Patricia Neff, Lloyd Randall Wed In Clinton Church

The Methodist Church at Clinton was the scene of the wedding Saturday of Patricia Neff, a bride, and Lloyd Randall, the groom.

Edgar Randall of rural Manchester, the double ring ceremony was read by Rev. James Simmons pastor of the church. The altar had a single bowl of white and pink carnations below the cross, flanked on each side with candelabra. Fragrant spring blossoms throughout the sanctuary enhanced the beauty of the historic church. Mrs. Frank Allen, the church organist played a program of pre-nuptial music and traditional wedding marches. She also accompanied the soloist, Allan Bodycornbe of Detroit, a cousin of the bride as he sang, "O Perfect Love".

The bride was given in marriage by her uncle, Mr. Jonas Her white floor-length gown of Chantilly lace over satin, featured a Sabrina neckline and short sleeves. The overskirt of lace fell from the fitted bodice as an apron and was caught up with a large bow in the back of the gown. Under the bow fell tiers of nylon tulle from a Queen Anne crown of pearls. The bride wore mitts of matching lace and carried a white Bible, topped with a peach and streaked with ribbons and small rose buds.

Attending the bride as matron by honor was Mrs. Bert Wade of Tecumseh. She wore a white taffeta dress with matching headpiece. Her flowers were red carnations in a M y basket. The bridesmaids were M r s. Eugene Whiteburg and Mrs. Richard Peterson, both of Toledo. Their street-length dresses were of red taffeta, featuring portrait neckline and full skirts. Wearing white gloves they carried May baskets of white carnations.

George Semak of St. Clair Shores served Mr. Randall as best man. The guests were seated by Norman Randall, brother of the bridegroom and Marvin Kraus of Ypsilanti, brother-in-law of the bridegroom.

Mrs. Harold McNumm, Mrs. Eve Hardy and Mrs. Robert Tietz all of Brooklyn, Mrs. Dorman Moley of Clayton and Mrs. James Stuart of Tipton were hostesses at the reception for 100 guests in the church social rooms immediately after the ceremony. The bride's table was attractively arranged with flowers and candles. The four-tiered pedestal wedding cake centered the table. Mrs. Thomas Osbourne of Pittsburgh, Pa., cut the cake.

Mrs. Dean Henderson of Lakewood, Ohio, a cousin of the bride, presided at the punch bowl. The wedding gifts were in charge of the bride's cousin, Miss Kay Henderson of Lakewood and Miss Karen Hardy of Brooklyn.

When Mr. and Mrs. Randall left on a short trip through northern Michigan, the bride was wearing a two-piece orchid suit with white accessories and carried her bridal flower. The bride has been employed at the General Telephone Company at Tecumseh. Mr. Randall served four years with the US Marine Corps. The couple will reside at the Randall home which his parents have recently vacated and he will continue in the field of dairy farming.

The bride's aunts, Mrs. Nelle Claus, Mrs. Robert Mapel and Mrs. Thomas O'Brien entertained at a rehearsal dinner Friday evening at the home of Mr. and Mrs. Jonas. Saturday evening Mrs. and Mrs. Jonas assisted by Mrs. Sam Rider, Mrs. Lawrence Dowling and Mrs. Leon Every, entertained the out-of-town guests at a dinner party in the American Legion Hall at Brooklyn.

Little Leaguers Start Program

Sixty Little Leaguers and many of their fathers met at the Athletic Field last Saturday afternoon to start their baseball season. Practice began Monday at 8:00 at the field and has continued four days this week—Monday, Tuesday, Wednesday and Thursday, for "spring training" Tuesday and Thursday at 8:00 are the regular nights for the season, however, opening June 8th.

Insurance for every boy on the team is available again this year at the nominal fee of \$1.00 per boy. The coaches on each team will collect the fee from the boys as soon as possible. Parents are urged to cooperate with the League in this respect as the arrangements have been made for their best interests, according to Chuck Miller, chairman of the League. The Sutton Insurance Agency is handling the coverage through the Royal Indemnity Company this year. The insurance covers the players in practice, enroute to out of town games and during games.

Thirty new players are listed among the 60 signed up and there are still registrations coming in. If the number increases beyond the 11 or 12 members per team, a fifth team will be set up. If this should happen, a sponsor will be needed for the new team as the equipment will have to be increased accordingly.

One pair of coaches was omitted in last week's story, Clarence Fielder and Robert Panches. The other teams are coached by Norman Fielder, Eugene Bentschneider and Clare Arnold; Chuck Miller, Russell Green and Lorenzo Steele; Al Simmons, Bill Hamilton and Harold Alexander.

If any boy or parent wishes to get more about the League, they may contact Chuck Miller, Al Simmons, Clarence Fielder or Eugene Bentschneider, or any of the other coaches on the teams.

More umpires are needed. Fathers or interested older boys and adults are advised to get in touch with Chuck Miller at GA 8-3791. If they can possibly help, even if for only certain days during the summer.

Play will be extended to Carr Park this year as soon as the new field is in shape at this location. Schedules will be posted at a designated location as soon as possible so everyone will know where and when games and practices are to be held, according to Al Simmons, secretary for the League.

Several thousand heavenly bodies broadcast radio waves which now can be heard by scientists on earth, according to an article in the June Reader Digest. The new science of radio astronomy has monitored a n d chartered huses, crackles, coars and rumbles from remote corners of the universe, including strong signals from Jupiter and the sun. The radio astronomers also can grope backward in time; they have heard signals from a r t a r which Chinese historians saw explode 900 years ago.

MICHIGAN BELL

TELEPHONE Lines

ANOTHER SATELLITE

rocketed into orbit! Exciting news to read about. Isn't it? And did you know that the Bell Telephone System plays a big part in these historical events? The transmitter inside the miniature "moons" use transistors, an invention of the Bell Telephone Laboratories. And a satellite radio that is supposed to transmit indefinitely—years and years—gets its power from solar batteries, which Bell Telephone scientists invented to turn the sun's energy to electricity. These Bell System skills that contribute so much to the Space Age are the same ones that help make your telephone service the best in the world.

PLANNING A TRIP FOR MEMORIAL DAY WEEK END? If so, you'll want to make the most of every free minute and leave all your worries behind. So plan the details in advance, by telephone. Make Long Distance calls to fix up reservations and settle the other details of travel. They're worth far more than their modest cost. And, if you happen to be delayed along the way, telephone ahead to say you'll be late in arriving.

MAYBE YOU'VE SEEN this unusual motor vehicle carrying the telephone company emblem. Unusual, because it has three wheels and is only a third the length of a family car. Because it is economical to run, can turn on a dime, park almost anywhere, and get a repairman to his destination quickly, Michigan Bell is trying them out in larger cities...another example of how the company tries to keep down the cost of telephone service.
