American women bought 679 million pairs of nylons last year, and the industry can prove that they bought more for glamor than for durability. In 1947 only 21% of the production was of the sheer variety. Now it approaches 80%.

—CHANGING TIMES.

The Jaycees held their charter night dinner last Thursday night and after a tasty meal of escalloped potatoes and ham, with the invocation given by Rev. Karl Rest, the genial toastmaster Frank Reck conducted the program. He told those assembled of the many cultural aspects of Manchester and their deep interest in the school.

Introduction of distinguished guests present by Ralph Sharp followed. Among those present were President, Joseph Schwab; Exchange club president, Royal Davidter; president of the Ann Arbor Jaycees, Bruce Maslin; president of the Saline Jaycees, Lee Robison; new publisher of the Manchester Enterprise, Frank Handy; and State vice-president, Milton Knabusch.

Milton Knabusch, State Jaycee Vice President, presented Ralph Sharp the president's pin, calling to his attention the great responsibility connected with the honor of wearing the pin. Ralph Sharp, in accepting the pin, thanked the local Jaycees for putting their faith in him and said he considered it a great opportunity and privilege to wear it.

Other officers of the newly organized Jaycees are: Allen Luckhardt, Robert Crandall and Edward Steele, vice presidents; Donald Brown, secretary; James Cannon, treasurer. Board of Directors for two year terms are: Dick Way, Lyle Widmayer and Don Fielder. One year terms: Bill Schaeffer and Dick Widmayer.

The scroll, listing all charter members of the Jaycees was presented to Don Brown, Jaycee secretary, by Otis Hardy of Ann Arbor, State Jaycee secretary.

As the membership pins had failed to arrive in time for the ceremony, President Sharp, in lieu of presenting the pins, introduced each member to the assembly.

Jaycee State President, Herbert Auer, of Muskegon, told of the history of the Jaycee movement, the objective of the organization and elaborated on what they can and will do for the community.

After presenting President Ralph Sharp with the Jaycee charter, Auer elaborated on the wonderful turnout by the local residents, to give the Jaycees a great send-off, stating it was the largest charter night banquet he had attended this year.

The local Jaycee Chapter owe their existence to the Ypsilanti Jaycees, who came to Manchester and started the ball rolling, by building up local enthusiasm, and so our own Jaycees were born.

Howard Seitz of Ypsilanti, in the absence of Ypsilanti Jaycee President, Charles Gooding, welcomed the Manchester Chapter into the organization. He stated the Ypsilanti Jaycees were proud to have helped them in any possible way.

Manchester's own "Fortune Tellers" sang several songs during the evening, and, were as always, a very pleasant part of the program.

Main Street

Snow, snow, beautiful Snow! Maybe the phrase sounds a bit out of line for the first week of May, but when a little blizzard toddled in early Tuesday morning—one couldn't help but rub their eyes. Cold, you bet it was cold, some said it was down to around 30 in spots here. Anyway it looked funny to see the tulips and other spring flowers in bloom above the snow. Earlier on Monday, we had been informed that there had been snow squalls in the late afternoon—but when your nose is glued to a typewriter you don't pay too much attention to the weather.

But when the temperature dips to a low to be matched only—back in 1907—we set up and take notice. At 6:00 a. m. Tuesday the temperature was 32 degrees but the snow fall itself set no record because in 1947, May 8 and 9, there was a light snowfall.

We were interested to learn that Seaman Duane Ernst returned home last Tuesday after five years of service in the navy. He was discharged from the Philadelphia Naval Yards.

Then too, his sister Betty Ernst, and Ruth Wahr, both in nurses training at Foots Hospital, attended the nurses convention at Chicago from Sunday to Thursday.

You know it looks pretty good out on the Main Street to see that the streets are being swept—guess the street department is busy doing the spring cleaning.

A late call from Village president, Joe Schwab, who is also president of the Manchester recreation-for-youth committee asked that we mention that there is to be a special meeting for that committee on Wednesday, May 11 at 4:30 p. m. at the Enterprise office. Joe asks that everyone try and be present.

Another note which might interest our readers is that there will be a prize given to the two children who sell the most dance tickets for the dance recital which is coming up in a couple of weeks.

Mr. and Mrs. Warren Swainston, have purchased the Russell Dettling home at 11268 Hieber Rd., on the south side of Pleasant Lake and are planning to take possession in June.

Local Firemen Answer Call

The Manchester fire department was called out about 1:30 Tuesday a. m. to the Rolland Gunther farm at 20486 Bethel church road when members of the family awakened to find the house filled with smoke.

The motor on the refrigerator burned out, causing the smoke, according to Manchester fire chief Lawrence Scheid.

No serious damage resulted.

PROCLAMATION

White Cane Educational Week

The White Cane for more than a quarter of a million blind citizens of the United States is an identifying symbol which enables them to move in safety through the ever growing traffic on our streets and highways.

Education of the seeing public in its obligations to these unfortunates, who every time they venture from their homes or places of employment hazard life and limb, has long been a project of the Lions Clubs. Through efforts of these groups, legislation making the White Cane the official passport of blind and partially blind persons has been enacted in many states, among them Michigan. Each year the Lions designate a

period during which those who enjoy good sight are asked to consider ways in which they can help their less favored fellows to lead happy and productive lives. This year the first full week in May has been selected for observance as White Cane Educational Week.

Therefore, I, G. Mennen Williams, Governor of the State of Michigan, do hereby proclaim the week of May 2 through May 8, as White Cane Educational Week in Michigan, and urge our citizens during this week, to become more familiar with the meaning and purpose of the White Cane and, in so far as they are able, to support the worthy movement of which it is the symbol.

Given under my hand and the Great Seal of the State of Michigan, this Eighteenth Day of March, in the Year of Our Lord, One Thousand Nine Hundred Fifty-four, and of the Commonwealth, the One Hundred Eighteenth. (SEAL) G. Mennen Williams Governor.

The Manchester Businessmen's Bowling League enjoyed a delicious chicken dinner served by the American Legion Auxiliary at the Legion Hall Tuesday night. It was the annual banquet marking

the end of another successful bowling season and honoring Mary's Tavern team sponsored by Mary Kern. This team came out on top after a very tight race in which four teams—Mary's Tavern, Kappler's Contractors, Short's Elec-

tric, and A B C Service—had a chance to be champion.
Mary Kern was honored with a trophy presented by Henry Cleary, owner of the Sylvan alleys and Fritz Wurster. Mary's Tavern team captain presented Mary with an A B C sponsors certificate. Each team member of the Mary's Tavern team was presented with a trophy as was Homer Kappler for the highest individual game.
The election of officers was made with Laurence "Speck" Kappler elected president in a very close race and Morgan Kern was chosen secretary-treasurer. President Kappler appointed on the Grievance Committee: Elwin Benedict, chairman, Merrick Hough and Jim Baker. The business meeting was adjourned with the fellows waiting for next September so they can start bowling again.

This Is Michigan Week

This is the week known as Michigan Week, the first week ever devoted to studying the Wolverine State and the things that make it great.
Is Michigan great? A few facts and statistics gathered from various sources show that it is indeed great, in almost any category you wish to name.

Take for example agriculture. Although only 22nd in area, Michigan consistently ranks 10th or better in production of the nation's 20 major crops. In the production of sour cherries, cantaloups, and pickle cucumbers Michigan ranks first.

The state ranks second in the production of plums, celery, onions and field beans, and third in the growth of apples, grapes, carrots, cauliflower, sweet corn, cucumbers, strawberries and tomatoes.
The eastern shore of Lake Michigan is one of the most important fruit belts in the United States and is often called the "Fruit Basket of the Middle West."

Michigan, of course, is known throughout the world as the leader in the production of transportation vehicles, but actually it is a state of wide manufacturing diversity. You'll find 81 percent of all types of industry in Michigan.

It ranks first in the manufacture of gray iron, cutting tools, woodworking machinery and cereal preparations. Michigan is also among the leaders in the production of metal stampings, drugs, refrigeration machinery, sporting and athletic goods, steel, furniture, chemicals and paper products.

Undoubtedly one of the major reasons for Michigan's eminence in manufacturing lies in its great wealth of natural resources.

In mineral resources, Michigan stands high in the production of iron ore, copper, salt, brines, gypsum, limestone, sand and gravel. The Lake Superior District, the greatest iron ore producing region in the world, is partially located in the Upper Peninsula.

Michigan leads the nation in the production of salt and gypsum. From the brines of Michigan we obtain the bromine used in your anti-knock gasoline, calcium chloride, iodine, and more than 100 other chemicals and medicines.

Michigan still stands high in forest industries, ranking fourth in the nation in paper and paperboard production. Although not the great lumbering state it once was, Michigan can lay claim to being the leader among the Great Lake states.

Our fourth largest industry may come as a surprise to some—it's the tourist industry. In two-thirds of our states it's the largest. Nature was good to Michigan. The state has 11,037 inland lakes, 36,350 miles of streams, 3,421 miles of Great Lake shoreline, and in general four times as much water-covered areas as any other state. Consequently hundreds of thousands of out-of-state visitors travel to Michigan each year to try their luck with the rod and reel. The state usually stands first in the nation in the sale of fishing and hunting licenses.

Last year, for example, Michigan sold 1,155,700 fishing licenses and 1,192,300 hunting licenses. While no exact census has ever been taken of the number of fish and wild-game in each state, it's obvious that most people regard Michigan as the state that has the most.

To make the tourist's stay in Michigan as comfortable as possible, the state has built more state parks and prepared campsites than any other state. The inventor of the roadside picnic table, Michigan, now has more than 3,000 scattered about the state. In Porcupine Mountain State Park in the Upper Peninsula, it also has the largest state park in the United States.

Michigan is especially fortunate in the field of education. Its educational system has been used as a model in nearly all of the western states. The state stands third in the number of students enrolled in institutions of higher learning, the University of Michigan and Michigan State College, its two chief rival institutions of higher learning, possess an enviable reputation in educational circles. Smaller colleges, like the Mich-

igan College of Mining and Technology, are considered outstanding in specialized fields.

In the field of trade, Michigan holds a host of first places. It is, for one, America's largest inland world-trade center. Its Detroit River is the busiest waterway in the world and carries more tonnage yearly than the Rhine, Seine, Thames and Volga combined.

Detroit is the No. 1 port for trade with Canada, the U. S.'s best customer, and the Soo Locks at Sault Ste. Marie, handle more tonnage annually than the Panama and Suez Canals combined.

Add to these facts Michigan's spiritual and cultural blessings—its thousands of churches, its artists, writers and symphony orchestras—and it can be seen that Michigan is genuinely a state of immense diversity.

Great as it is in every category, however, Michigan probably won't rest on its laurels, according to the opinion of most economists. They believe that with the completion of the Mackinac Straits bridge and the exploitation of the Upper Peninsula's unexplored natural wealth Michigan will grow still more and become still greater.

That's Michigan as it stands today. Or, to repeat the theme of the 1954 Michigan Week, "This is YOUR Michigan."

Pastor Attends CROP Meeting

Blueprints were drafted for the 1954 appeal in Michigan of the Church World Service-CROP program at the first Michigan CWS-CROP Committee meeting this year.

The meeting, which was held at the Union Building, at Michigan State College, East Lansing, was presided over by the Michigan State CWS-CROP Chairman, C. V. Ballard. Other CWS-CROP Committee members attending were: Dan Reed, representing Michigan Farm Bureau; Elmer Lightfoot, Department of Public Instruction; Mrs. Carl Toppliff, Farm Bureau Women; Dr. G. Merrill Lenox, Michigan Council of Churches; Rev. Adolph Bergman, Ann Arbor Council of Churches and Chairman Washtenaw County CROP Committee, Detroit Conference, Methodist church; Rev. L. E. Chamberlain, Evangelical United Brethren Church; Rev. R. J. Karney, Michigan Baptist Conference; Rev. Dean Rohrer, Church of the Brethren; Rev. Marcus Taber, Michigan Conference, Methodist Church; Horace Whitney, Congregational Church; Rev. Walter Price, Berrien County Council of Churches; Mrs. Robert Hershey, Lansing Council of Churches; Russell M. Hartzler, State Director; and Mrs. Charles Laing, Secretary.

Members of the Committee unable to attend include: Mrs. T. Thomas Wylie, United Church Women of Michigan; Dr. N. A. McCune, Peoples Church, East Lansing; John Maters, Radio Station WJLS, Lansing; Milon Grinnell, Michigan Farmer; W. J. Brake, State Grange; W. E. Phillips, Association of Farmer Co-ops.

During the past year most of the contributions received by CWS-CROP in Michigan were used for shipping United States Government-held surplus commodities, mostly dried milk.

Mr. Hartzler reported that there is to be a great expansion this year of the surplus foods program in which grains, cotton and corn products, as well as dairy products will be channeled to hungry people overseas. He also reported that each dollar contributed will deliver approximately \$20.00 worth of food.

Mr. Bergman, a victim of two world wars and a strong opponent of both Fascism and Communism, bears on his body the scars of much human suffering. He made an impassioned plea for uniting solidly in the CWS-CROP program of sending food to the hungry and for soliciting aid from all people, both rural and urban.

The Committee agreed unanimously that the program be expanded to give all people of good will an opportunity to share.

United Church Women reported that Michigan Councils have already raised \$5,600.00 for shipping Government Surplus foods overseas through CWS-CROP. This was raised as their Silver Anniversary gift.

It was reported that a new sound movie film will soon be ready for use. It will show needs in a number of countries and what is being done by CWS-CROP to meet these needs.

Mary Ann Schill

Local Couple Wed At Tecumseh Church

Mary Anne Schill, daughter of Mr. and Mrs. Webster A. Schill of 203 Adrian Street, Manchester, became the bride of Donald F. Fielder, son of Mr. Fred Fielder of Manchester and the late Mrs. Cecilia Fielder, on Saturday, May 1.

The double ring service was read by the Rev. Fr. Thomas Collins at St. Elizabeth's Catholic church at Tecumseh. Hampers and altar vases of white glads and snapdragons decorated the church; Wallace Whiting of Tecumseh sang, "Ave Maria" and "On This Day Oh Beautiful Mother."

For her wedding the bride chose white imported tissue silk with a fitted bodice and full ballerina skirt. Seed pearls designed the collar. The matching bolero featured long sleeves which ended in points over the wrists. Tissue silk was used for the tiara which held the finger-tip veil. She carried an arm bouquet of calla lilies.

Mrs. F. N. Hanson of Wayne was her sister's matron of honor. She wore a periwinkle blue taffeta ballerina length sleeveless gown with a matching bolero, three-quarter length sleeves and a stand-up collar. She carried a cascade bouquet of pink and white carnations. The bridesmaids were Mrs. Keith Des Ermiter of Milan and Miss Jacqueline Schwab of Ann Arbor and junior bridesmaid was Miss Cheryl Ann Schaffer of Manchester. All of their gowns were identical to that of the matron of honor.

Mr. Clarence Fielder of Manchester, brother of the bridegroom, was best man, and setting the guests were Norman Fielder of Manchester, another brother of the bridegroom, and Mr. Keith Des Ermiter of Milan.

A reception followed at the Tecumseh Grange. Cutting the cake were Mrs. Allen Schaffer of Manchester and Miss Caroline Finkbeiner of Ann Arbor. Miss Suzanne Merriman of Toledo and Miss Ruth Bonebrake of Chelsea poured. Mrs. Lyle Widmayer had charge of the guest book.

The couple left on a two weeks trip through the Smokey Mountains and Washington, D. C. For traveling the bride was wearing a cocoa linen dress with white linen jacket and brown accessories.

After May 15th they will reside at 214 Ann Arbor Street, Manchester. The bride is a graduate of Manchester high school and attended Cleary Business College at Ypsilanti. The bridegroom graduated from Manchester high school, Morningside College, Sioux City, Iowa, and DeForest Technical Institute, Chicago, Ill. He is

employed at Ratel Corporation, Grass Lake.

For her daughter's wedding, Mrs. Schill chose a beige faille coat dress with cocoa brown accessories. Her corsage was brown orchids.

Michigan Week Observed At Manchester Library

This is Michigan Week; Nearly a hundred of the books about Michigan from the book list recently sent out by the Michigan State Library may be found in the Manchester Township Library. There are books suitable for all ages in this special collection of state history and fiction.

Many references for local history are also available at the library. Some of these are "Washtenaw County Atlas 1874" from Dayotus Stringham's books; "County Atlas 1915" from Henry Roman; "Archaeological Atlas for Michigan;" "Washtenaw County Biographical Album, 1891;" "County History, 1881;" "Ann Arbor, First Hundred Years" and "A History of Manchester" by Annetta English, a late resident of this township. Besides these, there are

many small pamphlets, pictures and clippings regarding local history on file.

The most important source of local historical material is in the files of the Manchester Enterprise. The library has bound volumes of the paper for only the last few years.

Beradsley of the Sharon Evangelical United Brethren Church.

A background of peach colored glads and snaps and white daisies was used for the double ring service.

The attendants were Jacqueline Hughes, sister of the bride, and Rex Gehringer, brother of the bridegroom, now stationed with the Navy at the Norfolk Naval Base.

The bride was attired in a natural linen suit with surf blue accessories and wore a cascade shoulder bouquet of talisman and American Beauty roses and blue daisies.

Her sister was wearing a lime green crepe suit and white accessories and a corsage of white snaps and yellow daisies.

MORE Farmers Have Planted DEKALB than ANY OTHER Seed Corn

In 1953 5038 Farmers averaged 101.16 bu. of DeKalb per Acre

In 15 years 52,306 Farmers have averaged 99.04 bu. of DeKalb per acre

This year—because of acreage restrictions—RESULTS will count MOST. Every acre MUST produce MORE. The BEST GUIDE in choosing your seed, is to plant the Corn that is PERFORMANCE PROVED.

Last year, in DeKalb's Selected 5-Acre Corn Growing Contest, 5038 farmers averaged 101.16 bushels of DEKALB per acre. In 15 years of the Contest, 52,306 farmers have averaged 99.04 bushels per acre. These yields were made right on the farmers' own land—under many different soils and weather. They offer conclusive evidence of DEKALB's yielding ability—its outstanding adaptability—its year in and year out Dependability.

This Spring—every Spring—make sure of the seed you plant. Plant DEKALB.

Teachers Watch Editors Teach Class

Mrs. Madeline Burgman, language arts consultant, and former teacher and editor of "My Weekly Reader" was at the Manchester schools on Monday where she demonstrated how a class on current events in a school room could best be conducted using the magazine "My Weekly Reader" as a guide. She used the third grade class under the direction of Miss Ethel Brown for the morning session and in the afternoon the fifth grade class where Mr. Rufus Gilman is teacher, was used for instructions.

At each session other teachers in the Manchester school system were invited in to watch the methods of teaching and after each hour long session the teachers involved held a discussion and question period. This was the first time that Manchester schools have participated in such a program, which apparently proved both interesting and instructive.

Washtenaw Medical Society Gives Report On Immunization

Protection against Diphtheria, Smallpox and Tetanus (lockjaw) was renewed this past March and

April in over 7000 children who participated in the thirteenth annual disease control program of the Washtenaw County Medical Society, according to figures released today by Dr. Paul Barker, society president.

"We want to emphasize the importance of continued protection against these diseases," said Dr. Barker. "Diphtheria and Smallpox will not return to this community" he said, "if parents secure immunization of their children early in infancy, and at proper intervals thereafter."

The schools, the health department and the many volunteers who co-operate with the Medical Society were singled out for special praise by Dr. Barker.

Resident staff members of St. Joseph's and the University Hospitals joined the practitioners in the county in contributing their services in the clinics. Vaccine and serums were provided by the Michigan Department of Health.

Renewal in "Booster" shots is recommended every two to three years for diphtheria and tetanus, with vaccination for smallpox every five years.

In the Medical Society Clinics some children receive only Diphtheria and Tetanus combined shots, others just receive the smallpox vaccination and still others receive both, according to the proper schedule.

The following table shows the (1) number of children participating, (2) number receiving smallpox vaccination only, and (3) the number receiving the combined shots.

Merithews Leave To Make Home in West

Mr. and Mrs. R. C. Merithew, who have owned and operated the Oklahoma Ranch north of Manchester for many years, left this week to make their home in Oklahoma. The new owners of the Oklahoma Ranch where the buildings and home are located, are Mr. and Mrs. Robert Hamilton and family of Manchester. They are planning on taking possession and moving in at once.

Mr. Merithew formerly operated a real estate and insurance business on Main Street and for the last ten years they have lived on the Oklahoma Ranch. There they organized the Oklahoma Ranch Club and produced the annual Western Horse Show and rodeo each year in August.

Prior to their leaving, the Merithews were entertained by many of their friends. As a token of good will the Oklahoma Ranch Club entertained them at their April meeting at the high school auditorium and presented the couple with a lovely going away remembrance.

The Merithews will be at home at 101 East Tenth Street, at Grove, Oklahoma, on the shores of the Lake of the Cherokee's. Mr. Merithew says the lake has a 1,300 mile shore line with fine fishing. To Mrs. Merithew, this will be like going home, for it is in the locality where she was born and spent her early life.

Mr. Merithew assured us before leaving that the latch string will always be out to folks from Manchester traveling near their home and invited the home folks to come and see them.

Car Races Sunday

Big car races are scheduled for Sunday afternoon at Jackson Motor Speedway. The banked half-mile speedway is being carefully prepared for the speedway type cars that will be running under the sanction of the Central States Racing Association. This will be a Gold Crown Division race with no limits on powerplant sizes.
 The seven-event racing program will start with time trials at 12:30 p. m. and the first race starts at 2:30 p. m. Don Carr of Jackson will be representing the Jackson area against the top drivers from the middle west. Carr will be driving a speedway type race car powered with the same Offenhauser engine that Bill Holland drove to victory in the 1949 500-mile race at Indianapolis.
 Other drivers entered are Bobby Grimm of Indianapolis, Don Branson of Urbana, Ill., Current CSRA Champion, Bud Randall from Indiana, Roger Gilligan from Osego, Mich., and Russ Royce from Dayton, Ohio. All these drivers are slated to drive Offenhausers. These are a few of the drivers who are entered for this race among the large field that is expected.
 Marvin Pifer from Adrian holds the big car track record here of 21.56 seconds. Pifer's car will be in action this Sunday, but Pifer is sidelined with a hand injury. Both turns on the banked track

Leasing of some 92 acres of land at the County Infirmary to two Washtenaw men was approved yesterday by the Board of Supervisors.

Under terms of the agreement, the county will collect \$2,200 for the rental of the land for five years to Frank and Ralph McCalla of Northfield and Pittsfield townships, respectively.

The supervisors gave their approval after it was made clear that, in case the county decides to build its proposed juvenile detention home on the property, the necessary land would be available for use under the leasing arrangement.

Board Chairman Henry F. Hicks and County Clerk Luella M. Smith were authorized to sign the lease.

Lions Clubs Sponsor White Cane Week

White Cane Week will be observed in Michigan from May 2 through 8 this year. Local schools will assist in this educational effort by distributing printed leaflets which have been prepared and furnished by Lions Clubs of Michigan in cooperation with our local Lions Club.

Thousands of white canes have been furnished free of charge to blind people all over the state. It is the aim and plan of the Lions to provide every blind person with a white cane—the symbol of blindness—as a measure of protection for him.

State legislation in 1936 included an ordinance granting the right of way to a person carrying the white cane. The purpose of White Cane Week is, primarily, an educational one—working toward the day when all our citizens will know and recognize the white cane as the symbol of blindness, and will give understanding and courteous assistance to bearers of the white cane whenever such opportunities present themselves.

When you see a Lions' Club representative on Wednesday, May 12, buy a lapel button white cane from him. Wear it proudly as proof that you have contributed to their worthy cause, that of helping the blind!
