Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

ere fine the first driver to win the "500" Classic

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that no stock car ever reached before! Previous to Ford's record run, no other stock car had gone even one lap at Indi-anapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h.! And Ford averaged over 107 m.p.h. for the full fice hundred miles

... close to the average set by the or-tremely costly, specially-built racer which

won the Memorial Day "500"!

215 W. Main

Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one

outperforms Ford!

Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was

with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great 56 Ford!

Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of

throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56

How To Buy Work Clothes

Men wear the pants—but, more often than not, it's the women who buy them. Women who pride themselves on being "good shoppers" automatically check for certain features that guarantee leng lasting good looks. Most important rule is to know what you're buying. Today many work clothes are labelled. Read labels carefully to learn if fabric is Sanforized; if

Examise Labis For example, a label such as a Blue Bell Qualitag means you're guaranteed all such quality features. Next examine the garment it-self. Look for close, even double stitching, with triple rows at points of strain. Try button holes—they

of strain. Try button holes—they should slip over buttons easily and be neatly finished. Next step is to examine the garment on the inside. Loose threads and raw seams mean cheap production. Pockets should be deep and roomy. Remember that well-fitting clothes will last longer too, so be sure to go shopping armed with the measurements you will need.

REGARDLESS OF their position in the final standings, the Tigers have done more to show that the American League pennant race is far from a "one team" race than anything that has yet happened this season. By whipping the Yankces in their own back yard three straight games recently, the Bangals made it perfectly clear to the other teams that the Yanks, far from the traditional New York steamroller, are just "nine gurs out there."

Weak Pitching

Although it remains true that the Yankees can still beat you over the head with their power, their pitching and Selding reveal your particularly on the mound are the New Yerkers weak, a situation that Manager Casey Stangel freely admits has him worried. Outside of Whiter Ford, who's taken a few good rape himself recently, Ol' Case has no one he can depend upon.

Don Larnen should be his number two pitcher, but Larnen walks a lot of batters. His trouble is that he seeks too fine a control. As a consequence, many of his pitches just miss the concers.

Bob Turley has proved a major disappointment. Turley throws just as hard as ever, but it doesn't mean much when you can't get the bell over the halts.

PART OF 'IHE CROWD is shown here that jamme! Saline City Park lest Sunday. Many out of town visitors took advantage of the facilities offered in the park for recreation. The tenns courts had a waiting list all through the day; baseball, croquet and lawn lunches were in abundant evidence, while children wade! and fished in the river. The park is maintained by the city and is part of the recreational program provided by Council for Saline residents and visitors from all parts of the state.
