MAY 24TH DEADLINE SCHOOL BOARD NOMINEES

The annual school election will be held Monday, June 13, in the high school music room from 1 p.m. to 8 p.m. The board of education will be a seven member board this next school year. The qualified voters of the district will have the opportunity to elect two members for a three year period to fill the vacancies left by the expired terms of Luther Klager and Laurin Leeson. They will also elect two additional members for four year terms.

Nominating petitions are available at the Superintendent's office and the City Savings Bank. These petitions are to be turned in by May 24th with the signature of 25 or more qualified voters.

It is expected that the board of education will submit to the voters a resolution authorizing the school district to levy 3 mills extra operating for the next school year. This is to replace the 3 1/2 mill levied last year. Again the school board is not asking money to make up any previous deficits. This is the amount needed to keep the present staff at a fair salary level to neighboring schools. There has been nothing added to the instructional program to add to this budget.

A second resolution, passed unanimously by the board was to use only a portion of the three mills, if the allocation board gives the district more than eight mills of the 15 available. The total operating levy will not exceed 11 mills. This is one mill less than last year. It also seems evident at this time, school officials point out, that the debt retirement millage will be lowered at least a mill for next year. It is impossible to tell individual property owners how their tax bill will be effected next year as there will probably be no definite valuation until June school officials said.

MISS MICHIGAN, 1959 CHOSEN JUDGE FOR MISS UNIVERSE CONTEST

Sue Westergaard, Miss Michigan-Universite 1959, has been chosen as one of three judges who will participate in selection of Miss Washtenaw County who will compete in the Miss Michigan Pageant, it was announced today by the Business and Professional Women's Club of Manchester. The contest for the selection of Miss Washtenaw County will take place on June 11, 1960 at the Manchester Civic Auditorium in Manchester. She will then compete with other preliminary winners from throughout Michigan for the Miss Michigan title.

According to Mrs. Gertrude Fielder, head of the Business and Professional Women's Club, "Miss Westergaard will help us provide a fair and unbiased contest to determine the most beautiful girl of this area to represent Washtenaw County at the Michigan Contest and subsequently the Miss Universe Pageant. The girls will be judged on the basis of beauty of face and figure, poise, personality and charm."

Those re-elected for three-year terms are Mrs. Wm. Carr of Ann Arbor and Robert A. Lee and Ralph Wright both of Ypsilanti. In addition to the officers, Mrs. Johnson and Wright are members of the Executive Committee.

Mrs. Robert Hamsley, treasurer of the Business and Professional Women's Club here in Manchester has announced the names of judges for the Miss Washtenaw County contest to be held at 8 p.m. June 11 in the Manchester Civic Auditorium.

The Miss Washtenaw County contest is being held in conjunction with the Miss Michigan contest for the Miss USA title. Miss USA will compete in the Miss Universe contest.

Mrs. Hamsley explained that the Manchester BPW Club has been appointed by Pageant Enterprises, Inc. of Michigan to sponsor the Miss Washtenaw County contest.

SECOND 4-H AGENT LIKELY

Two Washtenaw Board of Supervisors' Committees will study a request for a second County 4-H Agent who would be assigned to finding and training 4-H leaders and organizing 4-H Clubs.

The request was placed before the Board by Donald R. Johnson, Director of the Co-operative Extension Service. Johnson told the Board of a County-wide demand to organize new 4-H clubs, lack of leaders, limited membership in some existing 4-H clubs because of shortage of leaders and educative benefits of such clubs.

He noted that demands made on the County's 4-H Agent do not permit him to visit clubs regularly, advise leaders and establish the proper liaison between his office and the clubs.

A resolution adopted unanimously by the Supervisors calls for the agricultural and ways and means committee "to find ways and means of getting a second agent." The Committee's findings are to be reported at the June meeting. Johnson said a second agent would cost \$5,500 for salary plus expenses.

L to R: Councilman and Mrs. Lauren Strait, Mrs. Louis Hogan and Mayor Hogan of Carson City are greeted by Herbert Upton, Jr., in front of the Double A Products Company before they began their tour of the plant. This was a part of the program for Monday's Mayor Exchange Day.

FLOWERING TREES TO BEAUTIFY TOWN

Manchester is getting a beauty treatment made possible by the Optimist Club and the local Village Council. Some 100 flowering crab apple trees have arrived from the Ingelritiz Nursery. Some have been purchased by residents, and some by the Council for use around the school property and some for Carr Park.

Committee working for the Village include Basil McGuire and Ed Galloway. The Village has also purchased some hard wood trees to replace some of the elms which had to be destroyed and other trees which have died.

To raise money to pay for such a venture is a challenge to the Optimist Club. Working with the businessmen, headed by L. V. Kirk, and Luther Klager plans are under way to put on a Paul Bunyan breakfast in conjunction with a Manchester Gals Day.

Mr. Klager has enlisted the help of the Poultry Department at Michigan State University and Dr. Floyd Hicks, Howard Zindell and Charles Shepard have again volunteered their help to Manchester. Howard Zindell's name has long been linked with the famous Chicken Barbecues held here each summer.

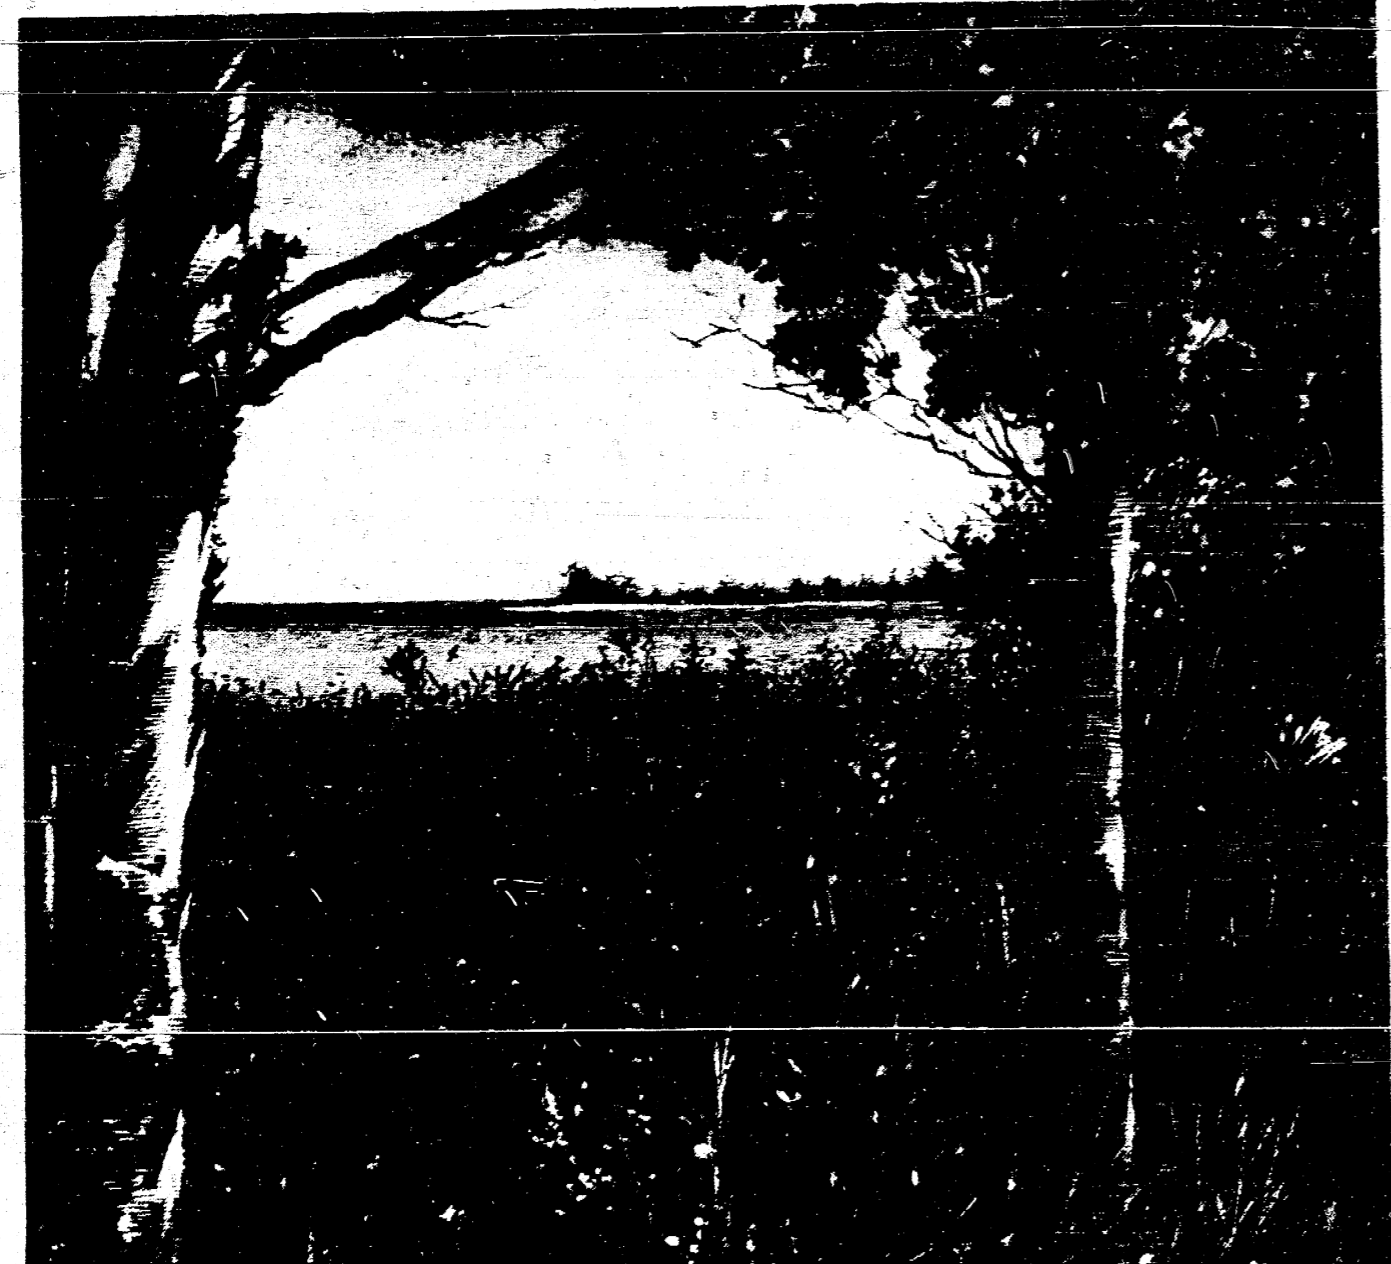

At a special meeting of the town businessmen the town and the Union Savings Bank, careful planning started for this Paul Bunyan Breakfast to be held in June.

A seven foot skillet will be used for the operation and the eggs will be scrambled with three utensils resembling garden rakes. A skillet of eggs will feed 100 persons. The breakfast, which will feature all Michigan products will consist of Michigan apple juice, Michigan turkey sausage and Michigan honey and biscuits.

In order to acquaint themselves with the operation of such a meal Luther Klager, Dan Boutell, Rolland Grossman and Robert Masten went to Detroit Thursday where a similar breakfast was served.

Mr. and Mrs. Russell Proctor of Livonia called on Mr. and Mrs. Wm. Stark Sunday and then visited his mother, Mrs. Harvey Proctor, who is a patient in St. Joseph Hospital, Ann Arbor.

The next meeting will be June 14th at the home of Mr. and Mrs. Lawrence Tirb.

what's the real price of a quart of milk?

In terms of the average amount of work required to buy a quart of milk, the "price" is 70% less today than it was 45 years ago.

The real price of a quart of milk is measured by the amount of work—not the amount of money—required to obtain it.

In 1914, for example, the average hourly wage earner worked 22.9 minutes to earn the money to buy a quart of milk. (See table.) Today's average wage earner works only 6.8 minutes to earn enough money to buy a quart of milk.

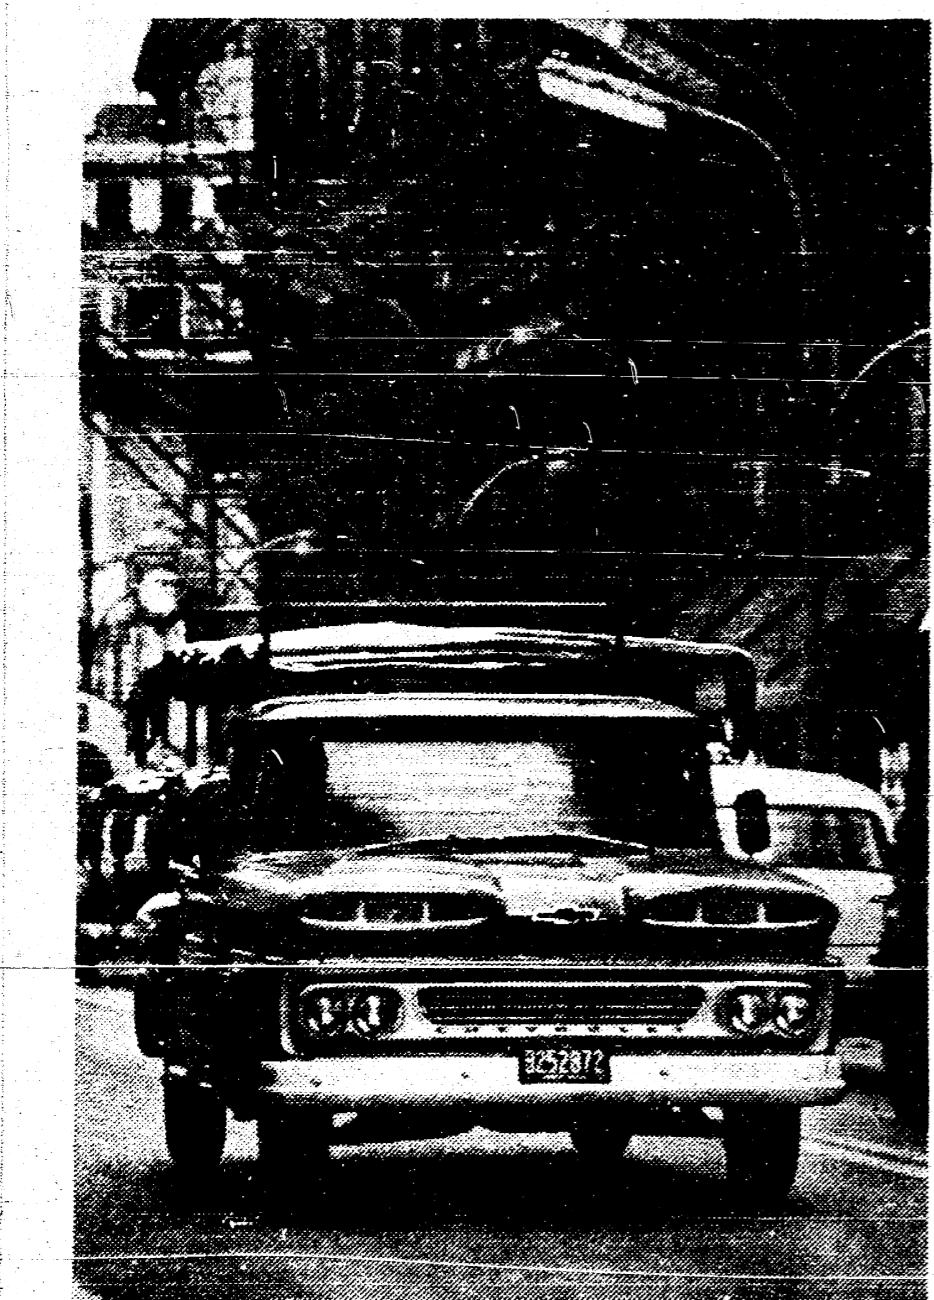

In terms of the work required to obtain it, the same quart of milk "costs" 70% less today than it did 45 years ago.

Bargains like this are few and far between.

The engine is Chevy's famous Thriftmaster 5!

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Haller, General Manager of S. C. H. Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon... with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torsion-Spring Ride is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torsion-spring Chevy soon. Chevy hums through Chicago traffic to the tune of 21 miles to the gallon!

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Haller, General Manager of S. C. H. Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon... with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torsion-Spring Ride is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torsion-spring Chevy soon. We'll rest our case on that one ride.

PROPERTY SALE FOR TAXES

The annual delinquent tax sale for Washtenaw County has begun in Room 117 A of the County Building in Ann Arbor. A record number of properties in the County were placed on sale for taxes which are three years or more in arrears.

This year's sale listed 200 lots in the County compared with 350 last year, which is about average. Among the 200 lots are 453 in Northfield Township, 127 in Ypsilanti and 47 in Ann Arbor.

Gerald Roberts, accountant in the County Treasurer's Office said that since last October 1st when the list of properties on sale for delinquent taxes was made up, more than 1,000 property owners had paid their back taxes, removing them from the sale.

Selling of the properties as a tax auction does not mean that the owners will lose title to their properties immediately. They have until the next annual sale to redeem their property by paying the amount of the sale plus 1 percent interest.

SUMMER READING

Miss Nellie Ackerson, chairman of the Book Committee of the Manchester Township Library, announces plans for the 1960 Summer Reading Program at the library, from June 7 through August 12. It will be divided into three divisions this year. Division I is for boys and girls who are in grades 1 through 3 and their books are marked E, J, and their books are marked as OJ.

A child participating in either of these Divisions will register at the library and receive a Reading Record Booklet. The booklet will be filed at the library for convenience during the ten week program and a librarian will record the books as read.

At the end of the program, the six children in each division who have read the greatest number of books will receive Honorable Mention. Each reader will, however, be limited to not more than four books from his age level of reading, per week.

Division III is for young people who are in seventh grade or above and their books are marked YP. Summer reader credit in this division will be given only on books borrowed from a Selected Reading Shelf. (Other books may be borrowed but will not count toward reading program credit). Each reader's Record Booklet will be filed at the library so that the books may be recorded as returned.

After five books from the Selected Shelf have been read, the participant's name will be placed on the Honor Roll. Each participant in this division will be limited to one book per week for credit. The four young people who read the most books in this Division will receive Honorable Mention.

Miss Ackerson also announces that there will be a Story Hour at the library during the eight weeks that there is Summer Recreation, June 22 through August 10. Story Hour will be on Wednesday afternoon from 2:00 to 3:00 and it will be planned for children from five through eight years old. Mrs. Mabel Pardee is chairman of the Story Hour program.

Library rules are sometimes confusing, because parents do not know they exist. Mrs. Audrey Smith, librarian, has the complete rules posted at the library for all to see, so only a brief resume is given here.

All borrowers must have a library card. Children fourteen and under must have their library cards signed by a parent or guardian.

A child may borrow two books at a time.

A book may be borrowed without charge for two weeks and some books may be renewed at that time for two weeks more.

A fine of 2¢ per day is charged, for the days that the library is open, for each overdue book.

Library hours are still the same as they have been all year.

WHEAT DISPOSAL DEADLINE DATE SET FOR JUNE 10

Chairman Max M. Kaimbach of the Washtenaw County Agricultural Stabilization and Conservation Committee today reminded wheat growers that the deadline for disposing of excess wheat is June 10. That is the date by which the grower who wishes to comply with his 1960 wheat allotment must dispose of any excess acreage.

The grower who brings his acreage for harvest down to this allotment, Kaimbach said, may market all his wheat without penalty, is eligible for wheat price support and Conservation Reserve payments and gets credit for acreage diverted from wheat in computing future allotments.

Farmers who have any questions about excess wheat disposal are urged to get in touch with the county ASC office for further information.

PETITIONS IN FOR SCHOOL ELECTION

The Manchester school election will be held Monday, June 13. Signed petitions have been turned in to the school board. There will be two people elected for three year terms. Candidates are incumbents Luther Klager and Laurin Leeson. The name of John Navrock was also entered for a three year term.

Two will be elected for a four year term. The names of Paul Boehrs, Willis Uphaus, Kay Roesch, Finn Olsen, Clarence Fielder, and Earl Alber were entered by petitions.

The polls will be open from 1 to 8 p.m. in the high school music room.

According to Superintendent Robert Masten a grant of \$300. to be matched by \$1200 of local money will be forthcoming for high school equipment. This stems from a National Defense Federal Aid act for improving high school science.

Three teachers in the Manchester school system are leaving. They are Mrs. Derek Houver, a junior high teacher who is retiring, Kay Farspeech, a correctionist who will work for the University of Michigan and Carolyn Leeman. No replacements have been named at this time.

TO HAVE BREAKFAST

One hundred flowering crab trees have been purchased by the Optimist club here and have been planted around the schools and private residences to help beautify the village. The trees which the village set out are all planted according to Basil McGuire of the Public Works Committee.

Local Optimist club and Jaycees are planning to hold a breakfast in June to help defray the expenses of the tree purchase. More details will be told next week.

LIBRARY NEWS

Tours are top news at the Manchester Township Library this spring. Besides the visits from the visiting exchange Mayor Hogan of Carson City, Mrs. Louis Hogan, Councilman and Mrs. Lauren Strait and their party, classes from the Nellie Ackerson Grade School and the Pleasant Lake have also visited the library this month.

Mrs. Audrey Smith, Librarian, also reports that volunteer helpers have been assisting with many useful projects. Mrs. Allan Whiteman is extended special commendation for the book repairing project she has undertaken. Boxes of books are back in circulation because of her expert work, learned while she was an employee of the Detroit Public Library. Other volunteer assistants are Mrs. Dan Boutell, Mrs. D.D. Ludwick, Mrs. Ronald Jenter and Mrs. Thomas Lockridge.

There are many new books for adults on display in the fiction room. Parents bringing their children in to register them for Summer Reading are urged to look the new material over. There are now four hundred and eighty library card holders registered at the library.

RED CROSS BLOODMOBILE

Manchester Area Blood Club will hold a most important Blood Clinic in Manchester this coming August 24. Please mark this date on your calendar NOW and be ready with every able-bodied citizen in the area to be present. The Bloodmobile will be at St. Mary's Catholic Church on Main Street this year.

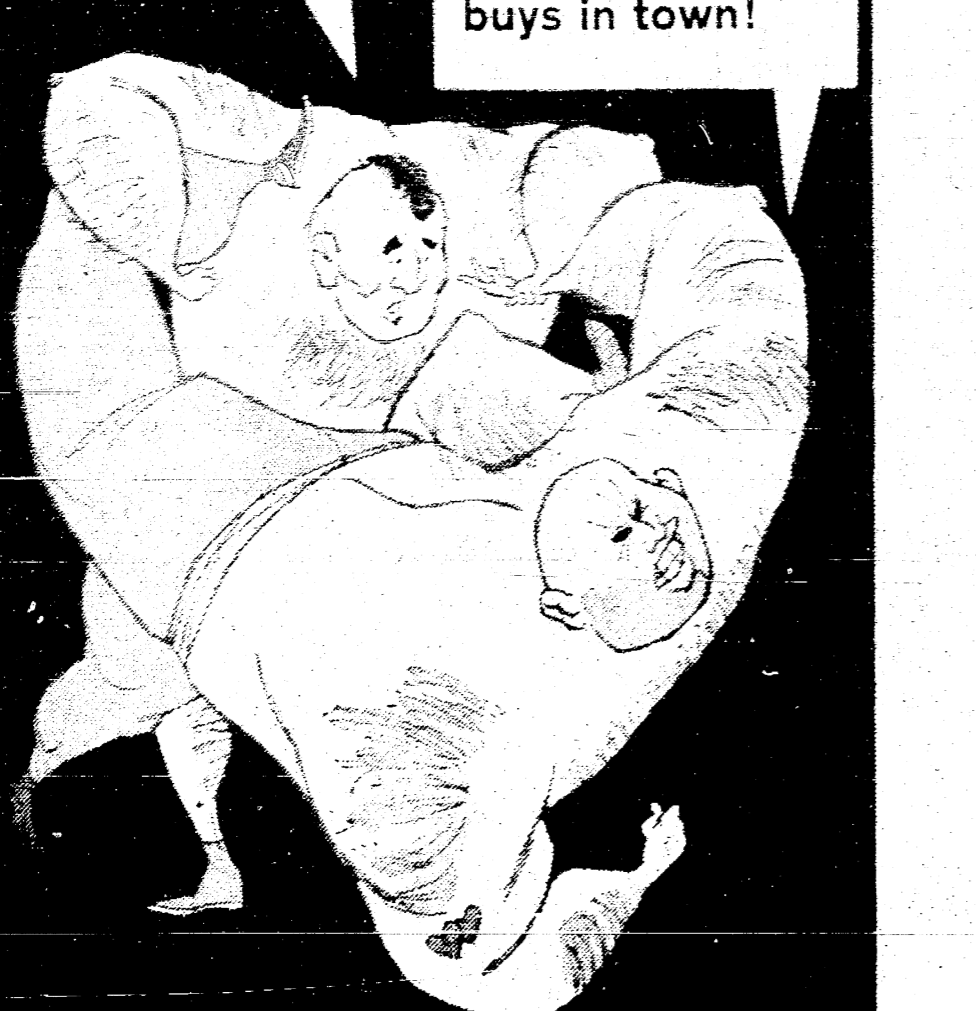

The Manchester Blood Bank is now at an all-time low of seven pints.
