Student Council Conference
by Frances Bokles

On Tues., Sept. 24, the Junior High Student Council went to the University of Michigan in Ann Arbor to participate in the "Sixth Annual Student Council Conference for Junior High."

We registered in the Rackham Building Lobby; then we went on to a general assembly in the same building where Richard L. Cutler, associate Professor of Psychology at the University of Michigan, was the main speaker. Afterward we all split up into different discussion groups. The topic we discussed was "What Student Councils can contribute in the Area of Civil Rights and Help to Student Groups." There were 25 discussion groups. My discussion group was quite good. Since none of the members of my discussion group had ever come up against the problem between the negroes and the whites in their schools, we decided to talk about civil rights for the student body. Our discussion group thought that the Student Council should at least consider any possible suggestion brought up by any member of the student body.

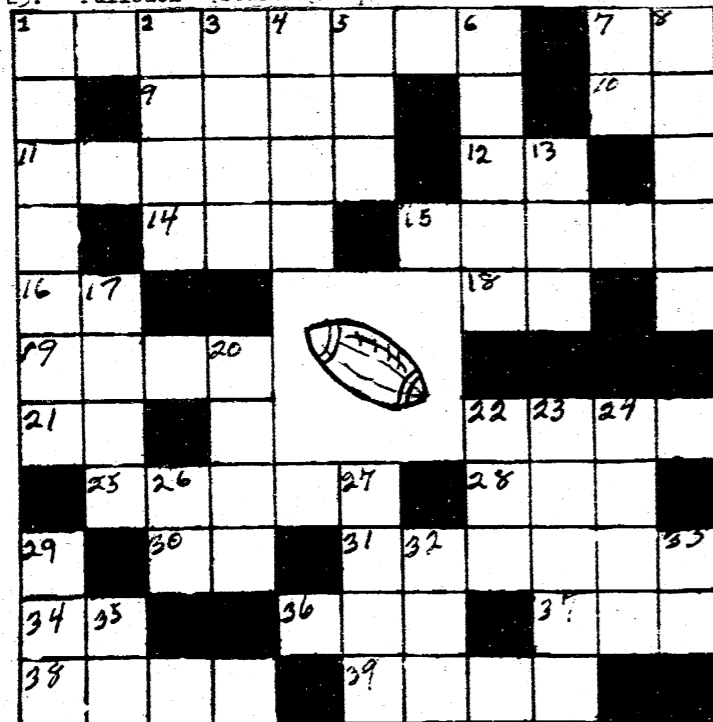

We had lunch in the Michigan Union Ballroom at 12:45. From 1:45 to 2:30 we continued our discussion groups. At 2:20 there was another general assembly. During this assembly each group gave a report on their discussion. There was a reporter from each group. By 3:15 the conference was adjourned. It was a very interesting day.

New 8th Grade Student

One of the new students at M.J.S. this year is Mike Springsteen. Mike, formerly of Sheridan, Michigan, now lives at 536 West Main. He plays trumpet in our band. Mike, son of Mr. and Mrs. Harold Springsteen, has one sister and three brothers all younger than he. He is about 5 ft. tall, has dark hair and brown eyes. He will be 13 on Dec. 5. If you haven't already met Mike I'm sure that you will want to very soon.

"Imagination Goes Wild"
By Larry Kirk

Once I dreamt I was a door knob to a castle. I could tell a lot about the people who came in the door. Some of the tourists would look at the castle for the King liked to show off. Some people came seeking a favor; they would turn me gently. When some would come to get "balled out," they would shake me terribly. One man came who was very angry at the King. He practically pulled me out of the door.

Every morning a man came to polish me, and when he was finished, I was as brilliant as a diamond. When the tourists would look at the castle they would "oh" and "oh"; then I was the proudest door knob of them all.

The sixth grade social studies classes are studying Latin America. At the present one class is studying Mexico. Another class is studying the discovery and exploration of Latin America and the main Indian tribes of South America.

ASK THE COACH

Question: What is the most important characteristic of a successful football team?
Answer: Possible you are expecting an answer that would involve something tangible, such as a good running and passing quarterback, a hard-driving fullback, or tough defensive ends or linebackers. These are common characteristics of a successful team; however, I feel there is a more important intangible characteristic. It is commonly called "esprit de corps," "spirit" or "loyalty." This characteristic is developed compositely by the coaches, the players, the faculty, and the student body. A loyal coach works hard when his team is winning, and harder when it is losing. When the loyal coach loses he expends his energy searching for reasons to explain why the other team was more successful, rather than wasting his energy formulating excuses to hide his own failure. A loyal player always hard when his team is winning, and harder when it is losing. Each time he loses and individual attitude to his opponent, the loyal player attempts to reason out the opponent's success, rather than to contrive excuses to rationalize his own failure. A loyal supporter cheers hard when his team is winning and harder when it is losing.

Because it is so closely related, I will include the answer to your forerunner - from runner question here. In statistics, (either self-imposed or imposed by others), that his ego of self concept has become so surmount that it compels him to identify only with a winner, so that he may deceive people into believing that he was always a "forerunner." So at games he will sit in the home bleachers or walk the home sideline, out psychologically he positions himself in the end zone.

Students' loyalty is not the only ingredient of success in life, but surely it is one of the most important ones. BE LOYAL, BE A "FORERUNNER," NOT A "FORERUNNER!"

TV SHOPPE

Well, gang, did you like my last article? Oh, I see, you didn't read it so you can't be critical. Oh, well - what happened to Record Shoppe? Well outside of a couple of a few singles ("Misery" and "Me's a Fine Boy") nothing much has happened so let's turn on Uncle's Paiz's TV set to ABC and see what we get.

"Well! 100 Green" (oh, that should be "100 Green") flopped out and was dropped after three weeks and Jamie McPeeters' isn't my idea of great anything. Between "Major Adams" and "Trail-Master" "Wagon Train" lovers should have a ball 'cause now it's on 6 days a week! I like "Outer Limits" (and everyone else does too!) but "Burke's Law" is just too far out and impossible to believe. "Jerry Lewis," "Patty Duke," "Fractured Flickers," and "All Winners," but "Cheating" and "Breaking Point" I can do without. Oh, yes, you might like to watch "Arrest and Trial" which is, as they say in Hollywood, slightly collosal!

What's that? You don't agree? Well, write in. It won't kill you, you know. NEXT TIME: NBC gets covered

for that matter, the "forerunner" is an individual who experiences such a small degree of defeat that it seems to those observing him that he is always out front. We should emphasize, though, that he can accept a defeat. In contrast, you have all met forerunner before in everyday life, only here you knew him as a "rain weather friend" in athletics, he is the supporter who has experienced so much defeat (either self-imposed or imposed by others), that his ego of self concept has become so surmount that it compels him to identify only with a winner, so that he may deceive people into believing that he was always a "forerunner." Manchester suffered its first defeat of the year at the hands of arch-rival Chelsea. The final score was 4-5. Chelsea out-blocked, out-ran, out-tackled, and consequently out-scored Manchester. Our only score came on a one yard drive play by Dennis Reinhart after a Bob Riggs to Dennis Reinhart pass play which covered 50 yards. Dick Lauhaun did most of the damage by scoring four times for the Bulldogs.

MOM'S DAY

The cheerleaders did a good job this year for Mom's Day. Each cheerleader invited five mothers of the football players to the pep rally on Friday, September 20. The mothers were introduced at the assembly, and the cheerleaders gave a "Yea Mom's Cheer." Flickers, and all winners, but "Cheating" and "Breaking Point" I can do without. Oh, yes, you might like to watch "Arrest and Trial" which is, as they say in Hollywood, slightly collosal!

On Saturday the 21 of September the cheerleaders went to Eastern Michigan where they learned new cheers and listened to a speech on cheerleading.

Simplicity Marks Ceremony

Simplicity was the keynote at the wedding of Priscilla M. Woodruff and Duane R. Haselschwerdt which was performed Saturday, Sept. 28 before the fireplace in the rectory of St. Alexis Catholic Church in Ypsilanti. The double-ring ceremony was read by the Rev. Henry S. Kraft in the presence of the immediate families.

The bride is the daughter of Mr. and Mrs. Howard S. Woodruff of 860 E. Forest Ave. and Mr. and Mrs. Ray Haselschwerdt are the parents of the bridegroom. For her wedding the bride chose a waltz-length frock of white nylon lace over white taffeta. The fitted bodice featured a square neckline and brief sleeves. Adding back interest was a butterfly bow. Falling from a small tiera of pearls was the elbow length veil of illusion. In white shortie gloved hands, the bride carried a bouquet of white cotton mums.

Mrs. Robert Woodruff of Ypsilanti, sister-in-law of the bride, wore a dress of La tour blue nylon as matron of honor. Best man was Ronald Haselschwerdt of Jackson, the bridegroom's brother. Five-year-old Janet Lynn Woodruff of Milford, Conn. a niece of the bride, was the flower girl. She wore a white nylon dress accented with an orchid sash and carried pink baby carnations. The church hall was the scene of the reception.

"Here's What I Think of The United Fund"

Everyone will have the same opportunity at home or place of business. Mr. Bentschneider congratulated the Manchester School System and thanked the speakers for taking time from their busy schedules to be here for the kick-off meeting. This week the school children will conduct their own drive - the only one in the entire school year. This is strictly a student drive and not for their families. This is an opportunity for children and older students to give out of their own funds for the aid of others - the Red Cross, the Salvation Army, the Clovers, the Scouts, Recreation and all of the 47 agencies in the 1964 drive.

Everyone will have the same opportunity at home or place of business. Mrs. Paul Boelker, Freedom Township Captain is announcing additional team members - Mrs. Walter Egeler, Mrs. Willis Uphaus, Mrs. Walter Grothe, Mrs. Lee Armstrong and Mrs. Lester Priehs. Mrs. Jacob Bauer of Clinton is contacting her team of 15 Red Cross solicitors this week for the combined drive with the Clinton Fund.

LOST

Village council needs help in locating some of their ordinance books.

The books which originally totaled about 25 have been diminished until there are only six not a book a piece for the councilmen. It is the belief that they are in the community and most likely have been carefully put aside by retired councilmen and forgotten.

It will be of real help if the holders of these books search around and return them to Lyle Widmayer, village clerk. We know well enough council will have a hard time working without copies of the laws which govern the town.

HONORED

Lee Allen is one of three Ann Arbor King Seeley SCo. Plant workers who was honored for 25 years of service at King Seeleys.

The party was held at the Farm Cupboard and 25-year employees were presented with gold watches.

Shadow's Trouper Champion Walking Horse

A four year-old black stallion owned by a Manchester couple has earned enough points to be declared Champion Walking Horse of Michigan. The horse, Shadow's Trouper, was bought by Dr. and Mrs. J. R. Jones and brought to their farm where Mrs. Jones broke and trained him.

Shadow's Trouper has a long list of winnings to his credit. When he was a two-year-old, Mrs. Jones took him to Tennessee where she showed him at Lewisburg where he placed 2nd in a class of 18. When he was three he was Reserve Junior Champion in the Little Rock, Arkansas Horse show.

This year the beautiful black stallion won his first blue ribbon when shown by Dr. Jones at the Kalamazoo show. In Owosso he took the amateur class. At Traverse City he won the amateur class and was Reserve Champion in the stake. At Charlotte he took the blue ribbon in the amateur and open class and repeated his winnings at Davison.

He was loaded in his trailer again and entered at the Michigan State Fair where he won the open class and stake, making him the Champion Walking Horse of the Michigan State Fair.

Mrs. Jones entered him again at the Central States Walking Horse Jubilee at Muncie, Ind. where he won the amateur class and retired a beautiful big silver platter donated by Harlinsdale Farm of Franklin, Tenn. Ironically enough, Mrs. Jones had won the trophy the first time in 1950 with her horse "Go Boy's City Sue". Again in 1959 she won the coveted platter on "Go Boy's Black Wonder". This year she retired the platter with

"Shadow's Trouper". The trophy had to be won three times by the same person in order to have permanent possession. Dr. and Mrs. Jones will donate a trophy in the place of the one they have retired.

"Shadow's Trouper" has more pint to his credit than any horse has ever had in the Walking Class.

At the recent Marshall, Michigan Little Celebration sponsored by the Michigan Walking Horse Association, Trouper was crowned Champion Walking Horse of the show and won the first leg on a beautiful silver pitcher called "Governor's Challenge Trophy". At the same show Trouper's colts placed first and second in the colt classes and won the championship for weaning colts. Not to be outdone, a two-year-old, Walkaway's Black Wonder, won the championship model class and the two-year-old performance class. He, too, was raised and trained at the Walkaway Farm at 19828 Sharon Valley Road, north of Manchester.

Dr. and Mrs. Jones have been raising and training Tennessee Walking Horses since 1948 and at this time have 13 walking horses, brood mares and colts. In 1954 they changed the location of their stables when they bought Oklahoma Ranch, now Walkaway Farm, believing it to be an ideal location for raising and training horses. It has miles of bridal paths and a two-acre spring fed lake.

telephone lines

By NICK PRAKKEN, Manager

ALL OF US at Bell Telephone are constantly seeking ways to keep our costs down. For example, Western Electric, our manufacturing and supply unit, has found a way of using a new, less costly plastic to produce six sets of telephone parts for the former cost of five. Such reductions in costs help us offset the rise in other costs. This never-ending search for savings is an important reason your telephone remains one of the biggest bargains in your home today.

MANY FOLKS who don't see their out-of-town relatives or close friends very often have developed the pleasant habit of visiting them every week at the same time—by telephone. Knowing that the person they want to talk with will be there at that time, they call station-to-station instead of person-to-person. "Station" calls cost less than "person" calls. And they go through faster, because in most cases you can dial them yourself. Why not phone tonight?

INFORMED CITIZENS give added strength to this nation of ours. During National Newspaper Week, October 13-19, we pay tribute to the part played by our newspapers in keeping us well informed. And it's a week when we at Michigan Bell are especially proud of the part telephone facilities play in helping the newspapers gather the news and get it to you—fast and accurately.

CHURCH MEETING HELD SUNDAY
The joint fall meeting of the Jackson Association of the Congregational Christian churches was held in Addison Sunday.

One hundred-twenty-six were at the church gathering. Attending from Manchester were the Rev. Ralph Kuehner, Walter Samonek, Andy England, Sydney Lee-man and Carl Wuertner.

DINNER GUESTS
Miss Mildred Ulrich and Raymond Block of Toledo and Mr. and Mrs. Vernon Dresselhouse and Tommy Pratt and Mr. and Mrs. Duane Beuerle and family were Sunday dinner guests of Mr. and Mrs. Alwin Beuerle.

DOLLAR and FARMING. SENSE

CONTROL SNOW DRIFTS by preparing now. Long open front buildings should have a partition every 30 to 60 feet in order to prevent accumulation of snow. Don't erect another building within 30 or 40 feet of an open front building. Set yard fences back and away from the corner of buildings 16 feet from the corner and 16 feet out from the side of a barn. Erect windbreaks from 80 to 100 feet upwind from trouble areas. This will lessen most of the snow being deposited before it reaches the area.

BATCH BIN DRYING will speed your harvest operations. Where you have an in-storage drying system, you can batch dry by adding a sweep auger unloading system. With a 21-foot diameter bin, 5 h.p. fan, and 500,000 btu heater, a batch procedure will dry about 1,000 bushels per day at a relative humidity of 33%. You should adjust the thermostat flame to stay on; don't let ingoing air temperature exceed 120 degrees; fill only to 4 feet; and cool grain before removing.

SELL YOUR READY HOGS at the first opportunity. Hold weights to around 220 pounds. Granted, the bulk of the fall weakness has already occurred. In the 8 and 9 price brackets of August and September. But some modest adjustment to further increases in slaughter is expected during the late October and early November. If you're buying feeder pigs stick with the lighter ones. These will finish later when the market is expected to show some improvement.

FREE STALLS IN DAIRY LOADING Barns don't particularly increase production per cow. But they can help you save on bedding and space. Stalls also lessen herd stress and mastitis problems. Build stalls 4 feet wide by 7.5 feet long for large breeds; 3.5 feet by 7 feet for smaller cows.

HONORED SON OF R. C. KERR HONORED AS WRITER
Richard C. Kerr, city editor of The Press, was given the Aviation Writer's Award of the Year for 1963 at the Michigan Aeronautics Conference in St. Joseph.

The award was made for news picture articles, according to Floyd G. Wakefield, Mgr. of Willow Run Airport for the University of Michigan and president of the Michigan Association of Airport Managers.

Kerr wrote a two-part article series in The Press, Sept. 10 and 11 dealing with Willow Run's history and potential role in aviation. He wrote a third picture story June 1 on direct overseas service from Willow Run to Europe.

The three-day aeronautics conference ended last month. It was sponsored by the MAAM, Michigan Dept. of Aeronautics and the University of Michigan.

Sharon Cashion is 15 and a freshman this year. She lives on Heiber Road with her parents, Mr. and Mrs. John Cashion Jr. She used to live in Chelsea, where she just finished her last year in Jr. High. Sharon is about 5 feet 5 inches tall, with brown hair. We welcome Sharon to Manchester, and we hope she will like our town, and our school.

Denise Limpert, a new member of the senior class is from Troy, a suburb of Detroit. When asked how she liked Manchester, she replied: "I really like it. You have country privacy, but yet the people are really friendly. People in town come out and say HI, we're your neighbors."

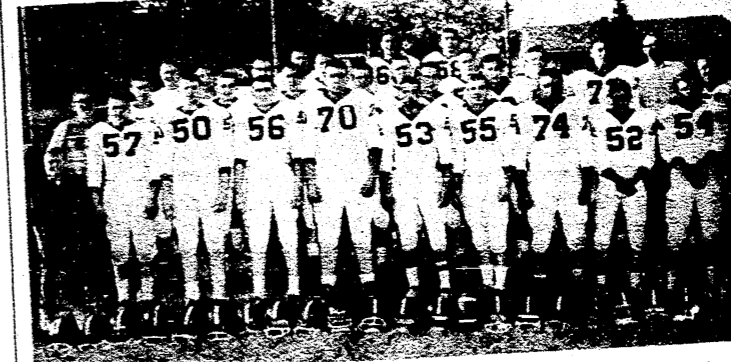

A new junior here at Manchester this year is Sandy Cashion. Sandy is sixteen years old and lives at 11308 Heiber Road, in Pleasant, Michigan. She moved here from Chelsea, and is majoring in business, hoping to become a secretary in the near future.

Sandy's hobbies are all water sports and her favorite pastime is dancing, and she likes to listen to the radio. We asked Sandy if she liked M.H.S. and she said "It's O.K.", but we all know she misses Chelsea just a little bit.

Jerry Spencer is a new student at the high school this year. Jerry is in the junior class. His courses include chemistry, algebra, English, world geography, and American history. Jerry likes Manchester High and has no complaints about it.

Before moving to Manchester, Jerry lived in Inkster, Michigan. He attended Cherry Hill High School. Jerry's hobbies include racing and working on cars. His favorite sport is football.

Linda Downy used to live in South Lyon. Now she lives on Pleasant Lake Road with Ed and Faith Barnett. Her father is Burl Bailes. Linda was 15 in August and is in the 9th grade. She has green eyes and brown hair. We agree with Linda when she says that the town should have a theatre.

BAND DAY

High school bands crowd to the stadium at half time during Michigan-S.U.M. game.

Manchester Band members come down onto the field (left foreground).

The Manchester High School's Marching Band attended the University of Michigan's Band Day in Ann Arbor, Michigan, on Sat. Sept. 25, 1963. The band left about 7:45 a.m. and returned around 1:00 p.m. It was a long day, but lots of fun.

When we arrived, we paraded in one of the two grandstands provided for buses. Then we unloaded and lined up to march to the field. Upon arriving at the field, we had to find the right place to stand. We shifted positions about three times.

Next came the morning rehearsal. All 136 bands played the same songs at the same time, under the direction of Dr. Reynolds. It was a massive sound of instrumental harmony. We rehearsed for about an hour and a half.

After rehearsal came

STUDENT COUNCIL

On Wed., Sept. 25, the Manchester Conference Student Council held their first meeting of the 1963-64 school year at Dexter High School's main building, the former Dresselhouse. Present were: Dexter, John and Jim Plickler attended from Manchester High School.

The student representatives from Dexter offered to hold the annual Manchester Conference Dance at Dexter High School again this year. They said that Dexter is the best location for the dance. After the meeting, the students were served lunch in the school cafeteria, and taken on a tour of Chelsea High School.

The Student Council meeting was called to order by president, Tom Upham, on Sept. 20, 1963 at 10:30 a.m. in the bookstore. The secretary's report was read and approved. The treasurer's report was given. We have \$259.99 in the treasury.

Half time brought the next big event. All the bands marched onto the field and played as we did in the morning rehearsal. After the game five bands performed their presentation shows. This event ended the day of fun. All that was left was the trip back home.

FOREIGN FOODS

Linda Goodell, Shirley, and Bonnie Heckman are preparing to sample the assortment of foreign foods prepared by the class. Below some of Mrs. Toeber's first hour class help themselves to Spanish rice; from left to right are Ruth Hughes, Joyce Haapp, Judy Raymond, Mary Noehm, Penny Schneider, Kathleen Schneider, and Martha Binkowski.

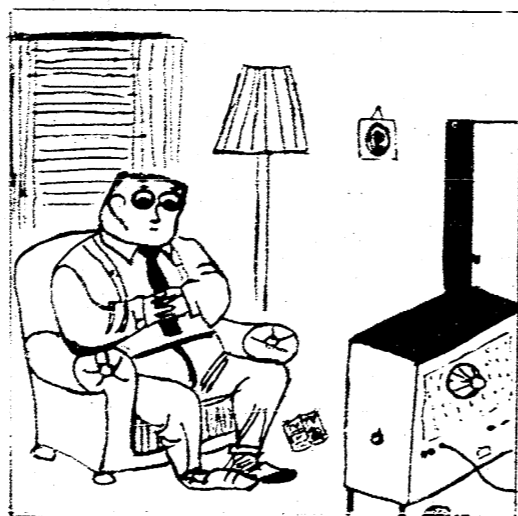

The girls in Mrs. Toeber's Home Economics III and IV have begun a unit on "Foreign Foods." Each girl chose a country to do research on and found Spanish rice, Danish "Kondig," "Kjott Kylling" (Norwegian chicken in sour cream), "Pollo con arroz" (Mexican chicken in tomato sauce), and "Chocoladekake" (Dutch chocolate layer cake).

A survey was taken this week among the student body. The students were asked what their two favorite television programs are and how many hours a week they watch television.

Results were as follows:

Paul Guenther	24	Outer Limits, Arrest and Trial
Virginia Armsstrong	6	American Bandstand, Bonanza
Ron Punones	20-25	Combat, C.B.S. Sports

Manchester's big Red Feather thermometer on Main Street has started the upward climb for the 1964 United Fund Drive now at 20 percent. It is beginning to rise again this year, but Gene Bentschneider, campaign chairman, reported that Division Captains are trying to reach 100 per cent by the first of November.

Payroll deductions have Chrysler Proving Ground (\$413) and Manchester Die (\$311.50) over a top with 100 per cent. According to Industrial Chairman, Al Simmons, his method of giving is more satisfactory with employees as well as the employer, Mr. Simmons has stated while working with the system.

Ed Tapping, School System Chairman, (who was previously quoted last week) has now reported 98 per cent of school staff and employees pledged or contributed to the Fund with a present balance of \$530-almost \$50 more than last year. Pledges in the form of payroll deductions are offered in the school campaign. The student drive which was begun last week will not be reported until next week as coin cards are still coming in to the teachers.

This year's total increase of four and one-half per cent for the campaign is being recognized by many with a light increase in individual gifts. Mrs. M. Thomas Marshall, Bu. businessmen's Division Chairman, reports there are no definite figures available for this division for the House-to-House as yet.

There are the usual number of delays in soliciting, in spite of the best laid plans. Among those, the weather can not be blamed this year-even the United Fund Drive has not brought the customary fall rains that so often cheer the spirits of solicitors who have failed to start promptly on their rounds. Watch Manchester Area's Red Feather thermometer. Help it grow as the symbol of Service and Goodwill to Man.

Celebrates 90th Birthday

A Manchester man who has been prominent in civic affairs for many years will celebrate his 90th birthday Monday, Oct. 28. Carl F. Wuerthner is a life-long resident of Manchester and is not content to set by the fire but remains active in civic affairs and in the Maccabee Association of which he is Great Lt. Commander of the State of Michigan. A post he has held since 1954. In September 1962 he was elected Supreme Lt. Commander of the United States and Canada.

His parents were the late John and Caroline Wuerthner. He attended Manchester High School and Brown Business College in Adrian, graduating from there in April 1891, when he went to work for his father who had started a Men's Clothing Store here. In 1909 he and a brother Gustaf bought an interest in the business with their father and it became known as Wuerthner Bros. In 1924 they added the wholesale business.

Walter Schaible became a partner in 1927 and Mr. Schaible bought the store in 1941. Mr. Wuerthner sold the wholesale business to his former partner Richard Alden in 1952. Mr. Wuerthner remembers the first bicycle in town, owned by Eliza Carr and the first auto owned by Fred Steinkohl, local druggist. In the Clothing Store Mr. Wuerthner said he remembered that every Saturday they'd run a special (that's when the farmers came to town). Work shirts would be three for a dollar, three pair of work gloves for 25 cents; dungarees sold for fifty cents; the average worker received 75 cents to a dollar a day.

He became interested in local politics in 1907 when he helped organize the Young Men's Party. He organized the Progressive party in 1919, and has been a guiding influence ever since. This party has dominated most elections since. In 1944 his party nominated a full ticket but the nominee for village president refused to run. Mr. Wuerthner's name was submitted to fill the ticket. The ticket was elected with the exception of clerk and treasurer. He served three terms and was the only village president of the Municipal League of Michigan. He was active in the Chamber of Commerce and in two summers was instrumental in collecting \$2,712 from the merchants here for entertainment for movies on Main Street on Wednesday night to bring people into town from the surrounding area.

Under Wuerthner's administration the people voted to give Consumers Power Co. a 30-year franchise to install natural gas; more sidewalks were built than in the previous five years; a filtration plant for removing iron from the city water was completed; additional sewers were built and the city dump was cleaned up and supervised. He was president of the People's Bank of Manchester which later merged with the Union Savings Bank and is currently vice president of the Union Savings Bank. He is a member of the United Commercial Travelers since 1902, the Odd Fellows for some 40 years and a member of the Rebeccas. A note of interest is that Mr. Wuerthner and Ed Dresselhouse are the only two men in Manchester to ever be cited by the Exchange Club for their "unselfish giving of energy, time and money to greatly increase the value of living in Manchester." Both had given over fifty years and received gold watches.

Both had given over fifty years and received gold watches.

He is a member of the United Church of Christ, a member of his Brotherhood, and of the Adult Bible Class and is active in the newly organized Senior Citizens of the church. He is an officer in the United Church of Christ Churchmen's organization. He served for 8 yrs. as a member of the executive committee of the Federal Grand Jurors Assn. of Mich.

His work in the Maccabees began in 1895 when he joined for he was only a member one month when he was appointed to fill a vacancy as record keeper. In 1935 he was appointed on the State Board of Maccabees as Executive committee member. He was a patient at Mercy hospital at Jackson following an auto accident in June

1954 when he was elected Great Lieutenant Commander for the State of Michigan and was brought by ambulance to be sworn in to office as Great Lt. Commander of Maccabees in June by Great Commander John C. Lehr. He is the only living member of the organization to hold an office in the Maccabees under the organizer Major N.S. Boynton and every Gt. Commander since that time. He has been a member of the executive board for the past 29 years and attends meetings throughout the state nearly every week.

In 1962 (August) at the International Convention at Lansing Mr. Wuerthner was elected Supreme Lt. Commander of the United States and Canada. In 1935 he was one of a committee from the village named to raise \$15,000 to bring the Double A Products Co. to Manchester. This is Manchester's largest factory. He was secretary of the building committee and has watched with satisfaction the growth of the factory. He and his brother Gust were among the largest stockholders.

He made his first trip to Europe in 1949 on a conducted tour and left the group to spend 34 days in Germany visiting relatives. He was surprised to see such heart sickening sights and cities in shambles since the war. He made a mental note to try to see what he could do when he returned home to send clothing back to Germany. He made it a community project and every one having good usable clothing was asked to take it to his home where it was packed. The first shipment was 50 parcels, some 894 pounds

Halloween Party Oct. 31

Halloween will be celebrated here Thursday, October 31, with a party for all children in the community including the Pleasant Lake School, meeting promptly at 6:45 p.m. on the athletic field. Punctuality will be the keynote for the children which includes the sixth grade, according to Ted Tapping, chairman of the recreation committee which plans the affair.

He is assisted in the planning by the Junior High Student Council and room mothers will be the judges. Prizes and refreshments of sweet cider and donuts are donated by the Jaycees. Prizes for the best costumed boy and girl in each grade will be given - flash light for the boys and bill-folds for the girls.

Mr. Tapping says that all children should be with their teacher, as a group, on the far east side of the athletic field. Junior High Students Council members will be holding signs for each grade with the names of the teachers, so that all the children will have to do is line up behind the sign with their teacher's name. They will parade around the athletic field and stand in a group in front of the north bleachers. Ten minutes are allowed for the judging of each room.

In case the entire event has to be cancelled due to inclement weather, free donuts and cider will be given to children the following day from noon to 12:40 p.m. on the tennis courts. Children are encouraged to wear warm clothing under their costumes.

The Halloween judges are: Kindergartners - Mrs. Robert Trent, Mrs. Tony Schlosser and Mrs. Arthur Gill; First Grade - Mrs. Ben Creason and Mrs. James Dean; Second Grade - Mrs. Norman Bucholtz and Mrs. Norman Wallace; Third Grade, Mrs. Ted Stautz and Mrs. Elmer Erwin; Fourth Grade - Mrs. Vern Mitchell and Mrs. Ambrose Lentz; Fifth Grade - Mrs. Richard Wall, Mrs. Russell Hosmer and Mrs. Emmett Noggle; Sixth Grade, Mrs. Ellis Pratt, Mrs. George Grossman, Jr., and Mrs. Jesse Walker.

Pleasant Lake School will have Mrs. Floyd Parr, Mrs. Bernard Kemner and Mrs. Roscoe Lannon judging the kindergarten, first and second grades. Mrs. John Neudecker, Mrs. Ronald Jenter and Mrs. Milton Merz will judge third, fourth and special education classes.

SCHOOL DRESS

Mr. Koczek, vice faculty, and the Student Council have recently discussed the matter of proper school dress. These groups feel that the majority of Manchester High students dress properly. The faculty and administration have decided to speak individually to the few students whose dress is not thought suitable.

The unacceptable things noted so far this year are:
1. Boy's wearing a T-shirt as an outer garment
2. Boy's not tucking in shirts that are meant to be tucked in
3. Girls wearing skirts or dresses too short (if your skirt doesn't touch the floor when you kneel, it's too short)
4. Girls wearing collared blouses

Mr. Koczek has said that he wishes to complement the students as a whole on their fine appearance. He feels confident that the few exceptional cases will soon conform to the norm once they are reminded to do so.
