SENIOR RECREATION NEWS

Despite some unfavorable weather last Wednesday and Thursday, senior playground attendance during the morning and afternoon of the first week was good. A high of 84 were in attendance Tuesday morning while on Thursday, afternoon a total of 71 went swimming at the State Park beach.

The playground softball league for boys and girls was organized on Monday, and play got underway Tuesday morning with 4 boys' teams and 3 girls' teams. Ron Panches' "Whiz Kids", Bob Bunney's "Wazoos" and Denny Hamilton's "Builddogs" all notched victories last week with Denny Steele's "Flips" still looking for their first victory. In the girls' league Linda Silveus' team took 2 games, Jeannine Swank's team won 1, and Debby Steele's team is still looking for their first win.

The first trip of the playground season will be taken on Wednesday. Both junior and senior playgrounders will visit the Toledo Zoo, leaving around 9:00 A.M., eating lunch at the zoo, and returning around 4:00 P.M. It was decided to make the trip on Wednesday instead on Friday because there is no admission charge to the zoo on that day.

Swimming lessons for beginners will begin on Thursday with Bob Foile of the County Red Cross providing the instruction each Thursday during summer playground. While this is an excellent opportunity to learn how to swim it is important that attendance is regular at each instruction period.

The Arts and Crafts program got underway with Ron McNally showing the group how to work with molding plaster and material for making lanyards and bracelets. Monday and Wednesday afternoons are the days for this program for anyone interested.

The winners of the first ping pong tournament last week were Dickie Fielder in the boys' and girls' 9-11 years division and Denny Steele in the 12-15 division. Dickie defeated Betty Cox and Denny won 2 out of 3 from Jim Fielder.

KEEP CHILDREN AWAY FROM STRANGE DOGS

A flurry of dog bites in the County in recent weeks has prompted Sheriff George A. Petersen to urge parents to keep their children away from strange dogs during the summer months.

The Sheriff noted that many of the cases of dogs biting children involve the child approaching a strange dog in an attempt to pet it. He pointed out that his officers are pushing the search for a mongrel dog which attacked a small Lodi Township girl.

Parents actually are gambling when they permit a child to walk up to a strange dog he said. "Rabies, traditionally appear in animals in the hot days of July and August and unless children are kept away from dogs, we almost certainly will have some hydrophic cases in the County this year."

COUNTY SANITATION REGULATIONS STUDIED

Proposed new sanitation regulations for Washtenaw County have been referred back to the Board of Supervisors' Health Committee and the County Prosecutor, although Dr. Otto K. Engelke, County Health Department Director urged they be adopted immediately.

The controversial rules and regulations provide the homes in areas not served by municipal facilities must be on one acre lots to use septic tanks and that the tanks must be installed farther than before from well water supplies and basement walls.

Pleading for the supervisors to take action on the proposed regulations, Dr. Engelke said, "This ordinance has been reviewed by one committee, by the full board, a copy of it has been sent to every supervisor and the Prosecutor has looked it over."

"I think it's time we stood up and were counted on this matter."

Dr. Engelke's pleas, however, were turned down by voice vote of the Board.

Supr. Carl Mast of Webster said he objected to the section of the proposed regulations which provide that no new septic tank and disposal field installation shall be made on a parcel of land less than one acre in size and isolated from adjoining properties. He noted that this is contrary to zoning of at least half the Townships in Washtenaw County.

Supr. John Ree of Ann Arbor said that he objected to the proposed regulations because they did not make exceptions for property with buildings which are not used for "human habitation."

Rae said he was concerned about the Department's refusal to grant a permit to the Ann Arbor Civic Theatre for a scene storage building it plans to erect on S. State Street.

Dr. Engelke said "We never know for how long a piece of property is going to be used under the conditions which the permits are issued. In the past we have had buildings sold within six months for purposes other than what they were when we issued the permit. I don't think every chicken coop has to have a permit or every storage building. If the Prosecutor or this Board says give them a permit we will give them one."

Dr. Engelke said that the problems of a beginning subdivision in Ann Arbor Township was an example of "pressure to build now with little thought given to the protection of future citizens and residents who purchase these homes," but that Ann Arbor Township officials have always cooperated and never gone contrary to recommendations of the Health Dept.

When the Health Officer said his department would need no new employees to enforce the proposed regulations, Supr. Emory Muhlolland said he thought there would be need for less. "I think you are going to cut the number of people who are going to build. What is the potential of those Townships which have municipal facilities for several years and can build only this year."

OBSERVE SIMPLE SWIMMING RULES

Ann Arbor—An estimated 7,000 people will drown this year in the United States, some 300 of them in Michigan alone. Most of the individuals who become part of these dismal statistics will do so because they fail to observe 10 simple rules for swimming, reminds Edward J. Slezak, supervisor of aquatics in men's physical education at the University of Michigan. To live longer while enjoying the popular sport of swimming, says Slezak, everybody should: 1. Learn to swim. 2. Never swim alone. 3. Refrain from swimming too soon after meals. 4. Enter the water gradually. 5. Insist on lifeguard protection whenever possible. 6. Value the protection of others, and never call for help unless needed. 7. Listen to instructions. 8. Observe all beach and pool rules and regulations. 9. Have a boat and two good swimmers escort long swims. 10. Enjoy the sun, but avoid sunstroke.

IT ONLY FEELS LIKE POWER STEERING (Corvair doesn't need it) Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble. See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or antifreeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much they add to your driving pleasure. But why wait!

CONT. SANITATION four or five houses a year?" Dr. Engelke said that the only way that the Townships can preserve rural areas and values was to enforce zoning and that the County should correct its messes by preventing new ones.

Dr. Engelke said he was concerned with public health and wants to prevent outbreaks like infectious hepatitis, such as has been sweeping the State. He said this is traceable to failing sewage systems.

When a sharp-tined fork stuck in the vegetables tells that they are soft, or nearly so, it's time to put on the chops. Place them on the grid over the coals and let them cook slowly. At this time, put the foil-wrapped bread on or near the coals, too, turning it occasionally. Paint the chops with the barbecue sauce, turning and basting them often. When the fat has broiled to a crisp brown, they should be done.

From where I sit... by Joe Marsh Ever Have That "Sinking" Feeling? You probably know that "Chip" Wallace was just appointed swimming instructor at the Boys Club.

Seems in his first group, he had three youngsters who were hesitant even about the shallow end of the pool. They said "we'd sink." Of course, Chip didn't try to force them—he demonstrated. He jumped in, popped right up, explained that body buoyancy had pushed him back to the surface.

However, one of the youngsters shook his head in disbelief. "Gee," he said, "I sure hope Mr. Buoyancy is still down there when I jump in."

From where I sit, whoever said "experience is the best teacher" was right. For instance, I think all of us know—through experience—how important "tolerance" is between neighbors. In little things too, like my respecting your right to choose a favorite beverage—and your respecting my choice of an occasional glass of beer. That way we'll swim not sink—as friends!

CONT. DOGS

Sheriff Petersen urged County residents to call the County Jail at Normandy 2-2505 if strange dogs are seen running loose. Especially, he noted, his office should be contacted immediately if a person suffers a dog bite. The law requires a dog to be confined for ten days after it has bitten a person during which time rabies, if it is present will develop.

CHICKEN BROIL SET FOR JULY 14

Manchester's famous Chicken Broil will take place this year on the Manchester Athletic Field, Thursday, July 14th. On that day approximately 5,000 hungry people from half a dozen states will gather round the long charcoal pits to watch the cooking and enjoy the results.

This is Manchester's seventh annual broil, during which time attendance has climbed from 1,500 to 5,000. Cooking is under the supervision of Dr. Howard Zindel, Poultry Department of Michigan State University, whose staff designed the special broiling equipment for community dinners. The cooks, waiters, and hosts will be businessmen and farmers, many of them members of the Optimist Club and Jaycees, who are sponsoring the event to raise money for the improvement of Carr Park.

The chicken halves, dressed and iced, will be delivered by panel trucks to the grounds and will be placed on the long charcoal pits for a slow-broil process that takes almost two hours to cook. Three pits, each 100 feet long, will accommodate 1,200 halves at a time. The halves average over 17 ounces.

Diners who come early to watch the cooking will also see the crew of cabbage slicers converting hundreds of heads of cabbage into mounds of pearly white slaw on traditional German cabbage slicers.

Tickets may be obtained in advance from any Optimist Club member of Jaycees or bought at the gate. Price: Adults \$1.50; Children \$1.00; and Takeouts \$1.50. Tickets will also be available at most stores in Manchester. Seating capacity will be 1,000 this year and extra serving lines will hold delay to a minimum. Service will begin at 4:30 p.m. and continue until all have been fed. On display during the dinner will be the famous 7 foot Paul Bunyon Skillet, large enough to cook eggs for 500 people at one time. This skillet, developed by the Poultry Department, was used in the breakfast to celebrate Michigan week this May. There will be a fast softball doubleheader after dinner, played under the lights.

ALCOHOLISM CENTER PLANNED

A drive to raise funds for an Alcoholic Center for Washnetaw County is scheduled to start soon. The announcement was made at a luncheon meeting of the Washnetaw County Committee on Alcoholism. Howard Wolf, chairman of the committee formed to check the financing of such a center said \$10,000 to \$12,000 would probably be needed to operate an information agency.

Of this amount the State Board of Alcoholism in Lansing would contribute 50 per cent, Wolf explained. The remainder would be obtained through donations from industries, businessmen and individuals he said.

The committee decided to begin soliciting industries in the county for donations toward establishment of the center. Later business persons and individuals will be contacted. The Committee has been working on setting up an information center here for more than a year. There is an immediate need for such a place to help the estimated 5,000 alcoholics now living in the county.

Preliminary plans call for the center to be located in a building in downtown Ann Arbor. It is hoped to employ a full-time director who would refer persons who appear for help to agencies or to medical personnel who specialize in treating alcoholics. In addition the director would provide information to interested persons on alcoholism as a disease and other data compiled locally and nationally.

If the information center is established it will be the only such agency in this area. Similar bureaus have been set up and are in operation in Pontiac and Highland Park.
