# FAIR TIME IS HERE

## Bloodmobile

Registration for the August 26th Bloodmobile visit for the Manchester Red Cross Blood Club began at all the churches in the area last Sunday. Forty eight donors signed up during the services to give their pint of blood next Wednesday at the Emanuel Church Hall. The hours that donors may come are 1:30 to 5:00 and 5:45 to 7:00. People not registered in advance will be accepted at the Bloodmobile as they can be fitted into the schedule.

To protect themselves and their families for the future, the response from the churches Sunday was as follows: St. Mary's Catholic Church 24; Manchester Methodist Church 24; Emanuel Church 24; Rowes Corner B. and R. Church 24; Manchester Baptist Church 24; Iron Creek Church 24; Bethel Church 24. Many of the church members did not return their cards after the service and these people any turn in their registrations at the Manchester Community Fair. The United Community Fund and Red Cross Booth will be in the merchant's tent where will be on one at the desk to answer questions and take registrations during fair hours. Registrations will also be taken at the Double-A plant this week. Manchester has been visited by the Bloodmobile on the average of once a year to keep the credit of the local club ready to meet all emergencies. It is advisable and efficient for the Regional Blood Center to have at least 100 donors per Bloodmobile stand. This is the reason for emphasizing donor registrations in advance. It is also better when possible for the donor to be booked for a specific time to prevent long waits caused by jammed calls.

Manchester Red Cross Blood Club covers residents of the Manchester School District, those in south-west Washburn County that are part of the Clinton and Brooklyn school districts and employees of Double-A and their families. When blood is needed by anyone living in this area they should contact Mrs. F. M. Reek, Mrs. Robert Huber, or Mrs. Stanton Roesch. Red Cross blood is never sold, it is free to every resident in the present-need of each blood club. There is a hospital charge for the transfusion of each pint, however.

If there are any questions about the Blood Club, the committee urges you to call one of them, or to contact the person in charge of the registration desk at the Manchester Community Fair this week and to come to the Bloodmobile next Wednesday, August 26th.

## 4-H Club Work

CHICAGO (Special)—Awards are ready and waiting for 4-H Club members who have done a superior job in the national 4-H Safety and Forestry programs, according to the National Committee on Boys and Girls Club Work, Chicago. Winner of the 1959 safety state award will be a delegate to the National 4-H Club Congress in Chicago this fall, with all-expenses paid. The state winner will then be eligible for one of eight national \$400 scholarships awarded in this program. The National Committee reports. The awards are provided by General Motors which has supported the 4-H Safety program for 15 years.

## Completing Plans

Busy completing their plans for this year's community fair which opens Wednesday, August 19, are members of the fair board. They find that the same applies to the fair as to any other project—there are always last minute details to iron out. Pictured left to right are: Lillian Trol, pointing out some of the highlights of the fair program to George Koda, new publisher of the Manchester Enterprise; looking on are Lawrence Kemmer who heads the dairy cattle division, and Alvin Kulkamp, in charge of poultry and Carl Settle who works on the publicity.

These two, Mrs. Clarence Schlicht and Mrs. Roy Widmayer are really busy in need. For they stepped to the assistance of the fair chairman, who will not be present at fair time to make final plans to take care of the displays. And they are really flower conscious—they finally consented to cut some of the highlights of the fair program to George Koda, new publisher of the Manchester Enterprise; looking on are Lawrence Kemmer who heads the dairy cattle division, and Alvin Kulkamp, in charge of poultry and Carl Settle who works on the publicity.

Women play an important part in the community fair and Mrs. G. W. Klaus (left) and Mrs. Roger Hardenberg (right) who are busy checking their added divisions and adding lists there are several new categories in which to enter articles. These are special sections for children's toys, dishes, tools, etc. Please, remember no coin collections.

Officers of the fair find their load doesn't get lighter as the opening date gets nearer. President of the board Wendell Reinhardt and secretary, Wilma Uphaus, check over the fair book with secretary, Herbert Jacob, and Vice President, Lawrence Kemmer awaiting their approval.

## Fair Red Cross

There will be a Red Cross First Aid Station at the Manchester Community Fair this year for the first time. First Aid will be administered, as needed, by registered Red Cross nurses during the hours of 10:00 to 5:00 and 7:00 to 10:00 Wednesday through Saturday during the fair. The station will be located in the Merchants Tent as part of the United Community Fund and Red Cross Booth which has been donated to the organization by the local, Rexall Drug and Manchester Drug stores.

The nurses who have signed up for this duty are: Mrs. Willard Mann, Mrs. T. H. Tapping, Jr., Mrs. Floyd Parr, Mrs. Annetta Simmons, Mrs. Harold Burch, Mrs. Laurel Breitenwischer, Mrs. Alvin Kapper, Mrs. James Dress and Mrs. Stanton Roesch. Mrs. Roesch will be "on call" from the opening of the fair until 10:00 p. m. Saturday, the 22nd. Mrs. Tapping will be "on call" for the remainder of the last day of the fair.

## Steer Auction

The Manchester Steer Club and the F. F. A. Steer Clubs and their fathers, prospective buyers, committee members and those concerned with the steer clubs at the fair will be guests of the Union Savings Bank at the Steer Club luncheon Saturday at 11:30 a. m. The Steer Club is sponsored by the Manchester Optimist Club and is conducting their tenth year of activity with an exhibit and sale at the Community Fair.

The Optimist Club special committee is under the direction of Willard Mann, chairman, assisted by Robert Hamilton, Earl Mann and Robert Marten. This committee has worked with a group of fathers of Steer Club and 4-H Club members, including Wendell Reinhardt, Ira Jump and Victor Grossman. These men participated in the purchase of and the assignment by lot of the steers to the members. The F. F. A. Steer Club operates under the supervision of Ira Jump, local agricultural teacher and each steer in this club is financed by a note endorsed by the Optimist Club and handled by the Union Savings Bank of Manchester.

The profit on each steer goes to the Members who raised and trained the steer. The Optimist Club sponsors this activity in the interest of aiding the local agricultural department of the school, in the training of proper methods of record keeping in the raising of beef cattle.

The judging of the steers will be held Thursday evening August 20, at 7 p. m. Each steer in both clubs was insured under a Hartford Livestock Group Policy obtained from the Sutton Insurance Agency here.

Special awards were donated by Carl M. Schable, Inc., E. G. Mann and Sons, and Grossman-Huber Service with prizes of ten dollars each for best steer shown at judging, and steer club member with the best set of records. Special awards for 4-H members were donated by Tiro Chevrolet, Dr. Henry Ekness, and West Schable in the same divisions.

The steers shown and sold at the fair under the 4-H Club banner were all purchased with the F. F. A. Steer Club steers and assigned to the members by lot. The 4-H Club is under the direction of Wendell Reinhardt.

It is interesting to note that Manchester is the only town that shows and sells steers in a jointly and highly competitive showing and sale between the 4-H Club and the Optimist sponsored F. F. A. Steer Club. It is against the rules of the 4-H Club for any organization to sponsor their activities. The 4-H steers were purchased, some by notes endorsed by fathers. In all other aspects the two clubs were alike. In the F. F. A. Steer Club are Dennis Purvis, Ted Wheeler, and Ray Kemmer. 4-H Steer Club members are Billy Alber, Brian Alber, Grant Chavey, Neil Homing, Gordon Huffman, Prudence Huffman, Billy Kemmer, Doris Kemmer, Dennis Mann, Jerry Mann, Bob Paul, Paul Reinhardt, and Susan Walker.

Complete installations of sanitary sewer facilities are possible under the present drain laws and drain commission. Sewer projects are not confined to any single municipal or county boundary line. He is trying to correct any misconceptions that may now occur regarding the present ability of the county to construct sanitary sewers and disposal facilities. The establishment of a county Department of Public Works was proposed Tuesday at the Board of Supervisors by Supr. William Scheel of Salem township. He said the proposed department would aid county residents in getting water and sewer services from nearby cities. The idea has already been questioned by Mayor Cecil C. Creel of Ann Arbor. Flook said that the procedure for constructing sanitary sewers through the drain office is simple. "It is the same as any other type of drain, except that the project must be approved by the State Health Department. Sewers can be requested through the drain office by petitions from individuals, municipalities or health authorities."

Flook said the only sanitary sewer petition the drain office has received in recent years was submitted by the State Health Department because of septic tank failures in the Washburn Clubview area in Spaulding township. Flook pointed out that in this township everything possible to solve and take care of its problems without county or state intervention. He believes that is the logical solution with local problems solved on the most local base possible.

Flook said that individual municipalities of the last day of the fair.

## Change Fair Plans

Plans will be judged at 11:30 Thursday instead of Wednesday as previously announced. Children are asked to bring their pets at that time and then to take them home. The fair board will not assume any responsibility for these animals which might be lost. Rabbits will also be judged Thursday morning according to Herbert Jacob, chairman of this division.

Books due between those dates may be returned fine-free from September 8-10. Books which are due on or before August 22 and are not returned will carry fines for the days the library is open and that they are overdue. New library hours for fall will be announced September 3.

Mrs. Grace Moore, librarian, has accepted a position as High School Librarian in the public school system of Alo, Arizona. She and her daughter, Louise, will be leaving Manchester for their new home later this month.

## Farmerette

On Aug. 7th at the Pittsfield Grange there was a Cinderella ball. The Cinderella chosen, was Sue Ann Hassett of Manchester. Sue led the Mystery Ride. She looked very smart in her blue dress and white crown. Sue was also given a pair of glass slippers. She will represent Washburn at the state Cinderella Ball. Sue is sixteen years old born on March 1st.

Jolly Farmerette Reporter Mary Ellen Hassett

## County Works

Washburn County Drain Commissioner, John R. Flook, has publicly announced that the creation of a County Department of Public Works would result in a duplication of services already available to county citizens. Complete installations of sanitary sewer facilities are possible under the present drain laws and drain commission. Sewer projects are not confined to any single municipal or county boundary line. He is trying to correct any misconceptions that may now occur regarding the present ability of the county to construct sanitary sewers and disposal facilities. The establishment of a county Department of Public Works was proposed Tuesday at the Board of Supervisors by Supr. William Scheel of Salem township. He said the proposed department would aid county residents in getting water and sewer services from nearby cities. The idea has already been questioned by Mayor Cecil C. Creel of Ann Arbor. Flook said that the procedure for constructing sanitary sewers through the drain office is simple. "It is the same as any other type of drain, except that the project must be approved by the State Health Department. Sewers can be requested through the drain office by petitions from individuals, municipalities or health authorities."

Flook said the only sanitary sewer petition the drain office has received in recent years was submitted by the State Health Department because of septic tank failures in the Washburn Clubview area in Spaulding township. Flook pointed out that in this township everything possible to solve and take care of its problems without county or state intervention. He believes that is the logical solution with local problems solved on the most local base possible.

Flook said that individual municipalities of the last day of the fair.

**COUNTY WORKS CONT.**  
 lites can petition the drain office to solve their problems when the time comes to solve sanitary sewer problems which are beyond the capabilities of individual governmental units. He pointed out that it is not necessary to create new departments or form a new authority and said that any problems concerning sewage disposal in this county or involving more than Washburn County can be solved by existing departments.

In conclusion he said that "the only thing which can result in the creation of county services at the expense of the tax payer."

**PERSONALS**  
 Mr. and Mrs. Lohan Toia returned home Sunday after spending several days vacationing in Northern Michigan. They stopped off at Camp Grayling to see their son Gerald who is spending two weeks with the National Guards there. They went on to Hancock, Houghton, and to Copper Harbor, then drove over to see the Pictured Rocks before returning home.

The Rev. and Mrs. Jesse Eggs plan to leave August 24 to spend a vacation at their cabin at Boyne Falls, near Gaylord. The Rev. Edwin Weiss of the Methodist Home at Chelsea will preach in the absence of Rev. Eggs on August 30th. During their absence there will be a work week at the parsonage on Saturday, August 29th while a group of volunteer workers headed by Robert Lowery will be doing some repair work at the parsonage.

The Musical Belts will be guests of the congregation of the Iron Creek Church next Sunday at the regular service when they will present a special music program.

**PERSONALS CONT.**  
 The Friendship Circle of the Iron Creek Church will meet the first Wednesday in September at the home of Mrs. Lohan Toia.

Arman Second Class Jerry Randall who has been stationed at Keeler Air Force Base in Mississippi is spending several days with his parents, Mr. and Mrs. Roy Randall before he leaves for Brookfield Air Force Base in Ohio. Mr. and Mrs. Dale Randall of Grand Rapids and Janet Wilson of Ypsilanti were also weekend guests.

Roberts and Judy Hogan of Clinton have returned home after spending a few days with Mr. & Mrs. Don MacKintosh.

Robert L. Schaffar, nephew of Mrs. Walter Bertke, has entered military service at Fort Leonardwood, Mo.

Mr. and Mrs. Lee Scully visited his brother, Edward Scully at St. Joseph Hospital, Ann Arbor and found him to be improving after undergoing surgery.

A daughter, Kiki Lynn, was born Saturday, August 8, at Herrick Memorial Hospital in Tecumseh, to Mr. and Mrs. James Kandler of Territorial St.

**PERSONALS CONT.**  
 To visit the Yocum sisters formerly of Manchester and now from Detroit.

Mr. and Mrs. Eldon Goodall and son Jimmy left Monday for their home in Spring Valley, California after visiting Mr. and Mrs. Roy Randall before he leaves for Brookfield Air Force Base in Ohio. Mr. and Mrs. Dale Randall of Grand Rapids and Janet Wilson of Ypsilanti were also weekend guests.

Wednesday evening Mrs. Clayton Gieske entertained at dinner for her guests included Mr. & Mrs. Jens Mathiesen of Ypsilanti, Mr. & Mrs. Lawrence Hatches and daughter Marilyn of Dexter, Mr. & Mrs. Walter Heinsinger and Mrs. Walter Blome of Manchester.

On Thursday evening at dinner Mr. and Mrs. LeRoy Heinsinger entertained for Mr. and Mrs. Marie Gieske, Mrs. Walter Blome and Mr. and Mrs. Jens Mathiesen of Ypsilanti. On Friday the family enjoyed a picnic at Silver Lake and joining the group were Mrs. Charles Kohler and daughter of Saline.

Mrs. C.W. Houghton of Pontiac came Sunday to visit her sister Mrs. Don Upias until Tuesday. On Monday Mrs. Upias and Mrs. Dena Holmes accompanied Mrs. Houghton to Lansing.

Mrs. Harvey Proctor entertained Mrs. Walter Bertke and Miss Nellie Ackerson at dinner on Tuesday.

On Sunday Mrs. Walter Bertke was guest of Miss Nellie Ackerson at the home of Mr. and Mrs. Loren Koepfer.

Mrs. Lee Scully has completed two week course at the Teachers Seminars at Walden Woods near Hartland, Michigan.

Mr. and Mrs. L. Dean Sood were recent visitors of the latter's parents, Mr. and Mrs. Albert Brown of Farmington.

The Zion Lutheran Sunday School of Rogers Corners held their picnic at the home of Mr. and Mrs. Loren Koepfer.

Mr. and Mrs. Douglas Wisner a daughter, Teresa Lee, Sunday, August 23rd, at Herrick Memorial Hospital, Tecumseh. The baby weighed seven pounds eight ounces. The Wisners live on Tipton Road. Mrs. Wisner is the former Josephine Cox of Manchester.

The Modern Farmers Farm Bureau met at Little Wolf Lake Sunday for their annual picnic. Mrs. Jesse Walker and Mr. & Mrs. Roy Toia were in charge of the entertainment.

**Steer Club Dinner**

On Saturday, August 22, at 11:30 at the Emmanuel Church Hall in Manchester, Michigan, the Union Savings Bank of Manchester will set as host for the Ninth Annual Steer Club Dinner.

The Bank started this Steer Sale promotion dinner in 1951 and the first dinner was held at Shores' Restaurant with 22 guests in attendance.

The annual dinner has proved popular with an invitation list including all Steer Club members, both 4-H and FFA members, the Steer Club committee, buyers at the previous years sale, and all who contributed in any way to the success of the Steer Club Sale.

The bank has always provided some entertainment for their guests, and this year has been fortunate in having as their guest entertainer, Miss Ann Marston, an archery expert, who will give an exhibition of trick archery. Miss Marston is the current year's Miss Michigan and should provide a most interesting entertainment.

Miss Marston became Junior Champion of England at ten years of age. In 1954 she elected to shoot in the National Women's Free Style Field Archery Championship, at the age of fifteen years. At the present time she has eleven National Championships to her credit and though still a teen-

**MANCHESTER COUNTY NURSE**

PLAN WEDDING: Mr. and Mrs. Franklin Monroe Harber of West Bangor, N. Y., announce the engagement of their daughter, Naomi Ann, to Richard Penfield Ament, son of Mrs. Fletcher D. Dodge of Claremont, Calif., and the late William Sheffield Ament. The bride-elect, a graduate of Mount Holyoke College and the Yale University School of Nursing, is employed by the Washburn County Health Department. Her fiance was graduated from Cornell University and is enrolled in the University of Michigan graduate school. An Aug. 22 wedding is planned.

**REC. NEWS CONT.**  
 The Braves 9-4. It was Dodgers 18, Braves 0 on Wednesday and White Sox 3, Yankees 2. A play-off of a tie game between the Dodgers and White Sox will be held Tuesday at the softball diamond at 5:45 P.M.

The High School league team dropped two games last week, 5-4 to Stockbridge and 5-10 to Grass Lake. They still have a chance to take the championship as a play-off with Grass Lake may be necessary if Grass Lake defeats us on Tuesday.

**DEATH—Rudolph Jahnke**  
 Rudolph Jahnke, father of Mrs. Harold Dresselhouse of Manchester died last week Monday in Jackson. He is survived by his wife, Mary, four daughters, Mrs. Arnold Garret,

**smoothest ride!**  
 One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this viceroy way of going for yourself. Once you go, you'll find your own way of saying what MOTOR TRENDS magazine puts this way: "The smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

**BEST ROOM**—Official dimensions reported to A.M.A.\* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of the leading low-priced three.

**BEST ENGINE**—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engine."

**BEST ECONOMY**—A pair of Chevrolet sedans with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

**BEST BRAKES**—Chevy's bonding-line brakes are the biggest in their field, built for up to 60% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading low-priced cars in a test of repeated stops from highway speeds.

**BEST STYLE**—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new 'high in daring styling.'"

**BEST TRADE-IN**—Any N.A.D.A. Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven.

Why not drop by his showroom? \*Automotive Manufacturers Association. \*National Association for Stock Car Races.

**History Of Organ**

The rebuilding of the old pipe organ at the Zion Lutheran Church at Rogers Corners, according to Jerry Adams, who has been on the job since early June estimates it will take another three weeks.

The Rev. C.J. Renner, voiced his approval of the decision to rebuild the organ, which narrowly escaped destruction when a tornado struck the church in 1917. Just as the instrument was being unpacked, a sharp contrast to the old church repairs required by the tornado damage. These repairs included construction of a new steeple.

The organ has been acquired shortly before the storm when workmen were about to erect it. The organist, Mrs. Zma Grau, who was injured in the tornado, is still the organist. She will have returned from Europe and a series of concerts in Holland.

When this happens, Adams, despite his youth will have completed his seventh organ job.

**RECREATION NEWS**  
 Summer playground will come on and on Friday of this week with several "features" and "special events" being scheduled this week which should be of interest to all you senior playgrounders.

On Monday afternoon at 2 o'clock the Soap Box Derby Race will be held at the Athletic Field. This was postponed from last Wednesday because of technical difficulties. First and second place events will be made. A Track and Field meet will be held on Tuesday morning with separate boys' and girls' division for ages 9-12 and 13-15. Prizes will be given to those in each division with the highest point total. There will be running events, jumping, softball throw, etc.

All you Little Leaguers, Babe Ruth Leaguers, senior playgrounders and boy fathers and mothers are urged to make the trip Wednesday, August 12, to see the Tigers play the Chicago White Sox. Everyone will buy their own reserved seat for \$2.00 upon arrival at the Stadium. Each child should bring a sack lunch which will be eaten at the Stadium. Buses will leave the Athletic Field at 10:45 A.M. and return between 6:00-6:30 P.M. However, each child should be at the Athletic Field by 10:30 A.M. All children going must have a permit slip signed by their parents.

On Friday, last day of playground a big "watermelon feast" will be held at Carr Park in the morning. Playgrounders will meet at the playground as usual in the A.M. and hike to Carr Park where watermelon "sodas" will be enjoyed. A special swimming trip to Wampler's Lake will be made Friday afternoon as guest of the management of the beach. A special treat will be provided after a swim, for which there will be no charge for a basket.

Results of the All-Star games played Saturday night show that Martha Ayers' "Popcorn Balls" had too much power as they defeated the girls' All-Stars 13-4. An exciting, extra-long game between Gail Miller's "Cool Cats" and the boys' All-Stars was won by the All-Stars 12-11.

Final standings in the playground softball league for the boys has Miller's "Cool Cats" in first place, Bunyan's "Wazooes" in second, Ray's "Hot Rods" in third and Fielder's "Nine Aces" in fourth. In the girls' division Ayers' "Popcorn Balls" are first, Steele's "Chipmunks" are second, Clametti's "Sluggers" third and Seballe's "Dora Devils" fourth.

The extra swimming trip planned for the Friday afternoon was cancelled because of the rainy weather. As a result of last week's Little League activities, the White Sox have taken over first place with the Dodgers second and Tigers third. On Monday, the Sox defeated the Tigers 8-0 by forfeit, and the Yankees beat

PLAN WEDDING: Mr. and Mrs. Franklin Monroe Harber of West Bangor, N. Y., announce the engagement of their daughter, Naomi Ann, to Richard Penfield Ament, son of Mrs. Fletcher D. Dodge of Claremont, Calif., and the late William Sheffield Ament. The bride-elect, a graduate of Mount Holyoke College and the Yale University School of Nursing, is employed by the Washburn County Health Department. Her fiance was graduated from Cornell University and is enrolled in the University of Michigan graduate school. An Aug. 22 wedding is planned.

**RECREATION NEWS**  
 Summer playground will come on and on Friday of this week with several "features" and "special events" being scheduled this week which should be of interest to all you senior playgrounders.

On Monday afternoon at 2 o'clock the Soap Box Derby Race will be held at the Athletic Field. This was postponed from last Wednesday because of technical difficulties. First and second place events will be made. A Track and Field meet will be held on Tuesday morning with separate boys' and girls' division for ages 9-12 and 13-15. Prizes will be given to those in each division with the highest point total. There will be running events, jumping, softball throw, etc.

All you Little Leaguers, Babe Ruth Leaguers, senior playgrounders and boy fathers and mothers are urged to make the trip Wednesday, August 12, to see the Tigers play the Chicago White Sox. Everyone will buy their own reserved seat for \$2.00 upon arrival at the Stadium. Each child should bring a sack lunch which will be eaten at the Stadium. Buses will leave the Athletic Field at 10:45 A.M. and return between 6:00-6:30 P.M. However, each child should be at the Athletic Field by 10:30 A.M. All children going must have a permit slip signed by their parents.

On Friday, last day of playground a big "watermelon feast" will be held at Carr Park in the morning. Playgrounders will meet at the playground as usual in the A.M. and hike to Carr Park where watermelon "sodas" will be enjoyed. A special swimming trip to Wampler's Lake will be made Friday afternoon as guest of the management of the beach. A special treat will be provided after a swim, for which there will be no charge for a basket.

Results of the All-Star games played Saturday night show that Martha Ayers' "Popcorn Balls" had too much power as they defeated the girls' All-Stars 13-4. An exciting, extra-long game between Gail Miller's "Cool Cats" and the boys' All-Stars was won by the All-Stars 12-11.

Final standings in the playground softball league for the boys has Miller's "Cool Cats" in first place, Bunyan's "Wazooes" in second, Ray's "Hot Rods" in third and Fielder's "Nine Aces" in fourth. In the girls' division Ayers' "Popcorn Balls" are first, Steele's "Chipmunks" are second, Clametti's "Sluggers" third and Seballe's "Dora Devils" fourth.

The extra swimming trip planned for the Friday afternoon was cancelled because of the rainy weather. As a result of last week's Little League activities, the White Sox have taken over first place with the Dodgers second and Tigers third. On Monday, the Sox defeated the Tigers 8-0 by forfeit, and the Yankees beat

Peer Welcomes 21st Reunion

Clayton Parr of Manchester, Chairman of the board of Supervisors, welcomed the Washburn county supervisors and their wives and other county officials at the 21st annual supervisors picnic held at the Farm Council Rural activities center on the Saline-Ann Arbor road. Also invited were past supervisors and their wives.

Arranging the affair were J.A. Wolter, Scott township supervisor, who was president of the group and Harry Cole, secretary-treasurer. After the chicken-barbecue dinner William Schell, Salem township supervisor acted as master of ceremonies. Entertaining the group were Janet Parker and Carol Braun of Ann Arbor.

Chelsea's 125th anniversary brothers of the Brush Band, now known as the "Brothers of the Brush Band", played a number of selections and eight of the dances who appeared in Chelsea's anniversary pageant, gave a demonstration of "The Charleston".

With Harry Everett in charge, the Washburn County Sheriff's Mounted posse staged a demonstration to conclude the program. New officers elected for the 1960 reunion picnic are Supervisor Sylvester Leonard of Augusta township, president; Supervisor Thurston Sanford of York township, vice-president; and Harry Cole, former Lodi township supervisor, secretary-treasurer, re-elected.

A few days ago, Richard D. Burrill of Birch Run, a young driver with a long traffic record killed an 80 year old woman near Seginaw. The State had revoked his license for one year on January 5, 1958. Burrill had, in the years he had been driving, built up an unusually poor record. One was for driving down the wrong side of the road. Several speeding violations at 15 miles above legal limits.

At other times he was picked up for defective brakes and for other violations including driving without an operator's license in 1957 and for driving while suspended in 1958. Perhaps this 80 year old Seginaw woman would still be alive if common sense pressure had kept this incoherent driver out of his car during his revocation year. Here said, "It is for this reason that safety conscious citizens believe that the press should print the names of local men and women who, through their careless thoughtlessness, or inconsiderate driving habits have lost their driving privileges."

"If all newspapers printed these names as a public service or as news which might keep many hundreds of poor risk drivers off of our highways." Here concluded, "It is saved only two or three lives each year; it should be worth the time, effort, and newsprint it takes."

Women 80, Killed By Revoked Driver

This month a young man who had no right to drive killed an 80 year old woman near Seginaw. "What good does it do," people ask, "when the State revokes a man's license for a series of bad driving convictions if he can flagrantly go on driving without an operator's license?"

This is one of the many questions the Safety Commission faced as they met for their August meeting. James J. Here, Chairman of the agency in charge of coordinating traffic safety activities pointed out that this was one of the growing problems in Michigan's traffic accident and safety program.

We have set up a firm but fair procedure for systematically re-examining violation-prone and accident-prone drivers. Here said, "We take the worst ones off the road, or think we do, by suspending or revoking their driving privilege for 30, 60, or more days."

"We inform the police and the press but even this doesn't keep some incoercible scofflaws from continuing to drive their cars."

According to Here many weekly and some daily papers regularly print the names of local motorists who have lost their driving privilege.

"Many editors believe that these names make news," Here reported to the Safety Commission, "even though this is sometimes a difficult decision to make. Sometimes a status person in a community gets a reputation for drunk driving or a delinquent driver and the press is appealed for ranking through town to cities."

Physicists cool off Air-conditioning is a "must" in the field of atomic fusion. Industrial, agricultural, and medical research have already made considerable advances using tools the new and improved radioactive tracer isotopes provided by developments in atomic fission.

HOME OWNERS QUESTION BOX

Q—I've been told it's preferable to put down a sub-floor in my basement playroom rather than to lay tiles directly on the concrete. Can you explain why?

A—Concrete below grade generally is cool to the touch, even in mid-summer. This can be uncomfortable, especially where children are likely to play on the floor.

Q—I've read that a 1-inch thickness of mineral wool insulation will stop more heat than 22 inches (almost three feet) of concrete block and 20 inches of brick. Is this true, and if so, why?

A—Absolutely true. Mineral wool insulation is composed of millions of tiny fibers that literally trap air in countless tiny cells, keeping it "dead" and immobile. This dead air is the best barrier to the passage of heat. Science has yet discovered. Concrete and brick, because they are solid, carry heat away by conduction. This conduction shows why, if one inch of mineral wool is so effective, 3 inches in walls and 4 inches and more in ceilings adds so much to heating and air conditioning economy, and year-around comfort in the home.

Q—Is there any quick, inexpensive way to protect a house from street noise?

A—Quickest and most effective, although far from inexpensive, is a stone wall at least five feet high along the street side of your property. This bounces noise back, or deflects it upward. Second choice is a chick, evergreen hedge or a row of various kinds of shrubbery to absorb sound waves. Heavy draperies, carpeting and acoustic materials on walls and ceilings will reduce the impact of noise from outside as well as from interior sources.

Room Air Conditioner May Cool Small Home Tests have shown that a single 1-ton or 1 1/2-ton room air conditioner often can comfortably cool a small home of about 1,000 square feet of living space if the house is thickly insulated with mineral wool and has an independent filter for circulating air from room to room.

Combined Bands

The Manchester-Chelsea Community Band held their last summer rehearsal Tuesday, August 18 at 7 p.m. at the Manchester Intermediate school.

The band will march in the Manchester fair parade the next evening, Wednesday, August 19 at 7 p.m. and then will present the following concert at 8 p.m.

First will be, "America"; "Silver Anniversary March" by Yoder; "Park Ridge Overture," by Yoder; "With a Little Bit of Luck," by Wilson; "The Three Skates for Bar," "Our Glorious Land March," by Glavens; "Autumn Leaves" "The Thunder March," by Sousa; and the "Star-Spangled Banner."

Chelsea's two band twirlers, Lynn Stussler and Lynn Fabner will be featured in an exciting five-minute twirling act.

Robert Sottori, Manchester High School band director, Gayle Grove and Byron Pearson, will direct during the program.

Small, high windows are attractive and practical especially for bedrooms, but one large window, such as this casement style, is needed for emergencies.

Window Planning Important Step For Safe Home

Careful window planning makes a house safer for its occupants, says the Small Homes Council of the University of Illinois in its copyrighted circular, "Hazard Free Houses for All."

Here are some of the Council's suggestions for windows in any home:

1. To avoid collisions with projecting awnings and casement windows, planting beds should be put beneath them, never sidewalks.

2. All windows which cannot be reached from the ground or porch should be of a type that can be washed from inside.

3. All major rooms, including basement playrooms, should have a door leading outside, or at least one window no smaller than 24 x 30 inches to permit easy escape in case of fire.

Davis Cup Admired By Future Defenders

Michigan's Kalamazoo College annually is the goal of all American youth on their way to tennis stardom. This year, for the 17th time, the college hosted the United States Lawn Tennis Association's National Junior and Boys' Tennis Championship.

Pictured above, the six junior members of the United States Davis Cup Team admire tennis' symbol of international supremacy as it was displayed during the tournament at Kalamazoo's Stowe Tennis Stadium. With the boys are Martin L. Tressel, Pittsburgh, Pa., left center, vice president, Alois International and chairman, United States Lawn Tennis Association Junior Development and under, played in the junior tournament.

Committee, and Dr. Weimer K. Hicks, right center, President of Kalamazoo College and honorary referee. The boys, left to right, are Charles McKinley, St. Ann, Missouri; William E. Bond, LaJolla, California; Dennis Ralston, Bakersfield, California; Martin Reissen, Hinsdale, Illinois; Ramsey Barnhart, Ventura, California; and Paul Palmer, Phoenix, Arizona.

Two hundred twenty-four entries from 33 states qualified in regional tournaments for this year's competition. Ninety-six boys, 15 and under, competed for the Boys' Championship and one hundred twenty-eight, 18 and under, played in the junior tournament.

Death Of John J. Buke

John J. Buke, 54, a new manager of the Arbor Lodge Motel in Ann Arbor and a resident of the county for the past 25 years died at St. Joseph Mercy Hospital, Ann Arbor Thursday night following a heart attack.

He was scheduled to take over his new duties as manager of the Ann Arbor motel on Monday, August 17. He lived at 4416 W. US-10 where he was to terminate his managerial duties last week.

He was born in Passaic, New Jersey February 12, 1905. In addition to his wife, Victoria, he is survived by his father, John Buke of Tecumseh (formerly of Manchester) two sons, Edmund and David Buke, both of Chelsea and three stepdaughters, Mrs. Jack Brakine of Moran and Mrs. Ralph Brakine of Chelsea; two step-sons, Ruben Edick and James Gaken both of Chelsea; four brothers Steven Buke and Michael Buke both of Tecumseh; Andrew Buke of East Tawas and Alan Buke of Wakeagen, Illinois; a half brother Joseph Smala of Ann Arbor and four sisters, Mrs. Mary Nagy of Tecumseh, Mrs. Clara Chilesny of Gary, Indiana, Mrs. Dittie Davis of Ann Arbor, and Mrs. Marjorie Sebold of Ann Arbor.

Funeral services were held Monday at St. Mary's Catholic church in Chelsea with the Rev. Fr. Leo Lajko officiating and burial was in Oak Grove Cemetery.

PERSONALS

Dr. and Mrs. C. C. Beck and son Bruce of East Lansing are spending a week's vacation at the farm home of Mr. and Mrs. J. C. Cathy.

Mrs. Wendell Reinhardt spent three days this week with her sister Mrs. Robert Suttill in Detroit. On Sunday the Reinhardt joined Mr. and Mrs. Robert Suttill and family at a dinner. Others attending were Mr. and Mrs. Earl Jaffe and Mr. and Mrs. Del King all of Tecumseh.

Contest Winners

Janet and Beth Kemmer, Mary Hester, and Susan Walker all of Manchester, were contest winners in the County contest held at the Pittsfield Townhall. All are in the junior division.

In the senior division Sue Hestert of Manchester won a food preparation. Pat Murook of Deser won in dairy foods, and Janice Hestert of Ann Arbor won in baking. Rose Latz and Joan Greden of Ann Arbor won in livestock. Carl Redden of Chelsea in home improvement. Carol Braun of Ann Arbor in personal improvement, and Janice Harwood and Mary Lou Payer of Ann Arbor in clothing.

Representing the county in vegetable garden judging is Linda Sternick, South Lyon. Chuck Thomas, Ann Arbor. Eugene Fountain of Ann Arbor. Dennis Thompson, South Lyon, and Bruce Conner of Ann Arbor.

In anatomy identification James Freeman, Ann Arbor. James Conant, Ann Arbor, Milton Yost and Larry Newhouse of Ypsilanti.

Is the Alaska Highway dangerous for a woman to drive? How are the restaurants and hotels? Should children go along? What happens in case of a breakdown? What does a woman wear on the trip?

The driver, a housewife and mother, will make the trip alone, over 2,000 miles of desolate, winding roads from Seattle, Wash. to the Arctic Circle.

The trip is being sponsored by the Du Pont Co. in conjunction with the Seattle and Fairbanks Chambers of Commerce and various Canadian Chambers of Commerce to test their anti-freeze and to provide prospective tourists with practical information about travel to Alaska, our 49th state.

The driver will study the route and accommodations from the standpoint of family travel. Following her return, plans call for her to report the details of the trip through newspapers and television.

Nobody Here But Us Guests! Old Chicken Coop Converted Into Handsome Guest House

AFTER—Streak guest house above was decrepit shack, below, prior to remodeling.

Industrial designer Paul MacAlister, whose prowess in design of anything from parasols to Pullman cars is renowned from Peking to Poughkeepsie, has turned his talents to an old chicken house on his farm in Lake St. Clair.

Applying many of the skills of his profession, MacAlister remodeled the crumbling structure shown in the "before" photo into the modern house in the "after" picture.

Aside from the difference in appearance between the old and the new, the two most important factors in the remodeling are compactness and cost.

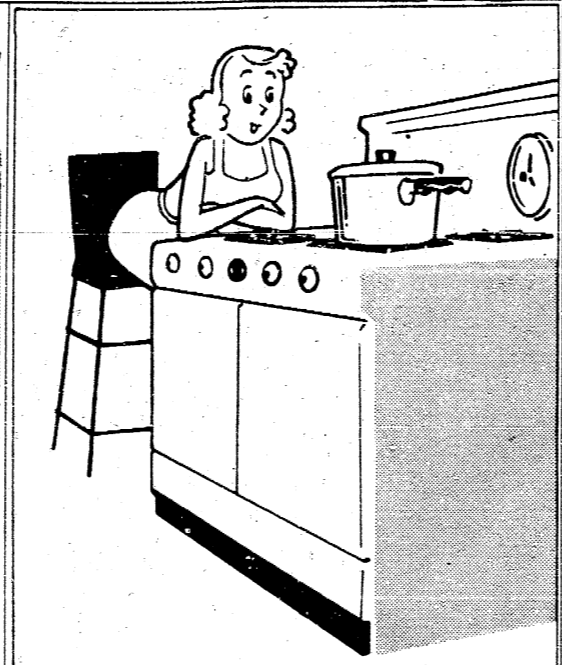

Using his experience as a designer of ships and Pullman cars, MacAlister managed to fit an 18 x 18-foot living room, a den-study-bedroom, a large bathroom, dining area, kitchen, two-car garage, and workshop into 1,182 square feet, all the while maintaining a feeling of airiness and space.

Part of this feeling is accomplished with tall, sliding windows of ponderosa pine that provide maximum light and ventilation while permitting the room to "expand" outdoors. There was a cost savings here, too. These windows of ponderosa pine are available in units with frame and sash fitted together.

Matches, knives, scissors and ultra-thin plastic bags all have their constructive uses... none of which include use as playthings by young children. Destroy ultra-thin plastic bags after use.

Disposable ultra-thin plastic bags are potentially dangerous to young children. When finished with ultra-thin plastic bags, tie them in knots and put them in a covered garbage can.

Disposable ultra-thin plastic garment bags should never be used as covers in cribs, playpens, baby carriages. This type of plastic exposes a child to potential danger.

BEFORE

At the factory, greatly reducing the cost of installation. MacAlister's choice of a roofing material also netted a cash savings. He selected asphalt shingles because he knew they could be applied without wasted labor. The result is a roof that will provide years of protection while it contributes a colorful, soft-textured appearance to the exterior.

Since the house was to be used as a guest home for clients, MacAlister wanted it to be comfortable in all seasons. To be sure of this, he insulated completely. Cost was not a problem here, because the designer knew that the thick mineral wool blankets would pay for themselves in fuel savings within a few years.

Tough asphalt shingles get their rugged ability to shrug off the wearing effects of weather from a thick layer of rock granules embedded in the surface of the waterproof asphalt.

The granules provide a rich, textured appearance, without harsh, ugly glare. They also carry the pigments that make possible the many colors available in asphalt shingles.

The trip is being sponsored by the Du Pont Co. in conjunction with the Seattle and Fairbanks Chambers of Commerce and various Canadian Chambers of Commerce to test their anti-freeze and to provide prospective tourists with practical information about travel to Alaska, our 49th state.

IT'S SIMPLY FASCINATING...

the way the new Gas Range with the automatic Top Burner takes over your cooking so completely... so automatically. Set it! You just turn the dial and top burners, broiler or oven light up instantly. Forget it! No worry of scorching, boil-over or over-cooking. The Top Burner makes every pan and skillet you own an "automatic controlled heat utensil." Oven turns "on and off" safely... automatically, even when you're away. A perfect meal will be waiting to be served when you return, any time and every time. A Gas Range gives you new ease and freedom... makes kitchen chores a delight!

GAS RANGES COST LESS TO BUY, TO USE AND INSTALL
