America's Newest Medium-Priced Car Luxury at a lot less...because Packard builds it

PER was introduced as America's newest medium-price car.

First, automobile men looked it over. Then reporters looked it over. Columnists looked it over. The motoring public looked it over-and the news started! And this was the news: "That's a lot of car for the

money!"

And it was a lot of car for the money. And it is a lot of car for the money. Because Packard builds it. Packard-built quality is traditional in the automobile world.

So the news spread! ■ People all over America saw and drove this newest and most glamorous addition to the medium-

CLIPPER SPECIAL CLUB SEDAN

price field-and bought it.

A year age the new Packard CLIP-PER was introduced as America's makes for years switched to the new Packard CLIPPER. It was a fine

> So for 1954 the new CLIPPER brings you fine-car luxuries, fine-car power, fine-car ride . . . (the highprice features everybody wants) ... and yet at a popular, medium price! ■ We have built a finer car for '54 because experience with the '53 CLIPPER proved that there are

First Good Look at Daughter

Here's how Mrs. Margaret Turner, 25-year-old bulbar polic patient at Springfield. Mo. got the first good look at her new baby daughter. Patricia Irene. Mrs. Turner had been confined to a respirator before the beby was born. After delivery, the child was not permitted in the polic ward so press photographers solved Mrs. Turner's problem this way. March of Dimes aid for polic patients starts at the onset of the disease. More than 66,000 patients from former years will need continued assistance in 1954 in addition to cases stricken this year.

NEW ARCHER'S SPORT

NEW ARCHER'S SPORT

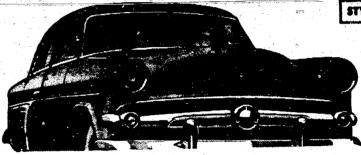

Between 30,000 and 40,000 bow-hunters in Michigan are probably on the verge of a mass discovery of new sport in their field. White they we gone all out for big game—deer and bear—they're swinging their sights downward a little these days in an effort to extend their hunting season—and their target is the fleet-footed cottontail rabbit. Arcners gathered recently at the Ferris Farm near Perry for a test of their skill—and the results prove conclusively that Michigan bunnies are in for a lot more exercise, and a slight decrease in population at the hands of these amazingly accurate sportsmen.

Beagles Used in Chase

The first step in the organization of such a hunt is the selection of such a hunt is the sele

STYLE DIVIDERD

3 New Body Stylet . . . 28 models Ford offers you these brand new body styles in its line of newly created models. There's a new transparent-roofed Creatine Skylines. . . a spatkling new Creatine Fordor . . . and a smart new Customine Rusch Wagon. There are 38 models in all, for each of Ford's 14 body styles is available with the new I-block V-8 or the new I-block Six engine.

New Astro-Dial Control Panel

It's designed both for beauty and practicality. The speed-ometer is placed high on the panel where you can quickly spot the figures almost without taking your eyes off the road. Like the '54 Ford's beautiful new upholsteries and trim, the Astrà-Dial Control Panel is color-harmonized with the spar-king new outside body color of your choice.

It's the Dividends that make it Worth More

over rough spots, or in steering as wheels turn right or left. Ball joints are sealed against dirt and water.

DIVIDEND IN DRIVING EASE

Ford offers five optional power assists* you might expect to find only in America's costliest cars

expect to find only in America's costiles curMaster-Guide power steering does up to 75% of your
steering work, yet leaves you with natural steering "feel"
on the straightways. Swift Sure Power Brakes do up
to one-third of the work in stopping. Fordomatic Drive
gives torque converter smoothness and the "Go" of automatic mechanical gears. And only Ford in its field offers
Power-Lift Windows, both front and was, that open or
close at a button's touch... and a 4-Way Power Seat
that adjusts up and down as well as front and back. that adjusts up and down, as well as from and back, at a touch of the controls. They're all worth-while optional extras available in the 1954 Ford!

No can in the low-price field has ever offered so many "Worth More" features as the "54 Ford. In addition to all the features that have already established Ford as the "Worth More" car, you now get a host of heand new dividends. These include a choice of two new deep-block engines . . . the most modern engines in the industry. You also get Ford's new Ball-Joint Front Symposium. heavyiful new interiors and styling that will make Front Suspension . . . beautiful new interiors . . . and styling that will make your heart beat faster.

And, remember, Ford also makes available to you all the optional power assists . . . features you might expect to find only in the costliest cars. if you have not yet seen the new Ford models for 1954, come in and inspect them today. Then Test Drive a 54 Ford . . . and once you do, you'll want

to drive it home! More than ever . . . THE STANDARD for THE AMERICAN ROAD

Telephone Reports Recent statistics released b American Telephone and American Telephone and tele-graph Company show that the present number of telephones in the world exceeds 84,000,000. There were nearly 5,000,000 tel-ephones added to the global net-work during 1952, to bring the world total to 79,400,000. AT&T world total to 79,400,000. AT&T explained that it takes more than a year to gather information for its annual world telephone count. hence all of its figures quoted are as of January I. 1853.

More than half the increase in telephones was in the United States, which has only six per cent of the world's inhabitants. The U.S. stabulation shows one telephone

S. tabulation shows one telephone for every three persons in the country, compared with average of only three for every 100 persons n other countries.

New York City, with 3,531,916 telephones had more than any other city in the world. Among the foreign cities, Londan, with 1.766,000 telephones, ranked first. Washington, D. C., had the greatest density of telephones per pop-ulation with 65 for every 100 persons. Atlantic City was second with 57, and San Francisco was third with about 55. The foreign ity reporting the greatest telephone saturation was Stockholm with almost 51 telephones per 160

persons.

Canadians averaged 389 tele-

Very few people realize that | Most powerful TV antonna rema because the antenna is the mals directly from the staller, while rejecting the reflected signature of the two constraints and the staller which cause the "ghosts."

TWO HEAVY LINES indicate Automobile Club of Michigan's suggested routes to Florida. Eastern route, on the right, includes about 100 miles of mountainous drivits, but is 100 miles shorter than western route (left). Driving on two routes is about the same. Western route is especially recommended during icy weather. The two general routes, through Louisville and through Cincinnati, are both in good shape and may be reached from any of the five entrances through Niles, Coldwater, Sturgis, Adrian and Detroit.

EIGHTY-SEVENTH YEAR NUMBER 20

MANCHESTER HIGH SCHOOL

Shown herewith is a tent tive architect's Thetch of the proposed new Manchester High School. It is planned to locate the new building on East Main St., one block north of the athletic fle'd. It is estimated that this main St., one clock north of the attinue flet, it is students without over-building will care for three hundred high school students without over-crowding. Since the high school enrollment four years from now will pass 250, according to population forecasts, the building should amply provide for the district's needs for seven or eight years. The main entrance is shown at the left flanked at the corner by the mutic and public speech room and at the right by the library and study hall unit. Administration offices are
