PLAN VENTURE BOLDNESS

Manchester United Community Fund and Red Cross Drive began the 1960-61 campaign this week with 14% of the \$8,500 goal collected by the Business Men's Division. Sixty-five solicitors met last Thursday at the Methodist Church to receive materials and instructions for the "Once for All" campaign which is to be completed by October 27. This year's campaign chairman, Mrs. Louis Vogel gave the solicitors the inspiring send-off necessary to such a drive. With her usual enthusiasm and her usual gift for "lifting ones sights", Mrs. Vogel left no doubt in the minds of the workers regarding the successful outcome of the 1960-61 Drive. Mrs. Glenn Lehr was chairman of the meeting, and Stanley White was toastmaster. Mr. James Hendley, past president of the Community Fund, was honored at the occasion.

Funds, as most people know, raised at this time are for local youth and welfare activities as well as nation health and welfare agencies. This is the "Give Enough" drive when every family may cooperate to the extent of their ability with 47 agencies that help them as well as people throughout the world.

In the local picture, assistance to youth activities is predominant. The recreation program serves over 350 boys and girls in the area with year around activities with concentrated activities in the summer playground and swimming. All the youth in the area are welcome to participate in these organized activities. The school donations are for special things having to do for the good of all, like music, school assemblies that all may attend without a prohibitive attendance fee, the yearbook and school programs without the advertising which would be the only other source of support for such items and the support of the Clovers, the leaders can handle the numbers.

National agencies supported include the Boy Scouts, Salvation Army, Michigan Crippled Children, Volunteers of America, the American Red Cross and the Michigan United Fund. There are stories elsewhere in the paper having to do with the vital place in the community occupied by the last two organizations.

Your neighbor will be around soon to talk over the 1960-61 "Once for All" campaign and to receive the generous donation that an understanding citizen gives to his community.

BLOOD BANK REPORT

The American Red Cross gives service and aid to people in every community in all parts of the world. This is possible because the organization is built on the theory that "Good things happen when you give."

Locally for instance, civic minded people give blood to their Red Cross Blood Club when the Bloodmobile is in town. This makes it possible for friends and neighbors to receive blood immediately when that life giving fluid is most needed.

In Manchester 133 people recently offered the Red Cross Bloodmobile a pint of their blood to store for area needs. 103 of these were accepted (30 were unable to give at the time for medical reasons) and the local Blood Bank was out of debt for the 19 pints which had been overdrawn and had an 84 pint balance on hand.

Since August 24th, eleven people have needed 30 pints of blood and the balance is now down to 54 pints. The nearest available date for the next Bloodmobile clinic is May 11, 1961! This is because the demand for the Bloodmobile Units from the Detroit Red Cross Regional Center is so great they can't cover the requests any faster. (If our club runs out of blood, the Red Cross will carry us, of course, as it did this past year. Or, we may be able to get a Bloodmobile Unit here due to a cancellation some other place.

Right now you are being asked to help the Red Cross with funds. It takes money as well as blood to run Blood Banks and this is only one of the many aids to humanity the Red Cross accomplishes. Aid to the disaster stricken all over the world, teaching of home nursing, first aid, swimming, and lifesaving are, briefly, a few more. Now is the time to pay according to your abilities the amount your conscience dictates for the community service as well as the national and international service this organization does for you and all mankind.

HALLOWEEN PLANS SET

The annual Halloween festivities for the children of the Manchester area will be held on the athletic field, Saturday, October 29, at 6:45 p.m.

Among the plans for the evening, Mr. Ted Tepping, Recreation Committee Chair-

man, stated that the children will parade around the athletic field, prizes will be awarded for the best costumes; refreshments will be served to all.

All costs of the activities are being undertaken by the Manchester Jaycees.

COMMUNITY CHEST BOARD SAYS "THANKS"

The Manchester Community Chest Board says "Thanks" to Ed Bauer for his work in seeing that the Community Chest thermometer was placed in Marx & Marx store so that everyone can keep an eye on the red mercury and watch it rise as the contributions are tabulated.

The Chest Board is very grateful too, to the Executive Board of the Jaycees for their fine cooperation in putting up the flags along Main street and for furnishing the flag poles for them. The special Community Chest flags which float along the street to remind everyone that this is the month for Giving Once For All, comes to Manchester as a gift. The flags were donated to the Manchester Chest by the Community Chest of Ann Arbor.

RETIREES FROM DOUBLE A

This week Double A Products Company of Manchester loses a friend for Gladys Hatfield Koopman retires after 24 years of continuous work as office manager and assistant secretary-treasurer. Her first day of work for the company, then located at 405 N. Fifth Street, Ann Arbor, was October 12, 1936. At that time Double A manufactured small power tools for the S. S. Kresge Company and for Sears, Roebuck & Co. Double A had many hard times during the next four years in Ann Arbor and Mrs. Koopman helped the company to make both ends meet. In 1937 business was very poor and sometimes the management was asking employees if they needed their checks on pay day. Mrs. Koopman did, for she had two children to feed but she was willing to make some sacrifices for the good of the company.

June of 1940 she saw Double A move to Manchester, financed by many stockholders, Manchester business men and a few employees of the company. Mrs. Koopman was a stockholder, believing the firm had a solid future. Twenty-four employees came to town. When the office was moved in there was only a makeshift roof and when it rained, water stood on the floor. For several weeks Mrs. Koopman and her two office girls wore galoshes when it rained as they worked. For most of the 24 years she has commuted daily from Ann Arbor. She is vice-president of Altrusa, Women's Business and Professional club of Ypsilanti and Ann Arbor at the present time.

The war years brought war contracts to the plant and Mrs. Koopman worked many long hours revising her book-keeping to keep abreast with the fast moving times. Training inexperienced help was one of her greatest pleasures. She was a teacher at heart and had been the Commercial instructor at Owosso for six years before coming to the plant. She has always maintained that good help should read at least one good book a year.

After the company purchased Hydraulic Hi-Speed in Detroit she spent many hours there working on the books. By this time she was known to everyone as "Mother". It never troubled her whether she was riding in a Double A truck or a Cadillac. She liked to play a joke and was just as good sport on the receiving line. She has always found time to listen to everyone's problems and troubles, from the sweeper to the president of the company. Her advice could be depended upon. If she found that anyone wasn't being given a fair chance it was "Koopie" who went to bat for them.

After she had her son and daughter, George and Ellen safely grown up, she counted her pennies and sent George to Europe. Wearing mismatched hose, old clothes, and

GLADYS KOOPMAN

bringing her lunch to work in sack she succeeded in her plans. One of her hobbies is hooking rugs--and hooking everyone's old clothes to put in rugs. Girls had to be careful wearing new skirts or coats for fear they'd wind up in a rug. She also taught night classes in rug hooking.

In 1957 when Double A became a subsidiary of Brown and Sharpe Manufacturing Co. of Providence, Rhode Island she had more problems and headaches. More desks were added and the one phone was exchanged for a switchboard and teletype. "Koopie" had her own office. She'll always be remembered for her quick step through the shop, for her fine help, friendly smile and good advice and for parties held for the "girls" at her home at 1126 Martin Place, Ann Arbor. To be an office manager for 24 years takes tact and much ability. Always at Christmas time she brought her basket full of gifts to each and every girl in the office.

She doesn't intend to give up work entirely. She will continue her work as secretary of Upton-Riggs and will be busy with managing her own real estate interests in Ann Arbor and Ypsilanti. Her parents, the Nathan Hatfields of Owosso require some of her time and plans to write two books. She and her sister, Mrs. J. B. Jenkins of Owosso plan to tour Europe next year and visit friends in the near East. Her son, George and his family live in Jackson and Ellen, now Mrs. William Hamilton and her family live in East Lansing.

Herbert H. Upton, Sr. president of Double A the 24 years Mrs. Koopman has worked in the plant said briefly, "If Double A owes its success to one person, it would be Mrs. Koopman. I cannot overestimate her importance to the company. She is not being replaced. I doubt if there could ever be a replacement." The office staff of Double A took a little time off for another informal ice cream and cake party with their office manager. There was a big dinner for her in Jackson where the office girls presented her with an engraved watch and there was the pre-

COUNTY FARM BUREAU BACKS SALES TAX
The Washtenaw County Farm Bureau went on record to favor a state sales tax or a state income tax to allow reduction of Michigan property tax.
More than 150 members present at the annual Farm Bureau meeting held in the Saline high school also passed "federal intrusion into fields of private endeavor" and opposing the Michigan constitutional convention as proposed on the November ballot.
The group's legislative committee was also directed to work with the State Farm Bureau in a study of the "Wisconsin plan" of farm land evaluation for tax purposes. Land used exclusively for agriculture is valued on a different scale than subdivided or developed land in Wisconsin. Farm property adjoining developed areas in Michigan is presently valued for tax purposes on a "potential" use basis.
Following the presentation of resolutions five new directors were elected for the coming year. Martin Hoelzer of Bridgewater township replaces Ben Maurer of Manchester township.
Reno Felkamp of Sharon township will take the place of former director Andrew Lockhardt of Freedom township.
C. F. Grimes of Salem township was elected to succeed George Kennedy of Northfield township.
Directors-at-large elected without regard for their home townships are Mrs. Warren Finkbeiner of Saline township who replaces Mrs. Fred Meyers of Superior township, and Loren Trolz of Manchester township who replaces LaVern Coy of Dexter township.

There will be a panel discussion. The main speaker of the evening will be Mr. Robert McNamara of Ann Arbor, delegate to the White House Youth conference.

WASHTENAW COUNTY HOSPITAL HIGHLIGHTS
The needs of the hospital and handles as many as possible. Each week, volunteers make the rounds with a cart from which the residents may make small purchases such as toilet articles, candy and cigarettes.
The craft workshop continues operation. Many residents who were formerly inactive have renewed or developed interests and skills which bring them much personal satisfaction. The occupational therapy workshop is the source of items which are offered for sale at their annual fair.
The Friendly Visitor's Program, which has been in existence for several years, has proved most helpful for both the patients and the community. Local volunteers participate in this program by offering to visit a patient at least once a month on a continuing basis. These brief visits bring new contacts and friendship to both visitor and patient. Anyone interested in joining the Friendly Visitor Program may call Mrs. Richard Huston at HA 6-4011.
The appointment of Mrs. Andrew Watson of Underdown Road as a new trustee, and the resignation of Mrs. R.E. Kraker of the Ways and Means Committee was announced.
The next meeting will be open to the public and will be held on Wednesday, October 19th at 2 p.m. at the hospital. This semi-annual open meeting is expected to bring a large turn-out. The new parking lot will accommodate a large number of cars.
This medical care facility, which is supported by Washtenaw County taxpayers, supplemented by individual and organizational memberships, is "Your" hospital. Come to the open meeting October 19th, and watch for this column each month to learn more of the activities which are made possible by your tax dollars and your donations.

From where I sit... by Joe Marsh

Name That Name

Mrs. Wilkens, our kindergarten teacher, told me this one about her first day of class.
"To get acquainted with the new children," she said, "I go around the classroom and ask them to recite their names."
"What's your name?" I asked one little boy, "Freddie."
"You mean Frederick," I said, "We use only our proper names in class." So when I asked the next little boy what his name was, he stood up proudly and answered, "Eberick, ma'am!"
From where I sit, Bobby reminds me of folks who think what's right for one must be right for another. For instance, my neighbor used to scoff at my having a good glass of beer with supper. He believed that only coffee was proper. Truth is, a meastime beverage, like most other things, is purely a matter of personal preference. When we can respect the other fellow's opinion as well as our own, we'll have passed the first "lesson" in tolerance.

SAVES FARMER'S LIFE

Arlo Houghton of Manchester was working on his eighty-acre farm at Lakefield, near Saginaw, during a week-end visit when he heard a scream for help! He jumped in his car and raced to the farm of a neighbor, Gerald Frost, just in time. It seems Mr. Frost had jumped up on his hay chopper to shove in some hay and lost his balance. By the time Arlo reached him both feet had been pulled into the machine and one toe cut. Arlo turned off the chopper and rushed the neighbor to the hospital where attendants are not sure whether or not he'll lose the one foot. The 19-year-old farmer credits Arlo with saving his life as there was no one at home but himself on his farm when the accident occurred.

COUNTY 4-H PROGRAM SET

Washtenaw County 4-H Achievement Day will be held Thursday, October 20 and 4-Hers and their parents and friends as well as their leaders are urged to attend.

The program will start at 9 p.m. and will be held in the Ann Arbor high school in the large auditorium. This program will feature the presentation of the various awards that 4-H club members have earned during the past summer and winter 4-H programs. Many of these have not yet been announced.

Also featured throughout the program will be the honor group selected from the small group acts of the County Talent Festival. The Ann Arbor Kiwanis club is sponsoring this event which is one of the highlights in the 4-H club program. Following the program, refreshments will be served in the cafeteria. Much of the planning for this program has been done by the Agricultural committee of the Ann Arbor Kiwanis club and its chairman, Ray McCalla. "Discover what 4-H is doing in Washtenaw County," says James Hutchinson, County Extension agent and "Plan to attend the Fall Achievement Program October 20."

IT WILL COST COUNTY \$11,602 TO JOIN REGIONAL BOARD

Washtenaw county's cost of belonging to the Detroit Metropolitan Regional Planning Commission will be \$11,602, the Board of Supervisors has been told.

The board voted 21-16 two weeks ago to join the regional commission, but precise figures on the amount which the county would have to pay annually were not available at that time.

Paul Reed, director of the regional commission said the charge to the county will be \$6,820 based on the county's 716 square miles, \$2,226 based on the county's population and \$2,256 based on the county's equalization property valuation.

WILD DOGS KILL SHEEP

A pack of wild dogs has killed 12 sheep and seriously injured three others in Sharon township, sheriff's deputies reported.

Almost half of the \$8500 has been raised the first ten days of the Manchester United Community Fund and Red Cross Drive! The thermometer in Marx & Marx window shows 40% by October 17 - ten days more to go.

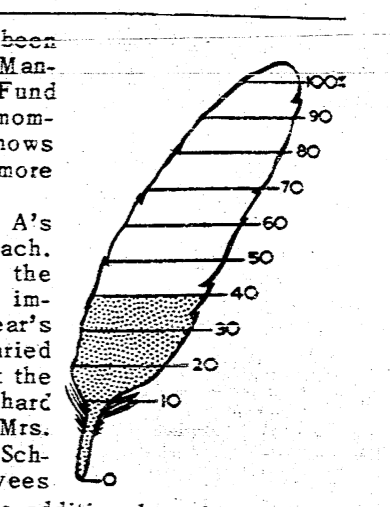

This report includes Double A's Management pledges of \$500 each. This generous donation starts the Industrial Division off with the impetus that will "make" this year's drive a success. Double A salaried employees are being solicited at the plant by their own team, Richard Kuntz, Mrs. Charles Steele, Mrs. James Baker and Mrs. Robert Schenck. As usual the other employees will have the opportunity to give additional assistance to the 47 national and local agencies to their house-to-house solicitor. At this time they will receive their Community Fund Membership and Red Cross cards and their "United We Give" door sticker.

Ninety percent of the Business Men's Division is solicited through the concentrated efforts of Mrs. Louis Vogel, campaign chairman, and Mrs. Philip Kern. Organizations are behind schedule this year according to Mrs. John Bunney, captain, although letters were out as early as usual. Both village and rural house-to-house solicitors have small areas in now getting under way.

The Red Cross Only team working outside the Manchester Community Fund area, but in the Red Cross area within south-west Washtenaw County, reports fifty percent of their territory covered.

School children have had their opportunity this week to learn about giving for others as canisters were placed in every home-room.

October 27 is the designated closing date for this year's drive. Mrs. Vogel urges you to let YOUR Community Fund know before that date that you care enough to "Give Enough for ALL".
