

Plan Mayor Exchange

Mayor Exchange Day has been set for Monday, May 20 as part of Michigan Week. Mayor 1955, Manchester's mayor, Richard Way will exchange places with Clair Fierstine of Memphis, Michigan. Village officials here learn that the visiting mayor will be accom-

The Manchester Enterprise — Manchester, Michigan

Growing Sport

Archery fishing has grown as a sport in Michigan in recent years. The special deer hunting license needed by archers shows a steady increase in state archer numbers and many of these and that special is a fine time to archery for rough fish such as carp above. This sport of fishing is approved on certain waters under a regular fishing license.

Remember, when you rent a locker from us you have no worries about electric power bills, equipment wear, insurance on foods, depreciation, rent interruptions, and breakdowns. Rent a food locker and be thrifty... and safe!

The mistake of Mike Regan

Patrolman Michael Regan sees his friend, Harry Sharp, getting into a parked car and taps him on the shoulder. "What did I do?" asks Harry. "I think maybe you stole this new Ford," Mike grins—"don't you always drive a medium-priced car?" "I bought this Ford Fairlane 500," Harry replies, "and it's the best car I ever bought. I got this big, good-looking automobile, plus automatic transmission, radio, heater, whitewalls, two-tone paint—the works—for lots less than I'd have paid for a stripped-down medium-priced car." "Sure and you're not as dumb as you look—I'll have to let you go," says Mike. "You'll get a Ford Fairlane 500, too, unless you're as dumb as you look," Harry tells him. "All kidding aside, a Ford with all the luxury extras is really the steal of the year!"

If price is your number one consideration, your Ford Dealer can still deliver a new '57 Ford for less than any full-size car in America.

FORD is the lowest priced* of the low-price three

Card of Thanks

IN MEMORIAM - Verena D. Curtis, therefore was a member of the Saline Woman's Club, held office as president... CARD OF THANKS - I wish to thank all who have remembered me with cards, gifts, flowers and calls during my recent stay in the hospital... CARD OF THANKS - We'd like to thank neighbors and friends for their many kindnesses during the illness and recovery... CARD OF THANKS - Therefore be it resolved that we tender her family our sincere sympathy...

Scientists Ask For More Research On New Crops For Industrial Usages

Agriculture scientists are pressing for expanded research into new crops to diversify for industrial uses... The scientists pointed out that continued advances in crop yields have been impeded by lack of sufficient manpower and funds... The commission called for development of such crops as bamboo for manufacturing paper, flowers and sesame for industrial oil, and soybean for industrial oil...

Caution Needed To Prevent Accidents

Gardening accidents begin in the spring as soon as the first sprouting of earth is turned... The scientist pointed out that continued advances in crop yields have been impeded by lack of sufficient manpower and funds... The commission called for development of such crops as bamboo for manufacturing paper, flowers and sesame for industrial oil, and soybean for industrial oil...

Check Equipment To Insure Safety

Spring is the season when home owners should have their equipment hauled from storage and made ready for use... The scientist pointed out that continued advances in crop yields have been impeded by lack of sufficient manpower and funds... The commission called for development of such crops as bamboo for manufacturing paper, flowers and sesame for industrial oil, and soybean for industrial oil...

Accident Victim Is Improving At St. Joseph

Robert Nelson, the young man who was injured in the Salineville truck accident on the Lodge Freeway last week, is confined at St. Joseph Hospital in Ann Arbor, where he is reported as improving... The scientist pointed out that continued advances in crop yields have been impeded by lack of sufficient manpower and funds... The commission called for development of such crops as bamboo for manufacturing paper, flowers and sesame for industrial oil, and soybean for industrial oil...

Yards and Gardens Should be Checked For Safety Hazards

One of the most important spring safety chores around the home is a careful inspection of the yard and outdoor premises, according to the Institute for Safer Living... The scientist pointed out that continued advances in crop yields have been impeded by lack of sufficient manpower and funds... The commission called for development of such crops as bamboo for manufacturing paper, flowers and sesame for industrial oil, and soybean for industrial oil...

The Monroe Council of Garden Clubs... will hold the Monroe Flower Show on May 25 and 26 at the Masonic Temple in Monroe, Michigan.

Armed Forces Week Hi, Neighbor! By Ella V. MacQueen

This is Armed Forces Week, and throughout the nation at service camps, installations, bases and air fields, the four services, Marines, Navy, Army and Air Force, are exhibiting their newest weapons, ships, tanks, planes and, most important, servicemen in the uniforms of their adopted service.

Officers at the Army Reserve Training Center in Ann Arbor are holding open-house training sessions, and visitors are invited to attend and inspect the new center.

For our own special observance of Armed Forces Week, we invite all residents to visit The Soline Observer office, to inspect the first model of the latest national monument to be erected in Washington, D. C.

DeWeldon's "dream creation" had been turned down by the Washington Art Planning Board as "too big and unsuitable for any site in the city."

Creed and Objectives Of FHA Organization

This article is presented to help the people of our community to understand more about the Future Homemakers of America (FHA). It is an organization which most of the girls in high school participate in. In order for a girl to get into the organization she must have at least one year of Home Economics.

In F.H.A. there is a creed, not to colors, emblem and purposes, which is explained by Manchester F.H.A. members.

The F.H.A. creed and explanation of its meaning follows: We are the Future Homemakers of America. In the future we will be the homemakers.

We face the future with warm courage and high hopes. (We are not afraid of the future and we have hope for it.)

For we have the clear consciousness of seeing old and precious values. (We have a clear conscience and so therefore we are not afraid of bringing back old and precious values.)

For we are the Builders of Homes. (We are the homemakers therefore, we are helping to build more homes.)

Homes for America's Future. (The homes we build will be used in America's future.)

Homes where living will be the expression of everything that is conscience, truth, love, security, and faith combined. (We should have good homes.)

Homes where truth, love, security, and faith will be realities and not dreams. (A good home will have truth and love which in turn will give each member of this home security and faith which shall always be real instead of dreams.)

We are the Future Homemakers of America. In the future we will be the homemakers.

We face the future with warm courage and high hopes. (We are not afraid of the future and we have hope for it.)

For we have the clear consciousness of seeing old and precious values. (We have a clear conscience and so therefore we are not afraid of bringing back old and precious values.)
