### To the Editor:

My identity is not important, since I am just an average citizen. But I hope this will be printed anyway . . .

The events of the past week should make every one aware of the serious duty we have to vote. Our present council, no matter what we may think of them, was put there by us, those who voted and those who could not be bothered. By rights, only those who voted should have attended Monday night's meeting. Such was not the case, of course.

The issue at stake came up six months ago . . . then, not last week, was the time to act. Had there been enough interested citizens I could have been advised as any matter can be, by "clear thinking" Manchester folks. By using our right to vote we can prevent such a thing from happening again.

Our council is there to serve us, why can't we be fair with them and elect those whom we feel serve our interests best . . .

Let's all vote . . .

of your Frozen Food Center

It's only natural to expect the frozen food specialists in the community to sell large quantities of frozen foods to home freezer owners and locker patrons. And because we move large volumes of frozen foods, we buy them for less and pass the savings on to our customer.

Our big zero storage room holds thousands of pounds of frozen foods and this enables us to buy when the price is right... the quality right. And the savings are passed along to you.

You also benefit from the large variety of frozen foods of all kinds we have in stock. We can supply all your frozen food needs by one-stop at our frozen food center.
