HOSPITAL AUXILIARY  
PLANS PARTIES

With the inspiration of the Herrick Memorial Hospital landscape plans nearing completion and the many things the Auxiliary can obtain for the hospital, the annual Benefit Card Party Committee has planned this year's party for Wednesday, Jan. 30.

Professional men in the area, dentists, lawyers, veterinarians, optometrists and physicians are donating the prizes this year. They are as follows: General electric pocket transistor radio, Deluxe Can Opener by General Electric; Squibb Electric toothbrush; Samsonite King-sized card table; Health-o-meter bath scales; four piece Revere Stainless pan set; Carafe percolator with warmer; thermos beverage set.

The prizes are on display in the window of Lary's grill in Tecumseh.

Tickets may be obtained from any of the area chairmen for a donation of one dollar. Prize winners will be notified immediately after 9 p.m. Wednesday, Jan. 30. Prizes will be delivered as soon as possible.

The Auxiliary hopes the people in the area will call their chairman and give their worthwhile cause their support in any of the following ways:

1. Purchase a ticket for a chance on the prizes
2. Give a party—any number of guests, not necessarily a card party.
3. Make up a foursome to play at an open house.
4. Be a hostess or assistant hostess for an open house.

Mrs. Wm. Purfield is the Manchester chairman of the Auxiliary and she may be reached by calling Ga8-2761.

Band Boosters' regular meeting in the music room of high school at 7:30 p.m. Monday, Feb. 4 with solo and ensemble try-outs for District Festival. Public is invited.

MELVIN KNOX  
PROMPT SERVICE

A service that requires efficiency and know-how; a service which most of us take for granted is the rubbish removal service. Anyone who has traveled realizes that one community may be cleaner than another, and in most instances, it is only reasonable to credit the officials responsible for fast and prompt pick-up of rubbish.

In our section, we are fortunate in having a progressive concern such as that headed by Melvin Knox at 637 Kuehne in Ann Arbor, phone NO 3-5365. Mr. Knox has spent a lifetime

at this trade, having carried on in his father's footsteps. He has two units to serve you and cater to the residential trade throughout the area.

Mr. Knox is constantly attempting to better his services in order to give his customers promptness and dependability. For a complete rubbish removal service one would not go wrong in contacting this firm. They are already serving many people in the surrounding communities very satisfactorily.

Kay's Children Shop  
IS CLOTHING HEADQUARTERS

Whenever you shop in Ann Arbor, it would not be complete without a visit to Kay's Children's Shop at 206 S. Fourth (between Liberty and Washington). This is one of the finest stores in this part of Michigan and most mothers of this area know that quality is the keyword of all their merchandise.

You will recognize real values when you shop at this friendly store and also at the wide assortment and complete stock in all sizes that at all times on display.

Jaycees to Talk  
to Farm Bureau  
Members

In the current community survey the Jaycees are not forgetting the rural areas of Manchester. Their long range planning program is designed to include the farming area around Manchester according to Richard Kuntz, chairman of the survey, to find out what the people of this community think of their town and the ways to improve it.

In an effort to brief the people of the area in just what is expected of them the Jaycees committee headed by Ray Tirb, plan to visit each of the Farm Bureaus in this locality and explain the program and pass out survey sheets.

Tentatively the program calls for representatives to be at:

Rogers Corners Farm Bureau at Loren Koengeters on Friday, Feb. 8;

Modern Farmers at Lehman Wahls on Feb. 15;

Raisin River Farm Bureau at the Sharon townhall on Feb. 13;

Town and Country Farm Bureau at Herman Weidmans on Feb. 15;

Wide Awake Farm Bureau on Feb. 19;

Kassel Farm Bureau meeting at the Bridgewater town hall on Feb. 14; and at

Short Hills Farm Bureau on Feb. 14.

The meeting places of the Short Hills and Wide Awake Farm Bureaus has not been announced at this time.

The Farm Bureau members will be asked to take home their survey sheets and fill them out and return them to any of three places: Union Savings Bank, Paul's Dairy Bar or the Manchester Bakery.

Variety show sponsored by Band Boosters will be Tuesday, Feb. 12 at the Civic auditorium and will feature the For Tune Tellers and other talent. Sam Cushman will be master of ceremonies.

For-Tune Tellers  
Win Acclaim

Left to right: Mr. and Mrs. Bud Knorrp, Mr. and Mrs. Tom Cushman, Mr. and Mrs. Red Shaw and Mr. and Mrs. Sam Cushman

Manchester can be proud of the For-Tune Tellers who were surprised at a party given in their honor by the Jackson Chapter of SPEBSQSA. The barbershop quartets and their wives from a radius of some one hundred miles gathered at Jackson Hotel Hayes for a Ladies Night-primarily to pay tribute to the For-Tune Tellers-three of which are graduates of Manchester High School. They are Sam Cushman, tenor; Ted Shaw lead; Tom Cushman, baritone and Bud Knorrp, bass.

The Jackson Chapter president, Charlie Sherwood acted as master of ceremonies. Nearly 500 barbershoppers and guests were assembled and the For-Tune Tellers were called on to render a couple of their specialties. After being given a fine ovation they started back to their chairs when the emcee called them back.

They were presented with four individual plaques from the Jackson Chapter and for the first time they realized that the crowd had gathered in their honor. A standing ovation, richly deserved was accorded to them. The wives of the Tune-Tellers were presented with gifts.

As each quartet on the program appeared for their singing they all added a few well chosen words of praise and a few gifts as well. The party marked the 12 years that the For-Tune Tellers have been in the Jackson Chapter and the Michigan District.

As the group looked back over the 12 years they remembered how four "cherubic" faces entirely strange to the entire membership of the Jackson Chapter walked in, and asked if they could listen in and maybe sing a couple of songs.

It would be pretty hard to turn them down. There was nothing to do but let the kids sing. Those "kids" sang through four numbers without a dis-cord, a quiver in

their knees or one single flaw from beginning to end. That night the membership age limit in the Jackson Chapter dropped to include the "cherubs". Jackson Chapter admits that it was the greatest move they ever made. Sam Cushman, tenor; Tom Cushman, lead; Everett Queen, baritone; and Bud Knorrp, the bass, became a quartet in the Jackson Chapter. They were the original For-Tune Tellers. Later Tom and Everett switched parts and then Everett had to drop out due to his moving to Royal Oak, where he now resides and is basketball coach at Royal Oak Dondoro.

At the beginning Queen was a coach at the Manchester High School. Not long afterwards, an old Jackson Chapter regular, "Red" Shaw filled in for Queenie and the barbershop quartet's agree today that this certainly was a smart move.

A guest book was signed by everyone and given to the quartet-A fine orchestra played for dancing and there was a food layout second to none.

The Tune Tellers have been singing on the average of three or four times a week throughout the holiday season and from their schedule they will have to continue at the same pace for quite a while to "Keep America Singing."

For the Michigan District is anxious to salute the Tune-Tellers who have done so much to promote the high ideals for which the society stands.

This hay storage building may be converted to a dairy cattle shed when herd is expanded, and then the post-frame interior will be much more important. This points out the importance of farm buildings being adaptable for alternate uses. Who knows for sure what the use will be ten or even five years ahead?

Hay is fed directly into feed bunk under cover. Now how hay can be "passed" to the peak where there are no internal posts, ties or framework in the usable storage area.

**PRUDEN STEEL FRAMED CATTLE SHEDS PROVIDE CLEAR SPAN MANEUVERABILITY AND VERSATILITY**

Michigan Bell Explains New System

Many people have been inquiring as to the reason for Michigan Bell Telephone changing to a new numbering system.

According to Nick Prakken manager of Michigan Bell for this district there is but one reason: growth. Growth in the number of people wanting and needing service and growth in the kinds of communication services they want and need.

The two-letter five numeral (2LSN) system just won't provide the number of numbers that will be needed.

The rate of growth is accelerating. Forty years ago there were 14 million phones in the nation. Twenty years ago there were about 24 million and today there are more than 78 million.

There is more growth ahead. The nation now has about 190 million people. Every minute 8 more children are born. The American population rises by nearly three million every year.

Mr. Prakken noted that telephone numbers grow even faster than the population with 160 million estimated by 1975.

The present 2LSN system just won't provide enough telephone numbers. A look at the telephone dial shows the limitations. There are no letters for 2 of the 10 openings. This means only 64 (8 times 8) possible combinations if the first two digits are to be letters.

(The telephone switching equipment, of course, interprets dial pulls as pulses 1 hears only one pulse and the same pulse-whether you dial A, B, or C or 2.)

If all 10 openings could be used for the first two digits there would be 100 (10 x 10) possible combinations.

Because some "codes" are necessary for uses other than customers' numbers (to call the operator, "0" openings are not available for the first dial pull.

Making "1" and "0" available for the second pull, however, increases the combinations to 80 (8 x 10).

To gain one digit on the second dial pull is no small gain. It increases by 100,000 the number numbers available in a telephone numbering plan area (for example, the 313 area.) to gain 16 digits (80-64) is a theoretical increase of 1.6 million telephone numbers for each area.

So, some change has to be made, and ANC provides the least inconvenience for most telephone customers.

Many alternatives were considered during the laboratory and field research of Bell Labs to develop a dialing system which would meet the growth needs of the United States and at the same time cause the least inconvenience for most telephone customers.

Add an extra pull of the dial (either by using three letters plus five numbers; two letters plus six numbers; or adding a letter to the end of the present numbers); This would give more numbers, but it would mean a complete national change in telephone numbers and would have to be done all at once. With most changes of present numbers to ANC, letters are simply replaced with the numerals that share the same dial holes.

It's all the same to the dial equipment, and this keeps customers from getting wrong numbers if they forget and dial old letters.

If the dial was changed to put letters in all ten holes, this would mean completely changing telephone numbers, dials and directories across the country all at once. This would be virtually impossible.

If the system was changed to three letters, plus four numerals EXB 111 instead of EX 1-111 this would give even fewer combinations than under the present system, Prakken pointed out.

If the present numbers are left as they are and use ANC numbers for new customers this would leave customers with a permanently mixed system of numbers.

The confusion and undesirability would be increased

by the mobility of the population (one-fifth now move each year). As the mobility of the population increases, so will the need for a nationwide system that is uniform in its convenience.

None of the alternatives was found to be as workable as ANC. They either did not meet the need for more numbers or were not technically feasible.

The growth in the past has brought many changes. At first there were so few phones customers just used folks' names. When there were too many customers for this, numbers were born. The two-letter five numeral system, a product of growth, was reached in the late 40's. It can not serve future needs.

ANC has been quite broadly introduced. There are 18 million telephones with All-Number Calling today. Michigan Bell now has an estimated 760,000 and the number will pass the million mark by the end of the year. Most of the major cities in the nation now have at least some all-number telephones. The program is complete in Omaha, Neb., Cincinnati, Ohio, Gary, Ind., Atlantic City, N. J., and Quebec and Ontario in Canada.

ANC is also widely accepted throughout the world. More than 36 million telephones in 37 nations, from Argentina to Yugoslavia are all numeral. They include Germany, Italy, Japan, the Netherlands, Spain, Sweden and Switzerland. Canada is in the process of converting.

ANC also offers five valuable by-products. It eliminates dialing error caused by sound-alike prefix names and sound-alike letters such as "B", "P",

"E", "G", "E", "G", "V", and "H".

It will end confusion between the numeral zero and letter "O" and the letter "I" and number "1". It will eliminate wrong numbers caused by spelling mistakes.

It will open the way to better telephone instrument control and paves the way for worldwide dialing. As languages differ, the use of alphabets on telephone dials varies around the world. But the use of numerals is consistent.

These, though, are by-products. The main reason for ANC is to enable us to meet future growth and go on improving to give our customers the best service in the world, Mr. Prakken said.

Any number change creates some problems, of course. Over the years Bell has tried to eliminate problems and by the merits of the ANC system believes that it will have a supply of telephone numbers to carry through all the way into the next century. It is the only practical way for Bell to keep up with the growth that is so characteristic of these times.

**EXECUTIVE BOARD OF CHURCH MEETS**

**POSTMASTER REMINDS PATRONS**

If you are the proud parent and about to announce a new birth, a mother about to send out your child's birthday invitations, or a recipient of a gift about to send a thank-you note, you will want to know about the new size and shape requirements for mailing pieces prescribed by the Post Office Department.

According to Postmaster George Merriman, these are the new limitations effective now for all envelopes, cards and self-mailers: They must measure not less than 3 inches in width or 4 1/4 inches in length, and they must be rectangular in shape. In addition, envelopes more than 9 inches in width or 12 inches in length or those which have a ratio or width to length of less than 1 to 1.414 (to measure 1 to the square root of 2) are not recommended.

"I mention birth announcements, birthday and shower invitations, and thank-you notes specifically," the postmaster said, "because quite often these items are of unusually small dimensions or odd shapes. Although these restrictions are minor ones, full cooperation of the public will assist materially in enabling post offices to mechanize and economize."

Envelopes, cards, and self-mailers which are smaller than the minimums indicated above, or which are not rectangular in shape, are nonmailable. Post offices will therefore not accept them for processing and delivery.

**SCOUT WEEK MARKS 53rd ANNIVERSARY**

Eight hundred Cub Scouts, Boy Scouts, and Explorers of the Iroquois District of the Portage Trails Council, Boy Scouts of America, will observe the 53rd anniversary of the Scouting movement during Scout Week, February 7 to 13, with the theme, "Strengthen America...Be Prepared, Be Fit."

They will join nearly 5,200,000 other Scouts and leaders in every part of the nation in rededicating themselves to the Scout Oath on Friday, February 8, the actual birthday of the movement in America. Scout Week will be observed nationally by over 130,000 Scouting units in every city and town and in thousands of villages and hamlets as well as including the 20 in the Iroquois district.

"This year the Scout Week observance will be conducted at the unit level," says Max Kenyon of Dexter, district Scout commissioner. "In this way we believe a boy's membership in the movement is more meaningful and colorful to him. We also like to have every member invite another boy of his own age to attend the Scout Week meeting so that he may share the excitement of the program."

The district's seven Cub Scout packs with 450 members will each conduct a "Blue and Gold Open House" with a potluck dinner with prospective members and their parents as guests. Newly qualified Cub Scouts will be inducted. A skit, "How Scouting Began," will be put on by most packs.

Parents' night meetings will be held by nearly all of the eight Boy Scout troops.

Displays of Scout hobbies will be shown, and those who have progressed in rank will be honored at formal courts of honor.

Emergency preparedness skills will be demonstrated by patrols, and patrol stunts, songs, and games will precede a closing ceremony.

Explorers from the 5 Explorer units will address boy and adult groups at high school assemblies, service clubs, church groups, PTA's and Boy Scout troops. They will collect pledges indicating interest in joining an Explorer unit, helping to form a new unit, or offering to serve as a consultant in a specialized field. Prospective Explorers will be invited to a Valentine's Day party.

**TUESDAY KNIGHTS EXTENSION NEWS**

Tuesday nights Extension group met at the home of Mrs. Wilbur Frey Tuesday with Mrs. Tom Gormley the co-hostess.

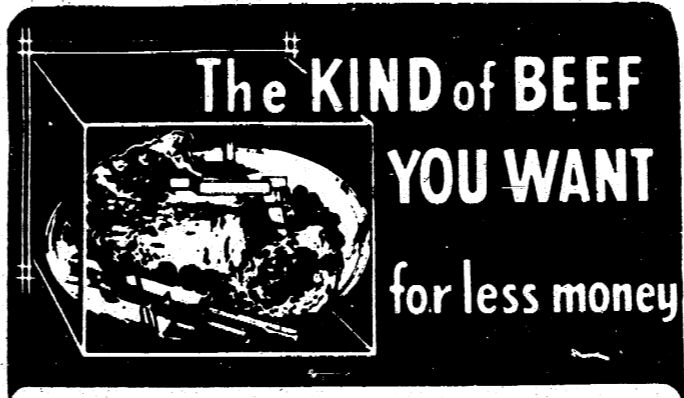

Thirteen members answered to roll call with a helpful household hint. Mrs. Kathy Barrett and Mrs. Carlene Nichols were welcomed into the club.

The special project for the evening was making marble jewelry. A very inexpensive and easy handicraft. Sophie Paul, Mary Lou Gormley, and Charlene Alling were nominated to make plans for the annual tour. The next meeting will be held February 19 at the home of Mrs. Dewey Gilbert with Mrs. Robert Rutherford as co-hostess. The lesson will be on "Credit Buying."

**LIBRARY NEWS**

Two important new reference books at the Manchester Township Library are the "1963" Summer Employment Dictionary and the pamphlet "The Cost of Four Years of College." The employment dictionary lists summer jobs available throughout the United States for students and teachers. The pamphlet gives the necessary information about the cost involved in attending any college or university in the United States. Both books are especially useful for high school seniors as well as other students and adults. Since the books are for quick reference, they are not loaned out but must be used as reference at the library so that they will be available at all times. The magazine files are kept for three years except for specific exceptions either way. Committee meeting room is available at the local library for anyone in the community. Call the librarian at Garden 8-4101, to make the necessary arrangements. All of these library services are readily available to Manchester area residents besides the regular book and record loaning accommodations symbolic of a public library.

Family night at the Zion church will be Feb. 10th.

One of the joys of having a frozen food locker is that you can have just the kind of meat you like... prime, choice, or good... aged to suit your taste without any extra charge!

You can come into our cooler and select your meat, or we can order it for you... all at a considerable saving to you. It will be cut to your instructions and placed in your locker ready for your use at any time.

It's a wonderful feeling to have a locker filled with plenty of choice cuts of meat... steaks, roasts, and chops that you know are good and which you can enjoy yourself or serve to guests knowing they will have about it.

**Money-Saving Main Dish**

The oven takes over the "frying" job of this easy-to-prepare chicken. This tend-free method is a welcome one; the chicken pieces are turned but once midway in the cooking period. To insure juicy moistness inside and a crisp golden crust, the chicken pieces are dipped first in double-rich evaporated milk, then rolled in a seasoned mixture of flour and yellow corn meal before oven-frying. While the chicken is in the oven, simmer the giblets for gravy-making. The broth plus evaporated milk adds up to perfect gravy—so flavorful and creamy.

**OVEN-FRIED CHICKEN**  
1 frying chicken (about 2 1/2 lb.), cut up  
1/2 cup flour  
1/2 cup yellow corn meal  
1/2 teaspoon salt  
1/2 cup evaporated milk  
1/4 cup butter

Wipe chicken pieces thoroughly. Mix flour, corn meal and salt in a pie plate. Dip chicken pieces in evaporated milk, then roll in corn meal mixture. Meanwhile, melt butter in baking dish (about 12 x 8 x 2 inches) in hot oven (400° F.). Place chicken pieces in one layer, skin side down, in baking dish. Bake 30 minutes, then turn pieces skin side up and bake until done, about 30 minutes longer. Makes 4 to 6 servings.

To make old-fashioned Creamy Chicken Gravy: Place chicken giblets, wing tips and neck in saucepan; add water to cover. Cover pan and simmer until tender, about 1 hour. If available, add 1/2 bay leaf and a sprig of parsley or a few celery leaves when simmering the giblets. Remove giblets, wing tips and neck from saucepan; cut meaty pieces in small pieces and set aside. Discard bay leaf and parsley. Strain and measure broth. Melt 3 tablespoons butter in the saucepan. Remove from heat and stir in 3 tablespoons flour. Add 1 cup of the broth, then 1 cup evaporated milk, 1/2 teaspoon salt and 1/4 teaspoon pepper. Cook and stir until hot and thickened. Stir in giblets and serve hot with chicken.

**Oven Barbecued Lamb**  
Lamb is delicious when cooked with a barbecue sauce. You are in for a treat, if you have never tried this roasting method.

**BARBECUED LAMB**  
6 pound leg of lamb  
2 tsp. salt  
Flour  
1 onion, sliced  
1 cup water  
1/2 cup catsup  
2 Tbsp. steak sauce  
2 Tbsp. Leo & Ferrins Worcestershire Sauce  
1/4 tsp. cayenne

Wipe the leg of lamb with a damp cloth, rub it with salt and dredge it with flour. Place in a roasting pan and surround with onion. Combine the remaining ingredients, mix well and pour over the meat. Roast in a 350° F. oven 30 minutes for each pound. Roast every 20 minutes with the sauce. (Serves 8).

Roasted potatoes are excellent with lamb. Peel potatoes and cut them in halves or quarters. Boil in salted water for 10 minutes. Drain thoroughly. After meat has roasted for 1/2 hour, add the potatoes to the roasting pan. Season them with salt and pepper, dot them with butter. Let them cook with the meat, turning them once and basting a little with the pan juices.

**HAPPY DAYS FOR THE FAMILY in a Blue Star Gas Home**

There's more time for happy family living when wonderful built-in gas servants take over the major household chores!

While Mom plans her next week's menus, the gas dryer dries a full load of clothes. Controls on her modern gas range cook an entire meal to perfection - and she needn't even be in the kitchen. She never has to worry about defrosting her modern gas refrigerator because no frost ever forms. And while she gives baby his bath her smokeless-odorless gas disposer automatically burns the day's accumulation of trash and garbage.

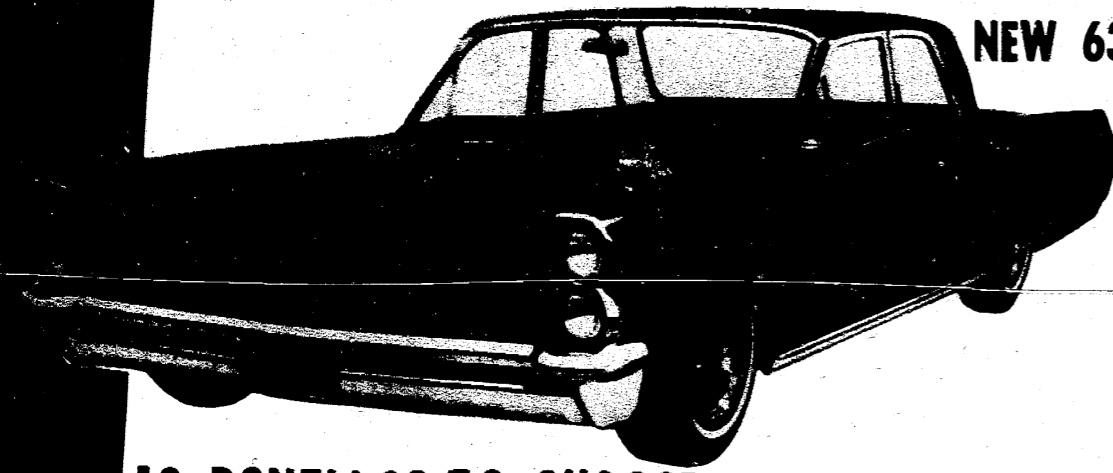

No wonder Mom can meet the demands of a busy schedule and still have time to relax with her family when she lives in a Blue Star Gas Home.

### Card Parties Successful

A profit of at least \$600 was realized on the card parties given to benefit the Herrick Memorial hospital landscaping project undertaken by the hospital Auxiliary.

Parties in Manchester were given by Mrs. L. V. Kirk, Mrs. Marie Scheurer, Mrs. Harry Sutton, Mrs. Norman MacLeod, Mrs. Howard Higgins, Mrs. Frank Carson and Mrs. Carl Pedersen. Besides the parties there were individual donations.

The grand prizes which were donated by the professional men of the area were won by the following people:

1. Mrs. M.R. Blandina-transistor radio
2. Mrs. Don Smith electric can opener
3. Mrs. Marge Dinius electric tooth brush
4. Mrs. James Pratt card table
5. Mrs. Jack Hannah bath scales
6. Mrs. Robert Hannah reverer pan set
7. Duffield Ball carafee perculator and warmer
8. Mrs. Westen Haessler beverage set

The Herrick Memorial hospital auxiliary and Mrs. William Purfield, Manchester chairman, wish to thank all the people from Manchester who participated.

"We are sure that everyone will take pride in the improvement made on the hospital grounds, knowing they had a part in helping the hospital that is ready to serve you."

### Sheep Shearer of The Year

Al Basom of Norvell in Jackson county was named "Sheep Shearer of the Year" by the members of the Michigan Sheep Shearers Association at their annual meeting at Michigan State University recently. Basom, who has been shearing for 46 consecutive years was presented a by the association. Making the presentation was Gerald Plumb, Jonesville, Chairman of the association.

At the business meeting of the Michigan Sheep Shearers Association Robert Kirk of Manchester was elected president of the association; Allan Faulhaber, Manchester, vice president and Lowell Roehm, Ann Arbor was re-elected secretary-treasurer. The meeting followed a 2 day school for 30 experienced sheep shearers at which E.A. Warner of the Sunbeam Corp., Chicago and MSU animal Husbandry staff members were the instructors.

Sunday, Feb. 10 will be Youth Sunday at Emanuel with youth participation.

### Steer Pinned After 2 Months Freedom

His roaming days are over. The renegade steer who abandoned a life of ease last December 1 for the open spaces is back at the Willard Mann farm at 10950 Chelsea Road. He made his escape from the farm as he was being unloaded.

Farmers in the area had been keeping a close watch on the bum steer for the past week and young Jim Mann, for whom the roamer was bought went back into the fields every week to see if he could find the outlaw.

But for the last week he had been seen or tracked each day as he made his way along the Raisin River up to the Finn Olsen farm field where he enjoyed picking his living for the past two months.

Jesse Walker, a farmer in the area who had been watching the steer enlisted John Rodriguez and his son Roy from Tecumseh to help in the round-up. Rodriguez, a horse trainer, rode his horse and with the help of their very exceptional dog, Walker, young Mann and another man from Tecumseh staged the capture.

The steer had been spending nights in a dense field of underbrush where farmers said he led a very comfortable existence, shielded from wind and snow.

With a lasso, Rodriguez, riding his horse, dropped a noose around the wild critter's neck and after quite a struggle brought him home. The capture took about three hours.

When farmer Walker asked young Mann if he had a place to put the animal, the steer club member said gingerly, "I've had a place to put him for two months. The trainer collected the \$25 reward."

Mr. Mann said that although the steer had been on its own they didn't believe it had lost any weight. It is impossible to tell at this time whether or not they will be able to tame the steer. Thirty-eight steers are being raised by boys and girls in the Manchester area as a steer club project sponsored by the Optimist Club here.

### ATTENDANTS AT WEDDING

The First Presbyterian church was the setting for the afternoon ceremony Saturday which united in marriage Ann Dinsmore Browder and William Hugh Sorensen of Ann Arbor.

The attendants were Miss Catherine Browder, Mrs. Robert Balmer and Miss Janet Sorensen all of Ann Arbor, Richard Stark of Ann Arbor, David Knisley of Chelsea, George Wacker and Richard Rigg both of Manchester.

### Dimes Drive Collection Tops Last Year

Manchester March of Dimes chairman, Mrs. John Althouse is announcing that \$946.27 has been collected in the current drive with some areas still to make reports. This, she says is about \$100 over the total collected last year.

She noted that some of the canvassers are still to be turned in. Head of this committee is Mrs. Stanton Roesch. Mrs. Earl Alber headed the house-to-house solicitation.

The Pleasant Lake area drive, which replaced a house-to-house canvass in Freedom township brought in over \$90. The town Mothers March totaled \$406.47. Mailers are still dwindling in.

Mrs. Althouse expressed her thanks to everyone who helped to make the drive so successful.

### Sportsmen Elect New Officers

Lawrence Burkhardt was elected new president of the Manchester Sportsman Club at the annual meeting held last Thursday.

Other officers are Bill McCully, vice-president; Duane Braun, treasurer and recording secretary is Helen Burkhardt; Frank Tirb and Max Heckman were named trustees for a three year term.

The deer contest had no winner this year as no one turned in a weight slip. Club officials suggested that regardless of how small or large the deer is, hunters should turn in the weight slip.

The pheasant tail feather contest was won by Rex Mann with a feather 23 1/4 inches long. For those who might not associate the name, Rex is the Forner-Lakeside milkman.

Sportsman Club will hold a fox hunt Sunday, Feb. 10. Everyone is welcome, members or non-members are asked to meet at the E.G. Mann mill at 9 a.m. Dogs will be furnished by Max, Bob and Carl Heckman of Norvell.

### Annual Conference

### To Celebrate 97th Birthday

Mrs. John Wiedman will observe her 97th birthday Tuesday, Feb. 12 at her home at 627 West Main St. A family dinner is being planned in her honor.

She enjoys surprisingly good health, is very alert and takes a keen interest in current events.

Born in Freedom township she is the daughter of Daniel and Christina Hieber, and the last of a family of seven children born to them.

She was married to John Wiedman in February 1885 and the couple set up housekeeping in Franklin township where her husband had a 100 acre farm. The couple had eight children; five girls and three boys. They are: Lydia at home; Mrs. Reuben (Martha) Feldkamp, Ann Arbor; Mrs. Aaron (Carrie) Breitenwischer and Mrs. Frank (Alma) Tirb, of Manchester.

Herman Wiedman of Clinton and John Wiedman of Birmingham. Two children, Ida and Oscar are deceased. Mrs. Wiedman says that although she's nearly 97 she can't set down and do nothing. Every morning finds her up by 6 a.m.

"Really, that's not early. Not when you've spent a life time getting up much earlier." She explained that when she was married, there were none of the conveniences of today. With all the household tasks that piled up in a day if a housewife didn't get an early start, say 4 or 5 a.m.--well the end of the day would find her way behind. I'd rather work in the day time than half the night.

"I wouldn't have to get up that early now, because there isn't a great deal for me to have to do, but it has been a habit for such a long time."

Although the couple started their married life in Franklin township where they lived for 18 years they kept in close contact with Manchester. Probably the main reason for that was because they were members of the Emanuel church here. There was no Evangelical church in Clinton, which had been settled mostly by the English. Eight and one-half miles to Manchester was quite an order in those days. There were times when it was impossible to bring their family to town but, she said brightly, that didn't mean we didn't have a Sunday service.

Whenever, because of illness or the weather it was necessary to stay at home, my husband would read from the Bible and also give a sermon to the family. The children would much rather get in the buggy or surrey and head for Manchester. I'll never forget the time that our horse

### Former Resident Living In West

A former Manchester girl, now Mrs. Beatrice Simmons of Maywood, California, will be celebrating her 77th birthday on Feb. 22.

It is the hope of her daughter that some of her old friends, former schoolmates and possibly some of her students, for she was a school teacher here, might like to drop her a note.

A brief sketch of her life was sent to the Enterprise by her daughter, in the hope that some will remember.

"Mary Ann Beatrice was the daughter of Elizabeth and Thomas Lamming. As she grew up and went to school in Manchester she was known only as Beatrice. Unlike most women, she doesn't mind telling her age. She was a very young teacher; some of her pupils were older than herself.

When Beatrice married Clifford T. Simmons and moved to Toledo she did not lose touch with her home town. Even after moving to California, leaving her family, did not break the ties. Many times she has traveled east to visit sisters, and brothers; William Lamming of Manchester, Mrs. Frances Smyth of Jackson, Mrs. Frances Hanslip of Toledo and the late Herbert Lamming and his wife and family, the late Mrs. Edna Webber and all the nieces and nephews.
