THE BIG 58 FORD CUSTOM 300

o make their car dollars go further: While prices of other cars have gone up for 1958,

Ford has reduced the prices for its popular Custom 300 models . . . below 1957 prices! And these new 58 Fords that you can buy for less than 1957 prices are beautifully styled, handsomely trimmed cars that can stand up with pride alongside even the costliest cars. Yet they are the lowest priced cars of the low-price three! If you go for V-8 performance, you can have your Custom 300 powered by Ford's all-new Interceptor V-8 with Precision Fuel Induction.

Or if a "six" suits your driving style better, you can have Ford's famous Mileage Maker Six. See and Action Test a new Ford Custom 300 and you'll say what they are all saying: For smoother riding comfort, topnotch performance, tight-fisted economy, top-dollar value . . . you can't beat the Ford for 58. supports for their corn if they don't.

Less than a fourth of the cornbelt farmers, however, participate in the alloument program. Some farm organization officials fear the number might be down further next year if farmers come to expect another round of noncompliance supports.

Agriculture Secretary Ezra Taff Benson reluctantly announced supports at \$1.10 a bushel this year for non-compliance corn in an effort to keep prices for feed grains and hogs from sagging too far.

It was the second year in a row for non-compliance supports. Farm officials believe farmers may expect the supports to become a permanent policy.

The Agriculture Department has set the 1958 national allotment has set the 1958 national allotment at 38,818,381 acres — up four per cent from 1957 but most of the increase goes to counties that weren't in the commercial corn area this year.

There are 38 of these new counties scattered through Alabama, Florida, Georgia, Michigan, Missouri, South Carolina and Virginia.
