### MEADER TO SEEK RE-ELECTION

Representative George Meader (R. Mich.) announced today that he is a candidate to succeed himself for an 8th term in the House of Representatives. Meader is a high-ranking member of the Judiciary and Government Operations Committee.

Meader said that he ordinarily did not announce his candidacy for re-election until about the time for circulating nominating petitions, and he had not intended to make an announcement until that time. However, Meader said he had just returned from a week's visit in all parts of the 2nd congressional district of Michigan including Ann Arbor, Adrian, Hillsdale, Monroe and Ypsilanti. As a result of formal meetings and informal discussions with constituents, he had decided to announce at this time that he would seek re-election to the 2nd congressional district seat in the 1964 election.

"The encroachment of the executive and judicial branches on the Congress of the United States is continuing, if not intensifying," Meader said. "The need for resistance to these efforts and the strengthening and rebuilding of the Congress to regain and exercise its policy-making authority is more urgent to the preservation and promotion of self-government through elected representatives than ever before in our history."

COMING EVENT Manchester High School will play Napoleon in the first game of the District Basketball Tournament at Michigan Center at 7 p.m. March 3rd.

### GIRL SCOUTS TO AID ALGERIAN CHILDREN

Mrs. Allen Whiteman is the area chairman for the Girl Scout Algerian Service Project for this year. The program committee of the Irish Hills Girl Scout Council suggests that "Gifts for Algerian Children" be the friendship theme and Scouts are asked to plan a program for Thanksgiving Day and International Dinner.

Scouts are collecting usable clothing, wool blankets, kits containing pencils, paper, crayons, erasers, chalk, boards, towels, wash cloths, soap and handkerchiefs. All items are to be packed in boxes or cartons and picked up at neighborhood stations March 16 and 17. They will be taken to the Scout Office in Jackson and prepared for shipping. Leaders may obtain information on Algerian customs, food and way of life by sending 25¢ to American Friends Service, 916 Salem Ave., Dayton 6, Ohio.

### SPONSORING TOURNEY

The Clinton Varsity Club is sponsoring a 9th grade basketball tournament the 26, 27, and 29 of February.

### THE RAILROAD GOING?

Manchester has lost one railroad line and the other could very well become a thing of the past in the very near future. Some people in Manchester feel that the loss of its last railroad could pose a very serious problem. Prices of some commodities will rise and customer service will be impaired if the action between Manchester and Clinton of the New York Central is abandoned.

A hearing is set for Monday March 9 at 9:30 a.m. in the Army Reserve Center, 80 Industrial Highway, in Arbor before Examiner Louis W. Sornson. Anyone interested in keeping the railroad, the last one servicing Manchester, is asked to attend the meeting to express his views. If no one shows any particular interest it is a certainty it will be a thing of the past. At the time the Michigan Central tracks were torn up everyone complained and expressed regret that such a thing could happen to Manchester. Many remembered when there were 12 or 14 trains going in and out of the depots, but before the abandonment of the track no one seemed concerned and tracks on the Michigan Central were torn out last summer.

There will be places here very much affected for they depend on the railroad service. Included are the Bus and Co. for coal, E. G. Mann Mill for fertilizer and K and W Farm Supply implements and the Tomlinson Farms for shipments of seed potatoes to mention a few.

If freight service is to continue there will have to be a good representation at a meeting and make recommendations for continuing. If no one attends, the New York Central officials will be reasonable in assuming that there is no interest in the railroad and it will be abandoned.

Persons interested in attending Christmas half hour dramatic programs and an award winning science for teachers series.

His early Monday morning show which follows the Sunday late movie over station WJBK TV Channel 2 was received so well by viewers that the station management asked the veteran marriage counselor to expand his program.

### Obituary

### TV Program Begins 4th Season

- Marie Schneider

Manchester's television priest is celebrating a birthday. The Rev. Fr. Raymond R. Schlinkert, pastor at St. Mary's is having a fourth birthday as host on his 1:10 a.m. television show, "With This Ring". But this widely heard television priest has been in radio and television work for a much longer time. He first became interested in radio when he was in the seminary in 1937—a remote broadcast by WWJ. Fr. Schlinkert has always been interested in communicating with people, believing that the general public is anxious to know the truth and, today, one of the most important ways of communication is by means of television and radio.

"He has done extensive work reaching people in their home and they are receptive when they can reflect on what is said. Early contacts were offered by direct radio and channeled through the church. His present series has the approval of the church but Fr. Schlinkert did the spade work with the firm conviction that it could be done—and he has the experience and willingness to do it."

The priest is gratified to realize that he has added many additional listeners in Washtenaw County since he came to Manchester last spring. He has been in this particular type of work since 1952 and approaches each broadcast with 11 years of experience. His wide variety of programs include Easter and Christmas half hour dramatic programs and an award winning science for teachers series.

His early Monday morning show which follows the Sunday late movie over station WJBK TV Channel 2 was received so well by viewers that the station management asked the veteran marriage counselor to expand his program. In November 1961 a second "With This Ring" debuted on Sunday morning. It can be seen at 10:45 a.m. after the Christopher Show. Television polls have been taken with the results that some 200,000 people view the two programs. Currently the

### VILLAGE OFFERS TWO SLATES

The village election will be held Monday, March 9 at the village hall here. This is everyone's opportunity to vote for men of his choice—one of the advantages of living in a country such as ours where the man of the street has a chance to cast his vote for the person he feels best qualified for the job.

And because it is a free country and because somewhere a long time ago those who governed this small town figured out a way where people could run for office regardless of their political views nationally: Here we have a Citizen's and a Progressive ticket, not republican and democrat. In this way it is possible to have two people of the same national party vying for the same office. They can, because of the two tickets—Citizens and Progressive.

Then too, the staggered ballot for trustees doesn't require nominees to run opposite each other. Here you can vote for any three for two year terms—unless you vote a straight ticket.

For your convenience we are printing a thumb nail sketch of each of the candidates. We are in no way making comparisons, simply giving simple facts.

- CITIZENS TICKET**
- President** Allen Luckhardt: seeking a third term as village president, served on council one term, Supt. of Public Works for three years, charter member of Jaycees and member of PTA.
- Clerk** Lyle Widmayer: seeking a second term as village clerk, life time resident, charter member of Jaycees and member of PTA and Tirb salesman for seven years.
- Trustees** John Althouse: resident of Manchester for past 11 years (Double A 3 years and Chrysler 8 year) charter member of Jaycees and member of PTA.
- Ed Wurster: Councilman for 6 years, life time area resident, chairman of Police Commission for the past three years, member of PTA.

- PROGRESSIVE TICKET**
- President** Eugene Bentschneider: president of Manchester Tool and Die and Manchester Stamping Co. of Brooklyn, served on village council 5 years, village president three years, Emanuel Church Council three years, member of Board of Christian Education, Bible school teacher, chairman of Community Chest past two years and is the president of the Athletic Boosters Club.
- Treasurer** Edward R. Kirk: running unopposed for treasurer of village—a post he held since 1935, a life-long resident of Manchester area, graduate of Manchester High School, assistant cashier at Union Savings Bank where he has been employed since 1927, vice president of the Optimist Club, secretary-treasurer of St. Mary's cemetery association since 1932, secretary of Ushers Club and member of Knights of Columbus.
- Trustees** Robert G. Clark: life long resident of Manchester, council member two terms, graduate of Manchester High School and member of Emanuel church, member of Masonic Lodge, member of PTA, and Superintendent of the Carburetor Div. of Rawsonville Ford Plant.
- Basil McGuire: has served as councilman for 4 years, at present is Supt. of Maintenance and Transportation at Manchester Schools, member of Emanuel Church and former businessman and member of Optimist Club.
- Donald Dorff: moved to Manchester in 1958 and is manufacturing Engineer at Double A Products, trustee of Manchester township Library, president of Manchester PTA, member of St. Mary's Catholic Church and of the Optimist Club.
- Assessor** Russell Widmayer: served two years as assessor, life-long resident except for 17 years when he managed a Jackson Kroger store, former businessman and at present a school bus driver.

**Good Friday Service Planned**

The five churches of the Manchester area will unite in observance of the traditional Good Friday service at Emanuel Church this year. As in the past the service will begin with a 15 minute period of devotional music at 1:15 p.m. The Seven Last Words of Jesus will serve as the topics for the meditations and will begin at 1:30 p.m. Participating in the service will be the Bethel United Church of Christ, Sharon United Brethren Church, The Iron Creek Church, Manchester Methodist Church and the Emanuel United Church of Christ. The public is cordially invited to attend.

EIGHTH GRADERS VISIT PLANETARIUM

The 8th grade Physical Science Class took a trip to the Argus Ann Arbor Planetarium in the high school theater. The class left by bus at 12:30 and arrived in Ann Arbor at 1:07.

The instructor explained how the projector worked. While he slowly turned out the lights he gave an interesting talk. The class learned the location of the different constellations as he showed slides of planets and stars, taken through the lens of the 200 inch telescope on Mt. Palmer in Calif.

When he again turned on the lights he answered questions and told the group that the Argus Camera Co. gave the money for the Planetarium which is the first in any high school.

The class was back on the bus at 2:24 and returned to school at 3:05, to end their first field trip.

**Student Loan Fund Named For Linda T. Knorpp**

By Marie Schneider  
 A Manchester woman, who was Junior High School Principal at the Rochester, Mich. School System for 14 years, has been honored for her selflessness. Miss Linda T. Knorpp has returned to her home here after having been invited to Rochester where she was asked to be a permanent member of the Linda T. Knorpp Student Loan Fund.

It all started in 1948 when Miss Knorpp asked the Junior High School Council, "What would you think of taking a part of monies earned, and try to do something a little more lasting than spending it on parties and pleasure. I like to suggest having a bit of it. First, it will give us an idea of what will be expected when you finish school, for you'll have obligations to meet, and for these things you will have to become accustomed to saving."

"Second, don't you feel that if we could save some money for some emergency, it would give us a sense of well-being and we'd feel that we were accomplishing something. Maybe we could help other students in years to come," she smiled.

Miss Knorpp explained that any money they could save could be put into bonds for safe keeping, until enough could be accumulated by the classes in coming years to make a worthwhile amount. She simply dreamed at that time that some day the student council and student body would set up a Student Loan Fund named in her honor.

Miss Knorpp was first told about the decision at an honor conference, much to her surprise.

The retired teacher is proud to know that the students never suffered by making some donations to benefit their fund. She had explained to the classes she was commending that they would never benefit from their savings but their children might, and, it would teach the students a very important lesson—how to save.

They did have their good times and their parties, too. But there was always a bigger thing to save for. Each year a student council agreed to go along with the suggestion of their counselor and by 1950 there was a total of \$1800 in

bonds, now accumulated to \$2000.

Miss Knorpp emphasized that there were no contributions to this fund. Good hard work by the students earned the money. She said that the usefulness of the students to work for something which would never directly affect them weighed her very much.

Dr. William F. Early, Supv. of the Rochester Community Schools, said, "It is indeed an honor to have this fund named after you and you are to be commended for the efforts that you have personally made to make this an operating fund. As applications are received we shall be most happy to notify you and to keep you informed of the progress of the fund."

Dr. Early also noted that this was one of the finest examples of youth training in a public school system, a fact that certainly should please the retired teacher.

Money was raised by the students through magazine and candy sales, some doll and book cover sales, to mention a few.

Applications may be secured in the high school office of the Rochester Community Schools and loans will be approved primarily on the basis of student's financial need and individual worthiness and credit rating.

Miss Knorpp gives just one bit of advice to teachers who she says, "I wouldn't advise any teacher to stay in one school system for 14 years like I did. You become too attached to the people and surroundings. You plant your roots too deep. It's hard to uproot. It is difficult to pick up where I left off in my home town and I'm torn between the two places. For I want to be here too. This was the home I lived in when I was a girl—the only real home I have, and yet 14 years in another place certainly is rich in memories and friends."

# Truck Weight Restrictions

The Washtenaw County Road Commission deems it necessary to preserve the roads under the jurisdiction of this Board and by virtue of the applicable sections of the Michigan Vehicle Code being Act 300, Public Acts of 1949 as amended, we impose springtime axle load restrictions effective 8 a.m. Wednesday, March 10, 1964. The allowable truck loadings are as follows:

MAXIMUM ALLOWABLE GROSS AXLE LOADINGS		
Spacing Between Axles	Concrete	Black-Top & Gravel
9 feet or over	13,500 pounds	11,700 pounds
More than 5 1/2 feet, but less than 9 feet	9,750 pounds	8,450 pounds
When less than 5 1/2 feet the combined weight shall not exceed:	13,500 pounds	11,700 pounds
Maximum load on any wheel shall not exceed:	525 pounds	450 pounds

MAXIMUM TRUCK SPEED  
No truck, tractor or motor with the combination of two axles with a gross weight loaded or unloaded in excess of 5,000 pounds and exceeds a speed of 45 m.p.h. shall be permitted to travel on any road during the period when these restrictions are being enforced.

## 1964 FEED GRAIN ADVANCE PAYMENT

Growers who take part in the 1964 Feed Grain Program may receive a part of the diversion payment in advance. Max Kalmbach, Chairman, Agricultural Stabilization and Conservation County Committee, has announced. As last year, the program will be available for corn, grain sorghum, and barley. Up to one-half of the estimated total diversion payment may be made in advance, at the time of signing up or as soon as possible after that time, the Chairman explained. The rest of the diversion payment and all of the price-support payment offered by the program will be made next fall.

The advance payment provision should be of substantial benefit to growers who can use some extra cash during the spring planting season. As in 1963, the 1964 Feed Grain Program offers participants a payment for diversion of eligible cropland to approved conservation uses, and a price-support payment on the normal production of the 1964 feed grain acreage. Participating growers will also qualify for price-support loans or purchase agreements on their entire production from feed grain acreage.

The acreage of corn, grain sorghum and barley has been combined into one total feed grain base for each farm and a producer may divert one or more of the feed grains in the total base. His diversion will be made at the per-acre rate applying to the grain diverted. The minimum diversion under the program will be 20 per cent of the farm's feed grain base acreage.

While participation in the 1964 Feed Grain Program is voluntary, the price support payment and loans-as well as the diversion payments-will be available only to growers who carry out the program's provisions.

Sign up for the program will continue at the ASCS County Office through March 27.

## DELEGATES TO 4-H LEADERMETE

Mr. and Mrs. Joseph Luchka of South Lyon and Mr. and Mrs. George Macomber of Ann Arbor will be Washtenaw County delegates to the 5th annual 4-H Leadermete being held at Michigan State University's Kellogg Center from March 7 to 8.

They are among 300 leaders selected from every county in Michigan. Sponsored by the State 4-H Council and the 4-H Club Foundation, this year's Leadermete is based on the theme, "A Working Field." Major emphasis throughout the program will be the role of 4-H in this decade and the goals it must achieve in the future.

Dr. Russell G. Mawby, Assistant Director of Extension, will identify the critical issues facing Michigan's youth and what is being done to meet these challenges.

## SERVICE NOTES

Among the callers were Mr. and Mrs. William McCully and Ronald Greger of Clinton who helped Mrs. Richmond celebrate her birthday eight years ago.

## EIGHT RESTRICTIONS NOW IN EFFECT

Edward G. Minier of the Washtenaw County Road Commission has announced that eight springtime weight restrictions for all county roads are in effect as of 6 a.m. Wednesday, March 4.

The next six weeks are the most critical for people in the rural area. The rural roads, especially, can become impassable because of mud and drifted snow the next day and drifted snow the next. We can have anything from snow and sleet to rain, freezing or in the 50's. I would advise anyone who lives in the county to lay in a supply of food and fuel oil again, the possibility of being isolated," Minier said.

Minier, who is superintendent manager of the road commission said the truck and trailer restrictions will apply, all but a few "all weather" county roads.

Besides the "threat of mud," Minier said that alternate freezing and thawing that comes in March can break up black top roads and cause dangerous spots overnight. Weight restrictions normally placed in effect about the 1st of March depends on road and weather conditions, and apply both to trucks and to trailers pulled on automobiles. The maximum load on any wheel for any vehicle is 525 pounds on concrete roads and 450 on black-top and gravel roads. Vehicles with less than 3 1-2 feet of spacing between axles, the maximum combined weight is 13,500 pounds on concrete surfaces and 11,700 pounds on black-top and gravel roads.

Trucks with more than 3 feet between axles, the maximum weights are 9,750 and 8,450 pounds. Vehicles with 9 feet or more of spacing between axles, the limits are 13,500 pounds and 11,700 pounds. Maximum truck speed limit has been lowered to 35 miles per hour during the period of enforced loadings are being reduced. Minier said the weight restrictions are automatically in effect by state law during March, April and May but the road commission empowered to determine the period of local enforcement.

## DAIRY BANQUET

The Ninth annual Dairy Banquet sponsored by the Washtenaw Dairy Council and the Cooperative Extension Service will be held Saturday, March 14 at the Milan High School at 7:30 p.m.

The annual event is held primarily to highlight the dairy industry of Washtenaw County which contributes approximately one third of the total agricultural income of the county. Annual Farm Income in Washtenaw County is over fourteen million of dollars.

Highlight of the Banquet program will be a picture story recognizing twenty-one dairymen who have qualified for the 400 and 500 pound club. Their herds have averaged over 400 and 500 lbs. of butterfat per cow for the past five years. Also, recognized will be owners of cows which have over 100,000 lbs. of milk lifetime record.

The annual dairy prince contest will be held in conjunction with the dairy banquet. Any girls 15-21 years of age who have dairy farm background may enter the contest. Applications are available through all Dairy Council members, High School Home Economics Departments and the Cooperative Extension Service.

Entertainment will consist of an outstanding trampoline act provided by Qymkana of Ann Arbor. All acts in the performance have won state wide recognition for their excellence.

Tickets for the dairy banquet may be secured from James Wallace, David Gordon, James Hayes, Glen Feldkamp, Paul Wild, Stanley Gill, Robert Stuart, Ernest Girbach, David Wolfgang, Albert Gall, Chas. Baker, Harry Cetnar, Paul Chaffee, Don Weidman, Saline Merchandise, Harry Dickens Farm Supply, E. G. Mann & Sons Elevators, Farmers Feed and Grain, Milan and the Cooperative Extension Service.

Services were held in the Redeemer Lutheran Church, Detroit.

What's Your Hobby?

Like to take pictures of your pets or animals in a zoo? Snap them when they're hungry. If you try it just after they've been fed, they're likely to go to sleep. And don't worry if they won't stay perfectly still. A little motion blur adds realism and gets across a lively personality.

When you build Monogram Models, Inc.'s "Big Deuce," you're building a \$200,000 customized car. That's what the company invested in its one-eighth-size model of the 1932 Ford. Work on the car began two years ago with a trip to the Ford Museum to study a real Deuce. Then came many months of designing 284 parts and making the molds for each part. The car's special features were planned by Darryl Starbird, famous customizer who is Monogram's design consultant.

Beginning stamp collectors usually think in terms of countries. But many "veterans" specialize in stamps related to other interests. Some concentrate on medical subjects, for instance. A library in Wilmette, Ill., recently displayed a collection of hundreds of stamps associated with chemistry.

More than 60,000 Chicagoans took a close look at some of the country's wildest and weirdest cars at the recent International Championship Rod & Custom Show. Making a big hit was the "Lil Coffin" that Monogram recently added to its collection of real custom cars. The real "Big T" was there, too, along with Monogram's series of five one-eighth-size model car kits. The real "Big Deuce" couldn't be there. It was on tour in California.

Emergency Shock Treatment Steps Listed by WSU Prof.

DETROIT—Automobile accidents in Michigan during the past year resulted in over 1,500 human lives lost—many the result of shock.

- 1. Move the victim as little as possible. 2. Have the victim's head lower than his feet. This will bring the blood back to the heart. 3. Maintain the victim's normal body temperature and prevent chill by covering him with blankets, clothes or newspapers. Do not attempt to administer any liquids by mouth.

Dr. Thal advises untrained persons not to attempt any treatment involving pressure on the chest when chest injury is suspected. A summons to a physician or a professional ambulance service should be made as soon as possible after any serious accident.
