COMMUNITY CHEST ANNUAL MEETING SLATED

Manchester's United area Community Chest will hold its annual meeting May 2 at the Multi-Purpose Room of the Nellie Ackerson School at eight o'clock.

This is a public meeting for residents of the Manchester School District and all of Manchester township as well as that portion of Bridgewater township not included in the Saline School District. All Civic organizations in the area are expected to send at least one representative. All local organizations included in the Community Chest Budget must be represented or send reports to this meeting according to the constitution of the Community Chest.

Each year four board members are elected for three year terms. The board of twelve persons from the area then elect their own officers who will proceed with the plans for the United Community Chest and Red Cross Drive in the fall. Directives for the fall drive are necessary from the result of discussion at the annual meeting.

Board members whose terms expire this year are Clarence Fielder, Mrs. Glen Lehr, Clayton Parr and Ted Tapping. Eight names will be presented on the ballot and nominations may be made from the floor, preceding the election.

SCHOLARSHIP FOUNDATION GETS LOCAL SUPPORT

Manchester Citizens Scholarship Foundation officers and board members wish to thank the community for backing the Foundation with their generous contributions and moral support.

Members of the committee said they were very encouraged and believe that any student graduating from Manchester High School and needing financial assistance will be able to receive it to continue their education.

The plan to give this financial assistance to any student who can qualify to get the school of his choice, whether trade school or four year college is indeed worthwhile as we are all aware that it is the unskilled person of today who has problems with lay-offs and long time unemployment, the committee pointed out.

The money is not given to the students but loaned, interest free to provide the needed assistance at such an important time in their lives.

The committee has a long list of contributors, some in the community have not been contacted for various reasons. The few members of the B.P.W. Club have worked long hours on this project, but some have not been able to contact people as they planned because of busy schedules. If you have not been contacted and would like to donate, the committee asks that contributions be sent to the Manchester Citizens Scholarship Foundation, Box 395, Manchester and a receipt will be sent by return mail.

DONALD DORFF HEAD LOCAL PTA GROUP

Donald R. Dorff was elected incoming president of the Manchester Parent-Teacher Association at its monthly meeting Monday. Officers elected to work with Mr. Dorff are: Herbert F. Mahoney, father vice-president; Mrs. Russell H. Smer, mother vice president; Mrs. Glen Feldkamp, secretary; Robert Panches, treasurer. These officers will be installed at the May meeting.

The program for the evening consisted of reports from the school staff and Board of Education.

Theodore H. Tapping, Jr. supervising principal of the elementary and junior high schools, reviewed the changes made in his divisions during the past school year and those proposed for the coming year. Some of these are: a science section for the 7th grade; introductory algebra and physical science for the more advanced 8th graders; extra reading sections for 7th graders who are not yet reading at their class level; limited class changing for 6th graders; and the initiation of a "modern math" program in the early elementary and possibly 7th grades.

Marvin Camburn, high school mathematics teacher, explained the "modern math" concept of teaching and compared it with the traditional methods, pointing out the advantages of incorporating "modern math" in the school system. In-service training is being planned for staff members to assist them in making this transition.

CHESTER C. KOCCESKI, HIGH SCHOOL PRINCIPAL, REVIEWED THE CHANGES MADE IN THE HIGH SCHOOL DURING THE PAST YEAR AND THOSE PROPOSED FOR THE COMING YEAR. THESE CHANGES WILL INCLUDE EXPANSION OF THE PHYSICAL EDUCATION AND GOVERNMENT PROGRAMS, AND REARRANGEMENT OF THE SCIENCE PROGRAM TO OFFER BIOLOGY FOR FRESHMEN, CHEMISTRY FOR SOPHOMORES, ADVANCED BIOLOGY FOR JUNIORS AND PHYSICS FOR SENIORS.

Dan J. Boutell, treasurer of the school board, presented the school budget for the coming year. Barry A. Dettling, Karl V. Dettling, Robert K. Dorff, Margaret England, Cecilia A. Fielder, Stephen J. Frey, Daniel Ganzhorn, Mark and Nancy Grothe, Richard F. Hlavka, Leo and Robert Howard, Jan Huber, Mary Kidd, Richard Kidd, Renee, Lawrence and R. BLOODMOBILE SET FOR FRIDAY HERE

Double A Products is concentrating on registration for Manchester's Bloodmobile Clinic, Friday, April 26 from 2 to 5:45 p.m. and from 6:45 to 8 p.m. at the Methodist church hall. The Manchester Red Cross Blood Club is the official Double A club as well as that for the entire Manchester School District, all of Manchester Township and that part of Bridgewater township not included in the Saline School District.

The co-chairmen of the Double A Blood Bank Drive are Mrs. James Baker and Irving Gill. The committee includes Union President, Hollis Walker, Grant DuCharme and Mrs. Claude Day. The company also furnishes the fruit juice for the donors at the clinic. The W.S.C.S. of the Methodist Church is supplying the canteen service and refreshments this year.

Manchester's balance in their Blood Bank this week is exactly zero. Therefore the 115 pint goal needed for a year's supply for every family in the club is very important. The 66 pints added in June 1962 lasted only 10 months and there was only one extra-heavy user of 17 pints during this period. (The year before there were five persons who received 15 pints or more).

No one expects to use blood. It is the Community Blood Club that must be replenished at the Bloodmobile visit that fills this unexpected need. Give your donation this FRIDAY.

EXTENSION NEWS
West Bridgewater Extension group met with 15 members present with Mrs. Willard Manor conducting the meeting. The lesson was on program planning and Meat On The Move and was given by Mrs. Earl Alber and Mrs. Manor.

The next meeting will be the election of officers and a picnic on June 18 at Carr Park at 12:30 p.m.

A white elephant sale was both entertaining and profitable for the members. Refreshments were served by the hostess, Mrs. Earl Alber.

Anywhere performance gets an open test...

RIVERSIDE, CALIF. A '63 Super Torque Ford crossed the finish line first in a field of 40 cars. And this 500-mile event is run over a 2.7-mile sports-car track.

DAYTONA, FLA. In the toughest 500-mile event of the season, Fords came in 1st, 2nd, 3rd, 4th and 5th. Half the starters in a field of 50 never even finished.

ATLANTA, GA. Score another big win for Ford in open competition—the Atlanta "500." Every part of a car is tested to the limit in about three hours at Atlanta.

BRISTOL, TENN. This 250-mile event on a half-mile track is one long, left turn. Fords finished 1st and 2nd—another victory for total performance.

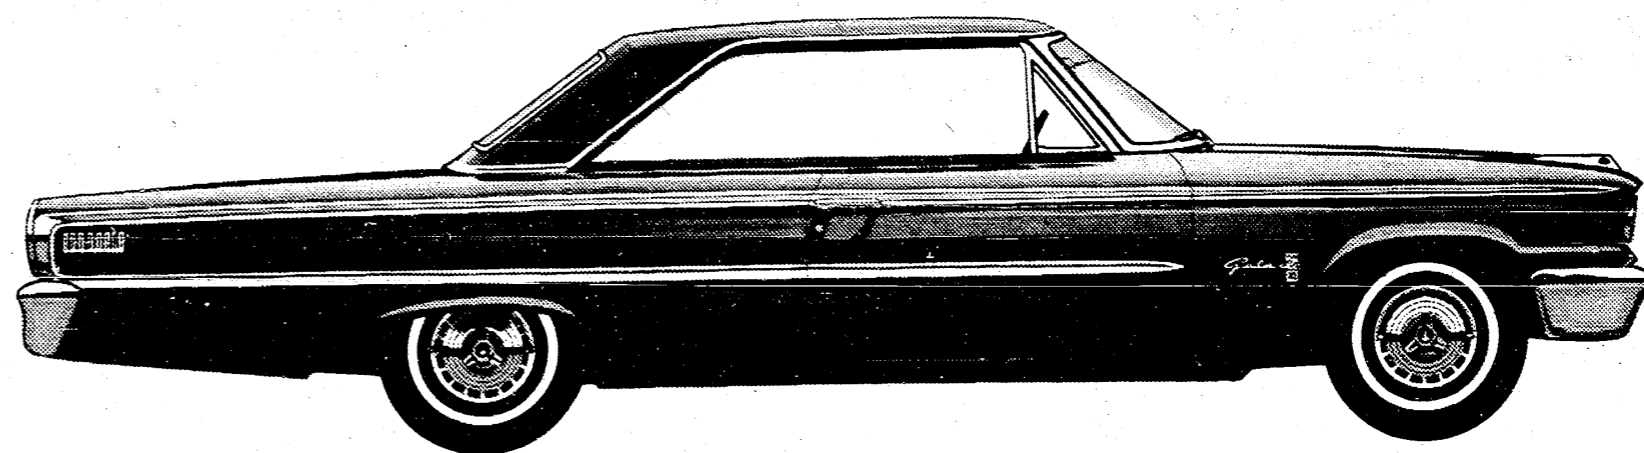

FORD'S THE TOTAL PERFORMANCE CHAMP!

Ford's the one to watch this year! The record proves today's great Super Torque Ford is certain to be a better car for the kind of driving you do every day!

Any weakness in a car shows up fast in today's open, competitive road and track events. For instance, more than half the 50 cars starting at

Daytona never finished. Mechanical failure forced them to quit. This is typical. But Ford proved it takes more than speed and acceleration to win at Daytona—or anywhere else. It takes durability, too. It takes a steering system that can stand the gaff of one long, continuous 250-mile left turn like Bristol, Tenn. It takes cornering ability to swing through the turns

on Riverside's tortuous track. Straight-line, sure braking. Road-holding ability. A dependable ignition system. A suspension system that stands up. It takes everything a car can deliver... and when a car does deliver everything, you're getting total performance. Drive a Ford and sample total performance for yourself. See your Ford Dealer.

IF YOU HAVEN'T DRIVEN A FORD LATELY...YOU'RE MISSING SOMETHING!

Ralph Kuether read the service before an altar decorated with bouquets of white flowers at 2 o'clock. For her wedding the bride chose a gown of white Chantilly lace with long sleeves. The floor-length gown ended in a train. A crown of flowers held her shoulder length veil and she carried white orchids. Matron of honor was Mrs. Robert Richmond of Brighton and the bridesmaids

E. HUTZEL'S TRIP

Palm Sunday, April 7 '63 What a memorable trip this turned out to be. We left the twin cities of Christobal-Colon at 5:30 and we traveled the deep water section for about 5 miles when we took on a Canal crew of some 40 men, they and their captain were in complete control.

At six mile point we got our first view of the triple locks which lifted us and a companion ship 85 feet in three stages, to the level of Gatun Lake. The operation took less than one half hour.

From here we crossed the lake, some 21 miles, and for the next 11 miles experienced one of the most delightful boat rides of our lives. The route was clearly outlined by indirect near flood lights which frequently reflected scenic spots in the clear water of the canal.

At mile-30 where the Chorges River, source of the canal's water supply enters the lake, we saw the town of Gamboa nestled on the hillsides. The Cullard Cut hundreds of yards wide and nine miles long. There is a memorial to the men who died or were killed building the canal; a bronze plaque showing 2 men digging with spades, set into a square of white marble some 50 feet above the water level. It is without inscription and without figure.

At mile-40 we reached Pedro Miguel Lock, the first of 3 steps. Following this we crossed Miraflores Lake and were brought to the Pacific at 11:30 p.m.

We were not long in crawling into bed.

On Palm Sunday the temperature stood at 80 degrees at 7 a.m.

Panama boasts the fastest railroad in the world; taking you from the Atlantic to the Pacific in 1 hour 15 minutes.

While passing through the Miraflores Lock last evening a Polish-Russian ship bearing the name "Omka"

loaded with what appeared to be tanks, was headed toward the Atlantic side of the canal-maybe for Cuba.

This port is as efficiently run as the one in Miraflores. The ships hold is refrigerated for bananas on our return trip. There are four decks, each deck being closed with a hatch by means of heavy steel latching beams and wooden or metal planks.

Monday, April 8 the temperature was 78 dry and 78 moist. It's clear except for a grunge at the horizon. The cooling trend is due to Humboldt current originating in the Antartics.

Our guide took us on a tour in a 62 Chevrolet Impala. It was airconditioned and as neat as a pin. He guaranteed to drive us around free if we could stump him on any question.

He not only knew every spot in the entire area, but also many individuals in

high places--at least they acknowledged his greetings in the manner of old friends. He took us through the Hilton and saw the casino game room and new organ. Rates were from \$25 a day up.

Sunday papers from the States sold for 50¢. We crossed the new \$20 million bridge across the Canal, replacing the ferry. We drove around the campus of the University of Panama, which we rated as elegant.

We passed Charity Hospital a new building maintained largely by national lottery—a legalized form of gambling

COUPLE WED IN CHURCH RITES

St. Peter's Catholic church at Blissfield was the scene of an impressive double ring ceremony Saturday, April 20 when Yvonne Teresa Cousin became the bride of John Edwin Gainsley.

The bride's parents are Mr. and Mrs. Raymond H. Cousino of Manchester and the bridegroom is the son of Mr. and Mrs. John Gainsley of Deerfield.

The Rev. Fr. Francis Lukasiewicz celebrated the Nuptial Mass before an altar decorated with Easter lilies and spring flowers.

Miss Margaret Kelly was organist and accompanied Mrs. Robert Burgermeister as she sang the Nuptial Mass and Ave Maria.

The bride approached the altar on the arm of her father. Her floor-length gown was of organza and lace, designed with a scalloped neckline. The lace bodice was accented by seed pearls and sequins. Her long sleeves of lace extended to points at the wrists. The bouffant skirt was of lace and organza applique, trimmed with seed pearls and sequins.

The scalloped side panels of lace were caught up in the back with a two-tiered organza bow and rose.

Her veil of illusion was fingertip and held by a crown of seed pearls and barrelli crystals. She carried a colonial bouquet of white carnations and pink roses.

Miss Joanne Cousino, sister of the bride, was her only attendant. She wore a

street length dress of pink nylon over taffeta. Her colonial bouquet was of white carnations and lilies of the valley.

Richard Gainsley served his brother as best man. Ushers were Francis Cousino and Thomas Gainsley.

As the couple placed a bouquet of spring flowers at the altar of the Blessed Virgin the soloist sang, "On This Day O Beautiful Mother".

A reception for about 400 guests was held at the Deerfield Legion hall where Miss Janet Gainsley cut the cake. Serving were the Misses Jean and Bonnie Gainsley, Luvisia Shaffer and Mesdames Juanita Johnson, Dale Gubbe, Alvin Faust, Sr., Alvin Schmidt, Roland Mominee and Harvey Hilyard. Assisting with the gifts were Rita Cousino, Susan Gainsley, Simona Galmare, Mrs. Jack Smith, Mrs. Samuel Medina, Mrs. Gordon St. Bernard, Mrs. Ronald Napier, Mrs. Henry Thompson, sister of the bride was in charge of the guest book.

A wedding breakfast was served at the home of the bride's parents. It was served by Mr. and Mrs. Edd Herr, uncle and aunt of the bride. The rehearsal dinner was given by the bridegroom's parents at Korner Cafe in Deerfield.

Until her marriage the bride was employed at Bixby Hospital, Adrian. The bridegroom is employed at Chevrolet in Toledo and is engaged in farming.

After a short wedding trip they will be at home on Deerfield Road, Deerfield.

HAIL, WIND DAMAGE LAST WEDNESDAY

There was severe but highly localized hail and wind damage at various places last Wednesday as violent thunder storms containing several reported tornadoes passed just at the south edge of Washtenaw county.

Hail storm damage was reported worse at the two Manchester greenhouses and damaged several automobiles in the seven-minute fall that apparently hit only the southeastern part of town.

The Wurster Greenhouse at 601 Vernor Street reported more than 160 windows broken and Schebor's green house had some 100 windows broken.

Some hailstones were reported to measure 3 inches in diameter and up to 7 inches in circumference. They were not round like a ball—some seemed to be flat hunks of ice. Many say they had never seen anything like it before.

Ed Wurster, owner of the Wurster greenhouse said he found hundreds of hailstones the size of golf balls inside the greenhouse.

Mrs. Schebor said that many of the plants were shredded by the hail in the greenhouse.

USING MOTOR OIL in your tractor hydraulic system may be an old-fashioned and costly practice. Hydraulic systems in newer models have much higher pressures than models of several years ago. They have closer tolerances and often require special hydraulic oil. If you have older machinery because of low maintenance in cleaning and greasing. Even if the cylinders are leaking excessively it isn't wise to use motor oil in it. Use the oil quickly and leak proof hose.

FEED NEEDS TO TAKE GOOD FEEDS that contain all the necessary ingredients in proper balance and with the proper consistency. Feed supplements will be important. Not only will you get the right amount of nutrients. They will also help you adjust to the changing seasons with the palatability of a ration. A good ration starts from one feed to another.

LIBRARY BOOKSHELVES FILLED FOR SUMMER

Mr. Dewey Smith and Miss Barbara Kappler have been appointed the summer recreation posts by the Manchester Recreation Committee at its April meeting.

The great debate of 1962 between Sen. Barry Goldwater and Sen. Jacob K. Javits, with which the book opens (Part I), explores the issues between the conservative and progressive factions in American political life.

Problems of war and peace in a divided world, the social, moral, and economic problems that arise from advancing techniques of automation, and problems of freedom and regulation of television are demonstrated with relevance to the great books and great ideas in Part II.

In Part III the reader will find an exciting and informative review of the year's development in the arts and sciences written by well known authorities on Literature, Physical Sciences and Technology, Social Science and Law, Biological Science and Medicine, and Philosophy and Religion.

The notes to the reader, appended in each essay, calls attention to the traditional materials which make them intelligible and bring them into proper perspective.

Also included are four classic works chosen on the basis of their particular pertinence today.

Luther's THE FREEDOM OF A CHRISTIAN is a great monument in the history of the Christian religion. The other three - a work of social criticism by R. H. Tawney, a scientific essay by Max Planck, and THE DEAD James Joyce's brilliant story about death and love - represent 20th century contributions that are among the great writings of the west.

This is a most stimulating and timeless "adventure of the human mind." Intended for all men and women who appreciate the freedom and necessity to exercise independent judgment on the moral, political and social issues.

Also our budget is not adequate to give the financial support the summer basketball program would need."

May 4 and May 11 were set for Little League tryouts. These tryouts are for all boys not already on a Little League team who live in the Manchester School district. A boy must have reached the age of 8 years by the 1st and not have reached the age of 13 before August 1 to be eligible.

Junior-Senior Reception

Girls' State Candidate Named

Diane Kay Dresselhouse, 419 E. Main Street, daughter of Mr. and Mrs. LeRoy Dresselhouse has been selected as the local candidate to attend Wolverine Girls' State this year.

She was selected from a list of eligible girls from the Junior Class which were picked by the students and Faculty of Manchester High School and final selection was made by the members of the American Legion Auxiliary, Emil Jacob Unit 117, the sponsoring organization.

Wolverine Girls' State is under the direction of the American Legion Auxiliary Department of Michigan and will be held on the University of Michigan Campus at Ann Arbor June 18 to June 27. Diane will be one of the 420 girls from Michigan High Schools to participate in this program.

These girls will be instructed in government as it actually operates in the State of Michigan from City County and State levels. It will include a visit to University Hospital and a Tour of the entire Campus area. The program is designed to inspire and develop the potentials of already active minds.

"A chain is no stronger than its weakest link—so a nation is only as strong as the moral fibers of its homes," with these words the Rev. Fr. Raymond R. Schlunkert begins telecasting his Sunday morning talks over station WJBK TV (channel 2). A program he has been doing for about two and one half years. Fr. Schlunkert has recently been named pastor of St. Mary's at Manchester.

The program "With This Ring" is heard each Sunday at 10:45 a.m. on Channel 2. He does another program following the late show on Sunday night on moral virtues. He is considering the subjects, prudence, justice, temperance and fortitude, and approaching them from the position of helping as many people as possible. Since this program has been on he has received hundreds of letters from people in every walk of life and is noted for being able to give sober subjects an interesting picture.

The latest calculation of his early morning show rating is 75,000. His director is John Weber. Besides his seminary work in Detroit and Cincinnati, Ohio he also studied at the Catholic University, Washington, D. C. before beginning his radio and television work. When he was first asked to do telecasting he was invited to use his own technique on Christmas and Easter programs.

He was moderator of Science for a teachers program which was declared the best educational series in Detroit television in 1959-60. Television work seems to interest other members of his own family for his brother, Robert Schlunkert is vice president of Taft Broadcasting Corporation and is one of the "Pioneers of Television Management". He is currently manager of WBRB-TV, Birmingham, Alabama.

From the mail he receives the local priest notes that his listeners include the mayor of a large city, police superintendents, waitresses, doctors, elevator operators, hospital patients, bar patrons, and a surprising number of older viewers. The Detroit Police Officers Association made a movie of one of his telecasts on "Respect we should have for Police Authority". This movie has been used in their work in community relations and shown to thousands of Detroiters.

Local Priest Telecasts

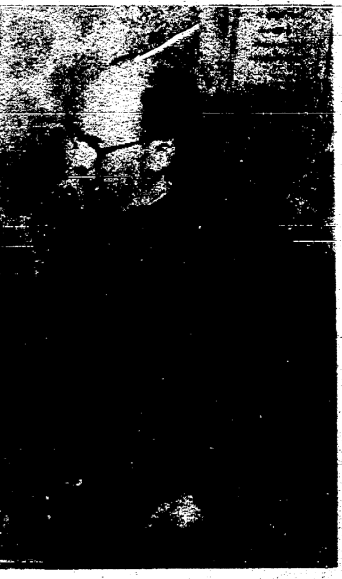

On May 26 on the Sunday morning spot at 10:45 a.m. The late show on Sunday night is currently dealing with the topic of "Justice" Topics for May are "Slashing Speech on May 5; 'Now that He's Gone' on May 12; 'Have You Hear' on May 19 and 'Lethal Laughter' on May 26.

The interesting way in which these programs are delivered are credited with being responsible for the large number of viewers tuning in to the program. Correspondence shows that a large number of viewers are in the Ann Arbor area. "There is always room for other friends and I'd like to visit as many homes as possible", the priest said.

At a reception which followed immediately in the Saline American Legion hall were Mrs. Larry England and Mrs. Roger Trolz of Manchester cutting the cake. Mrs. Rosalie Kreulen of Ann Arbor and Miss Martha Boutell of Manchester poured. Miss Louise Roach of Ann Arbor and Mrs. Joyce Hunt of Saline had charge of the gifts. Miss Betty Hansen of Ann Arbor had charge of the guest book.

The bride is employed at the University of Michigan and the bridegroom is employed at Double A Products of Manchester.
