EIGHTY-FIFTH YEAR NUMBER 25 MANCHESTER, WASHTENAW COUNTY, MICHIGAN THURSDAY, FEB. 28, 1952 FIVE CENTS PER COPY \$2.50 PER YEAR IN ADVANCE

RED CROSS DRIVE TO START MARCH 1

Banquet Held Here Is Well Attended

Seventy-five were present at the blue and gold banquet at the Emanuel church hall last Wednesday when the Cub Scouts paid tribute to the 42nd anniversary of Scouting. Joe Juncker, executive director of the Livingston-Washtenaw Boy Scout Council and Mr. Bell, district scout commissioner, were guests of the group and spoke briefly on Scouting in this area.

E. Klager Joins Hatchery Staff

Erwin L. Klager, former Washtenaw county deputy sheriff, has resigned his position with the county and has joined the staff of the Hatchery firm. Mr. Klager, who has been in the business since 1948, is now in charge of the chicken hatcheries. At the present time he is managing the chicken hatcheries of the business. The present manager, Edwin Dietz, is a patient at St. Joseph's Mercy hospital in Ann Arbor where his leg was amputated between the knee and ankle on Tuesday.

The Main Street

We were glad to hear that Miss Emma Morscheiser is able to be back at her work at the Ford Motor Company after an absence of two months while she was recovering from an injured knee which she suffered when she fell at the Ford plant here.

Mike Wolfe reminds us that February 29th is the last day for the payment of taxes. According to Mike, Manchester is running behind in obtaining dog licenses this year. Let's not forget to have them licensed before the last day.

And speak of dogs, Allen Clark heard his dog barking fast Friday noon and went out to investigate. He discovered a dog had broken through the ice on the Raisin river back of his home. He summoned the aid of the Manchester Fire Department, who managed to take the dog from the icy water. Allen rushed the dog to Dr. James but he died from shock. The dog was owned by Guy Katner, retired dentist here, who was concerned as to whether or not he did the right thing in calling the department for a dog when he didn't have the slightest idea who owned the animal. We think he did right—and don't think it should make any difference as to whether or not you find time to help an animal in distress.

The Legion Auxiliary is sponsoring a magazine drive here—for further details check their ad.

Mrs. Leo Scully is at home recovering from pneumonia. A monthly school, her place as teacher of the first and second grades is being filled by Rev. Alvin Braze.

Mary Schiel Realizes Every Girl's Dream

Mr. and Mrs. Floyd Schiel and family were in Blissfield Sunday at the home of Mr. and Mrs. Warren Moore. A birthday dinner was held for Mary Margaret Schiel honoring her 12th birthday on February 26, and also the birthday of Joan Lemm of Onsted which was on March 6th.

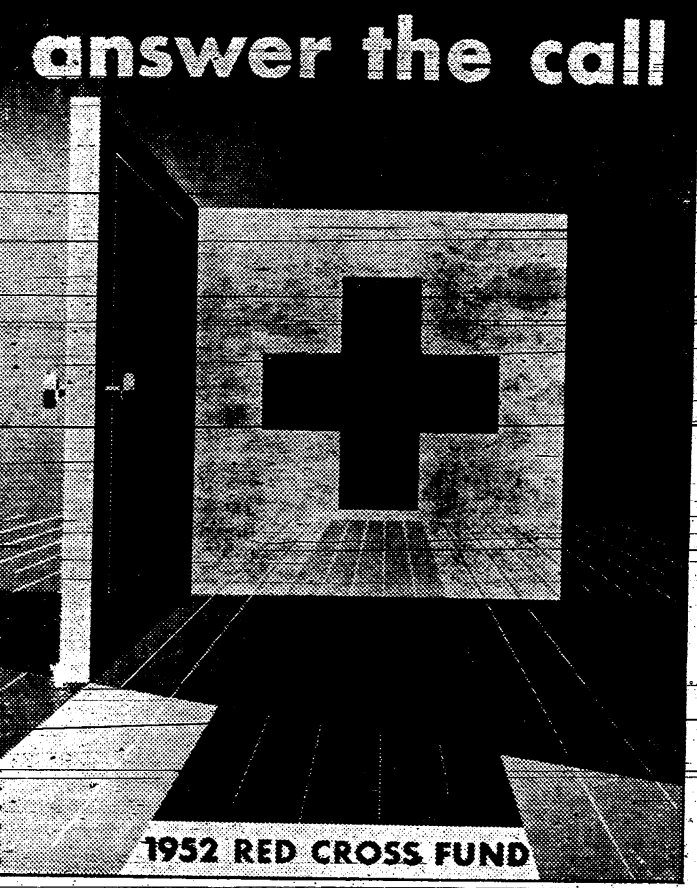

Boy Scouts Organized To Aid In Air Warning For Defense

In the event of an enemy attack against this nation, the future of this community may depend upon the alertness of the ground observer corps post and the speed with which it can be mobilized. Enemy aircraft could enter defense areas at very low altitudes without detection by radar. According to Harold Alexander, chief supervisor for Manchester, there is no indication of an enemy attack in the near future, however, in order to have the community fully prepared, plans are well underway for an observation post corps in Manchester cooperating with the United States Air Force at the Air Filter Center at Grand Rapids.

According to Alexander, Scout Troop No. 26 of Manchester will take part in the air raid warning service.

On Friday, February 29th, Mrs. Schiel will entertain twelve of Mary Margaret's friends at a birthday party in her honor.

The Friendship class of the Iron Creek church met last week for their first party of the year. Lynn Wilson of Clinton, who was high school exchange student last year, was the guest speaker.

Donkey Basketball Braying Success

By Nancy Badnik
Wednesday, February 20, the Donkey basketball game given by the FFA boys was a huge success. The people shouted and giggled, and cheered the Farmers on to victory. The players for the Farmers were Jim Home, Bob Spence, Norm Fielder, Faye Evisizer, Loren Trolz and Hank Eames. The Merchants were busy keeping the following with their donkeys: Charlie Eisenhauer, Earl Koebbe, Willard Mann, Ed King, Don Smith, Bill Schaffer, Dennis (Shorty) Fuller, Roy Davdner and Don Fielder.

Mrs. Alvin Clark To Head Drive Here

Whatever is done in the name of the Red Cross is done in our hearts for we are the Red Cross. Manchester's Red Cross quota has been set at \$1,000 according to the local chairman, Mrs. Alvin Clark. Working on the local drive with Mrs. Clark are Mrs. Walter Kemmer, Mrs. Hansel Hughes, Mrs. Larry Soldan, Mrs. Kenzie Foss, Mrs. Leonard Schmitt, Mrs. Sam Breitenweiser, Mrs. Charles Miller, Mrs. Tom Walton, Mrs. J. R. Jones, Mrs. Frank Spafard, Mrs. LeRoy Heimerdinger, Mrs. Jean Wheeler, Mrs. Frank Tirt, Mrs. Fred Kull, Mrs. Lawrence Paul, Mrs. Essie Schwab, Mrs. LeAllen, Mrs. Royal Davdner, Mrs. Hilda Bunney, the Misses Emma and Ella Kulenkamp, Mrs. Edna Kull, Mrs. Paul Kappeler, Mrs. George Nichols and Boy Scout Troop 26 and their leaders.

Bethel Church Scene Of World Day Of Prayer Service

The World Day of Prayer for the Manchester area will be observed at the Bethel church in Freedom township at the corner of Bethel Church and Schneider roads on Friday, Feb. 28, with the service beginning at 2 p. m. The pastor at the church is the Rev. T. W. Menzel and the program will be sponsored by the Bethel church with Mrs. Walter Bihlmeier and Mrs. T. W. Menzel the chairman.

GOV. WILLIAMS REPORTS TO THE PEOPLE

Frantic efforts to devise a financial program which will avert an impending state treasury crisis were made by the Legislature last week.

The state's financial crisis has been ignored about as long as it can be ignored. The general fund is down so low we are running an immediate risk of insufficient money to meet the state's current bills.

This is how far the Legislature has gone in avoiding a settlement of our state financial problem. I never thought we'd see the day when we would be asking the distilleries to help us finance our government on credit.

Liquor: Some legislators and state officials turned to the state's liquor stocks and to the distilleries for help in averting a crisis.

Other bills: Several other tax bills are now under consideration. One of them would increase the tax on telephone and telegraph companies and an increase in the rate of the intangibles tax.

New Taxes: How much of this program the Legislature will actually adopt remains to be seen.

It seems to me that anyone who calls this program the "label-on-new-taxes" is kidding himself and trying to get the rest of us.

Day of Prayer: Here's more cheerful news. At the request of the National Council of Churches in America, we have designated Friday, February 29, as World Day of Prayer in Michigan.

The Twentieth Century Club will again be held at the Manchester town hall on Tuesday evening, March 4, at 8 p. m.

Lenten prayer services are being held each Wednesday evening at the various homes of members of the Iron Creek church at 8 p. m. The first one on Wednesday evening was held at the Parsonage.

The Shakespeare Club will meet on Tuesday, March 4, at 2 p. m.

Mr. and Mrs. Walter Schaible entertained Mrs. George Wurster, Mrs. Marie Schauer, Mrs. George Wurster and Mrs. George Rager on Sunday at dinner honoring the 89th birthday of Mrs. Wurster.

THE AMERICAN WAY

Another bill proposes to transfer the sales tax on used cars into a "transfer" tax. This would cost the schools about \$2 1/2 million.

One bill is already passed by both houses and is coming to my desk. This bill "recovers" part of the liquor license funds now sent back to the local counties to help pay for liquor law enforcement.

It will give that bill serious consideration before deciding what to do about it. But I do not favor balancing the state's budget by taking money from local police departments.

Some Bargain! The petition said that the gas cost increase is only one of many cost increases experienced by Consumers Power Company recently. Since the present gas rates were approved in 1949, the petition states, all costs including taxes, wages, equipment, materials and supplies have increased substantially and are continuing upward.

For an approximate ten-cent increase per thousand cubic feet to the storage company. In September the FPC suspended the new rate schedule until February 20.

In its petition to the State Commission, Consumers states that it does not believe the increase in the cost of gas to the storage company is just and reasonable, and that Consumers is advised that the storage company will contest it, but a substantial increase in the gas cost is only one of many cost increases experienced by Consumers Power Company recently.

Consumers Power Co. Asks Rate Hike

Consumers Power Company has petitioned the Michigan Public Service Commission for permission to raise its natural gas rates to permit an adequate return on the fair value of its gas service facilities in the face of rising costs.

The company states in the petition that the price of natural gas to its subsidiary and supplier, the Michigan Gas Storage Company, was raised approximately 10 cents per thousand cubic feet, effective February 20, by the Panhandle Eastern Pipeline Company.

The present increase will mean an added cost of gas to Consumers Power Company of more than \$4,000,000 a year, according to E. E. Karn, president. Mr. Karn said at the time of filing the petition that the company was unable to state the total amount of rate increase that would be necessary.

The petition states that the increased cost of gas to the storage company will be reflected in higher charges to Consumers Power Company, which is in a "continuing and perilous situation for an unknown future period, with the final increase in cost undetermined."

Christmas Seal Funds Help New Research

Tuberculosis Christmas Seal dollars, which paid for pioneer experiments with the TB drug, streptomycin, are now backing a much needed search for more facts on how lungs work, Michigan Tuberculosis Association trustees were told last week.

A showdown is coming soon on the legislative solution of Republican leaders at Lansing for the states financial dilemma.

Here is the story in a nutshell. Governor G. Mennen Williams advocates a corporation privilege tax on corporation profits rather than "new taxes upon the things they (the voters) must buy and use in their daily lives." By diverting a share of corporation profits to the state treasury, the governor

hold up a magical and almost painless solution to the deepening treasury deficit. Revenues fall short around \$20 millions annually of covering financial needs.

A Citizens Tax Study Committee, headed by Alan L. Gornick of the Ford Motor Company, Dearborn, would raise a total of \$66.7 millions by adjustment of present taxes. The committee program has much to commend itself as a nationwide survey of state govern-

ments showed recently that Governor Williams, in advocating the corporations profit tax, was the only governor in the country to propose new taxes in 1952.

The Republican inspired legislative program to alleviate the financial crisis has incurred opposition of local governments. The program calls for recapturing of some state funds now being diverted to local government units. For example, the State Senate reversed itself last week when it approved a house bill cutting local government's share of liquor license fees from 85 to 50 percent. Reconsideration by three Republican senators, who previously had voted against such reduction of state aid, turned the tide. The bill would put an additional \$1,293,000 in the state general fund now beset by red ink.

Another bill in the Republican program, obviously designed to meet the challenge of the governor, would eliminate the 3 percent sales tax on liquor sales and would substitute a new specific tax of 3 percent whereby \$3,500,000 would be added to the state general fund. Since both municipalities and public schools benefit now from sales tax rebates, the recapturing of revenue in this fashion is bound to incur opposition from local governments so effected.

Another proposal by Senator Elmer R. Porter would divert \$3 million from the gas and weight tax revenues to help support the State Highway patrol. Since municipalities share in gas and weight tax revenues, such recapturing also is bound to be unpopular in some quarters.

It is conceded that in a period of rising inflation whereby prices constantly spiral upward there is a consequent need for additional revenues if present public services are to be maintained adequately. Sound evidence exists that the 1951 inflation, benefitting union organized workers primarily, left a large section of the citizens adversely affected by rising

prices which they were unable to write off through higher incomes. The predicament is both collective in governments and individuals in taxpayers.

If Republican leaders can hold the line by inducing legislators to favor recapture of present state aid now going to local governments, a solution could be found to the treasury deficit and an answer could thus be provided to the challenge by the governor for a tax on corporation profits. However this is asking for quite a lot.

Michigan corporations have not been such bad employers despite the proverbial onus of "big business".

It is significant that Michigan, recognized nationally as the nation's leading industrial state in 1950, paid more wages to production workers in average annual earnings than any other state in the nation. In no other state are factory payrolls as important to the economy of an area. Michigan factory workers in 1950 received an average annual earnings of \$3,660 for a total of \$3.1 billions.

How does Michigan compare with Ohio? Ohio production workers received \$3,260 average in 1950. Thus Michigan leads Ohio by 11.2 percent and exceeded the national average by 24.7 percent.

As compared with factory earnings of workers in North Carolina, Michigan was 70 percent higher.

The Detroit Board of Commerce recently pointed out that manufacturing was Michigan's greatest resource and that through it, 41 percent of the people obtained their livelihood.

It was the conclusion of the Citizen Tax Study Committee that a state levy on corporation profits would merely shift additional cost to the consumer in the form ultimately of higher prices. We quote: "In small business as well as big business it is necessary to adjust pricing to tax costs as well as labor and material. In the long run all taxes are borne by the ultimate consumer as part of the cost of goods and services he

buys." Business leaders conclude that a state levy on corporation profits might be the act of killing the goose to get the golden egg. Michigan's distinction of record high wages adds emphasis to this sound logic.

A possible solution to the financing of tuberculosis sanatoriums from state aid has come up in the Legislature. Rep. Reobert E. Faulkner, Coloma Republican, introduced a bill asking a \$750,000 grant to finance a \$1,500,000 75-bed tuberculosis hospital in Benton Harbor, on a 50-50 basis,

whereby Bertion county would match state funds. If local governments elsewhere offered to match state funds, reconsideration of the entire construction program might be ordered.

A slim peach crop in 1952 has been predicted for Michigan. A drop of 25 percent below the 10-year normal was attributed to the winter kill of a year ago.

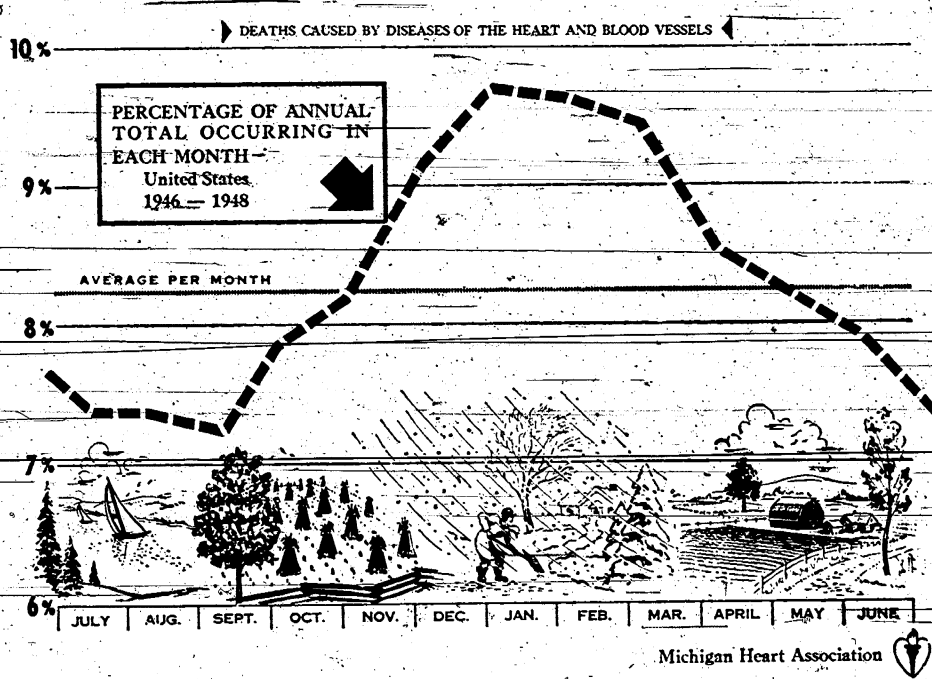

Control of collegiate television by law in Michigan, proposing to require MSC and U. of M. to televise sports programs has been given little support in the

present session of the legislature. The legislators defeated a bill to require the colleges to make games available throughout the state, while Attorney General Frank G. Millard has ruled favorably to the colleges running their own affairs as constitutional bodies.

Make sure treads and banisters are always in good condition on stairs. And make sure there is enough light, advises David G. Steinicke, extension specialist in health and safety organization at Michigan State College.

There's DANGER in a Snowflake!

"Heart attacks" and cases of heart failure occur more frequently during the windy, frost-bitten, and snow blanketed winter months. The Michigan Heart Association prescribes a general health program of regular medical checkups, avoidance of over-exertion, over-weight, infections, and worry, with positive emphasis on proper rest and relaxation especially during the winter season. Finding out the facts about your heart from your doctor of medicine was recommended as the best way to avoid needless anxiety, and to permit proper treatment to begin immediately if a heart condition is discovered. Appropriately, the heart associations have chosen February, one of the critical months, to be observed as American Heart Month.

The greatest low-priced car ever built

The car that's made greater strides forward for '52 than any other in its class!

The most powerful low-priced car ever built

Guess again... it's the '52 FORD!

You won't believe your eyes when you see the big, new '52 Ford! For never before has a low-priced car offered such power, such fine-car styling, such big-car comfort! You'll see such built-for-keeps advances as Ford's new longer, stronger Coachcraft Bodies... its more powerful, high-compression V-8 and Six engines... and the many other features described at right.

Ford's 110-h.p. Strato-Star V-8 is the most powerful engine—the only V-8 offered in a low-priced car. Ford's 101-h.p. Mileage Maker Six is an all-new, low-friction Powerhouse with new free-turning overhead valves and shorter piston stroke. Both engines feature the Automatic Power Pilot which gives you high-compression "go" with regular gas.

White sidewall tires if available, and Fordomatic Drive optional at extra cost. Equipment, accessories and trim subject to change without notice.

Full-Circle Visibility New curved one-piece windshield... new car-wide rear window... picture windows all around give you visibility "unlimited." A Ford exclusive in the low-price field.

Automatic Ride Control New wider front tread, lower center of gravity, longer rear springs, new tailored-to-model front springs and diagonally mounted rear shock absorbers help take the bounce out of bumps, the tilt out of turns.

Coachcraft Bodies The newest, most advanced bodies in the low-price field... styled to stay beautiful and designed to stay young.

Fordomatic Drive Finest of all "automatics," Fordomatic gives you two drives in one! Torque-converter smoothness plus the get-up-and-go of automatic gears.

Much Interest Shown In Adult Education.

Considerable interest has been shown in and around Manchester for classes in adult education for both men and women.

A number of requests for vocational agriculture classes have been received at the school. Prospective members, Sunday School teachers and parents study together.

Request for women for classes centering around home interests and commercial education have been numerous.

To help discover the total needs in the field of adult education, a public meeting will be held in the Civic Auditorium on Wednesday, March 19, at 8:00 p. m. At this time committees will be set up to organize the field and to make plans for classes to start in September.

The local board of education has authorized the organization of adult education classes according to the needs of the majority and in accord with the state regulations.

LOCAL NEWS

Key to Good Health

Good food is one of the most important keys to good health. And of today's endless variety, one of the best foods served your family is oatmeal. In recent years scientists have confirmed what people have known for generations: that oatmeal is one of the finest foods in nutritive value.

Several recent scientific feeding experiments proved that oatmeal is far superior to other leading breakfast cereals in its protein value. Not only is oatmeal superior in the amount of protein, essential amino acids and protein than any of the other grains, but the growth-promoting value of that protein is also superior to all of the leading breakfast cereals.

Start your day with an oatmeal breakfast and take full advantage of such outstanding value. A real eye-opener that will "stick to your ribs" all through the morning is this tempting breakfast:

Orange Juice
Prune Oatmeal with Sugar and Cream
Hot Cornmeal Muffins
Butter
Coffee
Milk

Serve oatmeal often for real economy too. It still costs less than a penny for an average serving. This old-fashioned, yet ever popular favorite, with its high quality protein, iron and B vitamins will be an important key to good health for your family.

Inmates Assist Park Work

Use of prisoners in state park and recreation areas is permitting much maintenance and other work to be done which has not been touched since CCC days. One of the seven prison camps now operating are in lesser developed southern recreation areas. Plan of the corrections and conservation departments is to expand to 12 camps in the 1952 fiscal year.

do you want me to go into this training? "Yes," replied the father. "The boy shot back a comment to his father which he says he will never forget. "Well, Dad, you didn't seem to be concerned about it the way you prayed." "In our praying we dare not leave out depth, urgency, point, meaningfulness, and earnestness as we make our petitions known to Him who answers prayer. We need to bear in mind also that when we pray aught our wills are subject to God's."

Audubon Society Lecture Saturday

The Washtenaw Audubon Society will sponsor a lecture to be held at the Ann Arbor high school auditorium on Saturday, March 1, at 8:00 p. m. Bert Harwell, the whistling naturalist, will bring his colored, nature-logue called "Canada West". "Canada West" shows the great unspoiled area from quaint Victoria over the Rockies to Lake Banff. It pictures abundant game and bird life, unsurpassed on this continent.

tion, communication and clerical in which volunteers are urgently needed in each community of the state.

"Fire-Fighting for Householders" tells what each family should know and do to protect their home against fire, and lists fire fighting equipment which should be in every home.

"Emergency Action to Save Lives" gives a few principles of emergency first aid, and lists the items which should be included in a household first aid kit.

All Michigan people are urged to get the pamphlets, whether or not they are actively engaged in volunteer civil defense work. The pamphlets can be ordered together or separately from the Superintendent of Documents, Washington 25, D. C.

Civil Defense Booklets Are Available

Each Michigan family can buy its own authoritative "Civil Defense Library" for less than one dollar, the Michigan Office of Civil Defense said today.

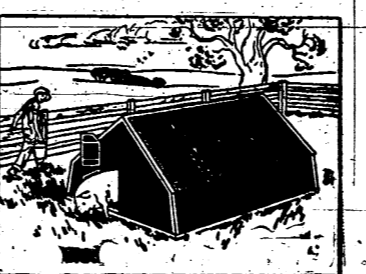

Ten booklets on civil defense for lay people are being prepared by the Federal Civil Defense Administration. Five have been released so far: "Survival Under Atomic Attack," ten cents; "This Is Civil Defense," 10 cents; "What You Should Know About Biological Warfare," 10 cents; "Fire-Fighting for Householders," five cents; and "Emergency Action to Save Lives," five cents.

"Survival Under Atomic Attack" is a thirty-two page booklet telling about the possible effects of atomic bombs—blast, burns, radioactivity and radiation sickness—and what to do to protect oneself against them. It gives five keys to household safety and destroys many myths and rumors.

"This Is Civil Defense," another thirty-two page booklet, tells the place of the civilian population in the defense against atomic, biological and chemical warfare; how casualties can be cut in half, and how property can be protected. It lists dozens of services—rescue, fire, police, welfare, warden, engineering, transporta-

Durable, Low in Cost

THE light, durable hog house is a definite factor in raising the farmer's labor efficiency. An example of the ideal hog house, which is large enough for four sows and which can double as a farrowing house, is illustrated. Any lumber dealer can furnish the lumber for the flooring and framework and the Masonite quarter-inch tempered hardboard used for the siding and roof.

A great saving in time will come in the construction of this hog house. The panels of hardboard go into place more quickly than narrower siding.

Double, full-length doors, divided midway horizontally, provide easy access for both farmer and animal as well as ample ventilation. Openings in the upper panels may be covered with glass cloth or a similar material.

The house is built on 4 by 6-inch wood sills which serve as skids, and the 4-inch flooring is laid on 2 by 4-inch joists. Rafters are also 2 by 4" stock. A 2 by 6-inch guard rail is nailed, 10 inches from the floor around the house, between the studs. It protects pigs from being crushed by the sows.

Provision is made for removable partitions. Trim from the Masonite tempered hardboard panels may be used as battens. This hog house is easy to clean and will last indefinitely. Therein lies additional saving of labor for the busy farmer. For working plans, write Farm Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., and ask for free plan AFB-197.

The American Way

In Michigan, ice skating is a traditional part of winter out-of-doors. And after a brisk time at the rink ... "The American Way" is to relax with friends over a pleasant glass of Michigan brewed beer.

For beer belongs ... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs ... to our own American heritage.

Announcement!

The American Legion Auxiliary of Manchester announces that it is sponsoring its annual magazine subscription campaign for the purpose of purchasing additional sick room equipment.

The American Legion Auxiliary now has for loan to the residents of Manchester, Brooklyn, Napoleon, Norvell, Bridgewater and all adjacent rural areas, hospital beds, fracture beds, wheel chairs, crutches, etc. This equipment is available to residents for home use at no charge.

Your magazine order (new or renewal) will help to further this community project, and every resident is urged to cooperate.

Residents when called on should request to see the representative's letter of introduction signed by the officers. This is to eliminate any misrepresentation by unauthorized persons. Donations are not to be solicited or accepted.
