NOW FOR 6 ... TOTALLY DIFFERENT **TYPES OF CHEVY TRUCKS!**

REAR-ENGINE CORVAIR 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine-all kinds of fresh new ideas about truck efficiency and economy.

TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!

You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up.

ECHOES OF THE PAST

79 YEARS AGO As William Logan and his family were driving to church on Sunday morning, their team became frightened at some logs at the roadside, jumped sideways upsetting the buggy, from which they cleared themselves and ran away. Mrs. Logan was considerably bruised, and Mr. Logan was somewhat shook up by the fall, but they considered themselves fortunate in escaping without broken bones.

Delos Merrill, Norvell Township was driving down the big hill near Wampler's Lake on Sunday afternoon, when a strap broke, letting the buggy against the horse. The beast began to kick, whereat Mrs. Merrill, jumped with her two children from the buggy, striking her head cutting a gash in her scalp, The children were also injured somewhat.

Mr. Merrill kept his seat in the buggy until the reins were broken. The horse ran into a patch of grubs, broke loose from the vehicle and ran down the road, disapp-Neighbors came to the rescue and took the family

NOTICE FROM THE MICHIGAN STATE POLICE DEPARTMENT

With November and December averaging a fifty of the annual Michigan traffic deaths, Sgt. Carl Anderson, the Clinton State Police Post, is warning motoris and pedestrians to be unusually vigilant in these hazardous months.

The toll for last November and December was 299, 20 per cent of the 1959 total the same as the 33 year average computed since traffic records were begun. More hours of darkness due to shorter days mean more driving and walking is done in reduced visibility Sgt. Anderson pointed out Frequent unfavorable weather conditions increase hazards. In addition, acl day shopping adds to volume of pedestrian and vehicle traffic in these

menths. 'More alert oriving and walking can cut down this year end toll," Sergeant Anderson emphasized. increase their safety. orists and pedestrians must work at it every day. You can't take safety for gran-

Sergeant Anderson offered these safety tips: To drivers: Because traffic hazards increase in November and December, increase your alertness. Take it easy after dark and in bad weather. Increase your caution at hills, curves and intersections - there may be ice or snow. Obey the traffic laws and signs and watch out for the motorist or pedestrian who may not. Safe driving can prevent accid-

To pedestrians: Be especially alert for the added walking hazards of the season. Don't block your vision with packages or other objects. Walk only where motorists expect you, but be , n guard for the motorist who may be inattentive o careless. Be extra cautious at night and in bad weather. Remember, careful walking can keep you unharmed so always take your best steps in traffic.
