Voters to Decide Liquor By-the-Glass Issue

Voters here will be asked to decide whether liquor should be sold by the glass in Manchester at the same time they cast their ballots for village officers on March 12.

Marx has certified that a petition circulated by Mrs. Ada H. Shannon and Fred Rumler, co-owners of the Rumler and Sharron Tavern, bore an adequate number of signatures of qualified electors to place the issue on the ballot.

The petition, filed with the clerk in January, bore 105 signatures. The law requires signatures of 35 percent of the number who voted for all candidates for the office of village president in the last election, to place a question on the ballot by petition. The liquor-by-the-glass petition would therefore

have had to have been signed by at least 94 electors.

The by-glass liquor issue was defeated in a Manchester township election last fall, and it was defeated in a village election about 12 years ago.

Also on March 12 ballots will be candidates for the offices of village president, clerk and assessor and for three Village Council seats.

Marx said the candidates will be chosen by party caucuses, probably on Feb. 19th.

The Progressive Party and the Citizens' Party are each expected to offer a full slate of candidates.

Manchester would be eligible for one liquor-by-the-glass license if the ballot proposition is approved by the voters.

Variety Shows at Civic Auditorium

There will be a Variety Show at the Civic Auditorium at 8 o'clock Monday, February 26th. It will be sponsored by the Band Boosters Club.

The show will feature Manchester's own, Barbershop Quartet. The quartet was formed in 1950 and has three of its original members. In the Quartet are Bud Knopp, Tom Cushman, Sam Cushman and Red Shaw. Red joined the group about 6 years ago, when Everett Queen

moved away. Also on the program will be selected talent from the student body.

The High School Band under the direction of Mr. Robert Sor-tor, will play jazz and pop music.

The money received from the show will be used to buy four new uniforms, send one or two students to Drum Major Camp and one to three students to Interlochen.

Optimists Entertain Boy Scouts

The Manchester Optimist Club was host to the local boy scout troupe at their last regular meeting.

The local club sponsors the scout organization and gives financial assistance when necessary.

Twenty-one boys attended the dinner along with their scout masters and district representatives. Local leaders present were Jerry Aiken, Scoutmaster, Robert Armentrout, John Rigg and Ronald McNally, District Director, Fred Sundling and his wife and District Chairman, Richard Smith were also present.

President Tom Walton introduced the visitors and each made a few comments about the work of the local troupe. Membership, activity and all around interest in scouting proves to be at an all time high in the Manchester area. Mr. Walton stated "The Manchester Optimist Club is proud to be sponsors of such a fine organization". He also thanked all of the adult leaders for their fine work.

The meeting was climaxed with a film showing the activities at last year's Boy Scout Jamboree.

American Legion Auxiliary

was held from Feb. 5th through Feb. 10th which was a very successful drive.

A few ladies, under the direction of Elaine Steele and Marion Ahrens, went to each member's home to collect Auxiliary dues, give each member 4 tickets to sell for our card party, which is Feb. 24th, and gave each member an envelope to save Betty Crocker coupons for silverware which is badly needed. They also told each member of the Suprise Party held at the Feb. 14th meeting in honor of our Charter members, and also told of the Sauerkraut supper held Feb. 21st, by Legion men and Auxiliary women. The ladies participating in the project were:

- Alice Alexander
- Helen Popkey
- T.V. Ludwick
- June Jenter
- Maxine Steele
- Gerry Huber
- Phyllis Baker
- Janet Whittington

Any non-member that is interested in saving Betty Crocker coupons, please contact Marion Ahrens, phone GA 8-9314.

The engagement of Barbara J. Bertke to Roger R. Troiz, son of Mr. and Mrs. Loren Troiz of Manchester, is being announced by her parents, Mr. and Mrs. Roy Bertke of Chelsea. Miss Bertke is a graduate of Chelsea High School and is attending Jackson Junior College. Her fiancé, who graduated from Manchester High School, is now attending Michigan State University. The couple has not set a wedding date.

Methodist Churches to Launch A \$3,000,000 Fund Campaign

A \$3,000,000 Capital Funds Campaign to provide financial assistance for urgent church extension and pressing higher education needs will be conducted by the Methodist churches of Michigan, February 25 - March 18, it was announced by Bishop Marshall R. Reed, resident bishop of the Michigan area.

Two million dollars of the overall goal, according to Bishop Reed, will be used to help finance building programs for 60 Michigan communities requiring new churches and 132 present congregations in need of enlarged facilities.

Albion and Adrian Colleges will receive equal \$400,000 shares of the \$1,000,000 in funds earmarked for higher education. By agreement with the churches, earnings on the gifts will be used for scholarship purposes to help meet the increasing need for student financial assistance. The remaining \$200,000 will be dedicated to the building program of Garrett Theological Seminary in Evanston, Illinois.

On February 18 ministers of both the Detroit and Michigan Conferences will participate in a state-wide exchange of pulpits with sermons devoted to the importance of the Methodist colleges and Church Extension Crusade.

The Manchester Methodist Church has by vote of the Official Board placed their apportionment of this campaign in their budget and will raise their part by the month, the pastor, Rev. Jesse D. Epps, said.

Boy Scout's Anniversary Service

The fifty-second Boy Scouts of America Anniversary was kept by Manchester Troup No. 26 by attending the Sunday morning service at the Manchester Methodist Church at 11:00 a.m., Sunday, Feb. 11th.

Mr. Robert Armentrout, assistant Scout Master, arranged for the boys to sit together during the service. Those taking part in the service are as follows: Tim Armentrout and Clare Knickerbocker were acolytes. Those acting as assistant ushers and taking the offering were Todd Armentrout, David Knopp, John Pratt and Steven Miller. Mr. Jerry Akin is Scout Master.

Leaders in attendance included Mr. John Rigg, Neighborhood

Twentieth Century Club Holds Regular Meeting

The group welcomed Mrs. Tom Marshall as a member of the club.

Mrs. Harry Sutton gave an interesting talk on "Imaginary Trip Thru Africa". Mrs. Frank Rock read a paper prepared by Mrs. James Pratt reviewing "Dr. Schweitzer of Lawbarene" written by Norman Cousins.

The Club will meet Feb. 20th at the home of Mrs. Leo Scully. The program "Carl Sandburg" will be in charge of Mrs. Stanton Roesch and Mrs. Roger Hardenbergh.

Do You Know Your Blood Type?

Hospital aid could be given more quickly to victims of automobile accidents if information about their blood group classification were instantly available to doctors and operating room technicians.

Secretary of State James M. Hare believes that few automobile drivers are taking the precaution of recording their blood type in the space provided for this information on the reverse side of their driver license.

In urging all motorists to write this data on their licenses, Hare cautioned them to be absolutely sure that they were recording the correct blood type since the transfusion of the wrong type of blood can be fatal.

ROOM 19
BY ANN ESS MORROW

Dismissal bell has rung, and I prepare to go—not home, to faculty meeting. Like others of my kind, I put away my work, wave youngsters on their way, and start on mine.

I walk into the great big room and ask myself if Lincoln ever dreamed his birthday would be spent this way.

A great man, Lincoln. I look around and see about me folks who have some traits of his, who altogether represent the many traits he symbolized in himself, sum total fashion. "Some total—that's right!" sign in admiration.

The vigor of the rail-splitter is in Mr. Jones' approach to all his problems as administrator. He hurries here and there, with tireless energy. He rarely sits; he races, vitamin-fired.

I think how Lincoln always was prepared, and smile at Mrs. Green. Her lesson-plans are carefully laid, with goals established and set down to serve as happy guideposts.

Yet when other matters arise within a lesson period, if she sees an eagerness for learning facts that are related but outside the pages for today, she does not say, "that's not for now." She starts them on their eager way to make the most of learning readiness.

Mr. Clark is tolerant; Lincoln was too. When weather's bad, if some schools close and others do not, he does not spend five minutes or so lamenting the decline of youth today. He understands that some folks find it better this way, and others do not.

Miss MacPherson is a reader—a prodigious one. Like Lincoln, she reads far into the night, thought illumination is a pretty bedlamp, instead of wavering firelight.

1962 CHEVROLET JOBMASTER TRUCKS
built better...work longer!

When Chevrolet builds a truck, it builds a *quality truck*. This policy makes sense. Chevrolet trucks work a long time . . . cost less than many other makes to operate and maintain over the years . . . consistently bring a higher trade-in price . . . and, as a result, are bought by more people.

We invite you to come in and

examine this quality closely and to take a 1962 demonstrator out for a good long test drive. Note the cab comfort, the good visibility, the smooth ride, the solid feel of its quality. Compare Chevrolet truck features with those of other makes. Then decide which are your wisest investment. We're sure it will be Chevrolet's.

First Aid Instructor Course Set

A Red Cross First Aid Instructor training course is scheduled to start February 15th, in Room 205 of the Ypsilanti High School at 7:30 p.m. according to the Safety Services Section of the Washtenaw County Chapter of the Red Cross.

The seven week program is being offered free by Red Cross with the cooperation of the Adult Evening Programs division of the Ypsilanti Public School and will be under the direction of Miss Gertrude Montgomery, Volunteer Instructor-Trainer and faculty member of Eastern Michigan University.

The program is designed to train qualified First Aiders to teach the lifesaving skills they have mastered. The prerequisites for Instructor-Training are: completion of the Red Cross Advanced First Aid Course since 1959; be at least 20 years old; and be willing to teach First Aid to others.

Anyone interested should call the Red Cross Office at 662-5546 for registration information.

PRUDEN STEEL FRAMED CATTLE SHEDS PROVIDE CLEAR SPAN MANEUVERABILITY AND VERSATILITY

Pruden frame sheds are frequently used to shelter cattle in one end, and to store hay in the other. This building near Browns, Wisconsin, uses the roll type of metal roofing on wall as well as roof.

May be fed directly into feed bunk under cantilever. Note how hay can be "packed to the peak" where there are no internal posts, ties or framework in the usable storage area.

Letters to the Editor. . . .

Manchester Enterprise 231 East Main Street Manchester, Michigan

Dear Editor:

I have been a subscriber to the Enterprise from Matt Blosser's time until about 5 years ago. I quit because I wasn't receiving it only about half the time and other times about 1 week late. I spent my boyhood days in and around Manchester, in fact I bought my old homestead after it had been out of my family for twenty years. I fixed it up for a summerhome at the end of Grossman Road. My wife suffered a stroke four years ago and I don't get out there as much as I'd like to. Now I have relatives and a lot of friends in and around Manchester and I would like to get the news from out there. I would like to subscribe for the Enterprise again. I wish you would send me a sample copy and also the price of a year's subscription.

Thank You.

Respectfully Yours, Fred G. Stockinger 3767 Garland Ave. Detroit 14, Mich.

P.S.

I still have a warm spot in my heart for Manchester and would enjoy all news from there.

Dear Editor:

There is a critical need for both Negro and white foster homes in Washtenaw County for children between the ages of 12 and 19 years of age. Many children are in need of boarding home care because, through illness or some other misfortune, their own families are unable to care for them. All our child placing agencies in Washtenaw County are faced with the same crisis - never enough homes for these older children. This has been a continued acute problem for years. With the rapidly increased population growth, the situation has reached grave proportions. Because not enough families in Washtenaw County know of this need, children who ordinarily could or should be living with boarding parents, are either remaining in hospitals, detention homes or are sent to institutions away from this area. Some children require care only during a brief emergency, some for several months, and others for longer periods. Still others remain in foster homes until they become self-supporting. Throughout boarding home placement, often children desire and need continued contact with some member of their own family. It takes many people-boarding parents, social workers, visiting teachers, nurses-all working together, to help families work out their problems. We need understanding boarding parents, families who know children and like them. Anyone interested in learning about becoming a foster parent, may write to Post Office Box 157, Ann Arbor, Michigan, in care of The Foster Home Inter-Agency Committee of Washtenaw County.

Dear Editor:

As an interested parent, I would like to know why your paper doesn't have any school or extra-curricular activities in it? Maybe you think it takes too much time and trouble to put this in your paper, but there are a lot of parents who would like to see more school news in the paper.

Thank You

Mrs. Allen's really democratic. She has no pets in class, it seems, all her policies are "of the people, by the people, for the people," and everybody likes that. One thinks no more of color of skin than color of hair or dress.

Mr. Henderson of all the group gives most freely of his time. He never thinks it in terms of "home" and "school". His time is blended, not divided. Like Lincoln, he carries on until a task is finished, no matter what the hour. And if a party at school needs chaperoning, he's never one to say, "I'd like to, but--"

Widely loved because of sense of humor is Mrs. Smith. When boys and girls grow really tense from fear of tests perhaps, or from certain tasks awaiting them she tells them something awful she did once, and everybody laughs.

Thus tensions slide away, like boys and girls on sleds. Lincoln was a firm believer in that same technique.

I see at once that Mr. Zeff is Lincoln-like because he understands so utterly. It almost seems at times as if he were a wizard, changing shape to slip into the children's skins. And youngsters hurry to confide.

I look about so proudly, and as I look, I know that just as long as there are folks like these, the world is good, and thoughts of Lincoln "shall not perish from the earth".

DOLLAR and SENSE FARMING.

CATTLE CAN GO OFF FEED easily if water supply isn't adequate. Better give your water supply and heater a second check. Too cold or not enough water can slow up the digestive system, causing cattle to lose their appetites. Make sure your heater is working properly and is set to hold water near 50 degrees. Be sure there's about one square foot of water surface in the tank for each 25 head. Remember, ice in the tank can cut this area down where no heater is used. INCREASE MILK PRODUCTION WHILE LOWERING FEED COSTS by following a good dairy herd testing and improving program. It takes up to 34 cows averaging 2311 pounds of milk to equal the returns over feed costs the cost with blue book prices. Also, ask yourself if any features on new machinery would permit greater efficiency of operation.

KILL UNWANTED TREES THIS WINTER while time is slack by spraying the bottom 12 to 18 inches of trunk. Spraying now will prevent possible drifting out-wards which could occur during summer. Mix 8 pounds of the active ingredients of 2, 4, D with 100 gallons of oil. The oil mixture is more effective than water, especially during the dormant season, since it will penetrate the bark better. Apply at least one ounce of solution per inch of tree diameter.

SECOND HAND MACHINERY CAN HELP YOU CUT COSTS if it is in sound condition and you're handy with repairs. But before you buy compare you could net from 10 cows producing 10,000 pounds. Although feed costs for the higher producers may be a third more, the returns above feed cost per cow can be as great as 3 1/2 times.

Farm Bureau Egg Marketing Expands Plans

The Board of Directors of Farm Bureau Services, Inc., Lansing, has approved plans to erect the organization's second egg processing plant in Michigan, announced M. D. Brownlee, general manager of Farm Bureau Services.

"The expansion has been made necessary by increasing demands on our original egg processing plant, located in Jenison," Brownlee said in announcing the building plans.

P. J. Sikkena, manager of the Egg Marketing Division of Farm Bureau Services, pinpointed the demands as emanating from the vast metropolitan Detroit market.

"To efficiently serve this market, the second plant will be located in the southeastern part of the state. The site is to be on an arterial highway so as to cut transportation time from the processing plant to the market."

"The completely air conditioned building will be 100' x 150', pole-type construction and roofed and sided in aluminum. Two 50' x 30' x 12' coolers will maintain proper egg storage temperature and humidity, as required by federal regulations. Every phase of our egg marketing operation is under daily supervision of the USDA," Sikkena said.

"The proposed site in southeastern Michigan will provide progressive egg producers of that area another Farm Bureau service. It will, in keeping with the organization's basic objec-

tive, provide egg producers of that area with a reliable and firm market."

"This objective has been attested to by the 75% increase in volume handled by Farm Bureau services during the past year, which places Farm Bureau Services as the third largest packer and marketer of Michigan eggs.

Valentine Party Enjoyed at Church

A pleasant time was had at the Iron Creek Church Sunday afternoon by members and friends. A cooperative dinner was served at 12:30 from tables beautifully decorated in the Valentine theme.

Then a number of the group enjoyed winter sports on the hills near the church. Entertainment was furnished inside for those who did not wish to participate in the outdoor activities. Later when all gathered inside, popcorn and hot chocolate was served.

Refreshments were served by the hostess. The next regular meeting will be held March 9th, at the home of Mr. and Mrs. Mathias Winkler.

Thomas Edison - Inventive Genius

This week—National Electrical Week—marks the 115th anniversary of the birth of Thomas A. Edison. During this week the whole nation pays tribute to this "electrical genius."

Edison brought electricity out of the laboratory and into practical use for the benefit of mankind. He worked untiringly to develop the first practical electric light bulb and the equipment needed to bring it into the homes of America. In addition, he discovered "Etheric Force" which gave us wireless telegraphy, and the "Edison Effect" which gave us the vacuum tube for radio, electronics and the fluorescent lamp. He gave us the pleasures of the phonograph, motion picture camera and projector, and the "talkies." To industry and transportation Edison gave the practical electric generator, the "universal" electric motor, the Edison alkaline storage battery, the "universal" stock ticker, the telephone transmitter, and microphone.

Vital as these "ends" are, the "means" Edison used to achieve them has even greater significance. His revolutionary example of systematic research harnessing the combined efforts of an organized team of specialists set the pattern for modern technological development.

MANCHESTER Telephone Lines

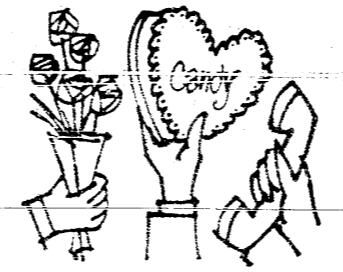

By NICK PRAKKEN, Manager

IF ALL THE MATERIALS that go into the making of your telephone could display their original locations, modern phones would look like a widely-traveled steamer trunk—loaded with stickers.

Among the 60 different raw materials that go into today's functional, durable phones, you'll find steel, aluminum, copper, tin, plastics, rayon, nylon, silk, rubber, wax, asphalt, and even granules of anthracite coal! You'd also find small quantities of gold and silver on certain electrical contact points. All these are used in your telephone to make sure you can count on round-the-clock convenience, protection, and security from your telephone service.

CANDY OR FLOWERS can make fine remembrances on Valentine's Day, but if your loved ones are out of town, why not wrap up your fond feelings with a warm finishing personal touch... by calling Long Distance? It's a two-way lift that brings cheer to both ends of the line. So easy, too. The cost? Low as a boogie's... especially if you call after 6 p.m., when reduced rates are in effect to most places. Remember, on Valentine's Day—or any day—little things are big news to those who love you.

TELEPHONE QUESTIONS, ANYONE? There's a bright and personable young lady at our Michigan Bell Business Office known as a Service Representative. She's a regular encyclopedia of phone facts... yours in particular, because your complete service record is at her fingertips. She's at her very best when she can help you with any question you might have about your service. So feel free to call your Service Representative whenever you want help or information.

THE FIRE DEPARTMENT?

The Village Council poses this question? Just how many times will the village taxpayer have to pay to keep our Fire Department running more efficiently. The Township has made requests from the Village to appropriate more funds from their treasury to help the Fire Department in this cause. The village taxpayer has made one contribution by paying their Township Tax, so how can they be asked again? The village council believe wholeheartedly that the Fire Department should be supported and helped in any way possible. All the village council ask is that this problem be placed before all the people of the Village as well as the Township....LET IT BE FAIR AND EQUITABLE.

What Shall it be-Communism or Christ?

The Manchester Baptist Chapel of S. Macomb Street will have a special speaker Sunday, Feb. 25th, at the morning service. Rev. Perry Temple, Michigan District Representative of the Bible Meditation Week will be the speaker. Services will be held at 10:45. Have you heard the startling report of the way Communism is lengthening its shadows by putting to the test the old saying, "The Pen is Mightier Than The Sword". Hear how Christians everywhere may help fight this battle and drive the shadows of Communism back.

Townsend-Ball Nuptials

St. Mary's Catholic Church was the scene of a lovely Valentine's Wedding, Saturday February 17th, at 12:00 o'clock noon, when Eileen Ann Townsend daughter of Mr. and Mrs. Harold P. Townsend of Manchester and Leon George Ball, son of Mr. and Mrs. Duffield Ball of Manchester, were united in marriage. The double ring ceremony was performed by Fr. Rev. William Schneider. The bride, given in marriage by her father, looked lovely in her floor length gown of cherry lace designed with a sabbina neckline, long tapered sleeves and bouffant skirt with a back panel of lace which extended into a chapel train. Chantilly lace appliques with scattered seed pearls, accented the skirt. Her head piece was a greens crown of seed pearls and crystals which held her fingertip veil of silk illusion. She carried a white Bible with white orchid corsage and

a white orchid corsage and stephanotis. Mrs. Thomas Burch, of Ann Arbor, sister of the bride, was Matron of Honor. Her street length red taffeta dress had a bell shaped skirt and fitted bodice and a wide cummerbund with a rose in at the waist. She carried a white lace heart with red sweetheart roses, stephanotis and french carnations. The bridesmaids were the Misses Victoria Ball, sister of the groom and Mary Lou Rickelmann of Ann Arbor. Their gowns were identical to that of the Matron of Honor. They carried white lace hearts with french red carnations and stephanotis. Miss Sharon Schiller of Chelsea, cousin of the groom, was the flower girl and she dressed identical to the bridesmaids and carried a lace basket of red petals. Kevin Townsend, of Kalamazoo, cousin of the bride, carried the white satin pillow the rings laid on. Best man was John Ball, brother of the groom. The ushers were Leroy Townsend, brother of the bride, Jerry Meyers and Thomas Kerner. Seating the guests were Thomas Burch, brother-in-law of the bride, Rex and Ray Pratt and Bill Kirk. Following the ceremony, the couple left for a week's honeymoon to Washington, D.C. through Pennsylvania and back to their new home at 439 Hollywood Drive, Saline, Michigan. A rehearsal dinner was given by the groom's parents, Mr. and Mrs. Duffield Ball. Both are Manchester High School graduates and both are employees of the Ann Arbor Bank, Ann Arbor, Michigan.
