**Chevy pickup pulls through "bottomless"
pastures to keep stock fed!**

At the Hall Bros. Dairy Farm, Montgom-
ery, Ala., they say this 4-wheel drive Chevy
will go anywhere to keep stock fed—even
through hub-deep muck that makes it a
fight all the way. And yet after a full year
of it—no mechanical trouble of any kind!

That Chevy pickup may not win any beauty
awards (till it's cleaned up). But it's sure
walking off with the top prize for depend-
ability. And that's standard Chevrolet proce-
dure. Put a Chevy truck to work and it keeps

on working until you say quit. Not before.
We aren't claiming that every Chevrolet
truck is turning out to be a miracle-worker
and averaging 100,000 miles before a valve
job. (Even though some are going 150,000!)
You're sure to find, however, that you can't
buy more truck dependability at any price.
And that's borne out by the fact that more
truck owners put their faith, and their pay-
loads, in Chevrolets than in any other make.
Take your load and schedule figures to your
Chevrolet dealer. He'll specify the best way to
handle both and save in the bargain.

No job's too tough for a Chevrolet truck!

Now's the time—see your local authorized Chevrolet dealer for a real truck buy!
