EUGENE HUNT INJURED IN AUTO ACCIDENT

A Manchester man was hospitalized Tuesday afternoon when he lost control of his car on Schellenger Road, about 6 miles southeast of Manchester. Eugene Hunt, 33, of 10950 Burnmaster Road, Manchester, was driving north on Schellenger Road at 2:25 p.m. when he lost control of his car, according to Washtenaw County Sheriff officers who investigated. The car ran off the right side of the road and went up the bank 96 feet, hit 3 trees and flipped over and landed in the roadway.

Hunt suffered several fractured ribs and internal injuries, he was taken to Beyer Hospital, in Ypsilanti, in the Jetter ambulance.

TOWNSHIP LIBRARY

Due to volunteer assistance from a number of people, the Manchester Township Library is gradually becoming reorganized. Many thanks are extended by the library board and Mrs. Audrey Smith, the new librarian, to Mrs. Ronald Jenter, her daughter Karen and niece, Barbara Steele, Mrs. Delbert Ludwig, Carol and Cindy Alexander, Mrs. Thomas T. Lockridge and Miss Donna Watkins for assisting at various times the past two months.

Special thanks are extended to Mrs. Mable Pardee who conducted the summer story hour this past year and to Miss Nellie Ackerson, who has spent many hours "above and beyond the call of duty" getting the children's collection in order.

In the near future, the basement of the library will be opened as a magazine and periodically reading room. Some of the former Girl Scout furnishings are "borrowed" for this department, and the extra folding chairs are a loan from the Macabees through Carl Wurthner. Book Week is the first week in November this year and special events will be announced later for this occasion.

HOSPITAL TRAINING COURSE

A second training course sponsored by the Women's Auxiliary of St. Joseph Mercy Hospital for playroom volunteers will be conducted at the hospital from 9:30 to 11:30 a.m. Thursday, October 15 and Thursday, October 22.

Lectures will be presented by specialists in pediatrics, psychology, nursing and occupational therapy. Each lecture will be followed by a discussion period. The course is designed to prepare volunteers for working with hospitalized children on a play-activity program.

This play-activity program has been in operation during the past year. Volunteers who have previously been trained have contributed two hours each week toward this project. Any interested person in the county is invited to attend the training course.

Following the course, they will be given an opportunity to join the playroom volunteers.

COMMUNITY FUND and RED CROSS ANNUAL

Mrs. Louis Vogel (standing center) explains to 100 volunteer workers their part in the annual community chest drive at the Kick-off dinner Thursday at St. Mary's Hall. Pictured with her are (seated left to right) Mrs. James Baker, chairman of the village house-to-house campaign and Mrs. Jesse Walker, chairman of the rural house-to-house solicitation. Standing (left to right) are Clarence Fielder, member of the recreation committee, Eugene Bentscheider, president of the village, Franklin M. Reck, toastmaster and Robert J. Ross, local representative of the Ford Motor Company's United Fund.

COUNTY CONVENTION

The Washtenaw County convention held in the County building elected Max Kalmbach chairman of the U.S. Agricultural Department, Agriculture Stabilization and Conservation County committee. Others elected with him are Earl Dolezky, vice-president and Donald Baldwin, member and Rudolph Gross and James C. Hoadbury, first and second alternates.

Results of the Washtenaw county balloting in the wool and lamb market development referendum which was voted on by wool producers during the month of September were announced by the ASC committee as follows:

Number of producers favoring the agreement, including those for whom a co-operative association has voted, 152; number of sheep represented by producers included in this group, 19,754.

Number of producers not in favor of the agreement, including those for whom a co-operative association voted, 123; number of sheep represented by producers included among those not in favor of the agreement, 16,197. Including one ineligible ballot the total number of voters who cast ballots in the referendum is 276, with a total number of sheep represented by eligible voters being 34,951.

Deductions for this promotion program have been made each year since the wool incentive program began in 1955. Deductions amount to 1 percent per pound for shorn wool and 5 cents per hundred weight for unshorn lambs and may be no higher than that if the agreement is extended.

Extension of the agreement requires a favorable vote by growers having two-thirds of the volume of production represented in the referendum. That figure was not reached in Washtenaw county. National results are not yet available at the County ASC Office.

HALLOWEEN PLANS

The annual Halloween festivities for the children of the Manchester area will be held on the athletic field October 31st, at 7:00 p.m.

In announcing the plans for that evening, Mr. Ted Tapping, Recreation Committee Chairman, stated that the Manchester Jaycees are going to provide free cider and doughnuts to all of the children taking part in the parade. Due to this very helpful and worthwhile undertaking of the Jaycees, the Recreation Committee will have the opportunity to award twice as many costume prizes as it did last year.

Other information regarding the parade event will be sent home with the children from school during the week preceding Halloween.

NEW HOMES

Fifteen new houses and a new fire station are the bulk of a new construction in the county. The new work in 71 building permits totals \$527,390.

The new fire station is to be built by Ypsilanti township on Hewitt road at an estimated cost of \$25,995. The Acme Stone company of 4081 Carpenter road, Pittsfield township will build a \$4,000 addition.

FARM BUREAU

About 200 attended the Washtenaw County Farm Bureau annual meeting at the Dexter high school.

The business session included the election of four new directors and the selection of 20 persons to attend the State Farm Bureau annual meeting November 9-12 East Lansing. The new directors are Ormand Kapp of Ann Arbor township, Calvin Clark of Sylvan township, Carl Seeger of York township and Carl Lesser of Dexter.

DOUBLE A PRODUCTS-BUSINESS DIVISION START ANNUAL DRIVE

Eighty-eight United Community Fund and Red Cross Drive volunteers met last Thursday at the annual Kick-off meeting which was held at St. Mary's Church Hall. The invocation was given by the Reverend William R. Schneider and the dinner was served by the local Knights of Columbus chapter. Music was furnished throughout the dining period by Mary Ann Paul, Hugh Higgins, Martha Boutell and Gary Hamilton with Mr. Reck accompanying each student on his solo instrument.

Franklin M. Reck presided at the program which got under way with a brief talk by the mayor, Eugene Bentscheider, on "What the United Drive Means to the Village." Manchester is just one of over two thousand areas conducting a similar drive at this same time.

Robert T. Ross of the Ford Motor Company and Manchester explained the principle of the United Fund in Industry. He told the solicitors how their employees, as well as many other companies', give through the payroll deduction plan, a little bit out of each pay check, to make up a substantial sum that is sent to the place the employee indicates, and how industry can allow only one interruption of this sort per year.

Mrs. James Baker reminded the solicitors that the village homemakers appreciate the United Drive if for nothing more than the 45 less times that they have to answer the door. There are 46 agencies in the United Drive this year.

Mrs. Jesse Walker introduced her rural captains and brought out the point that a United School District also meant a united working body and more efficient means of showing they cared and shared. Last year's rural drive, also charge of Mrs. Walker, had made record solicitations and the group is expecting to beat their old record this year.

Clarence Fielder represented the young people of the area as a member of the Recreation Committee. With all the things the United Drive means to the young people of Manchester area it was hard for him to be brief. His report of summer playground and swimming was one of progress and value. Young people from the entire area are urged to take part and activities will be expanded as fast as the area can handle the cost. This is much less than the cost of delinquent problems which are besetting other areas of the state and nation.

Mrs. Louis Vogel, campaign and business chairman, told those present in her own inimitable fashion, how to wind up the drive in the two weeks allotted for it this year. She explained the kits and materials that the solicitors have and answered questions to the subject. Mrs. Vogel announced that \$1,200 had already been raised by the Business Division as a starter for the Drive.

Mr. Reck presented a number of Community Fund workers with red leather pins for long periods of service to the soliciting of funds in Manchester. James C. Hendley, Mrs. Philip Kern and Mrs. John Bunney were presented pins though absent from this event. Mrs. Baker, Mrs. Walker, Mrs. Vogel and Mrs. Reck were present to receive their honors.

Industrial representatives at the meeting included J.B. Upton, Jr., for Double A, Ted Tapping and Robert Duhon for the school system, Lawrence DeVerna for Ford Motor Company, R. L. Ayers for Wolverine Pipeline, Car Settle for Michigan Gas Storage, Chrysler Proving will also be covered by Ira Johnson who was unable to attend.

The only report from industry so far is the Double A plant with a total of \$1,000 to be shared equally by management and the Union. Hourly employed will be solicited at their homes again this year by house-to-house teams. Salaried employees will be contacted at the office by John Pippenger and Mrs. Alger Clark, Sr.

Employees of other industry in the area will be urged to make their gifts for the Manchester United Fund.

A thermometer will record the progress of the drive on Main Street again this year. The goal is \$8,000.

Telescope Open House Attracts Thousands

Between 3,000 and 5,000 persons yesterday attended an open house program for the University's new 85-foot steerable radio telescope on Peach Mountain, 16 miles northwest of Ann Arbor.

Sheriff's deputies reported trouble preventing traffic jams as drivers attempted to find parking space.

The open house was part of the dedication program for the 10-story-high telescope which is said to be the fourth largest

and most sensitive of its kind in the world.

It was first put into operation at dedication ceremonies last Wednesday, attended by state and national officials and astronomers from throughout the nation.

The \$270,000 instrument is capable of obtaining new detailed information on radiation from the sun and various planets, as well as tracking rockets traveling to the far reaches of outer space.

NAPUS PRESS RELEASE

If you have friends or relatives in other countries, do you know the regulations which govern sending and receiving gifts through the international mails?

"This is obviously an important question anytime during the year," says Postmaster George Merriman "but it is especially important just now when Christmas gifts are being wrapped for shipment to destinations all over the globe." Any post office can answer specific questions about postal rates and general questions about what kinds of items are permitted, restricted, or prohibited. Much of the information that mailers need, however, must be obtained from field offices of the U. S. Department of Commerce.

Postmaster Merriman reminds us that large countries and small have their different notions about what they should allow to come within their borders from abroad. For example, France will not permit bank notes, paper money, nursing bottles or nipples to be received in gift packages. "The important thing to remember," says Postmaster Merriman, "is that international mailings are too complicated for the senders of gifts to guess. The Department of Commerce has free pamphlets, some containing general information about gift packages

and others containing specific information about regulations imposed by individual countries. The post office has free booklets on rates, packaging, and other essential information. Both the Department of Commerce and the postal service are anxious to help gift mailers be correct."

For postal information about gift mailings abroad call at the Post Office.

SAVINGS BONDS

Residents of Washtenaw County invested \$2,515,005 in series E and H United States savings bonds during the first eight months of 1959, it was announced today by John R. Meadows, volunteer chairman of the Washtenaw County Savings Bonds Committee.

According to the County Bond Chairman, purchases through August 31 were equivalent to 60 per cent of the current year's goal of \$4,198,000. County purchases of the two popular series totaled \$2,767,536 in the same 1958 period.

"I am confident," he concluded, "that residents of this county will respond to passage of this new legislation by holding onto their old bonds and increasing their purchases of new E and H bonds at the better-than-ever current rates."

RESERVE ENLISTMENTS

Enlistments calling for six month's active Army duty are still being accepted at the Ann Arbor Army Reserve Center, Maj. Charles P. Trickett, Reserve coordinator, has announced. He said the Washtenaw county quota of 15 enlistments for the period ending October 23 has not yet been reached. Men between the ages of 17 and 18½ years of age who pass physical and aptitude examinations are being selected for the quota.

Under the Reserve Forces Act, enlistees serve a half-year at one or more Army camps and complete their obligation with 5½ years in a home town Reserve unit which meets one evening a week and goes on active duty two weeks each summer.

Further information may be obtained from the center at 524 South Main street, Ann Arbor or calling NO 2-0566.

Mr. and Mrs. Duane Westphal of Pleasant Lake returned evening Monday evening from Liberal, Missouri, where they had been visiting her mother, Mrs. Arthur Gray and other relatives.

Area Students College Level

Twenty-four students have enrolled in a project offering college-level studies to outstanding Washtenaw county high school students through the University and Eastern Michigan University.

The Washtenaw County Executive Council, a committee of the principals of participating high schools, designed the project to bring the Advanced Placement Program to more state schools. Nicholas Schreiber, Ann Arbor High School principal, is council chairman.

The College Entrance Examination Board, sponsors of the placement program, state its purpose as enabling high school students to undertake work on the college level commensurate with their abilities.

Under the Council's plan, two courses were offered from a possible 14 approved by the A.P.P. They are European history and chemistry.

European history is taught by Miss Henry M. Jochens, graded on a "one to five" basis. Miss Jochens received her degree from the University of Denmark and completed post-doctoral studies at the University of Paris and Johns Hopkins University.

European history students are Misses Christeen of Ann Arbor; and Sandy Hogan, Jeff Jahr, Donna Whicella, Leonard J. Tabaka, Sandra Chis, Jane Putris, and Mary Louise Drysdale, all of Belleville; Nancy Wilson, Lincoln Consolidated High School; Paul Menzel, Manchester; and Robert Edgart and Elizabeth Liddell, both of South Lyon.

Mrs. Mary V. Anderson, once an instructor at EMU and Ohio University, teaches chemistry on the EMU campus.

Those in chemistry class are Douglas Bailey of Ann Arbor; Sam Emerson, Richard Buss, Larry Boyd, George Milligan, Larry Lockwood, and Clement Johnson all of Belleville; Susan Steger and Diane Gary, both of Chelsea; and James Lavall, Moritz Ziegler, and Thomas Tom of Dexter.

These courses are being offered by the extension services of both universities but are non-credit until enrolled students pass an advanced placement examination as a condition of being graded on a "one to five" basis.

Area Students College Level

After the examination, each university determines whether students may be admitted with advanced credit, advanced placement, or both.

The U-M grants a maximum of 16 hours of credit if students attain scores from three to five on the examination. The department concerned decides what credit will be advanced, if any, for those graded in the number two bracket.

At EMU, credit is granted up to a maximum of 12 semester hours if students score four or five on the examination. However, EMU's Vice-President of Instruction Bruce Nelson says policy considerations still are being made on whether it is necessary to receive departmental approvals at these grade levels. Students with grades two and three may be given advanced credit with additional evidence of competence.

Ray E. Kehoe, associate director of the U-M Bureau of School Services, says the Washtenaw project is the first co-operative attempt to bring the A.P.P. to a large number of high schools. "If this project is successful," he continues, "it is hoped that it will be extended to other parts of the state."

MANCHESTER LODGE NO. 148 F.A.M. will hold a special communication, Monday, October 19, at 7:30 p.m. in the Masonic Hall to confer two M. M. Degrees.

METHODIST OPEN HOUSE and reception for Rev. Mr. Jesse Epps and Mrs. Jesse Epps will be held Sunday, October 18, from 2 to 5 p.m. at the Methodist Church Hall. All members and friends are urged to attend.
