Michigan to Participate in World's Fair

Michigan will take center stage at the Seattle World's Fair Tuesday, June 19, it was announced by Fred A. Kaiser, chairman of Governor John B. Swainson's Committee for Michigan Participation in Seattle World's Fair. The day will point up Michigan's industrial strength, recreational advantages, labor skills, and opportunities for pleasant living. Thirty nations are participating in the fair designated by the Bureau of International Expositions as the approved American World Fair of the 1960s. The United States Government has appropriated an unprecedented nine million dollars to help dramatize recent American scientific achievements and Man-in-the-Space-Age goals. More than 70 American companies, some of them Michigan-based, are exhibiting items at the fair that they will be merchandising in the year 2000. Advertising in Seattle will help draw public attention to past and potential contributions of Michigan business and industry. The ads are being paid for through voluntary contributions of Michigan firms. Governor Swainson will visit the fair on Michigan Day accompanied by a delegation of Michigan dignitaries. They will participate in the raising of the Michigan State flag at the fair's Plaza of States and the unveiling of Michigan's plaque on the fair grounds. The Governor and his party will attend the luncheon guests of Seattle Mayor G.S. Clinton. That afternoon, they will attend a program saluting Michigan. A reception and dinner by Washington's Governor Albert Rosellini for Michigan's honored guests will conclude Michigan Day at the Seattle World's Fair.

County Bar BeQue

Washtenaw County Farm Council purchased their chicken by the tons for their annual BBQ June 17, according to Mrs. Ralph McCalla of Chelsea, Supplies Chairman. It will require three fourths of a ton of cabbage and 21 gallons of dressing to prepare the cold slaw. 334 dozen rolls, 80 pounds of potato chips, 50 pounds of coffee, 3,000 1/2 pints of milk and 30 quarts of coffee cream will make out the balance of the dinner. It will require 110 pounds of butter to baste the chicken as they are cooking. Mrs. Leonard Burmeister of Ann Arbor, Barbecuing Chairman, states pure butter brings out the best flavor in charcoal broiled chicken. Farm Council plans the BBQ for Father's Day so the family can enjoy the day eating out. Farm Council will also provide take-out service.

Clark Lake Players Open

Billed as a "musical revue for non-singer," "A Thurber Carnival" is a series of skits collected from the most uproarious writing of the great humorist, James Thurber, who assembled his own material for stage presentation. The music by Don Elliott is written for a jazz combo and forms the background and continuity. Returning for the seventh year as director of the Players is William McAnallen. Technical director is Bob Armstrong, assisted by Bob Tolan. Box office manager is Sally Haynes.

"A Thurber Carnival" opens Thursday, June 7 at the Clark Lake Playhouse, on the north shore of Clark Lake, near Jackson. The play will continue through Friday and Saturday and will also be presented on Thursday, Friday and Saturday of June 14, 15, 16 and 21, 22, 23. Curtain time is 8:30 p.m. and reservations may be made by calling the box office, Lakeside 9-9141, during the hours of 4-8:00 p.m. daily except Sunday.

The cast of five men and five women will be seen in such hilarious skits as "The Macbeth Murder Mystery," three of the famous Thurber Fables, the familiar "Secret Life of Walter Mitty," and many others. Members of the cast are William Sneden, Richard Cheatham, Bill Sanford, Jim Adams, J.D. Whaley, Carolyn Russell, Bertha Vellelunga, Claudia Cairns, Betty Berry and Virginia Murray. Future plays scheduled are "Under the Yum Yum Tree," "Send Me No Flowers," "Marriage-Go-Round," "The Third Best Sport," and "Annie Get Your Gun."

Open House

Mr. and Mrs. Paul Feldkamp will be guests of honor at an open house in celebration of their 40th wedding anniversary. It will be held on Sunday, June 10th at Emanuel's Church hall from 3:00 to 5:00 p.m. Hosting the affair will be their children: Mr. Lauren Feldkamp of Upper Saddle River, New Jersey, Mrs. Alex McKeen of Dearborn and Mrs. Norman Fielder of Manchester. Friends are cordially invited.

Rose Garden

The rose garden of Chester Keizer, 202 Wilkinson St., Chelsea, will be open to the public starting June 10. We extend an invitation to the residence of Manchester. It is open any day or any time. There are 11 rose trees, 143 varieties, and 175 roses in all.

Blood Bank

Your Blood Bank is a community project, it is your project. It is the one way that everyone in the area can be helpful to a neighbor needing assistance. All a person in the Manchester area needs to do to get blood replaced at the hospital is for that person or a member of his family to call on one of the four members of the releasing committee and make the request. (Committee: Mrs. Franklin Reck, Mrs. Rolland Huber and Mrs. Stanton Roesch.)

Once a year everyone has the opportunity of helping the Blood Bank build up its account so that it can serve the area. No one ever expects to need blood, but the amount that is used in this area each year is between 100 and 150 pints.

Your Blood Club is in debt now to the Regional Bank for two units of blood and any more that the area may need between now and June 22. This is part of the customary Red Cross service--to carry the Blood Club's debts until the Bloodmobile visit can reactivate the account.

A donor, an individual between the ages of 18 and 60, may give five times a year--approximately every eight weeks. Some people are unable to give blood, but they can assist with the program through publicity, pre-registration for the Bloodmobile or at the clinic and be helpful in many ways to their club.

Manchester's Bloodmobile visit June 22, 1962, is your most important date for the summer.

The distinctive name planter that now stands in front of the Manchester High School was a project which was undertaken by the whole Class of 62. Tom McNutt was one

of the students who was instrumental in starting the project and with others it began. Marilyn Huber's idea was accepted and from there the Hotzel Sign Company, was able to design the planter. After the design, George Grossman did the masonry work. The class of 1962 expresses their appreciation to all the people of Manchester who helped with the project. It was only through their help, friendship and cooperation that the name planter became a reality.

LETTER TO THE EDITOR

To the Editor:

I note with interest recent letters in the Enterprise relative to the coming school election. I concur with the thesis advanced as to the advisability and value of having female representation on the School Board and more specifically a wife and mother. It is gratifying to find the ladies raising the issue of representation of their sex and particularly pertinent at this time because of the candidacy of Mrs. Stanton Roesch. She is eminently capable and qualified to assist in the solution of the educational problems of the community. I know Kay Roesch to be conscientiously interested in the welfare of our children and she will bring to the job unmatched dedication and understanding. She qualifies as a devoted wife and mother, her unusual organizational ability will be a valued asset to the Board of Education and I urge the election of Mrs. Roesch on the basis of her many and varied qualifications.

4-H Awards Youth for Achievements

Twelve outstanding 4-H members, six boys and six girls, this year will share \$4,300 in college scholarships as national winners in the 4-H Achievement awards program. Announcement of scholarship winners will be made during the National 4-H Club Congress, Nov. 25-29, in Chicago.

The top 12 are selected from 100 state achievement award winners, half of whom win trips to the congress. The Ford Motor Company Fund provides the state trip awards, scholarships and county achievement recognition medals.

Besides receiving a scholarship, the national champions will be considered for awards presented in the name of President John F. Kennedy, and for a special assignment during National 4-H Club Week next March. At that time six 4-H Club members will personally report on 4-H to government officials in Washington, D.C., and to business leaders who support 4-H programs.

Achievement awards are synonymous with success in increased size and scope of 4-H projects and activities, and in demonstrated leadership

Outlook for Michigan Farm Prices

Agricultural economists at Michigan State University have taken a look in the crystal ball to make some predictions for farm prices over the summer marketing period.

Looking over current reports and trends, John Ferris of MSU's Department of Agricultural Economics expects these prices to be the pattern:

Feed cattle prices in early May retreated from the highs set in April. Choice steer prices at Detroit averaged \$26.75 on May 1. A steady to lower market for feed cattle is expected into June. The general movement will probably continue downward into late summer and early fall, Ferris says.

On July 1 the USDA will make available a dual grading system which combines the quality grade scale, indicating the palatability of meat, and an additional standard relating to cutability. The dual grading system will be available on a trial and optional basis for one year.

Hog prices in June should climb above the \$16 level of early May, Ferris says. Prices should trend upward into August and peak out near \$19.

Spring lambs of choice grade brought \$20-\$21 at Chicago at the start of the season. After an increase in June, prices should decline through the summer but average \$1-\$2 above last summer.

Wool prices edged up to 47 cents per pound in April, but further gains will likely be small, according to Ferris.

The 1962 Michigan wheat crop is forecast to be 27 million bushels, down 32 per cent from last year. Production in Ohio, Indiana and Illinois is also expected to be down sharply.

The good gains made by wheat prices in April and early May resulted in part from ice damage in local areas of Michigan and other states. Prices on No. 2 White wheat in Michigan were \$2.00 on May 7.

With the leveling off of soybean prices, holding near \$2.35 in southeast Michigan, there is little to encourage the holding of soybeans much longer. Government sales this summer will be at a minimum of about \$2.40, Ferris notes.

Further gains in corn prices are expected into summer, with prices not expected to go above \$1.10.

Beware the Checkoff Survey

In a recent bulletin, I cautioned the public about the seasonal arrival of door-to-door magazine salesmen, some of them representing reputable companies, others known to be illegally operating in Michigan.

From several parts of the state come recent reports and complaints concerning a new variation of the old "survey" trick, being used in Michigan at this time. It works this way: the salesman states that he is not interested in making a sale, but is employed to conduct a survey to determine the most popular magazines for an opinion poll outfit. The consumer is asked to look at a printed list of magazines, and to make a pencil checkmark beside the names of the magazines known, read and liked. The salesman then takes his departure, with thanks.

Soon the consumer begins to receive bills for magazines "ordered" by this checkoff system. Attempts to deny the order or to cancel it are followed by threatening collection letters. For your own protection and that of your fellow-citizens, be alert for this magazine survey device, and report any contact of this kind to your chamber of commerce, city attorney, prosecuting attorney, or my office.

Dairy Testing offer career in Agriculture

Michigan youths looking for an agricultural career might well consider DHIA testing.

Several dairy testers are earning nearly \$7,000 per year according to Curtis C. Miller, dairy extension specialist at Michigan State University. Miller says "there is a terrific potential for an ambitious person to enter testing work at this time."

He is currently accepting applications for the next DHIA testing course at MSU starting on June 25. It will run through July 6.

Michigan herd owners test only about 18 percent of their cows. This means that more than 500,000 cows could be enrolled in some testing program if farmers are to have true production records.

Miller predicts the number of cows on test will double within the next two years. With this increase, many additional testers will be needed.

Cost of the testing school is about \$70. This includes all fees, room, board and books. Applications are available from the dairy department, 125B Anthony Hall, East Lansing.

OBITUARIES

Miss Flora Davidter age 84 years died Thursday, at the Evangelical Home in Detroit. She has been a resident of the home for the past 16 years. Previous to entering the home she lived at 112 S. Macomb St., Manchester.

She was born August 20, in Freedom Township, the daughter of Henry and Anna Meyers Davidter.

She was a member of Emanuel Evangelical and Reformed Church in Manchester, also the Womens Guild of the church. She is survived by several nieces and nephews.

Funeral services were held Saturday, June 2, at the Jenter Funeral Home, Rev. Gustav H. Kuetner, officiating. Burial was in Oak Grove Cemetery.

Alvin A. Ahrens age 64 years, died suddenly Friday at Herrick Memorial Hospital. He lived at 125 Riverside Dr., Manchester. He was born September 16, 1897, in Freedom Township, the son of August and Fredericka Kleinschmidt Ahrens.

He was married to Flora Ileana September 7, 1918. They lived on a farm in Manchester Township until moving to Manchester in 1940. She died December 20, 1960.

For the past 10 years he worked at The Double A Products Co. He was a member of Emanuel Evangelical and Reformed church.

He is survived by three sisters, Mrs. Clara Tuller, Mrs. Emma McSwainof Hooks, Texas, and Mrs. Ella Ogog of Detroit and eighteen nieces and nephews.

Funeral services were held Monday, June 4 at the Jenter Funeral Home with Rev. Gustav H. Kuetner officiating. Burial was in Oak Grove Cemetery.

Rep. Warner Will Run Again

YPSILANTI—James F. Warner of Ypsilanti today announced he will seek a fourth term as state representative from Washtenaw county's Second District.

Warner, 62, will be opposed for the Republican nomination by Roy Smith, Ypsilanti township supervisor.

No Democrat yet has stated an intention to run for the post.

Warner said he is basing his candidacy on "reorganization of state government, greater economy in government, adoption of the new Constitution and opposition to a state income tax."

"I am a firm believer in the state performing necessary services for people who need them," he said. "I am as firmly opposed to unnecessary services which drain the pocketbooks of the people just for the sake of perpetuating someone in a public job."

"I am opposed to the income tax plan because it is another tax that will grow and grow to take an unfair amount from the pocketbook of the man who works for a living. I know that the advocates of an income tax want only a small per cent this time. But as always happens, they come back again and again for increases until it gets out of proportion."

"Will Spend And Spend" "The history of government is that bureaucrats will spend and spend if given the chance under the guise of performing

the people will approve it when it is put on the ballot."

Succeeded Father

Warner became state representative in 1956, succeeding his father, the late Joseph E. Warner. He is a member of the House Ways and Means Committee.

A life-long resident of the Ypsilanti area, Warner is a former dairyman, farmer and businessman. He was president of the Ypsilanti Area Board of Commerce and was one of the original promoters of the Ypsilanti Area Industrial Development Committee.

Warner and his wife, Marion, live at 1305 Grant St. in Ypsilanti. They have two married daughters and eight grandchildren.

abilities. Selection as an achievement award winner typifies all-around personal development and service to others, as well.

This year's crop of national 4-H Achievement winners is expected to compare favorably with those named in 1961.

Last year the club members ranged from 18-21 years of age, and had an average of 10 years of 4-H experience. All were in college at the time they were selected.

State and national winners must be over 14 years of age and have completed at least three years of 4-H Club work. However, all 2.3 million boys and girls currently enrolled in 4-H are eligible to participate in the achievement program supervised by the Cooperative Extension Service and arranged by the National 4-H Service Co. Committee.

Savory Pork Chops Recipe

SCHOOL NEWS LETTER

School Election June 11th

TWO BOARD VACANCIES TO BE FILLED

Registered voters will be called upon to cast votes to elect two new board members to four year terms on the Manchester Board of Education. Three qualified persons returned nominating petitions to the board secretary, Laurin Leeson, by the May 14th deadline. Persons nominated were Kay Roesch, Bernard Kemner and Lo Ren Trolz. Space for other write in candidates will be provided on the ballot.

POLLS TO BE OPEN 7:00 A. M. to 8:00 P. M.

The polls for the annual school election will be open from 7:00 A. M. to 8:00 P. M. in the high school music room. Manchester is a one precinct registered school district. Qualified voters who will be absent from the district on election day may make arrangements to cast absentee ballots by contacting Laurin Leeson, board secretary.

SCHOOLS REQUEST RENEWAL OF 4 MILLS

The Board of Education is requesting the renewal of the four mill operating tax approved this last year. The request is based upon the expectancy that State Aid is not reduced again this year and that the allocation from Jackson County will again be nine mills. The Board will again be in a position to reduce the amount of the four mills spread on property if more money than expected is pledged from some other source. Last year the voters approved four mills and 3.75 was spread as the allocation was one quarter mill more than expected. The four mills is expected to support the same educational program provided in Manchester this past year. Maintenance and capital outlay will be drastically cut to provide the extra monies needed for instructional costs.

MR. BOUTELL PAINTS ROSY DEBT PICTURE

When compared to state averages the Manchester Public School Debt hits a near low according to school district treasurer, Dan Boutell. A summary of his report indicates the following information on outstanding debts.

Pleasant Lake School
 Outstanding obligations 20,000.00 which will be collected in the next two years with a tax levy of less than one mill.

High School
 Outstanding obligations of 181,000, which will be collected in the next five years with a levy of less than three mills annually.

Nellie Ackerson School
 Outstanding obligations of 200,000, which will be collected in the next nine years with a levy of less than two mills annually.

The total debt is approximately 400,000.00 which is 2.5% of the equalized valuation. This is approximately seventy five dollars per capita debt. A person only has to compare this picture with that of other districts to see the pleasant position occupied by Manchester residents as they look forward to their future tax bills. The position is further enhanced by the future needs as predicted by the Bureau of School Services. They predict a minimum growth in the foreseeable future with only a need for one or two classrooms as the enrollment necessitates. There is a recommendation from this year's report and Citizen Committee Meetings to raise some minimum amounts in the near future to remodel our Junior High School facilities and better equip the libraries. Mr. Boutell has further reported that the addition to the Pl. Lake School is fully paid for by the release of County funds of \$45,000, and the using of approximately 10,000. of building and site reserves.

MANCHESTER SCHOOLS TO STRESS CURRICULUM

Manchester's school system is in the fortunate position of having well equipped buildings large enough to satisfy the needs of the present enrollment with something to spare. Therefore, in the opinion of Luther Klager, head of the school board, the emphasis during the next few years will be in providing the kind of teaching that will fit students for the modern scientific age.

Manchester's physical plant is in excellent shape. Recent repairs to the old high school building have improved both lighting and ventilation. State inspectors have given high ratings to the electrical system and the boilers and the general safety of the buildings, with the result that the state insurance commission has reduced rates by thirty per cent. The Health Department has given their okay to the school busses.

"It is important to have our plant in good condition," says Klager, "and we're happy to have these fine reports from the state. But the fact remains that a school is no better than the quality of its instruction, and with us that means that we must give serious thought to our curriculum and our teaching methods and materials. Modern technology, the complex competitive world we live in demands that our high school students be well trained."

The school board took steps to insure the quality of its instruction last year, when it asked the Bureau of School Services of the University of Michigan to inspect the school, then appointed a local committee of fourteen citizens, teachers and board members to work with the Bureau.

The Bureau made seven visits to the school in company with the committee and as a result of this series of inspections, a set of recommendations was drawn up. These recommendations suggested certain changes in courses, the trying of new teaching aids, the amplification of school library services, and similar improvements.

"Our job now," says Klager, "is to match our fine buildings with equally fine teaching. We have the blueprint and we have our committee. We also have our public, which has consistently supported our school system. Given these advantages, I see no reason why we shouldn't be able to give our students the kind of education they are certainly going to need, and to face the modern world with confidence."

SUMMER MUSIC PROGRAM PLANNED

The Manchester School Board will again sponsor a summer instrumental program for students of the district. The tuition charge for this program will be the usual three dollars per student. This will be primarily group instruction with specific help for individuals that indicate the need. This program will begin Tuesday, June 12th, in the high school music room. Classes will meet Monday through Thursday in the A. M. and Monday and Wednesday P. M. There will be for the first time this year a two week break during the middle of the program. The weeks scheduled are June 12th through July 7th and July 24th through August 18th. There will be a combination Saline-Manchester Concert Band for older music students scheduled the same as last year. All students that have indicated an interest in participating will receive a schedule of music classes prior to June 12th.

NEXT YEARS TEACHERS

Employment of teachers for next year is now in full swing. There are ten positions throughout the system to be filled. These teaching vacancies are equally spread throughout the elementary and secondary schools. This turnover is about the same as averaged during the past years. Manchester continues to be a training ground for larger systems. Several key men have found it possible to move into administrative positions recently and more of this is predicted for the future. Having people of this calibre on the staff is good for children even though they are missed when they advance in the educational profession.

Teachers returning are as follows:

Pleasant Lake
 Mrs. Gladys Feldkamp, 1st grade
 Mrs. Margaret Dresselhouse, 2nd gr.
 Mrs. Grace Grostic, Kindergarten
 Mrs. Theodora Groeb, Int. A Room
 Miss Pat Glaza, El. A Room
 There are two vacancies in 3rd, 4th and 5th grades.

Nellie Ackerson Elementary
 Miss Mary Koebbe, Kindergarten
 Mrs. Grace Grostic, Kindergarten

 Miss Ethel Brown, 4th grade
 Mrs. Marjorie Wahr, 5th grade
 Mrs. Jeanette Wisner, 5th grade
 Mrs. Dolores Case, Speech Correction
 Mrs. Enid Huelsberg, Librarian and Remedial Reading.

Intermediate School
 Mrs. Marian Kime, 6th grade
 Mrs. Celestia Ingraham, 7th grade
 Social Studies and Teacher Principal
 Mrs. Ethel Griffin, Science
 Mrs. Mildred Breitenwischer, English
 There are two sixth grade positions yet to be filled and three positions are in the Junior High School. Mr. Don Thrall and Mrs. Judy Reed have valid contracts not yet returned.

 Mr. Philip Mains, Counselor and Social Studies.
 Mrs. Philip Mains, German & English
 Mrs. Keith Doelker, Home Economics
 Mrs. James Jordan, English
 At the present time there are four vacancies on the high school staff yet to be filled.

PRINCIPALS AND SUPERVISORS UNCHANGED FOR COMING YEAR

Chester Kocesi has been issued a three year contract for the next school years as High School Principal. Ted Tapping will continue as Supervising Principal of the Junior High School, the Nellie Ackerson Elementary School and the Pleasant Lake Elementary School.

Teaching Principals, Gladys Feldkamp and Celestia Ingraham will continue to take care of routine matters in the Pleasant Lake School and the Junior High School respectively. They both will have regular teaching assignments along with their administrative duties.

LOCAL TEACHER RECEIVES EDUCATIONAL GRANT

Mr. Marvin Camburn, math teacher at the Manchester High School, has received a National Science Foundation Scholarship from the Federal Government.

Mr. Camburn will attend Montana State University at Missoula and will be engaged in the study of higher mathematics. At the end of four years he will be granted a Masters Degree in this field. The Grant provides for all educational expenses and living expenses for the Camburn family.

Mr. Camburn, his wife Joyce and son Eric will leave for Montana this next week. Classes will begin June 11th and will end August 17th. Mr. Camburn is a graduate of Albion College and has done graduate work at the University of Michigan in mathematics. He taught one year at Roscommon before coming to Manchester. He and his family will return to Manchester at the end of the summer. He will teach higher mathematics at the local high school and will also be Director of Athletics and coach baseball.

Mr. Ted Tapping, Supervising Principal of the three buildings housing kindergarten through eighth grade, will be a key figure as the citizens and staff members study the curriculum of our schools. Much work will be done in the areas of Science, Arithmetic, Social Studies and English.

NEW PARENT CONFERENCE SCHEDULE

Supervising Principal, Ted Tapping, has announced that parent conferences will be scheduled for all parents of children in grades K-8, through sixth grade next year. This will be a rotating schedule with one grade scheduled for each day. Mr. Tapping reports that the board favors this type of reporting and that there will be more parent-teacher visits during the following years. He states that the parent-teacher conference will not replace the report card but will supplement the information received by the parent about his individual child. The school is looking into the possibility of such conferences for higher grades. The scheduling of such conferences poses a problem as each child has several teachers and the teachers are teaching in more than one grade classification.

OUR SENIOR TRIP
by Pat Burkhardt

The trip originated on May 18th from the High School. We took a school bus to Toledo and boarded a train. The trip was a rough but enjoyable one, especially for those who had never been on a train.

In Washington, we boarded our air-conditioned bus and met our driver "Dick" who was to accompany us with Washington.

Our first tour was of the Capitol and then on to our hotel. Everyone was excited about the hotel and the rooms. We ate at Scholl's and everyone thought the food was grand. After a free afternoon, we toured the city by night. The most thrilling point was the Lincoln Memorial which gave chills to everyone upon entering. We then visited the Jefferson Memorial, the Washington Monument and the Wax Museum, with its startling life like figures.

The next day we visited the Shrine of the Immaculate Conception, the Zoo and the Warner Theatre. Our Teen Tours Guide, "Dave" was wonderful and very helpful to all of us.

Other points of interest were the Archives Building, Supreme Court, Congressional Library and the Smithsonian Institute. We rode through Arlington Cemetery and were thrilled at the changing of the Guards and the story of the Unknown Soldier. Mt. Vernon was a good example of how the pioneers of our country lived. A short tour of the White House was taken and afterward we saw the President and First Lady in a parade honoring foreign dignitaries. Everyone was impressed to be able to view these great persons.

The F.B.I. Building, Bureau of Printing and Engraving and the Washington National Cathedral were all interesting tours. The Russian Embassy was also toured by some of the class members. A boat trip up the Potomac and a visit to the Casino Royal were other events which kept us busy at night. Many were thrilled at being able to attend a night club.

The real reward of the trip was "Dick" our bus driver, telling us of his plans to have a flag, which had been flown over the Capitol, sent to our school. This, he explained, was a reward for our excellent conduct, while visiting Washington.

The trip was very successful and we gained much knowledge in seeing the famous sights which we have been learning about during past years.

NEW BUSES PURCHASED FOR LESS

Two new school buses were recently purchased from 19th Chevrolet for the total delivery price of \$7,400.00 each. These buses will be Blue Bird bodies mounted on Chevrolet chassis. Mr. Clarence Fielder, board transportation chairman, reported that this figure is well below the average paid for buses. In comparing prior purchases in Manchester the price was the lowest yet recorded. An investigation indicated the following:

1956 price	\$7,700.00
1957 price	7,100.00
1958 price	6,300.00
1959 price	6,200.00
1960 price	5,740.00

Mr. Fielder pointed out two other items of interest, one being that the specifications have not been reduced, but rather improved. It was also pointed out that by accepting a bid seventeen dollars above low bid it made it possible to secure buses with more power and larger clutches than specified in minimum specifications.

P.T.A. OFFICERS INSTALLED

The May P.T.A. Meetings in both Manchester and Pleasant Lake were the scenes of installation of officers for the coming year.

Mrs. Leon Heimerdinger was installed as President of the Pleasant Lake P.T.A. She will replace Paul Boehler who has been President of the Association for the past two years. Mr. Paul Kappler was elected President of the Manchester P.T.A. He replaces Mr. Wendell Reinhart who has been President this last year. (A picture of Mr. Reinhart was not available).

Recreation Program Starts Monday

The eight week summer recreation program for Manchester youngsters will begin Monday with activities at the junior and senior playgrounds.

This summer's program will include various playground activities, swimming trips to Wampers Lake, and swimming instruction.

Children between the ages of five and eight years are invited to the junior playground at the intermediate school grounds. The hours will be from 9:00 to 11:30, Monday thru Friday, with Miss Mary Koebe supervising and Connie Knickerbocker and Theresa Roberts assisting.

Roger Harrison will head the activities at the senior playground. All children from nine to fifteen years old will be welcome to the playground activities at the athletic field. Mr. Harrison will be assisted by Mr. Fred Brown and the playground hours will be from 9:00 to 11:30 and 1:00 to 3:30, Monday thru Friday.

The swim trips will be made every Tuesday and Thursday afternoon. The bus will leave the athletic field for these trips at 1:00 p.m.

The county Red Cross will provide the swimming instruction one day each week with Bob Foiles as the instructor. Swimmers are asked to get or share a basket for containing their clothes. The price for baskets is twenty-five cents each.

Emanuel Church Host to Bloodmobile

Registration is beginning this week at Double A for the Manchester Red Cross Bloodmobile at Manchester Emanuel Church Hall from 2:00 to 8:00 p.m., June 22. Co-chairmen for the Double A committee are Mrs. James Baker and Irvin Gill. First to sign up are Lauren Leeson and Amanda Schaible, both of whom are going on their second gallon of donations to the local club.

Friday, June 22 is the date for the Bloodmobile this year. It is important that the area "bank" sufficient blood at this time to meet the year's requirements, approximately 150 pints. Individuals may also "bank" donations at this "open clinic" for other Red Cross affiliated chapters. Friends and neighbors of people who have used the facilities of the club may "bank" as a gift to the recipient, if they wish.

Pre-registration is recommended in order to determine the proper amount of equipment needed from the Detroit Regional for the clinic. There will be numerous opportunities to sign up between now and the 22 or you may call Mrs. Rolland Grossman, chairman-of-the-day. If you are unable to register in advance do not hesitate to come to the clinic anyway.

There is a slight change in the timebreak at this clinic. The hours are from 2:00 to 5:30 and 6:30 to 8:00. The Manchester Club serves the Manchester School District, southwest Washtenaw County and the employees (and their families) of Double A.
