The ear had chile years out of date. The features were new-back in '48!

Harry's still smiling, the tears hardly show, But how ne wishes he could get back his dough!

# Moral: Don't get "bargain-talked" into yesterday's styling and features!

Like a lot of people, Harry was looking for a "good buy" in a new car. But no car is a bargain if it's outmoded before you drive it a mile. For the same money, Harry could have stepped up to a dashing Swept-Wing Dodge-so new it actually obsoletes other cars in its field. Obsoletes their high, boxy design with the low, low look of tomorrow. Obsoletes their old-fashioned features with such advances as Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't do what Harry did-please. See your Dodge dealer today

VACATION BOUND? save yourself a lot of trouble by phoning ahead to be sure of your reservations. And if you're delayed on the way, call ahead from a handy Public Telephone and let them know. If it's friends or

relatives you're planning to visit, phone and tell them when you'll arrive. They'll appreciate your thoughtfulness. Long Distance rates are low. You can call places a day's drive away for about a dollar. So don't let anything upset your vacation. Plan by Long Distance.

AN ADDITIONAL PHONE is an awfully handy thing, especially if it's a bedside phone. Think of all the times he phone rings while you're in the bedroom-and you have to run to another part of the house to answer it. You'd certainly save a lot of tiring steps if you had a phone in your bedroom. It's a nice quiet place to make those personal calls, too. And if you're ever ill, a bedside telephone is mighty convenient and comforting. Why not order one now? You can select from eight modern decorator colors.

CALL ANY TIME-this person's phone will be answered and messages taken whenever he's out. Man professional and business people are giving customers the convenience of Michigan Bell's telephone may make a call and hear:

"This is a recording. There's no one in the office. After you hear the two beep-tones, you'll have half a minute to leave a message, your name and phone number...." When ne returns, your message will be played back and your instructions followed. Quite a service, isn't it?
