Conference of Churches

Michigan Conference of the Evangelical United Brethren Church will meet May 13-17 in their 102 annual session at Olivet Church in Grand Rapids. Bishop R.H. Mueller of Indianapolis, Indiana is presiding. Two conference Superintendents will be elected and recommendations from the 1962 General Conference to amend the Constitutional Law of the Evangelical United Brethren church will be presented and voted on. The Ordination Service will be held Thursday evening and this service will close with the reading of appointments. The conference session will close on Friday afternoon with Holy Communion and Message by Bishop Mueller. Mrs. Ruth Sott is the lay delegate and Rev. John Price the ministerial delegate from the Sharon Evangelical United Brethren Church.

Iron Creek News

Wednesday evening the Iron Creek church was the setting of the annual Mother and Daughter party given by the Friendship Circle. The evening program opened with group singing. Mrs. Harold Fisk and Mrs. Harold Keasal were the organ and piano accompanists. A toast to the mothers was given by Mrs. James Brown. Mrs. Richard Disbrow then entertained with a vocal solo and a toast to the daughters was given by Mrs. Fisk. The oldest mother present was Mrs. Mina Trolz and she was honored with a gift. As was the mother with the most daughters, Mrs. Kenneth Sipes of Tipton. The youngest mother present were twin sisters, Mrs. Melvin Roehm of Clinton and Mrs. Robert Boucher of Saline. Mrs. B. Disbrow of Brooklyn who had spent some time in Europe last summer showed slides of some of the beautiful places she visited during her stay. Refreshments were served from long tables decorated with geraniums and individual corsages which marked the place of each guest. Those attending were from Monroe, Tecumseh, Brooklyn, Tipton, Clinton and Manchester.

Cancer Campaign Tops Last Year

The final tally of the American Cancer Campaign for Manchester shows a gain over last year. A total of \$442.91 was realized. Mayor Exchange Day will be observed here Monday with Manchester exchanging mayors with Edwardsburg. The mayors and their parties will meet for breakfast at Schuler's in Marshall at about 8 a. m.

From there each will continue their separate ways the remainder of the 150 mile trip. Visiting mayor, James Winters will be escorted by his Police Chief, Percy J. Stoop and Police Commissioner, Cloyd Montgomery, and their wives. Festivities in Manchester will begin about 11 a.m. under the direction of Lyle Widmayer village clerk. In planning the Mayor Exchange Day program, industry will be represented by Richard Kuntz of Double A Products; John Pippenger of the Village Council and James C. Hendry will represent the Professional Men. The two service clubs will be represented Ed Galloway of the Optimist and Ron McNally of the Jaycee clubs.

School Band To Play Host

Friday, May 17 the Manchester High School Band will 1 be host to the High School Band from Shipshewance, Indiana, conducted by Mr. Grove, formerly from Chelsea. The Shipshewance Band will give a concert at the high school in the afternoon. A potluck supper is being planned by the Band Booster Club. In the evening both bands will be guests at the Manchester Speedway through the courtesy of Veryl Schill. The band from Indiana is a 55-piece band. They will stay overnight with Manchester Band members and leave early Saturday morning. The following week the Manchester Band and under the direction of Robert C. Sotter will play for the Grand Opening of the Manchester Speedway.

School Board Determining Procedure

The local Board of Education has met three times this last week to discuss procedures for employing a new superintendent of schools. The position was recently vacated by Robert Masten who left to accept a similar position in Forrest Hills. Mr. Everett Ardis, Placement Director from the University of Michigan, met with the Board members Tuesday afternoon to discuss procedure and possible candidates. Preliminary plans include taking applications from both inside and outside the school system. An age limitation of forty has been tentatively set. All candidates to be considered must have Administrative experience, a Master's Degree and be recommended by the University which they attended. Mr. Klager, Board president will receive all applications. A four man committee composed of Dan Boutell, Clarence Fielder, Bernard Kemner, and chaired by Laurin Leeson will screen all candidates and select those who will be interviewed.

JAMES WINTERS

Mr. Winters is in his third year as mayor of Edwardsburg. The town has a population of 1000 and a school enrollment of 1761 students. Mr. Winters is presently employed as an aircraft engineer for Bendix Corporation in South Bend, Ind.

Wed At St. Marys In Noon Service

In a double ring ceremony at St. Mary's Catholic Church in Manchester, Saturday, May 11 at 12 noon, Barbara J. Gonyer and Kenneth C. Frey spoke their wedding vows. Fr. Raymond Schlinkert performed the ceremony.

The bride is the daughter of Mr. and Mrs. Ray Gonyer of Manchester and the bridegroom is the son of Mrs. Herman Frey of Saline and the late Mr. Frey. Given in marriage by her father the bride wore a floor length gown of silk organza with a full pleated panier skirt and a circular chapel train held by a cluster of roses. The noice had a bateau neckline, three quarter-length sleeves and a bodice front and panniers were trimmed with silk brocade embroidery. A crown of miniature crystal pearls and orange blossoms held her shoulder length veil of English silk illusion. She carried cattailia orchids and stephanotis on a mother of pearl prayerbook.

Mrs. James Bauer, sister

of the bride was matron of honor. She wore a coral silk organza sheath dress with detachable overskirt and carried a cascade of painted daisies. Her headpiece was a matching crown. Mrs. Conrad Gonyer was bridesmaid. She is a sister of the bride. Her gown of periwinkle blue was fashioned like that of the honor attendant.

Theresa Lynn Gonyer of Manchester, niece of the bride, was the flower girl. She was wearing white organza over yellow and carried a basket of painted daisies.

Charles Frey of Saline, son of the bridegroom, served as his father's best man and Mr. Ronald Gonyer of Manchester was groomsmen.

Seating the guests were Robert Frey and Donald Scott, both of Saline. The ringbearer was Larry Bauer of Manchester, nephew of the bride.

A reception was held at the American Legion Hall in Saline immediately following the ceremony.

Mrs. Gonyer wore a blue georgette sheath with white accessories and an orchid. Mrs. Frey had a lavender and green print with white accessories and an orchid. The bride's grandmother, Mrs. V. S. Brown of Henderson, Ky. wore a blue print with white accessories and an orchid.

After a week's trip to New York the couple will reside at 552 S. Harris in Saline.

At the reception Mrs. Robert and Mrs. John Korican of Britton cut the cake. Mrs. Lawrence Gonyer was in charge of the guest book. Fostering were Mrs. Robert Frey, Mrs. Norman Wallace and Mrs. Walter Schroeder.

COUNTY VALUATION INCREASES

The Board of Supervisors set the county equalized valuation of property in Washtenaw county at a higher valuation than last year. The amount - \$678,255,000 is \$9,834,000 more than last year's state equalized valuation.

Most of the increase in the county equalized valuation is accounted for by new construction in the county during the past year. Ann Arbor's equalized valuation was set at \$61,020,285, which is 38.48 per cent of the county's total valuation. Last year the city represented 36.8 per cent of the county total.

School districts, the county and some townships will use the state equalized valuation against which to levy their regular and extra-voted millage rates this winter. The state equalized figure usually is the same close to the rate set by the county.

An increase in the state equalized valuation will allow the governmental units to raise more taxes for each mill of taxing power they receive from the county Tax Allocation Board.

In this year's equalized valuation, the three cities in the county, Ann Arbor, Ypsilanti and Saline account for 48.47 per cent.

The equalized valuation for property in the county includes:

- Ann Arbor city, \$261,020,285
- Saline, \$9,962,989
- Ypsilanti city, \$57,803,109
- Ann Arbor twp., \$23,706,275
- Bridgewater, \$4,079,275
- Dexter, \$6,242,657
- Freedom, \$6,664,673
- Manchester, \$7,434,716
- Saline twp., \$4,402,928
- Sharon, \$3,615,281
- Sylvan, \$19,587,959.

Summer's coming, get going!

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.

And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on

a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want — be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.

So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

Favor your Fabrics

by MRS. ANNE STERLING
Director of Consumer Education for the Professional Laundry Industry

(Copyright, 1962 by American Inst. of Laundering)

She's a Lucky Bride—Yes, she's lucky to be getting married in 1963 with all the new products to help her keep house and the easy care fabrics to get her started right as a homemaker.

Gifts Come in Colors too—When registering her gift preference a bride should always include colors. So many of the new household linens

to shoulder straps. No longer must we put up with all that hardware in the straps. Now one size will stretch to fit every wear.

Shirts and Skimmies—No well rounded trousseau would be without its shift for sleepwear and leisure hours. This demure-looking, simple garment is easily one of the most flattering we've seen in years. And then for beachwear or swim suits there is the skimmie-brief.

short and just skimming the body. Bright, kookie designs to check fabrics for sunfastness before you buy. Any garment with our Certified Washable Seal will not fade in the sun.

Spills at the Reception—Accidents happen at even the best of wedding receptions. One of the most common is that of spilling fruit punch on clothing. When this happens, immediately sponge off as much of the punch as you can with cold water. Then take the garment to your Fabric Care Specialist the next day if at all possible. Be sure and tell him what was spilled so that he will have all of the facts when he puts his skill to work on your precious dress.

Luxurious Gift Suggestions—Luckiest bride I've heard of was one who received two months laundry service for a wedding gift. What easier way to get off on the right foot with her responsibilities as a homemaker? Right from the start she will have the best possible care for her new linens and clothing. And she will learn to organize her leisure time around her husband's interests rather than around a laundry basket!

My Gift for the Bride—I will be happy to send a copy of my handbook on Fabric Care to any bride. Just send her name to the American Institute of Laundering in Joliet, Illinois and I will see that a free copy is mailed immediately.

American Institute of Laundering worked with many new sheets and tell me that the color will stay for the life of the sheet.

Many Choices in Bridal Gifts—It's fun to shop for a bridal gift and see all the new things on the market. In my field of washable items there are two new kinds of sheets to look for. The first is the contour sheet with elastic-bound corners that is so easy to put on the bed. Sheets of this type by both Spring Mills and Dominion Textiles have earned our Certified Washable Seal of Approval. Another new sheet feature is the Avril-Cotton fabric with a smooth feel of luxury not possible in 100% cotton. Both Wamsutter and Pacific Mills have earned our Seal of Approval with the Avril-Cotton sheets. Also new are the beautiful lace tablecloths that are now made in easy-care Dacron. And I am sure you will want to examine the new towels with the non-shrinking bands.

Trousseau Tips—In planning her trousseau the wise bride will try to co-ordinate all outfits with the same accessory color. This keeps her luggage to a minimum because she will have fewer bulky items such as shoes, handbags and hats to carry.

In lingerie the bride of today has a wide choice. In the first place there is variety in fabrics and then of course there are the colors. She can select colors from shining rose to sophisticated blue, classic eggshell to navy. Very new in lingerie this spring is the use of spandex in trims. Not only does this make them better but it brings new comfort

CLINTON POLICE OBSERVING SAFETY WEEK
State Police are observing Michigan Water Safety Week, May 12-18 with a special emphasis program but water safety is one of their problems throughout the year, according to Sgt. Carl Anderson, commanding officer of the Clinton Post.

"Water Safety Week" proclaimed by Governor Romney, marks the beginning of the season of the greatest activity in water sports and the accident toll multiplies Sgt. Anderson said.

The same causes that increase the toll are the same ones that account for water fatalities and injuries the remainder of the year. Nearly all of the causes boil down to one—taking risks. The sorry part is that people don't have to take risks to enjoy water sports fully the officer said.

Among the common causes of accidents are swimming alone and swimming in unauthorized waters such as gravel pits; failure to provide life preservers on boats; reckless operation of motor boats; failure of water skiers to wear life belts, and failure to properly supervise all small children playing in or near water.

The annual water accident summary, compiled by the State Police from reports submitted by all police agencies, shows that in 1962 there were 209 fatal accidents, 236 persons were drowned and 191 were injured. Twenty-four children under the age of 10 lost their lives by falling into the water from a bridge.

Sgt. Anderson pointed out the value of learning some method of artificial resuscitation, 19 persons having been revived in this manner last year. He recommended mouth to mouth resuscitation because it is a new technique that is easy to learn and use and is highly effective.

As part of its water safety program, the State Police will display at its posts a series of eight Red Cross posters showing ways to prevent accidents and ways to save the lives of those in danger. Also on display will be a copy of the governor's proclamation.

"Michigan with its abundance of lakes and streams is called the water recreation wonderland and there is no reason why people should not fully participate in these activities," Sgt. Anderson said.

Water should not be feared but it should be respected. There should be full appreciation that taking risks is just as deadly as doing the wrong thing on the highways. There is a lot of pleasure in taking part in water sports the right way so it just doesn't make sense to deliberately court danger by doing the daring foolhardy things that invite tragedy.

games in the league. A win in one of its next two conference games will give coach Ed Dubats the title free and clear. The Hornets also tied with Chelsea for the football crown.

Both the Pinckney-Ypsilanti Roosevelt and the Chelsea-Dexter games were rained out.

Manchester's Rich Pniewski provided the big blow, a bases-loaded home run in the first inning. But Saline's balanced hitting kept adding up the runs. Gary Finkbeiner slammed out a double and a triple for two runs-batted-in. Bruce Niethammer got three hits and Jim Griffin collected two. Starter Dick Leidesner walked 14 Manchester batters but still managed to win for the Hornets.

OUTBOARDS DON'T MUDDY THE WATER
Fishermen who have a habit of getting skunked regularly have lost another alibi.

The old claim that outboards "muddy the waters" to the detriment of fish and fishing has been proved erroneous by scientific investigations in Illinois. This information has been passed on to us by Mercury outboards' fishing experts who are glad that the record has been set straight at last.

Under close scrutiny was Lake Bloomington in the center of the state. Medium-sized, about 350 surface acres, it was subjected to heavy fishing pressure, particularly on weekends.

In checking silt-content records which have been maintained daily since 1951, marine biologists could find no evidence that outboards "stirred up the bottom" as is so often claimed. They were able to detect no difference in degree of turbidity between days when boating usage was great and when it was light.

Markiness that reduces light penetration and kills microscopic plants and animals, upon which fish feed, is caused by natural phenomena, the authorities said. Wind storms, silt-laden runoff and seasonal temperature changes which circulate bottom water produce turbidity, not boats and motors.

Despite this academic proof, Mercury sagely predicts that this old alibi won't be buried overnight. After all, a guy has to think up some excuse for coming home empty handed.

CUB SCOUTS PLAN TO HAVE CIRCUS
The Cubs of Pack 126 are planning for a circus on May 24 at the Athletic field. There will be a parade through town at 7 p.m. A large show of 8 acts will follow after enjoyment on the midway at 8:30 p.m. The public is invited.

Household Hints
Joan March Warden
Director, Pine Center Information Center.

As 92 million of us move out of the household and on to the road this summer, here are some suggestions for lessening the chore that is packing:

- (1) Make a list of all essential items and check them off as you pack.
- (2) Don't overpack. Keep clothes and vacation gear to a minimum. This cuts down pesky unpacking and unnecessary searching time.
- (3) Put overnight and "on-the-road" items in a tote bag which you can reach with ease as you stop for the night.
- (4) For any and all car-cleaning emergencies, include a sponge and a bottle of pine cleaner wrapped in a plastic bag.
- (5) Unpack the glove compartment, then repack it. Include basics only—necessary maps, pencil and pad, flashlight, first-aid kit, facial tissues, pre-moistened cleansing tissues for hands and face. Happy touring.

TB ASSOCIATION MEETS FOR ANNUAL REPORTS

During the annual meeting of the Washtenaw County Tuberculosis Association, Dr. E. Osborne Cootes of the Henry Ford Hospital in Detroit noted the rapid rise in the number of Americans suffering from such chronic diseases as tuberculosis, chronic bronchitis and asthma.

He pointed out that the causes of breath-taking diseases are not limited to dust, fumes and other air pollution agents in industrial areas. "Rural people are subject to lung hazards, too. Physicians are discovering that some housewives who complain of shortness of breath make excessive use of certain cosmetic sprays," the doctor explained.

During the business session, John W. Conlin, Jr., 1962 Christmas Seal Campaign chairman, reported a 21 percent increase over the previous year's contributions.

Washtenaw county has reached \$33,326 and there were 285 volunteers who worked on the campaign.

Officers chosen for 1963-64 include Walter Whitehouse, M.D. president; John W. Conlin, Jr., vice president; Mrs. Helen Tebow, secretary and Robert A. Green, M.D. treasurer.

Elected to two-year terms as directors were Mrs. Robert Cross and Mrs. Claire Harding of Ann Arbor. For three-year terms the membership named Mrs. William J. Carr, Mrs. Cecil Creal, O. Herbert Ellis, George Fink, M.D. all of Ann Arbor and Robert Lee and Ralph Wright of Ypsilanti.

In the Christmas Seal Returns by Postal areas Manchester campaign totaled \$659.24 as compared to \$549.75 last year which is an increase of about 20 percent. A total of \$32,811.52 was realized in 1962 over a total of \$26,826.88 in 1961.

PERSONAL Mr. and Mrs. Paul Kappler and son were Sunday guests of her parents, Mr. and Mrs. W.C. Wheeler at Jackson.

ENTERTAINS The Floyd Greenes were hosts to 24 members of their echre club Saturday evening.

WASHTENAW COUNTY ONE OF 11 AFFECTED The Michigan Supreme Court granted a temporary restraining order preventing Michigan's so-called weekend closing law from being applied in 11 counties including Washtenaw, until its validity is determined by the court.

The law, passed by the 1962 Legislature, was ruled valid two weeks ago by a Circuit Judge, Joseph Rashid of Wayne county. Some 16 department stores and 59 independent retailers in the 11 counties have filed an appeal of Rashid's decision with the high court.

The law was effective March 28 in counties except where a two-thirds majority of the board of supervisors voted that their counties be exempted. The Supreme Court challenge involves the counties of Washtenaw, Wayne, Bay, Calhoun, Jackson, Kalamazoo, Kent, Macomb, Muskegon, Oakland and Saginaw. Where effective, the law provides that stores selling certain goods must be closed either Saturday or Sunday at the store's option.

The merchant contesting the law says it discriminates against those doing weekend business. Discount houses are among those challenging the law. Affected by the law are stores selling such goods as jewelry, mattresses, furs and clothing, housewares and home appliances, toys, furnishings, and luggage. Food stores with more than 4,000 square feet of selling space and employing more than three persons at one time also are included.

STATE POLICE OFFER SUGGESTIONS

Because complaints involving the molestation of small children increase in the warm weather months, Sgt. Carl Anderson, commander of the Clinton State Police Post is urging parents to warn their youngsters against going anywhere with strangers.

Sergeant Anderson emphasized that this warning should be occasionally repeated to keep children on guard against accepting gifts or other lures from persons they do not know. He said that State Police last year investigated 571 sex offense complaints, which include child molestation, throughout the state.

While this was 22 fewer than 593 in 1961, he stressed that the records again showed that the offenses increased in the warm weather months. High month last year was July with 68 and then in order, June 65, August 62, May 57, October 54, April 52 and September, 48, with the remaining five months having 40 or less.

Sgt. Anderson observed that reluctance by parents to report child molestation incidents to the police for fear of embarrassing publicity is unwarranted. Names of minor children involved and their parents are not used by the press, radio or television except in situations involving abduction or murder.

He added that this reluctance conceals the actual total of molestation cases, tends to thwart prevention by law enforcement agencies and may even encourage the offenders to strike again. These are cautions:

- 1. Don't accept any offer of money, candy, or gifts from strangers. 2. Report to parents, police or teacher any person acting suspiciously near you or your group. 3. Have playmates or companions with you while playing outdoors, going to or from school and when running errands. Don't play or walk alone in alleys, deserted buildings or lone areas. 4. Don't loiter in or near public rest rooms because these are danger spots. 5. Don't let anyone persuade you to disobey these rules.

Children should write down or memorize the descriptive details of any person who tries to molest you outdoors or on way to school. Any person who is investigated because of some child's complaint should not be offended if he has a proper explanation for his activities.

SERVICE CLUB TO CHANGE? ? ? Washtenaw 4-H Service Club will be making final decisions on the Club Charter and year's goals at the meeting to be held Thursday May 16 in the County Building. All Service Club members are urged to attend. The group will meet in Room 117A at 8 P.M.

Ron Kuhl, Service Club president, announces that if the proposed changes are made they will drastically alter the eligibility requirements of the members, purposes of the club, establish a governing board of directors along with many minor changes. These changes have been under consideration by club members at the last two monthly meetings.

THE SPRING THUNDERSTORM SEASON is on the way. Farmers working outside are in more danger from lightning than the average person. The safest places to be in a thunderstorm are in a well frame building, a building protected by lightning rods, or in an automobile. One of the most dangerous is not a tractor operating in an open field. If you are caught in this situation during a thunderstorm, get out of the tractor immediately. Leave your wheels and headlights, and any other objects such as the tractor tank.

CONTROL CORN FIELD WEEDS by spraying in early spring. As soon as the weeds break through the soil, a spray of herbicide will kill the seedlings. Broadcast leaves can be scattered after the corn is up with 2-4 and other herbicides. An over-all spray can be applied until the corn is about 4 to 6 inches high. Once the corn starts growing, readily 2-4 should be applied with dropped nozzles to avoid application on the corn leaves.

HAYDEN FLOUR MILLS, INC. TECUMSEH, MICH. HOG PRICES are beginning to show some strength after a decline during late March and early April. Best prices of the season should come during August with good profits likely from feeder pigs bought now and marketed during this period.

PLUMBER HOT WATER HEATERS SURELY PAY FOR WATER HOT THE LIVINGLONG DAY ALWAYS HANDY E & G PLUMBING & HEATING 217 E. MAIN ST. MANCHESTER

Lawrence College Appleton, Wisconsin Dept. of Geology May 13, 1963

As district director for the American Meteor Society I have been busy gathering reports on a large fireball which travelled eastward over southern Michigan about 8:36 P.M. the evening of April 21st. It was seen at least as far west as Milwaukee and was apparently a spectacular light from Grand Rapids, Muskegon and other towns to the west of you. When I observed it was somewhere between Jackson, Ann Arbor and Adrian. In all probability, fragments from this object fell to the ground as meteorites not far from your city. If any have been found, it is important that they be made available for scientific study as soon as possible. Freshly-fallen meteorites preserve an interesting record of cosmic radiation in space. With the passage of time, this record becomes increasingly difficult to read. Meteorites sometimes bury themselves a foot or more in the ground. Anyone who has noticed a fresh crater-like hole should dig it up to see if there is a meteorite below. The chances are that the meteorite would be of stony composition, grey and granular inside, but with a thin coating of black due to the high temperature developed by atmospheric friction. A few meteorites are solid iron. It is likely that the fragments fell over an area of several square miles. I shall be grateful if you will publish this letter asking anyone who may know where fragments fell, or who saw the fireball and can give details of its course, to get in touch with me. Your help will be very much appreciated, and I shall of course let you know if our search meets with any success. Very truly yours, William F. Read Prof. of Geology

Retiring School Superintendent and Mrs. Robert R. Masten were presented a farewell gift, an electric coffee percolator, at this season's final Manchester Parent Teacher Association meeting, Monday evening. Earlier in the evening Supt. Masten had gone over the millage requests to be voted on June 10th. He distributed booklets outlining the proposals and what their acceptance will mean dollar wise, to the tax payers. These booklets are available at the school. Mrs. Birdella Flood told the group of an award being made to School Board President Luther C. Klager by the Michigan Education Association. The award is given in recognition of Mr. Klager's many contributions toward furthering Michigan education. The new slate of PTA officers was installed at the meeting Donald R. Dorff, taking over from retiring president Paul Kappler, announced that he would contact PTA members to assist in getting out the vote for the June 10th school fund election.
