TRUCKS ARE VITAL to every industry in Michigan and no service or commodity which affects your day-today living could reach you without trucks. is the basic way in which trucks serve you. But they benefit you in other important ways, too. For example - latest available figures show that Michigan's trucks pay over \$50,000,000 annually in State registration fees an gasoline taxes alone, plus several millions more in mileage taxes and special taxes levied on the larger vehicles. In addition, of course, trucks pay all the other taxes charged against any business enter-prise in Michigan — 1-41 solate property taxes, personal property taxes, business activities taxes, sales taxes, intangibles taxes, franchise taxes,

All thes, millions in taxes the tracks pay go to exp-port the general welfare, to help pay for modern roads, hospitals, schools and colleges, parks and playgroun's, police and fire protection. So, you see, thanks to the trucks, you pay less-
