BLOODMOBILE HERE FRIDAY, APRIL 26

The Manchester Blood Club will need the help of everyone in the area who can be a blood donor on April 26. The Red Cross Bloodmobile will be in the village at the Manchester Methodist church Hall this year. The hours are from 2 to 8 p.m. with a break coming at 5:45 to 6:45 p.m. The Manchester Blood Bank has only 1 pint to its credit this week. It is necessary to have as many registered people in advance as possible in order to have the proper accommodations ready. However, one does not have to be registered in order to come to the clinic to give.

There will be an opportunity to register at all the churches in the area this Sunday. Also pre-registration cards will be available in the Union Savings Bank, Suttons Agency and the Bakery.

General requirements for a donor are 18 through 59 years of age and good health. The Bloodmobile will check a donor's medical history before he is allowed to give. A donor between the 18 and 21 years of age must bring a signed permission slip from a parent or guardian unless he is married or in the armed services.

The Methodist Church W.S.C.S. will serve the Gant and Double A will furnish the juice for the donors. If there are any questions contact any one of the following committee: Mrs. F. M. Reck (Ga8-4491) Mrs. Rolland Grossman (Ga8-2311); Mrs. Robert Huber (Ga8-3971) or Mrs. Millard Uphaus (Ga8-9801).

ROAD WORK PLANS ENTAIL \$409,000

Washtenaw County Road Commission has announced that it will begin four construction projects totaling 12.41 miles and expected to cost \$409,000. Completion of the four projects is expected for the summer of 1964.

The new projects are Dixboro Rd. from M-14 to N. Territorial Road, 3.86 miles from plans through graveling at a cost of \$125,000; A State St. extension from US-12 to Bemis Rd., 1.25 miles from plans through asphalt blacktopping, at a cost of \$75,000; Scio Church road from Fletcher road to Parker Rd., 4.6 miles from plans through double seal blacktopping at a cost of \$115,000; and Curtis Road from N. Territorial Road to Six Miles 2.7 miles from plans through double seal blacktopping at a cost of \$94,000.

Projects which the commission expects to complete within 1963 are Rawsonville Road, 1.04 miles from I-94 to Textile Road; Hadley road, 3.88 miles from N. Territorial road to the county line; the Dixboro Swamp relocation; and Geddes Rd., 2.3 miles from Oakway to US-23.

The commission will continue to work on the following projects which were started in 1962: Grass Lake road from M-52 to Sharon Hollow Road; Scio Church road from Zeeb road to I-94; Willow road from road Whittaker road to Carpenter road, and Zeeb-Joy Road from Huron River Dr. to N. Territorial rd.

The Board of Supervisors approved a 1963 budget of \$475,000 for the road commission.

LOCAL WOMAN ELECTED TO COUNTY FEDERATION

At the annual spring meeting of the Washtenaw County Federation of Women's clubs held in Milan April 15 the following officers for 1963-64 were elected.

They are: president, Mrs. Roy Berry of Ann Arbor; first vice president, Mrs. Ray Kerr of Manchester; second vice president, Mrs. Walt Bulbick of Milan; treasurer, Miss Grace Lucas of Dexter. The recording secretary is Mrs. LaVerne Stone of Willis.

NEW REPAIR SHOP TO OPEN HERE

The A & R Fix-It Shop will open in the basement of Russ's Service station at 320 Riverside Drive.

The new shop will be operated by Duane Ahrens and Bob Rutherford. They will repair small electrical appliances, lawn mowers, outboard motors, chain saws and bicycles.

NEW GROUP ORGANIZED HERE

A group of Manchester parents recently organized to encourage and support the international exchange of young people. The name of the organization is Manchester Parents' Committee for Youth for Understanding-(MPCYU).

Since 1959 Manchester has been represented in the Michigan Choral and for ten years Exchange Students from the International Education Exchange under the U.S. Department of State have been coming to the area from Europe or our students have been spending summer months in European schools. Ten Manchester families have been hosts to foreign students or have had children participate in the Michigan Council of Churches program designed to develop understanding and friendship between countries.

The organizing committee chose Mrs. Tom Walton as chairman and Mrs. Roger Hardenbergh as secretary-treasurer. The MPCYU membership to date consists of Mr. and Mrs. Dan Boutell, Mr. and Mrs. Roger Hardenbergh, Mr. and Mrs. Alvin Kappler, Mr. and Mrs. Alfred Kuhl, Mr. and Mrs. Franklin Reck, Mr. and Mrs. Stanton Roesch, Mr. and Mrs. Allen Schaffer, and Mr. and Mrs. Tom Walton.

Rev. and Mrs. Carlon Foltz and Dr. and Mrs. Arthur Holstein are former Manchester residents who are ex-officio members of the group.

The committee realizes that promoting friendship between nations is a vital spark for world peace. The parents are also aware of the costs of the program to the individual at the time when the student is dependent upon his parents to travel and continue his education. A student might be selected to serve with the Choral or as an exchange student whose family could not afford such an honor. The committee

hopes to develop a financial basis through civic interest to handle Youth for Understanding scholarships on a year to year basis for all representatives who may be chosen from the area in the future. Mr. and Mrs. Dan Boutell and Mr. and Mrs. Alvin Kappler are on the Ways and Means Committee.

As a preliminary step, a letter is being mailed to all local service clubs and organizations explaining the project and soliciting their support. It was because of the interest of two church groups and a women's club that this type of promotion was chosen.

RETURNS FROM HOSPITAL

Mrs. Harvey Proctor has returned home from St. Joseph hospital where she was a patient for observation.

40th WEDDING ANNIVERSARY

Mr. and Mrs. Clyde Gieske celebrated their 40th wedding anniversary at their home Sunday, April 14 with about 40 relatives and friends attending the affair planned by their two daughters, Mrs. Earl Huehl and Mrs. Lynn Voegeding.

The couple was married April 14, 1923. Mrs. Howard Campbell of Grass Lake attendant at the wedding 40 years ago was among the guests.

Also present were Mrs. Gieske's nephew and his wife, Mr. and Mrs. Keith Wood of Ottumwa, Iowa. Others were present from Ann Arbor, Whitmore Lake, Tecumseh, Grass Lake, Norwell, St. Johns and Manchester.

CHARGED WITH CARELESS USE OF OPEN FIRE

Conservation Officer Dor-Boyer, issued a summons to Mrs. Charles Salyer of M-52 Green Lake as the result of a fire which burned over approximately six acres - three of the acres on state land.

Mrs. Salyer, was charged with careless use of fire in allowing it to endanger the life or property of others. She had not obtained a burning permit before starting the fire which got out of control and necessitated a call for the Chelsea fire department.

She was ordered to pay \$5 fine and \$5 cost. In setting the "token" amount of fine and costs Justice Rogers made a statement in which he warned that if fire damage continued because of carelessness, he will be obliged to act much more severely in levying penalties.

Maximum fines of up to \$100 or 90 days in jail or both such fine and jail sentence are provided by law as penalties at the discretion of the presiding judge.

The penalty applies where carelessness results in fire damage to property of another and also to burning over brush or grass intentionally to clear land without first obtaining a burning permit. The burning permits are obtained from the local fire chiefs or conservation officers.

The permits are not required for simple domestic fires-burning papers, leaves etc.-however, if such domestic fires result in starting a blaze on nearby property, the person who started the original bonfire may be held liable.

COMING EVENTS

A style show is being planned to be held at the Emanuel Church hall Friday, May 3 at 8 p.m. sponsored by the Tabea Society. Members will be modeling the spring fashions.

BARBERSHOP QUARTETS CELEBRATE 25 YEARS

This week Barbershop Quartet singers in Ann Arbor, Ypsilanti area are celebrating "A Quarter Century of Harmony". This is the International celebration of the 25th anniversary of SPEBSQSA throughout of United States and Canada by its 28,000 members.

During the past 25 years, these happy harmonizers have been filling auditoriums across the continent with folks who love to sing and listen to the "old songs". Community singing has been a part of every barbershop harmony show held since the organization was founded April 11, 1938.

Barbershoppers are strictly amateur in status but professional in sound. If you doubt that statement why not join the local chapter as they celebrate "A Quarter Century of Harmony" this Saturday night at 8:15 at the Schwaben Hall in Ann Arbor.

Here's a wonderful way to forget the tensions and worries of this troubled world. Lose yourself in song this week and see if you aren't just a little bit happier than before.

The local chapter of SPEBSQSA meets every 2nd and 4th Tuesday night at 8 p.m. at the Elks Club in Ann Arbor. Men of good character who love to sing are "chord-ially" invited to attend.

The Ann Arbor Chapter boasts a membership of over 25 men and at the present time have four quartets that are working together. On Saturday April 20 at 8:15 p.m. the Ann Arbor Chapter will be climaxing this Harmony Week with a Ladies Night to be held in Schwaben Hall (upstairs) in Ann Arbor. Featuring will be two of the chapter's registered quartets-the Huronaires and the Four Score. Also featured will be the Ann Arbor Chapter chorus and other quartets.

Headlining the program will be the Noteries Quartet from Wayne, Oakland County and Dearborn. The Noteries placed second in Michigan "District" competitions this last fall. Any men in the Ann Arbor-Ypsilanti area who might be interested in Barbershop Quartet singing should make a point of attending this affair.

For additional information contact: James O. Davenport, 1951 Alhambra, Ann Arbor 663-9106.

FIREMEN'S BALL SATURDAY, APRIL 27

The annual fireman's ball will be held at the American Legion hall beginning at 9 p.m. Saturday, April 27 starting at 9 p.m.

Tickets will be available for any of the volunteer fire department. Proceeds will be used to purchase a 1,000 gallon portable, collapsible water tank to be used in rural fires.

Telephone Lines

By NICK PRAKKEN, Manager

UNLIKE MOST APPLIANCES, your telephone will be repaired whenever necessary without extra charge to you. This applies, with normal use, even to complete replacement. This assurance, always in force, is just one reason why telephone service is one of your biggest bargains. Should you have any telephone service problem, simply call Repair Service for prompt, courteous attention.

LIVING'S AS EASY AS 1-2-3... with handy extension phones to save trudging, time and temper. A space-saving wall phone in the kitchen, for instance, makes Mom's chores lighter, her days brighter. Or a lovely Princess telephone in the bedroom gives privacy by day, protection at night. And the whole family enjoys added convenience with a step-saving family-room extension. Ordering an extension telephone is as easy as 1-2-3, too! Just call our Business Office, or ask the man on the telephone truck.

THOUSANDS OF IDEAS for ways telephone people might do their jobs better! Where'd they come from? From Michigan Bell employees themselves, who submit their ideas through our Employee Suggestion Plan.

Since the Plan was introduced sixteen years ago, 7,000 ideas have been accepted and put into use. In 1962 alone, 500 operating improvements resulted from employee suggestions, ranging from such a simple thing as an improved wire clamp to a major improvement in pole-setting methods. These practical ideas help us bring you the best possible service at the lowest possible cost.

New and Easy

Money-Saving Main Dish

Hearty chowders, laden with good eatables, are easy and satisfying main dishes for lunch or supper meals. Such a chowder is this which includes meaty lima beans, corn and frankfurters in its make up.

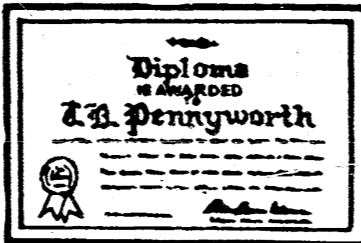

The vegetable combination of lima beans and corn is termed succotash—and has long been an eating favorite. Large dry limas, cooked to tender plumpness, and canned cream-style corn are the thrifty succotash team here. For taste-pleasing richness and smoothness, the chowder base is evaporated milk. This concentrated whole milk boosts the food value, too. Evaporated milk is so convenient and economical to use for all cream soups and milk chowders.

SUCCOTASH CHOWDER

- 1 cup large dry lima beans (butter beans)
- 1 tail can evaporated milk (1 1/2 cups)
- 3 cups water
- 1/2 teaspoon salt
- 1 teaspoon acid
- Dash of pepper
- 1 medium onion, sliced
- 4 frankfurters, sliced thin
- 1 can cream-style corn (1 lb.)

Wash lima beans. Place in large kettle with water and the 1 teaspoon salt. Bring to a boil and boil for 2 minutes. Remove from heat, cover and let beans soak 1 hour. After beans have soaked, do not change water. Add onion and bring to a boil. Turn down heat, cover kettle and cook slowly until beans are tender, about 1 hour. Add corn, evaporated milk, the 1/2 teaspoon salt, pepper and frankfurter slices. Heat until hot, but do not boil. Makes 4 to 6 servings.

LET A SPECIALIST DO IT!

Who do you call when your TV set needs service? Naturally, you call a television repairman — because he is a specialist in this kind of work.

Who should you call when you have meat to be processed and frozen? Your locker plant operator — because he, too, is a specialist.

Your locker man has the right equipment, uses the proper wrapping materials, and — most important, — he knows how to properly handle and cut your meat. For meat processing at its best, you can count on your locker.

Bill Windle is the District Executive of the organization and acts as secretary.

RED CROSS DISASTER

Earnest Boyce and Walter F. Snyder have accepted appointments as Red Cross Disaster Program Co-Chairman for Washtenaw County. It was announced by Chapter chairman James M. Davis.

Mr. Boyce, professor Emeritus of Municipal and Sanitary Engineering and Professor Emeritus of Public Health Engineering, could not be reached for comment as he is out of the country on a special assignment for the Pan American Health Organization.

Walter Snyder, Executive Director of the National Sanitation Foundation, reported on our analysis of the 336 disaster relief operations on which the Red Cross spent over \$12 million last year.

Snyder said that catastrophes during the fiscal year 1961-62 killed 585 persons, injured 17,176 others, destroyed 5,394 homes and damaged a total of 96,400 dwellings. Reflected in the statistics are figures for Hurricane Carla, which struck the Texas coast in September 1961, and the Mid-Atlantic coastal storm of March 1962.

Mr. Snyder stressed that all Red Cross aid is given without charge. It is designed to close the gap between what a stricken family can do for itself and what is needed to return it to normal living.

In carrying out its relief program the Red Cross works with various civil defense, local, state and other federal agencies. Should a disaster be of such magnitude that the Washtenaw County Red Cross Chapter is unable to cope with the problem, skilled Red Cross disaster relief specialists and funds from the national organizations available.

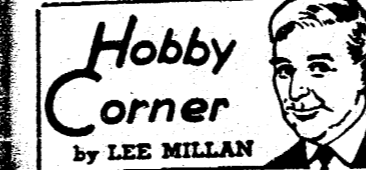

Brotherhood of Emanuel will meet Thursday at 8 p.m. in the church hall.

HONORED FOR SERVICE

Sun Oil Company honored Kenneth Kouba of 6721 Shanon Hollow Road, Manchester for fifteen years of service to motorists as a Sunoco dealer.

Mr. Kouba received Sun's Dealer Loyalty Award Plaque from Rowland K. Burgie at a meeting of Sunoco dealers at the Commodore Perry Hotel, Toledo, Ohio.

Mr. Kouba operates the K & W Farm Supply at 1100 Chelsea-Manchester road. He is a member of the Optimist Club of Manchester. He is married and has two children, Larry and Karen.

April is Hobby Month

Last year Americans spent nearly \$500 million in constructive leisure, making us the most hobby-happy people in the world. And the number of hobbyists is increasing each year as Americans find more leisure time on their hands.

Many of these hands have been busy all winter building model autos, trains, boats and planes.

It's in April, National Hobby Month, when most hobbyists head for park ponds with model schooners and speed boats tucked under their arms. As they put their "babies" through tricky maneuvers. It's a great sight to see the model winter hours actually do its stuff.

Hobbies, however, are more than something to keep hands busy. Much can be learned about naval, aviation, automotive and railroading history through models, and good hobbies often lead to good careers.

While the number of women who go in for model building is surprisingly high, most of the ladies spend their pleasant hours painting, decorating, tile-making, creating mosaic tile tables, ceramic ashtrays, jewelry, baskets, leatherwork and artificial flower arrangements.

In addition to the thrill of artistic achievements, handicrafts make wonderful home decorations and house gifts.

The Woman's World by Lady Pepperell

Summer Sportswear Trends Here we are in Newport Beach, California, and the thermometer stands at 85! The Pepperell family is on location filming a summer fashion preview in loads and loads of easy-care, easy traveling Pepperell cottons.

Mother Pepperell poses by the water in a trend setting new culotte that looks like a wrap skirt. It is a Rosecrest design in Pepperell's chambray-colored oxford cotton, and she wears it with a print pullover. Later, she changes in a make-shift dressing room made of sheets, and emerges in Jantzen's prophetic daisy yellow beach shift.

For boating, cottons have a Zelan finish that makes them water and stain resistant. Mother Pepperell's beachier is hooded, and paired with capri pants and a jersey pullover in coordinated pinks. Little Susan Pepperell sets the pace for the younger crowd in fringed denim shorts, and a checked shirt by Mitey Miss.

Denim is summer's big fabric — a sturdy, no-nonsense material, simple, wearable, travelable. Father Pepperell poses by the dock in a sportcoat of light blue denim, with olive denim walk shorts, designed by H.E.S.

For the littles ones, Baby Linda Pepperell announces that sunning requires a sea blue denim chambray jumper over a red and white striped shirt, from the Joseph Love collection.

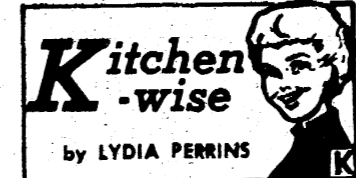

PRESENT PROGRAM

The Elmhurst College Glee Club will present a program at the Emanuel United Church of Christ, 324 West Main Street, Manchester, Saturday, April 20 as part of their annual spring concert tour covering Michigan, New York, Pennsylvania, Ohio and Indiana.

The group of 26 men's voices is under the direction of David R. Austin of the music department of the college. Their program will consist of sacred and secular music.

DINNER DANCE SLATED FOR APRIL 27

A dinner dance, "Spring Fantasy" will be held Saturday, April 27, at St. Mary's hall. Tickets available in advance from the officers of the Altar Society, Mrs. Ted Tapping, Mrs. Herbert Buder, Mrs. William Schwab and Mrs. Richard Way.

To Serve Creamed Seafood

Creamed seafood or chicken may be attractively served in a noodle ring. Be sure to grease the mold well, as you would any pan for baking, and unmold the ring on the serving plate.

- BAKED NOODLE RING
- 1 lb. noodles
- 3 eggs
- 1 cup milk
- dash salt and pepper
- 2 Tbsp. catsup
- 1 cup grated Cheddar cheese
- 1/2 tsp. Lea & Perrins Worcestershire Sauce

Cook the noodles according to directions on package, and drain. Beat the eggs well and combine with the other ingredients. Then add to the noodles and pour into buttered ring mold. Place the ring mold in a pan of hot water and bake at 350 deg. F. for 45 minutes. Unmold onto a large platter and fill the center with creamed chicken or seafood. Serve with a cooked green vegetable, or tossed green salad and broiled tomatoes.

For FREE copy of the new "Be Original" Cook Book, write to Lea & Perrins, Fairlawn, New Jersey.

DOLLAR and SENSE FARMING.

STANDBY ELECTRIC POWER is now being looked upon as a real necessity on modern dairy and poultry farms. The tractor driven generator is the most popular because it is less expensive and does not tie up an excessive investment in a piece of equipment that will be used only occasionally. Likewise, it is usually not practical to install a generator that will handle the entire farm load. You only need enough power to run equipment that must be operated at all times.

MINIMUM TILLAGE is gaining in most areas. By eliminating one or more trips over the field, you can save \$3 to \$5 per acre in production cost for corn and soybeans, yet expect yields to be as good as with conventional methods. It also reduces erosion and weed problems while increasing water holding capacity. If you are short of money, labor and time, you will do well to look into the possibilities of this practice under your conditions.

KEEP NEWLY BOUGHT ANIMALS ISOLATED from the home herd for awhile. Although veterinarians can test for certain diseases, it is often impossible to stop latent diseases or infections in their early stages. Newly bought livestock should be tested by a veterinarian, quarantined for 30 days, and then re-examined. Obviously, you wouldn't buy animals you know to be sick, but isolating new animals is a form of insurance against disease outbreak.

SELL SOYBEANS unless there has been a sharp market break during the last few days. Support price has been announced unchanged, planting intentions are up 4% and price of meal and oil is weakening. Unless the new crop is poor, no further price rise is expected.

Living Room Look in Kitchens Is Family's First Choice Today

By Mary Lou Holton
The kitchen is the first place most house-hunting families look for quality. Most wanted in a new kitchen are more space and a full complement of top-quality major kitchen appliances, according to builders sensitive to the demands of today's families.
One survey found that the average one-family home has only 150 square feet of kitchen space, and the average apartment only 103. Families who have endured kitchens of this size are quickly attracted to new

The kitchen is the first place to look for quality in a new house. This kitchen, with its ample cabinet space and work-saving electric appliances, has a feeling of livability and warmth. Its extra living space easily accommodates a good size table for eating or homework.

homes with spacious, well designed kitchens.
Last year, in response to this yearning for larger kitchens, more than 80 per cent of the nation's builders included dining space within the kitchen area.
Next to space, the quality, size and number of appliances are most important. Kitchen designers who work with builders agree that today's smartly styled, labor-saving electric appliances such as ranges, refrigerator-freezers and dishwashers are important to the convenience and livability of a home. They also add to the sale and resale value of a house.
Today's built-in electric ranges are compatible with the "living-room look" desired in modern kitchens. The variety of drop-in ranges, separate surface cooking elements and built-in wall ovens, double or single, makes it easy to design an inviting, convenient kitchen, regardless of its shape.
Electric ranges with automatic stop and start timers, easy-to-reach broilers, automatic meat thermometers, large built-in double ovens, surface heating elements that are adjustable to pan sizes, and optional rotisseries are features women look for when they're shopping for a new home.
They also want roomy electric refrigerator-freezers.
Today's customer expects a refrigerator of at least 13 or 14 cubic feet for the average family, according to building authorities. Most

BEWARE OF FIRES IN SPRING CLEAN UP

Spring brush and rubbish burning cause about one-third of rural Michigan's forest fires. That's why state law requires a burning permit before starting any outdoor fire after snow disappears.
"Area conservation officers, township fire departments and township supervisors issue the permits," according to Linton Carter Michigan State University forester. Many of the men also provide valuable advice on safety in burning trash.
Carter points out that the permit isn't a license to set a woods on fire. It's important to have plenty of help and a good water supply in case the fire should flare up.
Late afternoon, when humidity begins to increase, is generally the best time to burn trash safely.

THE WORKING COLLIE
By Bob Bartos, Manager Friskies Pet Food Research Center
The working sheepdog is considered one of the oldest groups of dogs. Skeletions found in Norway, said to be 4,000 years old, have been identified as those of Norwegian elkhounds and since Norwegians were overlords of much of Scotland for centuries, it is believed that the elkhounds were not only used for herding but were also the founding fathers of today's Border Collie, considered by many as top dog in the herding business.

COMMUNITY CHEST ANNUAL MEETING SLATED

Manchester's United area Community Chest will hold its annual meeting May 2 at the Multi-Purpose Room of the Nellie Ackerson School at eight o'clock.

This is a public meeting for residents of the Manchester School District and all of Manchester township as well as that portion of Bridgewater township not included in the Saline School District. All Civic organizations in the area are expected to send at least one representative. All local organizations included in the Community Chest Budget must be represented or send reports to this meeting according to the constitution of the Community Chest.

Each year four board members are elected for three year terms. The board of twelve persons from the area then elect their own officers who will proceed with the plans for the United Community Chest and Red Cross Drive in the fall. Directives for the fall drive are necessary from the result of discussion at the annual meeting.

Board members whose terms expire this year are Clarence Fielder, Mrs. Glen Lehr, Clayton Parr and Ted Tapping. Eight names will be presented on the ballot and nominations may be made from the floor, preceding the election.

METHODIST CHURCH RECEIVES MEMBERS

Manchester Methodist church had a special day when five babies were baptized and one adult and five persons were received into the Church on Sunday, April 7.

Baptized were Gordon Alan son of Mr. and Mrs. Ivan Alder of Grass Lake; Marilyn Kay, daughter of Mr. and Mrs. Eugene Walter; Bradford Lee, son of Mr. and Mrs. Richard Gilloz; Michael David, son of Mr. and Mrs. David Knickerbocker; Tresa Elizabeth, daughter of Mr. and Mrs. Webb Seeger of Blissfield. Those received into the church were Mrs. Gladys Walcutt, Mrs. Barbara Knickerbocker, Sharon MacLeod, Dennis Reinhart and Wayne Brown.

Recent transfers from other Methodist churches are Mr. Harry Marvin Knight of Pembroke, Ky.; Mrs. Clarence Kraftcheck from Azalia, Mich.

The Quarterly Conference of the Church will be held Friday, April 26 at 8 p.m. when Dr. Edwin Stricker, District Superintendent will preside at the meeting.

Reports from the various heads of the organizations of the church, the pastor's report, and future plans of the church will be a part of the business.

A very special day is scheduled to be held in the church on Sunday, April 28 at 11 a.m. when the Free and Accepted Masons and the Order of Eastern Star of Manchester and all others who are members of any branch of the Masonic order are to be the guests of the church. A special service is planned. It is felt that all Masons and Eastern Star members who still have obligations where will plan to attend.

SCHOLARSHIP FOUNDATION GETS LOCAL SUPPORT

Manchester Citizens Scholarship Foundation officers and board members wish to thank the community for backing the Foundation with their generous contributions and moral support.

Members of the committee said they were very encouraged and believe that any student graduating from Manchester High School and needing financial assistance will be able to receive it to continue their education.

The plan to give this financial assistance to any student who can qualify to get the school of his choice, whether trade school or four year college is indeed worthwhile as we are all aware that it is the unskilled person of today who has problems with lay-offs and long time unemployment, the committee pointed out.

The money is not given to the students but loaned, interest free to provide the needed assistance at such an important time in their lives.

The committee has a long list of contributors, some in the community have not been contacted for various reasons. The few members of the B.P.W. Club have worked long hours on this project, but some have not been able to contact people as they planned because of busy schedules. If you have not been contacted and would like to donate, the committee asks that contributions be sent to the Manchester Citizen's Scholarship Foundation, Box 395, Manchester and a receipt will be sent by return mail.

If you prefer all members of the Professional Women's Club have tickets and can receive your donations at any time. However, in order to help students from this year's class, who have applied for scholarship aid, the money must be in not later than Saturday, May 11.

The fund has now reached \$1,000 donated by 178 citizens. With the number of people in our community, we feel that this fund will grow and grow until the aim is fulfilled.

The local chairman asks that everyone help to open the door to education for a free people, who know the need for continued education.

Dollars for Scholars emphasizes the idea that education is the responsibility of the entire community.

DONALD DORFF HEAD LOCAL PTA GROUP

Donald R. Dorff was elected incoming president of the Manchester Parent-Teacher Association at its monthly meeting Monday. Officers elected to work with Mr. Dorff are: Herbert F. Mahoney, father vice-president; Mrs. Russell H. Smer, mother vice president; Mrs. Glen Feldkamp, secretary; Robert Panches, treasurer. These officers will be installed at the May meeting.

The program for the evening consisted of reports from the school staff and Board of Education.

Theodore H. Tapping, Jr., supervising principal of the elementary and junior high schools, reviewed the changes made in his divisions during the past school year and those proposed for the coming year. Some of these are: a science section for the 7th grade; introductory algebra and physical science for the more advanced 8th graders; extra reading sections for 7th graders who are not yet reading at their class level; limited class changing for 6th graders; and the initiation of a "modern math" program in the early elementary and possibly 7th grades.

Marvin Camburn, high school mathematics teacher, explained the "modern math" concept of teaching and compared it with the traditional methods, pointing out the advantages of incorporating "modern math" in the school system. In-service training is being planned for staff members to assist them in making this transition.

Chester C. Koceski, high school principal, reviewed the changes made in the high school during the past year and those proposed for the coming year. These changes will include expansion of the physical education and government programs, and rearrangement of the science program to offer Biology for freshmen, Chemistry for sophomores, advanced biology for juniors and physics for seniors.

Dan J. Boutell, treasurer of the school board, presented the school budget for the coming year, Barry A. Dettling, Karl V. Dettling, Robert K. Dorff, Margaret England, Cecilia A. Fielder, Stephen J. Frey, Daniel Ganzhorn, Mark and Nancy Grothe, Richard F. Hlavka, Leo and Robert Howard, Jan Huber, Mary Kidd, Richard Kidd, Renee, Lawrence and R. John Kirk, John Kress, Mark Lentz, Danny and David Roberts, Donna Ross, Gary Schwab, Lynne Scott, Christine J. Sodi, David Tapping, Patricia Tomko, Frank D. Walkow, Kathryn and Robert Walter, Martin and Philip Way, David Westphal and Jeffery Wilde.

The extra mill is to be used for library and social studies materials such as globes, wall maps, and reference books.

BLOODMOBILE SET FOR FRIDAY HERE

Double A Products is concentrating on registration for Manchester's Bloodmobile Clinic, Friday April 26 from 2 to 5:45 p.m. and from 6:45 to 8 p.m. at the Methodist church hall. The Manchester Red Cross Blood Club is the official Double A club as well as that for the entire Manchester School District, all of Manchester Township and that part of Bridgewater township not included in the Saline School District.

The co-chairmen of the Double A Blood Bank Drive are Mrs. James Baker and Irving Gill. The committee includes Union President, Hollis Walker, Grant DuCharme and Mrs. Claude Day. The company also furnishes the fruit juice for the donors at the clinic. The W.S.C.S. of the Methodist Church is supplying the canteen service and refreshments this year.

Manchester's balance in their Blood Bank this week is exactly zero. Therefore the 115 pint goal needed for a year's supply for every family in the club is very important. The 66 pints added in June 1962 lasted only 10 months and there was only one extra-heavy user of 17 pints during this period. (The year before there were five persons who received 15 pints or more).

No one expects to use blood. It is the Community Blood Club that must be replenished at the Bloodmobile visit that fills this unexpected need. Give your donation this FRIDAY.

EXTENSION NEWS

West Bridgewater Extension group met with 15 members present with Mrs. Willard Manor conducting the meeting. The lesson was on program planning and Meat On The Move and was given by Mrs. Earl Alber and Mrs. Manor.

The next meeting will be the election of officers and a picnic on June 18 at Carr Park at 12:30 p.m.

A white elephant sale was both entertaining and profitable for the members. Refreshments were served by the hostess, Mrs. Earl Alber.
