## PERFORMANCE made it the Largest Selling "8" in the World ...

# the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

Here's why!

People just naturally go for 8 cylinders in the FORD package!
And to a world record extent!
Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!
Of course the reason the Ford V-8 is oriced competitive eights combined!

Of course, the reason the Ford V-8 is

omes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best building the proof of the best building the proof of the best building the convincing proof of the convincing proof of the best building the proof of the building the best building the yet ... by a country mile!

Smoother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end. So, if it's performance that you want and wranged like a gift the 156 -and wrapped like a gift—the '50 Ford V-8 is year baby.
