Exchange Club Auction sale with Guy Thompson of Ypsilanti, auctioneer.

Auction Sale Nets \$670 for Fence Fund

Some thought it was the "You name it, we have it" attitude which the Exchange club manifested, some figured it was the excellent cooperation from everyone in the community, and others thought it was the good, friendly, competition of the bidders along with the efforts of a fine auctioneer that made the Exchange club auction the real success it was. Without a doubt it was a combination of all three.

The proceeds amounted to \$670.00 according to the sale committee who handled the big auction sale. This amount was far beyond their expectations and they wish to express their appreciation to all who contributed to the event.

The entire proceeds was turned over to the Athletic Field Fence Fund. The Exchange club has planned some other functions for later this year which include a local talent production, "You Can't Take It With You" and a huge barbecue chicken dinner. The dates of these events will be announced later.

The Exchange club also wishes to make special mention of the work of the Jaycees for their splendid cooperation in assisting with the sale and operating a "Coke" stand and donating the entire proceeds to the Fence Fund the night of the auction.

Manchester High Alumni Ass'n Holds 77th Reunion

The Manchester High School Alumni Association met in observance of its 77th annual reunion with a banquet and toasts at the Civic Auditorium.

A short business meeting was conducted by President B. C. Root prior to the dinner. At this time it was decided to choose three trustees, terms to expire in one, two and three years. They are to be responsible for the conservation and disbursements of funds received through a special appeal to all members. These appointments necessitate the revision of the by-laws of the association and President Root appointed the two incoming secretaries, together with the three trustees, to see that the changes are made.

At six-thirty approximately 150 persons sat down to a delicious dinner, prepared and served by the St. Mary's Altar Society.

Following the dinner President Root welcomed the class of '54 into the association. In a few well chosen words Gordon Schultz, in behalf of the class, responded to the honor bestowed upon them.

Ezra H. Frye of the class of '09, an attorney and former president of the Detroit Bar Association was then introduced as Toast master and very ably took charge. Royal Davidter '25 acted as Song Leader and Miss Linda Reck '51 rendered two piano selections.

Responses to toasts were given by Webster Bowler '26 who used

Baseball Joins Senior Playground

"Take me out to the ball game," will soon ring in the area of Senior Playground boys. Plans and schedules will be completed this week for the formation of two, six team leagues in two different age brackets. Manchester, Saline, Chelsea, Grass-Lake, Dexter and Stockbridge will each field two teams. A junior league will be formed for boys 8 to 12 years old. A senior league will be formed for boys 12 through 15 year olds. Games will be played Wednesday afternoons after 4:30 p. m. with both Junior and Senior divisions playing on the same day.

All boys that are interested in playing baseball this summer should contact Coach Leslie Lee on the playground as soon as possible. Positions on the team are still wide open the coach says, and are just waiting for the boys with ability to claim them. Fifty-two boys and girls attended opening ceremonies at the Senior Playground where "Preparation" was the theme for the day. A skeleton schedule of future activities were presented to them, as was the overall senior playground program for the entire summer. Most of the boys and girls developed "writer's cramp" from signing to play on various teams or in the many tournaments offered.

A four team playground softball league was organized under the following titles, "Manchester Red Streaks," with Chuck Dunny assuming the role of manager; "Buccaners," with Terry Huber taking over the managerial reins; "Nine Rockets" with Jack Creech acting as manager; and the "Nine Deuces" with Ralph England holding the leadership post. League games will be played on Monday and Friday mornings, and there are still many positions for boys desiring to play.

The schedule includes a boys marble tournament, girls tennis tournament, tennis fundamentals, badminton fundamentals, volleyball fundamentals, softball games, baseball practice, and many free play activities. Next week swimming at Wampers Lake will begin, and many of the present activities will be carried over. Special event for the week will be a bicycle race for both boys and girls. The inter-city baseball league will also commence operations next week. Quiet games have been purchased by the Recreation Committee for those boys and girls who desire milder forms of recreation. Therefore, whatever form of recreation you desire, the Senior Playground will try and supply it for you. Attendance is good, but we would like to see it even better, especially on the part of the girls.

Rev. Bergman Honored At Party

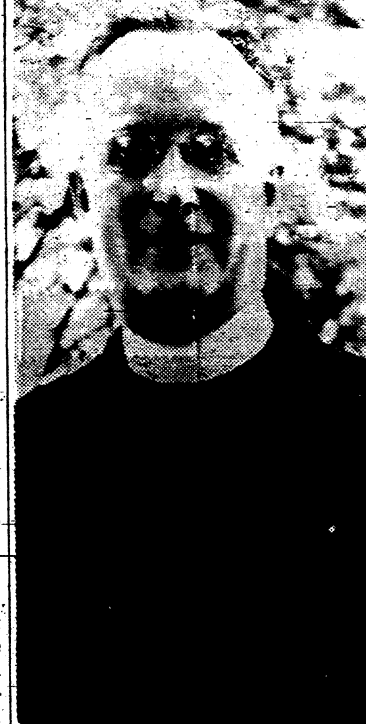

A farewell party for Rev. Adolf Bergman and his mother was given under the sponsorship of the Methodist church Sunday school on Tuesday evening.

In charge of the affair was Mrs. Earl Knickerbocker and Owen Cathey.

Fr. Hennes Named Pastor At Wyandotte Parish

On Friday, June 25, the Rev. Fr. Walter E. Hennes, pastor at St. Mary's Catholic Church here for more than 8 years, will leave Manchester to take over the duties as the pastor of St. Joseph's parish at Wyandotte.

St. Mary's Church has seen many changes since Fr. Hennes arrived here to take over his first pastorate on November 15,

Rev. Fr. W. E. Hennes, pastor of the St. Mary's Catholic Church at Manchester, has been transferred to St. Joseph's Church in Wyandotte.

1945. He was ordained June 8, 1930 and came to Manchester from St. Francis de Sales in Detroit where he had served as an assistant.

Among the many improvements at the church and rectory during his stay here the most important was the installing of new pews at the church and the carpeting of the sanctuary. Nearly all of the priest's vestments have been replaced, and for the first time St. Mary's boasts a complete set of gold vestments including Dalmatics and Cope. Many new altar furnishings have been acquired and the Eney organ has replaced the old one. Improvements too numerous to mention have been made in the church, rectory and church hall. Parish dinners have also been resumed.

There has been a slight growth in the size of St. Mary's parish which now has 111 families. In comparison, Fr. Hennes' new parish will have 1,150 families. He will have one regular assistant, Fr. John Kenna, and a second assistant for week ends. In transferring Fr. Hennes to the Wyandotte parish, Edward Cardinal Mooney, has bestowed upon him the most outstanding promotion of any priest leaving St. Mary's. The St. Joseph parish rates just below the very top ones of the diocese. Last Friday evening St. Mary's held open-house for Fr.

Exchange Club Ladies Night Dinner

Members of the Exchange Club of Manchester entertained their wives, daughters and lady friends at their annual Ladies' Night, held last Monday at Bauer Manor on Evans Lake.

This was the one night of the year when ladies were permitted club members at their duties. The duties Monday night consisted chiefly of consuming the excellent dinner prepared by the Bauer Manor chef, and listening to a lecture on the ideal bovine, given by Professor Jim Hayes, dairy extension specialist at Michigan State College. During his talk, Professor Hayes assembled a working model of the bovine on the table before the eyes of his guests, and it is safe to say that nobody had ever seen a cow that likes of this one. The fact that nobody in the audience knew any more about cows at the end of the lecture than at the beginning was a matter of no consequence.

As for the civic duties performed by the Exchange Club, not a lady knew any more about these at the end of the meeting than she had before, which was just as it should be. The weather was fair and the entertainment perfect. For these happy results credit goes to Royal Davidter, president, Rolland Grossman and his program committee, and Dan O'Brien, who introduced the guest of honor.

Local Red Cross Chairman Resigns Post

Stanton G. Roesch has submitted his resignation as Chairman of the Manchester Branch of the Washtenaw County Chapter, of the American Red Cross.

Upon handing in his resignation, Mr. Roesch stated that other responsibilities make it impossible for him to continue with the work and asked that he be released from the post no later than July 1, 1954.

He said that working for the Red Cross has afforded him much personal satisfaction and that if his efforts have contributed in some small way to the Red Cross he feels amply rewarded. Mr. Roesch was high in his praise of the people in the community who assisted him "so selflessly" in the Blood Bank, Fund Drives and other Red Cross work.

His resignation was submitted to the Board of Directors of the American Red Cross last week.

Hennes with William Kramer acting as toastmaster. Among those present was Fr. Leonard Way, O.S.B. of St. Benedict's Abbey.

In his farewell sermon on Sunday, Fr. Hennes noted that although he will miss Manchester he believed that he should willingly accept the transfer.

He also expressed his wish to thank all the people of the community and of the parish for the many courtesies shown him while he was assigned here to help make his stay such a pleasant one. His successor will be the Rev. William K. Schneider, who has been at St. Bernard's Church in Detroit.

JACKSON CELEBRATES 1854-1954

The pages of one hundred years of history of a city and a nation will come to life in Jackson, Mich., starting July 4 as this city begins its colorful, week-long Freedom Festival in celebration of the 100th anniversary of the founding of the Republican party there.

The 4,000 residents of Michigan, Indiana and Ohio who journeyed to Jackson to hold the first formal Republican convention under a cluster of oaks may not have been fired with the same festive spirit which already is spreading through Jackson but their purpose set the theme for the celebration 100 years later—Freedom.

Thousands of citizens are now at work preparing for the event and its 7 special days on which an historical spectacle with a cast of 1,000 will be presented on a mammoth 350-foot stage at the Jackson county fairgrounds.

The Pageant will depict nearly every trail blazing mark in American history from the landing of the Pilgrims, the Revolution and the Opening of the West up to the "Roaring 20's," World War II and the dawn of the atomic age.

A festival queen, to be crowned "Miss Freedom" at the out-set of the celebration, will be in the spotlight at many public appearances during Freedom Festival Week and will receive as an award an 11-day all expense paid guided tour of Mexico.

Guiding local committees arranging the Freedom Festival week and its pageant is the John B. Rogers Producing Co., of Fostoria, Ohio.

More than a million visitors are expected to witness at least part of the week-long celebration, according to Philip Conley, general chairman of the festival.

VACATION TIPS
 Outstanding among events scheduled at the West Michigan vacation centers over the Fourth of July week-end will be the annual Manistee National Forest Festival at Manistee and the centennial celebration at Sutton's Bay on the Leelanau peninsula.

Opening Friday, July 2, the centennial program will be concluded July 5, with a full schedule of events promised on each of the four days, while the forest festival will get under way July 3 and continue through July 5.

Other events over the holiday week end will include the annual Chicago-to-Saugatuck yacht race, scheduled to end at Saugatuck July 3, and followed by a water carnival July 4 and 5; sailing races at the Macatawa Yacht club July 2 to 5; the annual xroast at Lake City July 5; homecomings at White Cloud and Sand Lake, and community celebrations at Boyne City o Lake Charlevoix and Buckley in northern Wexford county.

An expanded program aimed at creating greater interest in the recreational advantages of the Manistee National Forest has been planned for the Manistee festival at which more than 30,000 pine tree seedlings will be given away to guests.

The annual parade at 10 a. m. July 5 will be the principal attraction, with 11 bands, including the Racine, Wis. Boy Scout Band and the Chrysler Kilties Band of Detroit, in the line of march, as well as the state championship Veterans of Foreign Wars band of the Muskegon Heights post and the Michigan drill team champions of the Reed City VFW post.

Ships of the United States Coast Guard and th navy will be open to the festival guests at the city's dock; motorboat races will be staged on Manistee lake with ample seating facilities for several thousand spectators, a youngster's rowboat race over a 300-yard course on the Manistee river between Maple and Smith streets; archery, tennis and golf tournaments; a pistol shooting demonstration by Sgt. Lester Coykendall of the Michigan State Police; speed boat rides from the Century Boat Co.; a conservation department show under supervision of Manistee's Spirit of the Woods club, and a free outdoor show on

the high school athletic field are among other events on the program.

Aunt Jemima will bake giant lumberjack pancakes and all proceeds from this project will be given to Amistee charitable organizations.

Although work on the bridge over the Straits of Mackinac is under way, the several hundred workmen to be employed on the project during the next four or five years will not occupy rooms in the tourist courts, motels and resort hotels here, it has been pointed out by the West Michigan Tourist and Resort Association.

Workers now on the job both at Mackinaw City and St. Ignace have found more permanent residences here, at Cheboygan and Petoskey as well as upper peninsula communities.

Mackinaw City has many tourist courts, motels and resort hotels, excellent eating places and many attractions for tourists.

An enclosed playground with a supervisor in charge has been constructed in the center of the business district of Frankfort so children of vacation visitors will have a safe place to play while their parents are shopping. The playground was financed by the Frankfort Rotary Club under supervision of Charles Didrickson as chairman.

A new tourist information station has also been constructed by the Frankfort Chamber of Commerce on a site that adjoins the playground. Complete information on the Frankfort and Crystal Lake vacation regions and travel information on all sections of West Michigan will be available at the station.

Free tourist information on the Benzie county region and other areas of West Michigan will be furnished summer tourists at a new station under construction on US-31 at Beulah. The project was financed by local business men.

Chrysler Proving Grounds Officially Opened

The Chrysler Corporation's 4000-acre engineering proving grounds, which is located about 6 miles north of Manchester-Chelsea road, was officially opened Wednesday, June 16, with a special dedication program attended by newsmen representing newspapers, magazines, radio, and television stations from all over the United States. The program was packed with interesting and exciting events, including the first action demonstration of the experimental Chrysler gas turbine engine, three successful attempts for speed and endurance records on the 4 1/2 mile proving grounds oval track, displays of precision car and truck driving by nationally known experts, and demonstrations of the most modern and complete automobile and truck testing facilities in existence.

Among personalities featured in the demonstrations were the two-time Indianapolis Speedway race winner, Bill Vukovich, and the three other drivers among the first four finishers in this year's 500-mile race, Jimmy Bryan, Jack McGrath and Troy Ruttman; Speedway President and General Manager, Wilbur Shaw; Champion Women Drivers, Betty Skelton and "Sammy" Chapin; the stunt-driving thrill shows of Joey Chitwood and Irish Jim Horan, plus other recognized driving experts.

The morning program began with a speech of welcome by James Cope, Vice President of Chrysler Corporation, J. C. Zeder, Vice-President and Director of Engineering and Research, and L. L. Colbert, President of Chrysler Corporation, added their remarks to those of Mr. Cope. The speeches were followed by the announcement of a new stock car speed endurance record which had been completed under AAA supervision earlier that morning. A Chrysler New Yorker Deluxe Newport automobile set a record of 113.184 miles per hour in a 24-

hour run which covered a distance of 2,836.42 miles. Chrysler also held the previous record established at Indianapolis last October when it covered 2,157 miles in 24 hours at an average speed of 89.89 mph.

Newsmen were taken on a tour of the proving grounds which featured a high speed trip on the oval track and an opportunity of viewing the testing of cars on the endurance road, the sand pit and the splash pond. The afternoon program began with a parade of Chrysler's complete line of passenger cars, trucks, and taxicabs. This was followed by the presentation of 22 safety awards to drivers of Plymouth taxicabs from all over the country. The newsmen then viewed a parade of Chrysler "idea" cars which showed the latest developments in design and engineering research.

Betty Skelton, pretty 27-year-old airplane and racing car pilot, then drove the Dodge Firearrow sports car to a women's world speed record of 143.44 miles per hour.

Chrysler's safety rim wheels were demonstrated by artificially "blowing out" tires on six De Soto automobiles which were running at high speed in front of the grandstand. None of the cars swerved from its course as they were brought to a stop.

The featured highlight of the afternoon was the attempt for a new American closed track speed record by the four top drivers from this year's 500-mile Indianapolis race. The racing drivers had to postpone their record attempt for an hour or so because of rain, but they eventually got under way on a dry track; and Jack McGrath, driving the Hinkle Special with which he placed third in the Indianapolis race set a new record of 173.356 miles per hour. The speeds of the other drivers were as follows: Troy Ruttman, 174.762 miles per hour; Bill Vukovich, winner of this year's Memorial Day classic, 170.234 miles per hour; Jimmy Bryan,

Dr. Carol E. Goodman of 675 Mooreville Road, Milan, and Dr. Edwin Mark Smith of 510 Catherine Street, Ann Arbor, have been awarded three-year fellowships in physical medicine and rehabilitation under an educational program for which the National Foundation for Infantile Paralysis has appropriated \$475,000, is was announced today by Mrs. Douglas Gregory, chairman of the Washtenaw County Chapter of the March of Dimes organization.

These fellowships, according to Mrs. Gregory, are awarded upon recommendation of a national professional committee. They provide for a period of study at centers approved by the Council on Medical Education and Hospitals of the American Medical Association for residencies in this field. Mrs. Gregory pointed out that at the end of the fellowship period, Dr. Goodman and Dr. Smith will have had a total of three years' required clinical study in the field. Subsequently, Mrs. Gregory said, upon completion of two years of practice as specialists in physical medicine and rehabilitation, they will be eligible for certification by the American Board of Physical Medicine and Rehabilitation.

The drivers were started Indianapolis style with a pace car driven by W. C. Newberg, President of Dodge Division, and containing as a passenger, Wilbur Shaw, President and General Manager of the Indianapolis Motor Speedway.

"Sammy" Chapin, woman driver and commercial airplane pilot, gave a demonstration of precision driving and parking of a Dodge truck capable of carrying a gross load of 60,000 pounds. Although Miss Chapin threaded the huge truck carefully between closely spaced oil drums and parked it in a space just large enough for the trailer, she remarked that she hadn't driven the truck until four days before the demonstration.

Joey Chitwood and Irish Horan and their group of daredevil drivers "balanced" stock Plymouth and Dodge automobiles on two wheels and gave various exhibitions involving jumping and controlled skidding.

The program was brought to a close with the first action demonstration of Chrysler's experimental gas turbine engine. This engine is mounted in a Plymouth automobile and differs from other turbines developed by other companies in its moderate fuel consumption and relatively low temperature exhaust.

The approximately 200 newsmen who covered the proving grounds generally agreed that it offered some of the finest facilities in the country for testing automobiles, trucks, and kindred equipment.

USE OF GLOBULIN ON POLIO WIDENED

Effective at once the regulations for the distribution of gamma globulin for use in polio contacts will be those basically established nationally by the Mutual Security Administration, state wide by the State Health Department and in Washtenaw County by the Local Health Department with the advice of the Health Committee of the Washtenaw County Medical Society as follows:

Gamma globulin will be available in doses of 1 cc. per 5 lbs. of body weight to exposed individuals, in groups of significant contacts to polio cases, as determined by the practicing physician whose advice is sought by those exposed. There will be no familial or age limitation.

In other words, as in all other diseases, the preventive measure, attempted will be determined (in each individual case) by the patient's own physician. The Health Department will still require the name and address of the original case and name, age, weight of all patients who are to receive the globulin. We have no assurance that this or any other method of globulin use is an effective method of preventing polio or its complications.

Otto K. Engelke, M. D., Health Officer.

A Story About Hearts and Hands

On the porch of a humble home beside the railroad tracks, in a small Georgia town, a little girl sat every day to watch the train rush by. But she never waved, as most children do.

The engineer, Henry R. Lee, often wondered at this. So, one day, he slowed down, leaned from his cab and dropped a note addressed to the child's mother, asking why.

The mother wrote him a letter: "Grace was born with her arms off below the elbows." Mr. Lee passed the word among his fellow trainmen. It spread. Contributions came in, operations were performed, and the child, whose father works in a garage, today has artificial arms and hands she can wave.

Dr. Goodman and Dr. Smith are two of 55 recipients of such fellowships under a nationwide program. They will begin their studies at the University of Michigan Hospital, Ann Arbor.

A limited number of such fellowships are still available for physicians who wish to specialize in physical medicine and rehabilitation, Mrs. Gregory concluded.

Horses Surprise Early Risers

Horses—Horses! strange thing to see when first opening your eyes in the morning—and right down in the front yard too. You might stop to consider for a minute, maybe pinch yourself—to see that you're really awake—give a quick thought to what you supposed was gingerale that you drank last night—and then take another look. Sure enough, they are horses—two of 'em—a white one and a brown one. The white one seems a bit more inquisitive as he stops to nibble at your favorite little evergreen.

As you turn from the window and glance at the faithful clock, you note its hands point to 5:30 a. m. and you begin to realize that it's the barking of the dog that awakened you and maybe you won't have to go to a psychiatrist after all.

Hustling down stairs you hope that no one hears you. You'd feel kind of silly explaining that there seems to be horses in the front yard. Just as you reach the front door the two amble off down the road and around the bend.

Nope, it's no pipe dream—the horses were real—very real to some. Seems the two were put to pasture in a nearby field. They made "a right pretty picture" silhouetted against the sky. Whether low water in the Raisin River caused them first to realize they could get out of the field or if some one accidentally left the gate open is a question. At any rate the two horses sallied forth to do a bit of exploring for themselves.

For several days they made their rounds. They liked the fresh green gardens and corn seemed to be a special treat. Then someone's luscious strawberry patch had its attraction too. Whether they liked to eat the berries or just walk through them is a question. The horses had their own ideas.

Neighbors and friends of their owner, Art Goals, helped to get them back to their own field each time they were out. But the horses couldn't be reasoned with. As a last resort Art made a decision. The two wanderers have lost their home along the Raisin as their owner had them taken over Ann Arbor way—where the pasture may be more to their liking.

Mrs. Ruby Newton who recently returned from a winter in Florida and has been staying with her nephew Elvin Benedict and family has left for Purdue University, LaFayette, Indiana, where she is taking a short summer training. From there she plans to go to Carthage, Mo., and then return to Michigan.

Evangelical Synod and the Reformed Church into the one denomination now known as Evangelical and Reformed will be commemorated.

A nursery is conducted in the Parish Hall during the worship hour so that mothers may have a safe place to leave their little children while they attend church.

You are cordially invited to worship with us.

Also Jack McGrath, Indianapolis speedster, set a new closed course record of 189 m.p.h. far surpassing the old mark of 148 m.p.h. set in 1928 at the Packard Proving Grounds.

Manchester High Alumni Ass'n Holds 77th Reunion

(Continued from page 1)
 as his topic "Do You Remember" and Walter Springer '10 reminisced on "Forty-four Short Years."
 Mrs. Candace Smith-Pruyne of Beverly Hills, California expressed her delight in being able to be present and read the Commencement Program given by the members of her class in 1904.
 Fr. Leonard Bernard Way O. B. S. '42 was called upon for remarks. He stated this was the first reunion he had the pleasure of attending since his graduation. On June 13th Fr. Way celebrated his first solemn high mass at St. Mary's Catholic church.
 Harold Burch '23, treasurer, gave a report of the finances of the association.
 Lastly, Edward T. Brighton '03, Postmaster at Sylvania, O, gave an inspiring talk on "What is the Future of Our Association?" Forcibly he put the matter of continuing our Alumni Reunions before the house. For the past several years little interest has been shown, resulting in financial deficits. With the interest of his school at heart Mr. Brighton made many trips to Manchester to meet with the committee to work out some solution. Concluding his talk he pleaded that all members come to the assistance of their Alma Mater and really make our motto be what it stands for "Esto Perpetua." (To be perpetuated).

Getting ready for June 29 opening— Lots of activity can be seen at the old Ford Mill. Saline these days. Converted last year into a summer playhouse for theatrical performances, things are being readied for another successful season. Shown are Frances Chénier, member of company, handing a light fixture to Charles Hoefler, Art Director. Lending a hand in background is Barbara Hamel, Producer, who many will remember from last year.

Playground Attendance Out-Does Other Years

The first day of junior playground proved to be very successful, breaking all attendance records of previous years. Seventy-five youngsters trailed behind the German band through town to announce the opening day of playground. On returning to the playground a treasure hunt was held at which time each child looked about the school yard for cards that entitled them to an ice cream pop. As luck would have it, each child found a card. Special events for the year were reviewed by the leader and the remainder of the day was spent with free play on the playground equipment. (See below).

Next week's calendar forecasts the following events:

Monday: Making of yarn lapel dolls. If possible, each child should bring a strand of yarn about six feet long.

Tuesday: Musical games and storytelling.

Wednesday: Pet Show and Mutt Dog Show. All pets are welcome with a special division for any mutt dogs you happen to have around.

Thursday: Games and storytelling.

Friday: Hike with sack lunches. Follow a blazed trail to the destination.

Detroit Zoo Viewed By Cub Scouts And Their Parents

Neither the heat, nor the muggy, rainy weather hampered the spirits of the Cub Scouts and their parents who motored to the Detroit Zoo Sunday for the last outing of the season.

Dr. A. P. Holstein and family arrived first at the zoo with their picnic lunch and on looking at the rainy sky decided to eat their picnic in the station wagon. Along came the Russell Smiths, the Marvin Oates, the Allen Schaffers, Earl Albers, John Belows, Harold Altenbernts, and den chief Larry England and decided the Holsteins had a good idea—so they all ate in their cars and then proceeded to look over the wonders of the Detroit zoo, much to the happiness of the cub scouts.

Mr. and Mrs. Lawrence Miller entertained about 40 friends and relatives at open-house Wednesday after the graduation of their daughter Jo Miller. Guests were present from Detroit, Sturgis and Manchester.

day's events included Mrs. Willard Mann, Mrs. Alfred Strang and Mrs. Robert Crandall.

M.S.N.C. To Hold Annual Book Exhibit

Michigan State Normal College will hold its annual Book Exhibit of Children's Textbooks, Story-books, Reference Books, and Audio-Visual Aids from June 28, (1:00 p. m.) to June 30, Roosevelt High School. From 50 to 60 publishing companies will present exhibits to give you an unparalleled opportunity to see a wealth of fine, attractive books for children. As parents and teachers you are interested in what kind of books, films, and educational movies are available. Such an exhibit gives you a chance to compare and contrast various books as to subject content and the ways in which this subject is treated. We would like to see many parents' browsings among the story and text-books. This exhibit does not have any selling-over the counter (although orders are taken, so do not feel that you need to buy if you come. This exhibit is an educational service of the college to the community.

In conjunction with the exhibit we are offering a series of programs to which you are invited. On Monday afternoon, June 28, at 4:00 in Roosevelt Auditorium, Professor Richard Boys of the University of Michigan will speak on "Comic Books as Literature."
