Sylvania Postmaster, Ed Brighton Retired Sunday After 33 Years

With plenty of Irish vigor to spare, Postmaster "Ed" Brighton will close the postmaster's office door for the last time Saturday, Oct. 30, after 33 years of service.

Although technically termed "retirement," his separation from the postal service will mean anything but retirement to the 70-year-old Sylvania, Mich., postmaster.

Christened Edward T. Brighton, he was born in Toledo, Ohio, and graduated from Sylvania High School in 1913.

At the same time he chaired the Red Cross campaign. A doing "grandson" to his daughter, Ed refused to let even his post-office retirement interfere with his duties as a grandfather.

When Ed leaves, a portrait of F.D.I. will be hung in the office. This was the old friend Warren Duffy who with his regular patrons of the Sylvania office will miss his ready wit, banter and deluxe repartee of Mr. Brighton who has been a postmaster since 1921.

Music Plays Big Part In Life At Western Michigan

Music fills the air at Western Michigan College, whether it is by the marching band, symphony orchestra or any of several vocal organizations. Students from all areas of study on the campus are drawn into many of these groups by their love of music and an opportunity to participate actively.

Also, a great trainer of teachers of music for the Michigan schools, Western Michigan maintains a broad musical program to give future teachers the experiences they will need to facing problems of building musical organizations in the schools which they will later serve.

Kenneth Kennan, son of Mrs. Marie Kennan, RFD 2, and Paul J. Wahler, son of Mr. and Mrs. Paul J. Wahler, RFD 1, play the clarinet and cornet, respectively, in the 117-piece marching band at Western Michigan.

Byron Hall Killed by Train

Funeral services were held Monday at 2 p. m. at the home of Mrs. Byron H. Hall who died Saturday when a Washak freight train struck him as he walked along the tracks near the Clinton station.

Mr. Hall made the trip daily to the post office. He moved to Britton five years ago. Prior to that time he lived in Manchester for many years.

Survivors include a daughter Mrs. Frances Hall Spear of Britton and two grandchildren. Funeral services were held in Britton and burial was in Oak Grove cemetery at Manchester.

I cannot accept hearsay, and would need to know the circumstances and facts regarding both sides of the subject to form a proper judgment.—Mary Baker Eddy.

This affair will be held at the Pleasant Lake Consolidated School at 12 noon on Sunday, November 21.

Full Memories It's a clear, chill Saturday—a long, long day, week-long dragged low—but for too short, ere sundown, for all the things that a boy can do.

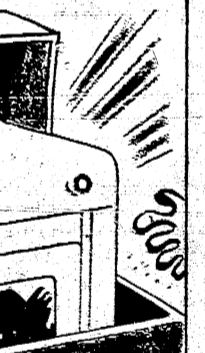

There, among other joys, sits to be gathered in the leaf-strewn woods, harvested now against snow-bound Saturdays to come. Then there will be the laughing, the cracking, the eating with a sprinkle of salt-but too good to be missed for cookies and cake.

What memories! The boy who was born and raised in Homestead America will always remember the excitement and fun, the stain on his hands, the ring of hammer on flat-iron all on a homesick afternoon in the Fall.

Johnny Walz Says Tractor Production To Be Raised

Johnny Walz of Johnny's Service, north of Manchester, said that farm machinery production schedules for next year indicate a good agricultural market.

Oliver Tractor Company has increased production, effective November first, as much as two and one-half times the current rate.

He pointed out that the president of the Oliver Tractor Company, A. King McCord, attributed the increase to a belief in the "basic soundness and growth of the nation's economy."

MANCHESTER WINNER, FRITZ STEVENS. Nearly 100 youths from six area high schools competed in a gasoline economy race. Photographed here at the finish line in Manchester, where the race-originated in Fritze Stevens, Manchester winner (right) receiving a certificate from his adult observer, Ed Wurster (left). Sweepstakes awards were won by Kent Ingraham of Brooklyn and James McLaughlin of Chelsea.

At 4 o'clock in the afternoon on Sunday, October 24, Laura Kathleen Surin, infant daughter of Mr. and Mrs. Hugh R. Surin, was baptized before the altar of the Emanuel church, by Rev. Karl H. A. Rest. Following the brief ceremony.

THEY MAKE AMERICA GREAT ALEX M. LEWYTT

Since his first vacuum cleaner came off the production line in 1947, nearly 2 million have been purchased by American housewives.

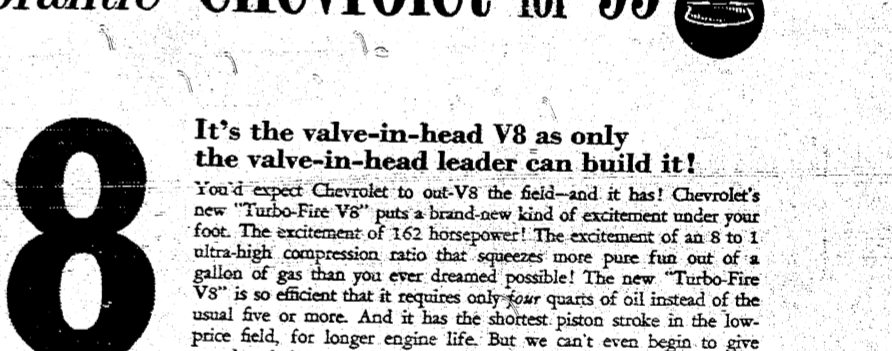

It WAS HIS IDEA, THE ECONOMY RUN

F. M. Reck, the man who first thought up the idea for the gasoline economy run several years ago, is pictured as he jets down statistics which govern one of the most careful races in automobile history. At the wheel is one of the contestants, Carl Wade of Manchester. Since Reck first planned this program it has taken the country by storm and now many towns throughout the states have copied the plan and are now having their own races.

Fishing Drives Groucho In Seine

The poor fish looking for a few new lines in the river Seine is that well known angle-slinger, Groucho Marx. "Don't flounder around," he says. "Cast your eyes on the new De Soto for '55. You'll be really glad you did." Coming to you De Soto dealer's November 17. Go see it!

Mother's Going Out!

Be it shopping, bridge or business, mother doesn't worry about leaving instructions for children returning from school. Modern electronics has come up with an easy-to-use Time Magnetic Disc Recorder made especially for house use. It records, plays back results immediately. If wife's away when hubby comes home, simply flicks a switch and hears her explain where to find the new over ham in the refrigerator, and (happy days!) if she starts bawling him out—he can flick off the switch!

With enough new advances to fill a book!

Chevrolet offers two new highstepping sizes for 1955! There's the new "Blue-Flame 150" (traced with Powerglide as an extra-cost option) and the new "Blue-Flame 125." Both bring you new, higher-rated power—the zippy, thrifty high-compression kind. Both have new, more efficient cooling and lubrication systems. . . . new engine mounts that result in almost unbelievable smoothness. And, like the new "Turbo-Fire V8," both are spiced by a new 12-volt electrical system for finer performance and faster cold-weather starting. They're the liveliest, smoothest sizes Chevrolet ever put into a passenger car!

More than a new car . . . a new CONCEPT of low-cost motoring (and much too good to miss driving!)
