, Saline, Dexter, Chelsea and Manchester. She received many lovely gifts.

Mr. and Mrs. Walter Schauble entertained at a reception for

their daughter Joyce on Wednesday evening Mr. and Mrs. M. C. Houghton, Mr. and Mrs. H. J. Stone both of Detroit, Mr. and Mrs. Donald Deaver of Jackson, Mrs. A. F. Blatt and son of Toledo, Ohio and relatives and friends of Manchester.

On Wednesday Mr. and Mrs. Erwin Kensler entertained in honor of their son's graduation Mr. and Mrs. Walter Gieger of Clinton, Mr. and Mrs. Erwin Kensler Jr. and Michell of Charlotte and other relatives and friends. Mr. and Mrs. Edward Padden and family of Ahren, Ohio who were unable to attend graduation exercises were guests at the Kensler home on Memorial Day.

Mr. and Mrs. Kenneth Furgason entertained at a reception for their son William. Guests were Mr. and Mrs. Robert Gehring of Lake Orion, Mr. and Mrs. LeRoy Heimerdinger and Nancy, Mr. and Mrs. Otto Trinkle, Mrs. Mary Galloway and son Ed, Mrs. Rose Kirk, Mr. and Mrs. Harold Dietle, Mr. and Mrs. William Kirk, Mr. and Mrs. Ed Kirk, Mr. and Mrs. George Swank, Mr. and Mrs. Harold Bersuder, Mr. and Mrs. Norman Higgins, Mr. and Mrs. John Schill, Mr. and Mrs. Basil McGuire, Lyle Widmayer, and Mr. and Mrs. Joe Brooks all of Manchester.

Mr. and Mrs. Alger Clark entertained at a reception for their son Allen Mr. and Mrs. Howard Hunt and son Tipton, Mr. and Mrs. Duane Hunt of Tecumseh, Mr. and Mrs. Clifford Logan of Spring Port, Mr. and Mrs. Harold Wheeler and family, and Mr. and Mrs. Victor Miller and son both of Chelsea, Mrs. Dorothy Fialch and daughters of Tecumseh. Others were present from Clinton and Manchester.

Mr. and Mrs. Stanly Jerkin entertained 28 guests Wednesday evening following the graduation of their daughter Janice. Guests were present from Vandercook Lake, Ypsilanti, Addison, Brooklyn and Manchester.

Mr. and Mrs. Charles Eisenhauer entertained 43 guests at a reception on Wednesday for their son and daughter Robert and Kathleen both of whom graduated in the class of '52. Guests were present from Hudson, Saline, Ann Arbor, and Manchester. Claude Hammond (Continued to page 8)

A Manchester high school graduate of last Wednesday was killed and four other teenagers were injured early Sunday near Woodville, Ohio, 35 miles south of Fremont, Ohio, when their car collided with a truck.

The victim was David J. Hopstead, 17, son of the late Henry McIntee and Mrs. Henry Hopstead of Manchester. He was driving the automobile he received as a graduation gift.

Others taken to Fremont Memorial hospital are: Richard Kensler, 18, son of Mr. and Mrs. Erwin Kensler, Bill Aiken, 17, son of L.E. Aiken, both of Manchester; Mary Ellen Drew, 18, of Milan; and Seaman Raymond Dunny, 18, son of Mr. and Mrs. John Dunny of Manchester.

The Kessler youth also was graduated last week from Manchester high school. Aiken is a junior at the local school and Miss Drew graduated Thursday, June 12, from Milan high school.

The teen-agers were returning Seaman Dunny to Youngstown, Ohio, where he was to meet a friend and proceed to his base. The five had left Manchester at 4 a. m. Sunday following a going away party for Dunny.

The Hopstead youth died instantly police reported. Dunny was most seriously injured, being thrown from the car and suffering a concussion, severe cuts and internal injuries. Miss Drew returned home Monday and Kensler and Aiken were brought home on Tuesday.

Ohio authorities said the driver apparently fell asleep at the wheel. The car was crushed beneath the truck, police said. As soon as Dunny recovers sufficiently he will be moved to a Naval hospital for further treatment.

Lawrence Schaffer Heads Board Of Commerce

Lawrence Schaffer well known Ypsilanti businessman was elected the new president of the board of commerce at the joint meeting of the old and new directors Tuesday evening. He was born and raised in Manchester and a graduate of Manchester High school.

Fair Board To Meet Tuesday

The Manchester Fair Board will meet on Tuesday, June 10, at 8 p. m. Special committees working on this year's fair are asked to be present at the meeting at which each division will be asked to submit their rules to be published in the Manchester Fair Book. William Kulenkamp has named the following to be present at the meeting:

Steer Club president, Bill Curtis; vice president, Stanley Buss; secretary, Gordon Schultz; and treasurer, Tom Snyder. The Steer Club purchasing committee includes Roland Guenther, Willard Manor and Erving Buss, are asked to be present.

Committee chairmen have been named as follows and are urged to attend: Publicity, Willard Manor; Merchants Tent, Roland Grossman; Implements, Densel Fuller; Home Economics, Joan Crandall; Horse Show, Bob Merithew; Premium Book, Owen Cathey and Marie Schneider; Tractor Demonstration, Leo Lentz; Dairy Cattle, Jesse Walker; Swine and Sheep, Lowell Farr; Rabbits, Mrs. Weinhardt; Grain, Clayton Parr; Hobbies and Antiques, Edna Knauss; Flowers, Mrs. Alvin Bouesse; Garden and Vegetables, Fred Lambright; Steer Committee, Dan Boutell, Robert Hamilton, Albert Haller and Pat Roesch.

The Grounds Committee is D. C. Weed and Ed Wurster; in charge of Concessions and Space are Pat Roesch and Carl Schauble; Ed Smith has charge of the Poultry Division and Mrs. Claude Gage has charge of Fancy Work and Baked Goods.

All of these committees are urged to be present at the meeting with their contributions to the fair premium book.

Milk Producers Meeting June 3

A series of six district conferences for local officers and delegates of the Michigan Milk Producers Association are to be held during the first two weeks in June. The local district meeting was held June 3 at the Grange hall on Saline road, south of Ann Arbor with Ernest Girbach, chairman.

The program for the meeting which began at 8 p.m., included reports by H. E. Simmons, secretary-manager of the MMPA, and by Sales Committeeman from the district who attended the recent hearings conducted by the U. S. Department of Agriculture, to consider proposed changes in the Detroit Federal Milk Marketing Order.

Dr. Glen Reed, extension specialist in veterinary medicine at Michigan State College, was the guest speaker, taking as his sub-

ject, "Dairy Cattle Diseases", including anthrax. Wives were invited to the meeting which was conclude dwith the serving of refreshments.

Market Reports Direct From Stock Yards

Another step forward has been taken by Howard Heath, WPAG farm broadcaster this week. On his noon broadcast he has been giving market reports, which he secured some two hours earlier from the A. P. Starting Monday the quotations will come direct from the Detroit Stockyards thru the Michigan Livestock Exchange. This will greatly improve the service and his will be the first station in the state to have this direct service.

To inaugurate the new system, Monday's broadcast will be made directly from the stockyards in Detroit and Mr. Heath will doubtless bring some of his chatty side-lights from his unusual location. Listen for it at 12:30 p. m.

Man-Made Canyon

When mining is completed in 1953 at International Nickel's Froid-Stobie open pits, the excavation at the main pit will be 6,400 feet long, 1,400 feet at its widest point, and about 450 feet deep. From that enormous opening, along with the smaller Stobie pit, will have been removed a total of more than 62 million tons of ore and 40 million tons of rock since the operation was authorized in 1937.

Generating Electricity

To generate the electricity required by an electric water heater, a power plant used 4,216 pounds of coal a year.

Furniture Fashions

If you have a porch, terrace, garden or just a plain old-fashioned backyard, with a little planning and a few pieces of the new summer furniture, you can have an outdoor living room that's both colorful and inviting. The variety of designs in wood, rattan, metal and wicker has never been greater. Wood furniture is now treated to be moisture and insect repellent, and brilliantly colored upholstery fabrics for pads and cushions have been designed to take a beating from the weather. Summer furniture is available in matching combinations of chairs, tables, settees, serving carts, etc. Porch, garden and recreation room furniture is keeping pace with all the other design advancements within the industry. Shown above is a porch group of wire-brushed hickory and woven flat reed.

Indianapolis Type Races At Detroit

The finest field of Indianapolis type cars to start in a sprint card for the 1951 season in Michigan will get the green flag at the Michigan State Fair Grounds Detroit race-track on June the 8th.

Top drivers from 24 states have already entered to assure a field of at least 40 cars with Michigan's top big ear drivers represented by such well known names as Don Carr of Jackson, and Iggy Katona ex-foundry worker from Azalia, Michigan.

Eight events topped by a 25 mile feature race for a \$5,000 purse will get underway at the

fairgrounds at 2:30 P.M. with time trials running in the Morning of the 8th from 11:00 A.M. to starting time.

Pete Spencer of Saginaw who promotes the races for the Detroit Lodge of Elks No. 34 Charities, selects Sid Burkin, 1951 Central States Champ, from Mt. Carmel, Illinois, Tom Cherry of Muncie, Indiana with his \$20,000 Ford, and Roy Prosser veteran driver from Sun Valley, last year's winner, as the drivers most likely to succeed.

Unlimited class of engines in the sprint racing encourages all kinds of mechanical ingenuity.

Aircraft modifications, squired-up steek engines, Offenhausers, and 100 and 1 other arrangements get all available horsepower from each sleek racing body.

High Falls

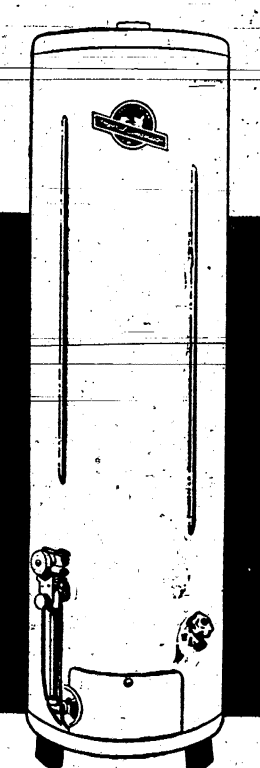

The world's highest waterfall is Angel Falls in eastern Venezuela hemmed by jungle in a canyon seen by few men. Spurling from a cliff more than half a mile high, water falls free for 2,648 feet, then crashes on for a total drop of 3,212 feet. This is 15 times higher than Niagara Falls. By another yardstick, it is more than twice the height of the Empire State Building.

Mr. Advertiser do you have a product or a service that you want to promote? Do you have a SPECIAL something in your store that the purchaser should know about? Or do you have a real bargain to offer the home town folks? Certainly you have one of these. And you have put a great deal of time and effort behind the securing of this merchandise and even more effort behind putting the right price tag on it. Your next problem, naturally, is to let the purchaser know that you have gone to this trouble for him and that you have something of value to offer. The advertising columns of this newspaper are the best "silent salesmen" at YOUR command. For the lowest possible cost you, MR. ADVERTISER, can have a silent salesman go into, and be accepted in, the great majority of homes in the Manchester area. Consistent results in the past are your best assurance of consistent results in the future. Try the Enterprise for the lowest cost with the highest return in promoting YOUR product. The Manchester Enterprise

MILK HOUSE IS SOUND INVESTMENT

WITH 34 states already requiring producers to provide a special building for the handling of milk, a good milk house is an investment which will pay dividends in time and energy saved and reduction of losses resulting from rejected milk.

The milk house shown here is efficient, economical to construct, and conforms to rigid sanitary regulations. Simple in design, it can be built by the farmer in his spare time if he does not wish to employ outside help.

Built of cinder block with glass block panels for daylighting the interior, this compact 12 by 12-foot milk house has ample space for handling approximately 50 gallons of milk a day. Hopper windows in the glass block panels assure plenty of ventilation in warm weather.

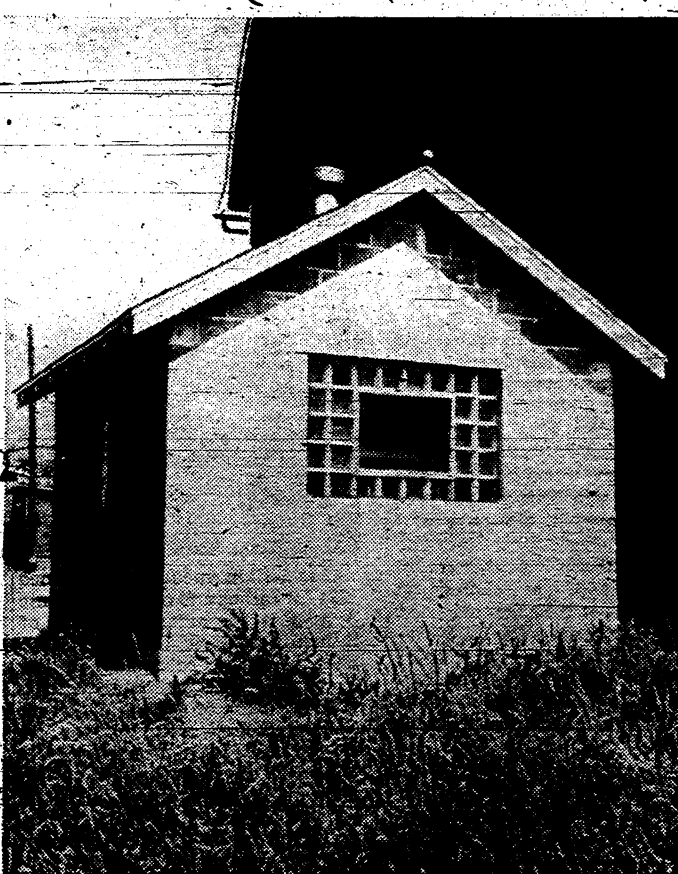

Insulux glass block, which has the insulating value of an eight-inch brick wall, and the cinder block provide weather-proofing against the winter cold and summer heat and resistance to condensation damage.

Built on a 12-inch foundation which extends below the frost line, the milk house has a four-inch concrete floor which simplifies cleaning problems. Adequate drainage facilities help to eliminate dampness despite the large amounts of water used to clean equipment and to cool the milk.

In building a milk house, the following points should be remembered:

1. Choose a site close to the milking room.
2. Locate it where a good supply of pure water is most readily available.
3. Build the milk house on the sheltered side of the barn for protection from winter winds.
4. Window space should be at least 10 per cent of the floor space to assure adequate daylight. Glass block panels provide the daylight source and still maintain insulating efficiency of the overall structure.
5. Before starting to build, consult county or state officials to be sure your milk house will conform to the regulations of the area in which you market your milk.

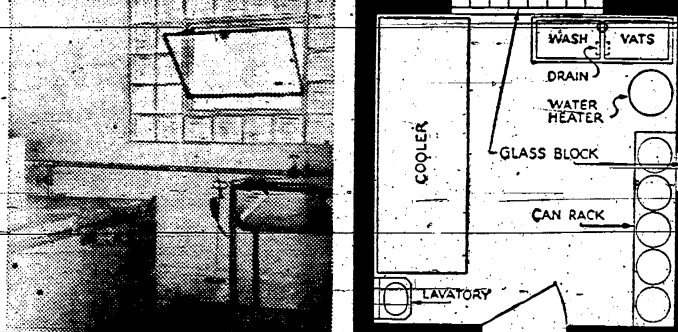

The size of the milk house

Glass block panel improves milk house appearance.

will vary, of course, according to the productive capacity of the individual farm. The U. S. Public Health Service recommends a floor area of 144 square feet for 50 gallons or less per day; 168 square feet for 50 to 100 gallons; 192 square feet for 100

to 160 gallons and an additional four square feet for each 10 gallons of capacity over 160. It is also recommended that the width of the milk house should not be less than one-half the length, nor less than 10 feet wide.

Daylighted interior.

Room to work.

GOV. WILLIAMS

LANSING—The Senate has before it bills which would make some improvement in the guard forces at our state prisons—but in my opinion not nearly enough.

The bills reported out by the Senate Appropriations Committee last week would allow us to hire 25 additional guards in the entire prison system. My recommendation, based on the estimates of the Corrections Department, called for 160 additional guards—122 of them at Jackson and 38 at the other institutions.

The situation at Jackson is still very tense, and we must eventually get the state police out of the prison and back to their normal duties. The guard forces provided in this bill are not sufficient to guarantee maintenance of order and discipline.

HOSPITAL ADDITION: The Senate Committee also declined to approve my request for \$600,000 to build a new building at Ionia Reformatory, to house younger prisoners now in Jackson and other institutions. This would go a long way to relieve overcrowding, which was one of the basic causes of the riot.

Instead, the Committee is advancing a bill which would appropriate planning money for an addition to the Ionia State Hospital for the Criminal Insane. This is on the theory that space would thus be provided for mentally ill prisoners now at Jackson.

But many authorities believe the Ionia hospital should not be made any larger than it is. They believe our mental hospital funds should be invested in other institutions, more specifically devoted to treatment and cure of mental illness.

DEATH PENALTY: The House also adopted, by one vote, a bill providing death in the electric chair for any convict who kills a guard or officer.

This bill still has to go through the Senate. Its opponents say it will open the door to capital punishment, because it will be hard to argue that

death should be the penalty for one form of willful murder and not for another. Michigan has not had a death penalty since 1846.

I will reserve judgement. But it seems to me that some legislators are still seeking a cheap and easy way to prevent such things as the Jackson prison riot. I don't think anything will prevent such outbreaks except adequate space in our prisons, and adequate guard forces.

The real cause of the riot was overcrowding, lack of space to separate trouble-makers from the rest of the inmates, and inadequate security forces.

LOAN TO LIBERIA: We loaned one of our top public servants to a small sister-republic last week. Robert F. Steadman, Controller of the State of Michigan took a 60-day leave of absence to help the Republic of Liberia straighten out her budgeting problems.

Dr. Steadman will serve with the United States Department of State under the foreign-aid program. The little Negro republic in West Africa is one of the world's best examples of a nation struggling to help itself to a good life for its citizens.

I am proud that Michigan is able to furnish an outstanding expert to help in this effort.

ACCIDENT: Thanks to all the citizens who have offered me their congratulations on the fortunate outcome of the accident in which my car was involved last week.

It happened that I was alone in the back seat of the car which the State Police provides for the use of the Governor. I was dictating letters on my portable dictating machine, which I often do while travel-

ing by car. One of my aides, State Police Sergeant Gene Dinkel was driving at a moderate rate of speed. One moment we were rolling along with a clear road ahead and the next moment I had ducked to the floor and we were in a three-car smashup. Another driver had made a left turn in front of Sergeant Dinkel.

I am particularly happy that nobody suffered more than a scratch in the other cars. I would have felt very bad if that had happened, even though I am sure Sergeant Dinkel was not at fault.

OFFER: One result of the crash was an offer from two young gentlemen in Pontiac to take the damaged car off my hands.

I received a letter from Ronnie Krefl and Roland McKenzie of 8521 Cooley Beach Drive, Pontiac, which said:

"We read about your accident and were wondering if you wanted to get rid of your car for a reasonable price. Our school visited the Capitol last Thursday and we saw your car then and liked it. If you do want to sell it will you please write and tell us and if you don't, still write us."

I'm sorry I'll have to notify

Ronnie and Roland that the big car is a State Police car and not for sale. It will have to serve the Governor of Michigan for tens of thousands of miles more.

Racing Closes At Jackson This Week

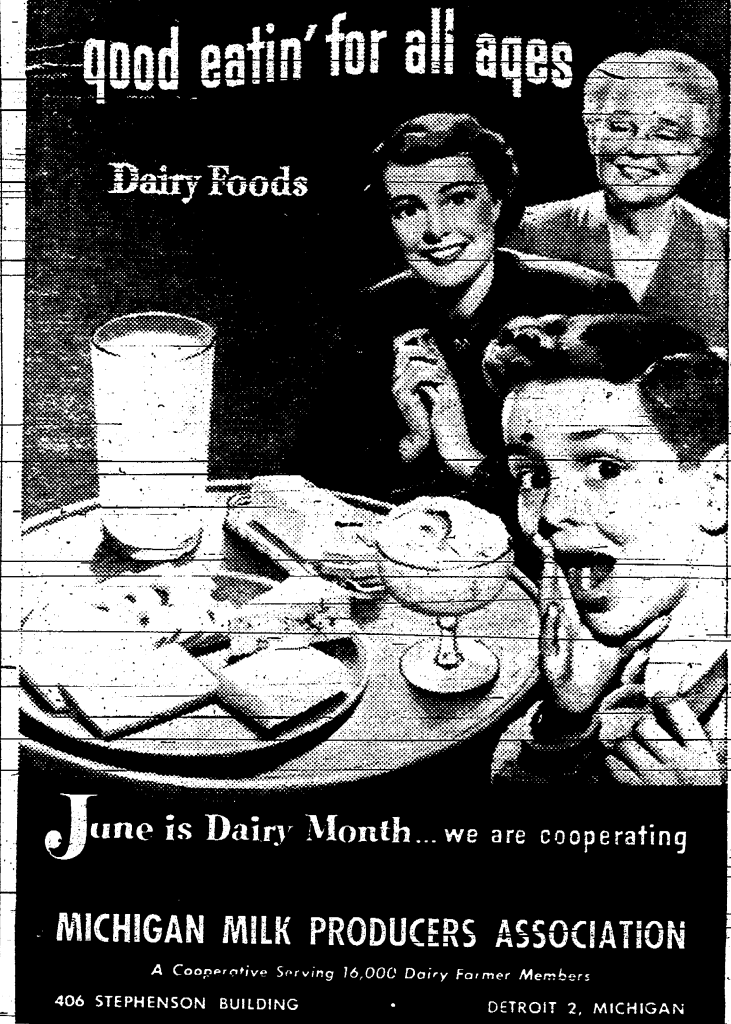

Jackson Raceway will conclude its most successful harness racing meeting Saturday, June 7, and this in spite of the fact that the first three weeks of the scheduled 32-night meeting had seven "rain-outs", twice as many as were recorded in Michigan's 137 nights of the trotting sport last year.

At the end of 17 racing days, Jackson Raceway's pari-mutuel wagering had passed the 1951 total set in 23 days. Percentage-wise, the Jackson track was showing a 52 percent increase over the corresponding period of a year ago. This figure was expected to go even higher during the final week's racing. Attendance totals were up 40 percent.

Fascinating Fashions

By Judy Seaton

The west has invaded the fashion world; Western influence prevails not only in hand-tooled leather

belts, frontier pants and modified cowboy boots but even in jewelry design and formal clothes.

Dale Evans, co-star of radio and TV's "Roy Rogers Show," designs all her own clothes and creates them along western lines.

"For comfort as well as fit" Dale claims, "there is no outfit more suitable than frontier pants—more slimming, by the way, than slacks with a soft wool shirt of check or plaid neatly tucked in and a narrow hand-tooled belt of natural cowhide for a finishing touch." Or, if you prefer a skirt for evening wear or just loafing, why not select one of faded blue denim, slightly goved, with huge patch pockets, and smartly decorated with hand stitching? Wear a tailored long-sleeved blouse with it and show off your most handsome wide leather belt to best advantage.

Dinah Shore, well-dressed young star of CBS's "Jack Smith, Dinah Shore, Ginny Simms Show," lives on a comfortable sprawling ranch in California. "Western clothes, Dinah points out, "need not be sporty or unfeminine. The western touch may be used for your most gala occasion in silks and velvets embroidered in gold and silver for a dramatic and original evening gown."

Northville Downs Opens June 9

Northville Downs will open 54 nights of harness racing Monday June 9. It will be the ninth year for Michigan's pioneer mutual track. The meet will continue through August 9.

Grand opening night will see many of the nation's top pacers and trotters going to the post at 8:15 p. m.

Otlow G. Owen, Northville operational manager, predicts that this season will eclipse all others in quality of racing and attendance. There have been more than 1100 applications for Northville Downs' 600 stalls which has insured a choice of outstanding horses.

Fans will see brand new lighting down the stretch making the track one of the best lighted in the Midwest. The track already is in fine condition and everything will be in tip-top shape when the meeting opens.

Tommy Winn and Bob Taylor, leading drivers, are coming for the Grand Opening from recently closed Yonkers Raceway. Northville's favorite son, Archie Niles, is bringing his stable from Santa Anita. Others who will be ready include Jack Williams, Foy Fanderburk, Ora Durcan, Danzel Berry, Leon Boring and Harold Snodgrass.

The \$10,000 Gov. Cup Trot is set for Friday, July 11, and the \$10,000 Michigan Pacing Derby will be held Friday, August 1.

Keeping Even

Although freight car builders turned out 110,229 cars during a recent 16-month period, the nation's fleet of freight cars increased by only a quarter of that total. Worn-out freight cars had to be retired at a rate three-quarters as large as the new construction.

Beautiful and Tough

Many of the lacquers now being made for the surface-coating of fine furniture have great resistance to scratching and marring. Made in either clear or satin finishes, they bring out the full beauty of the wood they protect.

DRESS SUIT RENTING

AUCTION

Having decided to sell at Public Auction at 614 City Road.

SATURDAY, JUNE 14

at 1 P.M.

The described property as follows:

Mr. and Mrs. Glen Breitenwischer and son Tommy of Belmont, California are spending two weeks vacationing here while they visit his mother Mrs. Amelia Bentschneider and his sister Mrs. Birdella Flood. They came to attend the funeral of her mother Mrs. Oscar Schneider at Kenosha, Wisconsin and then came on to Michigan.

Mr. and Mrs. Millard Uphaus entertained Mr. and Mrs. Louis Stepe and family of Howell and Mr. and Mrs. D. C. Weed and family.

Mr. and Mrs. Harold Waiz and family of Detroit were week end guests of Mrs. Andrew Staib.

Mr. and Mrs. Pete Briem are now making their home at the former Albert Meyer home which they recently purchased on Grossman Road. The couple came here from Albany, Indiana. Mr. Briem is a brother of Otto Briem of Manchester.

Good To The Last Morsel

A delightful variation of the famous Chiffon Cake uses semi-sweet chocolate morsels both whole and melted to achieve new flavor as well as distinctive cake decoration. The melody motifs on the cake are easy to make, despite their professional perfection.

Chocolate Orange Chiffon Cake

2 1/2 cups sifted cake flour
 1 1/2 cups sugar
 3 teaspoons double acting baking powder
 1 teaspoon salt
 1/2 cup salad oil
 5 egg yolks, unbeaten
 2 tablespoons grated orange rind
 1/4 cup orange juice
 1/2 cup egg whites
 1/2 teaspoon cream of tartar
 1 pkg. semi-sweet chocolate morsels

Sift together cake flour, sugar, baking powder and salt. Make a well in this mixture and add in order, salad oil, egg yolks, orange rind and juice. Beat with spoon 150 full strokes, counting only actual beating strokes. In a large bowl, beat egg whites and cream of tartar until whites form very stiff peaks (much stiffer than for Angel Food or meringue). If egg whites are underbeaten the chocolate morsels will sink to the bottom of the cake. Gently fold yolk mixture into egg whites with rubber bowl scraper until just blended. Turn 1/2 the batter into ungreased 10-inch tube pan, 4 inches deep; sprinkle 1/4 cup semi-sweet chocolate morsels over batter. Turn in remaining batter and sprinkle 1/4 cup semi-sweet chocolate morsels over top. Bake in a slow oven (325° F.) 65 minutes. Invert until cool. Cover sides and top of cake with frosting; decorate with chocolate musical notes. To make musical notes, form part of musical notes, using about 1/4 cup. Melt remaining semi-sweet chocolate over hot, not boiling, water. Remove from heat; blend with 1/4 cup confectioners sugar adding a few drops of water or milk to make a smooth consistency. Force through pastry tube to complete musical notes.

Meadowridge Buys Tecumseh Dairy

It was jointly announced today by Meadowridge, Inc. and Clarence Gilman that the business and properties of the Tecumseh Dairy have been sold to Meadowridge, Inc.

Meadowridge stated that the dairy business will be operated separately from the farming enterprise and that Ken Blumerick has been appointed to manage this part of the business. Dale Dean, one of the best known Jersey breeders in America, will continue as manager of the farms. Mr. Gilman has agreed to assist Ken Blumerick for an extended period of time.

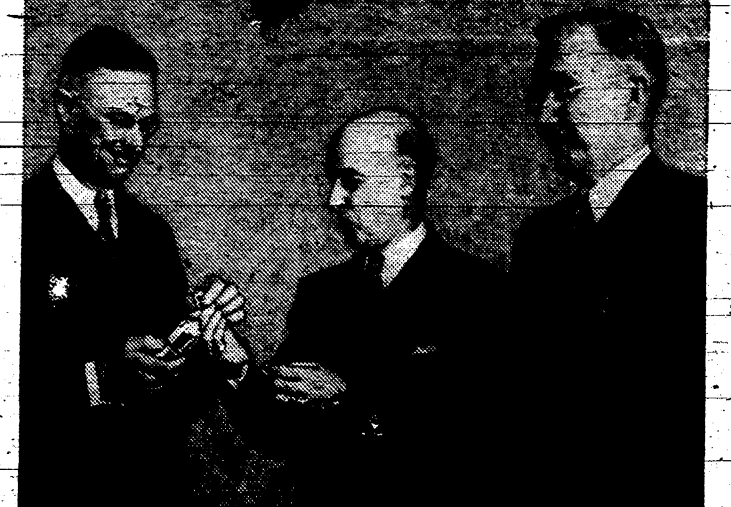

Meadowridge plans to continue those services which have been proven satisfactory in the past and will welcome suggestions from the public for future improvements. New methods of merchandising dairy products will be investigated and services improved for the benefit of all. Since Meadowridge is locally owned and managed, an aggressive sales and promotional program is planned, aimed at local customers.

All milk produced at Meadowridge will be bottled at Tecumseh Dairy. Because practically all milk used will come from Jersey cows it will have the highest food value of any milk sold in Tecumseh. Meadowridge has an accredited herd of Jerseys and is inspected by both the Federal and State Government twice a year.

Ken Blumerick, who will manage the Dairy has been connected with farms and Jersey cattle all his life. Prior to his coming to Meadowridge he did 4-H work in St. Clair, county, Michigan. Later he took the Dairy Products short course at Michigan State College and following that did herd test work for four years as dairy herd supervisor. He came to Meadowridge in 1944 and has been herd manager there ever since. He helped establish the Meadowridge herd and it is now recognized as one of the top Jersey herds in the country by prominent Jersey breeders, both large and small. Ken has also been judging various Jersey shows throughout the country.

Meadowridge extends an invitation to anyone to come out to the farms and see the Jersey herds and sanitary methods of producing your milk.

Plant Produces One Billionth Vacuum Tube

One billion vacuum tubes since 1924 for radios and other electronic devices is the amazing record of Sylvania Electric Products, Inc. At a recent ceremony in the Emporium, Pa., radio tube plant, in recognition of the achievement, George Rishell, left, who on an original development grant of \$500 produced Sylvania's first radio tube, holds the original and the 1,000,000,000th tube. Matt Burns, center, manager of the radio tube division, joins with H. Ward Zimmer, executive vice-president, in commemoration of the production event.

The tube plant in Emporium, Pa., shipped the first vacuum tube Thanksgiving eve, 1924. Since then, Zimmer, Burns and Rishell have helped guide production from 50 tubes a day in Emporium to the present network of eight major tube plants.

The "one billionth and one" tube will be delivered through the company's distributor sales organization to a dealer and then sold to some lucky consumer. The company has announced that it will trace the path of the tube and award the purchaser with a trip to Bermuda.

S/Sgt. Focht Home On Furlough

S/Sgt. and Mrs. Morris Focht and their two children Joe and Barbara spent last week with his brother and wife Mr. and Mrs. Robert Armentrout and family here. Their mother Mrs. Cora Armentrout of Kenton, Ohio was also a guest at the Armentrout. The Fochts have recently returned home from Bermuda where he was stationed 2 1/2 years. S. Sgt. Morris will be stationed at Phoenix, Arizona after July 4th. He is in the air corps and is home on a thirty day furlough. While here the family visited other relatives and friends.

Mrs. Focht is the former Shirley Armentrout and made her home here while working at the Manchester Ford Plant. Many were interested in seeing the many colored slides which the Fochts took during their stay in Bermuda.

Manchester Man Weds Clinton Girl

On Saturday afternoon at 4 o'clock Geraldine Ann Anglemire, daughter of Mr. and Mrs. Edward Anglemire of Clinton became the bride of James P. Kress of Manchester, son of the late Mr. and Mrs. F. J. Kress. Fr. Walter Henness read the marriage service in the presence of the immediate families.

The bride wore a pale blue suit with white accessories and a corsage of white carnations. Miss Evelyn Kershner of Clinton was the bride's only attendant. She was attired in a white suit with white accessories and a corsage of pink carnations.

Donald Krzyzaniak of Manchester served as best man.

Immediately following the ceremony a dinner was served at the home of the bride's parents at Clinton for the immediate families. After a honeymoon through the south for ten days the couple will make their home at 13450 Pleasant Lake road. For traveling the bride was attired in a navy blue dress and white accessories.

The bride is a graduate of Clinton high school and Mercy College of Nursing in Detroit and is now employed in the office of Dr. William Purfield in Manchester. Mr. Kress is a graduate of Manchester high school and is engaged in farming.

For her daughter's wedding Mrs. Anglemire chose a navy blue dress with navy and white accessories, and a corsage of pink carnations.

Prior to the wedding the bride was honored at showers by neighbors and friends at the Bridgewater town hall and at a shower given by Mrs. William Purfield.

Class Of '12 Celebrates 40th Anniversary

Following the Alumni Banquet Mr. and Mrs. Frank S. Spaford entertained several members of their class at their home. Class members included Miss Henrietta Wolff of Moline, Illinois, Mrs. Frieda Schwalm of Detroit, Mrs. Bertha Blumenauer, Mrs. Glen Holly, Mr. Harry Sutton of Manchester.

Other guests were Miss Bertha Seaman of Moline, Illinois, Mrs. Harry Sutton, Mrs. Viola Shutes, Mrs. Ruth Sanford of Detroit and Mrs. Lucille Aulis Haar of Ann Arbor.

James Prescott Graduates From Roosevelt

Cadet James Prescott, son of Mr. and Mrs. W. E. Prescott who reside at Manchester, Michigan was awarded his high school diploma at the graduation exercises of the Roosevelt Military Academy, Aledo, Illinois on Sunday afternoon, June 1st.

Cadet Prescott was promoted to the rank of 2nd Lt. at the exercises and was given recognition in Leadership, Military, Academics, Athletics and Music. Served as "B" Co. Commander during his senior year and was a consistent Honor student throughout the year. He was also a member of the Student Council and plans to enter Michigan State College in September.

Following the exercises on the Roosevelt Military Academy Campus, Cadet Prescott returned to Manchester with his parents who were present for the graduation exercises.

Golden Anniversary

Mr. and Mrs. Robert G. Sortor celebrated their golden wedding anniversary Sunday, May 25, in their home in Stockbridge. They have been making their home in Stockbridge for the past twelve years, previously living in Dexter and Manchester. They are the parents of R. C. Sortor, band director and teacher at Manchester.

Accident Records

From 1900 to the end of 1908, deaths from the new horseless carriages averaged about 320 a year. In 1907, according to the best records available, the motor vehicle death toll was 666. The following year 634 fatalities occurred and by 1909 there were 1,254 persons killed in a single year.

Sheep Dipping

Have your sheep dipped early for best results. Dipping increases the yield and improves the quality of the wool in addition to controlling the external parasites such as ticks and lice. The cost is but a small percentage of the benefits derived. We are now operating our modern and efficient dipping equipment and your order should be sent in to insure prompt service. The cost increases and the benefits decrease as the season advances. Do it now. Write or phone:

KLEEN-MAID BREAD

1100 FAMILIES - 3,500 PEOPLE READ THIS PAGE WEEKLY

Vacationing Afloat

A carefree week afloat on a cruise of our historic Inland Seas provides an ideal way to escape mid-summer heat. Every week throughout July and August the luxury cruise ships of the Georgian Bay Line—the S.S. North American and the S.S. South American—sail on 2,200-mile itineraries calling at many interesting ports. Above we have a view of the Strait of Mackinac, looking out from Old Ft. Mackinac on historic Mackinac Island. Both cruise ships stop over at this colorful island weekly on their respective itineraries. (Inset map shows full 7-day cruise routes of each ship).

Easy-Mix Hot Breads

By JANE ASHLEY

Soft, velvety, light as a feather biscuits are easier to make with salad oil. Here is the recipe.

Remember, too, that you may use salad oil to replace equal amounts of the melted shortening called for in your favorite waffle or griddle cake recipes.

Biscuits

2 cups sifted all-purpose flour
3 teaspoons baking powder
1 1/2 teaspoons salt
1/2 cup Mazola Salad Oil
1/2 cup milk

Mix and sift dry ingredients. Combine salad oil and milk. Add to dry ingredients; mix lightly to a soft dough. Turn out on lightly floured board; knead slightly. Roll 1/2 inch thick. Cut with floured 2-inch cutter. Bake on ungreased baking sheet in hot oven (450° F.) 12 to 15 minutes or until golden brown. Makes about 12 large or 18 small biscuits.

Note: For soft biscuits place close together with sides touching. For crusty biscuits place well apart.

Drop Biscuits: Increase milk to 3/4

cup. Mix dough and drop by spoonfuls on ungreased baking sheet. Bake as for Biscuits.

Cheese Biscuits: Add 1/2 cup grated cheese to mixed and sifted dry ingredients. Proceed as for Biscuits.

Chive Biscuits: Add 2 tablespoons chopped chives to sifted dry ingredients. Proceed as for Biscuits.

Orange Biscuits: Add 2 tablespoons grated orange rind and 2 tablespoons sugar to mixed and sifted dry ingredients. Combine 1/4 cup salad oil, 1/4 cup milk and 1/2 cup orange juice. Mix dough and bake as for Drop Biscuits.

Irish Cakes: Roll Biscuit dough 1/4 inch thick. Cut into 4-inch squares. Cut each square diagonally into 2 triangles. Bake on hot, oiled griddle until golden brown (about 2 minutes); turn and bake until brown on other side. Serve hot with syrup, jam or marmalade. Makes 12 cakes.

Scones: Follow directions for Biscuits. Focus on lightly floured board; knead slightly. Divide into 4 equal parts. Roll each into a round 1/2 inch thick; cut into quarters to make 4 triangles. Bake as for Biscuits.

Current Biscuits: Sift 1/2 teaspoon cinnamon and 1/2 teaspoon nutmeg with dry ingredients. Add 1/2 cup currants. Mix and bake as for Biscuits.

PERHAPS THIS ART SHOULD DIE!

Photo: Canadian National Railway

For years experts have been saying that totem pole making is a lost art and the Canadian Government has put an embargo upon the export of these Indian relics. But out around Hazelton in Northern British Columbia, some new totems are going up, like this one. A definitely modern touch is the brassiere. The lady doesn't look any happier than the low man used to. From the position of the hands and the expression on her face, it would seem that she just ate something she shouldn't have.

The SNAPSHOT GUILD

The low angle position of the camera gave this snapshot a sky background.

It Sometimes Helps to Have an Angle

IT'S a widely accepted fact that there are exceptions to every good rule. One such rule is that which says that the normal camera level is the subject's own eye level—and this holds true whether you're picturing an adult, a child, or the puppy. It's a good rule but there are times when you should take exception.

Try a high angle, or a low angle, depending on the situation. You can try the various angles without wasting film if you study your subject in the view finder from a number of points of view. You have a great deal of latitude in this angle business when you are shooting out of doors since there's more space in which to maneuver.

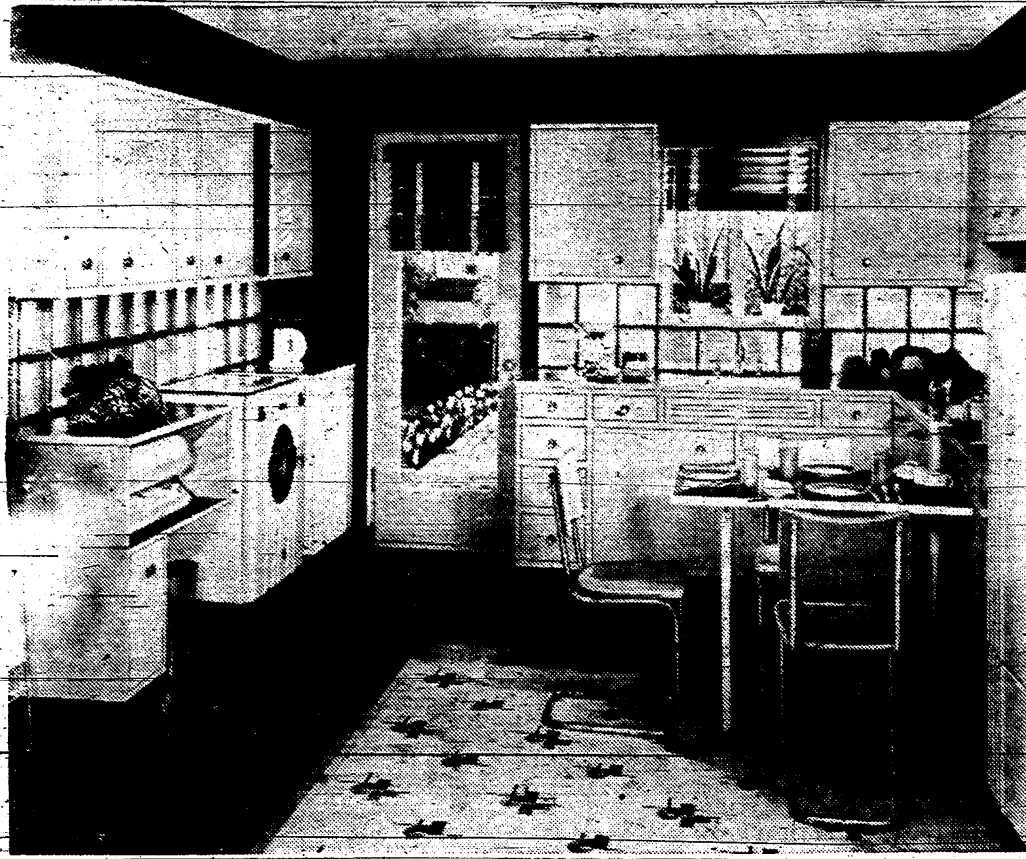

A different angle is also frequently a good solution to a background problem. If you don't like what you see behind your subject when shooting at eye level, look at the subject from a very low angle. Then you'll find the sky fills the view finder and provides a pleasant, neutral background. It

also sometimes produces dramatic or unusual effects. The picture illustrating today's column is an excellent example of what can be achieved by shooting from a very low angle. It also has other points to recommend it. For one thing it certainly pictures a little girl engaged in an activity she likes and thus presents a subject whose lack of self-consciousness makes her appear unaware of the camera.

Getting back to the matter of angles, let's consider the opposite extreme. Don't be afraid to make an occasional shot from an unusually high angle, even if you have to mount a chair to do it. This way you may get a picture that's interesting and different, worth while because of its novelty. You can also employ this technique to gain a neutral background, such as the grassy lawn in outdoor shots or the rug indoors. Whether you shoot high or low, it's worth while to try different angles—once in a while.

—John van Gulder

Basic Rules Simplify Kitchen Remodeling

Intelligent planning will create an efficient kitchen without sacrifice of comfort and appearance.

IN many farm and town homes, the kitchen is the real "living room." More than just a food preparation center, it also serves as dining room, playroom, office and social activities room.

If it's an oversized kitchen, and many are in older homes, wasted space can be utilized. Countless steps eliminated and livability improved by a sound remodeling job. One statistically-minded homemaker discovered she saved seven miles of walking a week by remodeling her kitchen. Another woman with the aid of a pedometer, learned she walked more than a quarter of a mile baking a lemon pie.

Experts recommend that the three key points of the kitchen—the sink, stove and refrigerator—be located within a maximum perimeter of 22 feet. If possible, the preparation center where you get food ready to

cook should be centered as closely as layout permits to the three key points.

The kitchen shown above was remodeled to provide the homemaker with an efficient working area, plus the added advantage of a bright cheerful atmosphere. Insulux glass block panels, a clear-vision window and a glass door flood the room with healthy daylight.

Sink, stove and refrigerator are located in close proximity to each other to reduce the number of steps necessary in the preparation of food. Glass block panels and a window daylight the sink and the working counter areas. Cabinets above the sink and work counter areas and drawers and cabinets below provide convenient storage places for dishes, utensils and food supplies.

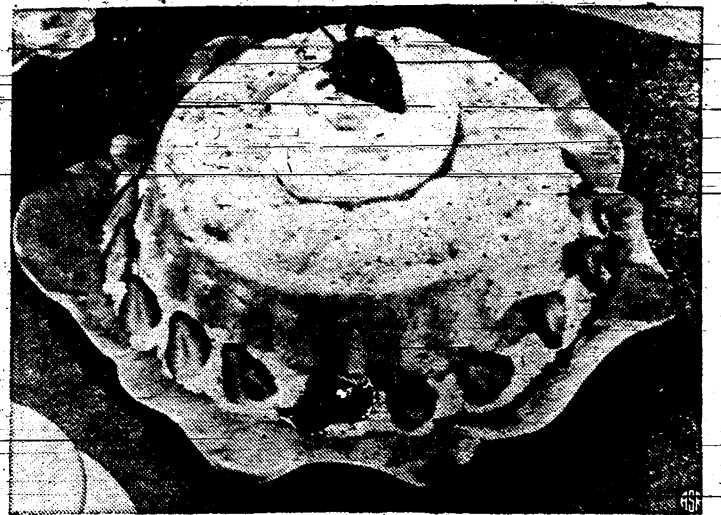

One wall of the kitchen was converted into a compact laun-

dry area with washing machine, ironer and storage cabinet for soap, bleaches and other supplies. A panel of glass block lights the laundry area with cabinets above for additional storage space.

A table which can be folded into the counter area provides a convenient and space-saving dining facility which can be folded away when not in use.

Remodeling plans for the kitchen, of course, should be geared to existing space and layout if the cost is to be kept to a minimum. Generally speaking, most kitchens can be rearranged in a U shape or the convenient L shape of the kitchen shown here. If the floor plan does not permit either of these arrangements, equipment can be placed on opposite walls of the room, but care should be taken to assure convenience and efficiency.

Make Strawberry Chiffon Dessert Before Fresh Berries Bow Out

The strawberry season is much too short for everyone who likes luscious desserts so you can't serve them too often during their limited engagement at the market. Put your next pint of the beautiful berries, via gel-cookery, in a Strawberry Chiffon Dessert like the one in the picture. It's made with unflavored gelatine and whipped evaporated milk so it stakes an honest claim for thrifty dessert honors. Only one pint of berries, but it serves 8!

Like all dishes made with unflavored gelatine, Strawberry Chiffon Dessert can be made hours in advance of serving time. If you'd like to serve Strawberry Chiffon Pie, turn the mixture into a baked 10 inch pie shell instead of a mold.

- Strawberry Chiffon Dessert**
- | | |
|--------------------------------|-------------------------------------|
| 1 pint strawberries | 3 tablespoons lemon juice |
| 1 envelope unflavored gelatine | 1 teaspoon lemon rind |
| 1/2 cup water | 1 tall can icy cold evaporated milk |
| 2/3 cup sugar | |
| 1 teaspoon salt | |

Crush strawberries with a fork reserving 3 for garnishing. Soften gelatin in water; place over boiling water and stir until gelatine is dissolved. Remove from heat; add sugar and salt and stir until dissolved. Mix in strawberries, lemon juice and rind; chill until the mixture is the consistency of unbeaten egg white. Whip chilled evaporated milk until stiff; beat in gelatine mixture. Turn into 1 1/2 quart mold. Chill until firm. To serve, unmold and garnish with whipped cream and sliced strawberries.

YIELD: 8 servings.

Portable Dispenser

Art Kassel, Van Nuys, Calif., has patented a cold-drink dispenser that is carried on the vendor's back. There's a receptacle at the bottom of the tank to hold dry ice. The vendor has a tube containing paper cups. He turns a little faucet at his belt, and hands you a cup of ice-cold soda pop, and you scarcely need to take your eyes off the man at bat in the game. The umpire? No pop bottle! Throw the paper cup.

GOOD NEWS for HOMEMAKERS

HOW TO PLEASE YOUR HUSBAND at mealtime can be a real puzzle when spring sets in and appetites are fickle. But it's no problem at all with chicken smothered in mushroom sauce, because there's a dish folks can't resist. Bring out every bit of tender goodness in the bird by serving it Mushroom Smothered style.

This lusciously-sauced combination is just the one to turn dinner into a big event. And you can please yourself—as well as Dad—by planning a chicken dinner for Mother's Day. Happily this main course won't keep you in the kitchen long.

The sauce is the best and ready-made, condensed cream of mushroom soup. Simply pour it over the meat and let it simmer until done.

Mushroom Smothered Chicken
1/2 cup flour
2 teaspoons paprika
1 teaspoon salt
1/4 teaspoon pepper
4 to 5 pound chicken, drawn and cut into pieces (or about 3 pounds ready-to-cook chicken)
1/4 cup shortening, melted
2 cans (2 1/2 cups) condensed cream of mushroom soup

Put flour, paprika, salt and pepper in a paper sack. Put in 3 or 4 pieces of chicken at a time and shake until thoroughly coated. Brown chicken on both sides in hot melted shortening in a heavy skillet. Pour soup over chicken; stir well. Cover and simmer over low heat for 1 hour. Makes 6 to 8 servings.

A LUCKY LUNCH—the kind that makes everyone feel cheerful—is this combination. The main features are brimming bowls of rosy tomato soup and cheeseburgers. Make up a relish plate from your garden: little green onions, golden baby carrots and red radishes. Dessert can come from the garden too. It's fresh rhubarb sauce, with cookies on the side.

The glorious spring and summer months are the months of youth, when everything in nature is blossoming forth, shedding the last of the old raiment and putting on the new.

These are the months when, traditionally, "a young man's fancy lightly turns to thoughts of love."

Yes, girls, many a man will propose, and many already have. In fact your wedding plans may be well under way right now.

But don't forget that wedding invitations and announcements are a part of those plans.

Why not come on down to the Enterprise office and let our staff aid you in the selection of YOUR invitations, announcements, and reception cards.

We offer the best in engraved invitations etc. from Regency "The Flower Wedding Line."

The nice part about all this is the low cost involved. Invitations are a must and we can offer 100 invitations for as little as \$10.50.

LAMPREY RUN NEARS PEAK
The first week in June marks the peak of the spawning run for sea lamprey in the Great Lakes, and is the signal for intensified action in the battle against this vicious blood-sucking predator already responsible for the destruction of a \$5,000,000 Michigan fishing industry.

Visitors to the former coast guard station at Hammond Bay near Rogers City will find the U.S. Fish & Wildlife Service manning a complete research project designed to bring the sea lamprey under control—but the battle is only starting.

Lakes Infested
Millions of these vampire-like lampreys now swarm through our Great Lakes waters attacking every species of fish, multiplying so rapidly that they threaten to eat themselves out of house and home at the expense of vast populations of our most highly prized sports fish including lake trout, rainbow trout, wall-eyed pike, bass, northern pike and perch.

They spawn in an estimated 200 rivers emptying into the Great Lakes from bordering States and Canada—and it is during their annual spawning run that control measures are put into effect. Biologists know that the sea lamprey dies after spawning, OR if blocked off from its spawning grounds.

Ocqueoc River Proving Ground
Your visit to Hammond Bay should include a stopover at near-by Ocqueoc River just a mile west of the laboratory. There you'll see how scientists effectively block a typical lamprey spawning area with weird-looking electric fences. And you're likely to see hundreds of lamprey ranging up to 20" long massed just out of reach of the electric field—generated under water.

Occasionally one will break from the pack and rush blindly into the shocking area in a desperate effort to move upstream, only to fall back, stunned to unconsciousness, drifting far downstream before squirming back to life and rejoining the pack. Some will move back out into the lake seeking other spawning rivers with no barriers. Others will maintain the vigil just out of reach of the electric field, gradually growing weaker and finally dying without completing the spawning cycle.

Victory in Sight
Some day in not too many years all spawning rivers used by sea lamprey may be effectively blocked. Then and then only can we expect the return of the great Mackinaw Trout now nearing extinction in Lake Huron and Lake Michigan. The battle lines are drawn—and the battle is a spectacle well worth your trip to Hammond Bay on the Lake Huron shore.

Improved System
In the early days of plate glass manufacturing, the glass was ground and polished by rubbing two plates together by hand. Today, the massive grinding and polishing machines in the Libbey-Owens-Ford factories in Toledo are more than a block long.

Coatings for Plastics
Recently developed coatings for plastics have unusual properties of hardness, flexibility and adhesion. Because of their toughness, plastics are widely used for consumer items. Many of the toys and items which were made for Christmas and which will receive intensive use are made of this material.

Forceful River
So forceful is the great Orinoco River in Venezuela that where it flows through the so-called Angostura-contraction and Ciudad Bolivar, the channel has been scooped out over the centuries to a depth of 262 feet below sea level. Rushing between banks only 800 yards apart, the river has a mean depth of 335 feet, with fluctuations of as much as 52 feet.

Nearing Mars
During the early part of 1952—the planet Mars will approach the Earth, coming within a little more than fifty million miles in May, when it will be prominent throughout the night. For some months after that it will continue to be visible in the evening sky, although it will gradually get fainter as it recedes from the Earth. In 1954 and 1956 it will make still closer approaches to the Earth.

IN OUR CHURCHES

METHODIST CHURCH

10 a. m. Combination service for Childrens Day program. All classes meet at this time to take roll and organize, then adjourn to the sanctuary for program by the children. Mrs. Earl Knickerbocker, chairman.

11 a. m. The program will continue as long as necessary closing with the Sacrament of Baptism administered by the pastor. An anthem by the choir, sermon and hymn will close the worship.

The Sunday school is an important part of the church and both should be conscious of the activities of each department. This shorter combined service should emphasize these close relationships.

Any coming only to the later part of the service should be free to enter the sanctuary quietly during any part of the program.

Monday, 8:00 p. m. Official Board final meeting of the church year at the church. We believe you will be interested in the good reports.

Thursday, 8 p. m., choir rehearsal at the church.

EMANUEL EVANGELICAL AND REFORMED CHURCH

9:45 a. m. Sunday school. 11:00 a. m. Divine worship service.

The Childrens Day services will be held in the parish hall. You are cordially invited to worship with us.

ST. MARY'S CATHOLIC CHURCH

Notice change of schedule: Sunday Masses will be held at 7:30 A.M. and 9:30 A.M. during the summer months.

Week day masses at 7:30 A.M.

CHRISTIAN SCIENCE SERVICES

Church services at 10:30 a.m. Sunday school during church services.

Notice of change of Wednesday evening meetings from first to third Wednesday of each month at 8 p.m.

BETHEL EVANGELICAL AND REFORMED CHURCH

Sunday School at 11:00 a.m. Sunday Services at 10:00 a.m.

IRON CREEK UNITED CHURCH

Sunday morning service 10:30 a.m. Bible school 11:30 a. m. Sunday evening services 8:00 p. m. on first, third and fifth Sundays.

Choir practice Thursday 8:00 p. m.

Dresselhouse School Picnic

Because of rain the Dresselhouse School held its annual picnic in the school. Sunday, May 25, with twenty-six persons attending. Everyone enjoyed the delicious pot luck dinner, and ice cream was provided by the P. T. A.

Afterwards, in spite of a wet field, a rousing game of softball was played with the grown-ups joining in on the fun.

Miss Conser received several very nice gifts from the children.

Since Miss Conser will not be teaching next year she wishes to extend to all the parents and neighbors of the school district, her sincerest thanks for their friendliness and cooperation.

Norvell News

Mrs. Warren Raby and daughter Roberta of Detroit spent the week end with relatives here.

Mr. and Mrs. Vern Reynolds of Toledo spent the week end with the L. J. Huffmans.

Mr. and Mrs. Fred Haarer of Saline, Mr. and Mrs. M. W. Kapp of Ann Arbor and Mr. Merritt Dean of Durand visited Mrs. A. M. Dean on Friday.

Mr. and Mrs. Carl Krause entertained on Memorial Day Mrs. George Hall of Cleveland, Thomas Ashley of Romulus and Mrs. Claude Gottis of Ypsilanti. Mrs. Hall remained for a few days.

Mr. and Mrs. Robert Banyai of Detroit were guests of Mr. and Mrs. A. Minholm for several days.

Mrs. John Diebold of Jackson and Mr. and Mrs. Thomas Blink of Kalamazoo called on the H. J. Ahrens on Friday.

Mr. and Mrs. William Liby of Stockbridge were visitors on Sunday at A. C. Fraef's home. William Schebergen of Shelbyville, Harold Billings of Jackson and Joseph Stanley of Detroit called on their niece Mrs. Elwyn Gieske on Friday.

Mr. Dalton Van Valkenburg of Tecumseh who has assumed the pastorate of the Norvell Community Church began services on Sunday. The new time is 10 A. M. for Sunday School and 11 A. M. for Church Service.

The Annual Sacred Concert will be held at Norvell Church on Sunday, June 8, at 8 P. M.

HINTS FOR HOMEMAKERS

TRY TRICKS TO MAKE VEGETABLES PRETTY TO LOOK AT, FUN TO EAT

by the General Electric Consumers Institute

If your youngsters are like those in most homes, they like the meat-and-potato part of the meal best and are not too enthusiastic about the vegetables which are so necessary a part of their diet.

You'll have everyone in the family eating more vegetables if you give the vegetables a "new look." Any food is more appetizing if it's good to look at as well as good for you.

Try the General Electric Consumers Institute recipes for toasted carrots, spinach timbales and mallow yam casserole—and make vegetables the high point of your meal for a change.

Toasted Carrots

1/4 cup finely crushed cereal 1/2 teaspoon salt 1/2 cup small cooked flakes 1 whole carrot 2 teaspoons finely grated Parmesan cheese

Combine cereal flakes, Parmesan cheese and salt in a deep layer pan, mix well. Dip carrots in salad oil, then coat with cereal flakes. Place on broiler rack in broiler pan. Broil with additional salad oil. Place under broiler unit so tops of carrots are 4-1/2 inches from broiler unit. Broil until brown, about 3 minutes; turn, drizzle with salad oil, broil until brown, about 3 minutes. Serve with meat or fish. Makes 4 servings.

Spinach Timbales

1 package frozen chopped spinach 2 tablespoons melted butter or margarine 2 eggs 1/2 teaspoon salt 1/2 cup warm water

Thaw spinach until block can be broken apart with fork. (Do not thaw spinach quickly, remove wrapped package in container and not water. Let stand 15 minutes, then add more hot water to container to make water not again. Let stand 15 minutes more.) Place in 2-quart saucepan, cover, bring to a boil on high heat. Switch to a low heat and cook only until completely thawed. Drain, reserving liquor. Measure 1 cup spinach. Measure liquor and add milk if necessary, to make 1 cup. Break eggs into medium mixing bowl; beat with fork until well blended. Add butter, milk mixture, salt and spinach, mix well. Cut pimiento into long strips and place 2 strips (making a cross) in each of 4 greased 5/8-ounce individual baking dishes. Divide spinach mixture into cups, distributing liquid evenly. Place in 8 x 8 x 2-inch baking pan. Pour water into baking pan around dishes to depth of 1/2 inch. Bake in oven 350° F for 55-60 minutes or until knife, when inserted, comes out clean. Unmold and serve. Makes 4 servings.

Mallow Yam Casserole

1 can yams or sweet potatoes 1/2 teaspoon salt 2 tablespoons butter or margarine (packed in water) 8-10 marshmallows

Drain potatoes, reserving liquor. Measure 6 tablespoons liquor; adding water if necessary. Place potatoes, liquor and salt in 2-quart saucepan. Measure 1 cup yams on a high heat, switch to low heat and cook 2-3 minutes to heat potatoes. Remove from unit; butter and with electric mixer beat potatoes in pan at a low speed (Speed 1) about 1 minute to break up potatoes and at a medium speed (Speed 4) until potatoes are smooth and fluffy, about 2 minutes. Place 1/2 of potatoes in greased 1-quart baking dish, cover with 4-5 whole marshmallows, remaining potatoes to baking dish. Cut marshmallows in half and place cut side up on potatoes. Bake in oven 350° F for 30-40 minutes, or until marshmallows are puffy and golden brown.

*NOTE: If yams are packed in syrup, they will be softer; so only 4 tablespoons of water should be used.

Cake, Diane Dresselhouse, Linda Goodell, Bonnie Heckaman, Gallene Wurster, Martha Binkowski.

God will not forget, Kay and Karen Buss.

A Child's Prayer, Ray Wurster, Tommy Uphaus, Carl Miller, Dale Manor, Dennis Steele.

Accordian Solo, Karen Kemner. Nothing too Small, Kenneth Buss. Growing, Billy Alber.

If I were a Rose, Shirley Saminac. Keep Sunny, Douglas Schaffer.

I'm just a Tiny Rosebud, Mary Kay Schaeble.

Library Announces New Schedule

Next week on Monday, Wednesday and Friday the Manchester Township Library will be open only from 2 to 4 in the afternoons. Miss Jane Palmer will be attending the Institute for Librarians in Ann Arbor. She will resume her regular library schedule by Saturday, June 14. The library is never open on Tuesdays and Thursdays.

Manchester Township library

has met the financial requirements this year for State Aid and has received a payment of \$91.80. The money will be used for a portable record player and equipment to improve the library services. The record player has been in demand for year around activities for some time.

Summer program plans include a story hour at 3:00 on Wednesday afternoons for small children. A drawing and water color class for boys and girls over 8 years of age will be scheduled on an afternoon that does not conflict with the swimming program sponsored by the Red Cross for the playgrounds. Mrs. Augusta Kuhl will be the critic for the art group.

Probably the most popular new book for a number of boys is one telling how to make mid-gut racers. The book is called "Race for Bill" by Wallace.

Other new books at the library are Yaller Eye by Bell, A Girl Called Hank by Walden, Togo, the Little Husky by L'Hommedieu, Don't Cry Little Girl by Lambert, Painted Pig by Morrow, Pilot Jack Knight by Anderson, Your Craft Book by Newkirk, and the second volume of Growth of American Republic by Commager.

"Across The Wide Missouri"

by DeVoto with its marvelous collection of pictures has been added to the memorial shelf by Mrs. Yungclas in memory of Mr. H. T. Yungclas.

Mrs. Robert Kappler

Funeral services were held at 3 p.m. Wednesday, June 5, for Genevieve Katherine Kappler, aged 36, who passed away at Mercy hospital at Jackson, Sunday evening, June 1.

She was the daughter of Thomas and Ursula Borner. On July 15, 1939, she was married to Robert Kappler in Angola, Indiana. They lived in Manchester township. She taught in the Manchester Public Schools for several years.

Surviving besides her husband are two daughters Kathryn Marie and Sally Lou at home, her mother Mrs. Thomas Borner and one sister Mrs. Maxine Knewell both of Jackson.

Funeral services were held at the Jenter Funeral Home and burial in Sharon Center cemetery. Rev. Karl H. A. Rest officiated.

Graduation Parties

(Continued from page 1)

and family of Corpus Christi, Texas who were unable to be present spent Thursday at the home of his sister and family, the C. H. Eisenhausers.

Among the fifty-one guests that Mr. and Mrs. D. C. Weed entertained on Wednesday following the graduation of their daughter Audrey were Nathan Weed and family and Mrs. Richard French of Schoolcraft.

"An Ounce of Prevention"

MAY SAVE YOUR MACHINE

Consistent care of your farm machinery will add many years of extra use.

Regular check-ups, replacement of worn parts, tightening bolts, welding breaks promptly—these are small jobs at the start. If neglected they can ruin the machine. Painting and rust-preventive are important items of machinery care.

Our factory-trained mechanics can save you money by inspecting your equipment. Often they can locate worn parts before they reach the danger point. We supply parts made in the same factory and to the same specifications as the original.

Phone or stop in for prompt service.
