Emanuel Church Celebrates 90th Anniversary

Norvell Man, 70, Drowning Victim

300 Attend Proctor 50th Anniversary

About 300 guests attended the open-house for Mr. and Mrs. Harvey Proctor on their golden wedding anniversary, Sunday, Oct. 19. The table was centered with an anniversary cake and bouquets of mixed yellow mums.

Pouring were their granddaughters, Mrs. Walter Bauer of Chelsea; Miss Wilma Stark, East Lansing; Mrs. Robert Pobbins, Chelsea; Mrs. James Barnsdale, Trenton; and Mrs. Norman Barnsdale of Grosse Ile. Miss Carol Batchlor of Ypsilanti had charge of the guest book. Mrs. Charles Dinius of Tecumseh, Mrs. Wesley Proctor of Clinton and Miss Nancy Proctor were assisted with the gifts by Patricia Proctor of Grass Lake, Mary Ann Proctor of Clinton, Diane Proctor of Detroit, Lois Stark of Manchester, and Connie Dinius of Tecumseh.

Twenty-six cities and towns were represented. Among the guests was 84 year old Mr. Clarence Morton of Fenton who was Mr. Proctor's teacher in the eighth grade. Also present were the Proctor's ten living children, 31 grandchildren and four great-grandchildren. One grandson, Jim Barnsdale, who had been serving overseas, was enroute home but did not arrive in time for the celebration.

Mrs. Proctor's three sisters, Mrs. Charles Wilson of Detroit, Mrs. Addie Bell Wright of Wayne, and Mrs. Owen Schrader of Plymouth and her only brother, Grover Place of Plymouth were present along with Mr. Proctor's only sister, Mrs. Silvia McClelland of Perry. Mrs. George Maynard, sister of Mrs. Proctor was unable to be present because of ill health.

Serving the guests were Mrs. Alwin Beurle, Mrs. James Pratt, Mrs. Leslie Chavey and Mrs. Kenneth Kouba.

Carl Krausse, 70-year-old farmer of Norvell, drowned Monday night when his car ran off the Norvell mill pond bridge and plunged into the Raisin River within two blocks of his home.

Mr. Krausse had been fishing at the southeast corner of the mill pond, only a short distance from the mishap, and was on his way home at 7:10 when the accident happened.

His car ripped off part of the bridge which passes over the dam at the east end of the mill pond.

It fell on its side in about a foot and a half of water, pinning Mr. Krausse beneath it.

Deputy Harry Van Tuyle of Brooklyn and about 20 men from the Norvell area managed to turn the car over and free the victim some 20 minutes later.

A Norvell couple who had been fishing at the north side of the bridge told state police troopers Lloyd Huff and Casimer Szocinski that they saw the headlights of the car as it crashed through the railing.

Coroner Edward H. Montgomery ruled that death was caused by drowning and said there would be no inquest.

State Police said they learned that Mr. Krausse had suffered heart attacks previously. They said he may have suffered such a seizure prior to the accident.

Mr. Krausse was a lifelong resident of this area, having lived in Norvell, Bridgewater and Sharon township. He was born in Norvell June 4th, 1882, a son of Edward and Magdeleine Silley Krausse. He married Ellen Houck on January 16, 1913. She survives along with one sister, Mrs. Louise Minholn, of Norvell township. Funeral services were held Thursday, October 30th, at the Jenter Funeral Home with the Rev. H. Van Valkenberg or Norvell officiating. Burial was in Norvell Cemetery.

Farmer Demands Examination In Assault-Charge

A youthful Clinton area farmer demanded examination in Ann Arbor's municipal court Friday, Oct. 24, on a charge of attempting to assault criminally a Manchester area mother of three children after forcing his way into her home.

Municipal Judge Francis I. O'Brien ordered Frederick K. Fox, 19, of 9901 Clinton-Manchester rd., confined to the Washtenaw County jail after he failed to post a \$5,000 cash or \$10,000 property bond. State Police at Clinton said that Fox admitted forcing his way into the home through a window early Thursday morning after returning from a party. He was arrested at his home that night.

The suspect, troopers said, was traced through information furnished by the 27 year old mother whose husband has been confined to the Veteran's hospital at Dearborn since July 5th for treatment of tuberculosis.

Police quoted her as saying that she recognized Fox's voice and spotted his name on a flashlight which he left at her home. Fox, officers said, had worked as a construction hand on the home recently built by the woman.

Her story of the incident as related to the police was this: She was awakened about 3 a.m. by a man standing beside her bed. She said he made advances toward her but that she struggled free and screamed for help. At this point, her assailant fled through the window through which he had entered. At the time of his breaking and entering, Fox was already on a two year probation on a charge of larceny from a car 18 months ago.

The Emanuel Evangelical and Reformed church is commemorating its 90th anniversary on Sunday, November 2, and Thursday, Nov. 6, with special services on those dates. A brochure has been published containing the history of the church, articles on various organizations and 34 pictures of the buildings, groups and various people. It is scheduled for distribution by Nov. 2 before the service according to church president, Andrew Engel.

Rev. H. S. Rague, former pastor for 22 years, now at St. Joseph, Michigan, will speak at the Sunday morning service at 11 a.m. At the 8 p.m. service on Sunday, the Rev. Victor P. Frohne of LaPorte, Indiana, president of the Michigan-Indiana Synod of the Evangelical and Reformed church will be the speaker.

On Thursday evening a fellowship program is planned at 8 p.m. with the Rev. Victor Schoen of Cincinnati, Ohio, as the speaker. He is the son of the late Rev. A. A. Schoen, who was a former pastor at the Emanuel church. Following the program there will be a social hour and refreshments.

The early history of Emanuel Evangelical and Reformed church is closely interwoven with that of Bethel church in Freedom township. On October 28, 1859, Rev. J. G. Hildner of Detroit became the pastor of the church in Freedom township and began to minister at Manchester, but it was in 1862 that he began the real work of gathering a congregation here. At first the little group met in the home of the members in the part of Manchester now known as Solesville. Later a small unused school building at Solesville was purchased and moved to a lot north of the public school and Rev. J. Neumann was the supply pastor. The membership increased and the small church proved inadequate. Then during a Christmas service the floor gave way and according to reports the congregation interpreted the event to mean that a new church must be built. The present site was purchased for \$1000.

Hearing Tests Made

Hearing tests for grades 3 through 12 were completed Tuesday. The Washtenaw Co. Health Department conducted the tests with the aid of the Manchester PTA health committee.

Fund Drive Gets Good Start

With \$1647.50 reported at the end of the first week of the Manchester Area Community Fund Drive, it looks as though the quota of \$4,000.00 would be reached by November 11.

The Ford Company employees "Rang the Bell" this week with a final pledge of \$698.75. It is heartening to other divisions of the drive to have such a splendid report in record time. This amount does not include the usual gift from the Ford Motor Company itself.

The Double A plant has not completed its solicitation but the report to date is \$1500.00. The remaining employees and management are still to be heard from. The Manchester School drive is in progress and no estimates were available.

Special gifts committee reports only \$396.00 of their \$1500.00 quota, while the house to house groups have \$259.75 and the rural teams \$143.00.

The summary of the amount reported is:

Ford Employees	\$ 698.75
Double A (incomplete)	150.00
Special gifts	396.00
House to House	259.75
Rural	143.00
Total	\$1647.50

The quotas for the various divisions of the Drive based upon past years of solicitation and as given out at the beginning of the Drive are:

Factories and Corp.	\$1225.00
Special Gifts (business)	1500.00
School	52.00
Rural	585.00
House to House (Village)	638.00
Total	\$4000.00

Congratulations Ford Employees! Let's all break those quotas by November 11!

Shall Washtenaw County Have A New Court House?

The question of a new courthouse for the county of Washtenaw is one of the local issues of the Nov. 4 general election. The need for a new building is desperate. The present building is 74 years old; it is totally inadequate to care for the requirements of the county. It has been condemned many times as a fire hazard and as recently as August 13, 1952, the Board of Supervisors received a report from the Chief of the Fire Division, Michigan State Police, informing them that the building is totally unsafe for the type of occupancy, a hazard to valuable records stored therein and a hazard from the standpoint of danger to human life.

The county is now paying rent at the rate of \$6870.00 annually for office space outside the overcrowded building and additional expenditures totalling \$22,086.50 have been incurred since January 1, 1951, in renovation and alterations.

The architect's plans for the proposed new building contain ample parking facilities; it will be modern, efficient and fireproof and the present building can be occupied without interruption while the new building is under construction. Courtrooms will be inexpensively soundproofed and ventilated and no interruption will be experienced.

The matter of the location of the county building must be understood. It is governed by the law of the state which provides that the county building shall be located within the city limits of the county seat on a site determined by the Board of Supervisors. Ann Arbor has been the county seat since 1824. At the May 13, 1952 meeting of the Board of Supervisors 16 of the 20 township supervisors and

12 of the 16 city supervisors endorsed the plan to rebuild on the present site.

The Board of Supervisors on June 10, 1952, approved and confirmed their architect's cost estimate of \$3,250,000 for building, equipment and parking facilities and directed that the two-necessary financing proposals be submitted to the qualified electors of the county at the general election on November 4, 1952. One proposal will authorize issuance of \$3,250,000 of county bonds. The other proposition will authorize the tax limitation increase of 1 1/4 mills.

Taxpayers ONLY will vote on the bonding proposition. ALL voters will vote on the tax-rate increase. Both propositions must receive majority approval if the new building is to become a reality.

The Building Committee of the Board of Supervisors, which will pass on the final details of the new building, consists of Supervisors Emory Mulholland, Leigh Beach, D. M. Silkworth, William R. Kelley and Paul

Proud, Jr. This committee as well as all the supervisors and the local committees urge your support for this program on election day, November 4, 1952, called on Mr. and Mrs. Myrl Murray Friday evening.

Miss Wanda Crittenden returned home by plane Saturday night from her two weeks vacation in California with Mrs. Sutfenfield.

Frank De Labar, who has been in Meridan, Miss., is expected home any day now. He has been visiting relatives there.

Mr. and Mrs. John Bausman had Sunday dinner with Mr. and Mrs. Forrest Hatl of Dundee.

Mr. and Mrs. Horace Warsaw of Detroit visited Mr. and Mrs. John Bausman Saturday. Mrs. Rachell Pullen of Milan also was a Saturday guest.

Friday evening the Mooreville Methodist church had a hayride for the 28 pupils of Mrs. Beulah Hawkes class. Mrs. Spike was hostess for the children.

Mr. and Mrs. Orle Sanford visited Mr. and Mrs. Everett Eggert on Sunday.

Last week the Mooreville Methodist church had a board meeting at the home of Mr. and Mrs. Eggert. Twenty persons were present. After the meeting Mrs. Eggert served cake and coffee.

Mrs. Ada Hawkes, Mrs. Leah Crittenden, Mrs. Lorain Eggert, Mrs. Beulah Hawkes and Mrs. Christy Bruckner attended a supper party at the home of Mrs. Marie Gibbink Thursday. Mrs. Gibbink received a four quart pressure cooker for having the party and donated it to the Mooreville Methodist church.

LOCAL BRIEFS

Mr. and Mrs. Ed Knapp were Sunday guests of his sister and husband, Mr. and Mrs. Edwin Rauschenberger and Mr. Knapp's mother, Mrs. Nellie Knapp of Ann Arbor.

Mr. and Mrs. Andrew Engel, Mrs. Mary Trinkle, Mrs. Lambert Esch and daughter Arlene attended the wedding of Beverly Ann Smoke of Britten and Kenneth Lee Weasel of Deerfield at St. Elizabeth's Catholic church at Tecumseh on Saturday morning. After the wedding Mr. and Mrs. Engel and Mrs. Trinkle and daughter visited Mr. and Mrs. Ned Harrington at Lansing and attended the ball game between Michigan State and Pennsylvania State.

"COURT HOUSE FACTS"

The best evidence we can give to the taxpayers of Washtenaw County of the cost to them of the proposed new County Building is to quote from a letter received by us from the firm of Miller, Canfield, Paddock and Stone—the special legal counsel employed by our Board of Supervisors, to handle details of the financing proposals. We quote as follows:

Miller, Canfield, Paddock and Stone
 Detroit, Michigan

July 2, 1952

In order to give taxpayers of Washtenaw County an idea of the cost to them of the County Building under this plan, including the safeguards itemized, we submit the following, based upon a constant county equalized valuation of \$234,000,000 and a bond interest rate of 2% per annum. It must be remembered that valuations may increase, or decrease, and the interest rate may be higher or lower, depending on conditions, which would require an adjustment of these figures:

- (a) A rate of one and one-quarter mills on each dollar of assessed valuation, as equalized, will be levied for 3 years commencing in 1953. In dollars this amounts to \$1.25 on each \$1,000 of valuation but it may be slightly more or less in various areas of the county to individual taxpayers because of the process of equalization.
- (b) A rate of slightly under 1 mill on each dollar of assessed valuation, as equalized, will be levied for the remaining 15 years, commencing in 1956. In dollars this amounts to under \$1.00 on each \$1,000 of valuation as equalized.

If valuations in Washtenaw County increase as they have in the past few years, and tax collections remain constant, the rates could be substantially reduced below those listed above after the bond reserve is established.

I trust this answers your inquiry.

Yours very truly,
 Miller, Canfield, Paddock and Stone

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

A wily Persian, Mossadegh, Premier of Iran, is causing fringed side-kicking in Washington.

His current plans, plus the recent release of the long secret Federal Trade Commission report on the worldwide oil monopoly to the Senate Small Business Committee, could, and may, blow the lid off the cozy control plan of Big Oil.

A British firm, Anglo-Iranian, has a monopoly in Iran. The FTC report shows this British company is linked with Standard and other U.S. companies in oil prices.

Iran disagreed with the royalties paid for its irreplaceable petroleum. The merit of the issue is a matter for conjecture. The FTC report states Persian Gulf Oil sold to the U. S. Navy for \$1.00 during the war, and for Marshall plan for \$1.88, cents from 27 to 40 cents per barrel to produce including royalties.

Consumers could also be relieved if the world market is artificially supported price structure.

Big Oil seeks to establish the entire market as Russian inspired. However, for a year Iran has had oil to sell and despite boycott has not sold Russia.

While in desperation Iran may eventually be forced to the Russian market, it will be monopoly forcing that move. The entire fight with Iran has been to save the oil monopoly. If Iranian oil were sold to independents as well as the monopolists, it could end the cozy arrangement by which British and American interests peg oil prices around the world.

Local Boys Returning From Korea Soon

Cpl. Edwin Luckhardt, son of Mr. and Mrs. Paul Luckhardt, 3941 Airhart road, Ann Arbor, has received orders to return to the United States from Korea, where he has been serving with a unit of the X Corps.

Cpl. Luckhardt entered the Army November 1950 and departed for the Far Eastern Command last January. He has been assigned as a dispatcher with Company A of the 1343rd Engineer Battalion.

Returning to the United States after 15 months in Korea is Army Pfc Donald E. Barsh, son of Mr. and Mrs. Arthur Barsh, Route 2, 381 Fletcher road, Chelsea.

He served in the combat zone with the 7th Engineer Heavy Equipment Company, a supporting unit of the Eighth Army.

Barsh, who entered the Army in November 1950, earned the Republic of Korea Presidential Unit Emblem and the Korean and U. N. Service Medals.

Cpl. John F. Way, son of Mr. and Mrs. Orville M. Way, 705 City road, Manchester, is scheduled to return home next month from Korea. Way served in the operations section of the 103rd Engineer Aviation Battalion which constructs advanced fighter-bomber strips for the Fifth Air Force. The 1903rd currently is engaged in the biggest earthmoving job ever attempted in Korea.

Way graduated from Manchester Public High school in 1945 and received his Bachelor of Arts degree from the University of Western Ontario before entering the service in November, 1950.

Upon his return home he will be discharged from the service.

Pvt. Alfred Braun Arrives in Korea

Army Pvt. Alfred B. Brauns, son of Mr. and Mrs. Alfred Brauns of 3123 Platt road, Ann Arbor, recently arrived in Korea and has been serving with the X Corps.

Private Braun joined the X Corps on October 5, and is serving as a cannoner in the 623rd Field Artillery Battalion.

He entered the Army last February and was stationed at Camp Chaffee, Ark., before his overseas assignment.

Suttons Tour U.P.

Mr. and Mrs. Harry Sutton are scheduled to visit the Upper Peninsula next week. Their tour includes Sault Ste. Marie, Marquette, Pictured Rocks, Muniegan, Ishpeming and Ontonagon. They will be accompanied by their daughter, Mrs. P. H. Sutton, who is visiting in the city.

MICHIGAN OUTDOORS

THE SAFETY PROBLEM
 Countless thousands of words have been written and spoken on safe hunting practices. And despite all the warnings, carefully outlined safety rules, and repeated instructions to young hunters, it's a pretty good bet that 25 people will be killed by gunning accidents and another 150 injured in Michigan before the year is out. One of them might be you, or me, or our next door neighbor. Aboard, you say. The more I see of hunters—the easier it is to understand how accidents happen.

Are You a Safe Hunter?
 If you hunt with other persons does your gun ever swing directly toward your companions? You may say, "Certainly not" . . . but double-check yourself before you answer. I doubt if it's possible to go through a day of hunting, particularly in heavy brush, without that gun aiming unintentionally of course—toward your partner. This can happen despite any reasonable precaution, and it probably happens for only a fraction of a second. It's not serious unless certain other factors are involved.

An amazing number of hunters who think they're following safe practice in the field actually hunt with the safety slide or button on their gun in the off position. This is particularly true of partridge hunters who are always trying to save the split second which seems to mean so much in hitting these fast-flying birds. Apparently they don't

realize that the release of the safety takes no extra time at all—merely requires a bit of practice to automatically push the slide or button as the gun is raised to the shoulder.

Manufacturers have designed and installed safeties for easy manipulation, either with the trigger finger, or the thumb-clenched over the stock in a very natural and normal grip. Why ever hunt with the safety off? You can't afford to even try to think of a reason! Disaster may be in the next step if that safety is off.

Deer Hunters Gully
 It's a frightening fact that deer hunters are guilty of the same inexcusable violation. I have seen deer hunters sitting in a blind, their gun leaning precariously beside them, with the safety off! Surely the element of time can't be their excuse, because they're not exactly snoring with the safety off! Surely the element of time can't be their excuse, because they're not exactly snoring with the safety off! Surely the element of time can't be their excuse, because they're not exactly snoring with the safety off!

So make it a cardinal rule with yourself: NEVER pull the safety to the off position until the moment before you deliberately pull the trigger. And DON'T hunt with anyone who doesn't obey the same rule. There's a sure way to make it safer in Michigan Outdoors this year!

Rockets and telephones have much in common

To reach its target, this guided missile depends on an "electronic brain" developed by Bell Telephone Laboratories and produced by Western Electric, the manufacturing unit of the Bell Telephone System. Western Electric production techniques also turn out electronic controls and firing systems for Army and Navy guns and Air Force bombing planes. Did you know these same techniques are used to make the "electronic brain" that guides your Bell telephone calls to the right number? Thus modern research and facilities give you better telephone service at the lowest possible cost.

WASHTENAW COUNTY COURT HOUSE

WHEREAS, for over seventeen years the Board of Supervisors of Washtenaw County has been attempting to solve the operating problems presented by the present County Building which is obsolete and inadequate; and

WHEREAS, proposals to solve the Court House problem have been submitted to the voters of the County in 1938, in 1948, and in 1950, without producing any solution; and

WHEREAS, the Board of Supervisors on June 10, 1952, approved and confirmed the architect's cost estimate of \$3,250,000, for building, equipment, and parking facilities, and directed that two necessary financing proposals be submitted to the electors of the County at the General Election on November 4, 1952; and one proposition will authorize issuance of \$3,250,000 of County bonds, while the other will authorize a tax limitation increase of 14 mills; and both propositions must receive majority approval if the new building is to become a reality; and

WHEREAS, citizens' committees of various communities of Washtenaw County have endorsed the decision of the Board of Supervisors to build a new Court House now; and have endorsed the financial

plan; and have endorsed the plan of building and the architect's general plan; and

WHEREAS, such general plans provide for:

- 1. Economies in cost of county operations during the construction of a new building by utilizing the present building;
2. No interruption in the carrying on of county business during the reconstruction;
3. Adequate floor space for needs for county administration;
4. Adequate and ample off-street parking for county officials and those desiring to transact business in the Court House;
5. Convenient access to the County Jail, abstract offices, banks and trust companies;
6. Adequate space for future expansion if needed; and

WHEREAS, the estimated cost to the average taxpayer will only be \$5.00 per year for the first three years, and \$4.00 per year or less for the remaining fifteen years; NOW THEREFORE, be it resolved that the Common Council of the Village of Manchester, lend their support in the following manner:

- 1. That the Board of Supervisors be and are hereby congratulated for their efforts in presenting this matter to the electors of Washtenaw County.

2. That the solution of the Court House problem now presented by the Board of Supervisors be and is hereby endorsed; and

3. That the qualified electors of the Village and Township of Manchester give this matter their utmost consideration, and if possible support the same at the General Election on Nov. 4, 1952.

Moved by Alexander and supported by Kappler that we adjourn. Carried.

L. A. MARX, Clerk.

CARD OF THANKS

We want to thank our friends and neighbors for the lovely flowers, gifts and cards, and Rev. Karl Rest for his prayer, for our golden wedding anniversary which was greatly appreciated.

4-H Meets

The Jolly Farmerette 4-H Club met at the Spafard school on Wednesday, Oct. 22, at which time two officers were elected. They are vice-president, Evelyn Schumacker and secretary, Kathryn Knapp.

Other officers are president, Pauline Buss, treasurer; Lois Stevens, reporter, and Donna Kemner and entertainment, Mary Ann Paul.

Mrs. Harold Stevens is the 4-H leader. Refreshments were served by Donna Kemner and Marjorie Sauer. The next meeting will be Nov. 5 at the Spafard school.

Special Plans For PTA Program

Special plans are being made by Mrs. Robert Crandall for the next PTA program. "The Present Day Teaching Methods" is the general topic for the meeting and students will be asked to help their teachers

display subject material that will be of interest to parents.

All teachers will be in their rooms Monday evening, Nov. 17, from 8 to 8:30 p.m. to greet the parents and guardians of the pupils. It has been suggested that all parents should plan to come and consult with their child's teachers because very often just a little more interest on the part of the parents will help in many of the student-teacher problems.

A special speaker has been engaged for the remainder of the evening—Mr. Fred Kerlinger of the University of Michigan will lead an informal meeting.

The date, Monday, Nov. 17, is PTA night.

GENERAL ELECTION

To the qualified Electors: Notice is hereby given, That a General Election will be held in the Township of Sharon, State of Michigan, at Sharon Town Hall within said Township on Tuesday, November 4, 1952.

For the purpose of electing the following officers, viz: National: President and Vice President of the United States State: Governor, Lieutenant Governor, Secretary of State, Attorney General, State Treasurer, Auditor General.

Manchester Wins

On Friday night, Oct. 24, Manchester played host to Pinckney and stole the victory, 7 to 6, to win their second-league game of one loss.

Manchester's left half back, Bob Rhee, caught a pass from quarterback Bill Aiken and raced 55 yards, only to have the play called back because he was in motion. Manchester was in scoring position two other times, but failed to cross the goal line, until Bob Rhee plunged over from the 4 yard line after Tom Snyder, Jerry Trolz and Bob Rhee carried the ball for sixty yards up the middle through holes opened by guard and tackle, Dick Fahey and Marshall Nordgaard, respectively. Bill Aiken converted.

With two minutes left in the first half Pinckney drove to the Manchester 30 yard line, where Jerry Mrofka touched to Jim Matteson for their touchdown and Mrofka missed the extra point to end the half 7 to 6 with Manchester on the long end of the count.

The second half was pretty even with neither team scoring. The team is now in second place and has only to beat Dexter to tie for first place. We hope to see the townspeople at the game.

Cut operating costs, lengthen truck life—buy Dodge!

"Our maintenance costs have been unusually low"

says R. O. DARBYSHIRE, R. O. Darbyshire Steel Co., El Paso, Texas
 "The fine performance of all of our Dodges over the years has proved to us that Dodge trucks are truly 'Job-Rated' to fit each specific need. All of our drivers like the way our Dodges handle, too. The trucks are highly maneuverable . . . turn short and are comfortable to drive. Our maintenance costs have been unusually low and we have had a minimum of mechanical trouble."

- ▶ To give you top economy, every unit of a Dodge "Job-Rated" truck is designed and built to last.
 - ▶ Take hydraulic brakes, for example. They're extra big, with long-lasting Cyclebond linings. Brake pistons are annealed to resist rusting and pitting.
 - ▶ Save time and money with easy-handling, maneuverable Dodge trucks! Short wheelbase and wide front tread mean less time in turning, parking, jockeying into loading position.
 - ▶ Less time loading and unloading, too—thanks to low loading height, hinged center section on large stake bodies.
 - ▶ There's a dependable Dodge "Job-Rated" truck to fit your job. Stop by today.
- Economical Engines**—Powerful, high-compression Dodge truck engines are designed for outstanding economy and long life. You get exhaust valve seat inserts, lightweight aluminum-alloy pistons, 4 piston rings per piston with chrome-plated top ring.
- Durable Chassis**—Every Dodge truck has a deep, sturdy frame of hot-rolled, high-carbon steel. Long springs are made of special alloy steel for strength and resilience. Rear axle shafts are shot-peened for added durability.
- Dependable Operation**—For all-season, all-weather reliability you get moistureproof ignition, high-torque capacity starting motor, big capacity radiator for adequate cooling, positive-pressure lubrication and by-pass for water recirculation.

Revolving Corruption
 By Congressman GEORGE MEADER
 2nd District, Michigan

"We were on a regular rat race. Sometimes we were running through doors bumping into each other. When you get into one of those spirals you just can't get out of it." (Theron Lemar Caudle, former Assistant Attorney General in charge of the Tax Division, testifying September 18, 1952 before the House Judiciary Committee on the failure of the Justice Department to prosecute the Kansas City vote frauds.)

The Democrats in this campaign have tried a variety of defenses, excuses and explanations for the corruption of the Truman administration. They have claimed their corruption is not as bad as that of the Harding administration. They have claimed that the scandals exposed involve only a very small fraction of the employees of the administration. They have tried to place the Republicans in a position of condemning all federal employees as dishonest. They claim they have forthrightly exposed and punished wrong-doers. And they argue that the Republicans would probably be just as bad anyway.

These dodges will not deceive any one. The evidence of breaches of public trust and the instances of use of public power for private profit reveal a rottenness so far-reaching that the American people will not again trust the New Deal grafters even though Truman's face has been changed for Stevenson's. Stevenson protests he is an honest man. Truman is not shown to be personally dishonest. Stevenson, unlike Hoover, was not the choice of rank and file Democrats in a free primary. He was the hand-picked choice of Truman and the machine bosses. Just as Truman owed his political life to the Pendergast Kansas City machine, Stevenson owes his to the Arvey Chicago machine. Stevenson can no more separate himself from the characters who make up the big city machine, his friends to whom he owes his election, than Truman could

separate himself from his friends. Indeed, there is grave doubt whether Stevenson can separate himself from Truman's friends.
 The defenses and explanations of the Democrats fall flat. It is true that only a small fraction of the 2 1/2 million employees of the bureaucracy built up by this administration has been shown to be dishonest. But the exposures of graft have been in the top positions—the granting of RFC loans, the prosecution of criminals generally, the sale of government tankers, the storage of government grain, the settlement of tax assessments, the prosecution of tax evasions and the granting of favors of one kind or another all of which require higher echelon decisions.
 Only a fraction of the corruption has been exposed so far. The administration has done everything in its power to keep the stench bottled up. Truman called the Fulbright RFC report "asinine" and asserted his associates were honorable men until he was forced to eat his words.
 After admitting corruption in his administration Truman promised to "clean it up." Newbold Morris was appointed. After a few weeks of headlines and no clean-up, McGrath fired Morris and Truman fired McGrath. He replaced him with a political hack, McGranery. The "clean-up" was buried.
 The one exposure of corruption has been by Congressional committees. The Democratic members of these committees have gone no farther than they
