VOLUME 94 NO. 19 THE MANCHESTER ENTERPRISE MAY 18, 1961

BOARD AND LOCAL CITIZENS MEET

The board of education has met on two occasions this past month to discuss school programming and finance with the area citizens committee.

This procedure was outlined several years ago to allow area citizens to review aspect of the school program for school board consideration before a final budget was adopted and millage requested.

Mr. Klager, school board president, admitted that this year to year millage request was risk, because its failure any one year could cause a mighty step backward in the education of the area youth.

He did state however that at the present time the people concerned felt this to be the fairest method to finance schools.

1. It gives interested citizens a chance to know what is going on and voice their opinion.
2. It gives much more local control over schools than would an extended millage over a number of years.

Mr. Klager also suggested that we should plan on a complete reevaluation of our school program this next year, in terms of the educational needs of our children and the financial responsibilities to meet these needs. We should try hard to find out if we can get more for the money being spent.

It would be wise he stated to employ an outside University to work with area citizens and school staff members on this school inventory.

Everyone spoke favorably of such a plan and serious consideration is being given at the present time by the board for this evaluation.

A POPULAR QUESTION

At almost every gathering where schools are the issue one question is asked. Just what happens if the millage is turned down?

The school board in Manchester has not yet had to face this problem, along with the parents and children.

Maybe it would be interesting to look at what would probably happen in terms of what has happened to other districts.

The first thing that would probably happen would be that 50 parents would present a petition to the board asking for a second election on the issue. If this issue failed, school would have to open as if nothing had happened because teachers contracts would have to be honored. The money would be borrowed at about 6% interest.

Next winter before teachers contracts were issued a third election for twice the original request would probably be presented to the voters. This would pay the deficit and finance the following year.

If this issue failed, the board and area citizens would have to cut the program sufficiently to operate within the limited budget.

A look at expenditures would show that presently 80% of all the monies are going for salaries. 12% is going for heat, electricity, maintenance and operation supplies. The rest is spent on new and replacement equipment, teaching supplies and books.

The only item that would be able to take a 25% cut would be salaries. This would mean that about a 25% cut in staff would balance the budget.

Could the school operate with 25% less teachers, bus drivers and custodians?

The answer is yes, some schools do. 43 children could be put in every elementary classroom. The Junior High School could be eliminated and go into the single classroom. The High School curriculum could be cut so that each class would have five classes from which to choose four.

A second plan might be to put either the elementary school or the Jr. High school and High School on half day sessions, and double up on the use of teachers. This is of course a backward look and a pessimistic point of view. The implications and results of such a school program is left to the reader.

It is probably quite understandable why the board of education refuses to discuss this issue at the present time. It is a sure thing that they hope that this string of events never has to be on the board agenda.

SCHOOL IMPROVEMENTS ACCOMPLISHED THIS YEAR

The board of education outlined some of the accomplishments during the last school year at the first area citizens meeting.

1. The paving at the high school, which was badly needed and financed out of the general fund.
2. A 1/2 time counselling program. This will do a great deal toward the goals of helping students request the right school program, vocation or college. This was financed in part by the federal government.
3. New science and audio visual equipment. Financed in part by the federal government.
4. Intercommunications between Intermediate School and Elementary School making possible control from one office and the extended use of U. of M. musical instruction. Financed by the P.T.A.
5. New seats in the civic auditorium and new locks in the Intermediate School with money saved from the 1958 Building Fund.
6. Becoming a registered district. This makes our elections much more business like and allows issuance of absentee ballots.
7. Building of two rooms for special education at Pleasant Lake. These rooms are financed by the County. The board will use the 1952 Building & Site Fund to add more storage and to bring the building up to Fire Marshall rules and regulations.
8. A very successful adult program during the winter months.

FINANCIAL COMPARISONS

This year it was thought advisable to compare financial conditions of the Manchester Public Schools with the three neighboring class C schools. Rather than identify these schools, they will be named School A, School B and School C.

In comparing these millages, it must be remembered that the valuation per pupil is lower in the Manchester district than it is in any of the other three. One mill will raise about 15.00 per child in Manchester as compared to one mill raising 20.00 in each of the other three districts, therefore if you are comparing in dollars and cents operation costs and building costs you must consider that Manchester will have to spread several more mills in each classification to get the same amount of money for our childrens education.

CHET KOCESKI TO BE NEW PRINCIPAL

Mr. Chester Koceski, High School Principal at Gobles, Michigan, has been appointed as High School Principal at Manchester to fill the vacancy created when Mr. Duhan resigned to accept the Superintendentcy at Ubyly, Michigan. Mr. Koceski will assume his duties August first.

Mr. Koceski is a native of Canonsburg, Pennsylvania. He is a veteran of World War II, serving in the European Theater. He graduated from Waynesburg College, Waynesburg, Pa. in 1949. With his major in mathematics and his minors in science.

He taught math and science for five years at Covert, Michigan, and received his Masters Degree from Western Michigan University in 1954. He has been High School Principal for the past seven years at Gobles.

Mr. Koceski is married. His wife, Florence, is a native of Saint Joseph, Michigan. They have two sons, Kurt, age 4, and Timothy, age 2.

SCHOOL BUDGET DEVELOPMENT

The board of education presented to the citizens committee a minimum budget for next years school year.

This was just as tight as adopted the previous year in terms of what it would do to maintain a good school.

Some of the improvements needed were not reflected for instance. There was no provision for teacher salary raises. This put Manchester district in the position of a lower salary than most of the surrounding districts.

There was very little maintenance for building and equipment worth over 1 1/2 million dollars. There was not enough money to bring health standards in the Intermediate School locker rooms up to department of health requests.

There was no money for unexpected repair. There was no money to be applied toward the year end deficit.

There was concern over the fact that such a budget had not held the previous year and the district would probably again be 12,000.00 in the red at the end of the year. The total minimum budget presented showed a need for 399,000.00, 186,000.00 to be collected locally.

Several requests were made by citizens committee members at this time for information to be presented at a later meeting.

1. Would the board present a budget that was more realistic for discussion?
2. Would the board present figures indicating school taxes for the next year in the various townships?
3. Would the board present some figures showing what taxes might be if we lived in some other location within the county?

At the final meeting directed the administration to work up these materials for presentation at the May 8th meeting.

MAY 8TH MEETING

The board of education were not only in the position to present more related facts but also were able to present a majority of the materials requested previously.

Mr. Klager at this time presented the following facts as the committee and board could consider as they proceeded to consider the previously determined minimum budget and the new safe budget.

1. The valuation of our district had decreased 800,000.00 for this next year. This means that more millage will have to be requested to get the same amount of money.
2. That there will be at least 2 mills less allocated in Jackson County than in Washtenaw County. This means that only the millage requested in excess of two mills will be over the 15 mill limitation.
3. The state will not increase their amount for the third year in a row.
4. That we can not run an accredited school without the necessary money.
5. We will have to pay at least 2% more to borrow money without a balanced budget.

BOARD MEETS AFTER CITIZENS COMMITTEE

With all comment and questions fresh in their minds, the board met at 10:00 to adopt a budget figure for the next year and to adopt a resolution to present the necessary millage to the voters.

The board did not want to sell the schools short and at the same time they did not wish to overburden the taxpayers.

After much deliberation they adopted a budget of 410,000.00, this being 11,000.00 above the minimum budget and 10,000.00 less than the safe budget.

This additional 11,000.00 to be used for necessary maintenance and repair, a study of our school organization, unexpected maintenance and matching funds for federal monies.

This budget requires a 197,000.00 to be raised locally. The computation showed that this called for 12.75 mills operating levy. This would be 2 mills more than available in Washtenaw County and 4 more mills than available in Jackson County. The board resolved to ask for 4 mills operating. If this is accepted by the registered voters the school board can spread a uniform 12.75 mills throughout the district. This would amount to a total tax of 4 mills above the 15 mills in the Jackson County portion of the district and a total tax 2 mills above the 15 mill limit in the Washtenaw portion of the district.

We wish to thank the Manchester Fire Department for their promptness to our call of "Help."

Their carefulness and quick thinking enabled us to continue on with our business day and put the Enterprise to bed on time. Many thanks again. Lois and George Koda.

MICHIGAN B P W MEETS IN DETROIT

Approximately 800 Business and Professional Women from all over Michigan will convene in Detroit for their 43rd Annual Convention of the Michigan Federation of Business and Professional Women's Clubs, Inc., May 19-20-21, at the Statler Hilton Hotel.

General Chairman of the convention is Mrs. Doris Robbins of Ann Arbor. Assisting Mrs. Robbins is Gertrude Fielder of the Manchester BPW Club.

Representing the National Federation of Business and Professional Women's Clubs, Inc., Mrs. Isabella J. Jones, of Washington D. C. will speak at a special luncheon for club presidents of Friday, address the group and install State Officers at a luncheon on Sunday. Mrs. Jones is Director of the National Committee for Children and Youth with headquarters in Washington D.C.

The hundreds of members from over 100 local BPW Clubs in Michigan, will be the most important people in attendance. There will be business sessions and work shop sessions for the benefit of all members and for the benefit of All Women-Who Work.

Attending from Manchester BPW Club are: President, Gertrude Fielder; Delegates Ethel Griffin; Alternate, Lilli Ann Ayres, and member, Dorothy Jacob.

SUTTONS DISPLAY BOWLING TROPHY

The Sutton Agency, Inc. has a brand new Bowling Trophy on display in their office window which was presented to them by the team the sponsor in the Men's Classic League in Clinton. The team having won first place this year. Also winning first place was the Sutton Agency, Inc. Womens Team of Manchester, which bowls in Brooklyn.

Members of the men's teams are as follows: G. Grieman, M. McKeever, F. McKeever, D. Van Etten, R. Hunt and H. D. Van Etten, R. Hunt and H. Sturdevant.

Members of the winning Womens League are: Nancy Althouse, Dolores Richardson, Doris Bersuder, Maxine Widmayer Virginia Sutton and Edna Knauss.

POPPY DAY HELD SOON

Volunteer workers from the American Legion Auxiliary will offer memorial Poppies to the public on Poppy Day, May 27, 1961. All funds raised by the annual Poppy Day program go directly to disabled veterans or their families.

American Legion Auxiliary poppies help rehabilitate handicapped veterans, educate war orphans, and provide financial assistance for needy children. Wear a poppy on Poppy Day, May 27, 1961.

JOLLY FARMERETTES

The Jolly Farmerettes had their second business meeting at the home of Marjorie Spike on May 6th.

Mary Hassett gave a report on the Cancer Tag Drive, which was held on April 29th. \$135. was collected.

On May 20, there is to be a work meeting at Bethel Kemner's home. Also on that date, there will be a Youth Party for all boys and girls from 10-14 years of age.

The next business meeting will be held at the home of Brenda Eames on the third of June.

May 7th was 4-H Sunday. Many 4-H members took part in the church services.

COMING EVENT

The cub scouts are having a picnic at Carr Park on Sat., May 20, at 12 o'clock. At 2 p.m. there will be a parade. There will be a state trooper at the picnic to talk on bicycle safety.

MORTGAGE LETTING REACHES NEW HIGH

Mortgage letting in Washtenaw County climbed to \$3,529,811. for the month of April over \$2,486,973 recorded for March according to a report from the Washtenaw Abstract Company.

A total of 306 mortgages was negotiated, 257 of them conventional loans below \$30,000 each. Thirty-two FHA-backed loans, four GI mortgages and 13 mortgages of more than \$30,000 each were also issued.

In the county groups and persons who took up mortgages are the Minnie E. Bock Estate, \$150,000 Union-Savings Bank of Manchester, \$31,766; Saline Savings Bank, \$41,173; Milan State Bank, \$39,000; Citizens Bank of Saline, \$46,262; Chelsea State Bank, \$62,650; and the Milan State Bank, \$39,300.

NEW FEED-GRAIN PLAN GETS SLOW START

Only 190 of Washtenaw's 2,500 known feed-grain producers signed up under the new feed-grain price support program of the U.S. Department of Agriculture during "Sign-up" week according to Mrs. Carolyn Stump, office manager for the Washtenaw Agricultural Stabilization and Conservation Committee.

Mrs. Stump said the majority of those farmers who have so far elected to retire all or a portion of their land from feed-grain production under the new federal payments program are small producers. She estimates that about 35 per cent had fewer than 20 acres in feed-grain production during 1959-60.

Producers with fewer than 20 acres may elect to retire all of their feed-grain acreage, Mrs. Stump said, while those with more than 20 acres devoted to production of the price-supported crop may elect to retire either 20 per cent or 40 per cent of their base acreage.

A total base acreage of 7,000 had been enrolled in the program by the close of business last Tuesday. Approximately 4,000 acres of this land is to be retired for conservation use in return for federal payments. She said, advance payments of about \$55,000 are in the mail this week to the 190 farmers who chose to accept control of their feed-grain program.

Despite the slow start, Mrs. Stump expresses optimism for the program in the county because farmers have to June 1st to sign up. She said there are many farmers in the county who raise feed-grains, but who were not included in the group of 2,000 known producers who received notices two weeks ago from her office.

She urged all these to visit the ASC office in the County Building for evaluation of their eligibility to participate in the program.

MEETING TO BE HELD

The annual meeting of the Mt. Hope Cemetery Association and Freedom Township will be held May 22, at 8:30 p.m. at the home of Walter Beuerle, 2987 Fletcher Road, Rogers Corner.

Anyone interested in the welfare of the cemetery, please attend this meeting.

BOARD OF SUPERVISORS SET VALUATION IN COUNTY

The Washtenaw County Board of supervisors set the county equalized valuation of property in the county at \$657,380,058, which is an increase of 1 per cent over last year's state equalized valuation.

Lower equalized assessments for farm real estate and a reduced inventory at the General Motors Manufacturing Plant in Ypsilanti township, are realized in this new county equalization figure.

Most of the \$6,577,588 increase in the county equalized valuation is accounted for by the new construction in the county during the past year.

School districts, the county and some townships will use the state equalized valuation, against which to levy their regular and extra-voted millage rates this winter.

An increase in the state equalized valuation will allow the governmental units to raise more taxes for each mill of taxing power which they receive from the County Tax Allocation Board.

Using methods employed by the state in determining the equalized valuation of property in the county, county equalization officials believe they have determined the state equalized valuation for this year.

The State Board of Equalization added 9.3 per cent valuation to property in the county, after a study by the State Tax Commission had set the county's valuation at \$562,333,000.

The county added \$30,000,000 to this figure to reflect new construction in the county, but the state went beyond this and determined that the county's equalized valuation should be \$650,802,500.

Assessors in the county, meanwhile, are attempting to bring the assessments they place on personal property more into line with the assessments on real estate.

It was pointed out that real property is assessed at between 28.21 and 53.78 per cent of the equalized valuation but that personal property is assessed up to 67.78 per cent of its equalized valuation.

COMING EVENTS

Sharon EUB chuch WSCS at 2 p.m. Thursday, May 18 with Mrs. Albert Feldkamp in charge of devotions.

Manchester PTA Dance Recital Friday, May 19, at the Civic Auditorium.

Senior Day and Assembly at 1:10 p.m. Friday, May 19 with presentation of class history; prophecy; last will and testament of the class of '61'.

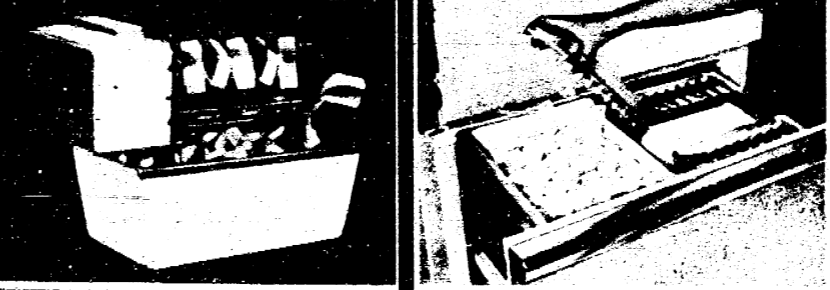

Optimist club Ladies' night dinner at 6:30 p.m., May 23, at the Barton Hills Country Club; guest speaker will be Dr. William Kerr, Michigan Memorial Phoenix Project.

Emanuel Church Brotherhood 8 p.m., May 25. Speaker will be John Galbreath talking on "Judiasm."

On account of Mayors Exchange Day, the Maccabee meeting on May 22nd will be held at the home of Mr. and Mrs. M. H. Wolfe.

REFRIGERATOR-FREEZERS

SCHOOL FINANCING

Manchester Public Schools today has an enrollment of 1050 students. This last year the cost was \$311.00 per student for the years education.

Funds for the education of Manchester children are almost equally divided between state aid and local taxes. These funds are used primarily to maintain one and a half million dollars worth of equipment and buildings, heat and light these buildings, run and maintain 12 buses and to pay seventy salaried personnel.

Financial school problems have been created previously because school enrollment and cost, like everything else, are increasing. At the same time money from the state level has decreased over the last three years.

On the local level there is 18 mills to be divided between counties, schools and townships. In our school district there are six townships and two counties. Any portion of the 18 mills given to these units affect the schools portion.

On the positive side, the valuation of the districts increased this last year. The school did have the problem of trying to justify this action taken by the state as differences in assessments were increased. In total this increased the amount of school taxes and decreased state aid.

For these confusing reasons the board of education finds it necessary to ask the residents of the district for money every year to fund a complete school program for local children.

Dollars Collected in Local Operating Taxes for Each Child in District

For the best USED CAR

MARSHALL - SCHAIBLE, INC. 614 WEST MAIN ST. MANCHESTER, MICHIGAN.

THIS YEARS BUDGET

Mr. Don Boutell, school board treasurer, reported to the citizens committee that this last years minimum budget was to suffer a deficiency.

Two years ago the school budgeted to delete a portion of the 19,000. deficiency instead of the 7,000. improvement planned. Careful spending and some luck found the end of last year only 4,000. in the red.

What Will School Taxes Be If This Millage Is Approved?

It must be pointed out that winter taxes are collected against equalized value. This value is not stated on your tax bill and becomes very confusing.

Each township is equalized by the county and state in terms of the rest of the county. This means that if the officials believe property to be assessed lower than the average the equalized valuation for the township will be higher.

The chart below shows the equalized value for 1,000.00 assessed in each of the Washtenaw County Townships. The total school tax would be approximately 12.75 operating and 5.45 for buildings or 18.20 mills total.

Table with 5 columns: Township, Assessed Value, Equalized Value, School Millage, and 1961 Sch. Taxes per 1000 Value.

For example if you have property assessed 3,600.00 in Freedom Township, take the number of thousand 3.6 x 41.13, this gives 148.07 as your 1961 school tax.

Another fact that several interested citizens wanted presented was what would my school taxes be if I lived in some other school district? As the millages to be levied for next year are not yet computed, we can give the following figures for comparison.

Table with 3 columns: Township, Assessed Value, and 1961 Sch. Taxes per 1000 Value.

This is only part of the story. This does not consider if state equalized really equalizes assessed valuation.

DEBTS ON BUILDINGS

At the present time the Manchester District has three building debts outstanding. The Pleasant Lake Elementary School will be paid for in about two years.

The following graph will indicate where we stand in relation with other districts millage spread for buildings:

Table with 3 columns: District, Millage, and All Paid status.

It must be remembered that the 5.25 mills collected by Manchester will be less in dollars and cents per child than any of the other districts. Closer study will also indicate that the major part of all the other school debts will extend over twenty-five years.

The total debt outstanding in Manchester is less than any district in the southeastern area who has recently built a new high school.

Table with 3 columns: District, Total Debt Outstanding.

The reason for this difference is that the Manchester district has chosen to issue short term loans. This not only decreases interest rates but greatly reduces total interest, allowing this money to be applied to the principal debt.

Mr. Klager stated that he does not feel that any money has been wasted in-school operation. The school board has been very careful about expenditures and have always been very considerate of the tax payers.

The new safe budget presented for consideration carried figures to remedy most of the unsafe areas presented at the first meeting. This budget was 21,000.00 higher than the minimum budget and would need 1.4 more mills from local taxpayers.

The majority of those present indicated that they preferred the higher budget in preference to the minimum budget.

Cooling Units Today Have Run Of House

The room air conditioning which entered the lives of home owners through the room window, today has earned the right to the "run of the house."

It's found upstairs and downstairs, in living as well as sleeping areas.

In family and living rooms a modern electric room air conditioner makes entertaining more pleasant by keeping the temperature comfortably cool and the

Cool air can be directed anywhere in this room by the easy-to-install room air conditioner. This 1961 window unit also filters and dehumidifies the air.

air fresh and clean.

Since windows remain closed, families gain added privacy and normal party noises won't disturb neighbors.

An air conditioner in the dining room helps to make meals a pleasure, even in the hottest weather. With appetites good, housewives are spared the frustration of seeing a carefully-prepared meal picked at listlessly.

A room air conditioner in the den or study is appreciated on hot summer nights when trying tasks like balancing the bank statement must be done.

In the guest room an air conditioner is a sign of thoughtful hospitality.

Kitchen Colors Brighten Tasks Of Homemaker

Today's trend in kitchen decorating is to add a few tasteful flourishes to functional equipment. Warm wood finishes combined with bright colors and patterned papers and curtains lighten the homemaker's work load psychologically just as modern electric appliances lighten it literally.

New colors and designs available in electric appliances help kitchen designers and homemakers integrate mechanical labor savers with the rest of the kitchen decor.

Consider automatic dishwashers, for instance. Today's electric dishwashers are available in many colors, to match or blend with the kitchen's color scheme. Beside the traditional white, stock finishes include yellow, turquoise, pink, copper, brushed chrome, and wood.

If none of the stock finishes is quite right with the kitchen colors, the appliance dealer can have a dishwasher custom-painted, or the home owner can decorate his own dishwasher with removable door panels that come in various colors.

CIVIL WAR CENTENNIAL

A century ago, on May 13, eight hundred Michigan men left their homes and loved ones and went off to war, to fight what was destined to become the greatest military experience the American people.

A month earlier Fort Sumter had been surrendered to Confederate forces after a devastating bombardment of about forty hours.

Two days later President Lincoln proclaimed an insurrection and called for 75,000 militiamen to serve for three months. The great object was to crush the insurrection and preserve the Union.

This Regiment was formed by proclamation of Gov. Austin Blair, dated April 16, 1861, the day after Mr. Lincoln called 75,000 three-month volunteers in answer to the attack against Fort Sumter, April 12, 1861.

The eight companies from outside Detroit arrived on Monday, April 29, 1861, and went to Fort Wayne.

The Marshall Light Guard arrived first on the early train, commanded by Captain Deville Hubbard.

At 10 a.m. the Steuben Guard of Ann Arbor, Capt. William F. Rath, and the Ypsilanti Light Guard, Capt. Fred Whittlesey, arrived.

The Hardee Cadets from Adrian arrived at 2 p.m., commanded by Capt. William Graves. The Manchester Union Guards, commanded by Capt. J.L. Clarkson, arrived on the same train.

The Jackson Light Guard (also called the Jackson Greys because of their uniforms), came on the evening train, commanded by Capt. W.H. Withington. They were accompanied by the Jackson Brass Band and presented a fine soldierly appearance as they marched to Fort Wayne behind the band.

The Burr Oak Guards came as far as the junction and marched on to the fort, under command of Capt. Butterworth.

The Coldwater Cadets arrived late at night, and the First Michigan was complete. The companies were: Company A, Detroit Light Guard; Company B, Jackson Light Guard; Company C, Coldwater Cadets; Company D, Manchester Union Guard; Company E, Steuben Guards (Ann Arbor); Company F, Detroit Hussars; Company G, Burr Oak Guards; Company H, Ypsilanti Light Guard; Company I, Marshall Light Guard; Company K, Hardee Cadets (Adrian).

The arrived in Washington, the night of May 16. Paraded to the White House, May 17th. They were reviewed by the President May 18, and entered Virginia the night of May 23.

It was an excellent regiment. Reporters wrote glowing words of tribute as they passed along the route from Detroit to Cleveland, to Pittsburgh, to Baltimore to Washington.

Governor Curtin of Pennsylvania praised them; so did President Lincoln. Mr. Lincoln invited their band, once the Detroit Light Guards', to alternate in the concerts on the White House lawn, only the third band in a city teeming with bands to win such recognition.

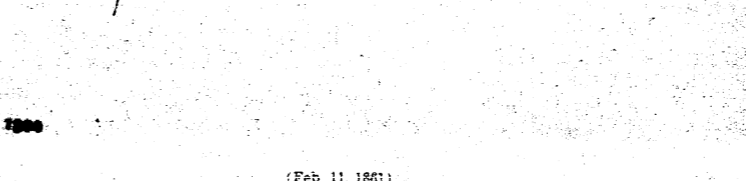

We who are alive today knew them as old men, if we knew them at all, and it is very hard for youth to believe that the very old ever were very young at all.

More to follow in the next issue of the Enterprise.

1861 Mr. Lincoln's Farewell

My friends, No one, not in my situation, can appreciate my feeling of sadness at this parting. To this place, and the kindness of these people, I owe my childhood and my youth. I have passed from a young man to an old man. Here my children have been born, and one is buried. I now leave, not knowing when or whether I will ever see them, with a task before me greater than that which rested upon Washington. Without the assistance of that Divine Being, Who ever attended him, I cannot succeed. With that assistance I cannot fail. Trusting in Him, Who can go with me, and remain with you and be everywhere for good, let us confidently hope that all will yet be well. To His care commending you, as I wish to do all yours, you will commend me. I bid you an affectionate farewell.

Abraham Lincoln, early in the morning of February 11, 1861, spoke a sad farewell to his friends and neighbors of Springfield, Illinois, from the rear platform of the train taking him to Washington. The twenty-two lines you see were written by Mr. Lincoln and his secretary, John G. Nicolay, 28, shortly after the train began its long journey. Mr. Lincoln wrote the date, the salutation, and the first seven lines. He wrote the words "one is buried, I now" of the eighth line. He wrote the last word "let" of the seventeenth line, and the entire eighteenth line. The balance was written by Mr. Nicolay. The motion of the train—speeding along at 30 miles an hour behind a powerful Rogers locomotive—is apparent in the handwriting. The next day, Mr. Lincoln was 52 years old.

MR. LINCOLN'S FAREWELL

From where I sit... by Joe Marsh

Teacher Learns a Lesson

Fuzzy Goodwin may hold a half-dozen important positions around town—chairman of the school board included—but he's still the same modest fellow that I grew up with.

At the last PPA meeting, Fuzzy made a point of getting together with some new teachers. One of them, a lady with some strong ideas about education claimed that none of the others had gone to the right college—hers.

"Well, Miss, that isn't so bad," Fuzzy told her. "One of our board members didn't even

go to high school, let alone college." "No! Who?" she said. "Me," he said.

From where I sit, some of us want people to be carbon copies of ourselves. But that just isn't the American way. Our heritage of freedom implies the right to be different, even in little things—like your choice of tea or coffee and my preference of a glass of beer. I say "be yourself" and no "studying up" to be like each other.

Joe Marsh

EXTENSION HOLDS LAST MEETING

The last meeting for the year of the West Bridgewater Extension Club was held at the townhall May 10th, with Mrs. Leonard Dayss and Mrs. Robert Service as hostesses.

The business was conducted by the chairman, Mrs. Leonard Dayss and opened with the Women's Creed.

Mrs. Earl Alber and Mrs. Duane Braun were appointed craft leaders to attend the Women's Camp in August. Mrs. Willard Manor and Mrs. Lewis Blaisdell are the alternates.

A picnic will be held at Carr Park August 30th to elect new officers for the coming year.

St. Mary's Mother and Daughter Banquet, 6:30 p.m., Thursday May 18, at St. Mary's Church hall.

TOUR FOR 4-H MEMBERS

The Detroit Edison Company is sponsoring a tour of the Michigan Memorial Phoenix project, Saturday, May 20. The Phoenix project is an Atomic Energy Research plant located on the U. of M. North campus. This tour is for all electrical 4-H members and leaders and their families. The tour will start at 9:30 a.m. and will consist of lectures, movies, demonstrations, scientific displays and an informal question and answer period. The days activities will end with a lunch at the YM-YWCA.

B P W HOLD MEETING

Margaret Kappler was elected President of the Manchester Business and Professional Women's Club, at their annual meeting held at the home of Gertrude Fielder.

Others elected to serve with her are: Vice-president, Roena Wurster, secretary, Olive Hazen, and treasurer, Ursula Stauch.

Two new members were voted into the club. Ethel Kerr and Olive Hazen were appointed co-chairmen of the donut and coffee sale to be held June 10, at Walsh Restaurant. Proceeds of the sale will go into the B.P.W. scholarship and cancer fund.

Gertrude Fielder was appointed chairman of the picnic for the State Banquet Committee, which will be held at a later date. The next meeting will be held on June 12.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George Cobb of Ann Arbor announce the engagement of their daughter, Gloria Jean to Harold Leroy Townsend, son of Mr. and Mrs. Harold Townsend of Manchester.

Miss Cobb is a senior at Dexter High, and is employed at Braun and Brumfield Lithographers of Ann Arbor.

Mr. Townsend is a graduate of Manchester High, and is also employed by Braun and Brumfield of Ann Arbor. A fall wedding is planned.

NO REPLACEMENT NAMED FOR POLICE CHIEF

No replacement has been named at this time for Manchester's police chief, Robert Hamsley, who has resigned. According to village president, Harry Sutton, several people have applied for the job, but no appointment has been made. He said possible action will be taken at next Monday's council meeting.

Hamsley, who has been chief of police since February 3, 1958, gave no reason for his action in his letter of resignation. His resignation became effective immediately upon acceptance by the Council.

Part-time patrolman Duane Trolz will continue in that capacity. Trustee Edward Wurster, chairman of the council police committee, is accepting applications at this time.

Hamsley is president of the Pageant Enterprises, Inc., a Manchester firm that holds the state franchise for promotion of the "Miss Michigan for Miss Universe" contest.

SEARCHING NATURE'S STOREHOUSE

A century ago pioneer exploration for Natural Gas was a very simple procedure — just as the gold prospector had his pan, pick and shovel, the GAS prospector had his dowsing rod or "wiggie stick". Likely spots for drilling were found with little effort, very little expense — AND POOR RESULTS!

Today producers spend millions of dollars locating Natural Gas. Modern methods require the combined skill and knowledge of chemists, physicists, geologists and engineers to uncover the clues and find where Mother Nature has hidden her "wonder-fuel". For example: a seismograph crew measures the shock waves from a blast (such as that pictured above) to help plot underground rock formations and determine whether or not they are a promising source of MORE Natural Gas.

LEGAL NOTICES

ORDER APPOINTING TIME FOR HEARING CLAIMS AND DETERMINING HEIRS

No. 46377

The Probate Court for the County of Washtenaw

In the Matter of the Estate of FRED UMR, Deceased.

At a session of said Court, held on the 28th day of April A. D. 1961, Present, Honorable JOHN W. CONLIN, Judge of Probate.

It is appearing to the Court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims against said deceased by and before said Court; and that the legal heirs of said deceased entitled to inherit the estate of which said deceased died seized should be adjudicated and determined.

It is Ordered, That all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court at said Probate Office, and to serve a copy thereof either by registered or certified mail or by personal service upon MILDRED BAHNMILLER, the fiduciary of said estate whose address is 315 Doty, Ann Arbor, Michigan on or before the 12th day of July A. D. 1961, at 9:30 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased, and for the adjudication and determination of the heir at law of said deceased at the time of his death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order each week for three successive weeks previous to said day of hearing, in the Manchester Enterprise, a newspaper printed and circulated in said County.

JOHN W. CONLIN
Judge of Probate.

LEGAL NOTICE

Notice is hereby Given, That all creditors of said mentally incompetent are required to present their claims in writing and under oath, to said Court and to serve a copy thereof upon WALTER E. DIETERLE of Saline, Michigan, fiduciary of said estate, and that such claims will be heard by said Court at the Probate Office on July 19, 1961, at 9:30 A.M.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Manchester Enterprise, and that the fiduciary cause a copy of this notice to be served upon each known party in interest at his last known address by registered, certified or ordinary mail (with proof of mailing), or by personal service at least fourteen (14) days prior to such hearing.

JOHN W. CONLIN
Judge of Probate.

CARD OF THANKS

Many thanks to all who remembered me in any way during my stay at the hospital and since my return home. I appreciated the beautiful cards sent to me, and the calls of friends, neighbors and relatives. I would also like to thank Rev. Epps for his consoling words, and his prayers.

Albert Mahrie.

CARD OF THANKS

I wish to thank everyone who so kindly remembered me with cards, gifts and visits during my stay in the hospital. My special thanks to Rev. and Mrs. Kuether, The Women's Guild and Moms of America. Your kindness will long be remembered.

Mrs. Paul Ernst.

CARD OF THANKS

We wish to express our gratitude to our friends and neighbors for their kindness, and sympathy during our recent bereavement. Special thanks to the Jenter Funeral Home and to the Rev. William Schneider. The Family of Ferdinand Faulhaber.

PERSONAL

Mr. and Mrs. John Buss attended an I.F.Y.E meeting at East Lansing on Saturday. In the evening they and their daughter, Pauline, attended the Alumni banquet at the Okemos at the Community church.

COMING EVENT

The Freedom Ideal Homemakers Extension Club will meet at the home of Mrs. Mae Grossman on Friday, May 19th, with Mrs. Arthur Kuhl as Co-hostess.

A dessert luncheon will be served at 1:30, followed by the business meeting and the lesson.

NEXT WEEK: THE MAGNIFICENT SEVEN

MANCHESTER

From NICK PRAKKEN, Manager

"MICHIGAN MARCHING FORWARD" is the theme of Michigan Week this year, and all of us at Michigan Bell are proud to be right in step with it. For example, during the past 10 years Michigan's population has increased by 23 per cent and the number of telephones we serve has grown 62 per cent. This year we're planning to spend nearly \$87 million on new construction to improve and expand service. And Michigan Bell employees (we're Michigan's fourth largest employer) will earn—and spend mostly right in this State—about \$140 million this year. Our aim: to keep marching forward with Michigan.

IF YOU HAVE two-party or four-party phone service, why not change to a one-party line? A private telephone line is exclusively yours. It lets you talk whenever you wish for as long as you wish, without interruption. Unlike a party line, it's always ready to make or receive calls. And in an emergency, you can use your telephone at once. You can enjoy the benefits of private line service for only pennies more a day. Just call us here at our business office.

MOST OF US hate to throw anything away that "might come in handy" some day. Your telephone company is like that, too. But Michigan Bell does more than keep worn-out things around. Such as broken shovels. Or damaged screwdrivers. Tools like these, where practical, are repaired and made useful again. That's just one of the many ways we economize—so we can keep giving you good telephone service at the lowest possible cost.
