COULD THIS INDICATE TREND FOR ELECTION?
 In an effort to stimulate some interest at the Community Fair last week one of the local insurance men decided to hold a straw vote to see who folks in the area really favored for president and governor. It created a lot of interest and the votes were counted every couple of hours and announced over the loud speakers so that those on the fair grounds could keep tally of the results.

Manchester, which is primarily a Republican community, must really vote for the man rather than the party. The other alternative could be that the local folks didn't vote, but this latter assumption seems quite unlikely.

The final tabulation was: Johnson 613 and Goldwater 225. For governor the vote was 690 for Romney and 147 for Staebler.

JAYCEES TO MEET NEXT THURSDAY
 Manchester Jaycees will hold their first dinner meeting of the year Thursday, September 17 at 7 p. m. at Driftwood Inn, Clinton. Howard Heath of WPAG radio station will be the guest speaker. New officers taking over at this time will be: president, Keith Doelker; vice president, David Little; secretary, Richard Knouse and treasurer, Stan Wynn.

On the Board of Directors will be Gary Brokaw, Larry England, James Lyon and Ronald McNally.

Business and Professional Women will meet with Mrs. H. C. Ayres at 7:30 p. m. Monday, Sept. 14.

HELP YOUR SAFETY PATROL

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

Schools have reopened and that means the safety patrols will be helping to protect children going to and from school. But youngsters still will be playing outdoors in the after-school hours. Motorists can help by being especially careful in residential areas between 4 and 6 p. m. where children may be playing football and other outdoor games. To remind children that they, too, should be careful, the Automobile Club of Michigan has distributed 17,000 copies of this poster to schools throughout the state.

ETHEL MISSION FESTIVAL SET

The United Church of Christ in Hudson Township will hold its annual Mission Festival on Sunday, Sept. 20 with services at 10 a.m. and 7:30 p.m. with speakers from the staff of the Michigan Conference of the United Church of Christ. Dr. Duane N. Vore, of East Lansing, Minister and executive officer of the Conference will address the morning congregation on the subject "God's Chosen People". Vore came to his present office from the pastorate of the First Congregational Church of Battle Creek. A graduate of Yale Divinity School he served parishes at Norfolk, Va. and Los Angeles before coming to his present parish which he commutes the work of over two hundred congregations. Vore also serves on the Governor's panel for ethical and moral concerns. Rev. Arlie E. Porter of Detroit will speak at the evening service. Formerly pastor of the First Congregational Church of Detroit, he was active in a self-study conducted by 15 congregations of that city. A year ago Porter was called under the auspices of the Michigan Board of Homeland Ministries to the Board of Homeland Ministries of the denomination. He has been especially concerned in building and assisting parishes where there has been a rapid shift of population. Several parishes are now working on an integrated basis, and are able to serve their neighborhoods in spite of drastic changes. Bethel Church at this time is at the point of beginning construction on an addition to the church plant which will provide additions to the church auditorium and to the dining hall, as well as classrooms on two floors. Next year the congregation will celebrate its 125th anniversary. The pastor, Rev. T. W. Menzel has been at work in the parish since 1948.

Manchester Welcomes In New Industry

The Detroit area. In Detroit the morning audience is about 70,000 and at night 92,000.

Manchester's television priest, the Rev. Fr. Raymond Schlinkert, will be seen at a new hour beginning Sunday, September 20. The time is 9:00 a.m. over radio station WJBK-TV, Channel 2. The program, which is in its fourth year is telecast (taped) each Sunday morning by the pastor of St. Mary's Catholic Church here. Football telecasts necessitate the change from the former 10:45 a.m. spot. Fr. Schlinkert said that he hopes that present viewers will alert their friends to the new time slot. "I would appreciate keeping all of the 75,000 persons we have had and welcome many who may find the 9:00 a.m. hour even more to their advantage." The widespread coverage of his topic "With This Ring" was recently demonstrated in a graphic manner. Viewers were invited to send in for a card entitled "My Daily Prayer". A flood of mail resulted in the dispatching of a thousand copies. Correspondents were of many religious backgrounds and sent from many places. Envelopes arrived from all over Detroit and its suburbs, from St. Clair, Pontiac, Clarston, down-river areas, Washtenaw, Jackson and Monroe counties and Toledo and Ontario.

Sunday's 9:00 a.m. program offers a particularly important treatment of passions, Sub-title for this week is "It isn't Natural". Sunday, September 27, asks the question: "How's Your Appetite?" Father Schlinkert's later-hour telecasts continue to follow the Channel 2 Sunday night movie. Currently featured are the lives of great men and women. This widely heard television priest has been in radio and television work for a long time. He first became interested in radio when he was in the seminary in 1937 and did a remote broadcast from WWJ.

Manchester's Fr. Schlinkert's first pastorate. He has always been interested in communicating with people, believing that the general public is anxious to know the truth and most important means of communication today seems to be by television and radio. His present series has the approval of the church but Fr. Schlinkert did the spade work, with the firm conviction that it could be done. The priest is pleased to note that he has added a good number of listeners in Washtenaw County since he came to Manchester over a year ago. He has been in this type of work since 1952 and approaches each broadcast with a variety of programs including Easter and Christmas half hour dramatic programs and an award winning "science for teachers series."

His evening show follows the later movie on the same channel. Television polls have been taken with the result that some 200,000 people view the two programs, currently the Saginaw Channel WJME-TV has been added. Last rating shows that WJME has five times as many viewers as any other station in their viewing area. An interesting note is that this rural area shows there are far less viewers at night than in the morning and the reverse is true of

Only words of praise go out to James C. Hendley, who with a great deal of team-work between Township, Village, Optimists and Jaycees, and to area people who helped to make Hoover Ball and Bearing Company eventually select Manchester. Now a combined effort by all is being made for a ground-breaking ceremony to be tendered to HOOVER BALL & BEARING COMPANY. This is done in appreciation of their interest in locating in Manchester and will be held Monday evening, September 21st at five o'clock at the site of the proposed plant-Sooten and M-52. Key officials of Hoover and sponsors of the program will be given places of honor at the ground-breaking. On a given signal, a charge of dynamite will be set off in a nearby field. Following this, Hoover representatives, using a silver-plated shovel, will in turn, spade the first pieces of earth. REWARD is offered by L. V. Kirk for anyone finding the balloon which will be set free after the explosion. The community and people in the surrounding area are invited to attend the celebration and help welcome the new industry. We hope this spirit will carry on into the daily operation of the Hoover Ball & Bearing Company. The new plant, a 43,000 sq. ft. building, will be of brick, block and aluminum construction. It is scheduled to be completed in June of 1965. It will be used to produce fabricated metal products, and will employ approximately 75 workers at the start. The plant will be constructed on a 20-Acre site which was formerly a part of the Lowell Parr farm in Manchester. Hoover Ball & Bearing Company now operates fifteen divisions and subsidiaries that produce a wide variety of metal and plastic products for capital goods and consumer markets. The Company's present 21 plants are located in 10 states. The new Manchester plant will be the tenth Hoover plant in Michigan.
