

Ripping Winds, Lightning Cause Damage Here

The heavy winds which lashed this part of Washtenaw county on Monday evening, did comparatively little damage in the Manchester area except to two farms. At the Clarence Trolz farm at 4327 Walker Road, a modern 20'x100' chicken house was completely smashed. The building housed about 700 laying leghorns. A brooder house was also lifted off the foundation. At the time of the storm there were around 500 eight-week-old chicks in the brooder.

It could not be immediately determined as to the number of hens and chicks destroyed, but it was estimated that damage would run about \$3,000. One of the doors and windows at the farm home was blown in as well as several trees blown down in the area.

The farm is located about 7 miles northwest of town in Sharon township.

A chicken house at the Merle Cummings farm at 15657 Kendall Road was demolished when the storm struck. One end of the building was blown over on a car parked in the driveway, owned by Eileen Corall, who with her parents, Mr. and Mrs. Joe Smith, were sitting at the Cummings home. Apparently the wind lowered the structure as easily as it lifted it because damage to the car was very slight. The chicken house was in the process of being enlarged at the time of the storm, which hit here about 7:45 p. m. Monday. Telephone service was temporarily knocked out on many lines in the area and limbs of trees were strewn along the roadsides. A total of 1.17 inches of rain fell during the storm.

The county road commission said that for the first time in many weeks road scrapers can be effectively used as a result of the wetting.

To the patrol girls, and to Mr. R. Gilliam who worked with them in carrying on their program, should go the thanks and appreciation which is due them in carrying on such a fine project. Sally Waltz Chosen For Girl's State

Emil Jacob Post Unit No. 117 of the American Legion Auxiliary has selected Sally Waltz, daughter of Mr. and Mrs. Paul Widmayer of

Sally Waltz Manchester, to attend Girls' State to be held on the Campus of the University of Michigan June 15 to 23.

Wolverine Girls' State is limited to girls in the junior year in senior high school and selection of the girls is made from a list given the sponsoring organization by the principal of the high school stating qualifications.

Selection to attend Girls' State is a high honor. The girl chosen is a potential leader, honest, industrious, and with a sense of duty.

Three hundred girls will be selected in Michigan to attend and they will be able to enjoy the many privileges and facilities of the University of Michigan. It gives the girls a state of their own, a session governing themselves through democratic procedures. Officials of towns, county and state are elected. In this way the girls have an opportunity to understand just how the government in their state operates.

After spending eight days in government instruction and governing themselves by democratic procedure, two girls will be chosen from the three hundred to attend "Girls Nation," representing Michigan at Washington, D. C., where they will be given the opportunity of seeing how the national government functions.

It is the hope of the American Legion Auxiliary that Girls' State will inspire and develop an interest in the study of government and stimulate a desire to protect the privileges and responsibilities of this democratic form of government.

Class History—1954

In September 1941, we started to kindergarten, perhaps a little wide-eyed with enthusiasm and a good bit of wonderment as to just what this was all about. We started with 24 pupils as follows: Joan Ahrens, Lauren Bertke, Mary Lou Buss, Darlene Dunny, Barbara Gonyer, Nancy Heimerdinger, Marie Heselshwerdt, Janice Jedele, Tommy Johnson, Florence Keller, Mary Frances Kensler, Irene Landwehr, June Leeman, Ray Mitchell, Eunice Nichols, Dorothy Parks, Leonard Scheid, Barbara Schwab, Marilyn Smith, Roger Smyth, Frank Strang, Geraldine Way, and Marilyn Weinert, James Dunny. Our teacher was Mrs. Clythene Downing.

In the first grade we lost five pupils, but we also gained five new ones. Our first grade teacher was Miss Donna Essex. We started our second grade with 21 pupils. Since the previous year we had lost five and gained two pupils. The second grade teacher was Mrs. Mabel Pardee. We still recall the pleasant memories of soda mints at recess. Our third grade teachers were Mrs. Mabel Pardee and Miss Nellie Ackerson. That year our class lost two and gained three, making the total 22. Unfortunately, our class was split because of lack of space. The following year the class was together again in the fourth grade with Miss Ackerson, the teacher.

We entered the fifth grade with only 17 names on the roll. Our fifth grade teacher was Miss Charlotte Stables, who was also our teacher in the sixth grade. That year we gained one new pupil, Happy Minix. During our seventh grade year we got a taste of high school life. We had one money making project which was very profitable. A fudge sale at the community fair. Our sponsor was Mrs. Eureka King. Although we were separated from high school and put back in a room by ourselves in our eighth grade year, we all agreed that it was one of the best that we spent in school. Charles Reule was our teacher, and we thought he was tops.

High school at last! We started our freshman year with the following students: Gerald Teal,

and attended Cadillac before coming to Manchester. His favorite food is beef, and song "Grand Canyon." Mr. Strayer is his favorite teacher and his special sport, hunting and fishing.

Patsy Snyder is 17 years old and the daughter of Mr. and Mrs. L. H. Snyder. Her favorite song is "I'll Always be in Love with You." Mr. Alban is her favorite teacher and her sport swimming, working in a store is her pastime and her hobby is "Going out with Jack." She plans to attend Western College and later to marry. Her pet peeve is two-faced people.

CUB SCOUT NEWS

On Friday, May 27 the Cubs and their families enjoyed a Pack Meet, family night and pot luck supper at 6:30 p. m. at the Emanuel Church hall. Arranging the program are Mrs. Henry Eames and Mrs. John Miller.

Den 2 with John Below and Nelson Short in charge were guests at the Short Cottage on a boating and fishing party.

Den 1 was entertained at a hike and hot dog roast at the home

of Mr. and Mrs. Earl Alber. Mrs. Henry Eames is leader. Den 3 led by Mrs. Harold Altenbernt and Mrs. Earl Alber also enjoyed a hike and hot dog roast at the Alber home recently.

Mr. D. C. Weed was the freshman sponsor.

We entered the sophomore year with 39 students. The biggest event of the year was receiving our class rings. Our sponsors for that year were Mr. and Mrs. Robert Crandall.

At the beginning of our junior year we had to start thinking seriously about the money we would need for the senior trip and how we would make it. We put on a play entitled DEMON IN THE DARK under the direction of Mrs. Hulda Martin and Mrs. Robert Crandall. Other events included St. Patrick's dance, bake sale, paper drive, and sold mirrors with Bible inscriptions on them. Our junior sponsors were again Mr. and Mrs. Robert Crandall.

Our senior year of course was the greatest and the busiest year of all. We started our activities with a presentation of the play COMIN' ROUND THE MOUNTAIN under the direction of Harold Strayer and Robert Crandall. We also sponsored the annual Holly Hop. Music was furnished by Johnny Harberd's orchestra and a queen was crowned during intermission. Other projects included selling hot dogs, pop corn and cokes at the football and basketball games; sponsoring a St. Patrick's dance, putting on a banquet for the Exchange club and selling Christmas cards and wrappings.

Our senior year was planned and carried out in secret. We also had the traditional "slop day" and "dress-up day." Now the 33 members of the class are looking forward to the trip to Washington D. C., and to graduation which is close at hand. We of the class of 1954 would like to take this opportunity to thank all those who in any way helped to make our high school days the pleasant days that they were. We hope we leave M. H. S. with as many pleasant memories of us as we will take from it.

Soo Canal Centennial Celebration

Soo Canal!, a colorful historical novel by William Ratigan based on the construction of the original Soo locks in 1853-55, will be published here in the State on June 15, as Michigan prepares for its celebration of the canal's one-hundredth year. The book covers a period from the time Congress gave to Michigan 750,000 acres of public lands and the right-of-way for the construction of a ship canal around the Falls of St. Mary's River, and the arrival on the scene of Charles T. Harvey, the young traveling salesman who engineered the canal, to the opening of the locks in 1855. The lands were offered by the state in exchange for the building of the canal by private enterprise. The canal's construction was raced against a two-year deadline, rigidly imposed by the opposition, and came to a thrilling finish when, in the last days of the deadline, Harvey employed a homemade steam punch to smash up a 30,000-square-foot rock ledge at the entrance of the canal.

Among the plans in the state for the centennial celebration, is a motion picture film, and a series of radio and television programs to be produced by the University of Michigan, and an invitation to President Eisenhower to make Mackinac Island the Summer White House in 1955. The recent passage in Congress of the St. Lawrence Seaway project has heightened the worldwide strategic importance of the canal. When linked with the Seaway, it will enable ocean-going vessels to traffic through to the upper Great Lakes. The new MacArthur Lock, named after General Douglas MacArthur, is geared to the Seaway, and is the largest of the Soo's five locks. General MacArthur has written the foreword to Mr. Ratigan's book.

"This I Believe" To Be Broadcast

Word has been received from Edward R. Murrow's "This I Believe" program that the personal beliefs and philosophies of Floyd Starr, founder and president of Starr Commonwealth for Boys, Albion, Michigan, will be heard over 196 stations in the United States and 140 abroad.

Most stations run "This I Believe" two or three times a day. Their letter continued: "You may be interested to know that 'This I Believe' in book form has sold over 300,000 since publication—second only to the Bible. It was published in book form in Britain in November with 50 British and 50 American guests and in Arabic with 50 per cent Arabic guests. The latter sold 30,000 copies in less than a week—a record in Cairo. Columbia Records put out a TIB LP record Album last fall, TIB is also twice a month in Germany's greatest magazine—Kristall—with 50 per cent German guests. All this because people are interested in and helped by 'This I Believe'."

Land Judging

Tours Announced

Because of the interest shown in the twilight tours held in 1953, the board of Directors of the Washtenaw County Soil Conservation District, in co-operation with the Co-operative Extension Service, are sponsoring a series of seven Twilight Tours in 1954.

Beginning with the first meeting at the Arthur Alber farm on Thursday evening, June 3, a meeting will be held each week for seven weeks. In scheduling these meetings an effort has been made to locate them at various farms throughout the county in order that no farmer will have to drive a long distance to attend.

The procedure for each land judging meeting will be similar to that of last year. The first part of each meeting will be used for a brief explanation of the score card and the actual judging. The latter part of the meeting will be devoted to a discussion of the various characteristics of the different soils with special emphasis on land capability, proper land use, and recommended treatment and conservation practices which should be applied to the land. All farmers attending these meetings are encouraged to participate in these discussions.

All Twilight Meetings will start at 7:30 p. m. and all farmers and others interested in agriculture are invited to attend one or more of these tours.

The complete schedule is as follows: June 3—Arthur Alber farm, 10690 Saline-Milan Road, about four miles south of Saline. Land Judging and Soil Conservation Farm Plan. Chapel Fund Raising In Progress

A campaign to clear the indebtedness on the Chapel at Cassidy Lake Technical School—Michigan's Corrective School for First Offenders—is now in progress.

The entire cost of the 34x86 structure has been financed by contributions of individuals, churches, patriotic organizations—and societies from all of the State of Michigan.

A White and Gold Altar has been built in the Sanctuary which has rose colored walls and oyster white ceiling. The seating capacity is 200 and over 70 young men attend the chapel services regularly.

The Chapel Choir of thirty-five voices has a weekly radio program over W.L.B.M., Jackson, and also appears each Sunday evening in various churches to raise funds for the Chapel payments.

While the Chapel is built for the Corrective School, it is not financed by the State of Michigan, but entirely by gifts from those interested in this project.

The sponsors of this unusual project, Mr. and Mrs. Forrest E. Cook, Chaplain and Organist, respectively, are in hopes that the remaining two thousand dollars indebtedness may be raised this month.

If any one wishes to give a Memorial gift, in memory of a loved one it may be sent to the Cassidy Lake Chapel Fund, Chelsea, Michigan.

Kuhl's Celebrate Silver Anniversary

May 23 150 attended the open house which was held Sunday for Mr. and Mrs. Alfred Kuhl at their home on Fletcher Road. The beautiful 4-tiered anniversary cake which centered the table from which refreshments were served was made by Mrs. Fred Keppler and Mrs. Harold Kleinschmidt, of Ann Arbor, cousins of Mr. Kuhl. The cousins were assisted by Mrs. John Huss of Ann Arbor in arranging the affair.

Bouquets of spring flowers were used as decoration and the refreshment table had bouquets of daisies and huckleberry. Among the guests was Mrs. Fred Domka of Detroit, maid of honor at the wedding 25 years ago. Other guests were from Ann Arbor, Chelsea, Toledo, Ohio, Northville, Detroit, Dearborn, and Manchester. Earlier in the week the Kuhl's were surprised by 30 neighbors and friends from Rogers Corners who came to help them celebrate their anniversary. Mrs. Alton Grau and Mrs. Henry Neibus arranged the surprise and the couple was presented with a purse of silver dollars.

GEORGE KOEBBE'S HEALTH IMPROVES

Former Manchester Man Cited For Service

Of interest to Manchesterites might be part of an article which appeared in the Wingfoot Club magazine concerning George Koebbe, formerly of Manchester.

"Koebbe was 67 on May 23. At the age of 9, he began working after school in a saw mill and as a hand on a threshing machine. When he was 11 he was working full time at both jobs while living on his father's farm near Manchester.

"When Goodyear began to make plans for establishing its Jackson plant, George was a millwright for the Kelsey Wheel factory at Jackson, former occupant of the site upon which Goodyear was to stand.

"After helping to put Goodyear Jackson into operation he elected to stay with the new plant as a millwright. Six years later he was promoted to supervisor and until his retirement served in that capacity.

"Noteworthy is the fact that during the war years George was one of the plant's hardest workers, voluntarily putting in long hours, because he felt he had no right to rest while there were fighting men overseas.

But, despite a recent heart attack which left him in critical condition for weeks, his returning energy and cheerfulness indicate that it might not be long before he'll be able to take up his fishing pole in earnest."

Mr. Koebbe is a brother of Mrs. Theodore Kuhl and a brother-in-law of Mrs. Jim Jedele and Mrs. Jake Weindler all of Manchester. It was about 25 years ago when the Koebbes left Manchester, to make their home in Jackson. They have two sons and a daughter, George, a plant truck mechanic, and James a Jackson automobile salesman, and Mrs. Deslyn Robinson also of Jackson. The Koebbes have three grandchildren.

Mr. and Mrs. William Palmer, Jane Palmer, Mr. and Mrs. William Tirb, Mrs. Charles Heimerlinger all of Manchester and Mrs. Frank Aten of Clinton enjoyed a picnic dinner at the home of Mr. and Mrs. W. H. Blome in Saline Sunday.

The Honors Convocation, therefore, takes rank with the Commencement exercises among the most important academic ceremonies of the year."

During the past week, Linda learned that she had been elected president of the Senior Society for the coming school year. This is the independent women's honorary society. She was also elected vice president of Sigma Alpha Iota, musical sorority.
