Little Country Paper

WHEN the evening shade is falling at the end of the day, An' a feller rests from labor and smokes his pipe o' clay, There's nothin' does him so much good, be fortune up or down, As the little country paper from his Ol' Home Town.

It ain't a thing o' beauty an' its print ain't always clean, But it straightens out his temper when a feller's feelin' mean; It takes the wrinkles off his face an' brushes off the frown, That little country paper from his Ol' Home Town.

It tells of all the parties and balls at Pumpkin Toss; 'Bout who spent Sunday with whose girl and how the crops'll grow; An' how it keeps a feller posted 'bout who is up an' who is down;

That little country paper from his Ol' Home Town.

Now, I like to read the dailies and the story papers, too, An' at times the yaller novels an' some other trash—don't you? But when I want some readin' that'll brush away a frown, I want that little paper from my Ol' Home Town.

STATE POLICE WILL HOLD OPEN HOUSE

As has been the custom the last several years, the State Police will observe Michigan Week with open house "Hospitality Day" Tuesday, May 23, at all posts, according to Sgt. Carl Andreson, commanding officer of the Clinton post.

Visiting hours at the Clinton post will be from 10 a.m. to 8 p.m., and everyone is extended a special welcome to examine the equipment and facilities and ask questions regarding the operations of the department. Officers will escort the visitors.

"While visitors are always welcome at the post, Hospitality Day offers a special opportunity to look us over and in past years many have done so," said Sgt. Andreson. "Those who call on us will learn about the services the State Police perform and how a post functions. "To those who may not know the location, the post building, which is easily identified, is situated on US-112 at the East city limits of Clinton. Stop in to see us."

In addition to open house, the State flag, as well as the U. S. flag will be displayed all week at the post.

The Optimist Club only requests that these trees be planted where they can be viewed from the road.

CITIZENS COMMITTEE TO MEET MONDAY

The Manchester Board will meet again with the Citizens Committee at the Nellie Ackerson School at 8:00 P. M. Many things concerning the Manchester Public Schools will be discussed at this time. The meeting is of a public nature and any interested citizen is invited to participate. Luther Klager, Board Pres., explained that the written invitations were only to guarantee a good representation. He certainly hopes that this does not tend to keep other interested citizens away.

MRS. ELIZABETH DRESCH DIES AFTER LONG ILLNESS

Mrs. Elizabeth Dresch, age 49 years, 515 W. Main Street, died early Saturday morning at her home after an extended illness.

She was born on March 12, 1912 in Ireland, the daughter of Mr. and Mrs. Joseph Gieley. At the age of 17 she came to New York. She married in New Jersey on May 12, 1932. They moved to Ann Arbor in 1934 and to Manchester in 1949.

She was a member of the Mary's Catholic Altar Society and the American Legion. She is survived by her husband, Harold; three sons, Harold of Tecumseh, Arnold of Manchester, and Garret home; a daughter, Mrs. Eileen Wright of Manchester; four brothers and two sisters.

Services were held at 10 a.m. Monday in St. Mary's Catholic Church, with Rev. Fr. William Schneider officiating. Burial was in St. Mary's cemetery. The rosary was recited at 8:00 p.m. Sunday in the Jenter Funeral Home in Manchester.

The Grease Problem

When grease is spilled on wood floor, place an ice cube on the spot immediately. The grease will harden at once and it can then be picked up before it soaks into the floor.

If a pan in which a grease has been moved should tip over, dump a tray of ice cubes into the pan. The cubes will pick up all the grease which will solidify around the cubes and they can then be lifted out with a spoon.

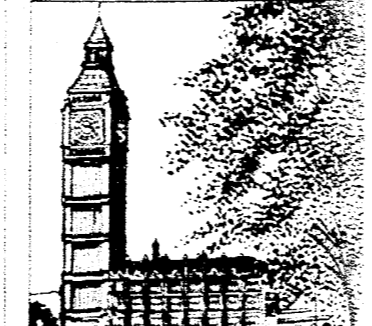

The Nautilus No-Dust Range Hood is your answer to greasy stained walls and ceilings. It has its own permanent grease filter which catches cooking grease and can be cleaned by simple washing in detergent and water. It is re-used. The range hood eliminates unpleasant cooking odors and purifies kitchen air.

To remove a grease spot on a wall, rub with a clean cloth. Place a blotter over the spot and pour over it with a warm iron. The grease will adhere to the blotter and can be removed.

Grease stains can be removed from wallpaper with an application of cornstarch-and-water paste. Let the application dry and then wipe it off.

Stubborn grease stain on dishes? Apply any household cleanser and rub as you would with soap. Then wash the dishes with soap and water.

SUMMER READING PROGRAM AT OWNERSHIP LIBRARY

Summer is valuable reading time for young people. The teachers in the lower grades, specially, consider it a necessity in order for a child to come back to school in the fall with his reading skills as good or better than they were at the close of school in the spring.

The library will have the usual summer reading program with record books, registration and get-togethers which will be announced before the end of May.

Manchester Twp. Library is now able to furnish every one in the Manchester area with FREE library service.

Harmon, Freedom and Bridge-Township Boards have all voted minimum support to the local institution which supplies this area.

Manchester Twp. Library is a member of the Washtenaw Area Library Assoc. with borrowing facilities from neighboring libraries as well as the State.

To borrow books from any library it is necessary to bring a "Borrower's Card". In some places each individual who is eligible to use the library has to carry his own borrowing card. At Manchester Library the names are kept on file and it is not necessary to carry the individual card.

If a student or child under 14 years wishes to borrow books, the permission card must first be signed by a parent or guardian. When a small child is able to sign his own name, his parents may make the request for a borrower's card.

AWARDS ASSEMBLY TO BE HELD

The annual awards assembly will be held at the high school on Thursday, May 18.

Citizenship and service awards will be presented to those people voted most deserving by members of each class.

New at this year's assembly will be the awarding of pins and certificates of merit to outstanding students in bookkeeping and advanced typing.

A Good Deed Done
 The Building Progress Reports look better every day. Just before the first of the year, the deed for the site of our new headquarters was received from Mr. Walter Anicka who made the land available at a very modest cost. The Requirements Committee under the direction of E. C. Laetz, completed the very difficult task of gathering data on our current needs and projecting our needs into the future. The resulting preliminary plans by Colvin, Robinson, Wright assures us of a sound plan for a building which will meet our needs now and yet is very economical. The site on Packard Road is located at the center of the population complex of the county.

Planning for Our Building
 Plans are proceeding rapidly under Edward Adams, Jr., Chairman of the Building Fund Campaign. The committee has already met with United Fund groups and explained our intention to limit our drive in such a way as not to interfere with their annual campaigns. We received the full endorsement of the Ann Arbor United Fund and the Ypsilanti Community Chest.

Considering the type of campaign we must undertake, success will depend on the energetic support given it by our volunteers. Many of you will be asked to take an active part to work for the thing that we have dreamed about for years—a home of our own. Drop into the office any day and take a look at the preliminary plans.

New Faces
 The Chapter Chairman proudly announces new appointments: The Chairman of the March out-county drive—Ronald Gauch from Parkersburg; Chairman of Public Information—Albert Samborn of WPAG in Dexter; Chairman of Motor Service—Mrs. Violet Elsfior. Also, new members on the Executive Committee who were elected from the Board to fill unexpired terms are: Kenneth MacDonald of Ann Arbor, and Louis Kress of Ypsilanti.

March Campaign
 The March out-county campaign, under the Chairmanship of Ronald Gauch, was another successful drive in Whitmore Lake, Salem and Northfield townships. A special salute goes out to Mrs. Cora Blunk and Mrs. Pete Russo and the other dedicated volunteers who made the campaign a success.

All Roads Lead to Cincinnati
 The National Red Cross Convention will be held May 7-10 in Cincinnati and we are all expecting it to be the best yet with our past Chairman E. C. Laetz serving on the Convention Organization Committee. All volunteers who wish to attend are urged to contact the Executive Director at once so hotel reservations can be made. The Chapter will provide our station wagons to transport delegates departing Sunday morning, May 7th and returning the evening of the 10th.

Low 80s Hit by Three
 Not a golf story, but a success story about another summer activity. The last three adult swim programs have hit the low eighties in people attending the course from all over the county as well as from other close-by counties.

The last class, under the direction of volunteer Water Safety instructors, gave instruction to the class members at the Ann Arbor High pool each Wednesday evening. One complete family attended, with the mother taking instruction in the Swimmers section, the father and son in Senior Life Saving. Truly in keeping with the Red Cross goal of "Making everyone a swimmer and every swimmer a life saver."

A Case A Day for Three Weeks and Still Going Strong
 The statistic in the Home Service file showing that each day for three weeks running, one new case from Chelsea area needed Red Cross

assistance, tells only half of the story. While this may set a record for Chelsea, it is taken in stride by the Home Service department which provides 24 hour coverage, seven days a week. In each case, your Red Cross was able to provide assistance to the serviceman and their families confidentially and effectively, meeting the charter obligation.

"B" There
 Almost 200 people were working hand in hand on a project and no one knew who they were helping. The project started with a blood clinic at which a supply of needed blood was received. Monday our Motor Service started out on its usual run to the Detroit Regional Blood Center to pick up blood for distribution to our hospitals. After they departed, a call came from one of the local hospitals. A special operation required additional quantities of a type "B" blood. None of the other hospitals had a supply of that type on hand, but the operation had to go as scheduled. Our office contacted the Detroit Center which intercepted our Motor Service and our driver was able to bring it to the hospital in time for the operation. Your Red Cross answered the call to "B" there.

Dateline: Athens, Boston, and Ann Arbor
 Red Cross international activity ends in Ann Arbor. A member of the Nursing Service of the Greek Red Cross was in need of special medical assistance found only at the U of M Medical Center in Ann Arbor. Our fellow Red Crosser's trip was interrupted by an airline strike, then bad weather, necessitating schedule changes in the United States and in Greece. When the final wire arrived in our office stating that she was to arrive in the wee hours at the Detroit Airport, our Home Service and Motor Service sections went into action. Transportation was awaiting the visitor at the airport and also, a volunteer who spoke the language to welcome her and get her to the hospital.

Bank Shortage Welcomed
 Before the newly formed Protestant Inter-church Blood Bank was an hour old, their account was overdrawn. The shortage was welcomed. One of the members of the club was hospitalized and needed blood that day, and the account had not yet made a deposit. The club was advised of the need and approved the release of the needed blood based on the potential donors lined up ready to donate. As the day ended, a fine record of 188 pints of blood was collected wiping out any shortage and assuring its members of the "gift of life" when they need it.

Dexter Board Brings a First
 When we were invited to hold our winter board meeting in Dexter on our usual Tuesday night, we found that date taken by a Kiwanis dinner. Undaunted, we joined forces, an innovation that was delightful, bringing total attendance up to 120—a high in recent years for a county board meeting. The President of Kiwanis, Floyd Layton, also welcomed us for the village of Dexter and, as you know, the preliminary plans for the building were approved. Certificates were presented to our hard working and wonderful Social Welfare Aides by their chairman Mrs. Charlotte Sundelson. The meeting was so successful, that the Executive Committee is considering joining forces again. After all, members of the service clubs are invariably members of the Red Cross.

Special
 Again, it is time to bring in new station wagons. We will, therefore, have for sale a 1960 Ford station wagon, with V-8 motors, best heater, and in perfect condition—

an excellent buy of a car we know thoroughly. Contact the Executive Director quickly because they will not last long.

And in Nursing
 A plan for teaching physical fitness was among the interesting items in the report of Mrs. Marian Herling, vice-chairman of nursing services, who attended the Nursing Services Conference in St. Louis on February 8, 9, and 10th.

Mrs. Dorine Chandanis from St. Joseph Hospital, Mrs. Dorothea Griffiths from VA Hospital, and Miss Elizabeth Robinson, Home Nursing Chairman all attended a Disaster Training Conference in Pontiac.

A well integrated Disaster Nursing Plan is being revived under Miss Thelma Stegeman, Chairman of this activity, with representatives from all nursing organizations and hospitals included.

MAYOR EXCHANGE DAY

Promoting a better understanding of the services, functions and problems of state and local government is the theme for Our Government Day Monday May 22 of the 1961 Michigan Week.

Village President Harry Sutton will visit Rockwood, while Irving Brewer, President of Rockwood will take over the reins of Manchester's government as part of the annual Exchange of Mayors which highlights the day.

The swapping of top city officials, according to Morris Dalitz (county chairman for Michigan week) is a vehicle through which community governing officials can exchange views concerning various phases of local administrations.

Mr. Hugh Sutton and Mr. Jim Cannon (co-chairman for the local mayor exchange) pointed out the itinerary will be a lunch at the Manchester High School, put on by the Agriculture Dept. followed by a tour of the different attractions in our Village topped off by a dinner in the evening.

A social hour followed during which the hostess served home-made ice cream and cake.

SCHOOL BOARD TO ASK 4 EXTRA MILLS

At a school board meeting Monday evening it was unanimously approved to ask four extra mills for school operation for the next year.

This decision was arrived at after thorough discussion by the board and the area citizens committee.

During the last month the citizens group has discussed the total debt and school tax picture as compared to other schools in the general area.

They also have concerned themselves with the dangers of a minimum budget.

Many were concerned with the small amount of general improvement because of extremely tight budgeting.

At Monday's meeting the school board presented a minimum budget and a safe budget to the committee for discussion. A poll of the group present indicated that they favored the safe budget calling for 13.5 mills, 4.6 of this being what would have to be voted.

At a regular meeting of the board after the meeting a resolution was adopted to ask for a compromising 4 mills which would in reality be less than 2 mills above the 15 allotted by law, in most of the district.

There was considerable agreement among citizens, board members and staff members as to thoroughly studying all aspects of the school system this coming year.

Outside help from one of the Universities would be solicited to carry on such a study.

It is planned to present all of the supporting evidence and discussion in the next issue of the Enterprise.

REGISTER BY JUNE 2 FOR SCHOOL ELECTION

Manchester school officials point out that the school election will be held June 12. It will be the first time as a registration district. For people who wish to vote at that time it is necessary that they be registered voters. School officers note that it is well to check with the township clerk. June 2nd is the last date for registration for people wishing to vote at this year's election.

The term of Dan Boutell, school board treasurer expires this year. Anyone wishing to have their name on the ballot must turn in a nomination petition signed by 50 registered voters. Blank petitions may be obtained at the Superintendent's office or at Sutton's Insurance Agency. They must be turned in to Laurin Leeson, school board secretary Saturday, May 13 at 4 p.m.

If there are children who should be going to Kindergarten next year and they have not yet been registered, parents are urged to call Manchester GA 8-2341 and make arrangements to do so in the near future.

A school policy regarding severe storm warnings has been adopted. Children will be sent home early in case of severe storm warnings forecast for the Manchester area. It is not wise to keep a high concentration of children at one point during a time such as this, school officials point out. These warnings are expected during hot, humid days when there are erratic temperature changes. Parents are asked to have some responsible person home during these times as there will not be time to warn parents of the school's decision.
