ROYAL DAVIDTER TO ATTEND SALES MEETING

Royal Davidter will have an opportunity late this month to see firsthand just how many independent businessmen a major manufacturer needs to sell and service its products throughout the United States and Canada.

Along with some 4,500 other independent businessmen who have John Deere dealer franchises in the United States and Canada, he will fly to Dallas, Texas, the last week in August for the biggest sales meeting of its type ever held.

Sixteen United States and Canadian airlines will cooperate in air-lifting the 4,500 dealers and 1,500 other persons to Dallas within a 24-hour period. It will be the first time any manufacturer will utilize as many airplanes, preserve as many accommodations, and arrange for as many meals for a single group at one time.

The meeting has been called to show dealers the new line of John Deere Tractors and equipment. Announcement has made this week that the new tractors will be put on the market in late September. Davidter, who owns and operates the Manchester Store will fly to Dallas Aug. 29th for the one-day sales meeting. It will be held the following day. To accommodate the huge crowd, the Dallas Memorial Auditorium, the Texas State Fairgrounds, and Cotton Bowl will be utilized for various parts of the meeting.

NEW TRACTORS

COMING!

Yes, the rumors are true that John Deere will soon be announcing a new line of tractors. We'll be previewing them at "Deere Day in Dallas" August 30. What's more, we've been told that these new tractors represent an amazing leap forward in power farming—an advance so progressive that it sets an all-new high in tractor performance, ease of handling, and operator comfort.

MISS BOUTELL RETURNS HOME

Martha Boutell, daughter of Mr. and Mrs. Dan Boutell of Manchester, returned home August 15th from a tour of South America as a member of the 1960 Michigan Chorale. This year's Chorale had 69 members from 38 Michigan cities. The singers were selected from High School Juniors and Seniors by special auditions before Mr. Lester McCoy, director of the University Choral Union. (High school music departments, each year since the beginning of the Youth for Understanding Teen-Age Exchange Program which is directed by the Michigan and Ann Arbor Washtenaw Council of Churches, have

posted information about the auditions.) Martha's tour included South American cities. They are as follows: Bogota, Colombia; Lima, Peru; Soao Paulo and Rio de Janeiro, Brazil; Montevideo, Uruguay; Buenos Aires, Argentina and Santiago, Chile. This is her story of the trip: "We left the States July 1st and our first stop was Bogota. The highlight in this city was singing in a cathedral in a salt mine, Salt Cathedral de Sal. Here over 5,000 people came to hear us. This was the first of many inspiring concerts. I was only in Lima three days and I felt we didn't have much influence here because our audiences seemed to be mostly Americans. We lived with different families in the cities in which we stopped and I was very surprised to learn that my father in Lima had met Frank Reck. Our next stop was Sao Paulo. The trip across the Andes was beautiful. In Sao Paulo, we were sponsored by the Y.M.C.A. so we met quite a few of the young people. These kids would do anything for us. To most of them, we were the only Americans they had ever known. I think they were quite surprised at the way we acted for they had seen only our juvenile delinquent movies. Then, Rio! It was just beautiful and the people were very responsive. But nothing beat the reception we had in Montevideo! While we were giving a concert here and singing 'Porgy and Bess', the lights went out and stayed out for about 10 minutes. Nothing was ever said definitely, but we all thought it was a part of a Communist plan to make us look bad. We kept right on singing and eventually the lights came on again. The people at the concert were just wonderful. When we left Uruguay, a big crowd came to the docks and gave cheers for Michigan and we in turn sang for them, numbers that they requested. It was a wonderful feeling to know that people who couldn't even speak the same language could be so enthusiastic over what we were doing. We all hated to leave Montevideo just for this reason. In Buenos Aires, we were sponsored by Ward College and again I felt that this was good, because we got to know the youth of the country. All in all, it was a wonderful tour and a very worthwhile experience. Even though we gave many formal concerts in concert halls, I feel that we did our most good in carrying the message of democracy when we gave informal concerts for orphanages, factory workers and school children because these people in South America have so little in life. Local people will have an opportunity to hear this famous Chorale at a Concert in Hill Auditorium in Ann Arbor, Sunday, September 11th at 3:00 p.m. Tickets for the concert may be obtained from the Boutells or Sarah Reck, who was a member of last year's European-tour Chorale."

MANCHESTER telephone lines

By NICK PRAKKEN, Manager

With fall just around the corner, we are reminded that the clubs, and organizations of this community, it's churches and it's schools will again be active. Many of these groups will be looking for good programs. May we suggest that if this is your responsibility, that you call our Mr. Kuhn. He will be glad to arrange without charge, a lecture demonstration, a movie, or a talk. These programs are on science, the features of the telephone and other interesting subjects. He may be reached at NO. 8-8083.

VACATION BOUND:

If you're headed for a new vacation area, here's a hint that might save you some time and trouble: To find any product or service—drugstores, doctors, garages, theatres—just look in the local Yellow Pages. It's crammed with lots of information about local businesses. Without taking a step, you can make a fast tour of the shopping district—just by glancing through the Yellow Pages.

DID THE PHONE ever ring while you were out in the yard?

Usually you run in, only to find your caller had hung up. Of course, it's happened to all of us. Now that more people are outside more of the time, remember it may take longer to reach the phone. A good rule of thumb when you're calling is to let the other phone ring 10 times. That gives them enough time to answer—and saves you having to call again.

CARD OF THANKS: Since it is impossible for me to write each one of you, I wish to thank the many gracious Manchester friends who sent me cards and good wishes during my stay at Bixby Hospital in Adrian.
