Did you ever wish you had a place for your old coffee cans? We've found a place for them. According to Mahlon Smith the crates for the chickens which will be used during the Community Fair will not be equipped with drinking cups. Purchasing of a large number of tin cups at this time would be quite a problem—particularly when members of the fair board pointed out that coffee cans can be used just as satisfactorily. It didn't take the board long to decide that the next step would be to tell everyone to save their coffee cans. A large box will be placed in the Enterprise office and persons having cans can bring them in to the office or contact Mahlon Smith or Robert Crandall, which ever is the most convenient.

The Moms club Tag proved to be very successful this year. The Moms are very anxious that the contributors be given thanks for their generosity to this worthwhile cause.

Didn't know 'til just the other day that Manchester had a representative at the Republican National Convention. David Cargo, was assistant Sgt. at arms. A word of explanation is that David is head of the Eisenhower Club at the University of Michigan where he is a student.

Mr. and Mrs. R. C. Merithew will work in the secretary's office at the Association of Western Horse Club's State show at Charlotte on Sunday July 20th. They will be assisted by Mr. and Mrs. Malcolm Billings also of Manchester.

Correction: In a news item which appeared in last week's paper, we stated that among the guests of Mr. and Mrs. William Dorrance, sr. were Mr. and Mrs. Donald Dorrance. This should have read Donald Dorrance. Don is not married.

We've missed seeing our next door neighbor during the past week—Nelson Short of Short's Electric has just returned home after a week vacationing in northern Michigan with Lawrence and Elmer Boettner of Bridgewater.

Out on West Main Street a new Mobile gas station will have a Grand Opening on Saturday, July 19th. The new station which is new in every sense of the word—the building having just been completed—is under the management of Spike Benedict formerly employed at Carl M. Schable's garage. Spike says that there will be a free gift for every customer on Saturday. (Continued on page 4)

For the nicest looking stuffed animal Larry Alber won first prize. Marilyn Huber's cat won second prize and Ronny Alexander's teddy bear was third.

For the cutest stuffed animal Gary Knickerbocker won first prize. Carl Miller was awarded second and Jimmy Short was third. (Continued on page 8)

Red Ball Express Army Display

The U.S. Army will have on display the famous 2 1/2 ton truck and an additional interesting exhibit at the Clinton Theatre Sunday thru Tuesday to assist in the opening of the movie "Red Ball Express."

This story features the exploits of the Transportation Corps' Red Ball Express which played a vital role in providing logistical support to the United States 1st and 3rd Armies in France and Germany during World War II. Despite every obstacle the transportation corps wrote a new chapter in military history with the 2 1/2 ton truck which formed the nucleus of the Red Ball Express and which in four short months carried more than 400,000 long tons of supplies to the front line troops. Army personnel will be on hand to explain the exhibit which should prove very interesting to the general public.

L. P. Wurster, better known as "Dutch", received special thanks from the school board and those attending the annual school meeting for his outstanding work in promoting the work on the Manchester athletic field.

Walter Vogt noted that it was "Dutch" Wurster who originally worked on the athletic field which was at that time more of a swamp. Mr. Wurster, who is president of the softball league, says that there is still considerable work to be done but that the tiling system is being worked out satisfactorily.

Three buildings have been repaired to hold equipment for the athletic department. The buildings had to be moved to their present location and Mr. Wurster is anxious that the boys and interested persons who assisted with this work be thanked for their help. Twelve new benches have been added for the boys and the benches—now according to "Dutch"—all that is needed is patrons to use them.

A painting job is being contemplated for the three buildings on the field. The softball association has arranged to have pop corn and soft drinks available for the fans and this project is handled by G. W. Kramer and Harold Burch.

You're Sick? That's Tough!

An engineer on a freight train making a run from Jackson to Toledo stopped the train at Ahrens crossing east of town between four and five p. m. to change the tires in the wheels. He called Toledo for the necessary repairs.

Later the engineer became ill and another of the train crew called a Manchester physician from a nearby farm house somewhere between six and seven. When the physician arrived at the farm he asked that a couple of boys bring the man to the farm house. When the boys reached the stricken man he attempted to walk down the track and walked the length of two freight cars. Unable to go any further he told the boys to bring the doctor to him—he would willingly pay the bill regardless of the cost.

The physician didn't walk down the track. An ambulance was called and the engineer taken to the Tecumseh hospital.

Rural Schools Elect Directors

In the rural schools surrounding Manchester the following held their annual school meetings on Monday:

At the Spaford school Stanley Maurer was reelected director to work with moderator Jesse Walker and treasurer John Buss. Mrs. Ray Trolz will teach again at the school after an absence of four years. Plans were made for a new heating unit for the school—probably oil.

At the Sharon Hill school District 3 treasurer Mahlon Smith was reelected to work with director Paul Wahr and moderator Mrs. Leon Raymond. The board decided to send the nineteen children to the Manchester Public schools again for a second year.

Matteson school members elected Carl Schumacker as moderator to work with director Edwin Knapp and treasurer Ray Johnson. Mrs. Maude McKeely of Grass Lake will begin her third year as teacher at the school. The board is planning to redecorate the inside of the school and do some roof repairing before school opens.

At Rows Corners district No. 1 Laurel Breitenwischer was reelected director to work with Charles Kuhl moderator and Victor Grossman treasurer. It was decided to have new storm windows, fix the basement of the school as a recreation room for the children on rainy days and to purchase a new set of encyclopedias. Mrs. Reva Thomas of Norvell will be the new teacher.

Davidter school reelected Leslie Chavey as director to work with Russell Fuller moderator and Alwin Benerle treasurer. A letter from the state department explaining that tuition is to be paid according to mileage rather than a flat rate was discussed. The interior of the school will be redecorated before Mrs. Charles Mills of Manchester begins her second year as teacher.

Craft school (7 fractional) reelected Raymond Jacob treasurer to work with director Morgan Eseh and moderator Herbert Jacob. It was decided to purchase new seats and a new desk for the teacher before school opens. Mrs. William Frey will begin a third year as teacher at Craft school.

At the English school Harold Fish was reelected moderator. Others on the board are Orle Hand director and George Miller treasurer. The teacher will be Mrs. Shirley Clough of Morceni.

At the McMahon school William Palmer was elected moderator to replace Arthur Fehr whose term expired. Others on the board are director Elmer Paul and treasurer Maynard Leach.

Tractor Mishap Injures Farmer

Glen Feldkamp, 35 of 9980 Manchester-Chelsea road is recovering satisfactorily at Mercy hospital at Jackson from injuries received Saturday night when he was thrown from his tractor as he towed a combine along the road near his farm about two and one half miles north of here.

Feldkamp had headed back to the barn from the field about 7:30 p. m. with the tractor pulling the combine loaded with grain. He had brought the implements out onto the highway and apparently swerved the tractor to get out of the way of a passing motorist. He was believed to have been thrown from the tractor when the combine, heavy with grain, struck a bump in the road. The tractor and combine went out of control and through a fence and on into another field after Mr. Feldkamp was thrown into a ditch. The tractor stalled as it attempted to climb a knoll in the field.

Luckily for Glen two Manchester physicians, Dr. Arthur Holstein and Dr. William Purfield happened along simultaneously and were flagged down by Feldkamp and administered first aid. He was taken to Mercy hospital in a Chelsea ambulance, where it was learned that he suffered a fracture of pelvis, bruises and lacerations. Mrs. Feldkamp expects that he may be able to return home by the end of the week for a long period of convalescence at home.

Iron Creek Farm Bureau

The Iron Creek Farm Bureau met at the home of Mr. and Mrs. William Palmer with 21 adults and 11 children present. William Tibb led the business discussion in the absence of the president and vice president. Mr. Tibb also gave a report on the county board meeting concerning changes in methods of membership drives.

Mrs. Hazel Walker led the discussion "Can We Improve Markets for Our Production?". The next meeting will be a picnic at Grass Lake County Park. Refreshments of cake and cookies will be served.

Leeson Gives Report On School

According to the statistical report of the secretary of the School Board, Laurin Leeson, the local census for the current year is 350, a gain of 11 over the 1951 census. The total registration is 481, a gain of 27 over last year. The average membership is 468. During the year there has been a loss of 29, partially offset by a gain of 16, making a total average gain over last year of 17. There were 169 non-resident pupils, 64 in the grades kindergarten through six and 105 in grades seven through 12.

The rural tuition for the 1951-52 year was \$87.30 for grades kindergarten through six and \$124.12 for grades seven through twelve. The maximum rate allowed by law. The total tuition money collected was \$18,973.78 which is 100 per cent of the amount levied.

An average of 125 non-resident pupils and 27 resident pupils who live outside the village limits and more than one mile from school were transported. The state reimburses the district the actual cost for transportation, including the original cost of the buses.

There were 26 pupils who received special speech correction work under the direction of a special teacher. It is expected that this work will be carried on again next year. The total cost to the district was \$81.65. This represents Manchester's share of the cost over what is paid from state funds. The instructor gives one day each week to Dexter, Chelsea, Saline and Manchester. The fifth day is spent in clinical work for the four schools.

During the past year the school library has been increased by 65 volumes bringing the total number of volumes to 2740. The greater part of the cost of the school library is met with funds which are allotted from penal fines collected. This money is earmarked for library use and may not be used for any other thing than the purchase of library reference books.

Local School Tax Lowered

It was good news to Manchester folks who gathered at the annual school meeting on Monday night when School Board President Franklin M. Reck announced that the school tax rate would be reduced by 4.2 mills at Manchester. In addition the board voted funds for waterproofing the high school building, which was built in 1937 and approved the use of accumulated funds donated by various recent graduating classes for the purchase of a public address system.

Walter Schable, whose term as a director of District No. 2 had expired, was unanimously voted to succeed himself when those present expressed their desire not to change directors at this time.

Others on the board include reelected officers: president F. M. Reck; treasurer, Henry P. Eames, DVM, secretary, Laurin Leeson and director Luther Klager. It was voted that board members salaries of \$35.00 for directors, \$50 for president, \$85 for treasurer and \$200 for secretary remain the same.

President Reck named a citizen's committee: Allen Schaffer, Dan Boutell, Pat Roesch, James Hendley and Rev. Karl Rest to work with the board on a reorganization study.

The school year will continue to be 9 1/2 months—the same as last year.

Fred Atkinson, new superintendent was introduced and gave a short talk expressing satisfaction at the cooperation of people in the community in assisting him. He noted that all but one teacher's position has been filled and a complete list of the teachers will be available soon. Along with Mr. Atkinson on the school administration will be principals Donald C. Weed and Miss Nellie Ackerson.

President Reck told the group that plans are under way for new window stops to be installed in the auditorium and some of the other rooms.

Concert To Be Held Wednesday, July 23

According to R. C. Sortor, director of the Manchester Band, there will be a band concert in front of the Manchester Township Library on Wednesday, July 23, at 8:15 p. m. He sincerely hopes that every person in the band will be present at the concert. Rehearsal will be held at 8:15 p. m.

Jolly Farmerettes 4-H

The Jolly Farmerettes 4-H Club met at the home of Mrs. Marie Sauer for their regular meeting. One guest, Mrs. Jean Jakubiec of Dearborn, was also present.

Pauline Bass demonstrated making French toast and Marjorie Sauer made pain muffins. After demonstrating the girls spent the remaining time singing and playing bingo. Refreshments were served by the hostess. The next meeting will be Tuesday, July 22 at Little Wolfe Lake with a picnic at noon.

GRANDMOTHER RECEIVES WORD THAT GRANDSON HAS REACHED JAPAN

Mrs. Fredericka Widmayer has received an air mail letter from her grandson, Pfc. Clarence John Widmayer, saying that he arrived at Camp Hood, Japan, on July 4, and will remain there about two weeks before going to Korea. He is the son of Mr. and Mrs. Clarence Widmayer of Detroit.

Demons Still Lead In Junior League

Billy Bunney's Demons won a forfeit victory on Friday as Ron McKeever's Panthers failed to have enough men to field a team. The victory kept the Demons undefeated in the first round of play with a record of three wins and no defeats.

On Tuesday the Panthers defeated the Bulldogs 13 to 1 and buried them deeper in the cellar of the Junior Softball League.

Kenny Weed pitched and batted his team to victory as he allowed only one hit and an unearned run, and collected five hits including two doubles and a triple.

Jim Creech collected the only hit for the losers and Grover Hainstock was the losing pitcher.

On Friday the Spittalls met the Demons in an important game which could decide the league championship. The present league standings are as follows:

Team	W	L
Demons	3	0
Spittalls	2	1
Panthers	2	2
Bulldogs	0	4

Ninety-seven electors of the newly consolidated Pleasant Lake school district voted at the annual meeting to change the district from primary to graded. It was also voted to send pupils from all eight grades in the district to nearby schools pending the construction of the new school building at Pleasant Lake.

The new five-member board of education was also elected at the meeting. The members by terms are Louell Roehm, one year; Roy Bihlmeier and Harold Steinway, two years; and Alton Horning and Nathan Alber, three years. An organizational meeting of the new board will be held in the near future. The board also planned to meet soon with Architect Walter Anieka of Ann Arbor to discuss the plans for the new building.

It was voted to have transportation within the district to nearby schools until the erection of the new school—children will use the present schools in the district. The teachers for these schools have been named as follows: Mrs. Helen Gross to teach at Kuebler school, Mrs. Alben will teach at Silver Lake, Mrs. Edna Yeider at Dresselhouse, Miss Mildred Gieske at Pleasant Lake and Tom Haab at St. Thomas. The Irish school is closed. Ninety-seven were at the meeting as compared with 154 at the spring consolidation meeting.

Rev. Karl Rest On Vacation

Rev. Karl Rest and family left Sunday afternoon on their vacation trip. After stopping overnight in the home of Mrs. Rest's mother in Fort Wayne, they will go to Myrtle Beach, South Carolina, for several days for a family reunion. In the family there are four brothers, every one a minister in the Evangelical and Reformed church, and two sisters. The Rest family held their reunion in Chicago last summer.

Before going on vacation Pastor Rest said, "I'll be back to the church machinery" so that it will keep running when he is away. Rev. William J. Kuhlman, superintendent of the Evangelical Home for Orphans and Old People of Detroit, will preach on July 20 and Rev. Ira Wilson Frantz of Heidelberg College, Tiffin, Ohio, will preach on July 27. Rev. Karl Rest will again occupy the pulpit on August 3.

Cousins Enjoy Birthdays

Teddy Wheeler of Manchester and his cousin, Don Hutchison of Edinboro, Pa., celebrated their eighth birthdays on Friday, July 11 at the home of their aunt and uncle, Mr. and Mrs. Julius Weatherholt and family, at Hamburg with a picnic supper.

Gospel Team At Norvell

Presenting a unique ministry of scene, sermon and song, The King's Herald, a Gospel team from the King's College, Delaware will present a program at the Norvell Community Church on Tuesday Evening, July 22nd, at 8:00 p. m.

The personnel of the team consists of three young men who have received their training at this Christian College on the East Coast.

Rev. Terry Martin, a graduate in June, 1950, and now the College field evangelist is the speaker for the group. In addition to his messages, Mr. Martin paints with chalk large scenic pictures. Rheostatically controlled lights and the mysterious "black light" illuminate and vary the effects of the picture. Mr. Martin has been in this type of ministry for six years, having held over 1,000 services from Coast to Coast and into Canada. The team's pianist is Jim Tolly from Beaverton, Michigan who graduated this year, received his bachelors degree in music. A talented pianist and organist, Mr. Tolly has been playing for 16 years and recently has composed several numbers.

The third member of the team is Derryl Homberg from Detroit, Michigan. Mr. Homberg is a junior in College, and prior to his attending King's was a scholarship student at the Cincinnati Conservatory of Music. His baritone solos have been used extensively in churches across the country and recently on Youth on the March, a Coast-to-Coast Gospel television program. Mr. Homberg is also the song leader for the team.

The King's Herald's schedule carries them through six States this summer as they present their program in towns and cities throughout the Midwest.

LAMPREY PROGRESS REPORT Bad days are ahead for the Sea Lamprey in the Great Lakes. This blood-sucking destroyer of our most highly prized sports and food fish is losing its battle with man—its sole enemy. Scientists from the U.S. Fish and Wildlife Service are waging war on a big scale, anticipating adequate financing following President Truman's recent signature to a bill appropriating \$164,000 to finance the project. Where will the war be fought? All along the shores of the Great Lakes, in streams and rivers identified as sea lamprey spawning grounds after seven years of careful observation.

1952 Spawning Run Ended July marks the end of the lamprey spawning period, and biologists say the run in Lake Huron is about the same as last year—a little higher in Lake Michigan and Lake Superior. Electric fences and traps have established the count on selected representative streams used for spawning, of which more than 200 have been designated throughout the entire Great Lakes. Before control of the lamprey can be expected all of the 200 streams must be blocked off to the spawning predator—and this is going to take time and money. Michigan Record Fish

This 37-pound and five-ounce brown trout recently taken in Houghton creek, Ogemaw county, is liable to stand as tops on conservation department record books for a long time. Taken by Harold Crawford (left), the prize fish, the prize late at night. Crawford used worms with a number 10 hook on a telescope casting rod. Niles, hooked a 15-pound and six-ounce brown in Dowagiac creek, Berrien county. Conservation officer Robert Van Camp says Crawford's trout was nearly 37 inches long and 19 inches in girth. Fishing broke the Michigan brown trout record which had held for 12 years. In June, 1940, Barrell C. High-

one for just a little money in the ten cent store. if we haven't enough to buy a better one—and God's letter to us is just the same no matter how much or how little we pay for it!

Aren't you happy because the God who created you still loves you and wants you for His own? But, boys and girls, we have an enemy. He wants each one of us too—not because he loves us, but because he hates God—and he hates God's Book, because he knows that if we read this book we will come, not only to know about God and His great love for us and the wonderful things He wants to do for each one of us, but we also will know about him (Satan) and learn how to overcome him, through Jesus Christ. The Lord Jesus said that each of us is to be an over-

comer, and if we are to overcome, we must grow. If we are to grow, we must have food. In 1 Peter 2:2 it says, "As newborn babes, desire the sincere milk of the word, that ye may grow thereby." I never saw a baby that only ate once a week, but if there was a baby that ate just one time every week, what kind of a baby would it be? He would be very weak and sickly and would never amount to much. When we take Jesus as our Saviour—we become "babes in Christ", and just as a mother loves to feed her baby every day, He wants to feed us from His Word every day. If we let Him do this, we will become strong, Christians and will live

over-coming lives that will honor Him.

Boys and girls, let us remember that even though we can't see God, He is a person and it hurts Him when He sees us neglecting His "letter" to us, because He loves us and wants to help us. He is our friend. How would you feel if you wrote a letter to your friend and later you discovered that he hadn't even taken time to read it? You'd think he didn't love you very much, wouldn't you? And wouldn't he be ashamed when he met you face to face? Someday, we are going to meet the Lord Jesus face to face, and I don't want to be ashamed. Do you? Shall we set aside a certain time every day when we will take "His Letter" and see what He has to say to us?

November Vote Set On Reapportioning

Rival plans for reapportionment of the State Legislature were approved for a place on the November ballot by the State Board of Canvassers last week.

The C.I.O.-backed Michigan Committee for Balanced Government, sponsor of one plan, made no attempt to challenge petitions for the rival plan by the Michigan Farm Bureau and Michigan Industrial Council.

Also approved for a place on the ballot was a legislative pro-

posals broadening the search and seizure laws to allow narcotic drugs to be seized for use as evidence.

The following article appeared in "Juvenile Pleasure", July issue, printed at Cleveland, Ohio.

IF GOD HAD NOT SPOKEN
By Mrs. Dorothy M. Brown
Route 1, Manchester

"Boys and girls, I once read about a little girl who prayed earnestly that God would send her a letter. Every day she would run out on the porch to see if her letter from God had come, but one day she discovered that God had already sent her a letter, and that it was written on fine white paper, edged with gold, and bound neatly between black covers.

Of course, we all know that this letter is the Bible—and most of us have a copy of it for ourselves, don't we? But suppose that God had NEVER sent any word nor ever spoken to us in any way! Then, after many years of groping around in the darkness, word came that God—the great God of heaven and Creator of the Universe was going to give forth a message! Oh, how excited we would be. We probably would not be able to sleep very well the night before, and long before daylight many of us would be out with anxious eyes fixed upon heaven from whence we expect the message to come, and when finally it came, how precious it would be! We would read it carefully and guard it jealously! Wouldn't we consider it the dearest treasure of all the earth?

Many years ago, boys and girls, mothers and daddies, couldn't have Bibles of their very own in their homes like we do today. Bibles had to be copied by hand, and there were only a very few in existence. So, the few copies there were had to be chained in some public place—many times in the

church, and anyone who wanted to know what God had to say to them would have to go, and perhaps even wait in line until someone else finished reading before they could see what God had said in His letter to them. Yet, they rejoiced because God

had spoken to them, and with thankful hearts they would go to these public places to read God's message for themselves! Boys and girls, God has been very good to us—even if we don't have a copy of His Word right now, we can easily get

FORD

From coast to coast folks are calling the '52 Ford Victoria America's "best-dressed" car! Its new curved one-piece windshield is a "first" in its field. Ford's choice of new body, upholstery and color combinations is the widest in low-priced car history!

The young of heart choose Ford's Crest-line Sunliner. With its new 110 high-compression V-8 horsepower, you get the most power ever offered in the low-price field. And take your pick of Fordomatic Overdrive or Conventional.

Another favorite son is the all-new Ford Ranch Wagon—the lowest-priced full-size station wagon. Like all '52 Fords, it has Automatic Ride Control... far easier steering. "Test Drive" a new Ford. You'll agree no car gives you so much style, power and comfort for the money.

Tuesday morning folks here

noticed that Main street's Memorial Park, located north east of Main street bridge had been the camping ground for three Jacksonites who are taking a boat trip down the Raisin River to Monroe. It wasn't too long before the three—Mike Kirwin, 16 of 768 Douglas st. and Pete Sampson of 115 Fourth Street (both boy scouts) and Garrett Cope of 237 Wall street Jackson trooped into our office. Cope is a staff photographer for the Citizen Patriot at Jackson.

Seems each year they pick a river which rises in Jackson county and follow it by boat the entire length of the river. The trio figured that three or four days would be needed to make the trip to Monroe where the Raisin empties into Lake Erie. Five rivers have their origin in Jackson county.

The three set out from the Norwell Mill pond at 10 a.m. Monday and pushed, paddled and pulled the boat along the

Raisin—which, because of the dry season is very low at the present time. They were soaked to the skin in a heavy rain just before nightfall Monday and decided to make their way to Manchester, even though it was dark, before putting up for the night.

The three carried enough provisions for the trip and seemed in good spirits when they broke camp at the Memorial Park. We just imagine that it has been sometime since that spot has been used as a camping ground. According to the three they believe that the Raisin River starts at Clark's Lake although there are three branches which ultimately form the Raisin.

The Citizen's Patriot photographer, Garrett Cope stepped out of his canoe and broke his foot while making a canoe trip on the Raisin River down to Monroe. The accident happened sometime on Wednesday. He is a patient at the Tecumseh Hospital.

The Jacob reunion has been postponed to Sunday July 20th at the home of Mr. and Mrs. Gottlieb Jacob in Sharon township.

The Leutheuser-Smith reunion scheduled for Sunday July 13 has been postponed until a later date which will be announced later.

Arriving too late to be listed with the rural school district reports was that of the Zimmerman school which is closed. Office of moderator has been filled by Russell Wolfe replacing Fred Grossman. Other officers are director Arthur Gauss and treasurer Marvin Kirk.

Last week we asked persons whose telephone numbers had been changed to date these people have called in. The new numbers are listed.

575,000 4-H'ers Get Training to Cut Farm Accident Toll

Farm safety surveys made by 4-H'ers show that matches within reach of small children and stairways littered with toys, jars and other articles were much in evidence as fire and accident hazards in rural homes.

Farm safety surveys made by 4-H'ers show that matches within reach of small children and stairways littered with toys, jars and other articles were much in evidence as fire and accident hazards in rural homes.

Chicago—(Special)—More than 575,000 4-H Club boys and girls throughout the nation are receiving training in farm accident and fire prevention this year. The outstanding feature of this training in the National 4-H Farm and Home Safety program is to check and remove from farms and homes any conditions likely to cause fire, accidents or injuries. These 4-H surveys are acclaimed a valuable contribution to the nation-wide campaign to reduce the annual toll of 15,000 farm people dying and 1,300,000 being injured as a result of rural accidents each year.

Here is a report, made by a 4-H girl on behalf of her local club, after making a safety survey of every home in the community: "In all homes having stairways that we visited, the stairs were full of toys, jars, tools and other articles," she stated. "In many homes people used kerosene to build fires. They also had oily cloths and papers stored close to the stove and flue. Matches and unlabeled bottles of poisonous liquids were within reach of small children.

"On several farms visited, boards with rusty nails pointing upward were much in evidence. In our local schoolhouse, the ceiling plaster in the classroom was loose. If it fell it would cause severe injuries to the pupils.

"After we had made our survey, we called a community meeting. Attention was called to the hazards we had found. Immediately following the meeting everyone present began work necessary to make our community a safe one. Every hazard we had found was corrected."

Medals of honor are presented to five county winners having the best 4-H records in safety work, and a trip to the National 4-H Club Congress in Chicago is awarded to the State champion. Eight of the latter will be selected as national winners, who will each receive a \$300 college scholarship. Awards are provided by General Motors for the eighth consecutive year. The program is conducted under the direction of the Co-operative Extension Service.

Births In Michigan At All-Time High

It's official—the number of live births in Michigan last year broke all records, soaring above 170,000 for the first time in history, and topping the previous high birth total of 1947 by over 11,000.

Provisional figures show 171,568 live births recorded for 1951 as compared to 160,275 in 1947. Reports of births for the first four months this year show a continuing upward trend, with 53,389 reported this year as compared to 51,176 during the same period last year.
