POST OFFICE RECEIVES NEW FLAG

The flag now flying over the Manchester Post Office was obtained by Congressman George Meader from the Post Office Department in Washington D.C. This flag has been flown first over the Post Office Department and then over the Nation's Capitol in Washington D.C. as attested by a letter recently received by Postmaster George Merriman from Postmaster General Arthur E. Summerfield.

The letter reads: Dear Postmaster Merriman: It is my pleasure to extend congratulations to the citizens of Manchester, Michigan, on the occasion of the dedication of the new postal facility designed to serve more adequately their postal needs.

This is the latest example of our efforts to provide for our patrons the service they need and deserve. I am very happy to make available to the Honorable George Meader of the 2nd District, a beautiful new 50 star nylon flag to have flown over the Nation's Capitol.

This flag symbolizes the strength in our union of 50 states standing side by side for freedom. It represents the ideals and traditions, the principles and institutions which constitute what is to mankind the greatest nation on earth.

With the presentation of this special flag which has been flown first over the Post Office Department and then the Nation's Capitol here in Washington, D.C. you and the citizens of your community.

Warm personal greetings to all. Sincerely, Arthur E. Summerfield Postmaster General

VILLAGE OF MICHIGAN PROCLAMATION

WHEREAS, World Day of Prayer will be observed this year in many places throughout the world where humble people, living against a background of universal tension and uncertainty, will bow their heads and lift up their hearts to Almighty God in prayer and;

WHEREAS, The Church Women of Manchester will join on this occasion with church women in communities throughout the world to form an articulate and inspiring chain of human prayer, and

WHEREAS, The troubled peoples in less fortunate nations than ours and, indeed, even in our own beloved country, need Divine Guidance as never before especially as this is stimulated through corporate prayer;

NOW, therefore, I, Eugene Dentschneider, President of the Village of Manchester, Michigan, in recognition of the 75th Anniversary observance do hereby proclaim Friday, February 17, 1961, as

WORLD DAY OF PRAYER in Manchester, and urge our citizens to observe this day by attending on February 16, 1961, wherever possible World Day of Prayer services, or pausing for a minute of prayer at high noon to ask God to give us, in all our humility, the wisdom and courage of meet and successfully solve the problems of our times.

Local observance will be in the Iron Creek Church beginning at two o'clock.

MOVING IN

Little by little the publishers of the Manchester Enterprise have been moving to Manchester. For some time they printed the paper at their shop in Clinton. Then they bought the Short's Electric Building, right next door to the place occupied by the Enterprise for many, many years. Then the equipment was brought in and the paper went to press in town again.

The publishers, George and Lois Koda have been busy getting the upstairs apartment remodeled that is still being done. But as of Tuesday of this week their two children, Michael (Mike to his friends), a seventh grader, and Andrea, a fourth grader, are enrolled in the Manchester school system.

BIRTHDAY OBSERVED

Mr. and Mrs. Wallace Anderson and son of Jackson called on the L.V. Kirk family, Sunday.

what's the real price of a quart of milk?

In terms of the average amount of work required to buy a quart of milk, the "price" is 70% less today than it was 45 years ago.

The real price of a quart of milk is measured by the amount of work—not the amount of money—required to obtain it.

In 1914, for example, the average hourly wage earner worked 22.9 minutes to earn the money to buy a quart of milk. (See table.) Today's average wage earner works only 6.8 minutes to earn enough money to buy a quart of milk.

In terms of the work required to obtain it, the same quart of milk "costs" 70% less today than it did 45 years ago.

Bargains like this are few and far between.

CARING FOR YOUR FAMILY

by Edith Clarke
Enjoy Your New-Born Baby

Nothing in the world probably seems more fragile to a young mother than her first new-born infant. He's so tiny and breakable that it's often weeks before she's able to feed, change and hold him with any kind of confidence.

He is very natural but it's a help to both the mother and the baby if she realizes, from the beginning, that a healthy baby is more durable than he seems. His body is strong and elastic and thrives under the calm handling of a mother.

When a mother is nervous, this is transmitted to the baby. During the early months of his life, he reacts instinctively to atmosphere—like a kitten or a puppy. Although he can't understand it, he can be apprehensive and is disturbed by it. His only recourse is to cry. Perhaps this explains why first babies often cry more than second and third additions to a family.

A good baby, a happy baby is usually one who's confident he's thoroughly loved. A mother who transmits this truth by talking to him, holding him and being

nearby, even when he isn't loudly demanding attention. She loves him—and just as important, she's enjoying him, without the slightest tremor of fear. She'll learn to do many things for him... but if she is nervous about giving him his first few baths or cutting his fingernails, it would help to have a relative or friend standing by to lend, if nothing else, encouragement. Even a new baby will get a scratch or two on his little face or body, and when this happens, a mother should treat them immediately. However, she must never use a harsh antiseptic that could burn his skin—instead, she should wash the scratch with warm water and cover it with a very light film of Vaseline petroleum jelly. This will help promote healing and will protect the cut from being further irritated by his falling hands. As Vaseline petroleum jelly is totally non-toxic, it cannot harm the baby if he gets it on his fingers and puts them in his mouth.

MANCHESTER

From NICK PRAKKEN, Manager
"NUMBER, PLEASE?" ... According to our best information, this famous phrase originated in Chicago, way back in 1895. Before this, telephone operators responded with such phrases as: "What do you want?", "Hello", "Number?", and "What number?". The whole Bell System adopted the words in 1904—so you can see that our present operators are following a long tradition of courteous service.

There's Something About The HOME TEAM!

When the home team wins a victory, everyone is happy because everyone shares in the glory. It's the same with the home town itself. When MANCHESTER, your home community, prospers you feel good because you know that some of that prosperity will rub right off on you!

That's one big reason why more and more folks are buying in MANCHESTER stores these days. Not only are these stores up-to-date in every way, with merchandise as modern as tomorrow — but people hereabouts also know that their MANCHESTER merchants are neighbors who help pay taxes that build and maintain schools, roads and other improvements. They know that MANCHESTER stores employ local people... and that these same people spend their earnings locally... in part, on the very things that you or your employer makes or sells.

When you buy in MANCHESTER you are starting a chain reaction that helps make MANCHESTER—and you — more prosperous. That's why you will find it mighty good sense to buy in MANCHESTER—and boost the home team!

2 Million Women To Support March of Dimes

The Golden Key of Hope—a new symbol for a new decade of medical progress against crippling diseases—is the badge some two million volunteers will proudly wear in the 1961 Mothers' March climaxing the New March of Dimes.

Symbolizing the need for research to unlock the mysteries of such major crippling diseases as birth defects and arthritis, the Golden Key also represents the vaccine "keys" to polio prevention perfected through research made possible by the March of Dimes.

In most communities, the Mothers' March will take place the evening or afternoon of Tuesday, Jan. 31. Volunteers identified by the Golden Key badge will call on their neighbors for support in the campaign against crippling diseases which affect one in every four American families.

Each of the estimated 40 million households visited in the Mothers' March will receive valuable health information cards including Do's and Don'ts for expectant mothers, Arthritis Warnings, and Vaccination Alerts for the almost 85,000,000 Americans still not protected against polio.

Beclouded by centuries of superstition, birth defects are considered by medical authorities to be the nation's most serious child health problem. Yet the fields of cause and prevention were largely unexplored until funds from the March of Dimes began to make intensive research possible. Pointers derived from early research are included on the cards to be distributed by Mothers' March volunteers.

You And Your Taxes

Uncle Sam is not the only one spending your tax dollars by the billions. A study of the Historical Summary of Governmental Finances in the U. S., published by the Bureau of the Census, shows that local government expenditures have been increasing at the average rate of 9.4 per cent each year—up, up, up until they have reached an estimated \$37.8 billion in 1960. And the upward trend is still with us.

This focus on local spending is brought forth in view of a new program being sponsored in many cities throughout the nation. It is called Home Owner Tax and is designed to arouse the interest of citizens in local government affairs and communicate their views to local officials. It seems particularly timely and worthwhile in view of what's been going on across the country.

That figure of \$37.8 billion for local government spending in 1960 was only \$18.1 billion in 1950, astounding as that may seem. If it continues its upward trend at the rate of nearly 10 per cent every year, where will the taxpayer be? What will he have left? Even more distressing, the local governments are spending the money faster than they're taking it in! While the average rate of increase in expenditures was 9.4 per cent, the average rate of increase in revenues

was 8.4 per cent for every year since 1950. Estimated revenues for 1960 were \$37.8 billion, compared with \$17 billion in 1950. From another source, the National Research Bureau, Inc., comes word that the total state and local debt has also been steadily rising, from \$22.7 billion in 1950 to \$54.6 billion in 1958, the last year for which figures are available.

Here's what the National Research Bureau pamphlet adds: "Many state and local governments find themselves faced with tremendous pressures of extended spending. This spending may be in the form of a new school, new road, or relief program. The only way that these programs can be financed is through increased revenue. This revenue may come in the form of higher taxes, or in the form of a rise in tax assessments, which amounts to the same thing. The cost will still be borne by the people. This fact makes it absolutely essential that every citizen carefully examine each new spending measure that is introduced into state and local government."

That is basically the same message Home Owner Tax is trying to get across. H.O.T. attempts to induce the taxpayer to make known to his local officials what he does, or does not want to buy and pay for in local government. When taxpayers are heard, they generally ask for less government spending, reduced taxes and the honest attention of public officials to their problems. H.O.T. was founded on the theory that many local government functions and services can either be eliminated or performed just as well or better by private individuals.

There is certainly a need for a voice on the side of individual initiative vs. expansion of government services.

MAKE MAJOR FARM IMPROVEMENTS THIS YEAR if they are in your long range plans. Current situation shows it may cost you less now than if you wait. Long term investment plans are now being made. Also, any program in the next five years. Also, any program in industrial construction and residential housing will force material costs up.

REVIEW FARM PROPERTY INSURANCE COVERAGE THIS WINTER. The mistake most often made by farmers is to adequately insure buildings and overlook the contents. With higher investments in farm machinery, equipment, livestock and other items around the farmstead, you may have more tied up in these than in the buildings. Be sure your personal property as well as buildings are adequately covered. Insure buildings according to their replacement value.

KEEP BABY PIG LOSSES DOWN. About 2/3 of all pig deaths are caused by chilling and being crushed by the sow. During cold weather, make sure you are on hand when sows farrow. Dry pigs off immediately after farrowing and place them under a heat lamp. Make sure they suckle within the first few hours. Use of farrowing crates is a big help in keeping pig losses to a minimum.

REPLACE DEFECTIVE OR LOW TEMPERATURE TRACTOR THERMOSTATS. Engine temperatures between 165 and 185 degrees give best operating efficiency and lower engine wear. Always be sure to use a permanent type anti-freeze with a 165 degree thermostat. Ordinary alcohols will be lost through evaporation at these temperature levels.

SHEEP SHEARERS HOLD MEETING

The annual meeting of the Michigan Sheep Shearers Association was held Monday, January 23 at the Al Faulhaber farm located 1/4 of a mile west of Manchester on Austin Road. Mr. Faulhaber is one of the directors of the Association. He invited not only sheep shearers but wool growers and all interested persons to attend the meeting. Carl Hicks of Hanover is president of the Association and Cliff Bowen of Grass Lake is secretary.

Events got underway at 10:30 a.m. with the setting up of sheep shearing equipment and shearing demonstrations. At 11:30 a.m. E.A. Warner of the Sunbeam Corporation of Chicago had as his topic, "How To Get The Most Out Of Your Present Equipment and What's New In Shearing Equipment". At 12:30 p.m., dinner was served, prepared by a committee headed by Mrs. Al Faulhaber, Mrs. Robert Kirk both of Manchester and Mrs. Oscar Crew of Grass Lake. Incidentally the meat was lamb prepared by the local Wool Bakery. There was a small charge for the dinner.

At 1:15 p.m. sheep raising in New Zealand was discussed by Mr. Alan Kirton of the Massey Agricultural College in New Zealand. At 1:45 p.m. the outlook for wool prices was given by representatives of the Wool Buying concerns in Michigan. At 2:15, there was a business meeting of the Michigan Sheep Shearers Association on "What Is New In The Sheep Business". That concluded the days program, according to Mr. Faulhaber.

UNITED WITNESS FOR CHRIST

Local Methodist will participate in three special activities as part of the "United Witness for Christ" being carried on in Michigan congregations, February 5-12. According to the Rev. Mr. Jesse D. Epps, minister of Manchester Methodist Church, the witness is designed to strengthen local churches in their communities.

Youth of the area's Methodist congregations will attend a District Youth Rally in Ann Arbor, Saturday evening, February 4. The program, designed as a "kick off" for the mission, will include an address by The Reverend Hoover Rupert, minister of the First Methodist Church in Ann Arbor where the meeting will be held.

Methodist pastors in the area will attend a four day school of instruction in Ann Arbor West Side Methodist Church on February 3, 6, 8, and 10. Reverend John Teenant, minister of First Methodist Church in Albion, will have charge of the instruction.

A mass meeting of youth and adults will be held on Sunday afternoon, February 12, at Ann Arbor First Methodist Church. Dr. Armstrong Broadway Methodist Church, Indianapolis Indiana.

The three special activities will be in addition to special evangelistic services February 5-9 in this area. Guest ministers from the Michigan Conference are to assist local ministers in these services and to train teams of laymen and laywomen who will call in homes of the community.

Consumer's Corner
Guide lines from NACCA

Junior and his kid sister may see the inside of a first-class station before they see the moon on their toy rocket if some of the tricky small-space toys are not improved by their designers.

This warning has been issued by the National Association of Claimants' Counsel of America, a nationwide group of attorneys who are launching a new program of consumer protection throughout the U.S.

The NACCA Bar Association has urged makers of mechanical and chemical toys to use "burst caps" so that fun-time toys does not become a painful weapon.

Real court cases have shown that toy airplanes powered by carbon dioxide gas pellets cause injuries and toy airplanes and catapults featured in many suits in the past.

Those involved with manufacturers' playthings may remember that engineering failures of three can't read even if they could, would use the same common sense.

It's quite possible Junior will use an exotic use for new atomic missile gun that never before saw the light. Like squirring the gun into Baby Sister's wall. And when the next instant starts tasting new toys and chewing them off, well, says NACCA, that's the time for manufacturers to take steps to protect His Royal Highness, the Baby Consumer.

HOMEMAKER OF TOMORROW ANNOUNCED

Melva Strang has been named the 1961 Betty Crocker Homemaker of Tomorrow at Manchester High School. Having received the highest grade in a written examination on homemaking knowledge and studies taken by graduating seniors in her school, she comes a candidate for the state Homemaker of Tomorrow award which will be announced in March.

Each school Homemaker of Tomorrow will receive an award pin, manufactured by Owens and representing the slogan, "Home is Where the Heart Is." The examination papers of school Homemakers of Tomorrow will be entered in competition to name the state's Homemaker of Tomorrow.

The \$110,000 homemaking education program sponsored by General Mills offers a \$1,500 scholarship to the first ranking girl in each state and \$500 scholarship to the state's second ranking participant.

State Homemakers of Tomorrow and their faculty advisors receive an expense-paid educational tour to New York City, Colonial Williamsburg, Va., and Washington, D.C. April 8-13, the trip culminating in the announcement of the All-American Homemaker.

COUNCIL PROCEEDINGS

Council met in special session. Called to order by President Bentschneider, present trustees Pippenger, Mc Guire Galloway, Roberts and Wurster. Absent Clark.

Purpose of the meeting was to discuss the enforcement of Ordinance No. 43, because of complaints received from property owners. Review of the ordinance by the council indicated that changes were not justified. Moved by Pippenger and supported by Roberts that we adjourn; Carried.

B.P.W. ATTEND WINTER MEETING IN BELLEVILLE

The Winter Meeting of District 8, Business and Professional Women's Club was held Saturday, January 28 at Belleville, with six members from the Manchester Club in attendance.

Coffee Hour was held from 3:00 to 3:45 p.m. At the same time, Mrs. Gertrude Fielder, President of Manchester B.P.W. attended the District 8 Council. Discussion at this session centered around the coming State Convention to be held in Detroit, in May. District 8 has charge of the Banquet and Program and Mrs. Fielder was appointed to that committee.

During the Business Session it was announced that District 8 now has two girls attending the University of Michigan on B.P.W. scholarships in science. The meeting was honored by the presence of Miss Marion McClench, Past National President of B.P.W.

At the banquet following the meetings the tables were especially attractive. At each place, was a glass swan on a small mirror lake. Larger swans serving as rose bowls were placed in the center of the tables. These were made by the glass blower from Greenfield Village, Nils Carlson, who was also the speaker for the evening. During his very interesting talk, he made many different articles, explaining the history of glass, the different types of glass and its uses.

A question period followed and proved to be even more enlightening to the over one hundred women attending. Those attending from Manchester were Ethel Griffin, Ethel Kerr, Margaret Kappeler, Olive Hazen, Roena Wurster and Gertrude Fielder.

COUPLE REPEAT WEDDING VOWS

Mrs. Charles Cameron

Miss Geraldine Marie Way, daughter of Mrs. Orville Way of Manchester, and Charles Cameron, son of Dr. and Mrs. Arthur Cameron of Wyandotte, Michigan, were united in Holy Matrimony, at St. Mary's Catholic Church in Manchester at 12:00 noon on January 28, 1961.

Reverend Leonard Way, O.S.B. brother of the bride, performed the ceremony. Maid of Honor was Theresa Sayers, Bridesmaids were Mary Stone, Mary Jo Bannon and Elizabeth Kveton. Best man was Hugh Cameron. Ushers were Dr. George Cameron, William Haubrich and Paul Boyd.

The bride wore a chiffon taffeta gown, with a fitted bodice, scoop neckline, three quarter length sleeves, alencon lace, applique with a chapel train flowing softly from the soft folds of the skirt. Her elbow length illusion veil was held by a cap of matching lace. She carried a bouquet of white roses.

The attendants wore dresses of blue chiffon and carried white baby bums. A wedding breakfast was held at the Church hall, following the wedding ceremony. For traveling, the bride wore a navy blue knit suit. After a honeymoon, through Montreal and Laurentian Mountains, the couple will make their home at 7524 Maple Street, Dearborn, Michigan.

OPEN HOUSE AT BAKERY SATURDAY

Saturday will be "Open House" at the Manchester Bakery, as Ways start the 34th consecutive year of serving this community with a complete line of baked goods and groceries.

Mr. and Mrs. Richard Way, present owners bought the business from his father, O.M. Way in 1955. The Ways invite everyone to drop in Saturday, February 4, and take a look at the remodeling job, the new shelving, new floor and new lights. The interior has been painted.

The Bakery will now be a One Stop-One Shop center in town. A delicatessen counter is the newest addition. There's baked beans, cole slaw, potato salad and cottage cheese in the bulk.

Mr. Way points out that without the help of his entire staff, the clerks, and bake shop this project could not have been carried out as smoothly. He said that the Land O Lakes Tile Company of Brooklyn, Mr. George Graham (shelving authority) and Basil McGuire also did much to help with the remodeling.

There'll be a free lunch counter for patrons on Saturday to get people acquainted with the cold meats, samples of new foods and fried cakes and coffee. Every customer will be given a ticket at the cash register at 9 p.m. there will be a drawing. No, Dick says you won't have to be present to win. The prizes, \$20 \$10 and \$5 worth of groceries and baked goods.

The Bakery was one of the first in town to have its face lifted when the front was done over and the interior completely remodeled several years ago. Now it is time to remodel the interior again to meet the demands of the changing times. All these things do much to improve the community--to make it a better place to live.
