

MANCHESTER HIGH SCHOOL SEE THE DUTCHMEN F L Y

Which way did it go? After it boys, after it!

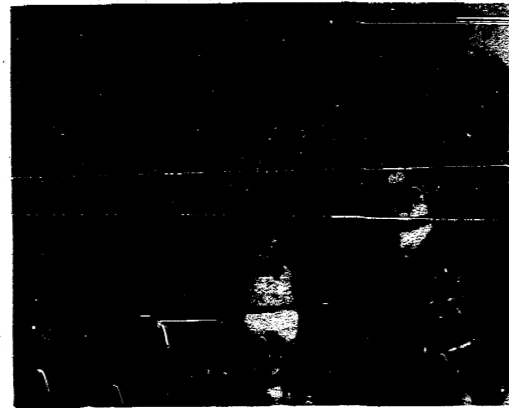

"No boys, the idea is to do it one at a time."

Gary Mitchell goes in for the rebound as Doug Schaffer and Vic Mann back him up.

Vic Mann jumps up for the tip-off as Doug Schaffer, Gary Mitchell and Bob Burrey wait expectantly.

Lay-ups take a lot of skill to execute, as shown by Doug Schaffer, number 14.

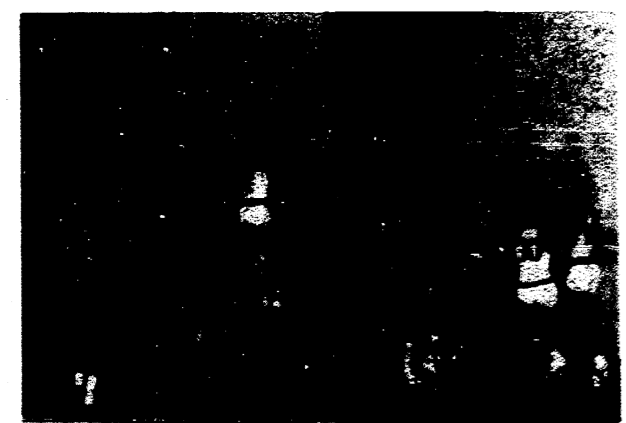

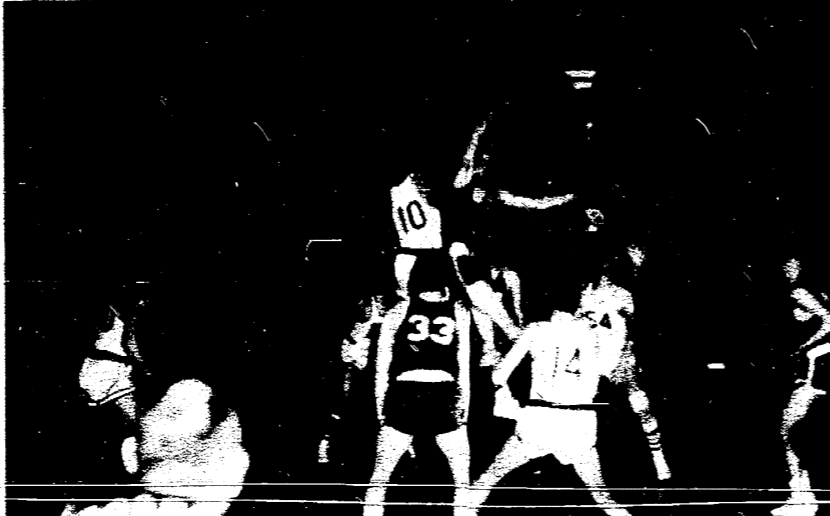

Creative movement is shown here by Denny Reinhart.

Denny Reinhart waits expectantly as his man fumbles the ball, ready for the pick-up. Gary Mitchell and Doug Schaffer watch anxiously.

A little ballet always adds some entertainment to the game.

Gary puts another lay-up shot into the basket to raise our score another two points.

Even with all the shouting and yelling Gary Mitchell can still hit that little hoop.

The idea is to hit the ball, "Dutchmen", not just touch it, so let's fight.

KODA'S KORNER

Dear Friend and loyal supporter:

Being nice is a rich man's game especially in a community the size of Manchester. You lose advertising, you lose circulation, you even lose prestige. People begin thinking that the publisher himself is working for some ulterior motive. And when you made plans work and battered them - - What happens? No one gives a damn!

The friends appreciate the service you have done for a few minutes, and then forget it immediately and completely. But the enemies you have made never forget. No, and neither do their brothers, sisters, fellow lodge members, and everybody else connected with the movement.

The good will you generate in a project is short and fleeting, and ill-will lasts forever.

Those who criticize must remember that the newspaper has no other excuse for existence except for public service. When the public decides there is no need for this service, it is up to the publisher to remind and warn, that these services come dearly, and financially high - - and only with you dear friend and loyal supporter we will carry on.

RETIREES AFTER 41 YEARS

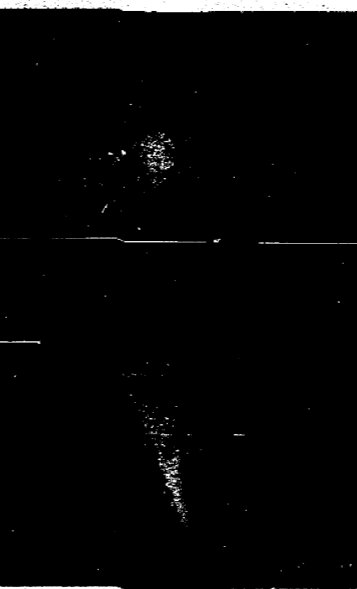

UPON THE COMPLETION OF FORTY-ONE YEARS OF FAITHFUL SERVICE WITH THE VILLAGE OF MANCHESTER... THIS SCROLL IS PRESENTED TO...

LeRoy A. Marx
MANCHESTER VILLAGE CLERK

As a Token of Our Sincere Appreciation of The Kindness and Consideration He Has Shown Us In Our Relationship With Him...
Inscribed on this Fourteenth day of February, Nineteen Hundred Sixty Three.

President: VILLAGE OF MANCHESTER

Treasurer	Councilman	Councilman	Councilman
Assessor	Councilman	Councilman	Councilman

LeROY A. MARX

Village council Thursday evening entertained at a surprise dinner in Jackson in honor of retiring village clerk, LeRoy A. Marx.

Mr. Marx has told council that he doesn't choose to run again for the office of village clerk, having held that post for 41 years.

Mr. Marx notes that he has worked with a varied group of people during that time and has seen many changes in the community.

When he was first elected, G. H. Breitenwischer was president of the village in 1922. Trustees were John Bowler, Dr. L. C. Kent, Wm. Schaffer, Fred Widmayer, Dr. C. F. Kapp and Louis Wolff. Mr. Breitenwischer was re-elected president in 1923 and from 1924 through 1927 B. C. Root was village president.

"When I was first village clerk the salary was \$75 per year and now its \$750. Of course there is a lot more work connected with the office, too."

In checking over the old council proceedings back on December 21, 1922 the council ordered that "No porch lights should be over 40 watts and should not burn after day light." At the time the electric light plant was owned by the village and porch lights were not on the property owners electric meters. Then there was the time that the council approved a light pole and light town on Duncan street in front of what was then the Joe Seckinger home.

Before that time the Seckingers would not have leave on their porch light all night unless they wanted to.

In January of 1923 Amanda Schaible was appointed to collect money from villagers for their electric and water bills. It was back on March 15 that the Bridgewater township supervisor was at council meeting to protest the charge of \$1.00 for line rent for the Bridgewater townhall and school as long as they gave a franchise to their property for placement of light poles.

Council ordered that Bridgewater township hall and school were to have the same rate as the rest of the patrons. Back in that

year nightwatchman, Robert Mahrie was paid \$60 a month and William Cash received \$50 for his work as town marshal. Dr. L. C. Kent received \$10 per year for his services. Another interesting note was that the village accept the street car of Joe Schwab and put it on the fire engine. Three loads of cinders were ordered to repair the back streets of the village.

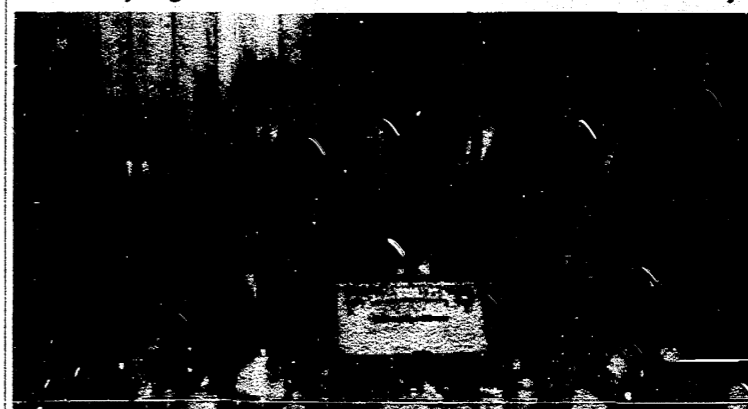

In December, 1923 council ordered that all porch lights were to be out by one a.m. and there was a penalty of 50 cents to be added to light bills if there were violations.

An interesting note was that the clerk was instructed to write a letter to a Belle Isle Creamery Co. to ask them to have their truck driver slow down the truck while traveling through Main Street, especially across the River Bridge.

Children swinging on trees in the public park were deemed a public nuisance and throwing snowballs from business places was subject to prosecution.

There were no paved streets in town and the council ordered some 8,000 gallons of oil to help lay the dust. Property owners were to pay \$3.00 and business houses \$7.00 to have the streets oiled in front of their buildings.

A surprised and bewildered Village Clerk was greeted by Councilmen at Bill Cones, Thursday night.

A lasting tribute to L.A. Marx, as he is surrounded by fellow Councilmen.

President Luchardt presents a scroll to Village Clerk, L. A. Marx for his 41 years of service to the community.

Marx, an avid bowler, is presented with a new bowling ball by councilman, John Pippenger.

In 1925 when Bennett C. Root was president that there was a special election on August 31 to sell the distribution and lighting system to Consumers Power Company of Jackson for the sum of \$15,000.

There were 278 votes in favor and 103 against selling to Consumers.

The salary of the clerk was raised to \$100 a year in 1924. In 1927 Jackson St. better known to us as Main street was to be paved - 20 feet from the center of the road so village council L. P. Wurster, R. G. Sontor Clarence Lindbert, F. C.

CHEVROLET TRUCK QUALITY

You can see the difference wherever you look

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocket-book. There are differences. A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber-encased chains that keep it from sagging. The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower

side panels are double-walled; you might dent the inside but it won't show through. Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense? If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

DEER HERDS PRESENTING REAL DANGER

Conservation Officer Donley Boyer said that it is imperative for motorists to be on the lookout for deer, particularly in the Manchester, Chelsea and Dexter area. He said motorists should reduce speed when in this area in order to be prepared to stop at once if deer are sighted.

Not only have large numbers of deer been killed but cars have been severely damaged. Boyer says the fact that car-drivers and passengers have so far escaped injury is fortunate.

There are large numbers of deer in the area and because of the continued cold weather the animals tend to gather in herds. From 50 to 60 deer have been observed in the woods along Piercc Lake.

Boyer said that 24 deer have been killed by cars in the entire area under his jurisdiction since Jan. 1 and 20 have been in the Dexter Chelsea area.

Signs have been placed along I-94 at the request of Conservation Officer Boyer warning motorists that deer may cross at that point; the signs, weighed with sandbags have also been posted along M-52 south of Chelsea.

In spite of these precautions, however, motorists fail to slow down, Boyer said; in fact six deer were killed by cars immediately after the signs were put up.

Old US-12 west of Chelsea is another danger spot. Boyer said motorists should be watchful nights and mornings—the time deer are most apt to be on the move.

Huber, J. Fred Schabile and Howard Clark decided it would be to the best interest of the growing town to pave the rest of the road to the curb. A special election was held October 29, 1927 as to whether or not the village should loan \$18,750 for paving purposes. Vote was in favor, 482 for and 20 against paving. The total cost was \$34,996.99.

In 1928 A. J. Waters was village president and in November a Bid was let by the State Highway Department to build the Main St. bridge.

Next week's Enterprise will give more of the highlights of Mr. Marx and his notes of the happenings of council as they affect the community.

COMING EVENTS

Pre-lenten luncheon and card party at St. Mary's church hall Tuesday, Feb. 19 sponsored by the St. Mary's Altar Society. There will be door prizes and table prizes. There will also be 100 new spring hats on sale at the party. No two hats are alike.

Delicious Baked Omelet
It is easy to make a beautiful cheese omelet, if you bake it in the oven, instead of cooking it on top of the stove. This recipe will serve six people, but requires only four eggs.

BAKED OMELET
4 eggs
3 cups milk
1/2 lb. grated Cheddar cheese (2 cups)
2 cups soft bread crumbs
1 tsp. salt
1 Tbsp. minced parsley
1 Tbsp. Lea & Perrins Worcestershire Sauce
Beat eggs with a fork until light. Add milk, then add the rest of the ingredients. Pour into a greased 1 1/2-quart casserole, set dish in a pan containing an inch of hot water. Bake in a moderate oven (350 deg. F.) until firm. Sprinkle with parsley just before serving, or serve with Tomato Sauce. (Serves 6)

TOMATO SAUCE
1 No. 2 can tomatoes
1 tsp. dried basil
1 onion, chopped
1 bay leaf
1/2 tsp. salt
1/2 tsp. pepper
2 Tbsp. butter
Simmer the tomatoes together with the rest of the ingredients, except the butter, for about 1/2 hour, or until sauce is reduced by a third. Strain, add butter, and serve with baked omelet.

PRUNE CHEESE CAKE

Here is a layered cheese cake frankly rich and sumptuous. Below, it's all winery fruitiness set on a crunchy crust; above velvety cheese creaminess with more of the crust as a top-off. The fruity part is prunes, tart-sweet and meaty, blended with sugar and grated lemon rind. The crunchy crust is toasted oat cereal, nut-like in taste. And the cheese layer has been frothed with eggs, cream, lemon rind and such.

Bottom Crust:
2 tablespoons butter or margarine Pinch salt
8 marshmallows (2 ounces) 2 cups toasted oat cereal
Combine butter or margarine, marshmallows and salt. Stir over low heat until melted and smooth. Stir in cereal. Press mixture in even layer on bottom of greased 8-inch spring form pan.
Prune Layer:
2 cups pitted prunes, chopped 1 tablespoon grated lemon rind
1/2 cup sugar 1/2 cup water
Pinch salt
Combine ingredients and cook over low heat, stirring constantly, until thick. Cool, then smoothly spread over cereal layer.
Cheese Filling:
2 envelopes unflavored gelatin 1 teaspoon grated lemon rind
1 cup sugar 2 cups creamy cottage cheese
1/4 teaspoon salt 1 6-ounce package cream cheese
3 eggs, separated 1 teaspoon vanilla
3/4 cup milk 1 cup heavy cream, whipped
Topping:
3/4 cup toasted oat cereal 2 tablespoons sugar
1/4 teaspoon cinnamon 1 tablespoon melted butter
In top section of double boiler, mix gelatin, sugar, and salt; stir in slightly beaten yolks and milk. Cook over simmering water until mixture is a thick, smooth custard. Cool, then chill a few minutes until mixture mounds when lifted with a spoon. Beat cottage cheese and cream cheese together to blend thoroughly. Beat in cooled custard and vanilla. Fold in stiffly beaten egg whites and whipped cream. Pour cheese filling over prune layer. Combine topping ingredients. Sprinkle over cheese layer. Garnish with whole prunes. Chill about 3 hours or until firm enough to cut. Makes 8-10 servings.

World Day Of Prayer To Be Observed

The first Friday in Lent this year is March 1 and is traditionally observed in protestant churches throughout the United States and throughout the world as **WORLD DAY OF PRAYER**. Sharon United Brethren church and the three churches in Manchester have been invited to join in the observance with a service being conducted at Emanuel United Church of Christ.

The service of prayer and giving which will be used locally is one which has been prepared by the Christian women of Korea. The committee in charge will consist of people from several churches. The service actually begins in the far-Pacific islands as the day breaks and continues around the world until evening closes the day. The Manchester observance begins at two o'clock to which not only women, but men and children are invited.

From The Files...

Interesting bits of information from council proceedings from the files during which LeRoy Marx served as village clerk. On April 16, 1931 the village night watch was receiving a salary of \$70 a month. The job of repairing and installing old meters was let at 50 cents a piece. Council approved of paying 30 cents an hour to laborers and the option to drill a 10 inch well on City Road near the pumping station was let to the Ohio Drilling Co. By July 18 the company had drilled 192 feet but were not able to get much water. Drillers suggested trying a different type of pump. On July 20, 1931 the Blaess case for installing Oil Station on village property was sent to the Supreme Court. Rotary club representatives, Arthur Jenter and Toss Knorpp were present and said the Rotary Club would help to make skating rink at Carr Park. Council voted to purchase a dry haul chemical to fight oil fires. October 1, 1931 council voted to have tickets printed "to simplify matters in making arrests for traffic violations etc." Clerk was ordered to write to Consumers Power to see about two lights they were to furnish for village park. On Nov. 5 Council approved spending \$100 to grade Carr Park for a skating rink. On December 17 it was decided to spend \$15 for Christmas tree and replace the broken bulbs. The clerk was ordered to notify C.J. Neal, Residence Maintenance Engineer at Plymouth that Manchester will maintain Mill - Manchester also complained to Consumers Power Co. about the high rates. Mr. Southard from Consumers said the rate was the same as in 300 other towns in the state. He offered to cut out any lights which council thought wasn't necessary but was not willing to cut the rates. The street committee was ordered to check and see if some could be eliminated. Consumers bill ran about \$386.91. Henry Armbruster was appointed Superintendent of Mill through the village. Twenty-five ton of calcium chloride was ordered from Detroit Soda Products Co. of Wyandotte at \$21.00 a ton. William Kulenkamp was elected village president March 17 with 261 votes cast. LeRoy Marx was clerk and Hulda Schabile the treasurer. The Forest Rangers proposed that Manchester plant 500 seedlings of pine and spruce and council approved of planting them cont. on pg. 6
