Union Savings Bank Christmas Club Again Increases

Christmas Club checks totaling \$24,425.25 were mailed on Monday, November 24, to the 277 participants in the 1952 Club at the Union Savings Bank.

Dan J. Boutell, Cashier, reported that this was an increase in total from \$17,000 in the 1951 Club, and from \$7,000 in the 1950 Club, which was the first year the Bank offered this popular service to its customers. The number of Club members increased from 85 the first year to this year's 277 members.

There are approximately 6,400 banking and savings institutions in the country that participate in this savings plan, and they will distribute one billion twenty-three million dollars to 11,712,000 members or an average of \$87.35 per member. The Union Savings Bank's average per member is \$88.17.

A nationwide survey of past members indicates that this year's recipients will use the funds as follows:

- Permanent Savings 29 percent
- Insurance Premiums 8 percent
- Mortgage Payments 2 percent
- Year-End Bills 10 percent
- Taxes 3 percent
- Christmas Purchases 33 percent
- Education 2 percent
- Miscellaneous 15 percent

The Union Savings Bank extends an invitation and welcome to anyone of any age who wishes to participate in the 1953 Christmas Club, which opens officially Monday, December 1, 1952. The program is financed by the local Parent-Teacher group on file for 20 percent of the amount of the weekly payments up to \$5 per week, and there is no limit on the number of entries per person. The bank personnel will be happy to explain the Club program to anyone wishing more information. A card for Christmas is a merry one.

FINE RECORDS SET IN ALL CLASSES SUNDAY

Six champions emerged from the first high school economy run ever held, the Manchester run which took place Sunday afternoon over a 109-mile course surrounding the town.

Overall winner was Jerry Trolz who drove Earl Koebbe's 1952 Cadillac with an automatic driving record of 28.28 miles per gallon—or a ton-mile automatic figure of 49.4. Since automatic driving records are not in the standard class, Jerry's victory is listed in that group. He wins permanent possession of a Farm Journal trophy showing a car mounted on a pedestal. Jerry, who drove smoothly and carefully throughout the run, used 15.1 in Ann Arbor he went several blocks out of his way by missing a turn on Route 23. He won the overdrive class as Joe Kirk in a 1952 Ford. Joe made the best car mileage by a wide margin, 37.2 miles per gallon. This made a car lighter than the Cadillac, his ton mile figure of 44.63 was second to the Cadillac. Joe used 3 hours and 4 minutes. His observer was Walter Vogt.

The second and third winners in the overdrive class were Jack Faggus in a 1952 Ford Eight, car miles 27.73, ton miles 43.61, observer Allie Luckhart; and Gordon Schütz, 1951 Ford Six, car miles 25.82, ton miles 42.94, observer Rev. Karl Rest.

The second and third winners in the standard class were Marshall Norgard, 1951 Chevrolet, car miles 23.55, observer Densel Fuller; and Clark Norton, 1941 Chevrolet, car miles 22.58, ton miles 41.88, observer Robert Crandall.

The oldest car entered was a 1940 Ford run by Leroy Maner. Roy did a fine job, making 22.21 miles per gallon and 38.46 ton miles per gallon.

Two girls were entered. Jeannette Guenther in a 1952 Chevrolet made 20.82 miles per gallon and 37.2 ton miles. Joan Walz in a 1952 Hudson did well with 18.16 miles per gallon and 38.49 ton miles.

The first cooperated to make the first economy run of history a success. Nineteen adults served as observers and 1952 observers were available if they had been needed. The observers rode along with the drivers to help find the route. Weigh-in was done on the scales of the Fred Buss Coal Co., with Fred Buss supervising. The calculations were checked in the weighing and starting miles were Larry Soldan, coach and car training teacher, Dan Boutell of the Union Savings Bank, and Bob Masten, high school principal. Aiding them were the photographers, F. W. Schiller. The two men in charge of observers were Toss Knopp and Ludy Klager.

Frank Rodol is confined to his home suffering from infection, the result of stepping on a nail.

Neighboring Ed Kirk called the publisher on the phone Monday morning to inform him that a certain Village Ordinance requires that everyone keep their walks free of snow—thanks for the reminder.

Manchester Township Library

Magazines as well as books are an important part of the Manchester Township Library collection. A new magazine for the month of November is "The National Parent-Teacher" which is published by the National Parent-Teacher group on file for 20 percent of the amount of the weekly payments up to \$5 per week, and there is no limit on the number of entries per person. The bank personnel will be happy to explain the Club program to anyone wishing more information. A card for Christmas is a merry one.

Thanksgiving

Now does the year cry halt To all endeavor. Gladly the husbandmen Lay down their tasks. Now is the time we, fruits From branches sever— Storing the garnered crops In bins and casks.

Now it is meet we loose The bonds of sadness, Lift thankful souls to God, Our strong defense. Now is the season hearts Should fill with gladness. *Now is the year's Unfailing recompense.

Honored On 80th Birthday

Mr. and Mrs. A. C. Walker and Mary Lou Mr. and Mrs. Harold Denney and Richard of Wolf Lake and Mrs. Emma Shoaf of Manchester honored Mr. William Widmayer on his 80th birthday Sunday at a family dinner. Mrs. Walker is Mr. Widmayer's daughter.

The Main Street

Talking with R. C. Merithew we learned that the Oklahoma Ranch Club dance held at Milan proved to be a "great success" with over 200 present.

Pat down at Pat's Sporting Goods Store took three days off (returning Sunday) and hiked himself off to the northern part of the state. Pat explained that it was not so much of a hunting trip as he was spotting some new hunting territory for those who inquire for information concerning hunting around Grayling, Higgins Lake and Otsego Lake. So when in quest of information concerning good hunting spots it might be well to consult Pat.

Maybe all the plans for Thanksgiving were not just as planned for we have heard that there are quite a few cases of chicken pox in the Manchester area.

We were talking with Frank Tiro last week—but too late for the paper—when we learned that he, Charles Eisenhauer and Walter Vogt each bagged their bucks early in the season. They were hunting with a group near Camp Baldy. Charles Gauss also shot a five point buck near Roscommon early Sunday morning of the first week.

Carol Festival At Bethel Church

On Sunday, December 7, there will be a Carol Festival at the Bethel church at 8 p.m. sponsored by Rev. Frederick Engelder of St. James church at Lansing and Rev. F. W. Menzel of the Bethel Evangelical and United Brethren church and St. John's church at Rogers Corners. Plans now call for several numbers by the combined adult choirs and several numbers by the combined junior choirs.

Jenters Entertain Funeral Directors

Mr. and Mrs. Arthur Jenter entertained the funeral directors and their wives at a dinner at the Emanuel Evangelical church hall on Wednesday evening. There were 29 present.

The group included morticians from the 13th district which includes Washtenaw, Monroe and Lenawee counties.

Maccabees Meet

The Maccabees held their last regular meeting at the Legion hall with plans under way for a Christmas party for the members and their families. This affair is scheduled for Monday, December 15. Working on the committee for the party are Mr. and Mrs. Ben Marshall, Rev. and Mrs. John Bussey and Carl Wuerthner.

This meeting will also be the annual election of officers.

56th Wedding Anniversary

Mr. and Mrs. Fred Grossman celebrated their fifty-sixth wedding anniversary quietly at their home last week at a dinner. Guests were their immediate families and they received flowers and gifts.

Freedom Farm Bureau

The Freedom Farm Bureau met with Mr. and Mrs. Wilbert Koenegeter on Friday evening. At the business meeting it was decided that there will be a Christmas party on Friday, December 12 at the home of Mr. and Mrs. Oscar Haessler.

Knowledge is Power

1. IS PEACEFUL CO-EXISTENCE WITH RUSSIA THE RIGHT U.S. POLICY? 2. DOES ITS WHITE COAT HELP THE POLAR BEAR? 3. WHAT DID LINCOLN THINK OF PRAYERS?

(1) Not at all, says Igor Bogolev in the Freeman. "Without Western support and recognition, Russian communism would have gone under in 1921," he insists.

(2) It helps him in hunting in Nature Magazine, J. Lester Minner analyzes the polar bear's use of his natural camouflage in hunting for other animals.

(3) Abraham Lincoln summed up his attitude toward man's need for prayer in these words, "I have been driven many times to my knees by the overwhelming conviction that I had nowhere else to go; my own wisdom and that of all around me seemed insufficient for that day."

Dear Mom and Dad: Here goes again. I guess I left off with Sunday afternoon on Monday when we got up in the morning and after the fog cleared away, we moved into the harbor at Casablanca and a couple of tugs pulled us up to the dock. This proved to be a very interesting stay until we left again at 2 p.m. It certainly is altogether different from the states. Our very first glance at the dock and the people told us that "The people, the majority of them at least, are dirty and poorly clothed. We got off the boat at 9 a.m. and over 400 of us boarded buses, which were much like ours in the states."

They took us through parts of the city and first of all to the Sultan's palace, garden and tent house. This was very pretty. I took some pictures which I will send you when I get them developed. We also saw the house where President Roosevelt, Winston Churchill and DeGaulle stayed while having the Casablanca Conference.

First, I didn't need one and in the second place the watch was very cheap—made of copper or brass. They said it was 18 K. gold. Several of the fellows lost their own watches and were very anxious to get cheap watches and when they had worn them a while their arms turned green. Silly boys! They did have some fairly nice natural leather bags—purses and other leather goods from the city with the exception of some high-class places. Believe me, the rest of the city is really dirty. The stores (this is all poor class) are all open stores. The most of them are right out in the open with no refrigerators. The flies seemed to be the best fed inhabitants. Corncob Filler Used for Light-Weight "Insulated" Concrete

Ground corncobs, used as a filler, may produce a lower cost, lighter weight, better insulated concrete for Michigan farmers. Tests by the Agricultural Experiment Station of Michigan State College, using various combinations of corncob, cement, sand, gravel, lime and limestone, have produced strengths to meet many farm construction needs. Ordinary nails may be driven into the concrete without difficulty. Corncobs are cut into pellets ranging from 1/4" to 1" thick, which are then thoroughly soaked in water before mixing. Wall and floor slabs of corncob concrete were exposed to weather for 20 months, through 2 winters, and showed no apparent defects. Call or write your County Agent who will have further information as tests are completed.

In their constant search for ways to hold down costs and improve service, telephone people developed a tiny electronic tube that amplifies hundreds of long distance conversations at the same time. It's six times more sensitive than earlier tubes. Compact and rugged, this mighty gadget is an important contribution to efficiency these days when telephone equipment must handle more calls from more telephones. Incidentally, 7 of every 10 establishments in Michigan Bell rural territory have a telephone now, compared with 3 out of 10 in 1945.
