> **WOOL INCENTIVE** PAYMENTS SET

Growers will receive wool in centive payments of \$43.20 for every \$100 they received from the sale of shorn wool during the 1959 marketing year, according to Boyd Harkness, county agricultural stabilization and conservation committee chairman.

The rate of 43.2 per cent, just announced by the Department of Agriculture, represents the amount needed to bring average wool prices up to the previously announced incentive level of 62 cents per pound under the Nation-

The payment rate on sales of lambs that have never been shorn to compensate for the wool on them will be 75 cents per hundredweight of live animals sold. This payment is designed to discourage unusual shearing of

lambs before marketing.

The county ASC offices will begin making payments soon. Applications for the payments had to be filed by April 30, and egwered marketings from April 1, 1839. through March 31, 1860.

LINSEED OIL PAINT **GIVES BEST** 

Only a thin film of paint between man and the elements for the protection of his most valued possession

Since the beginning of history linseed oil has been the basic ingredient to supply that film of protection, and linseed of paint still gives the greatest protection, with a film twice as thick as latex paint. This fact is revealed as the
