

Watch Fires! Don't Burn Without Permit

Fire chief, James Kensler, asks people in this area to be careful when burning rubbish because of the dry grass and high danger of grass and forest fires.

"It is surprising," he said, "how quickly grass catches fire—even now, and in a couple of weeks it will be worse."

Kensler noted that on March 24 Jack Conley of Conlin Rd., Chelsea carelessly set fire to rubbish and the wind swept

the fire to engulf a 200 acre area near Chelsea. He was given a \$25 fine by C. A. Rogers of Sylvan township-Justice of Peace.

The local fire chief said that similar action will be taken in the Manchester area if people fail to heed the warnings.

He advises farmers and landowners, (1) not to burn grass and (2) to be sure and obtain a permit to burn safely.

if they do intend to start fires.

"Spring burning to remove last year's dry and matted vegetation may be the easiest way to get rid of plant debris, but it also is one of the speediest ways to deplete soil fertility."

Burning robs the earth of valuable organic material. Every 100 pounds of dead, dry litter requires almost 100 pounds of phosphorus, calcium and other elements to attain its growth. These elements were removed from the soil by the roots of the living plants.

District Forester Victor G. Horvath said that, "Flowed under, or permitted to rot and return naturally, the plants give these elements back to the earth. When burned most of these natural fertilizing agents are dissipated in smoke and are lost to the land forever."

Farmers who do decide to burn off grass or to incinerate trash are warned by the forest ranger that grass and other old vegetation now is dry enough to permit rapid spread of fires, even though the ground still may be damp.

Some of the rules which fire chief Kensler suggests are:

ACT 143, P. A. 1923, AS AMENDED, PROVIDES THAT:

1. You must have a permit to have an open fire except when the ground is snow-covered, or for domestic purposes, or to protect persons or property in case of fire.
2. Any person who wilfully, negligently, or carelessly sets a fire which injures or endangers the property of another, may, upon conviction, be assessed a fine of not more than \$100.00 and costs of prosecution or imprisonment for 90 days or both such fine and imprisonment.
3. Any person who maliciously sets a fire which endangers human life or destroys the property of another, may, upon conviction, be assessed a fine of not less than \$100.00 nor over \$500.00 or imprisonment for a term of not over 10 years or both such fine and imprisonment.
4. Any person who negligently allows a fire to escape is liable for all expenses incurred by the State of Michigan in the suppression of such fire except for Department of Conservation personnel and equipment.
5. Any permit issued may be revoked if conditions are such that burning may not be done safely.

Michigan law requires burning permits for any fires started outdoors when the ground is not covered with snow, these enable the fire departments to limit conditions. The burning index takes into account such factors as wind velocity, humidity and rainfall. When the rating reaches a high-danger figure permits usually are not issued.

These permits also enable fire departments to spot planned fires on maps preventing unnecessary runs.

BRUCE DANIELS APPOINTED TO SUPT. PUBLIC WORKS

Bruce Daniels of Fremont, Michigan was appointed at Monday's council meeting as the Superintendent of Public Works. Daniels was selected from some ten applicants for the job which has been vacant for the past three years.

Daniels, who was not present at the meeting, had previously been interviewed by several of the councilmen and village president. He has worked with the Fremont Public Works Department for eight years, beginning at the bottom and working up to the position of assistant Superintendent of Public Works, a post which he has held for the past three years.

He is 34 years old, married and the father of three children ranging in age from two to six years.

Manchester has been without a superintendent of this department since Claud Gage resigned. Since that time the work has been under the direction of the Public Works Committee. According to the village president, Eugene Bentschneider, the new superintendent has been highly recommended by the City Manager of Fremont.

Until school is out the new public works superintendent will be commuting between Fremont and Manchester on weekends, rather than take the children out of school at this time. His main concerns will be the roads, sewer and water supplies of the town, Mr. Bentschneider said.

APRIL 16, 1964 MANCHESTER, MICHIGAN

10 CENTS

Citizens Meeting

Nearly a hundred citizens approved the proposed budget at the meeting of area residents and school board members Monday evening at the Nellie Ackerson School.

The proposed budget for the 1964 school year is for \$450,838. This is an increase of \$13,418 or slightly over two percent of last year's operation at \$437,420.

Treasurer Dan Boutell reported on the financial status of the district and charts were distributed showing that the Manchester district has a very small bonded indebtedness compared to other districts in the county and state. The net bonded indebtedness of the district is \$265,000 and is scheduled to be completely paid off in six or seven years.

Mr. Boutell said that the total millage as proposed would be less this coming year since the Pleasant Lake school bond issue has been paid in full.

Township Budget Approved

The budget for Manchester township this year is \$18,070 according to township supervisor, Clayton Parr. This, the supervisor said includes the total salaries of the township officers: \$1,500 for supervisor; \$1,400 for treasurer and \$600 for clerk, along with \$75 for each of two trustees. Last year's expense amounted to \$15,321.27.

Other anticipated expenses include \$3,500 to the Washtenaw Road Commission and in this sum is an allocation for money for 400 feet of calcium chloride to be placed in front of each farm house to lay the dust.

An amount of \$5,250 is earmarked for the Manchester volunteer fire department and a library budget of \$2500.

The township shows a balance of \$330.97 a year ago and the balance this year is \$790.62. The estimated income from Manchester township is \$14,028, leaving a shortage of about \$4,041. This is the money which the township is asking the allocation board for. Last year's budget was \$3,650. The increase the supervisor said, is due to this being an election year. Parr said that there is an increase in the assessed valuation of about \$64,000 in new buildings in the area.

George Johnston and Mrs. Richard Kuntz were named to serve another three year term as members of the library board and Fred Leeman was named to fill the unexpired term of Donald Dorff who resigned. The library budget for the year is \$5,178 which includes salaries, social security, building upkeep etc.

Receives Regent Scholarship

Roger Kappler, son of Mr. and Mrs. Paul Kappler has received a regent scholarship to the University of Michigan where he expects to study civil engineering. His grandparents are Mr. and Mrs. W. C. Wheeler of 227 South Dwight Street, Jackson. This summer Roger will be employed by Townsend Bottom Engineering Company of Ann Arbor.

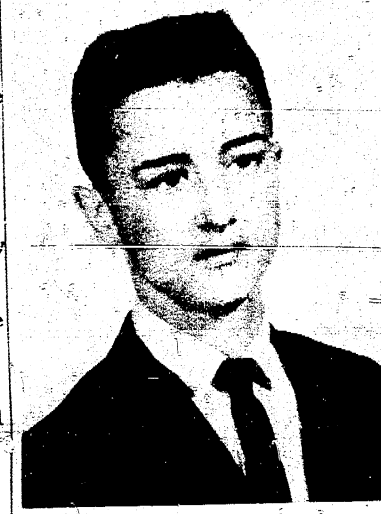

Roger is captain of the High School baseball team, and is treasurer of both the Varsity Club and High School Band. He was president of his class in the Freshman and Junior year. The high school senior played basketball and football during his four years here and is a member of the Methodist church and the church choir.

Meyers, Kirk to Compete in Regional

RAY MEYER

MICHAEL KIRK

Two eighth graders will compete in the regional oratorical contest sponsored by the Optimist Club. Winning top honors was 13-year-old Ray Meyer, son of Mrs. Marvin Meyer and the late Mr. Meyer and in close second place was G. Michael Kirk, 14-year-old son of Mr. and Mrs. Marvin Kirk.

This was the first time in

recent years that any Manchester students have taken part in the annual event. Chester Koceski, high school principal, had complete charge of the program locally. Optimist Club president, L. V. Kirk expressed the club's thanks to the principal for his interest in helping the contestants.

"Optimist Formula For Freedom" was the topic for the four-minute speeches which the boys delivered before the dinner meeting of the Optimist Club Monday evening. Judges were Mrs. Walter Vogt, Mrs. Wm. Orcutt and Mr. F. M. Reck. Points judged on included personality, speech, subject matter, organization, articulation, delivery and length of the speech.

Twelve students began to study for the contest under the direction of Mrs. Jo Lang and Mrs. Clarence Breitenwischer, teachers in the Manchester school district.

"I hope more students will take an active interest in this contest another year. We are very pleased and proud of our two winners. The boys should be commended for their courage and effort," Mr. Koceski said.

The regional oratorical contest will be held in Manchester, Monday, April 27 with dinner at 7 p.m. at the Knights of Columbus Hall here.

Reservations can be made by contacting Ed Kirk. Competing in the regional will be two contest winners from Adrian, Ann Arbor Breakfast, Ann Arbor Noon, Ann Arbor Evening, Garden City, Manchester, Monroe, Plymouth, Ypsilanti and Ypsilanti Breakfast Club.

Rabbit Show Slated for April 24, 25, & 26

The Ann Arbor Rabbit Breeders Association will hold the All Dutch Rabbit Show and American Dutch Rabbit Club 1964 Convention Friday, Saturday and Sunday, April 24, 25, and 26 at the Washtenaw Farm Council Grounds on the Saline-Ann Arbor Road, according to the club's secretary-treasurer, Mrs. W. A. Weinhardt of 17990 Bethel Church Road, Manchester.

American Dutch Rabbit Club was organized in Detroit in 1936 and this is the third National Dutch show to be held here since that time.

Registration desk will be open at noon on Friday, April 24 and at 8 p.m. Friday the board meeting will be held. Judging will begin at 6 a.m. Lunch will be served at noon. Judging resumes at 1 p.m. A banquet will be held at 6:30 p.m. at the Eastern Star Hall in Saline with a meeting following the banquet. Sunday April 26 the second Ann Arbor Dutch Rabbit Club meeting followed by lunch at noon and release of rabbits at 3 p.m.

Note of interest is that a breakfast and lunch will be available at the showroom on Saturday and Sunday through the cooperation of the ladies of the Ann Arbor Rabbit Breeders Association.

Manchester Wins Pair

Smashing out 21 hits and scoring in all except two innings in each game, Manchester High School's baseball team boasted a 3-0 record following a doubleheader sweep Saturday over Owosso.

The Flying Dutchmen won 14-4 and 10-7 as Ron Panches had a double and single in the first game good for two runs batted in and a triple and two singles in the second and an RBI, Eugene Hoover drove in six runs, three in each game. He singled in the opener and had a double and a single in the nightcap.

Ray Wooster hit two singles and three RBIs in the opener and Rich Frieski three singles and three RBIs and Cletius Marshall two singles in the second.

Jerry Ahrens and Roger Kappler each had double in the first game, in which Dutch hunter Carl Miller struck out 12.

SUPT. SPRINGSTEEN REPORTS TO CITIZENS

A report was distributed showing how the receipts from the one mill earmarked were being used. It was pointed out that need exists in the area of library, science and math and if the one mill earmarked can be continued these areas can be improved. The one mill proposal would permit the use of educational television on a limited basis for evaluative purposes.

Supt. Springsteen also pointed out the need for additional facilities to relieve the crowded conditions at the high school. It was pointed out that in specialized areas such as the music room, locker rooms, library and science laboratory available space is not adequate to meet the increased demands.

If it is the decision of the voters to continue the one mill earmarked for improvements the breakdown might include the following: Additional library and reference purchases amounting to \$2,000; supplemental reading program of \$800; cataloging the junior high library, \$1,500, and shelving for junior high and high school libraries \$600.

FIRE BURNS 50 ACRES

The Manchester fire department was called to the Frank Lawson farm four and a half miles east of Manchester at 9590 Kies Road, when they were burning over property to clear a field on Sunday about noon. Fire chief, James Kensler said Mr. Lawson had obtained a permit to burn but the fire roared out of control and burned about fifty acres belonging to the Lawsons, Frank Ashton and Herbert Schott before the fire department brought it under control.

A ten acre area burned Saturday when a trash fire caught fire in a field. The fire started at the Robert Werich residence.

The local chief again asks everyone to be most careful when burning because of the very dry weather. It is very important to get a burning permit when burning over property.

GEORGE J. KLAGER
George John Klager, 90, of 4910 Saline-Ann Arbor Rd., a life-long resident of Lodi township died Wednesday afternoon at Saline Community Hospital following a three-day illness.

He was born March 25, 1874 in Lodi Township. He was the son of Christian and Caroline Reichert Klager.

Mr. Klager married Julia Blaes Sept. 23, 1897 in Saline township. She died Jan. 23, 1938.

He is survived by two sisters Mrs. Pauline Ayres of Pasadena, Calif., and Miss Emma Klager of Washington, D. C. and several nieces and nephews. He was preceded in death by a son, Arthur, who died April 25, 1963 five sisters and two brothers.

Arrangements were made by the Bahmiller Funeral Home of Saline where the body was taken.

LOCAL BOYS LEAVE FOR SERVICE
David Walton left April 7 for service. He is the son of Mr. and Mrs. Tom Walton. Charles Schiel, son of Mr. and Mrs. Floyd Schiel left at the same time. Both went to the Induction Center at Ft. Knox, Ky.

Back row (1 to r) Mrs. Mary Weidman, Mrs. Clark Bertke, Mrs. Wm. McHugh (visitor from Berkley) and Mrs. Roy Lowery.

Marie Schneider Manchester MOMS will observe National MOMS Week April 19 to 25th. During that time they will have a window display showing some of their work at the Gamble Store. First known as the Mothers Service Club the local organization started September 14, 1943 with Mrs. M. H. Wolfe the first president; Mrs. Roy Lowery vice president; and Mrs. Anna Middlemiss the treasurer.

On November 7, 1944 the group became known as the MOMS (Mothers of Men in Service). The first meeting was held in the Wolfe Shoe Shop and the reorganization took place with Mrs. Wolfe again selected as president. Mrs. Lowery was first vice, Mrs. Arthur Jenter, second vice president and Mrs. Glen Snyder the third vice president. Mrs. Claren Knauss was recording secretary; Mrs. Albert Herman, corresponding secretary and Mrs. Byron Harris the financial secretary. Mrs. Frank Lowery were Mrs. Charles Wurster, Mrs. Celia Fielder and Mrs. George Grossman.

BURNING PERMITS CANCELLED

Don Boyer, Wheaton County Conservation officer announced Thursday that every fire chief in the county is cancelling all fire burning permits until there is a definite change in the burning index which Thursday was as high as 65 in the Dexter area. This officer pointed out is at a highly explosive index and extremely dangerous. The Dexter fire department has had 13 calls within a very short time and some fires have burned over very large areas.

Mr. Boyer pointed out that with the present conditions it is possible for a fire to jump 40 feet from one area to another and residents of the county cannot be too careful about burning at this time. James Kensler, Manchester fire chief said that Manchester has been very lucky and had no serious fires since the one started Sunday about noon and burned over 50 acres before it was brought under control.

James A. Poutler, 33 years, of Dexter, pleaded guilty Wednesday for starting brush fires on his farm, which got out of control. He was sentenced before Sylvan township Justice of Peace, C. A. Rogers and paid a fine and cost of \$20 the conservation officer said. Poutler pleaded guilty.

The Manchester fire department answered a call when children were seen to start a fire near the old cement plant Tuesday at the south side of town but the firemen were able to extinguish the fire before it reached a heavily wooded area.

nursery at the VA hospital in Ann Arbor on Sunday. The MOMS haven't spent all their energy on the out-of-town projects either. They have been doing much work while work on the home front. To date about 50 books have been placed in the Manchester township library in memory of service men and their mothers.

It was the MOMS club who worked tirelessly to keep Carr Park as a village park. This was one of their "big" projects. That was in 1951. Mrs. Roy Lowery was the local MOMS chairman who asked people to contribute shrubs, trees and plants to the park. All of this was done with the approval of the village council who engaged the Schebor Nursery to landscape the Park. Boy Scouts and FFA boys helped set out the trees.

Again it was the MOMS who came through to help the village when it was decided that some type of memorial was in order for those who gave their lives in World War II.

The field stone memorial which stands in the Memorial Park next to the Main Street bridge was brought in by Truesdale of Tecumseh and the plaques with the names of service men was placed there. Each Memorial Day and other times during the year flowers are placed there by the MOMS.

Yes, this group of women deserve credit for adding in a great number of ways to the welfare of the community. Their work for the most part is little heard of-only those they have helped know how tirelessly they have worked to serve Manchester as well as at the Veterans hospitals. Sunday they plan to attend church services together at the Baptist Chapel-this in recognition of MOMS WEEK!

WIN SALES TRIP

Mr. and Mrs. Ray Tirb have returned home after five days at The Homestead, Hot Springs, Virginia as guests of the Chevrolet Motor Division for best winners in the January-February sales contest.

They were in a group with Mr. and Mrs. Louis Schneider, area winners from Tecumseh. Planes were grounded at Hot Springs when the appointed hour came for departure and the guests were taken by bus to another city where they left later by plane to fly at 16,000 feet to keep above the storms which were pelting the area.

Before leaving, the pay-off came when Mr. Schneider placed a "collect call" to his garage in Tecumseh. The operator was told the garage was not accepting any collect calls during the absence of Mr. Schneider. After some explaining the voice at the other end of the line realized the "boss" was on the phone.

DOGS MUST BE TIED EFFECTIVE NOW

Conservation officer Don Boyer issued a warning that dogs are not to run at large even with their owners who might be training them. There is a county guarantee on them all during the nesting season of pheasants and other wild life. Running of dogs is absolutely prohibited from April 15 to July 15.

Of course, all dogs in the villages are to be tied at all times. Otis Williams of Ypsilanti and Harmon C. Kiser also of Ypsilanti paid fines of \$20 and cost for running dogs at night April 15.

PRUDEN STEEL FRAMED CATTLE SHEDS PROVIDE CLEAR SPAN MANEUVERABILITY AND VERSATILITY

BRIDGEWATER LUMBER CO.
8370 Boettner Rd. Bridgewater GA 8-3039

Ten foot cantilever roof overhang is useful to provide shelter when manger is located along the face of frame leg. It is also used along the open side of a cattle shed to keep rain and snow out of bedded areas as well as to provide more shade in summer.

Pruden frame sheds are frequently used to shelter cattle in one end, and to store hay in the other. This building near Brussels, Wisconsin, uses the roll type of metal roofing on wall as well as roof.

This hay storage building may be converted to a dairy cattle shed when herd is expanded, and then the post-free interior will be much more important. This points out the importance of farm buildings being adaptable for alternate uses. Who knows for sure what the use will be ten or even five years ahead?

Hay is fed directly into feed bunk under cantilever. Note how hay can be "packed to the peak" where there are no internal posts, ties or framework in the usable storage area.

MAKE A CROP MAP. By using a map of your cropping and fertilizer program you can see at a glance what has or needs to be done. Excessive use of herbicides and insecticides makes it especially important to record rates and materials used. This will help in planning a crop and chemical rotation to avoid possible residue buildup, damage to crops or insect resistance. At the end of the year, take your map away as a permanent record.

IMPROVED HOG PRICES by late April and continuing through summer are likely based on latest USDA estimates. The winter pig crop in the Corn Belt was 5 percent smaller than last year. Look for a 50c to 75c rise by late April and possibly another \$1 to \$1.50 by early June. Profitability for expected strength appears profitable. Carry hogs to around 230 pounds.

WHEEL SLIPPAGE. Your tractor is weighted about right when slippage isn't more than 10 percent or when tire tugs creep slightly as you plow. When slippage is excessive raise the drawbar to transfer weight to the rear wheels. To avoid danger of too much weight transfer don't raise it over 19 inches. If more traction is needed, add more weight.

SOYBEAN LODGING and problems with combining are often caused by planting too thick. Stands planted with six to eight plants per foot of row. Plan this season's planting rate accordingly, taking germination into account.

The RIGHT COMBINATION

Millions of modern homemakers have discovered that using the services of a locker plant with their home freezer is a combination that really pays off. The home freezer provides the convenience of having foods in the home — and the locker plant takes care of processing and supplementary storage needs. This means more convenience, less work and real economy.

Join the hundreds of families in this community who know and use the right combination.

Postmaster At Training School

Postmaster George Merriman of Manchester has returned from Lansing where he attended a three day school of training for postmasters held April 5, 6 and 7.

Postmaster Merriman noted that there were smaller classes, longer class periods and the workshop method instead of lectures, all contributed to making the school worthwhile.

The training school for postmasters is part of Postmaster General John A. Gronowski's program to insure that the postmasters are trained in the latest methods of management and are given an opportunity to receive answers first hand from Regional and Departmental Post Office Officials on complex problems inherent in operating an efficient post office in the 20th Century.

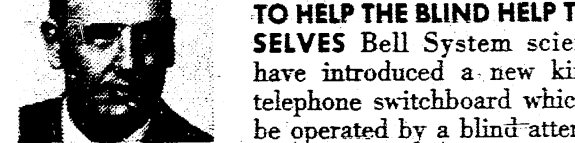

Some of the major topics covered in three hour workshop sessions Postmaster Merriman stated were:

TO HELP THE BLIND HELP THEMSELVES Bell System scientists have introduced a new kind of telephone switchboard which can be operated by a blind attendant. This opens up new job opportunities for the blind. The new device converts the light signals of the conventional switchboard to sound signals. Other recent Bell System devices to aid the handicapped include a volume-control handset for the hard of hearing, and an electronic larynx for those who have lost the power of speech.

WELCOME A PRINCESS into your life! A Princess® telephone, of course... the littlest and loveliest of them all. Any room is the room for you: Princess phone. Where it's dark, the dial lights up. Where space is scarce, its compact size fits beautifully. And there's a color to catch or complement any decor. To welcome a Princess phone into your life, just call our Business Office—or ask your Telephone Man.

ASLEEP ON THE JOB! Ordinarily there's no more tireless friend or servant than your family telephone. It works around the clock, year in and year out. One of the few exceptions is when you make it "go to sleep on the job"—by failing to hang up the receiver properly. When that happens, friends can't reach you on the phone. So whenever you hear a buzzing sound coming from your phone, check it at once. Someone must have forgotten to put the receiver back on the "cradle," where it belongs.

ANNUAL MEETING FEDERATION OF WOMEN'S CLUBS

Washtenaw County Federation of Women's Clubs will hold its annual meeting and spring luncheon Monday, April 20 at St. Paul's Lutheran Church, 420 West Liberty Street in Ann Arbor. Registration will begin at 10 a.m.

Reports of member clubs, election of officers and ratification of constitutional revisions will highlight the morning's business session. At the 12:30 luncheon, past presidents of the Federation will be guests of honor. The Rev. Kendall W. Cowling, Minister of Education and Youth Work at the First Methodist Church in Ann Arbor will be speaker of the afternoon. Rev. Cowling was Conference Director of Youth Work for the Michigan Conference of the Methodist Church for two years so he will speak from a wealth of experience on the subject "Young America Today".

Mrs. Lee Dare Young is program chairman for the day and hostesses will be members of Ann Arbor Zonta Club. The meeting is open to all affiliated club members of Washtenaw County and their guests.

Mr. and Mrs. Carl Wolff of Parma were recent visitors of Mr. and Mrs. Roy Lowery.

COUPLE WED IN CHURCH RITES

Susan Ann Walter and James Alvin Settle exchanged their wedding vows Saturday at high noon at St. Mary's Catholic church with the Rev. Fr. Raymond Schlinkert reading the double ring service. The church was decorated with hampers of white mums and glads.

Given in marriage by her father, Donald Walter, the bride wore a gown of Chantilly lace over satin with a fitted bodice, sweetheart neckline, long sleeves which ended in points at the wrist. The floor length full skirt was accented with ruffles of net edged with lace. Her elbow length veil of illusion was held by a crown of pearls and she carried a colonial arrangement of white baby mums and a white rosary.

Anne Thornton of Ann Arbor was maid of honor. She wore a ballerina pastel blue satin dress with a lace jacket and lace bodice. A crown of pearls held her matching veil of illusion.

The bridesmaids were Sharon Walter of Manchester, sister of the bride, Mary Kay Schible and Mrs. Roger Fein of Manchester, and Jean Brooks of Ann Arbor. Their gowns were identical to that of the honor attendant except their matching illusion veils were held by blue flowers.

IMMUNIZATION CLINIC UNDERWAY IN COUNTY

All attendants carried white colonial bouquets of baby mums. The couple's parents are Mr. and Mrs. Donald Walter of 19991 Boetger Road, Manchester and Mrs. Carl Settle of 1805 Pauline Street, Ann Arbor and the late Mr. Settle. Ronald Walter, Manchester, brother of the bride served as best man and ushers were Roger Fein, Ann Arbor, Terry Ayers and Tom McNutt of Manchester and William Winkler of Ann Arbor.

A reception for 175 guests was held immediately following the ceremony at the Knights of Columbus Hall here. Mrs. Kenneth Brokaw of Manchester cut the wedding cake and Judy Walter, Manchester and Deborah Garrison of Adrian poured. Diane Garrison of Adrian had charge of the guest book.

For her daughter's wedding Mrs. Walter chose a brown lace dress with white accessories and a corsage of yellow orchids. Mrs. Settle wore a blue brocade with pink accessories and a white orchid corsage. The couple left on a wedding trip in northern Michigan and when they return will live at 11535 Pleasant Shore Drive, Manchester after April 18.

Both are graduates of Manchester. The new Mrs. Settle is attending Practical Nursing School, affiliated with St. Joseph Mercy Hospital in Ann

Don't Burn Without Permit

ACT 143, P. A. 1923, AS AMENDED, PROVIDES THAT:

1. You must have a permit to have an open fire except when the ground is snow-covered, or for domestic purposes, or to protect persons or property in case of fire.
2. Any person who wilfully, negligently, or carelessly sets a fire which injures or endangers the property of another, may, upon conviction, be assessed a fine of not more than \$100.00 and costs of prosecution or imprisonment for 90 days or both such fine and imprisonment.
3. Any person who maliciously sets a fire which endangers human life or destroys the property of another, may, upon conviction, be assessed a fine of not less than \$100.00 nor over \$500.00 or imprisonment for a term of not over 10 years or both such fine and imprisonment.
4. Any person who negligently allows a fire to escape is liable for all expenses incurred by the State of Michigan in the suppression of such fire except for Department of Conservation personnel and equipment.
5. Any permit issued may be revoked if conditions are such that burning may not be done safely.

SOCIAL SECURITY CHECKS HELP STABILIZE ECONOMY

One out of every 13 residents in Washtenaw is now receiving monthly social security checks, according to Robert A. Kehoe, Ann Arbor Social Security District Manager. His report listed the number of Washtenaw beneficiaries at 12,682 at the end of 1963, an increase of 685 over the corresponding figure at the beginning of 1963—in dollar benefit more than a \$11 million yearly figure.

There are 7,075 retired workers in the county—the largest single group of social beneficiaries. Their checks total \$855,757, monthly.

Kehoe said that it is a fact that the social security benefits are important to the community as well as to the people who receive them because almost every dollar of the benefits is spent each month in local businesses for food, clothing, shelter and other essentials. In this way the benefits have a stabilizing effect on the local economy, Mr. Kehoe said.

Kehoe forecast that the number of social security beneficiaries will continue to increase in the future, but at a much slower rate than in the past ten years. He said that, nationally, the social security benefit rolls increased from about 5 million people in 1954 to more than 19 million at the end of 1963. This rapid growth in the beneficiary population resulted from major amendments to the Social Security Act from 1950 through 1961.

He cited several amendments which extended social security coverage to self-employed business and professional men, farmers and agricultural workers and other groups. As a result, several million people whose work was brought under social security are now receiving benefits. Others qualified through amendments which reduced the amount of work needed to get benefits. One change—lowering the age at which older people can get benefits from 65 to 62—accounts for 1.8 million out of the 19 million people now entitled to benefits. The amendments also introduced a new protection under social

4 ELECTED TO BOARD OF COMMUNITY CHECKS

Board members elected to the Manchester Area Community Fund Board at the Annual Meeting included Mrs. James Baker, Edward Gallo-way, Fred Lerman and Stanley White. Representatives of six of the sixteen local organizations attended the meeting, and ten recipients of the fund were present to report on the activities of their past year.

Louis Vogel, treasurer, reported a balance on hand of \$550.43. The amount collected to date in the 1963-64 Drive was \$9,076.07. The distribution this year to forty-seven agencies and twelve neighboring area community chests was \$10,584.19.

The organizational meeting of the new board will be April 16 at 8 p.m. at the Nellie Ackerson School.

In Michigan... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

"Spring Into Cleaning"

Let out the old and bring in the new—that's the motto of the Spring house cleaner. It's time to get organized—so take down those curtains, pick up those rugs, remove that bedspread and clean out those closets.

How to begin? Using common sense is a good way! Making a list of everything you need to do can be the first step. Organizing household items will make Spring cleaning easier.

From the bottom up, rugs are always the toughest chore to tackle. Next come bedspreads, curtains and drapes. Put pesky scatter rugs and light curtains in one pile, with heavier, large-sized things in another. Taking one room at a time is also a good system.

If you're like most women, you'll find that closet-cleaning means "discoveries." There's that old lace tablecloth . . . and the fuzzy bath set . . . and the crocheted table-centerpiece you don't want to throw away. But the trouble is, how to use them? They look so old and faded.

One answer to your problem is just down the street or around the corner at your self-service drycleaning center. And there's good news this Spring in drycleaning. More and more coin laundries and cleaners now offer fast, 15-minute drycleaning in cleaning Fluid. You can mix clothes of any colors—even clean leather and suede—in this fluid, and it's just as economical for the housewife as conventional solvent. That fast cycle takes only a third as long as most cleaning machines. That means more time to do other household tasks or even snatch some spring sunshine.

Surprise your guests with oval ice cubes. Just fill a plastic egg tray with water and freeze.

When entertaining, use the range clock timer as a signal to put on vegetables or potatoes. It eliminates clock watching, saves trips to the kitchen.

To remove vegetable stains from aluminum pots, fill them with water up to the stain line. Add a heaping teaspoon of cream of tartar for each quart of water and boil.
