## Bids Opened for School Contracts

Bids on the new high school building for the Manchester School District were opened at a special meeting of the school board at the high school last Tuesday, June 15.

Representatives of eight general contractors, seven mechanical and six electrical contractors were on hand to listen to the reading of the figures. No action was taken on awarding contracts Tuesday night, since time will be required to study the bids and to discuss with low bidders the possibility of reducing certain costs.

On the general contract, which includes the building itself, grading, sewer and water, driveway, curbing, sidewalks, etc., the low bid was submitted by R. E. Davis Construction Co., of Plymouth, Mich. His figure was \$344,274. By leaving out certain minor alternatives, this figure would be reduced by \$134,131.

Low mechanical bidder (chiefly plumbing, heating and ventilation) was Young and Ost of Milan with \$97,960. Alternatives would reduce this by \$2486.

Low electrical bidder was Turner's Electric Service of Chelsea, with \$29,575. These figures, subtracting the alternatives, bring the total cost to \$467,982. It is hoped that after discussions, this figure can be brought even lower. Definite announcement on contract awards will not be forthcoming for several weeks, according to Clark Ackley, architect, and L. C. Klager, board president.

Want to buy something? Want to help pay for the athletic field fence even while you're acquiring a bargain?

The sale of the year is scheduled for 7 p. m. next Friday, June 18, at the Way property on West Main Street—the building next to Spike's gas station—and we venture to say that whatever you've been wanting, you'll find it there, whether it's a motor truck or a chicken dinner.

Every item on sale is donated by public-spirited merchants and individuals who want to help pay for the fence, but here are no shoddy last-offs that people don't want and can't use. The merchandise on display is first-rate stuff, all of it. When the auctioneer, Guy F. Thompson of Ypsilanti, lifts his voice and offers the first item, Manchester will be embarked on the biggest and most varied sale in its long and honorable history.

What do you need? You can bet your bottom dollar it will be there, waiting to be taken home, or consumed, or saved for some future time.

Want a suit of clothes, a top-coat, a raincoat to shed the June showers? It will be on hand, fitted to your size and preference.

Want a truck? We have one. It's a 1940 Chevrolet with a long wheel base.

How about three haircuts, spaced two weeks apart? We have 'em, right on the shelf.

Looking for something for the house, you newlyweds? We have lamps (new ones valued from \$11 to \$19), chairs, blankets and living room suites (that's right, living room suites), kitchen tables, chairs, oil stoves, refrigerators, washing machines.

Maybe we'd better explain, right here that this sale is being sponsored by the Exchange Club, which built the athletic field fence and at present is holding the bag on the borrowed debt. The boys want to get out from under, so they can undertake something new for the good of the town. They're being helped by everybody in town including the newly organized Junior Chamber of Commerce, which will have a coke stand at the sale.

Let's go back to that list of merchandise.

Do you run a car? We're offering gasoline, oil and grease changes, and accessories.

In the gardening business? We have a garden cultivator in working order.

Chicken farmer? How about 300 tested chicks and 300 pounds of feed?

Need a radio and record player? We have a good one that sells for \$90 now.

Going to have a baby? We're offering a box of cigars to be handed out to your friends.

Hungry? We have big smoked hams, orders for Dairy Queens in bulk, chicken dinners in multiple.

Well, that's only a sample. No shoddy merchandise, no white elephants have been accepted for this sale. It's all good stuff, coming right from the heart of Main Street, to raise money for a fine civic cause, to clear a debt and thus clear the decks, so that our civic organizations can go on to new achievements for our home town.

Remember the date and remember the place. Way's property on West Main, next to Spike's station, Friday, June 18.

Be on hand with your pocket-books loaded, and help yourself to something you've been wanting even while you're helping the school and the town.

Tribute Paid to Rev. Way at Mass

We have been privileged to be able to bring to our readers the sermon delivered by Msgr. Joseph V. Pfeffer of Detroit during the First Solemn High Mass offered by Rev. Leonard Bernard Way, O. S. B., on Sunday, June 13. Msgr. Pfeffer is a former Manchester pastor.

to the Father except by me," said the savior. In a world that is sickened unto death with error and false philosophies, it will be Father Way's task to lead men back to God, to point out errors in newspapers, magazines, radio and television. It is not expected that the ordinary man would catch the subtleties to be found in modern teachings and text books. But the priest has been thoroughly prepared over the years to discover the dangers that would lead the flock of Christ astray, and it is his duty to bring them into the good pastures. The world of today is divided into two major camps. Those who believe in God, and those who hate him or are indifferent to him. In some form or another all of us belong to one of these two camps. If we have Communists today, it is because some of the flock who were purchased by the blood of Jesus Christ know Him not and have been misled by false promises. It is the duty of every priest to explain the errors of Communism, and to teach in its stead the true value of man's life here on earth, and the glories of the life that is to come. The non-Catholic world realizes today that the Catholic church is the last rampart between the ravages of Communism and the security of life as we have known it.

and one in whom I visioned a vocation, has chosen to listen to the call of the Eternal High Priest. You have elected to follow in the footsteps of the great St. Benedict. "Orare et laborare"—(to work and to pray)—he counsels you and this shall be the guiding steps of your existence from now on. What a beautiful way to spend your life—the complete antidote to the secularism and lethargy of a world that is helplessly grovelling around in utter confusion and insecurity simply because it will not pray—it will not work. May we wish you many fruitful years in the service of the Lord.

Fire Destroys Car and Garage

A fire of undetermined origin completely destroyed a garage and a 1952 Oldsmobile at the Don Ford home about 3:30 p. m. on Sunday. The fire was first discovered by Mrs. Fred Hauser who stated that he heard a car horn blowing and upon investigation saw the fire in

the Ford Garage. She immediately called the fire department who quickly put out the blaze and saved the nearby buildings that were already beginning to scorch. No member of the Ford family was home at the time of the fire. Firemen said the damage was too great for them to discover the origin of the fire. According to a member of the Ford family the exact financial extent had not been definitely determined.

several casualties among the members of the Conference due to heat exposure.  
A new conference feature was the participation of some 200 youth delegates to the Conference. Miss Shirley Gage was Manchester delegate with Miss Kay Ayres as alternate. A special program was outlined for these youth delegates besides participation in the business session of the Conference.  
Another outstanding element was the dedication of a marker near River Rouge commemorating the organization of the first Protestant church in Michigan, a Methodist Church, organized in 1810 under the leadership of Rev. Daniel Freeman. The marker was presented to the Conference by the Dearborn Historical Society, unveiled by Hon. Orville L. Hubbard, Mayor of the city of Dearborn. It was quite an honor for the writer of these lines, (Rev. Bergman) to have had a humble part in the ceremony by taking down of the veil after Mayor Hubbard had cut the tying rope.  
Sunday afternoon an inspiring ordination service was held when Bishop Reed ordained some 60 deacons and elders to their respective offices.  
The climax of the Conference was the reading of appointments for the new Church year 1954-55. In reading the appointments Bishop Reed stated that he had to make the largest number of transfers of ministers in the 6 districts of the conference since he became Bishop of the Detroit Area.  
The Ann Arbor District alone had 12 transfers—a new District superintendent, Rev. LaVerne Finch, pastor of the First Methodist Church in Wyandotte, Mich., who succeeds in the office Rev. F. L. Fitch, who retired from the active ministry of the Church. Rev. Bergman has been transferred to the Avoca charge on the Port Huron District, near Port Huron. Rev. Carlton Foltz of Ingham Circuit will be the new Manchester minister.  
Sunday, June 20th at 11 a. m. I will preach my final sermon on "The Grace of Our Lord Jesus Christ."  
In leaving Manchester I have no feelings of bitterness against any person in this fine community, for "Love beareth all things . . ." I wish to express my deepest appreciation—to all who gave me their best support during my ministry in Manchester, to the ministers of the fraternal churches; to the Manchester Enterprise; to Miss Nellie Ackerson, the faithful organist, Mrs. Mabel Pardee and Mrs. M. Oates for the fine direction of the Junior Choir and Junior Church; Arthur Cathey, director of the Senior Choir and all members of the choir; Mrs. Earl Knickerbocker, junior superintendent of the church school; Mrs. T. **Feed, Grain Trade Short on Graduates**  
About 150 high school students are expected at Michigan State College Thursday, June 24, for the Third Annual Elevator Career Day.  
Potential managers of feed and grain elevators assemble at the college each year to learn about opportunities in the trade and about the M. S. C. elevator short course starting Sept. 24.  
Warren N. McMillen, a former animal nutrition specialist at Michigan State College, will speak. He is now with the A. E. Staley Company, feed manufacturers, Decatur, Ill.  
George Greenleaf, in charge of the elevator short course at M. S. C. reports there is a shortage of qualified elevator men in the state. He now has requests for 40 graduates of the short course and no graduates available.  
The short course involves attending M. S. C. for two terms, experience in an elevator for two

members of the Official Board, but especially to my faithful lay leader, John Pippenger and assistant lay leader, now lay leader for the new church year, John Ekin, whose loyal cooperation made this year a happy one for me.  
I appreciate the privilege of having had the opportunities to serve as a substitute teacher our local high school and wish to express my appreciation to Mr. Fred Atkinson, superintendent, and Mr. R. Maston, principal, for this opportunity. And what shall I say about my countless friends? God bless them all for all they did for me and my beloved mother! They have a lasting memory in our hearts and I wish to assure them of our constant prayers. In his closing remark, Bishop Reed characterized the ministers of the Methodist Church as "mountaineers." I have served the Methodist Church for over 28 years and take this new appointment as an officer in the militant army of Christ our Lord!  
Just before the reading of the appointments, Bishop Reed called all the newly ordained ministers, their wives and participating youth delegates for a period of dedication to Christ and His Church; a crowd filled the altar of the Mt. Olivet Church; it was a glorious sight; our hearts were warmed as we watched those at the altar of dedication . . . Let us all rededicate ourselves to the service of God and men through the church in loyalty, endurance and sacrifice; glory is ahead of us. God be with you til we meet again . . . if not on earth then in heaven above!

### Attention Kids! Playground Opens Monday, June 21

School's out, school's out, and summer vacation is a reality. Many boys and girls are worrying about their leisure time activities for the summer. However, Manchester area boys and girls should have none of these worries, because the annual Manchester summer recreational program is again being sponsored by the recreation committee.

The program will cover an eight week period, and will begin operating Monday, June 21, at 9:30 a. m. A daily program of activities has been planned Monday through Friday for the duration of the program. The daily time schedule for the Senior program will run as follows: The morning session will commence at 9:30 a. m. and will end at 12:00 noon. The afternoon session will begin at 1:00 p. m., and will terminate at 4:30 p. m.

The senior playground will be under the direction of Mr. Lee, and will include all boys and girls eight through fourteen years old. Monday, June 21, has been designated as "Preparation Day", by coach Lee. As the title suggests the day will be spent in making preparations for the remainder of the week, and the entire program. Teams will be chosen, managers will be designated, and certain rules and regulations will be gone over. There will be some time for free play activity, and certain group games.

Coach Lee will again divide the eight week period into two four week periods. This is being done to alleviate losses in team sports due to early and late family vacation trips. This will also insure an equal chance for everyone to participate in these team sports. Each four week period will be culminated by championship playoffs in the team sport activities. Another feature marking the end of this period will be a huge Track and Field Day, with ribbons and prizes being given to the winners in each event.

The Senior playground will be organized to function under the four major activity categories of swimming, hikes, and field trips, free play, and highly organized games and sports.

Swimming will constitute a major portion of the program. The schedule will be from July 5th to August 14th. Jean C. Calef, from the Washtenaw County Chapter of the American Red Cross, will give expert swimming instruction on Tuesday and Thursday afternoons. Monday has been named a free-swim day. Buses will be available to take everyone interested to Wampers Lake, if they have signed permits from their

### Service Notes

Army Cpl. Jack S. Townsley, 22, son of Mrs. Jean Etter, 819 Dewey, Ann Arbor, Michigan, will return from Korea to the U. S. this month with the 40th Infantry Division.

As they left Korea to return the "Sunburst" division's colors to California, he and 1,100 of his buddies received a parting salute from more than 10,000 men including South Korean President Syngman Rhee and General Maxwell Taylor, Eighth Army Commander.

Second National Guard division to be pulled out of Korea, the 40th spent more than two years on the peninsula since being federalized in 1950.

Corporal Townsley had been in Korea since March 1953.

parents stating that they might take part in the swimming program. These permits may be obtained in another part of the Enterprise, or from Coach Lee.

Free play will involve such activities as tennis, volleyball, horseshoes, croquet, archery, hobbies, and badminton.

Hikes and field trips will be taken once a week. Bicycle and walking hikes are being planned to interesting places within the area. Field trips will be taken to such places as the Ella Sharp Park Zoo, and other such interesting places.

Softball, baseball, basketball, and volleyball will be played on a competitive league basis, with leagues being formed in each sport. Four teams will be entered in each of the above sports-if attendance will merit such a number. Special clauses have been initiated so that teams will be on an even basis as to age and size. Girls teams will also be formed if proper numbers attend. It is hoped that co-educational activities in the above sports can be carried out.

A baseball league will probably be formed between Manchester and Saline. Nothing definite has been planned, as yet, however, so comments will be reserved until a later article in the Enterprise.

Every thing has been planned for another gala summer at the playground. However, all this planning can be useless if there isn't anyone to carry out these plans.
