Ministers Attend

This is your special invitation to come to P-TA or Monday night, September 27 at the high school gym. Usually there is about harf as many men as women at these meetings, in case you wondered, and always un "mother's club" by any stretch of the imagination.

Short business meeting (never dull). Introduction

Refreshments by 11th grade mothers

Conversation: Until you are ready to leave. Meetings interested in students and the well-being of our schools.

Come if you can Monday night. You'll be glad you did

There are two methods of planting tables is a pattern.

There are two methods of planting fall builts. When planted all garden builts. They will not in the peremial border, among give in wet sail, and soon deother plants, a bole should be cap. They, should never be dug for each built with a trovel. He rune that the bole is large enough so that the boilt rests on the soil, and there is no air pocket beneath.

The soil should be packed firmly around and above the built, and planting may be done at last as this is possible. Even if there is a frozen crust on the surface, so long as the soil be meath will crumble ensity, planting can continue. But when the ground freezes deep enough to prevent this, it is too late to plant.

If an entire bed, or border space is to be planted to builts, if may be encayated to the required depth, and the builts will often be injured. A smalch placed on the flour of the excavation in the desired arrangement. This is a necessary method when tables are to be used to the plant of the recover of the strend that from the parent of the strend that from the parent of the strend that from the parent of the strend that from will these the placed over the builts after the parent is desired arrangement. This is a necessary method when tables are to be used to surface the builts after the parent is desired, this is a good dig them up after they have listed plants in the area to be strend years at there than parent is desired, this is a good dig them up after they have listed plants in the area to be strend years at the parent of the plant of the plan

The surroughling surface to all ering to be somewhat later, so low for sattling, and provent a all bulbs which it is desired shall blossom at the same time should stand.

Nature's wild musicians at one time or another have assaulted the tars of almost everyone. Yet few people realize that the performers include instrumentalists as well as vocalists, are all male, and stage their "acts" according to a seasonal where they lie dormant until the schedule.

The first act closes in mid-July and August as the bird and frog vocalists gradually bow off the part of the tree trunk is touched. By late fall, when the adults have reached the end of their life span, all the eggs have been laid in plant stems or the ground where they lie dormant until the schedule.

FIVE CENTS PER COPY

3rd. Raisin Valley

Take-It-Easy Race

As many as seven schools

may take part this year in the annual Raisin Valley Take-It-

Easy race sponsored by the Ex-

change Club and high school, to be held Sunday, October 24.

The schools that have defi-nitely signified an intention to

take part in the race in addi-

tion to Manchester are Dexter, Chelsea, Clinton, Tecumseh, and Brooklyn. The other school

planning to enter is Napoleon.

The purpose of this race, which originated in Manchester

in November, 1952, is to run a

Mary Had A Little Lamb

Mary Ann Boettner won the top honors for her lamb, judged the grand champion of the Lamb Club. William Brittain of Universal Die Corp. bought it. The daughter of Mr. and Mrs. Lawrence Boettner, Bridge

High School, 4-H Club Member and has been a member of the Lamb Club since its organization three years ago.

won a big Blue Ribbo And so, we took this photo graph To prove that we're not fibin'.
