### In The Interest of Public Safety

The Jaycee Sponsored Road-e-o will be held Sunday, May 23, 2 p. m. at the Schaffer air port to select the three best teenage drivers in Manchester.

A lot is said in the newspapers these days about the reckless teenage driver. But the high school student who drives a car safely and skillfully is never recognized. At least not to any great extent. That is the reason that the Junior Chamber of Commerce is sponsoring a driving Road-e-o.

The winner will have a chance to go to the state contest and the winner from that group will compete in a national event in Washington D. C. The events are sponsored jointly by the U. S. Junior Chamber of Commerce, Liberty Mutual Insurance Company and the American Trucking Association, Inc.

### Mrs. Kappler Presents Recital

Mrs. Paul Kappler will present a group of her pupils in recital on Sunday afternoon, May 12, at 3 p. m. in the high school auditorium. Also on the program will be a dance group: Susan Walter, Rebecca Schober, Janet Walter and Suzette Luckhardt.

### Recital At Emanuel Sunday

A program of piano music will be played by a group of pupils of Mrs. Royal Davidter Sunday afternoon, May 23, at 4 p. m. at the Emanuel church hall.

Those who will play are: Louise Pippenger, Kathy Mann, Mary Beth Burch, Bruce Eames, Rose Marie Kirk, Vickie Ball, Sandra Koerke, Ronald Mann, Margaret Furguson, Joan Koerke, Joan Ferh, Barbara Kappler, Diane Dresselhouse, Mary Kay Schaible, Kay Kuhl, Mary Leeman, Janice Klager and Joyce Marshall.

The Michigan Annual Conference of the Evangelical United Brethren Church, which was held last week at Sebawaing, Michigan, reported the greatest gain in membership and finance of any year since 1862 when the Conference was first founded. Only two ministers were ordained to the Eldership, but a fairly large class of Probationers was received.

Bishop J. W. Showers presided at all of the sessions. He informed us that he is retiring with the General Conference next fall at Milwaukee, he having reached the retirement age a year or two ago.

Comparatively few changes were made in the pastorates in Michigan. Rev. J. A. Beardsley was returned to the Sharon Evangelical Church for another year. Under the E. U. B. Church system, the Bishop reads the names of the ministers and their appointments at the last session of the Conference.

Rev. A. A. Weinert, formerly of Manchester, has been returned to the Dearborn E. U. B. church for another year.

### Schaibles at Men's Clothiers Meeting

### Driver of Truck Falls Asleep

Alfred Ferris, 22 of Brighton, narrowly escaped serious injury when he fell asleep at the wheel of his truck while driving west on M-11 just east of the Manchester Ford Plant. The truck left the highway, went through the guard rails, hit and sheared off a utility pole and ran down a 50-foot embankment without tipping over.

Deputy Charles Schebor who investigated, took Ferris to the Tecumseh hospital for observation.

Ferris, who works at the Universal Products at Saline, was returning home after working a night shift at the factory.

### Smith Store Purchased By Merlyn Mingus

Mr. and Mrs. Merlyn Mingus have purchased the C. F. Smith Store on East Main Street from the National Food Company. Mr. Mingus, who has been manager of the store for the past eight years, said that the transaction became effective Thursday, May 20.

The Mingus family lives at 206 West Main Street. They have three children; Dick aged 11, Gail 7, and Jill 2 years.

Before coming to Manchester he was manager of the C. F. Smith Store in Milan and has been affiliated with the company for the

past 22 years, interrupted only by a 2 1/2 year period when he served on a Radar in the Navy, most of which time was spent at Moffett Field, California.

Mrs. Mingus is the former Maxine Howell, daughter of Mr. and Mrs. Lloyd Howell, now of Chino, California. Mrs. Mingus spent her early life in Detroit and Merlyn was born in Howell where he graduated from high school. We take this opportunity to wish the Mingus' well in their new undertaking.

### Fun Night To Be Thursday May 20

The Junior and Senior Youth Fellowship of the Methodist Church of Manchester will have a "Fun Night," Thursday, May 20 at 7 p. m. in the basement of the church to raise funds for "Bob Mercer Memorial Cabin at Lake Huron Camp."

Bob Mercer was an officer of the Detroit Conference MYF and was killed in a car accident about a year ago returning from a vacation in the South. He wanted to build an additional cabin at the Methodist Lake Huron Camp and had raised himself \$500 for said purpose.

The Methodist youth of the Detroit Conference set as its goal to complete Bob's dream in building a memorial cabin at the cost of \$4,000.

The Manchester youth is trying to have its share in the project by having a "Fun Night" the proceeds from which will go towards said goal. The program consists of the following events: spinning game; palm reading; picture read-

### New Books Added to Library

Two new books have been added to the Manchester township library which deal with Michigan. They are "Lake Ontario" by Arthur Pond and "The Brewers' Big Horses" by Mildred Walker.

According to librarian, Jane Palmer, the folks around Manchester might well be interested particularly in the later book because the once large and prosperous Manchester Brewery boasted some beautiful big horses which used to be driven by Martin Traub.

Bring a picture of your girl or guy and hear about their character; bean bag throw; tennis ball toss; dart throw; "Guess who?" guess the child of some prominent people; sponge throw, weather permitting; prizes to best guessers; canteen, barbecues, pop, all for a few pennies! Support this worthy cause and have lots of fun!

Mrs. John Pippenger, Senior Youth Fellowship Councilor, Mrs. Densel Fuller and Mrs. Uphaus, Junior Councilors, will have charge of the affair.

### F.H.A. Moves Office To Ann Arbor

The Farmers Home Administration has moved its office, which serves Washtenaw, Wayne, and Oakland counties from Pontiac to 201 E. Liberty, Ann Arbor, in order to better serve farmers in the area.

Patrick J. O'Malley, County Supervisor for the Farmers Home Administration, states that the organization makes loans to under-financed farmers for stock and

tools, feed, seed, lime and fertilizer, and to pay other farm operating costs. These loans may run for seven years at 5 percent interest.

The FHA also makes loans to buy, enlarge, or improve family-type farms. These loans utilize private capital and are 100 percent insured by the Government. They run for 40 years at 3 percent interest to the lender and a 1 percent charge for mortgage insurance to the Government.

In addition the FHA makes loans to build or improve farm

How can you tell when a chopped hay crop is ready to put in the silo?

J. G. Hayes, extension dairyman at Michigan State College, suggests the "squeeze test." It works this way: Squeeze a handful of freshly-chopped hay crop. If there is moisture on your hand the material is too wet for ensilage. If you can't make the material stick together by squeezing it, it's too dry. If a roll you're squeezing will spring apart slowly, the moisture content is right.

And how do you know when it's safe to chop from the standing crop if you don't intend to use a silage preservative?

Hayes says that when grass makes up half the stand—as in alfalfa-brome, red clover-timothy—direct cutting and chopping is safe when alfalfa plants are well into the half bloom stage. If you don't have alfalfa in your silage crop, you can judge when to chop

houses and other farm buildings.

On all of its loans the FHA actively lends a hand to help the farmer help himself to earn a better living. The supervisor sets aside a large portion of his time to make personal visits to the borrowers, to advise and assist them in making better adjustments in their farming operations and in adapting improved farm and home practices.

The FHA tries to channel farmers into producing what their farms are best suited for and it passes along the latest information from State and Federal experimental stations and agricultural researchers.

This technical assistance, rather than merely trying to get money out on interest is the primary function of the FHA, O'Malley points out.

However, he stresses, the farmer is still his own boss while he is under debt to FHA, and the agency issues no orders, only suggestions. The only requirement is that records be kept. These are checked annually by the supervisor.

The procedure in obtaining an FHA loan is somewhat complicated due to the organization's habit of caution. Any U. S. citizen with satisfactory farm training who earns a major portion of his income through farming and who cannot obtain needed credit from any other established source at agreeable terms is eligible for FHA help.

After an application, with references, is made, a "farm and home" plan is developed with the supervisor. The plan is a management blueprint for the applicant, made after anticipated income and expenses are reviewed. Most FHA farm and home plans stress diversification in farming.

The applicant meets with the County Committee either in the FHA office, or on the prospective borrower's leased or owned farm.

The 3-man committee, appointed by the FHA State Director on nominations by local supervisor, must approve the loan before it can be made. Washtenaw County's three committeemen are: Glen O. Weber, Saline; William Donsham, J.L. Dexter; Harold L. Gross, Dexter.

After the financial aid is approved and given, the FHA begins its program of technical aid and advice. Sometimes, comments O'Malley, the technical help is just as badly needed as the financial assistance. Usually, though, he adds, it is merely a case of a good farmer needing a little monetary boost in order to make improvements.

### Combined Talents Aim For Striking Program

Two concerts, one at home, and one away, highlight the close of the year activities for the Edmonson Junior High School Band.

Thursday, the band played its first concert away from Willow Run, when they travelled to Manchester, returning the visit Manchester made to Willow Run earlier in the year. The band left Willow Run at 11 a. m., with its director Paul Richmond, played a concert which served as a preparatory concert for the forthcoming First Annual Concert to be held in the Edmonson Gymnasium on May 28. Following the concert in Manchester, band students there served refreshments to the Willow Run group. The Manchester Band is directed by Robert Sator. The First Annual Concert to be held May 28 at 8:30 p. m. in the Edmonson Gym will be the first time the bands have combined to present a formal program, although all of the groups have made appearances separately before student assemblies, PTA groups, PTA carnivals, etc. All band students in the Willow Run Schools, with the exception of the beginning classes, will be included in the program, so that the Junior High School and Elementary will total nearly 100 players. The program for the evening will contain some unusual features in a band concert. Mr. Richmond stated "We are trying to put on an entirely different kind of concert than has been given by other bands." The gymnasium will be darkened except for huge spotlights lighting the bands in front of the stage. A boys' choir of fifth and sixth graders, under the direction of Mrs. Vera Foster, music teacher at Foster School, will sing "Ave Maria", to the accompaniment of the band. Three numbers, "Beverly Non", "Promenade" and "Mother Goose Jumps", will have a background group on the stage of elementary school dancers under the direction of Mrs. Doris Martinak, elementary physical education instructor. In each instance, Mrs. Martinak has developed choreographies in keeping with the numbers being played by the bands.

The program for the May 28 program will include: "Military Escort March", Bennett, played by combined bands; "The Little Grey Church", Bennett, combined bands; "Trumpeter's Lullaby", Leroy Anderson, Philip Lang, with trumpet being played by Jimmy Cole, with the senior band; "Beverly Non", Kurtz, combined bands, with elementary dancers on stage; "Erica Overture", Beethoven, arr. Skornica, played by the senior band; "Trumpeters Three", Clair Johnson, with a trumpet trio - Jimmy Cole, Carl Branham, and Jack Bargert, with the senior band; "Take Off March", Hummel, played by combined bands.

Following intermission, the combined bands will play "All Stars March", Hummel; "Ave Maria", Schubert, arr. Johnson, with a baritone solo played by Tommy Rose, and the elementary boys' choir on stage; "Great Gate of Kiev", from Moussorgsky's "Pictures at an Exhibition", arr. Johnson; "Promenade", Leroy Anderson, with elementary dancers; "Deep Purple", Peter DeRose, played by the senior band alone; "Mother Goose Jumps", Chiarelli, with the senior band, and the elementary dancers on stage; and "Activity March", Bennett, by combined bands. An encore number will be "Riff Riders", Chiarelli, by the senior band.

Tickets for the program are complimentary. Band parents will receive two, and those who desire them will receive more for their friends. Other tickets will be presented to faculty members, school administrators, and to members of the Board of Education. Mr. Richmond has called for a meeting of band parents for this Monday evening in the band room to work out program details. The parents have been asked to assist at the program, to distribute tickets, act as ushers, pass programs, and help with the lighting.

Special rehearsals of the band have been called by Mr. Richmond for Saturday morning May 22; Wednesday evening, May 26; Thursday evening, May 27; the Wednesday and Thursday evening rehearsals to be complete with assisting groups, and Thursday to be a complete dress rehearsal.

Prime Minister Eamon de Valera of Ireland, leading in the Irish election, is 71 years old and almost totally blind. In what may have been his last electoral battle, he put the personal mandate issue up to Ireland's 1,785,470 eligible voters. In a campaign conducted almost in a vacuum, he asked in effect: Should de Valera be continued as the head of a one-party government, or should the nation be governed by a coalition? De Valera announced on March 9 that he would ask President O'Keeley to dissolve the Dail Fireann (parliament) on Apr. 24. At the time of dissolution de Valera's Fianna Fail (Men of Destiny) party held 72 of the 147 seats in the Dail, or 49 per cent. The strongest opposition party, former Prime Minister John A. Costello's Fine Gael (United Ireland), held 45 seats. The rest of the alignment was: Labor, 15; Clann

Talmhan (farmers), seven; Clann No Poblachta, two; independents, six. De Valera had maintained control with the support of independent votes.  
 De Valera's decision to resign was precipitated by the failure of the Fianna Fail to win two Fine Gael seats in by-elections. Increased majorities of the Fine Gael candidates in those by-elections indicated to some observers that de Valera's political strength was waning. De Valera has made one-party government a central issue in his campaign; he has declared himself unwilling to head a coalition. Coalitions, he has said, lead to "bad government... bad policies, bad administration, or through irresolution and indecision, to stagnation."  
 Otherwise, the domestic issues center about de Valera's advocacy of pump priming for agricultural and industrial growth, and Costello's advocacy of lower taxes and a lower cost of living. Foreign issues have been generally ignored in this quietest of all recent Irish general election campaigns.

### Film Shows God Has Prior Claim

A queer little fellow who sports a multi-colored wardrobe; a built-in lasso tongue and ball-turret eyes stars in a new science film just released, proving that nature had it first. Here's a chamelon, and you'll meet him in the Moody Bible Institute of Science film, "Prior Claim," which will be shown at the First Baptist Church, 31 Fernan Street, Milan, May 21, 8:00 p.m.  
 With refreshing originality and persistent curiosity the camera also ferrets out such intriguing facts of nature as the elephant seal which suffers from stomach ulcers, a snake equipped with its own "sniper-scope" or thermal receptors, a diving spider which makes its own diving bell, a bird which flies like a helicopter.  
 "Prior Claim" points up such quaint and fascinating natural phenomena. But it is being discovered that many of nature's devices operate on the same principle as the great electronic advances of our time. Thus even in the inventions and developments which characterize this modern age, man does not have the prior claim. Wherever he may delve he finds that God was there first — He created it!  
 "Prior Claim," which runs about 50 minutes, is in full color and is accompanied by commentary. It is the sixth in the "Sermons from Science" series of gospel-science films produced by Dr. Irwin A. Moon of the Moody Bible

## Non Segregation Ruling Had Roots in 1929 Gift

By JAMES MARLOW  
 In the late 1920s a man who believed no one should enjoy money he didn't earn set in motion a chain of events which are changing American social history.

He was Charles Garland, a white man whose father left him a million dollars. In his belief he had no right to the money. Garland set up a fund to hand it over to causes and organizations he considered good.

One of these was the National Assn. for the Advancement of Colored People. His fund for the NAACP was \$100,000 in securities. But the stock market crash of 1929 reduced its value to \$30,000.

In an interview Tuesday night Walter White, who joined the NAACP in 1918 and now is executive secretary, said the \$30,000 was enough to change the direction the NAACP was taking and put it on the offensive.

This new direction led to a series of test cases over 25 years in the Supreme Court, which on Monday ruled segregation in public schools is unconstitutional.

But in White's words the NAACP in 1929 was very much on the defensive. It could not afford a full-time lawyer.

It was fighting discrimination against Negroes on a scatter-gun basis. Here and there it took on, without long-range planning, cases to fight in the courts. But it had to depend on the help of volunteer lawyers.

With the Garland money the NAACP for the first time was able to pay for a complete study of the legal status of the Negro in America. This provided a background for planning years ahead. On what White calls a "broad frontal attack" on the basic causes of discrimination.

Then in 1930, with the help of Garland's money, the NAACP hired its first full-time lawyer, Charles H. Houston of Washington, an honor graduate of Harvard.

The NAACP leadership wanted segregation anywhere—in schools, buses, trains—wiped out by the

Supreme Court. But the Supreme Court itself was a gigantic handicapper.

In 1896 it had ruled that segregation itself did not violate the Constitution's 14th Amendment—which says all citizens must be treated equally—and that the only time there could be a violation was when segregated Negroes were not treated equally. This ruling stood through the years.

To the NAACP this separate but equal doctrine was wrong because in its opinion, whenever there is segregation Negroes get the worst of it and segregation itself means unequal treatment.

NAACP lawyers argued that when Negroes were forced to ride in the rear of interstate buses, or in Jim Crow cars on trains, or were not allowed into white graduate schools, they got unequal treatment.

Bit by bit, the court outlawed Jim Crow on trains and buses and white graduate schools, but always on the ground that otherwise the treatment was not equal.

But when the NAACP asked the court to outlaw separate public schools for whites and Negroes, it made the big try: it asked the court to upset the 1896 ruling by saying segregation of itself was unlawful.

The court did that Monday, Thursday, May 17, who succeeded Houston as chief counsel of the NAACP in the middle 1930s, headed the NAACP's six-man legal staff, which had its origin in that gift from Garland.

Fighting the public school cases cost the NAACP, which gets its money from paid memberships and contributions, over \$200,000.

### Burkhardt Resigns

Alwin R. Burkhardt has announced his decision to resign from his duties as Vice President and Cashier at the Saline Savings Bank.

Mr. Burkhardt has lived in and around the Saline area all his life. He started in high school in Sept. 1916, and in 1917 left school to accept a position at the Saline Savings Bank at a salary of \$6.00 per week.

The bank was located at that time in the store now occupied by the Saline Food Center. The present building was then under construction and ready for occupancy on May 1, 1917.

George Burkhardt was President at that time, George Lehman was Cashier and Ernest D. Skinner was Assistant Cashier. George Lehman and Ernest Skinner accepted positions at Royal Oak around 1924 and 1925, at which time Lee Tescher came to the bank as Cashier.

Mr. Burkhardt was made Assistant Cashier in 1923 and elevated to the position of Cashier in 1928 and in the year 1951 was made Vice President and Cashier.

During the year Mr. Burkhardt was employed at the bank many changes have taken place. The bank assets at the time he started working were around \$500,000.00 and have grown steadily to where the assets are now over \$2,500,000.

In the year 1936 he was elected to the Board of Directors. Lee Tescher retired in 1950 and William D. Crim came to Saline in 1950 as President of the bank. Clarence Cook joined the staff in 1925 and died in 1949. G. C. Townsend also joined the staff in 1926 and retired in 1932.

Mr. Burkhardt states that he is retiring from the bank because of the condition of his health, after 38 years of service. However he will continue as a Director of the bank and also in Real Estate and Insurance business, in which he has been engaged on a part time basis for several years.

Mr. Burkhardt is married and the father of two children, Dean Burkhardt who is married and has three children, and Mrs. Robert Sell who also has three children. Both reside in Ann Arbor.

evening, May 12, at the Legion Hall.

During the brief business meeting the group voted to send \$50.00 to the Veterans March for Korea and also to send reservations for

two delegates to the State Convention at Grand Rapids on July 22 through the 25.

The following committees reported that hankies and cards were sent for the Mothers Day Project at the Veterans Hospitals; Community Service reported that the only hospital equipment on hand is one child's wheel chair.

Poppy Chairman Mrs. Frank Tirk asked for volunteer help to sell poppies on May 28 and 29. Any members who can help sell kindly contact Mrs. Tirk.

President Romelhardt told the group that Carolyn Leeman had been selected to attend Girl's State this year with Shirley Gage as alternate.

The motion was made and seconded that the post card notice for meetings be discontinued for a two months period. The meeting notice will be in the local paper the week prior to the meeting.

President Romelhardt appointed Mrs. Walter Vogt Good Cheer Chairman for the coming month and the June Service Committee is Chairman Mrs. Merrick Hough, Jr., assisted by Mesdames James Baker, Charles Steele, Frederick Wurster and Richard Weir.

At the end of a very impressive ceremony the following members were presented with pins: Mrs. Charles Steele, Mrs. Edward Steele, Jr., Mrs. Hugh Walsh, Mrs. Donald Sutton, Mrs. Robert Popkey, Mrs. Alger Clark, Sr. and Mrs. Eileen Covell.

Immediately after initiation a lovely buffet lunch was served from a table centered with a May Pole surrounded by tiny cottages which were given to each member present. Mrs. Basil Schwab and Mrs. Carl Schablé, past-presidents poured.

# New driver comfort! New driving ease!

## New Chevrolet Trucks...

do more work per day... more work per dollar!

You save time in traffic. New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save time on the highway. New high-compression power gets you up to highway speeds from a standing start in less time, and saves you time on hills, too. You make trips faster—and the new Comfortmaster cab makes them seem shorter. It's got everything!

You save extra trips, too. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper... new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.

You save on operating costs. High-compression power saves you money! The "Thrifmaster 235" engine,

the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high trade-in value.

Come in and see how much you're ahead with America's number one truck. You'll like the way we're talking business!

Most Trustworthy Trucks on Any Job!

Wilson Scott Accepts Position At Saline Savings Bank

Wilson J. Scott of Big Rapids, Michigan is the new vice president of the Saline Savings Bank.

Mr. Wilson is a veteran of World War I. He enlisted in 1918 and served General Headquarters, in the Signal Corps overseas. He was discharged in 1921.

Mr. Wilson attended Michigan State Agricultural College and left the college in 1925 to sell farm machinery until February 1933 when he was hired as teller at the Mecosta County State Bank. He remained there until 1935, when he became Liquidator of the Assets of the Citizens Bank at Big Rapids.

He became field representative for the R. F. C. in 1937, and in the year 1941 he became assistant cashier of the Citizens State Bank of Big Rapids and was promoted to cashier in 1943. It is from this position that he has resigned to accept the position of vice president of the Saline Savings Bank.

Mr. Scott is married and has

Wilson Scott, three living children, two of whom are married: Wilson Scott, Jr., of Lansing, who has two children and Donald Scott of Pontiac who has one child; and a daughter, Glenda Scott, who has been attending Ferris Institute. A fourth child, Richard Scott, died a few years ago.

Mrs. Scott has been operating the Mi-Keion Kennels outside of Big Rapids, and has been breeding and showing Cocker Spaniels and Samoyeds. Her dogs have taken many points and ribbons in shows through out the United States and Canada. Mrs. Scott plans on continuing to operate the kennels at some spot near Saline.

Mr. Scott will take over his duties with the Saline Savings Bank on June 1 and expects to move to Saline in the near future.

A good place for overgrowth in a reed canary grass pasture is the silo—it makes feed, point out Michigan State College farm cropmen, and keeps the remaining growth more palatable.

F.H.A. Office Moved To New Location

The Farmers Home Administration has moved its office, which serves Washtenaw, Wayne, and Oakland counties from Pontiac to 201 E. Liberty, Ann Arbor, in order to better serve farmers in the area.

Patrick J. O'Malley, County Supervisor for the Farmers Home Administration, states that the organization makes loans to under-financed farmers for stock and tools, feed, seed, lime and fertilizer, and to pay other farm operating costs. These loans may run for seven years at 5 percent interest.

The FHA also makes loans to buy, enlarge, or improve family-type farms. These loans utilize private capital and are 100 percent insured by the Government. They run for 40 years at 3 percent interest to the lender and a 1 percent charge for mortgage insurance to the Government.

In addition the FHA makes loans to build or improve farm houses and other farm buildings.

On all of its loans the FHA actively lends a hand to help the farmer help himself to earn a better living. The supervisor sets aside a large portion of his time to make personal visits to the borrowers, to advise and assist them in making better adjustments in their farming operations and in adapting improved farm and home practices.

The FHA tries to channel farmers into producing what their farms are best suited for and it passes along the latest information from State and Federal ex-

permental stations and agricultural researchers.

This technical assistance, rather than merely trying to get money out on interest is the primary function of the FHA, O'Malley points out.

However, he stresses, the farmer is still his own boss while he is under debt to FHA, and the agency issues no orders, only suggestions. The only requirement is that records be kept. These are checked annually by the supervisor.

The procedure in obtaining an FHA loan is somewhat complicated due to the organization's habit of caution. Any U. S. citizen with satisfactory farm training who earns a major portion of his income through farming, and who cannot obtain needed credit from any other established source at agreeable terms is eligible for FHA helps.

After an application, with references, is made, a "farm and home" plan is developed with the supervisor. The plan is a management blueprint for the applicant, made after anticipated income and expenses are reviewed. Most FHA farm and home plans stress diversification in farming.

The applicant meets with the County Committee either in the FHA office, or on the prospective borrower's leased or owned farm.

The 3-man committee, appointed by the FHA State Director on nominations by local supervisor, must approve the loan before it can be made. Washtenaw County's three committeemen are: Glen O. Weber, Saline; William Densham, Jr., Dexter; Harold L. Gross, Dexter.

After the financial aid is approved and given, the FHA begins its program of technical aid and advice. Sometimes, comments O'Malley, the technical help is just as badly needed as the financial assistance. Usually, though, he adds, it is merely a case of a good farmer needing a little monetary boost in order to make improvements.
