

The Manchester Enterprise

EIGHTY-SIXTH YEAR

NUMBER 11

MANCHESTER, WASHTENAW COUNTY, MICHIGAN

THURSDAY, NOV. 20, 1952

FIVE CENTS PER COPY

\$2.50 PER YEAR IN ADVANCE

The Main Street

Needless to say, Manchester is pretty well represented in the army of hunters in northern Michigan. Of this group the first to report to this office was Gene Whiteman, 16 year old son of Mr. and Mrs. Allan Whiteman of Iron Creek. Gene, who went north for the weekend with a teacher at the Clinton schools, Raymond Anglemeyer, bagged his 125 pound buck in the first hour of the hunting season.

Another group which reported fine luck in the north woods were Bill Furgason, Joe Patrick and Gerald Frey, who hunted near Roscommon. Bob Eisenhauer, another hunter in the group, didn't share the luck of his friends—but the four boys brought back three bucks, which was a mighty good average. The four were classmates and graduated from Manchester High School last June.

Roscommon must be a pretty good place to hunt for Charles Gansel bagged a five point buck there on Sunday morning.

Word has reached this office that Russell Braun and Elwin Benedict each bagged a buck on Saturday and Monday mornings respectively.

A check with Supt. Atkinson reminds us that there will be no school after Wednesday, Nov. 20. Two free days—Thanksgiving and Friday. But there will be school again on Monday and also—

The Senior class play will be held at the high school auditorium on Monday and Tuesday, November 24th and 25th at 8:30 p. m.

On Wednesday night there will be a special Thanksgiving service at the Methodist church at 8 p. m. at which time Rev. J. A. Beardsley will be the speaker.

Even in a small town there are new things being accomplished every day. Of these, one that impressed us most was a barn-raising out at the Robert Kirk farm on Schleweiss road. Bob has, with the help of a couple of carpenters and the aid of some mighty fine neighbors, erected a new barn, 40'x60'. Not only are there few barns being built now but the unique thing about this one is that it is composed of home made round rafters made possible through the cooperation of Allen Schaffer, local contractor and lumberman, who showed Bob and his men how to make them.

We received a call the other day from the Erwin Paul farm. The Pauls would like to know whose stray riding horses have wandered over to their farm. An extensive search of the surrounding countryside has not produced the owners. So if you know of anyone having lost a couple of horses, no doubt Paul's would be glad to see the owners.

There will be a dance sponsored by the Legion and Auxiliary on Saturday, December 6th.

Don't forget that all news items and all advertising must be in by Saturday, this week, in order that the paper can be in the mail Wednesday morning.

TO ATTEND MEETING

Rev. Karl H. A. Rest will attend a meeting of the Commission on Evangelism at Cleveland on November 25th.

Students Prepare For Nation's First High School Economy Run

Washtenaw Youths Figure In National 4-H Show

Two Washtenaw county youths have been recognized in the national and state 4-H Club awards program this year. Frank Gendron, County 4-H Club Agent announced today. The boys and girls receiving the honors as outstanding state members in particular 4-H Club projects will receive scholarships or certificates from national companies who support the 4-H program. The local boys and girls and their awards are: Leona M. Hatt, R. 1, Chelsea—Scholarship in Cereal Activity. Barbara Kuhl, R. 2, Chelsea—Wrist Watch in leadership program by Spool Cotton Co.

Nearly two dozen boy and girl drivers of the local high school are tuning up motors, checking spark plugs, air filters, carburetors and distributors for the automobile economy tour next Sunday. The tour which may well bloom into a national project is the brain child of Franklin Reck, and Larry Soldan, teacher of the school's driver training course. Shown at the top are, left to right, Jeannette Guenther, Gordon Schultz, Tom Snyder and Joan Walz, all entrants in the tour. Below, checking the weight of one of the entry cars are the same four entrants and Reck, in the car, and Soldan at the right, jotting down weight figures. Photos Courtesy Ann Arbor News

At one p. m. next Sunday afternoon, the first car in the Manchester High School Economy Run will leave town on the start of a 109-mile race in which the object will not be speed but rather low gas consumption. Twenty high school students, all of driving age, will take part in the contest. Winners will receive trophies donated by Farm Journal, which will carry a story on the contest in a spring issue. The Manchester economy run is patterned after the national run held each year on the West Coast. Winners of the national contest prove that driving skill is the factor that is most important in get-

ting high mileage on a gallon of gas. Slow starts, gradual acceleration, and as little use of the brake as possible are some of the methods by which gas is saved. The Manchester run goes to Napoleon, Onsted, Tecumseh, Dundee, Ann Arbor, Dexter, Chelsea and back to Manchester. This run must be completed in three hours, which means that the driver may go slowly on bad roads and through traffic, but must make good time on the long, fast stretches. All cars will weigh in at the Buss scales on Ann Arbor Hill at 12:30. There, inspectors will examine the engines to see that no gas-saving "gimmicks" have been installed. The cars will then proceed to the Spike's Mobilgas station at the west end of town where the tanks will be filled. In order that all contestants use the same kind of gas, all cars must take on at least ten gallons at the station. After completing the run, the cars will return to the Mobilgas station to have their gas consumption measured by filling the tanks again. Gas consumption will be measured on the ton-mile basis. This means that the number of gallons of gas (figured down to the tenth of a gallon) will be divided into the total miles of the course, 109, and will be multiplied by the number of tons. Suppose, for example, that a car consumes exactly five gallons of gas. Dividing 109 by five gives 21.8 miles per gallon. The car, with its driver and observer, weighs 3850 pounds, which equals 1.925 tons. This figure is multiplied by 21.8, which gives 41.96 ton-miles per gallon. By figuring on the ton-mile

basis, the heavy car can compete with the light car. The factor of weight is eliminated, making the skill of the driver the chief factor in the winning of the race. An observer will accompany each car on the run. His duty will be to follow the map of the course and to watch the time to see that the driver completes his course in the required three hours. Entries in the race are: Preston Brown, 1949 Mercury; Gordon Schultz, 1951 Ford; Duane Trolz, 1951 Ford; Jeannette Gunther, 1952 Chevrolet; Dick Paul, 1950 Hudson; Jack Evisizer, 1950 Chevrolet; Jack Ferguson, 1953 Plymouth; Joe Kirk, 1952 Ford; Bob Rhees, 1951 Chevrolet; Gerry Trolz, 1952 Cadillac; Tom Snyder, 1946 Chevrolet; Fred Rolston, 1953 Plymouth; Jim Kroske, 1951 Ford; Joan Walz, 1951 Hudson; Ken Kemmer, 1951 Ford; Marshall Norgaard, 1951 Chevrolet; Les Landwehr, 1951 Ford; LeRoy Van, 1940 Ford; Gale Sturdevant, 1950 Chevrolet; John Cargo, 1952 Ford.

Union Service Thanksgiving

There will be a united community Thanksgiving service held at 8:00 p. m. Wednesday at the Methodist church. Rev. J. A. Beardsley of the Sharon Evangelical church will bring the sermon. Other pastors will participate in the services. The Junior and Senior choirs will each bring a Thanksgiving anthem.

School Board Prepared In Fund Emergency

EARLY EDITION NEXT WEEK

Your Manchester Enterprise will be published one day early next week due to the Thanksgiving holiday of Thursday. Post offices will be closed so in order for you to receive your paper on time we will have it in the mail Wednesday morning. To do this we must ask the co-operation of all correspondents and advertisers to help us close up the paper on Saturday. We must do this in order to give our shop personnel time to set all the type, make-up pages and complete press runs by Tuesday night. Please, correspondents, have your news in by Saturday, and Mr. Advertiser, won't you have your ad copy ready this week-end when we call on you early. Thanks very much for your help and consideration in this endeavor.

Coming Events

The Snaford School PTA will meet with Mr. and Mrs. Lawrence Kemner on Friday evening November 21.

The PTA of the Matteson school will meet at the home of Mr. and Mrs. Sam Cushman on Friday evening, November 21.

There will be no dance classes on Wednesday, November 26th. Classes will be resumed on Wednesday, December 3rd. This will be the final lesson of the first ten week period. The second dance period will start December 10 with classes being continued in tap, ballet and ballroom.

The Band Boosters Club will hold a bake sale at the Manchester Central Market on Saturday, November 22. The committee in-charge hopes that all baked goods will be in early. The bake sale will start at ten o'clock.

The Manchester Exchange club will meet at the Emanuel church hall on Monday evening, November 24, for the regular dinner meeting.

On Monday and Tuesday evening at 8:30 p.m. the Senior class will present their play at the civic auditorium here.

At the Manchester schools there will be no school Friday following Thanksgiving Day.

Lack of State Aid forces nine major Washtenaw county school districts to look elsewhere for funds because of the State's inability to pay advance state aid, a survey by the county superintendent's office showed. The hard pressed districts include Manchester, Ann Arbor, East Ann Arbor, Chelsea, Saline, Dexter, Dixboro, Willow Village and Ypsilanti.

The nine districts expect to "get by" however, with various kinds of emergency measures, according to Supt. Julius W. Haab when the condition was checked at his office on Monday morning.

Emergency measures include using reserve fund borrowing on anticipated taxes, requesting corporations to pay taxes early and requesting districts sending tuition pupils to pay tuition earlier than usual. Ann Arbor borrows \$350,000 in tax anticipation notes and expects to get by with that. Several other districts have borrowed or plan to borrow on taxes.

In Ypsilanti, Ford Motor Co. advanced \$31,614 in taxes to help the public schools meet the October payroll according to a report from Supt. Ernest H. Chapelle. Some rural districts have paid tuition in advance, he noted. Other taxes are expected to come in during December.

In a check with Laurin Leeson, secretary of the Manchester school board, he said the school board has made application to borrow money from a local bank should it become necessary to do this in order to meet the teachers' payroll. However, he said that to this date Manchester has not had to borrow money from any source to meet payrolls except to ask for a small advance from rural districts to make tuition payments earlier. This procedure has been the same in all the hard pressed school districts.

Although Manchester school district has been able to handle the financial problem without borrowing money to date, the lack of state aid has made it impossible for the school district to meet all of its bills and he said, "we are proud to say that we haven't had to borrow to this time and can meet the December payroll without borrowing but we do have some outstanding bills which we have not been able to meet because of lack of state aid."

SHAKESPEARE CLUB

The Shakespeare club met Tuesday at the home of Mrs. A. A. Weinert in Dearborn with fourteen members and one guest present. After a short business meeting the group visited the Jenkins Ceramics Shop after which the ladies returned to the Weinert home where light refreshments were served by the hostess.

The next meeting will be held at the home of Mrs. George Diferderfer on December 2.

A Thanksgiving Proclamation

This closing year has been a year of fruitful production, scientific discovery, material achievement and social advancement. Therefore the people of these United States give thanks to Almighty God. We express gratitude for the law-abiding universe, the change of seasons, the healing forces of nature, sufficient harvests, and the gifts of sun, and rain, and winds.

We ought to give thanks for the inventive genius, capable leadership, indomitable courage, patriotic zeal and the physical fortitude of our American manhood. Occasions for gratitude to God outrun our power of expression when we reflect on our great institutions—homes, schools, industry, state and Church.

Upon reflection we realize that even calamities have brought their blessings. We have been brought to realize life is more than bread and raiment. The widespread suffering and reports of war have made us conscious of our dependence and interdependence. This past year—lawlessness, crime and graft have aroused our civic conscience. The spiritual values of life have been revealed in

new light and have made a wider and deeper appeal. We are not afraid to question our whole outlook on life, revalue truth and point out defects in our social, economic, political and religious life. We have expanded our educational facilities, charitable agencies, communication mediums, and made our art more useful and our religion more humane.

Let us now give thanks to Almighty God for the manifold privileges of the new vision. Let us be grateful that Americans are unwilling to surrender to complacency, self-satisfaction or self-glorification.

Our path is forward, the future is magnificent with possibilities and the priceless heritage we enjoy can and will be preserved. We, the citizens of the United States and the World, are grateful to the God of our Fathers, for our spiritual gains, and for the knowledge that happiness does not consist in the abundance of things we possess. We pray for more light and the will to walk in the light, dedicating ourselves to the creation of a world of peace, justice, love and world Brotherhood.

Court House Project Set In Motion

The Board of Supervisors has started the preliminary work for the county's new \$3,250,000 Courthouse. The board passed in rapid succession two resolutions required to get the project underway. No opposition was registered to either. Shortly before adjourning the brief 1 1/2-hour meeting, the board authorized its post-war building committee and Prosecutor Douglas K. Reading to work together to prepare the needed resolutions to employ an architect for the new building. Contract Still In Force Reading, who appeared before the board to submit the various resolutions, pointed out that the county's contract with Ypsilanti Architect R. S. Gernoff is still in force.

In earlier action, the board approved a resolution to effectuate the sale of bonds to finance the project. The action also authorized the county to make application to the State Municipal Finance Commission for permission to issue the bonds. The action to get the project underway followed closely the certification of last week's vote favoring construction of the Courthouse, submitted by County Clerk Luella M. Smith. The clerk reported that the official vote on the two Courthouse proposals carried as follows: Bond issue, 16,789 to 13,744, and tax increase, 24,246 to 19,083. Would Scrap Earlier Plans In a brief discussion of the Courthouse, Reading recom-

mended that earlier plans adopted for the Courthouse be scrapped at the time new plans are submitted to and approved by the board. Reading emphasized that voting notices prior to last week's election specifically stated that the new building would be a U-shaped structure. The earlier plans, adopted in 1945, called for a rectangular building. The resolution calling for employment of an architect, to be offered at the December meeting, would specifically outline the services required. He would be directed to prepare preliminary planning documents, including sketch studies, and to outline specifications and cost estimates. He would also supervise the construction of the building.

THAT DEER PROBLEM
 Several months will go by before we get any definite figures on the deer kill in Michigan this year under our liberalized regulations. These months are sure to be filled with arguments pro and con, and there are bound to be many diehards who will believe that our deer herd is just about exterminated. Experienced game management men know better.

The Wisconsin Story
 Our neighboring state of Wisconsin, with a smaller herd than our own, has been battling public opinion for 15 years in an effort to control the welfare of their deer, and the Conservation Commission of that State is finally getting a nod of approval from the people. They began broad control in 1949 with a 5 day season on antlerless deer in addition to their regular buck season. A harvest of 160,000 deer resulted. In 1950 and again in 1951 the state had a seven day any deer season. Despite predictions that the deer herd in Wisconsin was "all but exterminated," 168,000 were killed in 1950, and another 150,000 in 1951. The 3 year take of more than 450,000 deer is actually less than would have been taken in 10 years with a buck law!

Effect On Herd
 A better balance has been established between the range and the herd in Wisconsin—a balance which will result in a healthier, more productive herd, and a larger one, too, in the long run. Meanwhile the range has a chance at a comeback, so that it can eventually supply more food. A lot of improvement has already been noted in some sections. This year the herd gets a "breather," and hunters may take only one forked-antlered buck, largely because of public opinion. Game biologists, aware of the enormous reproductive capacity of the herd, are frankly worried over this regulation, believing that much of the good of the last three years may be undone.

THAT'S LIFE!

Man comes into the world without his consent and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings. In his fancy he is an angel; in his boyhood he is a devil; in his manhood he is everything from a lizard up; in his duties he is a fool; if he raises a family he is careless; if he raises a check he is a thief and then the law raises Cain with him; if he is a poor man, he is no manager and has no sense; if he is rich he is dishonest, but considered smart; if he is in politics, he is a grafter and crooked; if he is out of politics you can't place him as he is "an undesirable character"; if he goes to church he is a hypocrite; if he stays away from church he is a sinner; if he donates to foreign missions, he does it for show; if he doesn't he's stingy and a tightwad. When he first comes into the world everyone wants to kiss him, before he goes out Mr. they all want to kick him; if he dies young there was a great

future before him; if he lives to a ripe old age, he is in the way, only living to save funeral expenses.

HOW TO MAKE Magic Fruit Cake in 15 minutes!

Your family will love this Magic Fruit Cake. It has such excellent keeping qualities, you might want to send some to folks away from home, too.

- 1 Break one 9-ounce package condensed mince-meat into a 2-quart saucepan. Add 1/2 cup water. Heat and stir until lumps are thoroughly broken. Boil briskly one minute, stirring constantly. Remove from heat. Cool.
- 2 Coarsely chop and add 1 cup nutmeats and 3/4 cup mixed candied fruit. Add 1 egg, well-beaten and one 15-ounce can sweetened condensed milk. Blend.
- 3 Stir in 3/4 cup flour and 1/2 teaspoon baking soda until just blended. Do not over-mix. Grease 9x4x3-inch loaf pan, line with water-proof grease again. Pour in mixture. Bake in 350° F. oven, 1 1/2 hours or until center springs back when lightly touched with finger.
- 4 To send cake as gift to friends cover with double sheets of aluminum wrap.

Magic Fruit Cake is thrifty 2 ways! Saves time and money. And it's so-o-o GOOD!

The Eel.
The eel is a slender, graceful fish, its body brown colored, the undersides gray or white. The head is small, with a wide mouth and strong, sharp teeth on the jaws. The scales are so small and so well embedded in the skin that they are difficult to observe.

Easy now to KILL RATS

WARFARAT, new Dr. Hess rat killer, is made with warfarin, new rodenticide developed at the University of Wisconsin. Rat control specialists refer to warfarin as "the ideal poison", and report "miraculous results". Kills common brown rats, black or roof rats, also mice. They eat it and bleed to death internally—do not become bait shy.

Warfarat is a prepared bait. More attractive than a rat's usual diet of farm grains. Best way to use it is to establish rat feeding stations and keep it there until all rats are killed. Rats do not develop tolerance.

With Warfarat you can really get rid of rats and keep your farm clean. It is a relatively slow killer. Give it a thorough trial and you'll say it's the best yet.

Call Conservation Dept. On Local Deer Killed

Sportsmen who shoot buck deer in Manchester and other southcentral Michigan areas during the November 15-30 season are asked to notify the Conservation department's Rose Lake Wildlife Experiment station near Lansing.

The Manchester area hunter can phone the station collect, Lansing, 8-8638. A state game specialist will come to your residence, weigh the deer, measure the antlers and determine the age by development and wear of the teeth. Even if the deer has been cut up and cannot be weighed, biologists can secure valuable information from the head alone.

"Last fall we examined 53 bucks shot within a 50-mile radius of the station," reports Dr. C. T. Black, station head. This fall we hope to examine double this number in the 50-mile area now that more persons know of the job we are trying to do in southcentral counties.

"Of course, the major effort again will be in northern deer country where some 25 voluntary deer checking stations will service co-operating hunters." Aging deer by their teeth was first applied in Michigan on a large scale last fall and provided a more accurate picture of the composition of the deer herd in good, fair and poor food areas. Considerable difference was indicated between the weight and rack size of southern farmland deer and northern farmland whitetails averaged 32 pounds heavier and possessed racks with three or four more points than their northern kin in overbrowsed range.

State game men estimate that there are 10,000 deer in the southern, heavily human populated third of the state.

St. Mary's Altar Society Holds Meeting

St. Mary's Altar Society met at the church hall with twenty-seven present. Mrs. Lawrence Schied gave a report on the work of the sick committee and Mrs. Eimer Dettling, chairman of the service men's committee gave a report.

It was decided that there would be a Christmas party for the children of the parish again this year. Working on this committee will be Mrs. Herbert Bersuder, Miss Anna Bauer, Mrs. Jules Van de Ginst and Mrs. Lehman Wahl.

It was reported that over five hundred dollars was realized at the recent dinner sponsored by the society. President Mrs. Erwin Paul passed out toy animals which some of the ladies volunteered to stuff and return to the society. These toys which the ladies have been working on will be sent to a missionary working at an Indian mission near Sault Ste. Marie for distribution at Christmas time. Mrs. Paul has asked that these toys be returned to her by Sunday, November 30.

On the committee for the month of December are Mrs. Frank Brown, Mrs. Peter Cash, Mrs. Leo DeFraytes, Mrs. Robert Daviss, Mrs. Victor Dettling and Mrs. Clifford Dettling. A plastic party followed the regular meeting and was conducted by Mrs. Arthur Weber of Ann Arbor.

PTA Has Record Attendance

Over one hundred parents and teachers gathered at the civic auditorium here for the PTA meeting at which time parents availed themselves of the opportunity for a half-hour visit to the various rooms, to talk over problems with teachers and see the displays of the students work and the material used daily in teaching the local children.

Later James Pratt, PTA president, presented Mrs. McNamarre of Ann Arbor, who is the campaign director for the Washtenaw County Polio Foundation. She spoke on behalf of the March of Dimes and noted that to date Manchester has no director for the March of Dimes campaign. One of the questions asked the director was "Why couldn't the polio fund be included in the Community Chest Drive?" It was made apparent that Manchester would be interested in having just one drive rather than so many house-to-house solicitations. Mrs. McNamarre said that the polio budget fluctuates and that there is no way of knowing in advance how many trained nurses, iron lungs, etc. will be needed in advance. In epidemic years such as this one the expenditures are greater, she pointed out.

Joan and Janet Hand, Lenora Kothe and Linda Palacky played two selections on their Hawaiian guitars. At that point Mrs. Robert Crandall, program chairman of the evening, introduced Fred Kerlinger of the University of Michigan staff who spoke on "Today's teaching methods and the individual differences of children." This informative talk was followed

by a question and answer period. Mrs. Allen Schaffer reported on the safety patrol system which has been set up to aid children in crossing busy streets.

Mrs. Pan Boutell told the group that 375 children from the local school had received hearing tests and that eye tests are now being given.

Mrs. Harold Strayer announced that the new kiln for the ceramics class has been purchased and installed at the school. This kiln was purchased with PTA funds.

Mrs. F. M. Rock reported that there are now 174 PTA members, apportioned to the grades as follows: Kindergarten, 18; first grade, 15; second grade, 33; third grade, 21; fourth grade, 23; fifth grade, 25; sixth grade, 11; seventh grade, 10; eighth grade, 15; ninth grade, 10; tenth grade, 18; eleventh grade, 10; and twelfth grade, eight. Parents having more than one child were recounted in each grade they had children enrolled.

Millard Uphaus gave the Community Chest report and at the conclusion of the meeting apple pie, coffee and tea were served in the Home Economics room by Miss Ethel Brown, Mrs. Ralph England, Ralph Sharp and Mrs. Earl Alber. Mrs. Leo Scully's room was given the book for having the greatest percentage of parents present.

On the hospital committee for the December meeting will be Mrs. John Belov, Mrs. Art Wacker, Mrs. Joseph Wehr and Robert Crandall.

Manchester Library Has New Books

Book Week means more new books for everyone at the Manchester Township Library. Some are replacements of old worn out favorites like the Milne books, others are requests from teachers, adults and children, while still others were chosen for delightful new story content or pictures. The new book jackets are on display at the school bulletin boards from the kindergarten to the high school.

Among the new books to read for sheer fun is Hedda Hopper's biography "From Under My Hat". There are new Sue Barton books by Helen Boylston and new Besty books by Maude Lovelace. Also "The Sea Around Us" by Rachel Carson.

The grades will be able to get more animal and mystery stories and those fascinating little biographies galore. While the elementary interest will find a number of books for beginning readers as well as real stories about animals and people for the more advanced readers.

The new record player which was purchased by the library with part of the State Aid money this summer is continuing to be useful and interesting to groups and individuals who wish to use the library records or bring in their own to play. A new album of songs in German by Marlene Dietrich is available for loan. It is on 45 rpm records.

Sheep Men To Meet Here November 25

The annual meeting of the Michigan Co-operative Wool Marketing Association will be held Tuesday, November 25 at the American Legion Hall in Manchester.

The meeting is scheduled for 8 p.m. and will feature a color film, "The Story of Wool," as well as a talk by Graydon Black, extension specialist in animal husbandry who will speak on sheep management, diseases and parasite control.

Auxiliary Hears Reports On Christmas Projects

The regular meeting of the American Legion Auxiliary was held on November 12, 1952 at the Legion Hall with 19 members and 3 guests present.

Mrs. Maxine Steele gave her report on the gifts sent to the Veterans Hospitals. These gifts will be among those selected by the boys, free of charge, for their relatives as Christmas presents. This is an annual rehabilitation project.

Mrs. Florence Lowery reported that the Korean Christmas project had been completed. This was sponsored by the Red Cross and the Auxiliary donated several boxes to be sent to the boys in Korea as Christmas gifts.

The Community Service Committee reported that we now have 3 hospital beds available. Also on hand at the present time is 1 large wheel chair and 1 child's chair.

Mrs. Virginia Sutton gave her Good Cheer report and President Baker appointed Mrs. Alice Alexander to act on this committee for the coming month.

It was decided to give \$50 to the Community Chest drive this year. Mrs. MacNamara of Ann Arbor spoke to the group about the organization of a Polio drive for Manchester this year. A question and answer period proved enlightening to the members. Nothing definite was decided, however, the group offered their cooperation if such

a drive was organized. Mrs. Leota Schwab presented the Bible, which had belonged to Mrs. Anthony, at this time. The Bible had been a gift from the Auxiliary in the past and it was Mrs. Anthony's wish that it be returned to the organization upon her death. The Chaplain was given the Bible for safe keeping.

It was decided to send \$10 to the Ruth Alden Dress Drive. The unit voted to send \$94.00 from their Poppy Fund to the State Rehabilitation Program. This money is in turn sent to the V. A. Hospitals to be used for the needs of the hospitalized veterans. It was also decided to send \$20 to the Child Welfare Bill.

The Christmas party was discussed for our next meeting and each member is asked to bring a 50 cent gift.

A plastic party was discussed and Mrs. Yvonne Huber was asked to make the necessary arrangements.

Guests were then introduced and they were Mrs. Barr and Mrs. Schooley from the Chelsea Auxiliary Unit.

The refreshment committee for the December meeting was announced as follows: Mrs. Lucille Roberts, chairman; Mrs. June Jenter, Mrs. Dorothy Burch, Mrs. Vivian Middlemiss, and Mrs. Helen Hosmer.

The meeting was adjourned with a lovely lunch following which was served by Mrs. Leota Schwab and her committee.

Crop-Saving Rain Soaks Washtenaw

Inch And A Half Falls On County; Farmers With Wheat 'Overjoyed'

A soaking, all-night rain that measured about one and a half inches brought relief to Washtenaw county farmers Sunday night and an end to a month-long drought.

County agricultural authorities said the downpour was "the best thing that could have happened to the area." It was generally credited with saving the county's major winter crop—winter wheat. The wheat, which will be harvested and sent to mills next year, had been slow getting started due to the unusual dryness of the fall.

The only storm damage report came from Webster township where a barn on the Paul McMichael farm on N. Territorial Rd. burst into flames after it was struck by lightning about 10:30 Sunday night. Damage was estimated at upwards of \$1,500.

Fire Two Hours
Firemen from the Dexter Fire Department fought the blaze for more than two hours in the driving rain before they succeeded in halting the flames from spreading to several nearby buildings. They did not leave the scene until about 2:30 a.m.

A neighbor of the McMichaels, Edward Merkel, said that passersby spotted the fire and turned in the alarm.

Senior Play To Be Held November 24-25

The play "No Boys Allowed" will be presented by the Senior Class of Manchester High School next week, Monday and Tuesday evenings at 8:30 P.M. The play is a rollicking farce comedy with a touch of mystery and suspense. The action takes place in the home of Rita Baxter (Mary Johnson) who is giving a slumber party for several of her girl friends, played by Joyce Tirk, Jeannette Guenther, Joan Pierce, and Joyce Hughes. The girls are frequently interrupted by a prowler (Bob Rhee), a policeman (Les Landwehr), and several boy friends, played by Bill Aiken, Tom Snyder, Jack Evilsizer, and Gale Sturdevant. After a hectic evening, things are finally resolved for a happy ending about midnight.

Ancient Lacquer
Pure shellac is the lacquer of the ancient artisans. No substitute has ever been found for it despite advances of science.

Sharon Extension Celebrates Fifth Anniversary

About eighty of the members and families of the North Sharon Extension Club enjoyed a chicken supper at the Sharon town hall Saturday evening. On the dinner committee were Mesdames Floyd Dieks, Albert Bahnmler, Clarence Trob, Raymond Jacob, sr., Amos Curtis and Herbert Jacob.

The dinner marked the fifth anniversary of the Extension group. The group was entertained with movies shown by Miss Mary Jane Pidd of Dexter, who recently returned from Europe as a 4-H delegate.

Washtenaw Farmers Invited To Attend Meeting In Ann Arbor

Livestock farmers in Washtenaw county are invited to attend a meeting on swine diseases which will be held on November 25, Tuesday, starting at 1 p.m. at the Washtenaw Farm Bureau store at 407 4th Avenue, Ann Arbor.

Dr. Glen Reed, Extension Veterinarian will discuss swine diseases of interest to Washtenaw farmers. This will include hog cholera. Dr. Harold Wright DVM of Ann Arbor will be on the program discussing management practices with respect to swine diseases.

This invitation to attend the meeting is extended to all Washtenaw farmers by County Agricultural agent Donald R. Johnson.

News Of Servicemen

Eugene Kuhl, son of Mr. and Mrs. Robert Kuhl of Manchester, who has been attending Aeronautical Mechanical school for the past five months at Saint Marcus, Texas, is

now at Fort Huachuca, Arizona. Richard Harold Vacek of Manchester has been assigned to Camp Roberts, California, to begin his military training. Pvt. Vacek, whose mother resides on the Sandburn road here, has been assigned to Co. D, 95th Heavy Tank Bn, RAC 7th Armored Div.

Raymond Ross, Norman Walz and Victor Hanneman left for Fort Custer to be inducted into the Armed Service on Thursday, November 13.

A. A. Richard Kensler plans to leave Friday for Great Lakes before leaving to attend school at Norman, Oklahoma. He has been on a two week furlough with his parents, Mr. and Mrs. Erwin Kensler, sr.

Mrs. Alzer Clark, sr. received a telephone call from her son, S. N. Alzer Clark, Jr. saying that he is a patient at the Navy hospital at Pensacola, Florida, after he suffered severe burns.

Mr. and Mrs. Lewis Kemner and Miss Elaine Walz left Thursday, November 20, to attend the graduation of their son, 2nd Lt. Stanley Kemner at Officers Candidate School at Aberdeen Proving Grounds, Maryland. Lt. Kemner will return here with them after graduation.

Raymond Duany, S. A. of Chincoteague, Va., and A. D. A. N. Rex Gehring, stationed at Norfolk, Va., were overnight visitors at the homes of their parents, the Alton Gehringers and John Dunnys, sr.

Zemmers Plan To Be Missionaries

The Women's Missionary Circle of the North Sharon Community Bible Church met at the home of Mrs. Harry Zemmer near Chelsea. After a business meeting movies were shown by the hostess, picturing the work done by missionaries who have returned from the Belgium Congo region in Africa. Mr. and Mrs. Harry Zemmer and two children plan to go to the Belgium Congo upon the completion of his medical course at the University of Michigan.

Mr. Zemmer's parents served 13 years in another part of that country when he was two years old. An interesting discussion was held and much learned by the group regarding the African natives and the need for further education and spiritual help.

The Missionary Circle is engaged making the uniforms and other surgical supplies for the hospital which will be ready for Mr. Zemmer when he arrives at the Belgium Congo.

MANCHESTER STUDENTS TO PARTICIPATE IN VOICE OF DEMOCRACY CONTEST

High school students in Manchester, Ann Arbor, Saline, Chelsea, and Dexter are this week preparing five-minute radio talks in the sixth annual "Voice of Democracy" contest. Talks on the theme "I Speak for Democracy" will be judged by school officials during the last week of November according to Uolevi L. Lahti, Junior Chamber of Commerce contest chairman announced.

All seven winners in the county will be awarded table model radios donated by local radio dealers and their talks will be broadcast over both Ann Arbor radio stations during the week of December 1st.

Winners in the local contest will compete for state and national honors. Four national winners will receive trips to Washington, D. C. where they will meet the President and visit Congress. They also will be awarded \$500 college scholarships. This is the first time high school students in communities other than Ann Arbor have entered the contest, according to Mr. Lahti.

CLINTON COUPLES ROBBED AT DEER HUNTING CAMP

Two Clinton couples told Tuesday of being forced to return home after their deer hunting camp near Higgins Lake was ransacked and robbed last Saturday night, Mr. and Mrs. Charles Voll and Mr. and Mrs. Hadley Werth said they had gone north Friday with Mr. and Mrs. Levrett Drake of

Brooklyn and Homer Kuhl of Manchester

When they returned to their camp site late Saturday after a shopping trip to nearby Roscommon they found their tents torn down, rifles, clothes, hunting licenses, knives, compasses, etc. stolen. The party estimated its loss at \$250 to \$300. The foray was reported to State Police of the Houghton Lake Post and to Roscommon Conservation Officers. All returned home Sunday except the Brooklyn couple. They determined to get a deer in spite of everything.

Rites Held For Mrs. Rose Campbell

Mrs. Rose Campbell, 86, who passed away at the home of her daughter Mrs. Charles Pajot, 5643 Sharon Hollow Road,

Sharon township was buried Saturday morning in St. Mary's Cemetery here.

Funeral services were held at St. Mary's Catholic church with the Rev. Fr. Walter Hennes officiating. Her grandsons acted as pall bearers. Attending the funeral were relatives from Forney and Ranger, Texas, Detroit, Fowlerville, Battle Creek and Manchester.

She was born in Birmingham, England on October 8, 1866 but lived most of her life in the United States. For the past five years she has made her home with her daughter here.

Besides Mrs. Pajot she is survived by another daughter Mrs. Gladys Berger of Detroit and two sons H. W. Campbell of Forney, Texas and Charles A. of Ranger, Texas; twenty-three grandchildren and 47 great-grandchildren.

LOOKING BACK AT THE PAST

1 Year Ago

Mrs. Chris Norgaard was re-elected president of the Iron Creek Missionary Society. Eight students were named to comprise the staff of the Yearbook committee with advisor Harold Strayer in charge to be assisted by Principal D. C. Weed.

The American Legion Auxiliary met at the Legion Hall on Wednesday with a report of the Gift Shop given by rehabilitation chairman, Mrs. Phyllis Baker. The Essay Contest sponsored by the Auxiliary was discussed and it was noted that this year's essay will be entitled "Know Your Michigan." Mrs. Augusta Vogt, Americanism chairman, was named to contact high school and organize the program.

The Manchester Moms Club

is preparing Christmas boxes for the vets at Fort Custer with Mrs. Roy Lowery chairman.

With the temperature dipped to 17 here there is little doubt that hunters will have trouble to keep venison until they are ready to come home. Alger Clark returned home Sunday with an eight-point buck which he shot just one half hour after the season opened. He and a friend were hunting near Lincoln.

The Student Council had planned a rummage sale to be held Dec. 1 at the Heimerdinger Garage.

We understand that at the last Fair Board meeting Pres. R. C. Merithew handed in his resignation effective the first of the year. Mr. Merithew feels that two years at that post is enough for anyone although he says he enjoyed the work and appreciated the cooperation which everyone gave him.

The Elmer Paul family had quite an exciting time last Friday when about 5:20 p.m. a plane landed in one of their fields out on Sharon Hollow. Pilot Bob Warner brought the plane down as it was returning to South Bend from Winona Run after stormy wea-

ther prevented the plane from continuing to Indiana.

The Silver Lake PTA met with Mr. and Mrs. Ralph Haussler and at that meeting Mr. and Mrs. Ira Dintaman showed pictures of their recent trip through the West.

Mr. and Mrs. Paul Kappler entertained at dinner the birthday of their son, Roger.

5 Years Ago

Mr. and Mrs. Lorenzo Steele and family and Eugene Steele left Wednesday to spend until Sunday with Mr. and Mrs. C. C. Hoover and family at Elwood City, Pa. Mrs. Hoover is a sister of Eugene and Lorenzo Steele.

Mr. and Mrs. Robert Kirk and daughter Gretchen and Miss Mildred Kirk will be Thanksgiving guests of Mr. and Mrs. Greg O'Conner at New York City.

Dr. Henry Eames, who has moved to 18600 M-11 West, has opened his new office there. Last Friday, Dr. Eames officiated at the birth of an unusual calf at the Northley farm south of Seven Acres. The calf died, but it had two heads, two complete necks, four front legs, single body, two hind legs and two tails.

Mrs. Earl Uhr left for Clarkston, Neb., on Sunday where she will spend two or three weeks visiting her parents, Mr. and Mrs. Joe Hartl.

Raymond Steele of Fort Lee, Virginia, has returned there after spending a week with his brother and wife, Mr. and Mrs. Lorenzo Steele.

Mr. and Mrs. William Uphaus were pleasantly surprised on their 49th wedding anniversary by 20 relatives and friends who came to help them celebrate the occasion. They received many lovely gifts.

Thursday evening Mr. and Mrs. Bill Kennedy were honored at a farewell party at their home. They recently sold their farm to Cleve Ackerman of Saline. The Kennedys will leave soon to spend a couple of months on a trip to California.

Mrs. Grace McEvoy and Wm. J. Hanley of Detroit spent Sunday with Mr. and Mrs. Russell Briggs.

80 Years Ago

Bring us some wood. Pay the printer and enjoy a national Thanksgiving.

Somebody says that Lewis & Co. are preparing a skating rink near the Goodyear house.

Mack and Schmid are receiving new fall and winter goods daily and are too busy to advertise this week. They only say now that their stock is larger than ever, and they will not, and cannot, be undersold.

Opening Benefit—Mr. M. W. Ferris has bought the hotel at Brooklyn and will give a party on Thanksgiving evening. The Manchester band will furnish the music and a good time may be expected.

Union service—The several churches of this village will hold services in union at the Methodist House on Thursday (Thanksgiving) the 28th at the usual hour. Rev. J. M. Petterson will officiate.

Finished—The birds-eye view of the village of Manchester sketched by and engraved for E. S. Glover is complete and he will be here to deliver them in a few days.

The river is frozen over and the boys have ventured to skate upon it. If they would not throw stone upon the ice there would be less accidents to skaters.

Wood—If those who have promised to draw wood don't want to see the ghost of a printer's devil they had better be coming along with it. We MUST have some now.

Apples—T. Morgan & Co. are ready to take in apples at the storehouse at East Manchester if weather is favorable.

The Board of Supervisors of Washtenaw County have closed their session and adjourned.

55 Years Ago

When Chelsea people want to free their minds from worldly cares they take a view of the advertising drop curtain at town hall. The Standard says: Its effect upon one's mind is similar to that caused by a nightmare.

The barns belonging to Wm. Burtless and George J. Haussler burned to the ground yesterday morning. Mr. Burtless loss was about \$350 with no insurance and Mr. Haussler's is \$200 with \$150 insurance.

At a meeting of the Common Council last evening, Marshal George Wurster, who is also chief of the fire department, was criticized for not having the engine in working order, but upon his statement that he was unable to get men to help take the engine out for trial without pay, and having no authority to hire help, the matter was not tested; the result was that a committee was appointed to reorganize the department, and pay provided for members for taking the outfit out for practice and also pay while fighting fires.

Gottlieb Houk and Miss Rickie Briggs were united in marriage at the home of the bride on Tuesday at 10 a.m. A goodly number of invited guests were present.

A good deal of complaint is heard because the fire engine did not work when first brought out Tuesday night and singularly enough the blame is laid to the machine. Any man ought to know that machinery of any kind needs care if it is expected to do good service. The Enterprise has often cautioned the village authorities about the care of fire apparatus fearing that by neglect it would be found in poor condition when wanted most. There are people whose duty it is to look after the affairs of the village and if they fail to perform them, upon them should rest the blame. The engine has done good service and if looked after and kept in proper condition it will without a doubt do all that can be expected of it.

The Detroit Journal shows its ignorance in the following item: "The editor of the Brooklyn Exponent is a gallant chap and does not like to see the dear ladies of his village get cold when they can prevent it by wearing short skirts. Here is what he says, 'Rainy Day club? Well, why not? It would be a most sensible kind of a club to form. The ladies of Brooklyn who have discovered the comforts of short skirts in bicycling out to be advocates for short skirts in stormy weather. Think of the three or four months of wet, disagreeable weather. Think of the damp ankles and bedraggled skirts. We know of a most delightful rainy day club in a neighboring city. The members are pledged to short skirts and heavy boots on stormy

days. A meeting is held one afternoon of each alternate week when a literary programme or some other kind of entertainment is provided."

Ann Arbor business men do not believe in free trade. They want protection from outside traders.

If reports that mud is a foot deep on the Main street in Ann Arbor are true they need paving badly.

Last Friday was the second wedding anniversary of Mr. and Mrs. John Jackson. Somehow the neighbors and friends caught onto the fact and without telling them a word about it rushed into their cozy little cottage in the early evening and took the place by storm. They had purchased an extension table which they took along together with enough provisions to test its strength and they then passed the evening eating and visiting.

There will be services at St. Mary's church, Thanksgiving Day with a high mass at 9 a.m.

Thanksgiving—Next Thursday is Thanksgiving and we hope that all our readers will enjoy themselves and have plenty of turkey.

The New Court House—We notice a proposition in the proceedings of the Board of Supervisors, to appropriate \$66,000 provided Ann Arbor will come down with \$33,000 more. A court house worth \$99,000 is worth having and we think there are villages in the county that will go the Supervisors half on one hundred thousand dollars and we can't see why Ann Arbor can't do the same. A good building can be had for \$75,000 if any city wants it embellished let them foot the bill.

No person from this end of the county has any desire to pay taxes for the sole purpose of beautifying any city. The town that bids the most money for its location should have the building—Ann Arbor has the property to tax and will of course secure the edifice, but when they talk of getting it for

thirty-three thousand dollars it looks too thin. Our village will give thirty-four thousand. Who will go the five?

Oven Meats Easier
Oven meals make for easier cooking, as food in the oven takes less watching than that cooked on top of the stove.
