SUPERINTENDENT'S REPORT

Financially the school district gained about fifteen thousand dollars on a nineteen thousand dollar deficit budget from the last year. This was accomplished by very careful planning by your board of education and wise and limited use of materials by the teaching staff.

- 1. Manchester becoming a registration district
2. A bus maintenance garage
3. Developing the field behind the high school
4. An adult education program
5. Development of a K-12 language program
6. Jr. High School Athletics
7. Developing a school board policies handbook

At the present time we have two rooms that could be made available if school enrollment warrants extra classes. The two rural school are available for unexpected student growth. It seems likely that no new buildings are needed in the foreseeable future.

School items of interest will be published in the Manchester Enterprise and monthly copies of this school news letter. Citizen cooperation and backing of the area schools has been one of the great strengths of the Manchester area.

SUPERVISORS TO OK BUDGET

The county Board of Supervisors met at 10 a.m. to adopt a final operating budget for the county in 1961. Tomorrow's meeting is a continuation of the board's annual session, which began last week.

The board passed a record preliminary budget of \$3,208,760 in anticipated expenditures, before receiving a tax rate of 4.25 mills, which will allow the county to raise \$2,756,908 from the direct property tax.

The board will meet at 10 a.m. Monday, October 17, to apportion the property taxes among the various governmental units in the county and to hear the annual report of the drain commission.

The accident occurred on the Ann Arbor-Dexter road near Zeeb road in Scio township.

GIVE

THE UNITED WAY

Again this year, Manchester, like 2000 other communities in the United States, is conducting a ONCE FOR ALL Drive to raise its fair share to meet the needs of the United Community Fund and Red Cross.

Your place of work may offer you a payroll deduction plan for giving to this worthwhile campaign recognized by industry. Wherever you give, be sure your portion is earmarked for Your Manchester Fund. Ford Motor Company employees are familiar with this plan of giving and know that their share makes up a substantial part of the local budget—their 100% cooperation over the years is deeply appreciated.

Allocations for this year's budget have been made by a local budget committee within your own Community Chest Board. Our goal is \$8,500, and the budget includes:

Table with 2 columns: Allocation Name, Amount. Includes Local allocations for Manchester Clovers, M.H.S. Student Council, M.H.S. Student Council Year Book, M.H.S. Band, Pleasant Lake School, Christmas Party for Area Children, Manchester Area Recreation, Manchester Carr Park Assoc., National allocations for Portage Trail, Boy Scouts, Amer. Red Cross (Incl. Local Blood Cl.), Mich. United Fund (Inc. 34 agencies), Michigan Crippled Children, Salvation Army, Volunteers of America, Administration, supplies, Publicity and Postage.

Our Drive Starts October 11, and solicitations will again be made by your neighbors. We ask you for your generous support and urge you GIVE ENOUGH FOR ALL. Thank you in advance for your contributions.

Your Manchester Community Chest Board.

UNITED COMMUNITY FUND AND RED CROSS DRIVE STARTS THIS WEEK

ADULT EDUCATION
 The board of education at their last meeting discussed an adult education program for the people of our area. Two board members volunteered to work on a committee with the Superintendent and interested Manchester residents. The plans were announced at the last P.T.A. At the present time no interested laymen have volunteered for this committee.

There are no limits to the courses that might be offered if enough people are interested. If you could help organize such a program, please call the Superintendent's office.

WEDDING PLANS REVEALED

An informal party in Sacramento, California served to announce the engagement of Miss Verne Crowell of Turlock, California and Marshall H. Norgaard of Manchester.

The news was first announced by the parents of the bride-to-be, Mr. and Mrs. Abner M. Crowell of Turlock. Mr. Norgaard is the son of Mrs. Blanche Norgaard and the late Christian Norgaard of Manchester.

Miss Crowell and Mr. Norgaard are making plans for an October 16 wedding in

Turlock. The future bride has asked her sister, Mrs. Alan B. Flory, to serve as her matron of honor. Serving as best man will be Paul Koph of Mason City, Iowa.

The bride-elect, who is currently employed in Sacramento is a graduate of Turlock high school and Modesto Junior College where she received her Associate of Arts degree in 1955. At college she was active in the Home Economic Club and Phi Kappa Nu Sorority.

Her fiancé received his B.A. degree from Michigan State University in 1958. He is presently a navigator in

the United States Air Force. He has been stationed at Mather Air Force Base, California for the past 8 months. After their October 16 wedding they will drive to South Carolina where he will be stationed at the Shaw Air Force Base.

MANCHESTER P. T. A. COUNCIL WORKSHOP WILL MEET

A workshop meeting of the Western Washtenaw Area P.T.A. Council is to be held in the all-purpose room at the new high school in Dexter at 8 p.m. next Thursday, October 6.

This is the first of a series of three workshops planned for the 1960-61 school year. Thursday's program will be a discussion on "Sell Your Product."

Panel members will include Mrs. Claude Moore, regional vice-president of Region 7, who will present her views on membership; Mrs. William Montgomery, director of District 1 will discuss hospital-ity; and Mrs. William Wright, state P.T.A. program chairman, who will outline her ideas on programming with a view to promote interest in increasing attendance at the local P.T.A. meetings.

All officers and department chairmen of P.T.A.'s are expected to attend the workshop session. David Soule, president and the Rev. Philip Rusten, program chairman of the Chelsea P.T.A. are among those planning to attend the Dexter meeting.

FRIDAY! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are, as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

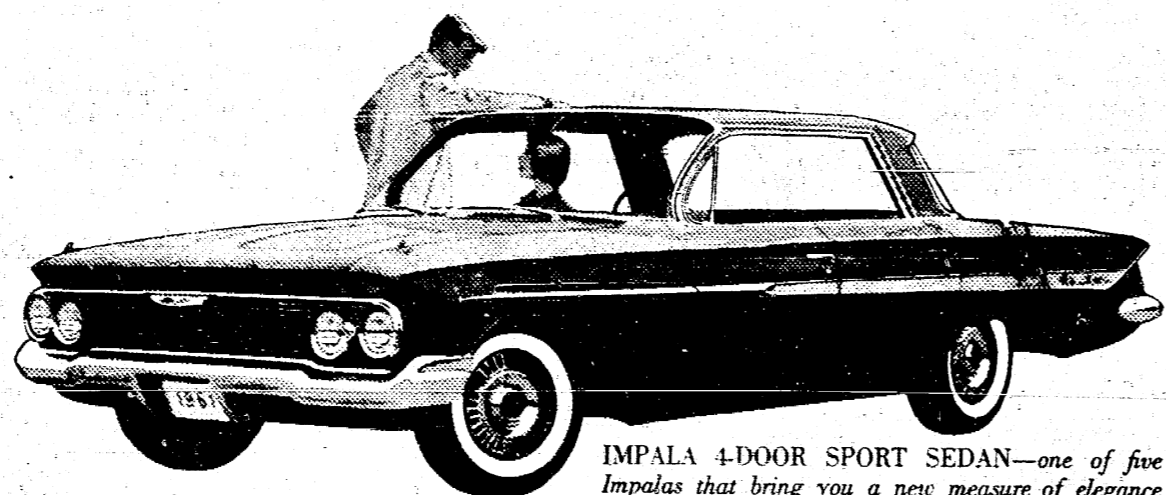

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

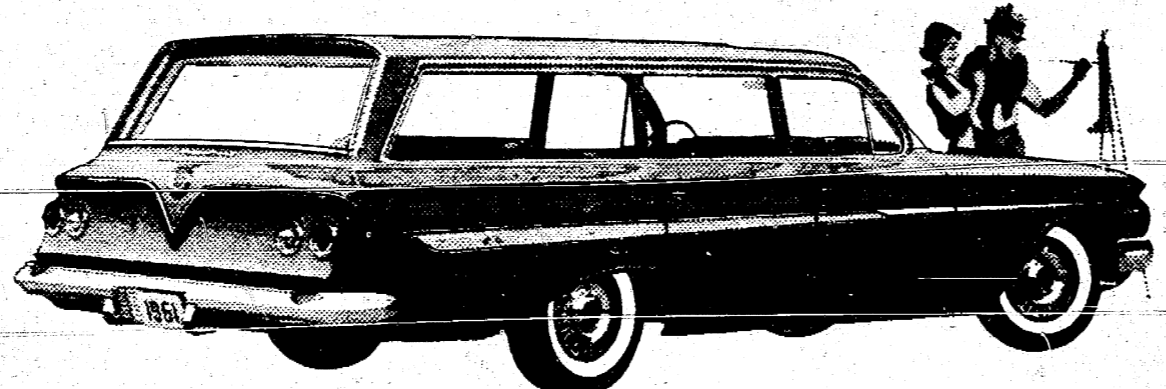

There's never been a trunk like it before. The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!—
 Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevrolets of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

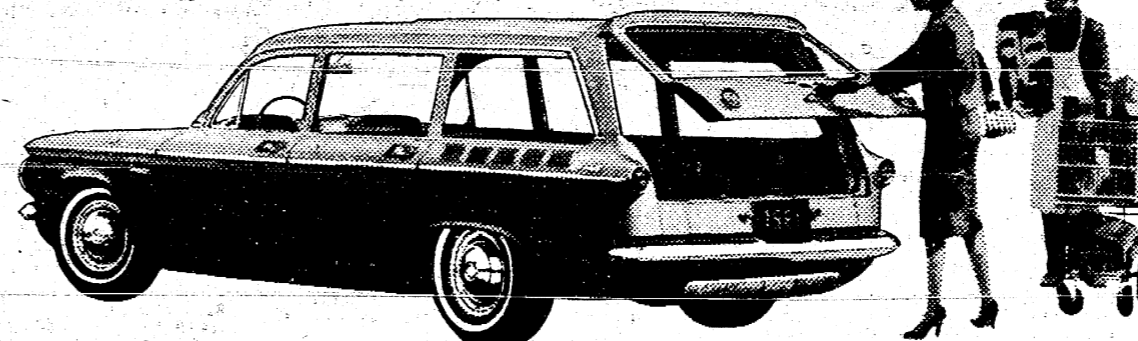

Biscayne 4-Door Sedan

SHOW ON WORTH! CHEVROLET NEW '61 CHEVY CORVAIR

More space... more spunk and wagons, too!

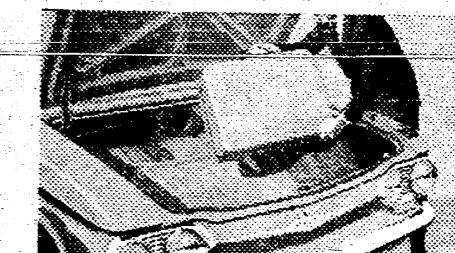

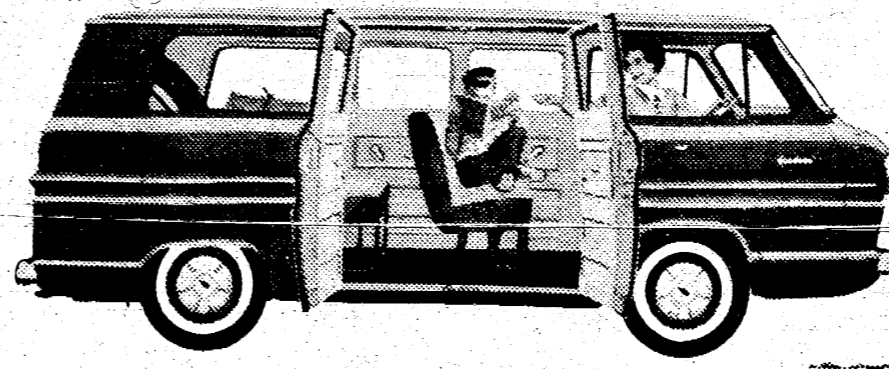

The newest car in America: the **CORVAIR 700 LAKE-WOOD 4-DOOR STATION WAGON**.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the **GREENBRIER SPORTS WAGON** with up to twice as much room as ordinary wagons (third seat optional at extra cost).

CIVIL DEFENSE DIRECTOR ADVISES HOME OWNERS TO GET KIT

Civil Defense Director Gerald G. Miller, recommended that Washtenaw county residents own a family radiation measurement kit which is manufactured by the Bendix corporation.

Miller said the \$19.95 cost of the kit is "fantastically cheap" compared with the former cost of such instruments, which gives families "a vital sixth sense" in the detection of soundless, odorless, tasteless, and invisible radiation.

DEATH

Lawrence G. Haschle, 57, died suddenly last week Tuesday at his home at 1235 Baker Road. He was employed as a foreman at the University of Michigan in the maintenance department.

A member of St. Andrew's United Church of Christ, he formerly served as an elder of the congregation. He was also a member of the Men's Brotherhood of the church and a member of the Washtenaw Lodge No. 65, F & AM of Dexter.

He was born in Sharon township September 24, 1903, a son of Frederick and Louise Miller Haschle. He married Vera Harvey on October 24, 1929 in Waterloo township, she survives.

In addition to the widow other survivors are a son, LaVerne Haschle of Dexter, a daughter, Marilyn who is a student nurse at Bronson hospital, Kalamazoo; two sisters, Mrs. Bertha Blome and Mrs. Marie Geske both of Manchester and two grandchildren.

Funeral services were held Friday at St. Andrew's United Church of Christ with the Rev. M. Donald Eaton officiating and burial was in St. Andrew cemetery, Dexter. St. Andrew's United Church of Christ Memorial Fund has been designated for memorial contributions.

WATCH! WATCH! FOR OUR 1c SALE OCTOBER 17-22 UPHAUS DRUGS MANCHESTER

INJURED IN ACCIDENT

Five people were treated for injuries in a two car accident Friday night at 8:45 at the intersection of M-92 and US-12.

Otto J. Weber 74, of 2111 Main Street, Manchester, driver, and his wife, Elizabeth Mae, 80 years were occupants in a car traveling south on M-92. They were hit by a car driven by Newessie Gardner 33, of Kalamazoo. Other occupants of his car were Irene Dunney 30 years, and Pauline Gill 23 also of Kalamazoo.

Sheriff's officers who reported the accident said the Gardner car was traveling east.

Officers reported that Gardner had no operator's license on him at the time of the accident and was ticketed. Weber was also ticketed for failing to yield the right of way.

All were treated at St. Joseph's hospital. Mrs. Weber reportedly has not regained consciousness since the accident.

CLOSE SHARON DUMP SUIT ASKS

A suit to close a commercial garbage and rubbish disposal dump in Sharon township which receives the refuse from home and businesses in the Saline, Chelsea and Dearborn area has been filed in Circuit court by attorneys for the Sharon township board.

Mr. and Mrs. William F. Terns, owners and operators of the farm where the dump is located are named defendants in the suit, in which Donald Irwin, Mr. and Mrs. Brand and Elmer C. Lehman are also plaintiffs.

Terns collects and hauls garbage and rubbish from homes and businesses in Saline and Chelsea under an exclusive license and from Dearborn under terms of a subcontract with Henry Zolowski of Oxford.

The suit alleges that residents of the area are unable to "enjoy their meals" and to sleep "whether their windows are opened or closed" because of odors and gasses from the operation.

Terns is charged by the suit with periodically burning large quantities of rubbish, posing a threat of fire from burning ashes which the suit says are blown on the homes and fields of township residents. The circuit court is asked to issue an injunction restraining Terns from operating the farm as a commercial dump and requiring the defendants to bury all rubbish and garbage now on the farm. Circuit Judge James R. Breakey, Jr. ordered that Terns show why a temporary injunction should not be issued.

WASHTENAW WILL LOSE 3,000 TREES

Approximately 3,000 large shade trees—most of them elms—will be removed from Washtenaw county roadsides this winter because of the Dutch elm disease.

M. N. Dick, County Road Commission maintenance superintendent, says Dutch elm disease is making alarming inroads in the county's roadside tree population, 72 per cent of which are elms.

Dead and diseased trees, he says, are normally removed during the winter, when falling limbs will not damage road surfaces, but a continuing program is under way to spot, mark and record trees for removal.

PLAN VENTURE BOLDNESS

Manchester United Community Fund and Red Cross Drive began the 1960-61 campaign this week with 14% of the \$8,500 goal collected by the Business Men's Division. Sixty-five solicitors met last Thursday at the Methodist Church to receive materials and instructions for the "Once for All" campaign which is to be completed by October 27. This year's campaign chairman, Mrs. Louis Vogel gave the solicitors the inspiring send-off necessary to such a drive. With her usual enthusiasm and her usual gift for "lifting one's sights", Mrs. Vogel left no doubt in the minds of the workers regarding the successful outcome of the 1960-61 Drive. Mrs. Glenn Lehr was chairman of the meeting, and Stanley White was toastmaster. Mr. James Hendley, past president of the Community Fund, was honored at the occasion.

Funds, as most people know, raised at this time are for local youth and welfare activities as well as nation health and welfare agencies. This is the "Give Enough" drive when every family may cooperate to the extent of their ability with 47 agencies that help them as well as people throughout the world.

In the local picture, assistance to youth activities is predominant. The recreation program serves over 350 boys and girls in the area with year around activities with concentrated activities in the summer playground and swimming. All the youth in the area are welcome to participate in these organized activities. The school donations are for special things having to do for the good of all, like music, school assemblies that all may attend without a prohibitive attendance fee, the yearbook and school programs without the advertising which would be the only other source of support for such items and the support of the Clovers, the leaders can handle the numbers.

National agencies supported include the Boy Scouts, Salvation Army, Michigan Crippled Children, Volunteers of America, the American Red Cross and the Michigan United Fund. There are stories elsewhere in the paper having to do with the vital place in the community occupied by the last two organizations. Your neighbor will be around soon to talk over the 1960-61 "Once for All" campaign and to receive the generous donation that an understanding citizen gives to his community.

BLOOD BANK REPORT

The American Red Cross gives service and aid to people in every community in all parts of the world. This is possible because the organization is built on the theory that "Good things happen when you give."

Locally for instance, civic minded people give blood to their Red Cross Blood Club when the Bloodmobile is in town. This makes it possible for friends and neighbors to receive blood immediately when that life giving fluid is most needed.

In Manchester 133 people recently offered the Red Cross Bloodmobile a pint of their blood to store for area needs. 103 of these were accepted (30 were unable to give at the time for medical reasons) and the local Blood Bank was out of debt for the 19 pints which had been overdrawn and had an 84 pint balance on hand.

Since August 24th, eleven people have needed 30 pints of blood and the balance is now down to 54 pints. The nearest available date for the next Bloodmobile clinic is May 11, 1961! This is because the demand for the Bloodmobile Units from the Detroit Red Cross Regional Center is so great they can't cover the requests any faster. (If our club runs out of blood, the Red Cross will carry us, of course, as it did this past year. Or, we may be able to get a Bloodmobile Unit here due to a cancellation some other place.)

Right now you are being asked to help the Red Cross with funds. It takes money as well as blood to run Blood Banks and this is only one of the many aids to humanity the Red Cross accomplishes. Aid to the disaster stricken all over the world, teaching of home nursing, first aid, swimming, and lifesaving are, briefly, a few more. Now is the time to pay according to your abilities the amount your conscience dictates for the community service as well as the national and international service this organization does for you and all mankind.

HALLOWEEN PLANS SET

The annual Halloween festivities for the children of the Manchester area will be held on the athletic field, Saturday, October 29, at 6:45 p.m. Among the plans for the evening, Mr. Ted Tepping, Recreation Committee Chair-

man, stated that the children will parade around the athletic field, prizes will be awarded for the best costumes; refreshments will be served to all. All costs of the activities are being undertaken by the Manchester Jaycees.

COMMUNITY CHEST

The Manchester Community Chest Board says "Thanks" to Ed Bauer for his work in seeing that the Community Chest thermometer was placed in Marx & Marx store so that everyone can keep an eye on the red mercury and watch it rise as the contributions are tabulated.

The Chest Board is very grateful too, to the Executive Board of the Jaycees for their fine cooperation in putting up the flags along Main street and for furnishing the flag poles for them. The special Community Chest flags which float along the street to remind everyone that this is the month for Giving Once For All, comes to Manchester as a gift. The flags were donated to the Manchester Chest by the Community Chest of Ann Arbor.

RETIREES FROM DOUBLE A

This week Double A Products Company of Manchester loses a friend for Gladys Hatfield Koopman retires after 24 years of continuous work as office manager and assistant secretary-treasurer. Her first day of work for the company, then located at 405 N. Fifth Street, Ann Arbor, was October 12, 1936. At that time Double A manufactured small power tools for the S. S. Kresge Company and for Sears, Roebuck & Co. Double A had many hard times during the next four years in Ann Arbor and Mrs. Koopman helped the company to make both ends meet. In 1937 business was very poor and sometimes the management was asking employees if they needed their checks on pay day. Mrs. Koopman did, for she had two children to feed but she was willing to make some sacrifices for the good of the company.

June of 1940 she saw Double A move to Manchester, financed by many stockholders, Manchester business men and a few employees of the company. Mrs. Koopman was a stockholder, believing the firm had a solid future. Twenty-four employees came to town. When the office was moved in there was only a makeshift roof and when it rained, water stood on the floor. For several weeks Mrs. Koopman and her two office girls wore galoshes when it rained as they worked. For most of the 24 years she has commuted daily from Ann Arbor. She is vice-president of Altrusa, Women's Business and Professional club of Ypsilanti and Ann Arbor at the present time.

The war years brought war contracts to the plant and Mrs. Koopman worked many long hours revising her book-keeping to keep abreast with the fast moving times. Training inexperienced help was one of her greatest pleasures. She was a teacher at heart and had been the Commercial instructor at Owosso for six years before coming to the plant. She has always maintained that good help should read at least one good book a year.

After the company purchased Hydraulic Hi-Speed in Detroit she spent many hours there working on the books. By this time she was known to everyone as "Mother". It never troubled her whether she was riding in a Double A truck or a Cadillac. She liked to play a joke and was just as good sport on the receiving line. She has always found time to listen to everyone's problems and troubles, from the sweeper to the president of the company. Her advice could be depended upon. If she found that anyone wasn't being given a fair chance it was "Koopie" who went to bat for them. After she had her son and daughter, George and Ellen safely grown up, she counted her pennies and sent George to Europe. Wearing mismatched hose, old clothes, and

GLADYS KOOPMAN

bringing her lunch to work in sack she succeeded in her plans.

One of her hobbies is hooking rugs--and hooking everyone's old clothes to put in rugs. Girls had to be careful wearing new skirts or coats for fear they'd wind up in a rug. She also taught night classes in rug hooking.

In 1957 when Double A became a subsidiary of Brown and Sharpe Manufacturing Co. of Providence, Rhode Island she had more problems and headaches. More desks were added and the one phone was exchanged for a switchboard and teletype. "Koopie" had her own office. She'll always be remembered for her quick step through the shop, for her fine help, friendly smile and good advice and for parties held for the "girls" at her home at 1126 Martin Place, Ann Arbor. To be an office manager for 24 years takes tact and much ability. Always at Christmas time she brought her basket full of gifts to each and every girl in the office.

She doesn't intend to give up work entirely. She will continue her work as secretary of Upton-Riggs and will be busy with managing her own real estate interests in Ann Arbor and Ypsilanti. Her parents, the Nathan Hatfields of Owosso require some of her time and plans to write two books. She and her sister, Mrs. J. B. Jenkins of Owosso plan to tour Europe next year and visit friends in the near East. Her son, George and his family live in Jackson and Ellen, now Mrs. William Hamilton and her family live in East Lansing.

Herbert H. Upton, Sr. president of Double A the 24 years Mrs. Koopman has worked in the plant said briefly, "If Double A owes its success to one person, it would be Mrs. Koopman. I cannot overestimate her importance to the company. She is not being replaced. I doubt if there could ever be a replacement." The office staff of Double A took a little time off for another informal ice cream and cake party with their office manager. There was a big dinner for her in Jackson where the office girls presented her with an engraved watch and there was the pre-
