Jaycees Start Membership Drive

The Manchester Jaycees have announced a drive to increase their membership fifty per cent. They are looking for young men between the ages of 21 and 35 who are interested in service to the Manchester community, in learning and using leadership skills, and in joining with like minded young men in fun and activity.

Manchester's Jaycees put their major emphasis on work with Manchester's youth. Each year they sponsor the Halloween Party, and the Easter Egg Hunt. As sponsors of the annual Chicken Broil, the Jaycees have worked to improve Manchester's recreation facilities, Carr Park and the school athletic fields. There are other projects, such as the Christmas decorations on Main Street and a new Community Development Survey.

The men who accomplish this work come from all areas of Manchester life. There are businessmen, farmers, teachers, and others among the present membership. However, the Jaycees need 15 new members in order to complete all their established and projected projects.

Any interested men are invited to contact any local Jaycee, see Keith Doelker at the bank or call Jim Jordan, evenings, at GA8-8213.

PTA Program Gets Underway

This year's PTA program got off to an excellent start with the reception of new teachers, and a stimulating speech by Dr. Warren Ketcham, Child Development Specialist from the University of Michigan.

While advocating the controversial "no failures" approach to the grading of school children, Dr. Ketcham also took care to remind the group of the inherent differences in individual children. He stressed the importance of showing kindness and approval to the slower learners, and expressed the opinion that, in effect, calling them failures at every marking period might not be the best way of doing this.

The controversial nature of his approach to this area of education aroused much response from both parents and teachers.

The next PTA meeting will feature Walter H. Stein, a representative of a major pharmaceutical house, who will show a film on the manufacturing of drugs.

This meeting will be held at Manchester High School October 22nd.

OPTIMIST CLUB HOLD MEETING

Manchester Optimist club met Monday for the second meeting of the month at Emanuel church hall.

Chicken was served, much to the delight of L. C. Klager. Along with the dinner was a side dish, a printed program for all members. As the Optimists ate the excellent dinner prepared by women of Emanuel they read the list of various committees for the year and suggested programs for the year.

Representatives from the Manchester Jaycees, Joe Fitzgerald and Ron McNally were present to show members the suggested proposal for improving the Athletic field. The money which the club earned in this year's Chicken Broil is to be used to build a press box.

After some deliberation, president Ed Gallaway asked the membership to vote on the proposed building. The blue print of the structure was accepted by the club and the new press box will be located on the fifty yard line on the north side of the field.

It calls for a 14 x 20 foot two-story block and frame building and will have a stationary first aid room on the first floor with a storage facility and press box view room on the second floor.

Once more the Jaycees and Optimist club along with Manchester residents who helped are to be congratulated for their work in making this year's Chicken Broil so successful.

Pictures of Children to be Taken Tuesday at K of C Hall

Tuesday, October 2 is the big day for the picture taking of your youngsters. The Enterprise is having pictures taken of all children who are brought by their parents or other guardian to the K of C hall lounge between the hours of 10 a.m. and 5 p.m. absolutely free of charge.

The Enterprise wants a picture of your child to print in its forthcoming feature, "Children of Tomorrow" a series of photographic studies of local children. The more we get the better the feature will be, so the cooperation of the mothers and fathers is urged.

It often seems to parents that children are little one minute and are grown up the next, so fast does a child's growing stage pass. Here is a splendid opportunity to catch a likeness of your child or children at the present stage for the pleasure you will get out of it in future years and for the pleasure you will enjoy in seeing it in print. You will want to clip it from the home town newspaper, and preserve it for the youngsters when he or she grows up.

USDA ANNOUNCES CORN SUPPORT PRICES

United States Department of Agriculture recently announced the 1962-crop corn county minimum price support rates.

These rates are based on the 1962 minimum national average support prices of \$1.20 per bushel. This is the same as the 1961 support price.

The method followed in determining county support price of \$1.20 is the same as in previous years. These support rates in the major producing areas, which include Michigan, are an increase from those for the 1961 crop.

These minimum rates will not be reduced but are increased to the final 1962-crop corn support price determined on the basis of data on October 1 is higher than the minimum price announced in March.

The price support program for corn will be carried out as in the past through farm and warehouse storage loans and purchase agreements. These will be available from harvest time through May 31, 1963. Loans will mature July 31, 1963.

Corn producers who participate in the 1962 Feed Grain Program will be eligible for price support on their 1962 production.

Under legislation authorizing the 1962 Feed Grain Program there will be a quantitative limitation on the 1962 production of corn that can be put under support from eligible farms. The eligible quantity will be based on the farm's established per acre yield, based on the 1959-60 average, times the 1962 corn acreage as determined by the county agricultural stabilization and conservation committee.

Producers of corn who do not participate in the 1962 Feed Grain Program will not be eligible for support on 1962 corn production. Further, to be eligible for support, corn must have been produced in 1962. It must grade No. 3 or better to be eligible. Corn must meet certain moisture requirements. The corn also must be adequately stored.

County rates in Michigan range from \$1.21 to \$1.24 per bushel. For Washtenaw County the 1962 rate is \$1.23 per bushel.

CHILDREN'S PICTURES TAKEN FREE AND PUBLISHED IN PAPER

It is an undisputed fact that the responsibility of tomorrow's world, our Nation, and Community will rest on the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders".

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproductions...they must all be uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work, will be here Tuesday, October 2.

Pictures will be taken at the Knights of Columbus Hall lounge and will be open from 10 a.m. to 5 p.m.

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The Enterprise simply wants pictures of all the youngsters, and the more the better. So the Mothers and Fathers of the community in which this paper circulates should remember the date, October 2 at the K of C hall lounge, and not fail to bring their children to the photographer.

You will be mighty glad, afterwards, if you did and very, very sorry if you do not permit your children to participate in this event.

The kiddies will have much fun both Mother and Dad--and the youngsters, too--will be very proud to see their pictures in print later.

Appointments may be made by calling the Enterprise at Phone GA-8-3041.

Max Kalmbach, Chairman of the Washtenaw County Agricultural Stabilization and Conservation Committee named some of the requirements necessary for a person to be eligible for election to the county convention to be held September 28 at the Washenaw County Building, 101 East Huron Street, Ann Arbor.

A candidate for the county ASC committee must be a resident of the county, and generally must not have been actively engaged in politics, such as serving as a member of a political committee or doing farm work. Also, he must not be a full-time employee of the U.S. department of Agriculture.

INTERNAL REVENUE

The Internal Revenue Service has a word of advice or may have sufferers: Keep a careful record of your medical expenses if you intend to claim a deduction for them on your federal income tax return.

Detroit District Director R. I. Nixon said that the costs of drugs and medicines used to alleviate the allergy are deductible.

Mr. Nixon pointed out that certain types of expenses are ordinarily not deductible as medical expenses, even though they may have some relation to medical care.

He cautioned that hay fever sufferers who claim medical expenses for such deductions as air conditioners, sea voyages or trips to the mountain should be prepared to justify them when their tax return is audited by the Internal Revenue Service.

Mr. Nixon said that document 5020, Medical and Dental Expenses, explains deductible and nondeductible expenses and is available at local offices of the Internal Revenue Service.

Soak in warm water to cover for 2 hours: 2 cups dry beans (navy), bring to a boil in same water and add 1/3 teaspoon ginger. Continue to cook, stirring occasionally, until skin of beans will break when you blow on it. Add more water during cooking if necessary, to keep beans covered. Drain beans and turn into 8 x 11 inch baking dish. Chop fine 2 large onions (about 1 cup).

Blend together 1/2 cup commercial sour cream, 1-1/2 teaspoon salt, 1/2 teaspoon pepper, 1 molasses. Pur over beans in baking dish and add about 1 cup boiling water. Cover dish tightly and bake in moderate oven, 350 degrees for 2 hours. Remove cover and continue to bake until browned and completely tender, about 30 minutes longer. Makes 6 servings.

In any home, new or old, Housepower wiring opens the door to a wonderful new world. A world of convenience, ease and better living, provided by electric appliances. Fuses blow, lights dim and blink, appliances are sluggish, slow. How does Housepower wiring prevent these ailments? Simply by supplying large enough entrance wiring, enough wiring circuits, and enough plug-in outlets to smooth the flow of electricity. Now, during National Home Week, would be a good time to give your home a Housepower checkup. Make sure the door to better living... electrical living... is open wide!

Bruce Oates

NAMED SEMIFINALIST

High school principal, Mr. Chester Koceski, announced Wednesday that one of the school's students has been named Semifinalist in the 1962-63 Merit Scholarship competition.

A student becomes a finalist through his outstanding performances on the National Merit Scholarship Qualifying Test, the first step in the eighth annual Merit Program. The student cited for his high achievement is Bruce Oates, son of Mr. and Mrs. F. Marvin

Oates, 19351 Sanborn Road Manchester.

He is among approximately 11,000 seniors throughout the country who attained Semifinalist status. Each Semifinalist now moves a step closer to winning a 4-year Merit scholarship to the college of his choice. The qualifying examination a test in educational development, was given in more than 16,000 high schools last March. The Semifinalists group is composed of the highest scoring students in each state and in the United States territories. The Semifinalist group represents a constant percentage of each year's high school graduating class nationally. In previous years about 10,000 Semifinalists were named nationally. The number of Semifinalists this year is 11,000 because of the increased number of students to be graduated in 1963.

This group will take another rigorous examination, the 3-hour Scholastic Aptitude Test of the College Entrance Board, to be given in testing centers throughout the country on December 1, 1962.

Iron Creek Women's Missionary Society will meet at church October 18.

NEW ENGLAND WOMEN TO HOLD TEA

The Ann Arbor Colony of New England Women will hold a membership tea at the home of the president, Mrs. Raymond E. Spokes, 2240 Glenloch Road on October 4 from 2:30 to 4:30 p.m.

The object of the National Society of New England Women is to bring together in social relations women of New England ancestry, to engage in patriotic, civic, and philanthropic work, thus to perpetuate the ideals and examples of their forefathers.

To be eligible for active membership a woman must be over eighteen years of age and have one or more ancestors who were born in any one of the six original New England states prior to the adoption of the constitution of the United States in 1789. She must be able to prove her line of descent from said ancestor or ancestors.

Monthly meetings of the Ann Arbor Colony of New England Women are the first Thursday of each month, October through June, at one

o'clock with a salad luncheon before the meeting and program.

Anyone who thinks she might be eligible is invited to attend and should notify one of the following: Mrs. R. E. Spokes, NO2-0479; Mrs. Vernon H. Cook, NO2 6136; Mrs. John Kagay, NO2-4052. The membership tea will be held at the home of Mrs. Arthur W. Smith, 1008 Oakland Avenue and not at the home mentioned above.

SHAKESPEARE CLUB

The first meeting of the fall season of the Shakespeare Club will be at the home of Mrs. William Palmer, Tuesday, October 2nd at 2 p.m.

Mrs. Palmer and Mrs. Martin Keasal, who have the programs on Massachusetts and Connecticut will give some history and interesting facts about these states, both of which were in the original thirteen colonies.

SOCIAL SECURITY

Thousands of people who are collecting social security checks do not get them as promptly as they could simply because they move and fail to notify social security offices of their new addresses, the Social Security Administration has announced.

A notice to the post office will not get an address changed on social security records.

The best way of insuring the prompt and safe delivery of your social security check each month, he said, is to let the Social Security Administration know your new address as soon as you plan to move.

A notice to the post office of your change of address will take care of having any checks already on their way to you, but it will not insure the prompt delivery of those to follow.

If you prefer, you may call your local social security district office to get the address.

CONTROL WEEDS THIS FALL

Control weeds this fall, and let Old Man Winter lend a helping hand.

Farm crops specialists at Michigan State University report that farmers can control quackgrass by spraying before mid-October. Yellow rocket and broad-leaved winter annuals can be killed by spraying after one or two good frosts.

The specialists, William F. Meggit and Milton H. Erdmann, recommend 15 pounds of dalapon per acre to control quackgrass. On corn fields, 2 pounds of amitrole-T for four pounds of atrazine will do the job. Each of these chemicals should be mixed with 30-40 gallons of water per acre and sprayed when the quackgrass is 4-8 inches tall. If possible, farmers should fall plow 7 to 10 days after spraying with dalapon or amitrole-T. The specialists agree that plowing can be eliminated if freezing weather arrives shortly after spraying.

Senior News

To begin the school year the Senior Class of '63 met September 11, 1962.

It was reported that the Senior's made a profit on the dance, held on September 7, 1962.

The Senior's main project is the "Holly Hop". The chairwomen of the dance are Darlene Steele and Sandy Koernke. The committee sub-heads are: Tickets, Doris Kemmer; Band, Louise Peppenger; Refreshments, Karen Gelbert; King and Queen Court, Janet Larson; Decorations, Susan Walter; co-chairwoman is Mary Ellen Hassett.

The class also hopes to have another money making project, but this hasn't come to a final decision as what.

The Senior's had pictures taken Monday and Tuesday of this week. Grafix Studios took the individual photographs.

The girls were asked to wear a light color sweater or blouse with a becoming neckline.

The boys were asked to wear a suit coat, light color shirt, white preferred, and a plain tie.

The Senior's will receive their pictures around Christmas. We are anxiously awaiting the proofs.

F F A

The F.F.A. called its first meeting to order on September 12, 1962, with the new officers presiding.

The goals and objectives of our organization were reviewed. We are a group of young men studying vocational agriculture, who believe in the future of agriculture with a faith born not of only words, but of deeds.

It was decided that the students wishing to join our organization be instructed in our goals and purposes.

New members are admitted to our organization with the degree of "Green Hand". At our next meeting, which is to be held on September 28, we will initiate these members.

The Manchester High School Varsity Football Team won their first game of the season by defeating Britton 12 to 6. Dave Petch and Gary Mitchell scored the touchdowns which led Manchester to victory September 11th.

Dave Petch caught a 48 yard pass thrown by Carl Miller and ran 30 yards for a touchdown. Gary Mitchell picked up a fumble by Britton and ran 20 yards for a touchdown.

Manchester was defeated Friday September 21, by Pinckney 13 to 0. Our boys put up a good fight defensively and offensively. Three team members, Rick Szabo, Craig Hawker, and Bill Alber suffered injuries in the game.

Manchester will play Chelsea at home, game time 7:30 at Manchester's Athletic Field, Friday, September 28.

THE MANCHESTER ENTERPRISE

New and Easy

Money-Saving Main Dish

A whole supper—right in one skillet—is a dream come true! This skillet main dish is a combination of favorites—plump meat balls, potato and onion slices, and peas—all cooked to flavorsome goodness in tomato juice.

The secret of the juicy meat balls is the use of evaporated milk as a binder—a good idea for meat loaf, too. This double-rich milk holds the ingredients together—no egg is needed—and keeps the meat mixture tender and moist throughout the cooking.

BEEF SKILLET SUPPER

3 medium onions	5 medium potatoes, peeled and sliced thin (about 5 cups sliced)
1 pound ground beef	1 can tomato juice (about 1 pint)
1 cup fine dry bread crumbs	1 teaspoon salt
2 teaspoons salt, divided	1/2 teaspoon pepper
3/4 cup evaporated milk	1 package frozen peas (about 10 oz.)
1 1/2 to 2 tablespoons flour	
3 tablespoons butter	

Peel onions. Chop sufficient onion finely to make about 1/4 cup. Slice remaining onions. Mix chopped onion, beef, bread crumbs, 1 teaspoon of the salt and evaporated milk together lightly but thoroughly with a fork. Divide mixture and roll lightly into 12 balls about 2 inches in diameter. Roll each ball in flour to coat and set aside. Melt butter in a large skillet that has a tight-fitting cover. Add sliced onions and cook over low heat until transparent, stirring occasionally. Remove onions and save. Add meat balls and brown on all sides over medium heat. Cover meat balls with sliced potatoes and the cooked onions. Pour tomato juice over all, then sprinkle with 1 remaining teaspoon salt and pepper. Cover and cook until potatoes are almost tender, about 15 minutes. Add frozen peas from package, cover and cook 10 minutes longer. Makes 6 servings.

HUNTING OUTLOOK GOOD FOR WATER WONDERLAND

Small-game hunters can be mildly optimistic about this fall's pheasant and cottontail-rabbit prospects in Michigan. Charles Shick, Michigan State University wildlife specialist, bases this prediction on brood counts by the Michigan Department of Conservation. "State-wide pheasant counts have run about eight per cent above 1961," Shick says. Hunters could take about 250,000 ringnecks this year with good weather. Last year saw a good rabbit season—1962 should be better than average with good weather. Mr. Shick said that hunters generally concentrate on pheasants early in the season and start looking for rabbits later when tracking snow hills.

The overall duck population is continuing to decline. This year's duck season has been cut to 25 days—shortest in the state's history. About 5,000 hunted during last year's 30-day season. Several years ago, nearly 150,000 hunters would take to the field each year during a 70-day period. Many ducks raised in Canada fly through Michigan so the Canadian duck situation has a direct bearing on the state's hunting. Michigan's season for rabbits, squirrels and grouse starts on October 1 north of M-20. Duck and geese hunting opens October 12. Pheasant and rabbit hunters in southern counties will go to it on October 20.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862—the same year that

IN MICHIGAN, hearing of the gallant fighting of the 1st, 4th, 5th and 7th Michigan regiments against the Confederacy, folks all over the state toasted their troops' bravery with roasting steins of beer.

For then as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to our state. The Brewing Industry pays more than 16 million dollars in taxes to Michigan each year, money that helps support our parks, hospitals and schools.

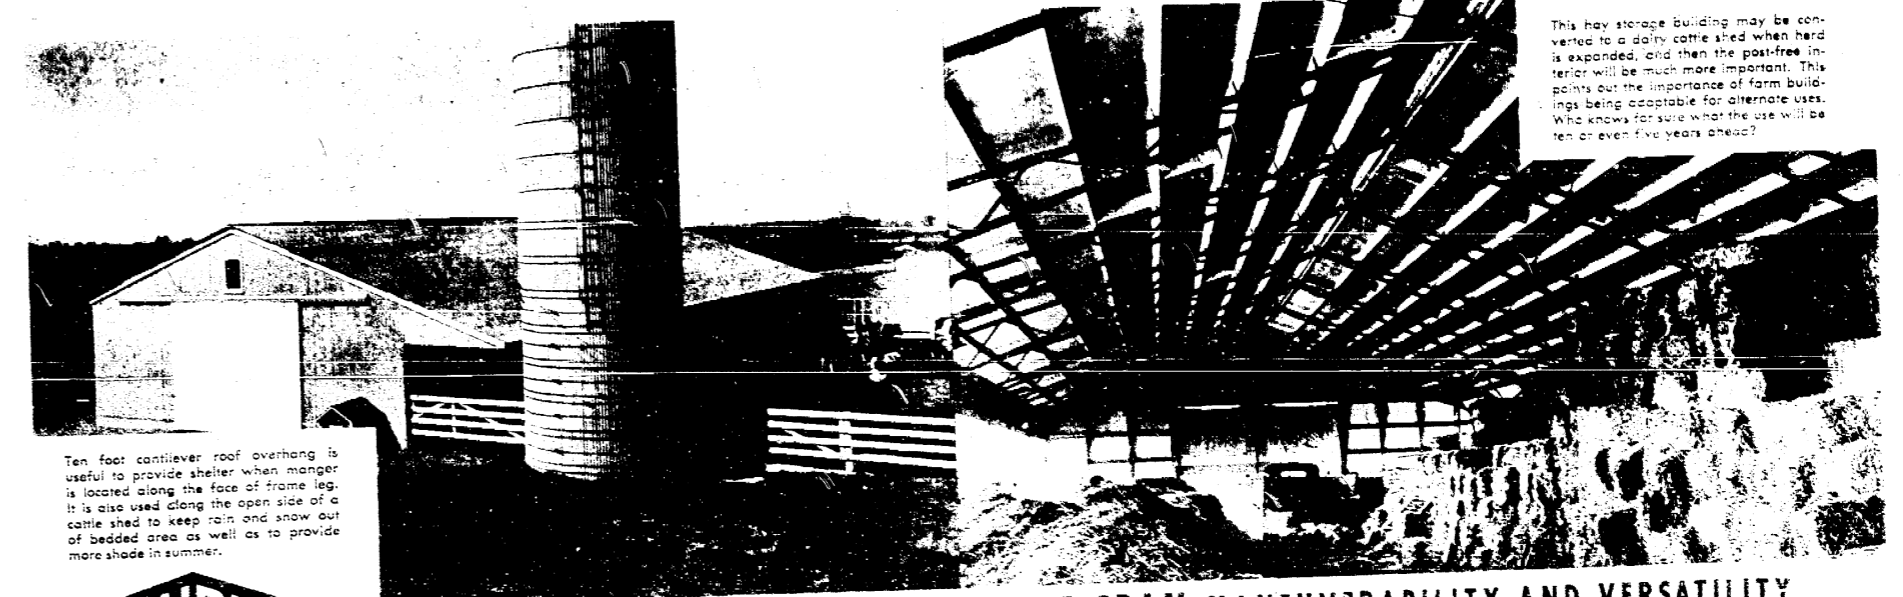

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

WILL HISTORIC CHURCH BE SAVED? Donations are pouring in from all over Michigan in the current campaign to raise \$100,000 by Oct. 1 to save and restore the 129-year-old St. Peter's Episcopal Church in Tecumseh as an historic shrine. It is the state's oldest church in continuous use, but now faces doom. It must make way for a new St. Peter's presently under construction. The community's weekly newspaper, The Tecumseh Herald, started the drive. Gifts of \$1 are sought from 100,000 interested Michigan citizens. These can be sent to The Herald.

This new storage building may be converted to a dairy cattle shed when herd is expanded, and then the pasture. It points out the importance of farm buildings being adaptable for alternate uses. Who knows for sure what the use will be ten or even five years ahead?

may be fed directly into feed bunk, but each year. Note how new hay is "green" to the peak. It is the best of the best and the best of the best.

Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors... plus a lot of invisible ways to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting... self-adjusting brakes... Delco-tron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

GO CORVAER for '63-IT'S EXCITING!

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminum muffler; interiors and outside trim are refined a bit, but the rest is pure Corvaer with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

After due consideration the Board purchased the 24 passenger Chevrolet bus.

At a recent meeting the board authorized the transportation of special education children to Ann Arbor from Manchester, Chelsea and Dexter districts. The cost of this program is to be totally reimbursed by County and State grants.

Church bells in the area will ring the beginning of the Manchester United Community Fund and Red Cross Drive at 6:30 p.m. Thursday evening, October 11, as the volunteer workers for their Kick-off Workshop and supper at the Knights of Columbus Hall. The drive is to last through the month of October.

Three Division chairmen who have worked with the Community Chest for many years are presented this week.

Mrs. John Bunney, known to all Manchesterites as Grace, has been chairman of the Organizational Division of the drive every fall since the death of her husband, the late Reverend John Bunney in 1954. She has been with the Sutton Agency for eight years.

Mrs. Ray Tirt is another Manchester business woman whose name is synonymous with Community Chest. Taking over the Out-of-Town Business Division of the drive is right in line with her job as secretary of the board. She has held this position for the last nine years.

New Fifth Grade ROOM BEGAN MONDAY

The board of education, faced with an over population of third and fourth grade students, decided at the September meeting to break up the combination grades at Pleasant Lake for the remainder of the year.

This means transporting Pleasant Lake fifth graders to town where a room is available, and the hiring of a new fifth grade teacher for this new room.

Parents of children attending over crowded third grades in town were then asked to volunteer transferring to a small third grade section remaining at Pleasant Lake. As of Monday there were only four volunteers. This has not done too much to alleviate the crowded third grade at the Nellie Ackerson School.

Mrs. Jane Taylor who lives and has taught in Ann Arbor is the new fifth grade teacher.
