EIGHTY-SEVENTH YEAR NUMBER 21 MANCHESTER, WASHTENAW COUNTY, MICHIGAN THURSDAY, JAN. 28, 1954 FIVE CENTS PER COPY \$2.50 PER YEAR IN ADVANCE

Study Committee Explains Bond Issue

One week from Saturday, February 6, voters in the Manchester school district will vote on a bond issue of \$465,000 for the purpose of building a new high school, purchasing 13 acres of land, and making necessary changes in the present school.

The decision to build a high school instead of enlarging the elementary facilities was reached after many months of study by the school board and a 23-man citizens' committee consisting of 8 townspeople and 15 representatives from the rural district. They reached this decision because their study showed that modernizing the present high school would be too costly. To bring the special rooms up to date would cost a great deal of money, while enlarging the gym to provide adequate physical education for boys and girls would be an expensive proposition. No satisfactory facilities for music could be provided without a great deal of expense.

On the other hand, the present high school, which at one time also housed all the elementary grades, can easily be converted to elementary use.

By placing a new high school on a new site, grade school children could be separated from high school students—a desirable feature from the educational and discipline standpoint. Furthermore, the new site costs less—\$12,000 for 13 acres instead of \$73,000 for less than 3 acres from which residences would have to be moved. If expensive land near the present school were used, the school could only expand in the future by acquiring more expensive land.

The study also showed that a new high school could be built for almost the same cost as building new elementary units, a general purpose room, and a shop. Building a new high school now will take care of the needs of the district for the foreseeable future. The high school project has been approved unanimously at a public meeting, and has received the unanimous vote of the citizens' committee.

Questions have been asked about the cost of the building. According to the bond issue as presented by the school board's attorney, Fred Thrum, the district will be required to raise about \$44,000 a year, which amount can be raised by a levy of 9.15 mills on the county equalized valuation of the district. Though the bond issue runs for eighteen years, the reserves the district will be required to accumulate will allow the issue to be paid off in about fourteen years.

In the opinion of investment houses, a bond issue of \$465,000 is a reasonable amount for a district the size of Manchester's. In fact, Manchester is bonding itself for proportionately less than many other districts now undergoing building programs.

Manchester's issue figures out at 9.6 percent of the equalized valuation of the district. This compares favorably with nine other districts that have recently bonded themselves to build schools. These districts have bonded themselves for amounts ranging from 9.1 percent to 15 percent of their county equalized valuations.

For those who would like to figure in dollars and cents what the school program will cost them over the next few years, members of the citizens' committee have prepared an analysis.

This year, property owners in the district have paid about \$23 per thousand dollars of assessed valuation. If the assessed valuation of your property is two or three thousand, multiply by two or three to find out what you paid this January.

Next year, the school tax will be about 30 percent higher than it was this year, and this will be the highest amount that will be paid. The tax will remain at that level for one more year, after which it will begin to come down.

Here is how the figures will read, per thousand of assessed valuation:

1953 (this year)	\$23.00
1954 (next January)	29.80
1955	29.80
1956	27.45

By simple multiplication, using this table, you can figure approximately the total dollar cost of your school tax in the above years. Though it is an estimate, it should

20th Century Club Sees European Slides

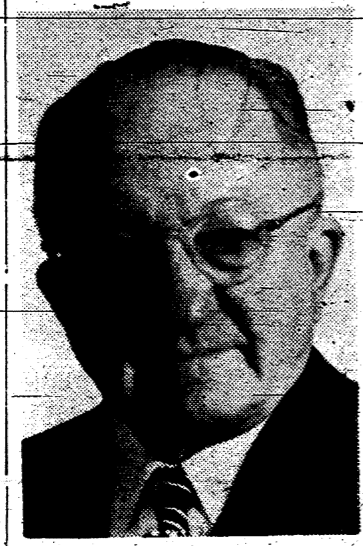

The Twentieth Century Club of Manchester met last week at the home of Mrs. Kenneth Kouba. Mrs. Fred Atkinson, chairman of next year's program committee, conducted a discussion of advance plans for the 1954-55 program. Following a brief business meeting the group was entertained by color slides of seven European countries presented by Mrs. William H. Yungclas, guest of the club. Mr. and Mrs. Yungclas had recently returned from Europe where they had taken numerous moving pictures as well as slides.

The next meeting of the club will be at Mrs. Frank Tirb's on February 2. The program will be on Hobbies and each member is to bring their particular hobby and be prepared to discuss it briefly.

Mrs. Mabel Pardee assisted Mrs. Kouba with refreshments for the meeting.

Officers Of Peoples Bank Named

At the annual meeting of the officers of the Peoples Bank of Manchester the following officers were elected: president, Carl Wuerthner; vice president, G. W. Kramer; vice president, Stanton G.

Roesch; cashier, F. A. Lehman; W. E. Prescott, assistant cashier and H. M. Burch assistant-cashier.

The directors remain the same as last year: Carl F. Wuerthner, Stanton Roesch, L. P. Wurster, G. W. Kramer, A. T. Feldkamp, Henry P. Eames and F. A. Lehman.

Half-Way Mark Reached In Drive

In the current March of Dimes campaign for funds to fight the dreaded disease on local and national fronts, only some \$500 had been collected as of press time. Last year nearly twice this amount was donated, and that was no-where near a record.

Manchester mothers will be marching tonight in one of the highlights of the Dimes' drive—the Mothers' March, under the chairmanship of Mrs. Fred Atkinson. All the mothers canvassing area homes this evening have a set purpose in the backs of their minds—they've seen what effects the crippling, dread disease can have on young bodies and the mothers want to be sure all help science can provide is on hand if their precious boys and girls are stricken.

This year local business establishments are not being canvassed, but Manchester drive chairman Mrs. Ray Kerr encourages all merchants, as well as all-area residents, to give to their fullest.

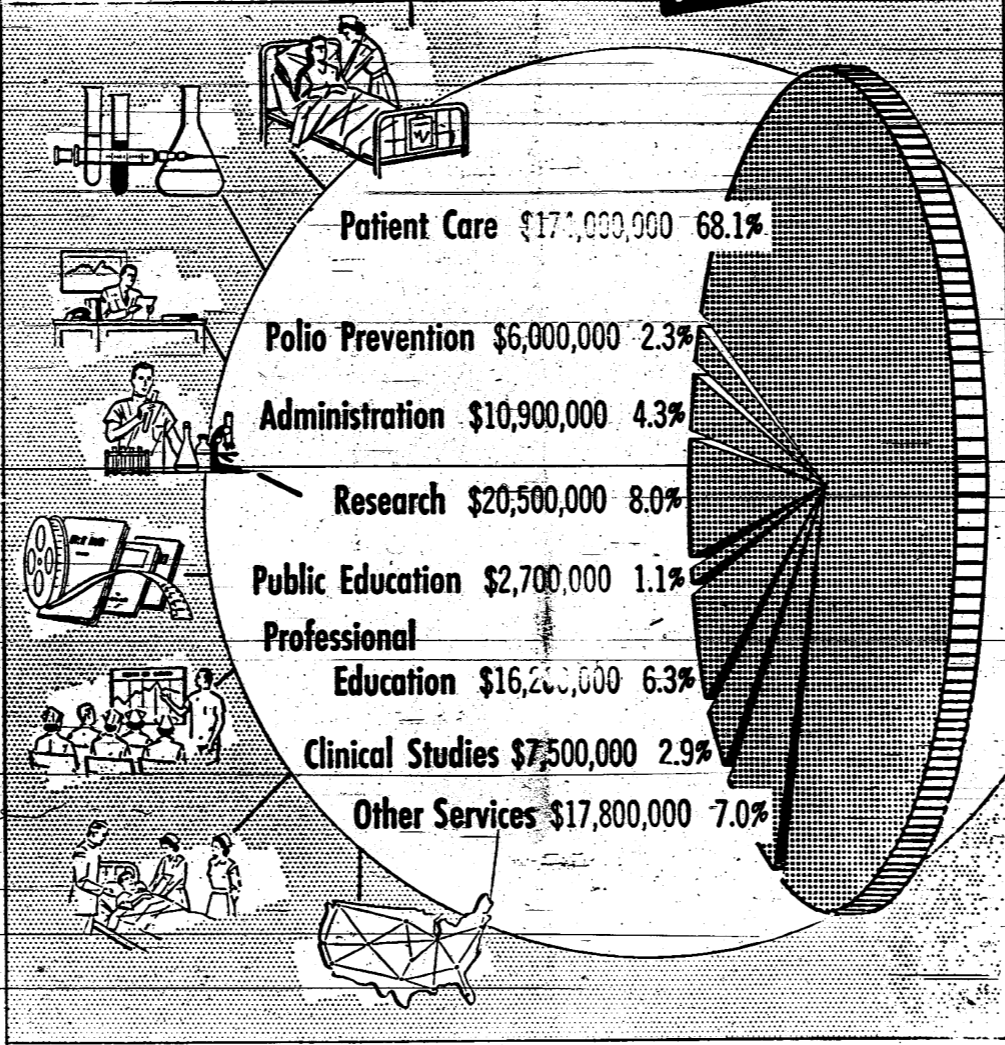

Infantile paralysis can strike down persons from one month to 100-years-old, so give to the best of your ability—you may be aiding science in discovering a cure for polio that you or dear friends or members of your family may need in the coming year.

The unofficial Washtenaw \$75,000, a slight increase over last year was set at the total 1953 receipts. Can Manchester meet and top its record of last year while helping the county reach the high goal of desperately needed funds?

It's up to each and every one of you individual readers.

16 Years of March of Dimes Services

1938-1953

Here's how your March of Dimes contributions were expended during the 16 year history of the National Foundation for Infantile Paralysis. In 1938 there will be a new, costly and effective form of Polio Prevention. It will include gamma globulin and trials of a test polio vaccine. Cost of this alone: \$26,500,000. The other program continue, too. This is why the 1954 March of Dimes must be the most successful ever. Contribute generously through the month of January.

Coming Events

The Women's Guild of Emanuel church will hold their meeting on Wednesday, February 3 at 2 p.m. at the Parish Hall. The Junior Methodist Youth Fellowship will meet at the church on Thursday 7 p.m. with Mrs. N. Uphaus as counselor. The Friendship class of the Methodist church will meet at the home of Mr. and Mrs. James Pratt Thursday at 9 p.m. (Jan. 28).

Rev. Adolph Bergman will address the Methodist Youth Fellowship of the Saline church on Sunday, January 31 on "Youth in The Storms of Europe".

At the Evangelical United Brethren church the Sunday morning service will be in charge of the Youth Fellowship with Richard Knouss the chairman. Various members of the Youth Fellowship will have a part in the program. Mr. Jerry Hall of Flint, now a student at the University at Ann Arbor will give a short talk on "Youth Prepare to Face Today's World".

The pastor will speak on "Our Part—in a Great Whole". Choir practice at the Sharon Evangelical United Brethren Church will be on Wednesday evening at the parsonage instead of Thursday Feb. 4.

On February 5 the Brotherhood and the Women's Guild of St. John's Evangelical and Reformed Church at Rogers Corners will meet with Mr. and Mrs. Frank Gross at 8 p.m.

The Shakespeare Club will meet on Tuesday February 2 at the home of Mrs. Leslie Chavey. The Twentieth Century Club of Manchester will meet with Mrs. Frank Tirb on Tuesday, Feb. 2 at 8 p.m.

The P. T. A. Square Dance at the high school auditorium is scheduled for Saturday, Jan. 30 from 9 to 1 a. m.

The Band Boosters' Club will meet at the high school on Monday, February 1 at 8 p. m.

All women interested in joining the next ten-weeks session of sewing, should come to school on Monday evening, Feb. 1, at 8 p. m. to register and decide on the night to meet. This class will begin the week of Feb. 8.

The Cub Scout pack meeting will be held Friday evening at the school at 7:30 p. m. for Cubs and families. Refreshments will be served at the close of the meeting.

No school on Friday of this week.

Tuesday, Feb. 2, the Moms' club will meet at the Legion hall at 8 p. m. with Mrs. Ray Hesel-schwerdt, Mrs. Albert Herman, Mrs. Paul Goodnoe and Mrs. John Foytek on the committee.

The Methodist church board will meet on Thursday, Feb. 4. John Pippenger is chairman of the board.

St. Mary's Altar Society will hold a public card party at the church hall at 8 p. m. Friday evening, Jan. 29.

The Arbeiter-Society will meet Thursday, Feb. 4, at 8 p. m.

Jan. 30 there will be a display of the new school plans at the civic auditorium with members of the Citizens' Committee present to answer questions on the proposed building program.

Prof. John Doneth Guest Speaker At Exchange

At the Exchange Club's annual Farmers Night which is held in conjunction with the steer club, 85 members were present. Robert Hamilton, chairman of the Steer Club committee, greeted guests of the club and introduced Edward Galloway as master of ceremonies.

Robert Crandall, local agricultural teacher, expressed his pleasure in the way in which the Steer Club is progressing this year. He introduced each club member present and the fathers of members.

Professor John Doneth, farm management department head of Michigan State College, speaker of the evening had as his topic "What's the Score for '54?" By charts, illustrations etc. he showed how the prices have varied in relation to the farmer buying in the past years. He said that there seems to be a readjustment in the relationship as the farmers' income is now less than what they are paying out.

Robert Crandall showed a film "Research in Dairy Cattle," which showed how, by research, milk production can be improved and better livestock be grown.

Rev. Adolph Bergman will be guest speaker at the Band Boosters' club of Grass Lake next Tuesday evening.

Service Notes

Cpl. Kaymond Stockinger arrived home early Sunday morning after receiving his release from Fort Sheridan, Illinois, on Saturday after two years in Service, 15 months of which was spent in Germany.

Pvt. Duane A. Beuerle's address has been changed and is now: Pvt. Duane A. Beuerle, U. S. 5544256, S. V. Batry, 65AFA Bn. Div Arty, 3rd Arm Div., Fort Knox, Ky.

Pleasant Lake Electors To Meet Friday

The board of education of the Pleasant Lake School District called a special meeting of all qualified electors for 8:30 p. m. Friday night at the Pleasant Lake School.

The meeting has been called to discuss possible change in the conditions under which school buildings and sites, formerly owned by the several individual districts which were included in the consolidation two years ago, and which are now the property of the latter, are to be sold.

The board has already sold the Silver Lake school property. Yet to be sold are the Kuebler, Pleasant Lake (old building), St. Thomas and Dresselhouse properties.

Local Couple Observe 57th Anniversary

Mr. and Mrs. John Gauss observed their 57th wedding anniversary at their home here on Wednesday, January 20. Among those who stopped in to wish them well were their children, the Hejman Gauss's of Adrian, Oer Gauss of Milan, Jr. and Mrs. Charles Gauss, Mrs. Vera Frey and Mr. and Mrs. Erwin Gauss. The couple has nine grandchildren and seven great-grandchildren.

Eucre Club Meets

On Saturday evening the Clarence Fielders entertained their eucre club with prizes going to Russell Hosmer, Ted Stautz, Mrs. Eugene Bentschneider, and Mrs. Merrick Hough. Russel Hosmer won the traveling prize.

Carl Schaible Hit By Auto

Lumber Man Honored At 80

Open house was held Saturday, January 23, at the office of the Schaffer-Lumber Company here honoring the 80th birthday of William K. Schaffer with nearly 300 people attending.

The grand affair was arranged by his sons, Allen and William E., and their wives. The office windows displayed beautiful plants and cut-flowers which were complimentary of the high esteem in which Mr. Schaffer is held, and even the sun shown brightly as Mother Nature seemed to lend a helping hand to brighten the occasion.

Refreshments were served from a long-beautifully arranged table by the Mesdames Allen Schaffer, William R. Schaffer, Mrs. James Hendley and Mrs. Harold Alexander.

It was a red-letter day for Mr. Schaffer and we cannot help but wish we could all be as happy and chipper at the four score mark.

Among the lovely gifts was a unique one which contained 80 silver cart wheels (silver dollars) which we hope he will keep rolling along at his own discretion. Out of town guests were present from Ann Arbor, Pleasant Ridge, Jack-

son, Ypsilanti, Tipton, Dearborn, Birmingham, Flint, Clinton and Pontiac.

Mr. Schaffer was born on January 23, 1873. He and his wife, the former Rose Lindbedt, have already celebrated their 43rd wedding anniversary. Besides their two sons they have five grandchildren.

into the present Schaffer Lumber business with his son Allen in 1945, it was by no means new to him. For it was in 1895 that he first started to work at the E. C. Wesgab Lumber Company, located on the present Schaffer Lumber site.

Six years later Mr. Schaffer and Bert Lowery bought the lumber company and in 1914 Mr. Schaffer sold to Lowery. From that time until 1920 he was in the grain elevator here with C. E. Burtless. Then for a period of 25 years he operated a dairy farm only to reenter the lumber business with his son in 1945.

This year marks another occasion—for it was fifty years ago 1904, that Mr. Schaffer built the home in which he and his wife still reside at 212 S. Washington St.

Still very active, Mr. Schaffer goes daily to the Lumber Company where he puts in a busy day.

Sharon Township To Have Mother's March

Sharon township will join the rest of the county Thursday for the Mothers' March. Chairman will be Mrs. Raymond Jacob, sr. A sister here will be Mrs. Leslie Chavey, Mrs. William Frey, sr., Mrs. Paul Feldkamp, Mrs. Merle Cummings, Mrs. Jack Pfeiffle, Mrs. Harold DeMint, Mrs. Reuben Hesel-schwerdt and Mrs. Norman Wellhoff.

Carl M. Schaible, 59, of 201 N. Washington St., local Ford dealer, was taken to Mercy hospital in Jackson Tuesday night after he was struck down by a car driven by Mrs. Doris K. Hough also of Manchester, at Adrian and Main street at about 7:50 p. m.

Mr. Schaible walked south across Main street into the path of the Hough car which was traveling east, according to a report from Deputy Chas. Schebor, at the Clinton State Police Post.

Both of Mr. Schaible's legs were broken below the knees and he has lacerations of the right arm and possible pelvic fracture.

Mr. Schaible, prominent local businessman, operates the Carl M. Schaible, Inc. Ford garage on West Main street.

Clinton State Police investigated the accident.

Local Man Wed In Church Rites

On Saturday, January 29, Mary Teresa Bauer became the bride of Ronald Louis Gonyer. Rev. Fr. Victor Stefanac officiated at the nuptial mass which took place at 9 a. m. at St. Dominic's Catholic Church at Clinton with the immediate families present.

The bride is the daughter of Mr. and Mrs. Jacob Bauer of Clinton and the bridegroom is the son of Mr. and Mrs. Ray Gonyer of Manchester.

Mark and John Bauer, brothers of the bride, and Conrad Gonyer, brother of the bridegroom, were altar boys at the double ring service.

The bride chose an imported grey wool suit accented with darker gray tones. Her accessories were pink and her flowers were pink orchids.

Miss Delores Gonyer, sister of the bridegroom, was maid of honor. She wore a powder blue wool suit with white accessories and a corsage of white roses.

Larry Gonyer served as his brother's best man.

Miss Catherine O'Reilly of Clinton was the soloist. For her daughter's wedding Mrs. Bauer was attired in taupe crepe with winter white accessories, and the bridegroom's mother wore aqua crepe with winter white accessories. Both wore corsages of red roses.

After a trip through the southern states the couple will be at home after February 1 at 401 Adrian Street, Manchester. The bride is a graduate of St. Mary's high school in Adrian and is now employed at Jacobsen's Apparel in Ann Arbor. The bridegroom graduated from Manchester high school and now operates Ron's Mobil Service in Manchester.

A wedding breakfast was held at Tamerlane Terrace at Clinton following the service.

Prior to the wedding Mrs. Elise Hopstead and Dolores Gonyer entertained at Dolores' home Friday evening with a bridal shower honoring Miss Mary Bauer of Clinton. Out of town guests were present from Chelsea, Clinton and An Arbor.

Shakespeare Club News

The Shakespeare club met at the home of Mrs. Clayton Parr. During the business meeting a contribution was made to the March of Dimes.

For the program Mrs. Elsie Reno showed pictures of Canada and Mexico and Mrs. Amanda Kuebler and Mrs. Leslie Chavey gave some very interesting highlights on the two countries and Mrs. Gertrude Kuhl showed some articles she brought back from her trip to Mexico last fall.

Mrs. Hazel Walker read and explained the Bill of Rights which too was very interesting and educational.

The next meeting on February will be held at the home of Mrs. Chavey.

Four-Year-Old Badly Burned

Donna Jean, 4-year-old daughter of Mr. and Mrs. Russell Braun of 112 Torrey Street, is a patient at Jackson where she was taken last Wednesday after she was badly burned by sealding water.

Train-Car Crash Kills Supervisor

Albert Trinkle, 74, Scio Township supervisor for 26 years, was killed Friday in an unusual accident involving his car and an Ann Arbor Railroad freight train at the W. William St. crossing in Ann Arbor. The accident occurred about 1:20 p.m.

A police officer, Patrolman Arthur Meggison, headed west on W. William St. had stopped at the crossing preparatory to making a U turn to mark some parked cars when he saw Trinkle's car coming west down the steep hill from S. Main St.

As Trinkle passed the officer and started across the tracks against the signals, a freight train, traveling about 10 miles an hour, moved into the intersection, hitting the car broadside. Meggison said. Trinkle's car, impaled on the tow-joint at

the front of the diesel engine, was carried some 110 feet along the tracks, then crushed between the engine and some freight cars standing on a siding.

Trinkle was killed instantly. Engine Derailed

The crash sent one set of the engine's wheels off the track and crewmen worked more than 1 1/2 hours to get the engine on the tracks and back away from the wreckage.

Firemen stood by in the event sparks from the metal set fire to spilled gasoline.

Engineer of the train was Elmer Martineau of Owosso, but the engine was being handled by a 27-year-old apprentice engineer and fireman, Donald Duvall, also of Owosso, at the time of the crash. Both men were questioned by city police and released.

Mr. Trinkle was born on Aug. 11, 1879, in Freedom Township, a son of Christian and Anna Mary Trinkle. He was married to Emma Buss in Scio township on March 19, 1904.

Once Chairmanned Board
 Mr. Trinkle served as Scio Township Road Commissioner before he became a county supervisor in 1928. He served as chairman of the Board of Supervisors in 1937 and had been a member since.

He belonged to the Bethlehem Evangelical and Reformed Church and was a member of the Bethlehem Cemetery Board. He also was a member of the Washtenaw Masonic Lodge No. 65 (Dexter), the Eastern Star of Dexter and the Zal-Gaz Grotto.

Surviving are his wife, Emma, a daughter, Mrs. Norman E. Haessler and a granddaughter.

all of 4401 Park Rd.; a brother, Gottfried of Freedom Township; and three sisters, Miss Lydia Trinkle, Mrs. Otto Stierle and Miss Batilda Trinkle, all of Ann Arbor.

Funeral services were held at 1:30 p.m. Monday at the Bethlehem Evangelical and Reformed Church with the Rev. Walter S. Press officiating. Members of the Board of Supervisors served as honorary pallbearers.

SELECT FIELD OF HEAVYWEIGHTS WILL PULL

Farmers' Week will again feature a Heavyweight Horse Pulling Contest: Four of the most select teams in the field will meet in the Livestock Pavilion at Michigan State College, Tuesday, February 2, on Horse Day.

Heading the field will be the National Champions, a 4500 pound pair of roans owned by Fowler Brothers, Reading, Michigan. On three different occasions Fowler Bros. have had the Heavyweight National Champions and on two occasions driven heavyweight teams to new World's Records.

A chestnut pair owned by John Drake, Pioneer, Ohio, winners at the 1953 Farmers' Week Contest, will be back to defend their crown. This 4400 pound pair, at the last major contest of the 1953 fair season, defeated the National Champions.

The most feared pair in the contest is a 4600 pound pair owned by Chas. Roehl and Sons of Smith's Creek, Michigan. This experienced pair, improved by the purchase of an Illinois horse, could be the "uncrowned champions." During the 1953 season,

the Roehl pair won many major contests and when defeated at the National it was by only a few inches. Harry Roehl, Driver and Trainer, has driven more teams to World's Records than any man in the field today.

The most improved team in the field will be a 4300 pound pair of roans owned by John Huizenga of Grandville, Mich. Pulling with an experienced logging horse from the Upper Peninsula, is one of the most promising and experienced horses to come from the State of Iowa.

Other Horse Events will be a parade of champion project draft colts, quarter horses and Arabians.

An attractive addition to the Horse Day Program will be the "Little International" staged by students in the Block and Bridle Club.

Horse Day opens with the "Little International" at 8:30 a. m. and finishes with the Horse Pulling Contest at 1:00 p. m.

Farmers from all sections of the State, and surrounding states—always pack the Pavilion to witness Michigan's popular Horse Day Events.

State Fiscal Problems Solved By Legislature

Michigan's 67th Legislature settled down to work this week with a feeling of confidence and assurance from Republican leaders that State finances would not be a major problem this year.

No new taxes are needed and careful watch over expenditures will keep the budget in balance and provide for a sizable reduction of the deficit, legislative spokesmen declared.

"The good work of the Republican Legislature, which took necessary steps last year to put the

State's finances in order despite the governor's objections, has given us a solid base to work from this year," said Senator Carlton H. Morris, of Kalamazoo, Senate majority leader.

Morris recalled that the governor had attempted to block advance payment of the corporation franchise fee which benefited the general fund by \$35,000,000 and had refused to sign or veto the business receipts tax which is producing another \$35,000,000 yearly.

There was considerable scepticism over the governor's message compared with his budget recommendations.

"If we provided for everything that he recommended, we would have to dig up millions of dollars more," said Rep. Herb Clements, of Deckerville. "Unfortunately for the people, he proposed a lot of things for which he didn't recommend the necessary money."

"I remember that in five years he recommended that we spend \$300,000,000 more than his own estimates of anticipated revenue," Clements added.

It's A Fact!

A single continuous coal mining machine, loading two tons a minute, would take 260 years to load 273 million tons of coal—the amount produced by one major U.S. coal company in the 44 years it has been in business.

The Locomotive Development Committee of Bituminous Coal Research, Inc., the coal industry's research arm, has spent more than \$4 million on development of a coal-fired gas turbine locomotive scheduled for extended tests of turbine components early this year.

YOU CAN GUARANTEE YOURSELF HIGHEST PROFITS POSSIBLE IF YOU

CHOOSE a WINNER!

HONEGGER LEGHORNS

Mr. A. P. Loomis, Honegger Vice-President in charge of poultry breeding, is shown at right receiving the 1953 Poultry Tribune Trophy from J. H. Flores, Editorial Director of Poultry Tribune for highest average production per bird in all tests.

WIN the coveted POULTRY TRIBUNE TROPHY!

Oftens titled the most coveted poultry award of the entire nation, the 1953 Poultry Tribune Trophy was awarded to Breeder Loomis. The Leghorns he has developed at home of the nation's largest U.S. Certified Hatchery won the highest average points per bird in all official egg-laying contests in which a total of 8,141 birds were competing.

HONEGGER LEGHORN WINS FIRST IN THE 1953-54 CALIFORNIA NET EARNINGS TEST. They made an egg profit of \$7.99 per bird above feed costs in the 56 week period.

The California Random Sample Test just completed gave Honegger Leghorns a three year average of 3rd place with an income above feed costs of \$6.75 per chick. Honegger also won 3rd place this year in the New York Random Sample Test just completed.

These winnings show the high degree of uniformity which has been implanted into the Honegger Leghorn... proof that from year to year you can count on Honegger Leghorns to be consistently top producers. As an example the chicks in these Random Sample Tests represented a random selection taken from over 40,000 Honegger chicks.

Tribune 1953-54 California Net Earnings Trophy.

Tribune Trophy awarded for highest point system pen in the 12th official California Test.

HONEGGER LEGHORNS NOT ONLY WIN THE HIGHEST TROPHIES IN NATIONAL COMPETITION... but also daily praise from local owners everywhere... many of whom make earnings equally as high as the Random Sample records!

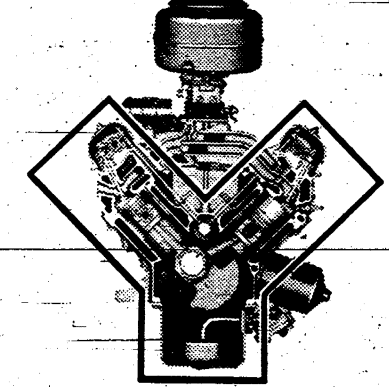

WHY SETTLE FOR LESS THAN THE VERY BEST? FIGURE IT OUT FOR YOURSELF WHAT HONEGGER LEGHORNS CAN DO FOR YOU!

All the fine-car features... in a car costing hundreds of dollars less!

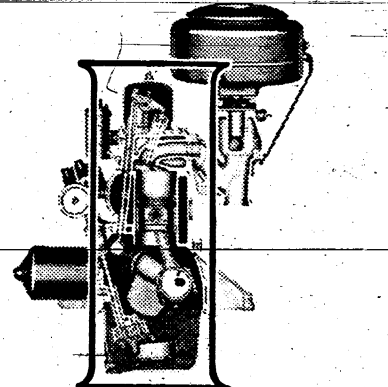

The many "custom-built" choices spell "fine car"

One of the biggest advantages of the more expensive cars can now be yours for Ford prices. That is choice. For instance, Ford makes available an option of three great drives: Fordomatic Drive, Ford Overdrive, and (at no extra cost) Conventional transmission. Ford also makes available all the optional power features you'd expect to find only in the costliest cars. And Ford offers you a choice of 28 models... you'll find there's one to fit your exact driving needs.

The 130-h.p. Y-block V-8 spells "fine car"

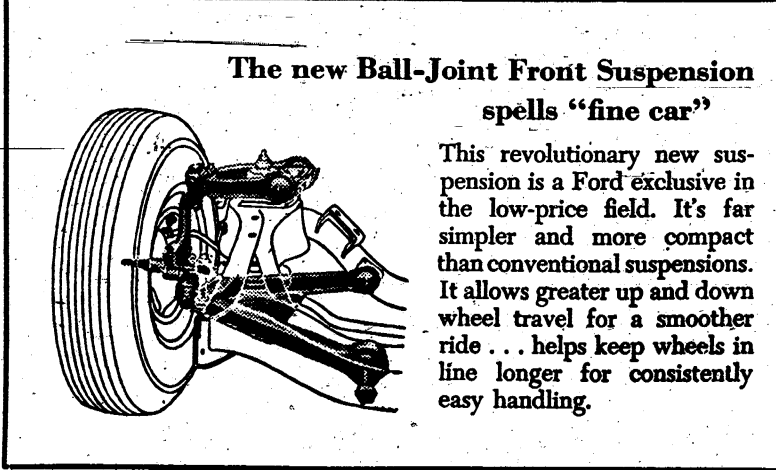

It's a brand new Overhead-Valve engine offering 18% more power... better economy, too. Deep-block design, plus a new 5-bearing crankshaft mean greater rigidity for smoother, quieter engine operation. Low-friction design means longer engine life, too!

The 115-h.p. I-block spells "fine car"

Like the new V-8, it has deep-block build for greater rigidity, longer engine life. Also, like the V-8 it has low-friction design plus high-turbulence combustion chambers and Free-Turning Overhead Valves for high-compression "Go" from regular gas.

The new Ball-Joint Front Suspension spells "fine car"

This revolutionary new suspension is a Ford exclusive in the low-price field. It's far simpler and more compact than conventional suspensions. It allows greater up and down wheel travel for a smoother ride... helps keep wheels in line longer for consistently easy handling.

Plus five optional power assists you'd expect to find only in America's costliest cars. These fine-car power options are available in Ford at extra cost. You can have Master-Guide power steering, Swift Sure Power Brakes, a 4-Way Power Front Seat, Fordomatic Drive (or Overdrive) and Power-Lift Windows!

You are cordially invited to come in and see the car that's setting the trend in style and performance. Test Drive it and you'll want to drive it home!

Mrs. Josephine Koch

Mrs. Josephine Linde Koch, 52 wife of Raymond Koch of 61 N. Lima Center Rd., died Friday morning at her home after an illness of several years.

Mrs. Koch was born on Aug. 2, 1921, in Ann Arbor, a daughter of Fred J. and Mazie Swank Linde. She was married to Mr. Koch on March 26, 1941, in Ann Arbor.

She had been employed as a cosmetologist in Ann Arbor before her marriage. After her marriage, she was employed at the Rose Beauty Shop in Chelsea until 1949 when she resigned because of illness.

She was a member of St. Paul's Evangelical and Reform-

ed Church of Chelsea and Harmony Rebekah Lodge No. 460 of Dexter.

Surviving is her husband; a son, Larry, at home; her mother, Mrs. Fred Linde of Ann Arbor; her maternal grandmother, Mrs. Emanuel Swank of Brooklyn, Mich.; a sister, Mrs. Philip Novess of Ann Arbor; and a half-brother, Buford Rowe of Braman, Ind. Her father died Nov. 29, 1939.

Funeral services were held at 2:30 p. m. Monday at the Staffan Funeral Home in Chelsea, with the Rev. P. H. Grabowski officiating. Burial took place in Oak Groove Cemetery.

When you stop to think—don't forget to start again.

Surplus Food

A suggestion of Senator Homer Ferguson to distribute surplus food to the aged rather than to have it spoiled or be destroyed is being considered by Secretary of Agriculture Ezra T. Benson.

Senator Ferguson offered this method for handling some of the huge surpluses of food products the government has accumulated over the years in a letter to Secretary Benson. He wrote:

"One idea which appeals to me very greatly is the hope that we can find a way to distribute some of our present surpluses to certain sections of our own population rather than to have them spoil or be destroyed.

"I am aware that we cannot make a general distribution of food surplus because that would depress the market and only aggravate our own problem. But this would not be the case in distributing some of this food surplus to our aged people, many of whom barely subsist on the inadequate

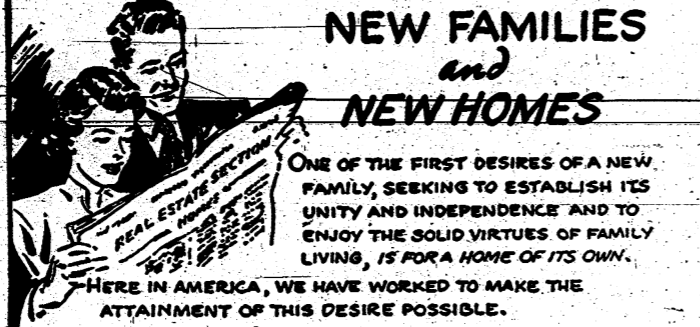

income they now receive."

Senator Ferguson pointed out that, because most of the aged people depend almost wholly on their pensions, that they are priced out of the present market for butter, eggs, cheese and other food products. "Distributing food products to these people cannot depress the market because they are unable to buy them anyway," he said.

"I do not venture any judgment on the feasibility of such a program," Senator Ferguson wrote. "But I hope you will look into it carefully. I have no objection to making our surplus food available to people in foreign countries, but I feel we should first take care of our own people where the need is as clear as it seems in the case of our aged and dependent people."

Coal are ranked from lignite to bituminous to anthracite, with peat and brown coals the youngest in geologic age.

OUR DEMOCRACY — by Mat

NEW FAMILIES and NEW HOMES

ONE OF THE FIRST DESIRES OF A NEW FAMILY, SEEKING TO ESTABLISH ITS UNITY AND INDEPENDENCE AND TO ENJOY THE SOLID VIRTUES OF FAMILY LIVING, IS FOR A HOME OF ITS OWN.

HERE IN AMERICA, WE HAVE WORKED TO MAKE THE ATTAINMENT OF THIS DESIRE POSSIBLE.

NEW FAMILIES, IN THE LAST 10 YEARS, HAVE BEEN FORMING IN GREATER NUMBERS THAN IN ANY PRIOR DECADE OF AMERICAN HISTORY, AND WE HAVE BEEN BUILDING HOUSES IN GREATER NUMBERS THAN EVER BEFORE—MORE THAN A MILLION IN EACH OF THE LAST THREE YEARS, FINANCED BY LIFE INSURANCE POLICYHOLDER FUNDS AND OTHER SAVINGS.

Knowledge is Power

1. ARE MOTHERS SUCCESSFUL MODELS?
2. WHERE IS THE WORLD'S LARGEST DP CAMP?
3. WHAT IS THE WHITE HORSE OF UFFINGTON?

(1) Many women who have children are actively engaged in modeling. Betty Caldwell writes about one of these women in Redbook magazine. The model's name is Phyllis Moran, and she's the mother of eight children, one girl and seven boys. After the five older boys had put in their appearance Mrs. Moran attended a modeling school, and began working part-time as a model. During her five years as a model she has appeared on 18 television programs. She models maternity clothes. Between babies she has entered five beauty contests, always made the finals, but never won.

Tom Moran, a sign salesman for an outdoor advertising firm, is enthusiastic about his wife's career. They have trained their children to work as a team in taking care of the house and each other.

(2) The city of Hong Kong is now the world's largest DP camp. During the past three years, 2½ million refugees have fled from the Chinese mainland to this island city, according to a picture story in the December Catholic Digest. Of this number about a

 The Friendship Class will meet at the home of Mr. and Mrs. James Pratt Thursday, Jan. 28 at 8 p. m., Mr. Claud Gage, president.
 Junior Choir-rehearsal at 7 p. m. Wednesday, Mrs. Mabel Pardee, director.

Mrs. Mary Lee
 Mrs. Mary Schneider Burkhardt Lee, 70, died Thursday, Jan. 21, at her home at 237 E. Michigan Ave., after a long illness.
 Mrs. Lee, daughter of Henry and Mary Streiter Schneider, was born in Washtenaw county on Oct. 6, 1883. She was a lifelong resident of this community.
 On April 9, 1901, she married Charles L. Burkhardt, who died on Sept. 29, 1926. Her marriage to Aquila Lee took place Feb. 18, 1937. Mr. Lee died May 8, 1949.
 Mrs. Lee was a member of St. Paul Evangelical and Reformed Church, the Women's Guild of the church and the American Legion Auxiliary.
 Survivors are one son, Elmer Burkhardt of Evansville, Ind.; one daughter, Mrs. Lyod Dell of Saline; one step-daughter, Mrs. Thurlow Sanford of Milan; two brothers, George Schneider of Manchester and Walter Schneider of Saline; two sisters, Mrs. Henry Heimerdinger of Manchester and Mrs. George Koch of Saline; and two grandchildren.

Ex-Bridgewater Supervisor Dies
 Fred J. Blumhardt, 75, a member of the Washtenaw County Board of Supervisors for 20 years, died Thursday at Herrick Memorial Hospital in Tecumseh following a lengthy illness. He had been a patient there since the first of the week.
 A farmer and lifelong resident of this area, Mr. Blumhardt had lived at his farm on the Clinton-Manchester Rd. in Bridgewater Township for the last 10 years.
 He was born Jan. 20, 1879, in Saline Township, a son of the late Peter and Fredricka Blumhardt.
 On Feb. 7, 1906, he was married to Ella May Hunt at the Congregational Church parsonage in Clinton.
 Besides being an active member of the Bethel Church in Freedom Township and supervisor from Bridgewater Township for 20 years, from 1921 to 1940, Mr. Blumhardt was a director of the Bridgewater Bank and the Bridgewater Elevator Board for many years.
 He had been Washtenaw County chairman of the Agriculture Adjustment Administration, served as chairman of the Washtenaw War Board in World War II and was on the Lancaster School Board.
 He was a member of the Clinton Masonic Lodge, F. & A. M., Chapter 175.
 Surviving are his wife; two sons, Elmer of Whittaker and Herbert at home; two daughters.

Pamona Grange News
 In spite of inclement weather there were 45 members at the January meeting of Washtenaw Pamona Grange, held at Plymouth on the evening of January 12. The meeting opened in form with Ann Arbor, Pittsfield, Scio, Plymouth, Stony Creek and Webster Granges responding to roll call.
 Communications were read from State Grange and routine business was conducted by Worthy Master William G. Hayes. Six candidates from Plymouth Grange were accepted into membership in Pamona.
 Pamona lecturer, Mrs. Erwin Frederick, introduced Sam Speier, who in turn introduced the speaker of the evening, R. R. Pursell of Plymouth. The topic of Mr. Pursell's most interesting speech was "Social Security, Fact or Fancy."
 A chart with diagrams showing how history has repeated itself was shown. The first great nation in the world was Egypt which ruled the world for 2700 years B. C. This era was followed by the supremacy of Rome for 700 years A. D. Then Portugal ruled for 24 short years and was followed by Spain, France and Britain, each ruling for short periods. He believes that today America has reached the pinnacle of her power and will now start to decline.
 He pointed out the fact that no supreme nation has ever been con-

quered by an outside force but has always fallen apart because of decay within. Will this be the fate of America?
 Mr. Pursell believes that too much Social Security could be the contributing factor toward decay in our country. He urged every one to write to his congressman and go on record as opposing any extension of Social Security. He pointed out the difference in the benefits derived from Social Security and regular insurance.
 He gave an amusing difference between a politician and a statesman. A politician thinks only of the next election while a statesman thinks of the next generation. We would be much better off with more statesmen and fewer politicians.
 A bountiful pot luck lunch was served in the dining room with Plymouth Grange in charge. The next meeting will be held at Stony Creek on February 9.

Senior Choir rehearsal Wednesday at 8 p. m.
 The pastor will address the MYF of Saline Methodist Church Sunday, January 31. His topic will be "Youth in the Storms of Europe."

Senior Choir rehearsal Wednesday at 8 p. m.
 The pastor will address the MYF of Saline Methodist Church Sunday, January 31. His topic will be "Youth in the Storms of Europe."

Local Briefs

Mr. and Mrs. Edward Baar and son Larry of Milan were dinner guests of Mr. and Mrs. C. J. Rapp, jr., on Sunday.
 Mrs. Jack Kisby and infant daughter, Beth Ann, have returned to their home at St. Johns after spending some time with Mrs. Kisby's parents, Mr. and Mrs. Glen Bertke.
 Mr. and Mrs. Alex Mackintosh and son Don of Detroit spent Saturday with Mr. and Mrs. Don Mackintosh and Hiram Martin.
 Mr. and Mrs. J. W. Cannon spent the week end at South Bend Indiana, where they visited her sister and husband, Mr. and Mrs. Murray Thomas and Mrs. Cannon's mother, Mrs. John Ronchetti.
 Mr. and Mrs. Elton Kerr and Susan and Elizabeth of Birmingham spent Saturday with their parents, Mr. and Mrs. Ray Kerr.
 Mr. and Mrs. Rudolph Maxinoski of Highland Park and Mr. and Mrs. George Kretz of Detroit were Sunday visitors of Mrs. John Schneider and daughters.
 Albert Wolpert, Mrs. Anna Weyer, Mrs. Amelia Kenner and Mrs. Elizabeth Troz motivated to Jackson Sunday where they helped their sister, Mrs. William Lutz celebrate her birthday at a family dinner.
 Mrs. Marvin Kirk entertained at dinner Sunday in honor of her husband's birthday. Guests were his mother, Mrs. E. J. Kirk and daughter Mildred, Mr. and Mrs. L. V. Kirk and Susie of Manchester and Mr. and Mrs. John Cook of Chelsea.
 Mrs. Earl Deiker of Jackson was a guest of Mrs. Charles Heimerdinger Sunday afternoon and evening.
 Mrs. Carrie Huber and Mrs. Anna Davditer spent the weekend with Mr. and Mrs. William Hasche in Jackson.

The SNAPSHOT GUILD

SNEAK-A-PEEK

The new, selfwinding Eterna-Matic wrist watch and the chic, sneak-a-peek glove, with hand-stitched cut-out and fold-back flap, are this season's smartest contributions to wrist fashions.

The latest, high-fashion gaudier (above), with its tiny watch window, makes it possible for lady to tell time without removing her glove.
 The dainty, diamond-set, precision watch, with ball-bearing-mounted winder, is slyly designed to enhance the most delicate wrist. It winds automatically and stores up sufficient reserve power to keep it from being removed from the wrist. Eterna-Matics—for men as well as women—are the most modern watches in the world.

Many motorists spend so much time thinking about the fact that high speeds is dangerous—and it is—that they forget that even very slow speeds can be fatal—to pedestrians.

This threat to life exists because the pedestrian's head is so soft and the pavement is so hard. Pedestrians are so fragile, compared to the automobile and the pavement, that killing them takes very little movement. Even 3 miles per hour is enough, and few people drive that slowly. Once the car bumper gets behind his knees and his head hits the pavement it's all over.
 When you see that pedestrian, slow down, not just a little but a little enough so that you can stop without touching him.

Michigan Association of Chiefs of Police
 Michigan State Safety Commission
 Automobile Club of Michigan

Mrs. Cora Blaisdell of Manchester and **Mrs. Rena Feldkamp** of Saline; and 14 grandchildren.
 Funeral services were held at 2 p. m. Sunday at the Proctor Funeral Home with the Rev. Harry W. Ray of St. John's Lutheran church at Bridgewater officiating.
 Burial took place in Riverside Cemetery at Clinton.

Men Die the Same Way They Live

By Reverend Jerome P. Holland
BEFORE I ENTERED military service as a Navy chaplain, I was much impressed by the stories that came back from the combat areas about the way men turned to God.
 That there were "no atheists in foxholes" seemed to me, from a distance, a credible axiom. I was never able to test its credibility under sustained combat conditions. But I was able to test it to some extent from the self-sufficiency. Some even feel that to "need" religion is a sign of weakness which destroys their self-sufficiency.

THIS ATTITUDE is a long-range development of the protest against the authority of the Church. From the rejection of the authority of the Church it is only one short, logical step to the rejection of the Word of God entirely. Too many children are often merely coerced to submit to religion as they are coerced to eat their spinach because "it is good for you." If they protest, the matter is just dropped.

The result is that millions of American children have had no genuine religious training either at home or in church. All the pressure of their education has been to render them independent and self-sufficient.

RELIGION AS THEY know it does not require strenuous effort. They can say their prayers or not, or go to Church on Sunday or stay home, without feeling odd or causing comment. They are honestly unaware of the need of any great change in their habitual way of living.

Occasionally in this rush of a busy life, some thought will come to the average man concerning the Faith. "I must explore this further," he resolves. But ten minutes later, a ringing telephone sidetracks his train of thought. There it stands on the mental siding for years, and maybe forever. A positive effort must be made when the thought comes, or one's eternal happiness may be lost.

MY OWN EXPERIENCE tends to convince me to the contrary. I know the shock of a sudden emergency will, for the moment, cause men to pray who would not think of praying under normal conditions. But by and large, I still believe that as men live so shall they die.

I make this point because I think that one serious setback to belief for Americans is their own

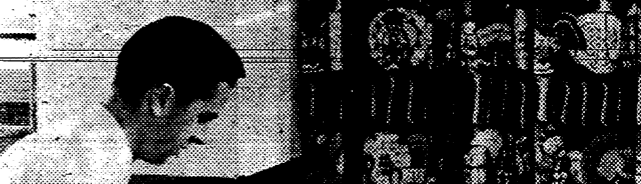

immediate vicinity of battle at Two Jima and Okinawa and for short intermittent periods under fire

BATTLE CREEK
 HOW BATTLE CREEK WAS NAMED: BATTLE CREEK WAS INCORPORATED IN 1831, BUT WAS NAMED IN 1835 FOR A VERY SMALL BATTLE BETWEEN TWO MEMBERS OF A SETTING PARTY WHO WERE IN THE AREA. THE MEN WERE NAMED BEING CLUSTERED FROM THEIR SUGAR CAMPS, AND THE ENSUING BATTLE IS SAID TO BE RESPONSIBLE FOR THE "HEALTH CITY'S" NAME.

MICHIGAN SAFETY FIRST
 ALWAYS A LEADER IN MODERN HIGHWAY CONSTRUCTION AND SAFETY, MICHIGAN WAS FIRST TO PAINT A WHITE CENTER LINE ON A HIGHWAY. IN 1917, TO SLOW DOWN AND CURB TRAFFIC ON THIS DANGEROUS CURVE, MARQUETTE COUNTY ROAD COMMISSIONER ORDERED A WHITE LINE PRINTED ON "DEAD MAN'S CURVE" BETWEEN MARQUETTE AND NELSUNE.

MICHIGAN FEATURE SERIES prepared by MICHIGAN TOURIST COUNCIL... No. 60

The SNAPSHOT GUILD

A home developing and printing kit and a kitchen in which to use it will bring added pleasure to your snapshotting.

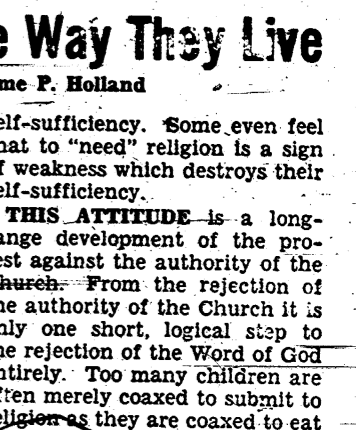

Snapshots and the Kitchen Sink
 I've heard of people who tried to include "everything but the kitchen sink" in their pictures. We don't approve of this, but do heartily approve of something you can do with your pictures in which the kitchen sink plays a very important role.

We're talking about your trying out hand at developing and printing your own pictures at home—and we're putting all the emphasis on the kitchen sink so you'll know right away that you don't need a bathroom in order to do it.

Start with a visit to your photo dealer for a look at the various kits that he has to show you. You'll be amazed to find that compactly built into a quite small box is everything you need for the operation. Of course, there are detailed instructions for doing it.

With one of the kits and your kitchen as a work place, you're all set to embark on an activity that is fun for the entire family. In fact, it is so simple and fascinating that the youngsters are likely to want to take over the entire operation.

Only one step in the procedure calls for complete darkness, and it is one that can be done in a hurry and any light-tight closet is a good place for doing it.
 You can do the whole printing operation in subdued roomlight because there is a special kind of photographic paper, called Velite, which can be used under such conditions. This adds to the fun of home printing because everyone can gather 'round to enjoy the thrill of seeing the picture appear as you put the photographic paper into the developing solution.

WHAT'S THE ANSWER?

Q. Although I seem to be perpetually emptying ashtrays my house often contains a stale cigarette odor. Do you know any way I can alleviate this unpleasant smell?

A. Yes, here's a trick you'll find most helpful. Sprinkle a little dry baking soda in the bottom of each ashtray. Soda not only helps reduce stale cigarette odors and makes ashtray cleaning easier, but it quickly squelches those half lit cigarette stubs—prevents the danger of fires.

Legal Notice

STATE OF MICHIGAN
No. 40674
THE PROBATE COURT
FOR THE COUNTY OF
WASHTENAW

At a session of said Court, held at the Probate Office in the City of Ann Arbor, said County, on the 25th day of January A. D. 1954

Present, Honorable JAY H. PAYNE, Judge of Probate.

In the Matter of the Estate of Edward Emanuel Wurster, Deceased.

It appearing to the Court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and for the legal heirs of said deceased.

It is Ordered, That all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court at said Probate Office, and to serve a copy thereof either by registered mail or by personal service upon Rolland I. Servis, fiduciary of said estate whose address is 315 Braun Ct., Ann Arbor, Michigan on or before the 5th day of April A. D. 1954 at 2:00 o'clock in the afternoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased, and for the adjudication of same.

It is Further Ordered, That publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Manchester Enterprise a newspaper printed and circulated in said County.

JAY H. PAYNE
Judge of Probate.

WILLIAM R. STAGG
Register of Probate.

ation of the heir at law of said deceased at the time of his death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Manchester Enterprise a newspaper printed and circulated in said County.

JAY H. PAYNE
Judge of Probate.

WILLIAM R. STAGG
Register of Probate.

LOCAL NEWS

Mrs. Nelson Short, Mrs. Jake Munn, Mrs. Charles Himmerding and Mr. and Mrs. Alvin Bauder were among those who drove to Saline Sunday to attend the funeral of Mrs. Mary Lee.

Mrs. Homer Crofer and Mrs. Lawrence Nash both of North Lake spent Tuesday with their mother, Mrs. Frederica Widmayer.

Rev. Alvin Brazee expects to leave Feb. 1 to spend a week in Chicago where he will attend the Bible Missionary Conference at Moody Bible Institute.

Carl Schaible and Web Schill spent the week end on a fishing trip at Houghton Lake, but reported only fair luck.

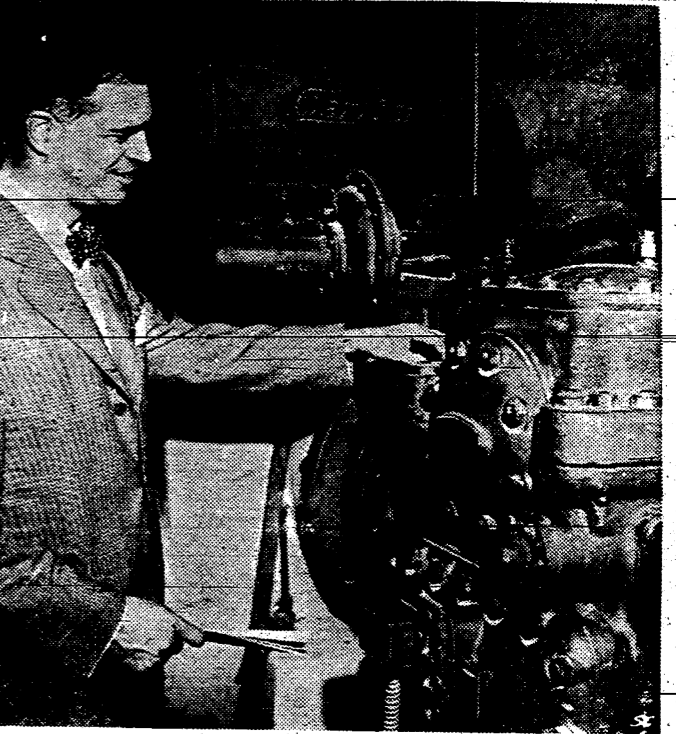

Mr. and Mrs. E. L. Thompson of Clinton were Saturday evening dinner guests of Mr. and Mrs. William Kulenkamp.

RED CROSS WATER SAFETY 40 YEARS OLD

Only forty years have passed since February 1, 1914, when the first Red Cross Water Safety courses were introduced to the world by the "amiable whale," the late Commodore Wilbert E. Longfellow (on running board). And, though styles in bathing attire have changed drastically in that time, the principles of water safety which the Red Cross has taught to 3,000,000 persons have remained constant. Waterproofing America has paid big dividends; since 1914 the drowning rate per 100,000 population has been cut in half. Water Safety is one of the many Red Cross services you support by your contributions to the annual Red Cross Campaign in March.

Michigan Takes Lead in Efficiency

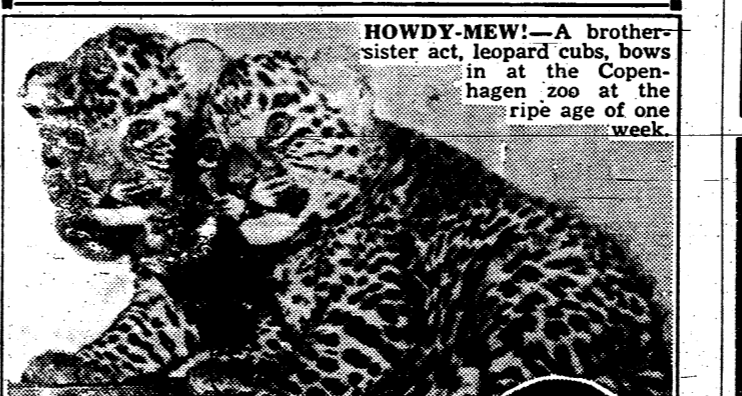

Governor G. Mennen Williams inspects the Carrier air conditioning system installed in the Stevens T. Mason building, which he recently dedicated. The state of Michigan takes a definite lead in greater efficiency and eliminates time-off for heat-exhausted employees.

When winter snows recede and hot, sultry days are ahead, some of our state employees will look with a haughty mien at those similarly employed by Uncle Sam in the Nation's Capitol, where about 116,000 Federal employees labor without benefit of air conditioning. During the hot days—and they run consecutively in the District of Columbia—last year about 25,000 employees were released from work daily at 2 p.m. because of heat. This cost Uncle Sam about 90 thousand dollars per day. This is only a drop in the bucket when one considers the vast additional sums lost in decreased efficiency of employees who were obligated to stay on the job in non-air conditioned buildings. And the money loss only includes about one-eighth of all employees in the Federal government! The 90-thousand dollars per day loss is calculated on an average government salary of \$4433 per year for 250 working days, or \$17 per day. If employees were dismissed at 2 p.m., it means that one-third of a day was lost and the time per employee cost \$5.66 per employee. This particular unit Gov. Williams is inspecting provides cooling equivalent to melting 1,360,000 pounds of ice every 24 hours!

Phyllis Jorissen of Ludington, Michigan's "Apple Princess," and her chaperone Nina Babcock of Cedar Springs are greeted by movie star Doris Day in Hollywood. Phyllis represented the entire state at the famous Rose Bowl Game.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Senator Joe McCarthy may have inadvertently set the theme song of forthcoming Congress.

Recently McCarthy took stand U. S. taxpayers should not pay foreign aid to nations trading with Communists.

Secretary of State Dulles waxed indignant. This nation, he proclaimed, will not attempt to dictate to or coerce friendly nations.

However, a few days later, C.W. Harder in a talk directed specifically to an assembly of the Atlantic Nations Pact in Paris, this same Dulles warned that unless six nation army of European Defense Community is activated soon the U. S. will revise European policies.

Therefore, coercion of allies appears to be largely a matter of who is doing the coercing.

Among many students of the Washington scene, this little rural robin is considered as a good support for the Bricker amendment to take treaty making powers from the White House and transfer them to Congress to prevent waste of American blood and money on foreign adventures of which the American public does not approve.

From the standpoint of the worldwide boondoggling set, the "off again, on again" switch on coercion of allies came at a bad time as Congressmen are home among their constituents, thoroughly confused by official confusion on international policies.

Constituents are asking "Why so much concern with Timbuktoo when there are problems on Main Street?"

The facts appear that much of the problem besetting independent business is the lack of enforcement of anti trust laws.

The Federal Trade Commission, charged with investigation of anti trust law violations, is operating on a budget of \$4 million, 100 thousand dollars, or \$2 million, 400 thousand dollars less than the FTC considered necessary to do even a mediocre job. The majority of cuts are in the anti-monopoly branch.

Savings of about \$24 million could help the citizen's tax bill. But at the same time money is slashed from agency charged with protecting free enterprise in America, \$345 million is given France to help her maintain colonial rulership over Indo China.

FTC had a smaller staff in April 1953 than it had in 1918. Since that time further reductions lopped off 64 more people.

So far as can be determined, this constant whittling down of the FTC is not being protested by newly appointed Chairman Edward Howrey who formerly fought FTC rulings as a big rubber attorney.

There appears in the entire FTC situation too many coincidences to be believable.

For example, with complaints of anti trust violations at a high peak FTC strength is slashed.

Yet in a few short years State Department has grown from 900 employees to 42,000.

It is similar to home owner economizing by cancelling his fire insurance while spending heavily for imported champagne.

In short, the new Congress might take stand their constituents are on Main Street, not in Timbuktoo.

Manchester Drug	10
Schaffer Lumber Co.	8
Carl Schaible, Inc.	8
Uphaus Drug	7
Lannom's	6
Manchester Bakery	3
Widmayer's Hdw. Frn.	3
Hamilton's Mkt.	3

On Thursday, Jan. 19th, Manchester Drug team took 4 points from Hamilton's Market and surprised everyone by taking a 2 point lead in the league standings. The second surprise of the evening came when Uphaus Drug took 3 points from Carl M. Schaible, Inc. Uphaus Drug is now in third place and Schaible's is tied with Schaffer Lumber Co. for 2nd place. Schaffer's took 4 big points from the Manchester Bakery team leaving Bakery in a 3-way tie with Widmayer's Hardware and Furni-

the 5th spot. Lannom's Variety Store made the most remarkable comeback of the week, rising from 8th to 4th place by taking 4 points from Widmayer's. Jean England of the Manchester Drug squad was certainly in the spotlight Tuesday night — not only did she tie Joyce Schaffer's individual high single game score of 207 but she rolled 4 consecutive strikes as well. Lannom's Margaret Klager and Hamilton's Helen Welsh both had high games of 171. Irene Lamb of the Uphaus Drug team rolled a 172 and a 165 while Bettie Schaible and Joyce Schaffer, both from the Lumber Co. team, rolled high games of 173 and 179 respectively. Schaible's Jacqueline Armentrout and Schaffer's Bettie Schaible each took home a turkey. Uphaus Drug's Virginia Fielder and the Lumber Co.'s Ira Schaffer both starred by picking up splits — Ginny a 3-7-10 and a 5-10; Ira a 5-10.

bowlers had over a 500 series: Art Golas 576, Bill Warner 572, Homer Kappler 536 and Ed Galloway 525 for the Contractors and Bob Clark 562 and Clarence Fielder 517 for A B C's. In the Mary's Tavern shut-out of the Farm Suppliers Morgan Kern 530 series and Russell Wolfe 518 series, for Mary's were the big guns of this match.

Short's Electric and Carl Schaible's Ford team rolled to a draw — 2 points for each team, but the 2 points for Short's enabled them to climb into a tie with the A B C Service team. The Ford team got two close games — first game by 13 pins and 3rd game by 18 pins — but Short's really wrapped up the 2nd game by a wide margin and the total pins. Ralph Wurster of Short's Electrical team, was the only bowler in this match with a 500 series, which was 524.

Klager's Hatcheries snowed Jan and Jim's Grill team under a deluge of bowling pins and came home with all 4 points. Don Fielder 545 series, Dick Weir 517 series and Dick Widmayer 509 series, for Klager's led the way for the win. Widmayer Sales & Service team and Double A Products bowled to a draw — 2 points apiece. Widmayer's team got the first two games but Double A team roared back to get the 3rd game and total pins lead by Mike Wolfe with a 505 series.

Mann's Millers showed the league that they can win two weeks in a row by grabbing four points from Spike's Mobil Service. Mann's team was led by Dan Boutell who had a 511 series. There were some 200 or better games bowled and these were by Bill Warner 224, Bob Clark 224, Fritz Schiller 209, Russell Wolfe 207, Russell Hosmer 204, Earl Bersuder 204 and Art Golas 203.

There was only one change in the different league departments. Mary's Tavern replaced A B C Service in the league lead with 52 points. The others remained the same. Homer Kappler holds individual high series mark, 632, and individual high game, 252; Kappler's Contractors hold high team series 2727; Mary's Tavern has the high team game mark 1002.

ICE FISHING TECHNIQUES

With virtually all of Michigan's 11,000 inland lakes yielding good ice fishing possibilities right now, it's time for a look at the best possible methods of getting your share of tasty perch, bluegills, calicoes — and some bigger prizes.

Most of us interested in ice fishing have had the aggravating experience of fishing side by side with another angler only to see him take two or three fish to each one you were able to hook! You'd like to charge it to a matter of luck, but your conscience just won't let you! So let's see what you may have been doing wrong!

The Panfish Touch

Experts tell us you have to acquire the "panfish touch" in taking perch and bluegills. Perhaps the latter variety is even more demanding of this particular ability. The first step is to establish the depth of water freely under the hole thru which you're fishing. Then set your line or bobber so that you know exactly how far off the bottom you are at all times — and this distance may vary from a few inches to a couple of feet, depending largely on weed growth.

Your equipment should consist of an extremely willow glass, metal or bamboo rod no more than 4 feet

in length, to which is affixed web-like nylon line of the smallest possible diameter to handle the particular fish you're after.

Now drop your baited hook the full length of the line, let it rest for a few seconds only, then lift it sharply a matter of about a foot. Now allow it to settle naturally, and watch that line and rod tip. At the slightest evidence of tightening or dipping, strike lightly but firmly to set the hook. With the novice ninety percent of the bites go undetected.

Give the Bait Action

If the above method is resulting in little success, try "jiggling" the lure. This is a simple manipulation requiring a series of twitches confining the hook to a small vertical area at its maximum depth. This should be done at intervals only, and should not necessarily be continued for more than a half minute or so. When perch and bluegills are "off their feed" this twitching motion often attracts them, and activates them to strike at the bait. Again, watch out for the slightest sign of a nibble. We have seen 1½ lb. bluegills nibble at ice lures in a fashion that would indicate a minnow at work!

Get the "touch" and you'll catch more fish thru the ice in Michigan Outdoors this winter!

Windstorm Company Elects New President

Orr G. Stanley, Hastings, Mich., who has been a director of the Michigan Mutual Windstorm Insurance Company since 1923, was elected president of the corporation at the annual meeting held here Wednesday.

Stanley succeeds Harrison Dodds, now of West Branch, President of the company for 15 years and associated with it for 33 years. Dodds stepped down to become Vice-president in charge of investments.

Atty. Horace Powers, Nashville, was re-elected secretary and five directors were renamed: William A. Bartlett, Alma; V. P. Mott, Fountain; Willis Cota, Big Rapids; Ray Whipple, Mason; and O. B. Feldkamp, of Clinton.

Stanley, who had been vice president, since 1948 reported the Michigan Mutual Windstorm Company, the second largest one of its kind in the world, had \$4,232,781.39 on hand at the end of 1953. The company added nearly \$50,000,000 in new business last year, policies at risk jumped from \$801,651,366 to \$850,944,676. In 1953 the company paid 12,843 claims aggregating \$1,178,530.04, including total losses suffered by Michigan residents in the tornado areas. Only 158 claims had not been paid up to December 31.

Bloodmobile Service Discontinued

The bloodmobile service of the Michigan Department of Health will be discontinued February 26, which leaves the field for collecting fresh blood entirely to local blood banks and the American Red Cross regional blood centers. It has been announced by Dr. Albert E. Heustis, state health commissioner.

Sources of blood for the manufacture of blood derivatives by the Department's laboratories are now sufficient to supply the needs of Michigan's people without the bloodmobile service, the Commissioner explained.

The change was made possible because of the development of processes in the laboratories for recovering gamma globulin and albumin from human plasentas. The Department now has working agreements with 22 hospitals to supply it with approximately 50,000 plasentas a year and plans to enlarge this program in the near future.

This source will provide enough of these products to meet the Michigan demand.

Other products — plasma, fibrinogen and antihemophilic globulin — will be made from surplus and outdated blood furnished the laboratories by 61 blood banks.

The commissioner pointed out, however, that after March 1, the Michigan Department of Health will not be able to provide emergency supplies of whole blood as it has in the past, and urged donors to step up their support of

their local blood banks so that an adequate supply of whole blood would be available to them at all times.

Mich. Recruiting Command Changes

Command of the Michigan U. S. Army and U. S. Air Force Recruiting Service changed hands today from Major Donald E. Draper to Lt. Col. William L. Chapel, Jr. Colonel Chapel is a battle-seasoned veteran of World War II and the Korean conflict, beginning his career as a 2nd Lt., INF, winning the commission from Cornell University ROTC and a degree in Forestry.

In 1941 he was called back to active duty and served with XIII Air Force Service Command in

Headquarters Pacific again in 1951 and served with the 51st Fighter Interceptor Wing in Korea.

Businessmen's Bowling

In the feature event of the Businessmen's Bowling League this week A B C Service and Kappler's Contractors met head on. These two natural rivals always have a good match when they bowl each other and this time was no exception. When the smoke cleared and the noise died down the Contractors had 3 out of 4 points thereby showing A B C's team into a 2nd place tie with Short's Electric team and letting Mary's Tavern, who got 4 points from K & W Farm Supply, slip into 1st place by 2 points. In the Kappler Contractor-A B C Service match, six

Entertains Twentieth Century Club

The Twentieth Century Club of Manchester met last week at the home of Mrs. Kenneth Kouba. Mrs. Fred Atkinson, chairman of next years program committee, conducted a discussion of advance plans for the 1954-55 program. Following a brief business meeting the group was entertained by color slides of seven European countries presented by Mrs. William H. Yungclas, guest of the club. Mr. and Mrs. Yungclas had recently returned from Europe where they had taken numerous moving pictures as well as slides.

The next meeting of the club will be at Mrs. Frank Tirb's on February 2. The program will be on Hobbies and each member is to bring their particular hobby and be prepared to discuss it briefly.
 Mrs. Mabel ParDee assisted Mrs. Kouba with refreshments for the meeting.

Modernize YOUR HEATING
 If your furnace is ten or more years old, it will pay you to check its performance against the new, automatic fuel saving equipment made by Williamson of Cleveland, one of the nation's oldest and leading furnace manufacturers. Plans for FREE INSPECTION. They cost nothing.

Keep Cold Air Out By Locking Windows

A house will be warmer in winter if the windows are kept locked. Locking keeps the sash tightly closed, making the window more airtight.

PATCHING RARELY WORKS—Patching a weathered roof is rarely worthwhile. A more economical procedure is to reroof with asphalt shingles.

Baby Chicks Get Benefits... When Differences Develop on Brooding

By IRA MILLER, Farm Electrification Bureau. Some folks say that differences of opinion help make the world go round. They also are leading to the creation of man-made environments so stimulating to baby chicks that it must come as a decided shock to them to outgrow their early "electrical" care.

Shown above are specifications for a heating cable type of chick brooder. ers, which included everything from thermostatic controls to built-in ventilation fans.

Open-End Mortgage Offers Inexpensive Way to Borrow

The open-end mortgage is one of the most inexpensive ways to borrow money for home modernization. An open-end mortgage is one which enables the home owner, after he has repaid part of the principal of the mortgage on his house, to borrow more money from the mortgage holder and have this additional advance made part of the original mortgage at the original interest rate.

Study Committee Explains Bond Issue

(CONTINUED FROM PAGE 1) give the result within a few dollars one way or the other. After 1956, the cost trend will be down, since the district will increase in value as new homes are built and valuation goes up.

USE FIBER WASHERS—Fiber washers withstand hot water better than leather ones do, and for that reason they should be used in hot water faucets. OIL MOTOR CAREFULLY—In oiling an electrical motor, be careful not to drop oil on the cord. Oil will rot the rubber insulation.

Ammonia Water Washes Brushes and Brooms—Household brushes and brooms will last longer and do a better job if they are thoroughly washed occasionally. Ammonia water is good for this purpose.

Gramercy Ghost—Monday, February 22, the Michigan State College Players under the direction of Dan Buell, will present "Gramercy Ghost" in the Manchester high school auditorium.
