

### MICHIGAN BELL (cont.)

Rate reductions and service improvement savings totaling nearly \$7.5 million annually for customers of the Michigan Bell Telephone Co. were announced by the Public Service Commission.

Peter B. Spivak, Commission Chairman, said the total program was worked out cooperatively through the combined effort of the commission and Michigan Bell and will go into effect as soon as possible.

In addition, Michigan Bell is increasing the size of its construction program for the second time this year to keep pace with the state's booming economy. With a new \$3.3 million boost Michigan Bell's total outlay for 1964 will now amount to \$96.4 million—up more than \$8 million over last year.

It is estimated that more than 400 jobs have already been created in the state as the result of the stepped-up spending program and increased volumes of telephone usage.

"The savings to customers of about \$2.4 million on the 30 million toll calls of 20 miles or less that are made annually.

An expanded optional service providing broad toll-free calling privileges for customers in the Detroit Metropolitan area.

A new budget service that will offer residential service for less than 10 cents a day.

The toll reduction will make it possible to talk longer for less on calls up to 10 miles and to talk longer at present rates on toll calls of 10-20 miles. These "short-haul" calls represent 35 per cent of all toll calls placed within Michigan.

For toll calls of 10 miles or less, the charge for the initial period will be cut from 15 to 10 cents. In addition, the initial period will be lengthened from three to four minutes and the overtime period will be doubled from one to two minutes.

As a result, it will be possible to talk six minutes for 35 cents on a call that previously cost 30 cents for six minutes.

The same increases in the time periods will apply to toll calls from 10-20 miles.

Known as "metro-21," the broadened metropolitan service will enable customers to call as often as they wish and to talk as long as they like to telephones throughout the metropolitan area for a flat monthly charge of \$12.95. The service, to be available in Detroit and 79 suburban communities, will be in effect for 21 hours daily—from noon to 9 a. m. at the present rates.

The new budget service will offer a two-party residential telephone with an allowance of 20 local calls for \$2.75 per month in the Detroit area and \$2.25 per month outstate. In the Detroit area, subscribers will pay 8.4 cents for each message of the basic allowance. Outstate over-calls will be charged at the rate of 10 cents per message.

### MEMORIAL DAY PARADE, CONKLIN BUILDING GONE

Memorial Day parade will start at 9:30 a. m. at the Main Street Bridge. Leading the parade will be members of Emil Jacob Post 117 who will note quite a change for one of the landmarks next to Memorial Park at the bridge is being torn down to make way for a new parking lot.

The exact age of the building isn't known but early files of the Enterprise mention the building as early as Sept. 30, 1875. Dr. A. Conklin built the frame structure for his office building. That was in the days of the wooden sidewalks, for in one of the 1875 Enterprises, the editor, Mat. Blosser noted there was a loose board in the walk in front of Dr. Conklin's office which needed repair. In an old biography of the early settlers it mentions him coming here from New York State in 1832. He was president of the village and held several village offices as early as the 1850's.

The Manchester township library was moved to the Conklin building, March 11, 1909 and those who wanted to use the library in the mid-twenties were seen going in and out of the Conklin building. Sometimes the library was upstairs and then later it was moved to the ground floor. In 1942 the Conklin Building was the meeting place for the Ford Union members and at the same time the MOMS met there once a month. Then there was the time it was used for Christian Science Services. But late years it was made into a two-family apartment house.

But all through the years the memorial parade started in front of the Conklin Building, next to Main Street Bridge. The place where the building stood and an area to the north will be the new parking lot for the supermarket next door. Spokesman for the group of local business men who bought the Conklin Building say that the entire tract of land will be at street level and that the Memorial Park area, belonging to the village will also be raised. This will mean moving the memorial monument—which reportedly weighs about seven ton and is buried about five feet underground at the base.

Vice-commander Charles Steele will give the address at the bridge in memory of those who gave their lives in the Navy. Sgt. at

### GIFT TO VILLAGE

At Carr Park Mrs. Willard Hanks hands Eugene Bentschneider, village president, the deed to the two and a half acre parcel of land which extends the 441.88 feet wide across Carr Park, a gift from the Leeson family. Lauren Leeson (right) and Public Works Superintendent, Bruce Daniel (extreme left) and Basil McGuire, Chairman of the Public Works Committee, look on.

Carr Park will be enlarged. A strip of land 230 feet deep by the width of the park—441.88 feet, which was a part of the Leeson property has been given to the village by Mrs. Frank Leeson and her children, Mr. and Mrs. Charles Leeson of Lansing, Mr. and Mrs. Willard Hanks and Mr. and Mrs. Lauren Leeson of Manchester and Mr. and Mrs. Robert Leeson of Baldwin.

Lauren Leeson and Mrs. Hanks gave the deed to village president, Eugene Bentschneider, for the parcel of land which is about two and a half acres. Mr. Leeson said, "The few hundred feet of land on the same width as the park is a projected strip of land on the Leeson farm and extends the park up and over the crest of the hill. It just seemed the natural lay of the land—that it should be included in the Carr Park area."

The land is overgrown with small trees. The Leeson family sold 100 acres of their farm and retained about 10 acres for family use. The village was given Carr Park (about 11 acres) by Cornelius Carr and his widow, who had no family and believed it would be an ideal location for a park. It has been in the limelight for the past several years because of extensive improvements.

L. P. Wurster, who was first appointed by the village to work to improve the area said, "It was fine of the Leeson family to add this area to the park and I can readily see where Lauren sees the natural boundary between the Park and the rest of the farm."

#### 9 MILLS GRANTED TO MANCHESTER

Washtenaw County Tax Allocation Board granted 4.8 mills of taxing power to the county and 9.19 mills to the Ann Arbor School District, a split that can force voter approval of 3.37 extra voted mills on June 8 ballot. The Washtenaw County Tax Allocation Board will hold a final hearing regarding the maximum tax rate to be allocated to each local unit for 1964 taxes on May 27 in the Washtenaw County Building. Ann Arbor and any local unit could make objections at that time.

County Allocation was increased from 4.692 to 4.8 mills while school district's allocation was decreased from 10.24 mills to 9.12 mills. The county budget of \$4,171,176 requires an allocation of 5.228 mills, and the school district budget of \$9,160,180 requires approximately 13 mills in addition to the 5.4 extra voted mills now in effect.

Allocation to county schools include Manchester 9 mills; Saline 9.16; Whitmore Lake 9.53; One Fractional Salem (Was-Oak School) Three Salem and Six Salem all 10.12.

These include Chelsea, Dexter, Willow Run, Ypsilanti, Lincoln Consolidated, Three Fractional, Ann Arbor (Braun School), Two Superior (FRAIN's Lake School and Four Fractional Superior (Geor School). Townships which were allocated millage include Ypsilanti, Superior and Dexter, which were granted the maximum one mill. #### STUDY COMMITTEES TO DETERMINE SCHOOL NEEDS

How do you determine what the needs of a school system are?

From four study committees and put them to work, says Dr. Ray Kehoe, of the University of Michigan.

Dr. Kehoe, chairman of a committee which helps citizens in the area in their school planning programs, told a group of citizens here that four committees would be needed to: Study the population and finance trends and study the elementary, junior and senior high curricula, buildings and building sites.

The committees would work from June 15 until school begins in the fall. People interested in participating in this study are urged to contact the general co-chairman, Mrs. Louis Vogel and William Hamilton.

Dr. Kehoe said the study committees should complete their work by mid-January. Each study group in the meantime would report their findings and make recommendations at committee meetings at least every two weeks.

Their recommendations and suggestions would then be studied by Dr. Kehoe's committee, which in turn would make recommendations.

## AGRICULTURAL LEADERS TO TOUR EUROPE & RUSSIA

A 14,000 mile, 21-day tour, visiting 10 cities and nearby farms in six countries, on both sides of the Iron Curtain, is scheduled for Michigan Agricultural Leaders and their wives this fall. The delegation is operating under the People-to-People Goodwill Travel Program. John Doneth, project leader of Farm Management Extension at Michigan State University, is serving as tour host and will be accompanied by Mrs. Doneth.

The including of the wives is a special feature offered for the first time with this year's agricultural group. Enrollment will occur up until the delegation briefing session which will be held in early June, unless membership reaches maximum prior to then. Pre-enrollment indicated many men going alone but also 11 wives will be accompanying their husbands. The itinerary includes the countries of Belgium, Holland, Russia, Poland, Switzerland and Germany including visits to key cities such as Brussels, Amsterdam, Moscow, Kharkov, Krasnodar, Warsaw, Zurich, Berne and East and West Berlin.

The Wolverine State Leaders will depart New York on August 31 and return September 20. Many of the delegates will also take advantage of an optional offering leaving Michigan two days early, on August 29, in order to visit the New York World's Fair and the United Nations.

Farmers, credit people serving farmers, machinery and hardware dealers, veterinarians, processing and milling people, and other agricultural leaders are all being included to exchange ideas at first hand and extend a personal message of goodwill to those in similar occupations in other lands.

## ACCIDENTLY KILLS WIFE WITH SHOTGUN

A 72-year-old Freedom Township woman was accidentally shot and killed Saturday night by her husband who was shooting a stray cat.

Sheriff's Detective Sgt. Harold E. Owings Jr. said Mrs. Viola L. Burmeister of 6071 Steinbach Rd. died from a head wound inflicted by a single charge from a .20 gauge shotgun.

Officers said Mrs. Burmeister's 71-year-old husband, George, told them he had seen a stray cat in his tool shed near his home about 8:15 P.M. Saturday. Burmeister said he got his shotgun and walked around the south side of the house until he reached a corner near the front of the building where he spotted the cat.

He said he aimed the gun at the cat and as he pulled the trigger Mrs. Burmeister stepped around the corner of the house. The charge struck her in the front of the head, killing her instantly.

No charges were filed but a prosecutor's spokesman said the case would remain "open" pending completion of the investigation.

COMING EVENTS  
Women's Guild of the Bethel Church at 1:30 p.m. Monday, June 1.

FROM THIS DAY FORWARD

No one knows if the members of this class will be rich or famous. That does not matter. What does matter is that you remember always that God created you in a remarkable manner. You must ever live up to the nobility to which you were called. Think of God who ever sees you. Follow your conscience-your 'right reason' telling you what to do and what to avoid. Remember your duty to your fellow-man.

Then, when this Class re-assembles in Heaven, God will reward you. This reward will come if from this Graduation Day on you will say and will act upon this principle: In the sight of God, in the form of my conscience, in the eyes of my fellow-man I AM RESPONSIBLE!

FR. SCHLINKERT'S BACCALAUREATE ADDRESS

A very large crowd attended the Baccalaureate services held Sunday, May 24 at the High School. Speaker was the Rev. Fr. Raymond Schlinkert, pastor of St. Mary's. His topic was "I Am Responsible" because many have inquired if he would be in print we asked the television priest for it. It follows:

I AM RESPONSIBLE

I am responsible to God because he has made me wonderfully I am responsible in the form of my conscience I am responsible in the eyes of my fellow-man

HUMAN BEINGS ARE DIFFERENT

Yet there is something which makes the humanity different from every lower creature on this earth. That difference is my immortal soul. Because of this soul I have two wonderful powers which I know the truth is to choose the good. Thus because I am this endowed I am responsible. I must seek the truth. I must do what is good. Beware of those who would deceive you. How often do people in a trap beneath the dignity of their nature and say "It's only natural." When I act as if I were a brute animal it is NOT natural. In fact it is contrary to my nature. I am nobly made. I must act in accordance with my dignity. Whenever I am, at any time, alone or with others God always sees me. Any my conscience which is "right reason" telling me what to do and what to avoid" must be followed.

AND IN THE EYES OF MY FELLOW-MAN

I am responsible, too, in the eyes of my fellow-man. No person achieves his salvation alone. Other persons are dependent on me. I am responsible for respecting their rights. Long centuries ago Cain, the murderer, asked God, "Am I my brother's keeper?"

That hollow question hangs down the years. The question was never answered. It need not be - for we know the answer. Like it or not, my acts affect my fellow-man. I AM involved. The world is trying out for persons willing to say, "I accept the responsibility. Two examples will prove this:

Recently in New York City, a woman was murdered. The killer struck and killed her a number of times. From the first attack until the last and fatal blow, three hours of fighting and arguing passed by. This took place just outside an apartment house. Dozens of citizens heard the commotion. NOT ONE person notified the police! Or questioning they said, "We don't want to become involved."

Our very vital defenses are threatened by a lack of responsibility. Only today, in a nationally syndicated article, we learn that the back-up depends on a system space-fighter had 700 malfunctions. Over five-hundred of these were traceable to faulty workmanship!

NO-ALLEN THE

What we need is more persons of the caliber of an Eisenhower. On D Day there was assembled the largest armada of naval vessels ever seen. They were in the English Channel, ready for the invasion of Normandy. Walking up and down was General Eisenhower. In the pocket of his jacket was a memorandum which read: "In the event that this invasion fails, I want it clear that I assume full responsibility." (Signed) Dwight D. Eisenhower.

Your class motto says that "we build the ladder by which we rise." Be assured that the first rung of that ladder is responsibility.

FROM THIS DAY FORWARD

No one knows if the members of this class will be rich or famous. That does not matter. What does matter is that you remember always that God created you in a remarkable manner. You must ever live up to the nobility to which you were called. Think of God who ever sees you. Follow your conscience-your 'right reason' telling you what to do and what to avoid. Remember your duty to your fellow-man.

Then, when this Class re-assembles in Heaven, God will reward you. This reward will come if from this Graduation Day on you will say and will act upon this principle: In the sight of God, in the form of my conscience, in the eyes of my fellow-man I AM RESPONSIBLE!

GLENN MANN AT CONFERENCE

Glenn Mann of the E. G. Mann & Sons Mill is attending a dealer training conference at Decatur, Ind., for Master Mix dealers of Central Soya's McMillen Feed Division.

Feed dealers from several states are attending the conference, which offers dealers and their representatives a review of successful feeding and management programs for poultry and dairy producers. Improved customer services are also being discussed.

At the conference, emphasis is placed upon practices which will enable dealers to better serve dairy and poultry producers in the efficient production of milk and eggs.

Among the speakers at the four-day conference are specialists in feed research and nutrition.

The Business and Professional Women's Award went to Nina Strang. This B.P.W. award will be discontinued in the future and will be added to the Citizens' Scholarship Fund.

This year's officers for the Foundation are president, Lilli Ann Ayres; vice president, Charlotte Timmerman; treasurer, Ethel Griffin and secretary, Gertrude Fielder.

On the Awards Committee were Phillip Mains, chairman, assisted by Chester Koceski, Richard Kuntz, Stanton Roesch, Wm. Purfield, M.D., and Franklin Reck.

Dorothy Purfield and Phillip Mains received certificates of appreciation for their contribution toward the establishment of a better educated and community oriented citizenry.

The aim of the Scholarship Fund is to aid any student graduating from Manchester High School who needs financial assistance to go on to higher education whether it be a four year college course or trade school.

The student who applies for this money receives it on a point system the same as other scholarships. The ones with the highest points receive first chance to receive the amount of request up to \$500 a year. This can be renewed if needed for the four years.

The money is not a gift to the student but an interest free loan to be paid back to the foundation when the student is working.

It takes a lot of money to complete this project. The cooperation of the community is needed—and the help from every organization. Many donations were given this year, from one dollar to fifty, and those who contributed \$100 or more received a Scholarship Certificate.

Those working on the project ask that business people remember this worthwhile project when they budget their contributions next year.
