### Manchester Fair Board Welcomes New President

Manchester's Fair Board listened to their new president, William Kulenkamp, as he explained some of the policies and plans which he has formulated for this year's fair.

Mr. Kulenkamp stressed the importance of the utmost cooperation between the merchants, farmers and the board in order to have a successful fair. He emphasized the fact that without everyone pulling together the plans might better be abandoned. President Kulenkamp says that the location of the town makes it centrally located for general patronage.

For the present time the question of whether or not to have a carnival has been tabled. According to the board president there are more important questions at stake and more important problems to consider. Before the next meeting which will be held the second Tuesday in April, committees will be appointed to work out the details of the tents, tractor pulling, electrical details and many other items which confront a fair board.

At this time Mr. Kulenkamp is anxious to make clear that with everyone working together he believes that the fair can again be a paying proposition. Not new at this work he comes to the board well qualified for the work and incidentally was Manchester's first Fair Board President.

It was decided that all fair board members should attempt to bring at least one interested person to the next meeting. Whether or not people in the community are asked by any one individual is unimportant—everyone is invited—invited by the president of the board.

### The Main Street

If you like your dog and want to keep him—keep him at home. That is the suggestion of Deputy Charles Scheiber who warns that he is compelled to bring a stop to dogs running the street.

Since the church notes were received at this office for publication there has been a change in the date of the Family night potluck supper at the Methodist church. It will be held Thursday, March 20 instead of March 27. For further information check the coming events.

Mr. and Mrs. Henry Kulenkamp plan to move from their farm home to 309 South Macomb street, Manchester.

Gerald Grossman, son of Mr. and Mrs. George Grossman has reported seeing a robin on Monday. This is the first one reported this season.

Spring must really be here—snow drops have been in blossom for a week in the yard of Jane Palmer at the township library.

### Carl Wuerthner Returns From Sunny South

Carl Wuerthner has returned home after one month in Florida. He was accompanied by Mrs. Adah Traxler and Mrs. Cora Cook of Jackson. Among the places of interest which he visited were St. Petersburg, Tampa, Palmetto, West Palm Beach, Lakewood, Ft. Lauderdale and Miami.

He said that there wasn't a dull moment while he was gone. He particularly enjoyed the softball game between the kids and the cubs which included men of seventy-five years and older. The oldest member of the team was 86 years old. While at St. Petersburg he visited Chauncey Dettling at his home.

Among the several churches which he visited was the First Methodist at which Dr. Martin Niemoller was the guest speaker. He is proclaimed to be one of the great christian martyrs of the world and was imprisoned in a German concentration camp for 17 months.

### Charles Figy To Speak At Dedication

It is "Open House" at the Hayden Flour Mills in Tecumseh Sunday afternoon, March 16th from 1 until 5 o'clock. Charles Figy, Michigan Director of Agriculture since 1943, will be the principal speaker at a dedication ceremony for new plant facilities at 2:30 P.M.

The ceremony Sunday will be the eighth of its kind, covering additions to plant and equipment of the Tecumseh firm, since 1938. The service will be held to dedicate a series of large bulk storage bins, a new pneumatic system for unloading grain and cereal proteins in bulk, and an automatic packing and conveying system that will deliver to trucks or railway cars.

Perry Hayden, the firm's president will preside at the Dedication ceremony. Edward Escolme, Pastor of the Tecumseh Friends Church, will give the Dedictory Prayer; William Beardsley, vice-president, and general manager, will explain the workings of the new equipment; and there will be vocal numbers.

Charles Figy is a successful "dirt" farmer in his own right. Left fatherless at six, he started working at an early age to help support his mother and her large family. He worked in a canning factory summers at the age of eleven, and later worked in a restaurant an hour at noon and until ten at night for his board and \$1.25 per week. He is president of the Patron's Mutual Fire Insurance Co. of Adrian; a member of the Executive Committee of the Michigan State Grange; and has served the city of Morenci twice as mayor. Along with his other activities, he has directed the management of his two 200 acre farms near Morenci, on a plan that has been adopted generally by many farm owners in Michigan and in other states.

The public is invited to visit the Hayden Mill Sunday, and to attend the dedication services.

### Manchester Loses Out In District Play

Manchester League of the Lakes champion went to the Class D Sidelines, when they played Spring Arbor at Jackson at the District Tournament for high school basketball.

A weak fourth period in which the Dutchmen scored but one point proved Manchester's undoing although Spring Arbor led most of the way after running up a quick 11-2 edge. Manchester managed to tie the score at 27-all in the third period but then counted only one more point. Jack Evisizer, Duane Trolz and Jerry Fenoll led the Dutchmen with eight, seven and six points respectively. The loss gives Manchester a final season record of 10 victories and seven defeats.

### Methodist Church Plans Family Night

A Family Night is being planned at the Methodist church for Thursday, March 20, at 7 p. m. The menu, potatoes and coffee will be furnished. Everyone is asked to bring his own table service and a dish to pass.

Working on the committee are James Pratt, Frances Cargo and V. W. Downing. Church members are urged to invite their friends and neighbors and to remain after the dinner for a social hour.

### Coin Toss Decides Manchester Election

#### Village Clerk LeRoy Marx Tosses Coin

New Village President, James Cannon Sr. looks at the coin that decided he would be President. LeRoy Marx, center, tossed the coin, and Leonard Kirk, right, incumbent Pres. sees his three year reign broken.

#### Exchange Club Has Boy Scout Program

Monday's meeting of the Exchange Club was the Annual Scout night. The boys of Troop 26 with their Scoutmaster Paul Kappler, demonstrated many of the things used in Scouting. Demonstrations of the new artificial respiration technique, rope tying, splinting of a broken leg and how to care for a sprained ankle, lashing of logs and semaphore signaling were all given; silent hand signals were displayed too.

The Exchange Club Scout committee all expressed pleasure at the display as this was about the best demonstration ever given in Manchester. Scoutmaster Kappler certainly had the respect of his boys and had complete cooperation. A tug-of-war was the main event for the boys with a sea-saw battle lasting for 10 minutes before one team won. They pulled into the kitchen and up the stairs and in and out in the small space allowed. Both the Scouts and the Exchangeites had a hilarious time with this event. The Scouts gave the dinner blessing which was quite effective with them saying it in unison.

The club voted to expend \$35 to send two boys to "Boys State" at Lansing this summer. Rev. Karl Rest and D. C. Weed were appointed to the committee to work with the Legion in the selection of the boys that would represent Manchester.

#### Manchester Driver Tippy; Fined, Jailed

Stanley J. Binkowski, 34 of Manchester pleaded guilty in municipal court Tuesday to a charge of driving while under the influence of intoxicants. He was fined \$75 and sentenced to 15 days in jail by Municipal Judge M. Grove Hatch, with an additional 30-day sentence to apply if the fine is not paid.

Binkowski was arrested shortly after 5 a.m. Tuesday by police who observed him driving in a hazardous manner on E. Michigan Avenue in Jackson.

### Mrs. Georgiana Anthony Celebrates 91st Birthday

Mrs. Georgiana Anthony celebrated her 91st birthday at her home here this week. She was born March 10, 1861 at Ryhway, New Jersey and when a

#### Record Vote Seen Here

They flipped a coin to see who will be the President. Yes, that is quite legal procedure. The expression, "Straw Vote" originated in this way for in ages past candidates for an office "drew straws" to decide who shall be victor. In the Manchester version, LeRoy Marx, Village Clerk for over 25 years, flipped a coin to determine whether Leonard Kirk or James Cannon Sr. shall be Manchester's next President. Mr. Cannon called for heads, and heads it was. Congratulations to new Village President Cannon.

This "coin" decision climaxed Manchester's largest vote in recent history. Both Mr. Cannon and Mr. Kirk received exactly 105 votes, the second time a tie has been recorded in Manchester for a village office. It was just two years ago when Lawrence DeVerna and Tom Walton each received 24 votes for a council seat. At that time a deck of cards was used to determine the winner.

This will be Cannon's first public office as he takes over from past President Kirk, who has been in office for three years. Mr. Cannon was elected on the Citizens ticket.

Incumbent candidates re-elected were LeRoy Marx as clerk with 172 votes, Edward R. Kirk, treasurer with 168 votes—both unopposed on the progressive ticket. Homer P. Fish polled 109 votes as against 91 for Bennet C. Root for the office of Assessor. Fish was also on the Progressive ticket.

The three trustees were all elected on the Citizens ticket: Harold Alexander, 110 votes; Earl Koebbe, 125 votes; and Eugene Bentschneider 100 votes.

Defeated candidates running on the staggered ballot on the progressive ticket for trustee were Herman Kuebler with 79 votes, Fred B. Kuhl with 80 and Lawrence DeVerna with 45 votes.

Serving on the election board were Mrs. Marie Scheurer, Mrs. Carl Schable and the Misses Helen Rosecrants and Donna Watkins.

### Mike Gauss Retires After 55 Years

Michael J. Gauss, known to his many friends as Mike, has decided to put aside his barber shears. We think Mike has every right to take a rest, for 55 years is quite a while to work at any trade.

Talking to Mike about his work and the changes that have taken place through the years he told us that in the old days there were only kerosene lamps with reflectors to see by. He started to learn his trade from Jake Brigel, who

Jackson where he worked for Ambrose Brown for six years and came back here to work with Chas. Youngmans. After his death Mr. Gauss bought his share of the business from Eloise Michaud where he has remained until the present time when he sold out his business to Sam Babin who will open the shop as soon as some repairs are made.

Probably the biggest changes have been made because of electricity because Mike explained the electric clipper has cut the time for a hair cut from about one half hour to eight or ten minutes.

Mike asked if we knew how the expression "Raise it a peg or two" originated? We didn't. In the old days the headrest was adjusted with a wooden peg which was raised or lowered by means of a wooden peg to suit the comfort of the patron—thus the expression.

"Yes, times have sure changed," Mike noted, and so have the prices.

### Allan Schaffer Family Appear In Movies

World has been received here from A. L. Glenn, director of public relations for the Civil Aeronautics Administration, Washington, D. C. that Mr. and Mrs. Allan W. Schaffer and their two children, Cheryl and Douglas, recently appeared in a Technicolor film entitled "Preventive Maintenance".

This film was produced at Fort Meyers, Florida, by the CAA under the direction of Ed Goldner of Hollywood, California. The script was called for a plane and its two children who owned a four passenger airplane. The Allen W. Schaffers of Manchester who were visiting at Fort Meyers, were chosen for the part.

Copies of the film will be loaned about May 1, and will be available to civic organizations, service clubs, etc. throughout the United States.

Mrs. Hector Powers of Hudson is spending this week with her son and wife Mr. and Mrs. Gordon Bowers.

Cpl. Elwood Allan has returned from Germany and is spending a thirty day leave at the home of his parents Mr. and Mrs. Arthur Allan at Tip-ton.

### Coming Events

The Spafard school PTA will meet Friday evening, March 21, at the home of Mr. and Mrs. Ben Maurer at 8 p. m.

The WSCS of the Methodist church will meet on Wednesday, March 19, at which time the Saline WSCS will be guests of the Manchester group at a 12:30 luncheon.

Manchester Junior class will sponsor a Shamrock Ball on Saturday, March 15, from 9 p. m. to 1 a. m. The St. Patrick's Dance will feature Doug Webb of Michigan Center and his seven piece orchestra.

The Junior class is sponsoring a baby contest in connection with their Junior Play on April 1 and 2. The class is suggesting that persons interested in entering their children in the contest should contact Joe Kirk or Janet Guenther or inquire at Lannom's store where pictures of contestants will be displayed. Entries must be in by March 19.

The Iron Creek Missionary meeting will be held at the home of Mrs. Irving Kuhl on Thursday, March 20th, with the all day meeting starting with a potluck dinner at noon. Mrs. Verna Knapp of Michigan Center will be the guest speaker and will talk on the Southern Rhodesia missions. She and her husband expect to leave as missionaries to this country soon.

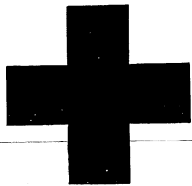

The prayer meeting for members of the Iron Creek church will be held at the home of Mr. and Mrs. W. A. Knoque on Wednesday, March 19, at 8:30 p. m.

The Band Boosters Club is planning to hold a rummage sale in order to raise money for band uniforms. According to Mrs. Sydney Leeman, who is working on the committee with Mrs. Harold Fish and Mrs. Earl Koebbe, everyone in the community is invited to bring articles to the rummage sale. The sale will be held at the building now owned by Nelson Short, formerly known as the Curtis Market on East Main street. The ladies urge persons to bring in their articles on Friday, March 21, for the sale which will be held Saturday, March 22.

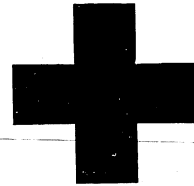

The Past Matrons Club will meet at the home of Mrs. Floy Williams at her home near Ann Arbor on Saturday, March 15. All of the out of town matrons have been invited.

## REPORTS TO THE People

The Legislative program of new taxes continued to take shape last week. Two of these measures de-

and similar insurance companies.

This would increase the costs of Blue Cross, Blue Shield and other forms of health, accident and hospitalization insurance. There is already a great deal of opposition from the medical profession which has built up these insurance systems to encourage people to meet their family health emergencies by voluntary means.

The irony of the situation is this: The same people who have been most vigorous in their opposition to any form of government health insurance, are busy trying to raise the cost of voluntary health insurance.

If this tax should become law, of course, it would be passed on immediately to those who pay the premiums.

Another of these bills that deserves special mention is the proposal to put a new tax on tourist cabins, motels, hotels and tourist homes.

Under this bill operators of tourist facilities or hotels would be required to collect from their customers and pay to the State three percent of their bills. If the Revenue Commissioner thought an operator untrustworthy he could require posting of a bond to ensure payment of the tax.

Severe penalties are provided in the bill for resort and hotel operators who fail to conform—ranging up to a year in prison and \$5,000 fine.

The tourist industry is one of Michigan's three largest industries and is the principal industry of large areas.

Again I record my opposition to these forms of taxation. I sincerely hope the Legislature will not go any farther with these plans.

People in the tourist business have enough troubles without being forced to collect such a tax. People who buy health insurance for their families cannot afford to pay higher premiums.

We are making progress in our fight against unemployment. Last week there were two major developments: (1) We succeeded in getting higher production quotas for the automobile industry; and (2) we have been able to get preferential treatment on defense contracts for outstate areas.

Auto production quotas will be raised from a projected 930,000 cars to 1,050,000 for the second quarter of the year. This order was issued by the National Production Administration after a long campaign in which the state government joined with Senator Blah Moody, other Michigan members of Congress, and leaders of automobile management and labor.

Some time ago, I set up the Emergency Defense Contract Commission, headed by Walker L. Ciesler, president of Detroit Edison Company. The function of this temporary state agency is to help get defense work into Michigan factories to take up some of the slack created by curtailment of domestic production.

Last week this commission won an important victory. It succeeded in getting the Secretary of Labor to add Iron Mountain and the Belding-Greenville-Ionia area to the list of critical unemployment areas.

That means that armed forces procurement agencies will be instructed to give all possible preference to firms in those communities in awarding defense con-

He is a Russian born Latvian and his wife is a native Latvian. It is expected that she will accompany him here.

The couple spent one year in Soviet Russia as forced laborers and were destined to be deported to Siberia, but escaped. They spent

four years in Nazi territory as forced laborers before they escaped to Denmark where they spent one year before coming to the United States in 1946.

When in Latvia Roy Bergman was assistant to the Bishop of Latvia for 20 years where he also acted as interpreter. His subject will be "In the Storms of Europe". The public is most cordially invited. Mrs. Alfred Strang is program chairman.

Arbeiter Society

The Arbeiter Society held their March meeting at their lodge hall with plans underway for a chop suey supper being planned for Saturday, March 22. Mrs. Thelma Blösdell was named the general chairman. A card party is being planned for Friday, April 18, with Mrs. Charles Wurster the general chairman.

The society voted a donation to the Red Cross. Two prospective members were accepted by the society. They are Mrs. Helen Boyce and Mrs. Mary Stevens. Mrs. Edwin Paul gave the sick committee's report and noted that one of the local members, Mrs. Vera Frey, is a patient at St. Joseph's Mercy hospital in Ann Arbor where she was taken with an injured back. She was hurt when she fell on an icy patch as she was going from the parking lot to work at the Manchester Food plant.

On the Good of the Order for April are Mesdames Ruth Kulenkamp, Margaret Kulenkamp and Goldie Lamb. At the conclusion of the meeting refreshments were served by Mrs. L. V. Kirk, Mrs. Minnie Kramer and Marie Schneider.

Cards were played and prizes were awarded to Mrs. Basil Schwab, Mrs. Vogel Mayer, Mrs. Charles Wurster and Mrs. Albert Herman.

Mrs. John Staib

Mrs. Frances Staib, 89, lifelong resident of the Clinton area, died suddenly Monday afternoon at the family home on Townline Rd.

Mrs. Staib was born on September 25, 1862, in Bridgewater township, a daughter of Charles and Marie Uhl and was married to John Staib on January 16, 1901.

She has been living with her son, Elmer Staib.

She was a member of St. Dominics Catholic church and the Altar Society of the church.

Also surviving are one daughter, Mrs. Henry Hogue of Detroit, three grandchildren and two great-grandchildren.

The funeral was held at 10 o'clock Thursday morning at St. Dominics church and burial was in Riverside cemetery.

OES News

The regular meeting of the Manchester OES met Friday, March 7, at their hall for their regular meeting. Various committees reported their actions during the preceding month.

Letters from the Worthy Grand Matron were read and enjoyed. Announcement was made that Milan OES will hold a Friendship night on March 18. The Manchester Chapter will entertain the Past Matrons and Past Patrons on March 28th.

A potluck dinner is planned and everyone is asked to bring their own table service and a dish to pass.

Mrs. Ray Kerr, a member of the OES Chapter at Schenectady, New York, now a resident of Manchester, was a guest at the meeting. Refreshments were served to approximately 40 members and their guests.

Davidter School News

When Margie Guenther had her birthday last week her mother surprised the school by bringing ice cream, candy and cupcakes. It was Margie's sixth birthday.

The pupils on the honor roll for the last marking period were Elaine and Mary Fuller, Carl Kemmer, Edna Kothe and Janice Steinaway. Those who were neither tardy nor absent were Grant Charvey, Elaine Fuller, Mary Fuller, Marilyn Guenther, Carl and Rya Kemmer and Richard Merz.

Two new pupils in the school are Paul and Dennis Reinhart. Paul is in the fourth grade and Dennis is a beginner. Dennis will be absent from school for some time because he has the mumps.

During classes in English last week the pupils wrote stories and illustrated them. Most of them were very interesting. New library books will be added this week to the school's library.

PIGLETS SEPARATED FROM MOTHER AT 2 DAYS, FED NEW SYNTHETIC SOWS MILK. TERRALAC-G-O-V FASTER, GET MORE PORK ON TABLE.

More Pork Chops for Everybody

More little pigs will go to market now on, because they'll grow Terralac—a new, synthetic

sow's milk that makes them grow up faster. A baby pig's worst enemy is its own mother—a huge lumbering creature which lies on her piglets, steps on them, and gives them fatal infections. A third of all little pigs die from these causes.

Terralac saves the piglets from such hazards; they can be taken from their mothers 48 hours after birth, and fed the new wonder-milk. Terramycin is the secret

of the piglets' rapid growth. Terralac-pigs can be weaned at 5 weeks, instead of the usual eight.

Kept on a terramycin-supplemented diet, they'll grow to market weight—255 pounds—in 40 days less than ordinary pigs.

Terralac has already been tested successfully on more than 3,000 pigs with phenomenal results in cutting costs, increasing stock, and reducing mortality to 5 percent. On a national scale, this could mean an increase of several billion pounds of pork a year for the American consumer.

**County To Sponsor Immunization Clinics**  
County-wide immunization clinics to protect the children of Washtenaw county against diphtheria, tetanus and smallpox were announced today by Dr. Bradley Harris, president of the Washtenaw County Medical Society, sponsor of the clinics. This will be the eighth year that the Medical Society has sponsored these clinics in cooperation with the County Health Department and the schools, said Dr. Harris. Last year over 8,000 children were served in these clinics. Six thousand of them were vaccinated against smallpox, and over 7,000 received protection against diphtheria and lockjaw, he added. "If the clinics are as successful this year and in succeeding years as they have been in the past," Dr. Harris said, "danger of an epidemic of either small pox or diphtheria will continue to be greatly reduced." Tetanus booster shots were added, the doctor reported, as a part of the civil defense program.

In the clinics children who have not been vaccinated in the last five years will be offered vaccination for smallpox. Those who have not been immunized in the last three years for diphtheria and tetanus will receive booster doses for protection against these diseases.

"The physicians are contributing their time free of charge in these clinics," said Dr. Harris. "Washtenaw county physicians would much rather donate their services in protecting all of the children than to have to treat any of them for either diphtheria, smallpox or tetanus," he said.

The services of the Health Department and the schools are tax supported. No charge is made at the clinics for the immunizations or vaccinations made.

The clinic will be in Saline on March 18, Milan on March 17 and Manchester on April 9.

## PTA PLANS PANEL DISCUSSION

By Arlene Fuller

The PTA is planning a panel discussion for Monday, March 17. The discussion will center around report cards and honor rolls.

Mr. Downing will discuss it from the administrator's point of view. The Board of Education will be represented by Dr. Henry Eames and Loren Leeson. Mrs. Swanson will represent the faculty. The parents will be represented by Mrs. James Pratt and Mrs. Robert Kuhl and the students by Albert Haller, Bob Eisenhauer and Joyce Schaible. Miss Stables will act as moderator.

Each person will be allowed to present his argument within a three-minute time limit. After all arguments have been discussed the meeting will be open to the audience for discussion.

## DUTCHMEN WIND UP BASKETBALL RUN

By Donna Sturdevant

Manchester's Flying Dutchmen lost to Spring Arbor by the score of 28-55. This automatically eliminated Manchester from the tournament.

Spring Arbor started out the game by dunking basket after basket and missing none. After a few minutes of play they were leading by a score of 11-2. The half ended with the score 15-7.

In the third period Manchester managed to tie and for a few min-

utes it looked as if they might win. But in the last quarter Manchester was held to one point while Spring Arbor managed to get six.

Manchester's leading scorer was Jack Evilsizer with eight points. Next were Bill Aiken, Jerry Fennel and Duane Troia with five points each.

## KINDERGARTEN NEWS

By Arlene Fuller

We have finished Unit I in H. W. and are working on it.

Tommy made an exhibit of marbles. We thought they were nice.

We made clocks. They tell the time that we should go to bed at night.

In a final test, which consisted of 81 words introduced in the first grade, 15 out of the 20 children

had a perfect score. The boys and girls have completed their "Ted and Sally" readers and also their work books.

The children enjoyed a story about the tadpole and saw one that Mrs. Downing had in her room. They wrote a story about it in their English class.

## SECOND AND THIRD GRADE NEWS

By Arlene Fuller

Mrs. Nelson Short visited the second and third grades room on Thursday, March 16.

## FOURTH GRADE NEWS

By Arlene Fuller

Curtis Pippenger brought us a bouquet of gladiolus that were picked in Florida. His selection of shells were beautiful. From the National Geographic and a nature book we found the names of quite a number of the shells.

## FIFTH GRADE NEWS

By Arlene Fuller

Jack Smith brought some pussy willows. They have brightened our room.

Mrs. Robert Pratt was the first mother to visit our room. Mrs. Ball, the room mother, has helped with the parties. We thank Mrs. Pratt for coming and would like to see more mothers visit us.

## SIXTH GRADE NEWS

By Arlene Schumacher

Mrs. Swanson, the sixth grade teacher is back from a trip to Florida. She told the students all about the things she saw.

Joyce Gauss is in the hospital. Ruth Townsend, Mary Wallace, Jo Annie Helfrich and Patty Wheeler won the spelling bee in their room. This week the final spell-down will be held.

## SENIORS CHOOSE CLASS MOTTO

## HOW TO HANDLE green undergrowth in grain crops

Clover seeded with your grain crop builds up your soil, but this green undergrowth may be a problem at harvest time. Here is how to handle it.

A home-owned ALL-CROP Harvester lets you time your harvest perfectly. Catch the grain at full ripeness, but before green undergrowth is too high.

The wide, rubber-faced bar cylinder handles the full swath width with less chopping of green matter — separation is easier over the rack and there is less choking of sieves. Grain is drier, brighter, safer to store.

Power harvest grain this year, valuable seed next year, from the same field... with your own ALL-CROP Harvester. Stop in and talk to us.

## Blair Moody Speaks

The St. Lawrence Seaway is closer to realization today than at any time since it was first brought before Congress a quarter-century ago.

The great, multi-purpose project which would open middle-America to the Atlantic, and create a vast new reservoir of electric power for the northeastern states, went before the Senate Foreign Relations Committee in public hearings Monday, February 25.

Three times before, in 1934, 1944 and 1948, the St. Lawrence got farther ahead than it is today. The first time it won a 16-42 majority but fell because the vote was on ratification of a treaty with Canada which required two-thirds majority.

In 1944 an amendment to the Rivers and Harbors bill by Senator Aiken (Rep.) Vermont was defeated 56 to 25. And in 1948 the measure was sent back to committee, 55-30.

But the legislative climate today is more favorable than ever before. A majority vote will do the trick. Some of the special and sectional interests that have managed to blockade the measure for nearly three decades are still fighting it. But others have turned in its favor. The prospect of a swift, inexpensive route from the new Labrador ore deposits, plus the determination of Canada to go ahead alone if Congress stalls any longer, may be decisive factors.

That it has stalled so long, resisting the vigorous advocacy of every President of both political parties since just after the first world war, has been a silent symbol of the Capitol Hill strength of "influence." Long ago, the project has been declared essential to the national defense.

After months of delay, the vote by the Foreign Relations Committee to hold hearings was overwhelming. At first, three votes were recorded in the negative. But two proved to be proxies cast by the measure's arch-enemy, Chairman Connally.

(Dem.) Texas, which were later repudiated by Senators Gillette (Dem.) Iowa and Lodge (Rep.) Massachusetts.

The vote on actual approval of the project may be much narrower. The 9-3 majority for hearings, however, was rolled up on the principle that under the democratic process a hearing should not be stifled. Under the same principle, the opportunity of 96 senators to have a roll-call on such an important measure should not be stifled, either. Several senators on the Committee whose position on the project itself is in doubt or may look at it that way.

The first drive to win an affirmative committee vote will come from those charged with defending the country. In a letter to Senator Aiken, General Omar Bradley, the chairman of the Joint Chiefs of Staff, said this week that "completion of the project is important to our national defense."

The seaway would not only open the way to high-grade Labrador iron ore, General Bradley pointed out, but it would afford access to shipbuilding and ship repair facilities on the Great Lakes, and would provide a large source of cheap dependable power. Its only disadvantages, he said, were vulnerability to enemy air attack and ice conditions in winter.

Mobilizer Charles E. Wilson is urging "wise and prompt" action, as President Truman has repeatedly, to obtain the "vital and strategic advantages" of the Seaway. John D. Small, chairman of the Munitions Board, will speak for the Pentagon. Senators Aiken, Lehman (Dem.) New York, the writer, and perhaps other senators will urge the committee to act, as will farm and labor spokesmen, with Secretary of State Acheson returning from Europe in time to speak in rebuttal after railroad and utility interests have had their say.

One of the project's major selling points is that it will not cost the taxpayers of either the U. S. or Canada a cent. The \$800,000,000-plus estimated cost will be amortized entirely by revenue from power and competent engineering and accounting estimates. If Canada builds it alone, it will have entire control over those charges plus the canal. General Bradley points out also that, if the canal is owned outright by Canada, the U. S. might be "embarrassed" in case of a war.

in which our neighbor was neutral.  
 To remove any chance of argument against it on the grounds of "new burden on the taxpayers," Senator Aiken and the writer are planning to present a plan to have the American share financed out of special faith-and-credit debenture bonds, to be paid off from project revenue. Canada plans to finance her share that way. Or, if necessary the whole thing.

abreast of the times. She suggests that people should forget that they are getting older and to live each day for what it is worth. She is annoyed to think people dwell on their ages and apparently doesn't consider 91 years particularly old.

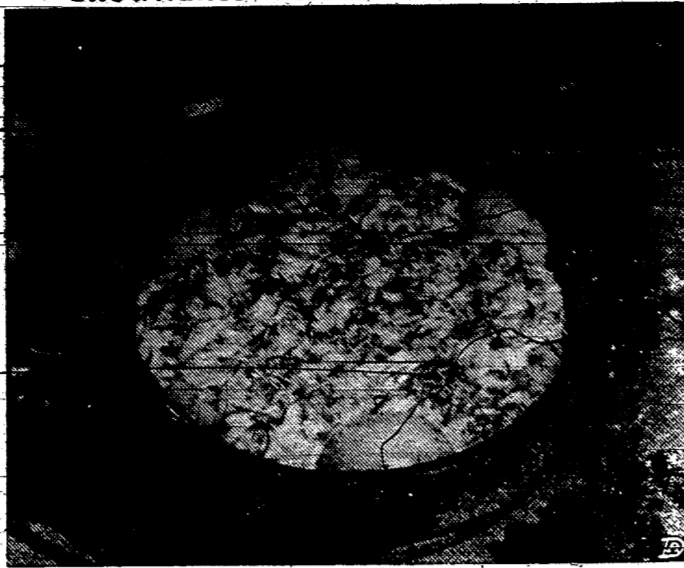

### Churches Will Join In Service

Many Protestant churches in this area and throughout the nation will join on Sunday, March 23 in special services and special offerings in response to the 1952 "One Great Hour of Sharing" united appeal for overseas relief and reconstruction.

This appeal is made through the churches of the individual denominations under the sponsorship of the Dept. of Church World Service of the National Council of the Churches of Christ in the U. S. A. It not only carries material relief—food, clothing, medicines, shelter—to millions in distress, but also unmistakably extends to them the personal hand of friendship of Christian-Americans.

This voluntary giving—sharing through the churches, as well as that of other agencies supported

### Snowflakes Versus Pear Blossoms

This mouth-watering dessert was originally christened Snowflake Pudding—not because it came into being during a winter blizzard but because everything about it suggests the light airiness of snowflakes. It consists of a creamy custardy mixture with fluffy beaten egg whites folded in, lots of snowy-white lacy coconut, and luscious juicy pears—all combined in a wonderfully light and delicious dessert to serve with heavy winter meals.

But who wants to think of heavy winter meals! Our thoughts have turned to spring even if, for some of us, the landscape and the thermometer still argue that spring is far behind. So let's conjure up visions of blooming fruit trees and balmy days; and let's re-christen Snowflake Pudding and bring spring to the table with PEAR BLOSSOM DESSERT. A name and a dish to give the spirit a lift.

#### PEAR BLOSSOM DESSERT

- 2 egg yolks, slightly beaten
  - 1 1/2 cups milk
  - 1/4 cup sugar
  - Dash of salt
  - 1 envelope (1 tablespoon) gelatine
  - 4 cup cold water
  - 2 egg whites, stiffly beaten
  - 1 1/2 cups shredded coconut
  - 1 teaspoon vanilla
  - 1 1/2 cups well-drained-canned pears
- Combine egg yolks and milk in top of double boiler. Add sugar and salt and cook over hot water until mixture coats spoon, stirring constantly. Combine gelatine and 1/4 cup cold water in mixing bowl; mix well. Add hot egg-milk mixture and stir until gelatine is dissolved. Chill. When slightly thickened, fold in egg whites, 1 cup coconut, and vanilla. Place pear halves in bottom and around sides of shallow glass serving dish. Turn gelatine mixture over fruit and sprinkle with remaining coconut. Chill until firm. Makes 8 servings

of Mrs. Anna Wyer and Mrs. Ralph Kimble.

Mr. and Mrs. Herman Kuebler attended the church service at the Zion Lutheran church at Ann Arbor on Sunday. The guest speaker was Mrs. Kuebler's nephew, the Rev. George Schultz, director of Stewardship and Finance of the America Lutheran church from Columbus, Ohio.

### Fascinating Fashions

Flirty, and warm as toast, the latest material for glamorous or at-home occasions is quilted. Quilted satin, cotton, light-weight wool or quilted velvets... perfect for informal entertaining, after-skiing or Sunday brunch.

Vivacious Virginia Kays, who portrays Rosemary Roberts on the CBS radio serial, "Rosemary," prefers to hostess at informal gatherings in front of a roaring fire at their country home in Connecticut, advocates a quilted velvet in Capri blue, trimmed and belted with midnight blue and worn with matching ballet slippers. Nipped-in waist, low neckline and the fullest of full skirts... enchantingly feminine, yet comfortable.

Virginia, a tall, willowy gal, also recommends tapered trousers, smart in black velvet, for at-home evenings. A quilted jersey blouse with a scooped neckline, and bracelet-length sleeves and a wide belt complete the sophisticated outfit, which is also a hit with college gals, apartment dwellers or anyone with a willowy figure.

Major considerations when buying (or sewing your own) informal, lounging clothes are comfort and practicability. Frilly silks and satins are fine if you don't have to worry about laundering, but consider quilted cottons, pin-whale corduroys and such fabrics that may be dunked in your washer, if you do.

When selecting ready-made or patterns for lounging clothes, take as many pains with fit and details as you would take with every-day outfits. You will be amazed at what a difference an inch, say, around the waist or hips, makes—not only in the fit of your outfit but in the appearance of your figure. A better fit may whittle inches off your appearance.
